

God tier Farm 741

Chapter 741: Project completion_2

In fact, after the company organized a tour of the completed dormitory, almost all the employees were touched. The company's move also greatly increased the employees 'sense of belonging.

In the long run, the benefits of doing so were undoubtedly great.

The completion acceptance ceremony for the expansion and expansion project of paradise Corporation was held on a sunny morning.

This time, Xia ruofei did not invite so many leaders and guests. He only held a small ceremony.

However, as the construction company, the CEO Liang Weimin still personally attended.

This was, of course, due to Xia ruofei's personal relationship with Liang Weimin.

In addition, the Executive Deputy Mayor of jianggang town, Wu Gang, and the village director of Dongkeng village, ruan Fugui, also came to participate.

Wu Gang's title of Deputy town mayor had the word "executive" in front of it, which was an affirmation of his work for more than a year. It was unknown if this had anything to do with his relative, Wu Liqian, but it must have something to do with him leading the introduction of a high – Quality enterprise like paradise Corporation.

This was a rather eye – catching political achievement!

Therefore, Wu Gang was very friendly to Xia ruofei. He did not have the reserved attitude of a local official.

Of course, after knowing that Xia ruofei and Wu Liqian had a good personal relationship, Wu Gang never put on airs in front of Xia ruofei.

The acceptance was basically just a formality. Liang Weimin had personally given instructions and sent the best construction team in the company. Manager li had also been watching the whole process. He paid more attention to the quality of the project than the general supervisor, so the entire expansion project was almost completed perfectly.

Naturally, Xia ruofei had complete trust in Liang Weimin's company. Even if there were any flaws in the project, as long as Xia ruofei said the word, jianda group would immediately rectify it for free, regardless of whether it had been accepted and signed.

.....

Therefore, everyone actually went to the newly built vegetable greenhouse, cold storage, and the staff dormitory. It was not so much an inspection as a tour.

After walking one round, Xia ruofei readily signed his name on the acceptance report.

As for the final payment for the project, Xia ruofei had actually instructed pang Hao to send it to jianda group before the acceptance.

This had been the case in the past, and their cooperation had always been very pleasant.

Then, Xia ruofei gave a short speech, expressing his warm welcome to Liang Weimin, Wu Gang, and ruan Fugui. He also expressed his sincere gratitude for the work of jianda group.

As the town leader, Wu Gang, was also present, Xia ruofei did not forget to declare that the peach blossom company would continue to increase its investment and strive to become bigger and stronger with Peach Blossom Farm as its Foundation. They would strive to create more employment opportunities for jianggang town and contribute more profits and taxes.

When Wu Gang heard this, he naturally beamed with joy. Whether or not he could take a step further, his greatest hope was pinned on this peach blossom company, which had brought him a bright political achievement.

After the acceptance ceremony, the Paradise company held a simple check – in ceremony to encourage the employees of the company to move into the new dormitory.

The dormitory building was basically completed more than a month ago. The reason for the inspection today was because they were waiting for the finishing touches at the greenhouse. The dormitory building's decoration and furniture were all made of environmentally friendly materials. After going through formaldehyde tests, they were fully in line with living conditions.

Xia ruofei would not joke about his employees 'health.

This staff dormitory was a bit similar to a hotel – style apartment. The facilities were complete and comfortable, but the area of each unit was not very large. There were more than 100 dormitories in the entire dormitory building, so now the housing supply in paradise company was not limited at all. Even the workers who worked here during the day and went home at night could be allocated to a lunch break room.

There were also many employees who had been assigned to single apartments in the mixed – use complex in the early stages who had taken the initiative to apply to move out and live in the collective dormitory.

The smallest apartment in the mixed – use complex had one bedroom and one living room. It came with a kitchen, bathroom, and a balcony. The living conditions were naturally better than the group dormitories. However, the number of apartments in the mixed – use complex was limited, so they had to prioritize the protection of middle – Management personnel. The company's administrative team had not been fully assembled yet, but there would definitely be many middle – Management positions in the future.

Therefore, many employees took the initiative to leave the complex.

This also reflected the employees 'sense of belonging to paradise Corporation.

The first to suggest moving to the group dormitory was Lei Hu and the group of veterans in charge of security.

In Lei Hu's words, the brothers were more used to living in the collective dormitory. It would be even better if there was a shared bed like in the past. Everyone lived together, talking, laughing, and playing. They could still vaguely feel the feeling of when they were in the Army.

Xia ruofei would not be stingy with his compliments for the employees who had moved to the group dormitory. He even decided to give them a "Fashion Award" to commend their noble character and integrity.

Although the employees rejected the reward, Xia ruofei's attitude was firm. He would not allow them to reject the reward. He directly asked the finance department to transfer the bonus to everyone's salary card according to the table calculated by the administrative department.

Xia ruofei also announced that this "fengshang award" would be kept and would be awarded to employees who treated the company as their home and had the spirit of the master.

At the entrance ceremony, the employees were very happy to receive the dormitory keys from pang Hao. They moved their simple luggage into the group dormitory. Other than some personal items, the dormitory was fully equipped with everything else, so they didn't need to prepare anything themselves.

Then, Xia ruofei specially ordered a long string of firecrackers to be set off in front of the dormitory building, which instantly added to the festive atmosphere.

In any case, Taoyuan farm was far away from the city, so no one would care how many firecrackers were set off here.

After the settling – in ceremony, there was a dinner party that all the employees on the farm could attend.

Xia ruofei, Feng Jing, Wu Gang, ruan Fugui, Liang Weimin, and the others sat at one table, while the employees formed their own teams.

When they were preparing for the banquet, Xia ruofei had told Cao tieshu's wife that the standards had to be high. He had to ensure that everyone would eat and drink to their satisfaction and not save money for the company.

In fact, this dinner party had indeed cost a lot. Dozens of kilograms of Taoyuan vegetables were consumed, and a large number of high – Quality ingredients were purchased from the Sam's Club in the city.

In addition, Xia ruofei had also specially transferred five boxes of Drunken Eight Immortals wine from Ding Feng winery.

Of course, Xia ruofei did not bring out the Semillon that he had bought from Australia. After all, he had only imported 30 boxes of it the last time. Furthermore, the wine's alcohol content was low. If he brought it to this gathering, it was possible that half of it would be drunk at once. That would be a waste of God's gift.

Even so, everyone was amazed by the standard of this dinner. Although the employees usually worked on the farm, many people were reluctant to spend money to buy the farm's paradise vegetables, which were too expensive.

Dishes made from Taoyuan vegetables could be seen everywhere on the table for this dinner. There were also expensive ingredients such as red sturgeons, wild ginseng, and nine – Section prawns, which gave many employees a great feast.

Wu Gang and the others were also full of praise for the Drunken Eight Immortals wine. Everyone toasted each other and the atmosphere of the gathering was unprecedentedly harmonious.

Xia ruofei had also informed Hu Zi's mother and Lin Qiao in advance to not prepare the meal at home. They were to come to the staff cafeteria for lunch.

Xia ruofei even arranged for Hu Zi's mother and Lin Qiao to sit at his table so that they would not feel uncomfortable sitting with unfamiliar employees.

Hu Zi's mother looked at her new godson, Xia ruofei, holding a glass of wine and toasting at the table. The employees were all very respectful to him and she felt very gratified.

Lin Qiao, on the other hand, was almost full after eating for a while. She sat there with her brand – New iPhone 7plus in her hand and browsed through her WeChat moments.

Xia ruofei returned to his seat after a round of toasts from the staff. Lin Qiao, who was sitting on his right side, came over and said, "Brother ruofei, can you send me to the city tomorrow? It's too troublesome to take the bus here. "

"No problem!" Xia ruofei laughed and asked casually, "did you have something to do in the city?"

Lin Qiao said, "yes, our class monitor said in the group that there will be a graduation dinner tomorrow night. After dinner, we may go to sing. You can send me back to the city in the afternoon and don't worry about me. The class reunion will definitely be late. I will go back to the forestry Bureau and spend the night there."

Xia ruofei's heart skipped a beat. The image of Xue Fei's chubby face and his extremely dark eyes suddenly appeared in his mind.

The smile on Xia ruofei's face couldn't help but freeze, and a look of vigilance flashed in his eyes.

Chapter 742: escort_1

Although he had warned Xue Fei last time and the college entrance examination was over, everyone would be going their separate ways soon. It was normal to organize a class gathering at this time, but Xia ruofei was still worried.

He could not place Lin Hu's last words on probability. Even if there was a slight risk, Xia ruofei had to nip it in the bud.

However, Xia ruofei did not show this worry on his face. He only smiled and asked, ""What time do you need to arrive tomorrow?"

"Sixo' clock!" Lin Qiao looked at her phone and said, "I'm at the pavilion on yingfei road."

"Alright! We'll set off at 5: 20. " Xia ruofei smiled and said, "remember to remind me!"

"Alright!" Lin Qiao smiled and said, "thank you, brother ruofei!"

Xia ruofei smiled at Lin Qiao. At this time, someone came over to propose a toast, so Xia ruofei did not continue to talk to Lin Qiao about the class reunion. He stood up with a smile and clinked his glass with the employee.

Everyone left the luncheon happily. After Xia ruofei saw Liang Weimin, Wu Gang, and the others off in their cars, he did not return to the villa with Hu Zi's mother and Lin Qiao. Instead, he returned to his office in the mixed – use building alone.

Xia ruofei walked to the safe in the corner, entered the password, and used his fingerprint to open the safe. He took out a brown paper file and sat behind the desk.

Xia ruofei opened the folder with a serious expression and took out a stack of documents and photos.

If Lin Qiao was here, she would be surprised.

This was because the information and photos were all about her classmate, Xue Fei.

Xia ruofei didn't let his guard down just because he warned Xue Fei after their encounter at the electronics mall. On the contrary, he was very concerned about Lin Qiao's safety and had been doing a lot of work silently.

.....

The information was quite complete. It listed Xue Fei's resume since he was young, some of his frequent friends, the entertainment places he often went to, and so on.

According to the information, Xue Fei was the only son of Xue Zhengbang, the fifth – ranked Deputy Mayor of Sanshan city. Xue Zhengbang was the Deputy Mayor in charge of science, education, Culture, and health. He was in charge of the education system, so Xue Fei had naturally attended the best school in Sanshan city since he was young.

In fact, Xue Zhengbang had been promoted all the way in the education system. At first, he was only a high school teacher. Because he was good at currying favor, he quickly became the principal and then entered the education Bureau.

After that, with the help of a noble, he was transferred from the position of the Deputy Director of the city's education Bureau to the office of the municipal government. After many years of operation in the municipal government, he finally became the Deputy Mayor in charge of science, education, Culture, and health.

Xue Zhengbang, who was 56 years old, had a son at his old age. Xue Fei was born in the year he became the Deputy Director of the education Bureau. Xue Zhengbang was already 39 years old that year, so he doted on his son very much, especially for a Deputy Mayor who was about to retire from the second – tier at his age. He had less scruples most of the time, and would use the power in his hands to satisfy his son's unreasonable requests.

As the saying goes, a loving mother will spoil her child. However, if a father pampered his child, the negative impact on his child's growth would undoubtedly be greater.

Xue Fei had always been a problematic student since he was young. No matter which school he went to, he was always the devil's incarnate that gave the teachers a headache. Unfortunately, his father was the

leader of the education system, so no one dared to do anything to Xue Fei. They could only pamper him and worship him.

This further caused Xue Fei's arrogant and domineering personality.

The swelling of one's heart was very terrifying.

In fact, a Deputy – Mayor ranked at the bottom was nothing. A Deputy – Level cadre like him probably wouldn't even be ranked in Sanshan city. Even the more powerful leaders of the municipal Committee didn't take a Deputy – Mayor seriously, let alone the Standing Committee of the municipal Party Committee or the Deputy leaders of the government who ranked higher than him.

However, Xue Fei spent most of his time on campus, in the territory under his father's jurisdiction. Naturally, he could do whatever he wanted, which gave him the illusion that no one dared to mess with him because of his father's power.

This Xue Fei dared to flirt with the girls in his class when he was only in grade one. It was clear to see how much the education he received had failed!

Xia ruofei calmly browsed through the information. At the end of the information, there was information on Xue Fei's main friends, his social relations, and the entertainment places he frequented.

At this moment, there was a knock on the office door.

Xia ruofei gathered the documents and photos and put them in his desk drawer. Then, he shouted, "Please enter!"

The office door was pushed open, and Lei Hu walked in.

"Brother Xia!" Lei Hu shouted.

"Sit down!"

After Lei Hu sat down, he lowered his voice and said, "Brother Xia, the person you asked us to keep an eye on seems to be making some moves today."

Xia ruofei raised his eyebrows and said, "Tell me!"

In fact, when he heard the conversation between Xue Fei and his classmate Xia Ming outside the exam hall that day, Xia ruofei had already arranged for Lei Hu to keep an eye on Xue Fei.

This information on Xue Fei had been secretly collected and organized by Lei Hu's men.

Tracking down a high school student was a piece of cake for the Veterans of the Special Forces. Xue Fei had not noticed anything for so many days.

Xia ruofei had a premonition that Xue Fei might have been frightened by him that day, but he might not be willing to give up after he came back to his senses. He might even cause trouble.

When he heard Lin Qiao mention the class reunion today, Xia ruofei had a premonition. That was why he returned to the office after dinner. If Lei Hu did not come to find him, he would have called him over to ask about the details of the following these few days.

Chapter 743: Escort (2)

Now that Lei Hu had taken the initiative to come over, Xue Fei must have done something unusual. This meant that Xia ruofei's intuition was accurate.

Lei Hu nodded and said, "brother Xia, the target is meeting three of his female friends today. One of them is his high school classmate, Hu Lili. She's also in our previous information. According to our analysis, she should have an affair with Xue Fei."

Xia ruofei immediately pulled open the drawer and took out the stack of documents. He took out one of the photos and handed it to Lei Hu, saying, "It's her, right?"

Lei Hu took a look and immediately nodded, "Yes, I am!"

The photo was taken two days ago. In the photo, Xue Fei and Hu Lili were walking side by side. Xue Fei's hand was around Hu Lili's waist, and he was closer to her. His index finger was almost touching the lower edge of Hu Lili's chest.

However, Hu Lili didn't feel uncomfortable at all. On the contrary, she even had a charming smile on her face.

In the photo, Hu Lili was wearing smokey makeup and dressed very flirtatiously. It was hard to imagine that she was a student who had just finished her college entrance examination. Instead, she looked like a bar girl at a nightclub. She was full of the smell of dust.

Xia ruofei still remembered the brief information that Lei Hu and the others had found about Hu Lili. Hu Lili's situation was similar to Lin Qiao's. She had also transferred to No. 8 high school halfway through.

However, Hu Lili had transferred to the school in her second year of high school. Before that, she had studied in an ordinary middle school, and her results had been very average. She had basically been a delinquent girl. However, she had been transferred directly to the provincial top No. 8 high school and entered the liberal arts class.

Lei Hu and the others believed that Xue Fei was behind Hu Lili's transfer. It was very likely that Hu Lili had first hooked up with Xue Fei and then transferred to eighth high.

All the signs showed that Hu Lili and Xue Fei had a close relationship.

Xia ruofei nodded and said, "You can continue!"

"Brother Xia, other than Hu Lili, the other two women are just idlers. They're about the same age as Xue Fei and Hu Lili. They dropped out of high school before they could finish, and they're hanging out on the streets all day," Lei Hu said.

.....

"Xue Fei met with the three women at BA Fang teahouse on the eastern sea Road in the morning. They talked for about an hour, then the four of them went to Hao Jue nightclub on yingfei road ..."

Xia ruofei raised his eyebrows. Two key words in Lei Hu's words caught his attention.

One of them was Ying Fei Lu. During lunch, the gathering location that Lin Qiao mentioned was also at Ying Fei Lu.

The other key word was the nightclub.

Xia ruofei asked, "Haojue nightclub?" Usually, nightclubs don't open in the morning, right?"

Lei Hu nodded and said, "that's right, brother Xia. That's why we feel that their actions are a little unusual. They seemed to be plotting something at BA Fang teahouse. After that, they went to Hao Jue nightclub and only left about half an hour later. The two women went straight home, while Xue Fei and Hu Lili went to the Hot Spring Hotel to book a room. They didn't come down for lunch, and our people are still watching them."

Xia ruofei was silent for a while before he nodded and said, "I know, you've all worked hard! Leave the two women for now. Let our men keep an eye on Xue Fei and Hu Lili, and report to me if anything happens."

"Understood!" Lei Hu stood up and said, "brother Xia, I'll go down first."

Xia ruofei smiled and nodded.

After Lei Hu left, Xia ruofei sat quietly on the chair and flipped through the pages of information repeatedly. His brain was spinning rapidly.

Finally, he put all the documents back into the kraft paper bag, stood up, put the file bag back into the safe, and locked it. Then, he left the office.

When they got home, Xia ruofei was still calm and collected in front of Lin Qiao. Lin Qiao naturally had no idea that Xia ruofei had done so much for her safety.

.....

Soon, it was the afternoon of the next day.

Xia ruofei came down at Five O' clock. Lin Qiao had already changed into casual clothes.

Hu 'er's mother reminded her, "Qiao' er, don't drink when you go out!" Girls need to know how to protect themselves outside."

Lin Qiao smiled and said, "mom, you've said it a hundred times today. I'll remember it!" I promise I won't touch a single drop of alcohol today, okay?"

"Also! Don't stay up so late tonight. It's time to go home. It's quite chaotic outside now." Hu Zi's mother was still worried and continued to nag.

"Alright, alright, alright, I know!" Lin Qiao said, "I'm just having a gathering with my classmates. When it's almost time, I'll go back to the forestry Bureau dormitory. You don't have to worry so much."

Xia ruofei walked down the stairs and said with a smile, "Godmother, Qiao' er is already an adult. She knows what she's doing, so you don't have to worry so much. Besides, she's about to go to college, so she'll have to manage herself in the future."

"That's right, that's right!" Lin Qiao smiled and said, "my brother ruofei knows me best!"

"It's almost time. Qiao' er, let's go!" Xia ruofei said with a smile.

After Xia ruofei and Lin Qiao bade farewell to Hu Zi's mother, they left the farm in the Knight XV SUV and headed towards the city.

On the way, Lin Qiao was in a good mood. She hummed to the music from the car's stereo and talked to Xia ruofei about the things that happened in the third year of high school.

It was obvious that Lin Qiao was looking forward to this class reunion. Although she had only studied at No. 8 high school for one year, this was the most unforgettable third semester of high school. Moreover, she had performed better than usual in the college entrance examination, so she was naturally in a good mood.

Xia ruofei's expression was also relaxed. He smiled and chatted with Lin Qiao. He didn't show the gloominess brought by Xue Fei on his face at all.

Soon, the car entered the city. It was the weekend and it was rush hour. There were more and more cars on the road. Xia ruofei drove the Knight XV through the traffic, thinking about what would happen that night.

Due to the traffic jam, they didn't arrive at the live fish under the bridge on yingfei road until 5:50 pm. From a distance, Lin Qiao could already see the students standing in groups of three or five and chatting at the entrance of the shop. So, as soon as the car stopped, she couldn't wait to open the door.

"Brother ruofei, you should go back directly! You don't need to worry about me!" Lin Qiao said, "I will go back to the forestry Bureau dormitory by myself."

Xia ruofei stopped Lin Qiao, who was about to get off the car. He took out a small glass bottle and handed it to Lin Qiao. "Qiao' er, aren't you guys going to sing tonight? This is the medicine I made for you. If you feel drunk or uncomfortable, remember to drink it immediately. "

Lin Qiao was stunned for a moment and then said with a smile, ""Brother ruofei, I promised my mom that I wouldn't drink."

Xia ruofei reached out and handed it over again. ""It's better to be prepared!"

"Alright! Thank you, brother ruofei!" Lin Qiao smiled sweetly at Xia ruofei.

She took the glass bottle and put it in her bag. Then, she jumped out of the car, closed the door, and waved at Xia ruofei. She then walked quickly to her classmates.

Xia ruofei watched as Lin Qiao met up with her classmates. Then, he started the car and left the live fish under the bridge.

Of course, Xia ruofei would not return to the farm directly. He found a parking lot nearby and parked his car, then returned to yingfei road.

However, Xia ruofei did not go to the pavilion to catch fish. Instead, he went straight to Haojue nightclub.

He took out his Bluetooth headset and put it on. He dialed a number and said, "Lei Hu, I'm going to the nightclub now. You guys keep an eye on the restaurant. We can't let anything happen to Qiao'er."

"Understood!" Lei Hu's steady voice came from the headset, "don't worry, brother Xia! We have a high vantage point here, so we can clearly see the private room where Lin Qiao and the others are having a party. The other two brothers are in the restaurant, so they can respond at any time if anything happens!"

"That's good." Xia ruofei said, "everyone, be more alert. If the situation is normal, don't expose yourself so as not to affect Qiao'er's gathering with her classmates."

"Understood!"

Xia ruofei pressed on his earphones and hung up the phone. Then, he put on a pair of Super Black sunglasses and walked into the Haojue nightclub through the main entrance.

Chapter 744: Good intentions (1)

It was now evening, and although the nightclub was already open, it was still far from the peak of traffic, so it seemed a little deserted.

As soon as Xia ruofei entered the door, a welcoming lady in light clothing came up and asked respectfully, "How many gentlemen?"

"Open a mid-sized bag for me," Xia ruofei said indifferently.

"Alright, please wait a moment!" The hostess said, then she turned to the bar and said loudly, "a medium-sized private room!"

"Sir, please place your order here." The hostess said politely.

Xia ruofei nodded and asked, "Is Room 605 empty? If it's possible, I want this one."

Lei Hu had already found out in the afternoon that after Lin Qiao's class gathering ended, they would continue singing at Haojue nightclub. The person in charge of booking the private rooms was Xue Fei, and he had reserved Room 607.

Room 605 was right next to Room 607.

The hostess was slightly surprised, but she was not too surprised, because many regular customers had their favorite private rooms. As long as the private room was not booked, the nightclub would try to meet the reasonable requirements of the guests.

"Has Room 605 been booked?" The hostess immediately turned to the bar counter and asked.

After getting a negative answer, the hostess immediately asked the staff at the bar to book room 605 for Xia ruofei.

Xia ruofei added, "you can get me a fruit plate and snacks first. Also, I'll get a bowl of seafood noodles. I'll pay for them all."

Xia ruofei had not had dinner yet and was prepared to make do with it.

.....

“Alright!” The hostess said happily and immediately started to make arrangements for Xia ruofei.

They loved this kind of customer the most. If they were allowed to make arrangements, they could naturally arrange for more expensive items and more items. This way, their Commission would naturally be higher.

The things in KTVs and nightclubs were naturally several times more expensive than in other places. The cost of the private room and snacks was more than a thousand Yuan. Xia ruofei did not care about this small amount of money and paid the bill with his card.

Soon, everything was arranged. A waiter came to lead Xia ruofei to the elevator and turned on the lights and sound system. After a while, fruit plates and snacks were served.

Xia ruofei picked up the bowl of steaming seafood noodles and started eating.

At this moment, there was a light knock on the door of the private room, and then a woman with heavy makeup walked in with a big smile.

Xia ruofei put down his big bowl and asked lightly, “Is there something?”

The woman walked in front of Xia ruofei coquettishly and smiled in a flattering manner. She asked, “Boss, I’m the foreman on the sixth floor. Do you need a little sister here? The girls in our Haojue nightclub are all pretty, with good figures and good looks ...”

Xia ruofei waved his hand and interrupted her. Then, he took out his wallet and casually took out a small stack of hundred – Yuan bills and handed them over. He said, “I just need a quiet environment. I don’t want to be disturbed by anyone.”

The woman was stunned for a moment before she quickly reacted and took the money from Xia ruofei. She felt the thickness of the money and smiled. “I understand! Understood! Don’t worry, I promise that no one will disturb you!”

Xia ruofei nodded and looked at the TV screen.

The woman immediately bowed and left the room without a word, closing the door behind her.

Finally, it was quiet.

Xia ruofei picked up the bowl again and gobbled up the big bowl of noodles. Then, he took out a tissue and wiped his mouth. He pressed the service button and asked the waiter to take the bowl away.

The first thing Xia ruofei did after dinner was to check the empty private room to make sure that there was no recording equipment.

The experienced Xia ruofei was very serious when he did this. He checked the chandeliers, air vents, under the sofa, and other places that were easy to miss. He was meticulous.

This was a good habit he had developed in the Army. He would not take it lightly just because it was easy.

After a careful inspection, Xia ruofei finally confirmed that there was no equipment in the room that could take secret photos or videos. Or rather, the probability was extremely low.

It was rare to see a camera that could escape Xia ruofei's eyes.

Then, Xia ruofei went to the private room's bathroom. After locking the door, he used his mind and Hornet started to appear in his palm. If this scene was seen by anyone, they would be shocked speechless. It was more magical than magic.

After leaving the spirit map space, the bees flew around Xia ruofei. These bees were different from the rest.

Each of them had a small antenna on their head. If you looked closely, you would see that they were carrying a super – tiny camera the size of an adult's finger on their back. The camera was fixed to the hornet's body with a small black strap.

These Hornets were selected by Xia ruofei yesterday. They were the thickest of the first batch of Hornets to enter the spirit map space. Each of them was bigger than an adult's thumb.

Therefore, these super – tiny cameras were fixed on top. Although it was a little awkward for them to fly, it would not affect their mobility.

This was an idea that Xia ruofei had come up with in his office yesterday afternoon.

These Hornets had been living in the medium for a long time. Besides, Xia ruofei's spiritual power was much stronger than before, so he could easily control them.

Chapter 745: Good intentions (2)

Although these Hornets were much larger than ordinary Hornets and looked a little scary, they were almost impossible to be discovered in a huge nightclub room with dim lights. They were undoubtedly very suitable for surveillance tasks.

However, no matter how strong Xia ruofei's spiritual power was, he could only control the movements of the hornet's bees. He could not share their vision. Whatever the Hornet saw could not be transmitted to Xia ruofei.

So he thought for a long time and came up with this idea. He fixed a super – tiny camera on the Hornet and transmitted the video to himself through wireless transmission. This was equivalent to sharing the hornet's vision.

The camera of this kind of miniature recording equipment was actually very small, not much bigger than a pinhole. Most of its volume was a power supply and a radio frequency module, which could transmit the captured video to the computer wirelessly.

The power source was actually a button – down battery. A new battery could supply the camera for five hours.

Xia ruofei had asked Lei Hu to send someone to the electronic shopping center in Sanshan city to buy the eight super – miniature cameras yesterday. He had not used any connections.

This kind of equipment was naturally not for sale, but as long as one had the money, it was still easy to buy.

Xia ruofei had tried it out yesterday. It was barely satisfactory. It was a far cry from the 4K high – definition recording equipment he had come into contact with in the Army. It was not on the same level at all. However, it was only for surveillance tonight, so the quality was still good enough.

Xia ruofei switched on all the micro cameras on the hornet's body and took out a laptop from his storage space. He plugged the signal receiving module into the USB port and opened the client software that he had installed in advance yesterday.

Soon, eight images appeared on the screen, which were basically the hornet's perspective. The images were still shaking because the Hornet was constantly flapping its wings and flying.

Xia ruofei used his mind power and the eight Hornets flew into the gap of the exhaust fan.

Room 605 and Room 607 were next to each other. Room 607 was a big bag, much bigger than Room 605, but the bathroom was next to the bathroom in Room 605. They were symmetrically distributed, and the exhaust above them were connected.

Xia ruofei looked at the computer screen. The screen first turned black, then black and white images appeared. The camera had night vision, but the night vision was not very good.

.....

Although it was very blurry, at least there was a picture, so he could determine the direction.

Xia ruofei's spiritual power could spread out to about 100 meters. Within 50 meters, he could precisely command the Hornet. He immediately guided the Hornet along the exhaust pipe to the bathroom next door and sneaked out through the gap of the exhaust vent.

Lin Qiao's classmates were still having dinner. This private room was reserved, so it was dark inside.

Xia ruofei commanded the Hornet to fly around, looking for the best angle of surveillance.

Very quickly, Xia ruofei decided on a few spots. Some were in the shadows of the lights, some were above the chandeliers, and some were inside the curtain rail box. In short, they were all very hidden spots from all angles. Basically, they had no blind spots to monitor the entire room.

He even arranged for a Hornet to be in the bathroom.

Of course, Xia ruofei did not have the bad taste of peeking at other people in the bathroom. The position he had chosen was not facing the toilet.

After confirming the location, Xia ruofei called Ma Feng and the others back. He didn't know when Lin Qiao would arrive. The battery of the Super – tiny camera could only last for about five hours. He couldn't waste it at this time.

Xia ruofei turned off all the cameras and took out a small bottle of the spirit Heart Flower petal solution. He poured a small portion of it on the sink. With a thought, the hornet's bees immediately swarmed over and stayed on the spirit Heart Flower petal solution.

This was Xia ruofei's reward for the Hornets.

The petal solution seemed to have an unparalleled attraction to any living creature. Xia ruofei had tried and tested it many times.

The small amount of the spirit Heart Flower petal solution was quickly divided among the eight Hornets. Then, Xia ruofei kept them all into the spirit map space with a thought so that they could be nourished by the rich spirit Qi and recuperate in the space.

After checking the locations, Xia ruofei finally relaxed a little. He randomly selected a song from the song – ordering machine and set it to play on loop. Then, he leaned back on the soft sofa and closed his eyes to rest.

Lei Hu personally led people to watch over the live fish at the bridge Pavilion where Lin Qiao's class had dinner. Xia ruofei was very assured.

And after analyzing and judging, Xia ruofei also thought that the possibility of Xue Fei harming Lin Qiao in the restaurant was very low.

Since all his classmates were there, and it was inconvenient to do things in a restaurant, it was different in a nightclub. In a dimly lit room, the young men and women must have drunk some wine. It would not be easy for Xue Fei to be discovered if he did something.

Furthermore, Xue Fei had arrived at Haojue nightclub a day earlier, which further confirmed Xia ruofei's judgment.

Once Lin Qiao's dinner was over and they started to change to the nightclub, Lei Hu would definitely inform him in time. Then, he would release the eight "reconnaissance soldiers". This way, Lin Qiao's safety would be under his control at all times.

If there were any sudden problems, Xia ruofei could just break in from the next room and not let Lin Qiao get hurt.

For Lin Qiao's safety, Xia ruofei had put in a lot of effort and used all the skills he had learned in the Army.

And all of this was done behind Lin Qiao's back.

Xia ruofei had promised Lin Hu that he would take good care of his mother and sister, so he thought it was reasonable for him to do these things for Lin Qiao. Besides, Lin Qiao was like a pure white paper. Xia ruofei didn't want her to be exposed to the dark side of society so early, so he didn't tell her his worries and just silently protected her from behind.

.....

It turned out that Xia ruofei's judgment was correct.

In a big private room of live fish under the bridge, Lin Qiao's classmates were sitting around four round tables. They were eating and chatting, and the atmosphere was very lively.

It was a high school graduation dinner, and the college entrance examination had just ended. Everyone's topic of conversation naturally revolved around the college entrance examination.

Therefore, when everyone knew that Lin Qiao's estimated score was over 600, it caused a big sensation.

Lin Qiao transferred to this school in her third year of high school. Although her grades had been improving, she was only above average in this liberal arts class.

In all the mock tests before the college entrance examination, Lin Qiao's total score never exceeded 600 points.

The difficulty of the college entrance examination this time was obviously higher than that of the mock exam, but Lin Qiao could actually estimate more than 600 points. This result could already be ranked among the top few.

Even the best student in the class, the commissary in charge of studies, had an estimated score of 610 or so, which was not much higher than Lin Qiao's estimated score. There were essays for Chinese and English, and some subjective questions for liberal arts, so it was hard to say who had better scores.

This was definitely a performance beyond his level!

The students in the class looked at Lin Qiao enviously. However, this kind of "test – Type" candidate existed every year. Usually, she might not show off, but once she took part in the college entrance examination with real swords and guns, she would always be able to perform better than her usual standard. Therefore, no one felt that there was anything unusual about Lin Qiao's results.

Xue Fei, who was sitting at another table, naturally knew about the situation. When he heard that Lin Qiao's estimated English score was 140, he was so angry that he gritted his teeth and his face darkened.

He estimated that he had only scored slightly over 300 points in the college entrance examination this time. If it wasn't for his father, who was the Deputy Mayor, he wouldn't have been able to get into any school. Because of this, he had been criticized by his parents many times. Although Xue Zhengbang and his wife doted on him and didn't bear to say anything harsh to him, he was still annoyed to hear his parents sigh the moment he got home.

Xue Fei cursed in his heart, "F * ck!" She did so well in her English test. If she just copied a few questions for me, I wouldn't have failed to get 50 points! He had to vent his anger tonight!

Xue Fei thought to himself while looking at Lin Qiao who was sitting at the opposite table.

Xue Fei suddenly felt that this girl, who was usually very low – Key in class and very hardworking in her studies, was getting more and more beautiful the more he looked at her. Her figure and appearance could be called the best! He often skipped class and was always in a good mood with Hu Lili when he went to class. Lin Qiao was always in her loose school uniform, so Xue Fei didn't notice that this transfer student was a beauty.

At the thought of the "program" that he had arranged for the night, Xue Fei suddenly felt his body heat up and his mouth go dry. He couldn't wait to go to the nightclub ...

Chapter 746: Flower Guardian (1)

Xue Fei stuck out his tongue and licked his lips before reluctantly looking away.

Hu Lili was sitting right beside Xue Fei. Xue Fei leaned over and whispered into her ear, ""Are Hong Mei and the others ready?"

"They've already gone there," Hu Lili nodded and said. "Don't worry!"

Xue Fei slightly nodded and asked, ""Did you get that thing?"

"It's already in my bag." Hu Lili said.

"Mm! Later on, you have to do it more covertly, don't let the cat out of the bag." Xue Fei said.

Hu Lili's expression was a little complicated, and a trace of jealousy flashed in her eyes, but she still said obediently, ""I know, brother Fei."

Hu Lili was well aware of what would happen tonight, and she couldn't help but feel a little sour in her heart. However, she knew that she was not worthy of Xue Fei at all, and that their relationship was just that of each taking what they needed.

Xue Fei was infatuated with her body, and she needed the various conveniences that came with Xue Fei's father's power.

On the other hand, what Lin Qiao was going to face today wouldn't bring her any benefits. On the contrary, it would become a nightmare for her life. Hu Lili felt much better and looked at Xue Fei with more charm.

Lin Qiao was very obedient. Before they left, Hu Zi's mother and Xia ruofei had told her not to drink, so she insisted on not touching alcohol. She only drank from the beginning. No matter how her classmates urged her to drink, she would only smile and shake her head.

Naturally, the 'hangover medicine' that Xia ruofei had prepared for her would not be of any use.

The meal lasted until about eight o' clock.

.....

What Lin Qiao did not know was that for her safety, Xia ruofei had arrived at Haojue nightclub early. Lei Hu and the rest had been keeping watch in the hotel room across the street. They even sent two people to the hotel to be on standby.

Lei Hu didn't even have time to eat dinner. He had been watching Lin Qiao's every move with a telescope behind the curtain.

After the students had their fill, the class monitor stood up and clapped his hands. ""Students, everyone has eaten and drunk enough, right? Let's go sing next? I've already booked a private room at the Haojue nightclub not far away. No one is allowed to be absent!"

Lin Qiao had already promised her mother to go home early. Now that she heard that the karaoke place was not a KTV but a nightclub, she couldn't help but show a hesitant look.

Nightclubs were much more complicated than ordinary KTVs. There were all kinds of people here, and she heard that there were “special services”. Lin Qiao couldn’t help but want to retreat.

A few girls in the class had the same thought as Lin Qiao.

The class president seemed to have guessed everyone’s thoughts. He smiled and said, “Don’t misunderstand, everyone. The reason why we booked Hao Jue nightclub is because it’s close to here. We’re just going there to sing. If a girl needed to go home early, it was fine, but she should at least go over and play for a while! If it’s too late, I’ll arrange for a boy to send you home. Anyway, I’ll make sure that everyone gets home safely!”

Since the class monitor had said so, some of the girls who had wanted to refuse were too embarrassed to say anything.

Besides, today’s gathering was quite happy. There wouldn’t be many opportunities for these classmates to gather together in the future, so Lin Qiao finally decided to go and have fun with everyone.

Lin Qiao thought, “I’ll play until nine o’ clock. It’s not too late!”

“Alright, since no one has any objections, let’s go!” The squad leader waved his hand in high spirits and said, “Haojue nightclub is only about 200 meters away from here. Let’s walk there!”

The boys and girls walked out of the restaurant one after another, and those who were close to them naturally walked together. More than 40 people went to the Haojue nightclub not far ahead.

Just as Lin Qiao walked out of the private room, Lei Hu immediately called Xia ruofei.

“Brother Xia, Lin Qiao and the others are out.” Lei Hu said.

Xia ruofei’s eyes were initially closed, but when he heard Lei Hu’s words, he immediately became alert. He sat up straight on the sofa and said, “Alright! Hu, you must not have eaten yet, right? Take our brothers to get something to eat, and then wait for orders near the nightclub.”

“Brother Xia, we’re not hungry!” Lei Hu laughed and said, “it’s more important to get things done. After we’re done, you can treat us to a good meal!”

Xia ruofei thought for a while and said, “that’s fine. But buy some bread and mineral water. Being on standby won’t affect your eating. Don’t Starve your stomach!”

“Understood!”

After hanging up the phone, Xia ruofei immediately summoned the eight Hornets from the medium.

These Hornets had just absorbed the spirit Heart Flower petal solution and had rested for so long in the spirit map space, which was rich in spirit Qi, so they were all full of energy.

Xia ruofei turned on all the Super – tiny cameras they carried.

He thought for a moment, then summoned another 20 strong Hornets from the space. Then, he released his mental power, and the 28 Hornets immediately changed direction and flew directly into the bathroom.

Xia ruofei turned on his laptop and directed the eight Hornets to the surveillance position that he had set up earlier.

As for the other 20 Hornets, 15 of them followed the rest into the box and hid in the light compartment around the ceiling. The remaining five were in the bathroom, hiding behind the cold water pipe.

These 20 Hornets were backup. If anything happened, they could attack immediately and not let Lin Qiao get hurt.

Chapter 747: Flower Guardian (2)

After the eight surveillance hornet's bees were in position, Xia ruofei sat up straight and stared at the laptop screen. He was a completely different person from his lazy self just now.

After about ten minutes, Xia ruofei heard messy footsteps and laughter coming from the corridor outside.

The sound insulation of this private room was very good. If Xia ruofei's hearing was not better than the average person's, he would not be able to hear the sound coming from outside.

He guessed that Lin Qiao and the others had arrived.

Sure enough, a moment later, the surveillance footage on the laptop showed that young men and women were entering the neighboring Room 607 one after another.

Xia ruofei quickly found Lin Qiao in the crowd.

He released his spiritual power and directed a few of the Hornets to adjust their position and direction. He aimed the camera at Lin Qiao's position. "This must be the main monitoring position tonight."

The lights in the private room were also turned on. The colorful lights and the slowly changing spotlights gave the room a grotesque feeling. The monitoring screen also switched from night vision mode to visible light mode, and the quality of the picture was better than before.

After the students entered the box, some of them quickly ran to order songs, and more people sat down on the sofa and chatted in twos and threes. Some people even picked up the dice cup and ran to the small bar to play games.

Two waiters walked in. One of them was carrying a large shopping basket. He took out peanuts, melon seeds, fruit plates, marinade, nuts, and other snacks from the basket and placed them on the table. The other was carrying three cans of beer and placed them on the table.

Lin Qiao was considered a quiet girl in the class. She didn't rush to sing like the other girls. Instead, she sat down in a corner and chatted with a few girls she was close to.

She had originally planned to come over to play for a while and leave at nine o'clock. This way, her classmates would not think that she was acting alone, and her mother and Xia ruofei would not worry.

The students began to sing one by one, and some even opened beer bottles. The entire box was filled with toasts to each other, and the atmosphere became more and more lively.

.....

These students had just experienced the unbearable life of their third year in high school. Now that the college entrance examination was over, they could finally relax. This kind of relaxation after the heavy pressure made these students more or less let loose and drink. This kind of behavior was absolutely impossible in high school.

This was a very normal behavior.

There might have been some restraint in the restaurant just now, but in an environment like a nightclub, under the setting of the red and green lights in the private rooms, many people slowly let go.

The three boxes of beer were quickly finished, and someone immediately called for another three boxes.

Under the persuasion of others, many girls also picked up the cans of beer.

In contrast to Room 607's heated atmosphere, Room 605 was very quiet. Xia ruofei had even turned off the stereo. He sat alone in front of his laptop, staring intently at the screen.

At this time, his eyes focused, and two rays of light shot out from his eyes.

Hu Lili appeared on the screen with a beer.

Xia ruofei plugged in his headphones and put them on. A noisy sound immediately came from the headphones.

Xia ruofei made some settings on his computer and set the sound source to the Super – tiny camera closest to Lin Qiao.

Xia ruofei's super hearing came into play at this time. He quickly identified Hu Lili's voice among the noisy sounds.

"Lin Qiao, why are you just sitting there and not drinking?" Hu Lili asked Lin Qiao with a smile. Come, come, come, I'll toast you!"

"Hu Lili, I can't drink. Let me toast you with juice ..." Lin Qiao said with a friendly smile.

"Who can't drink?" Hu Lili enthusiastically sat beside Lin Qiao. "Let me tell you, you're born with the capacity for alcohol. It's up to you how much you can drink. Besides, the alcohol content of this beer is so low. You'll be fine just by taking a sip!"

"I'm really sorry, I've never drunk alcohol before ..." Lin Qiao said.

"Are you looking down on me because of my poor grades?" Hu Lili pretended to be angry. "Lin Qiao, you're not such a snobbish person, are you?"

"No, no..." Lin Qiao quickly waved her hand.

"Then have a drink with me!" Hu Lili said, "how about this? I'll do this, you can do whatever you want!"

"Alright! Hu Lili's really bold!"

"She's a heroine!"

“Applause!”

The students around them also started to kick up a fuss.

Under such circumstances, Lin Qiao couldn't refuse. She reluctantly nodded and picked up a can of unopened beer from the table. She opened the can ring and clinked it with Hu Lili's. She said, “You too! It's not good to drink too much ...”

Xia ruofei nodded to himself. This girl still knew how to take out an unopened bottle of wine. This meant that she was still on her guard.

“I'm fine! What's this little bit of wine?” Hu Lili said forthrightly, “Lin Qiao, you'll be a famous university student in the future. You have to take care of us unemployed people!”

After that, Hu Lili raised her head and gulped down the can of beer. Under such circumstances, Lin Qiao could only take a big sip.

The bitter cold beer made Lin Qiao, who rarely drank, blush. She couldn't help but cough and almost choked.

The students all applauded and cheered. Hu Lili also gave Lin Qiao a thumbs up in satisfaction and then went to find someone else to drink with.

Chapter 748: Flower Guardian (3)

There was nothing wrong with the entire process.

However, Xia ruofei would not let his guard down. He noticed that while Hu Lili and Lin Qiao were drinking, Xue Fei was talking to his classmates on the other camera. However, he kept glancing at them from time to time, seemingly uneasy.

This kid must be hiding something!

In private room 607, after Lin Qiao's “golden body”, which did not touch a single drop of alcohol, was broken, many students began to toast to her. After all, she had done so well in the college entrance examination and was basically in the top ten in her class. Moreover, she was beautiful, so many boys had some ideas about her!

Lin Qiao didn't want to be biased. As long as someone toasted to her, she would only take a small sip.

Even so, the beer was soon finished.

Lin Qiao didn't have a high tolerance for alcohol. Although it was only a can of beer, her pretty face was already a little red.

At this moment, Hu Lili came over again with a bottle of mineral water in her hand. She smiled at Lin Qiao and said, “Lin Qiao, you can't drink too fast or you'll get drunk easily. Come, drink some water first and calm down!”

“Thank you,” Lin Qiao said with a friendly smile.

She took the bottle of water.

Xia ruofei stared at the screen quietly. This bottle of water was exactly the same as the mineral water the waiter brought. He saw that Lin Qiao twisted the bottle hard when she opened it, so it should not have been opened before. Although he frowned, he continued to observe quietly.

This small bottle of mineral water was only about two to three hundred milliliters. Lin Qiao felt a little thirsty after drinking some wine. After drinking a few mouthfuls, half of the water in the bottle had been gone.

At this time, another classmate came to propose a toast. Lin Qiao put the bottle of mineral water on the table in front of her, opened another can of wine, clinked it with her classmate, and took a small sip.

.....

The classmate who came to propose a toast was standing beside Lin Qiao and blocked Hu Lili. Xia ruofei immediately used his spiritual power to command one of the Hornets to change its position and aim the camera at Lin Qiao.

However, when the camera turned to Lin Qiao, Hu Lili had already left with a smile.

Xia ruofei looked at the half – filled bottle of water on the screen and frowned. However, he remembered that Lin Qiao still had his specially concocted “hangover medicine,” so he didn’t act rashly. Xia ruofei also didn’t want to disturb Lin Qiao’s class reunion unless it was absolutely necessary.

On the screen, Lin Qiao didn’t sing. She was just sitting and chatting with her classmates and drinking. Before she knew it, the bottle of mineral water was finished and there were three beer bottles in front of Lin Qiao.

This can of beer didn’t have a large capacity. In total, there was only a little more than one bottle. Normally, an ordinary person wouldn’t get drunk after drinking so little alcohol. However, Lin Qiao felt a little dizzy and her body felt hot as if the alcohol had gotten to her head.

She felt that she might have drunk too much, so when her classmates came to propose a toast, she declined them with the excuse that she couldn’t hold her liquor. She wanted to rest for a while and get up to leave when her head wasn’t so dizzy.

However, even after resting on the sofa for a few minutes, her dizziness did not get any better. Instead, it seemed to be getting worse.

At this moment, Lin Qiao thought of the “hangover medicine” that Xia ruofei had prepared for her. It was definitely not good to take out a bottle of medicine and drink it in front of so many students. Besides, after drinking so much beer and mineral water, Lin Qiao also wanted to go to the toilet. So, she picked up her bag and walked to the toilet.

Xia ruofei had been staring at the surveillance footage on the computer, especially at Xue Fei and Hu Lili, who were also his main targets.

He saw that the moment Lin Qiao stood up, Xue Fei gave Hu Lili a look. Hu Lili, who was sitting near the bathroom door, immediately stood up, rushed into the bathroom, and locked the door from the inside.

Chapter 749: Wails of ghosts and howls of wolves_1

Xia ruofei had also left a Hornet with a miniature camera in the bathroom.

He was also stunned when he saw Hu Lili flash into the bathroom on the surveillance screen. However, he was not a Peeping Tom, so he subconsciously wanted to use his mental power to command the Hornet to change direction.

At this moment, Xia ruofei saw that Hu Lili did not open the toilet lid. Instead, she sat on the toilet lid and took out her phone.

Xia ruofei's heart skipped a beat. He stopped directing the hornet's direction. At the same time, he quickly tapped on the computer and the sound in his headphones immediately changed to the surveillance in the bathroom.

Hu Lili quickly pulled out a number and dialed it. A moment later, Hu Lili's voice came from the headset. "Sister Mei Mei, are you all in position? Okay, okay, she should be out soon. Follow the plan ... Don't attract any attention. If you do this well, brother Fei will reward you!"

Xia ruofei's eyes lit up when he heard this. He stared at Hu Lili on the screen with a cold expression.

After the call, Hu Lili sat on the toilet lid and started playing with her phone, showing no intention of going out.

Thinking back to how Xue Fei had specially brought Hu Lili to meet with two street bullies yesterday, Xia ruofei could already guess Hu Lili's intentions.

However, he continued to observe quietly. Everything was under his control, so he was not in a hurry.

.....

Lin Qiao was a few steps slower than Hu Lili. When she saw Hu Lili enter the bathroom first, she could only stand at the door and wait.

She felt very dizzy. When she was walking just now, her feet were uneven, and she felt as if she was stepping on cotton.

So, Lin Qiao supported herself against the wall with one hand and waited for Hu Lili to finish using the bathroom so that she could go in and drink the "hangover medicine" that Xia ruofei had prepared for her. At the same time, she could also solve her urgent need for Internal Medicine.

.....

However, after Hu Lili went in, there was no movement at all, as if she had fallen into the toilet.

Time passed by, but Hu Lili had no intention of coming out.

Lin Qiao felt that she couldn't stand steadily. What was worse was that she had drunk a lot of alcohol and mineral water just now. Now, she felt more and more thirsty. She couldn't help but clamp her legs and then gently knock on the door.

"Hu Lili, are you done?" Lin Qiao asked.

Xia ruofei saw Hu Lili sitting on the toilet lid. When she heard the knock on the door, she looked away from her phone and smiled sarcastically.

“Is it Lin Qiao?” Hu Lili deliberately said loudly, “I’m sorry! I’m having a stomachache ... Please wait a little longer! If you’re really in a hurry, you can go to the washroom outside. I’m sorry ...”

“Oh! “That’s fine ...” Lin Qiao shook her head helplessly.

She waited for another two minutes, but Hu Lili still didn’t show any signs of coming out. She couldn’t hold it in any longer. Xuxu could have directly drunk The Hangover medicine in the private room, but her internal emergency was also imminent. She couldn’t help it.

Therefore, Lin Qiao quickly made a decision and walked toward the door with weak steps.

Xia ruofei immediately sat up straight and spread out his spiritual power. Two Hornet bees with super – tiny cameras were in the lead, followed by ten Hornet bees without cameras. When Lin Qiao opened the door, they quickly flew out.

The lighting in the private room was rather dim, and everyone was busy drinking, chatting, and singing. Many people were already sixty to seventy percent tipsy, so they naturally wouldn’t notice such a small target like the Hornet.

Except for one Hornet carrying a super – tiny camera, which was flying close to the ceiling and not far behind Lin Qiao, the rest of the Hornet were flying forward in the shadows of the light boxes on both sides.

The Hornet bees with cameras took the lead, and the remaining ten without cameras followed behind them. They maintained their formation very well.

The Hornets flew higher than the average person, so the waiters in the corridor and the occasional customers didn’t notice them.

In Room 607, Xue Fei took out his phone and sent an emoji to Hu Lili as Lin Qiao was about to leave. Hu Lili, who was in the bathroom, immediately dialed the number.

“She’s out ...” She said.

Then, Hu Lili hung up the phone, stood up, and walked to the sink. She tidied up her clothes and hair in front of the mirror, then took out a makeup box from her bag and slowly touched up her makeup. After that, she opened the door of the bathroom and walked out.

At this time, Lin Qiao had already left the house. Hu Lili had only done this for one purpose, which was to make Lin Qiao use the public bathroom outside.

Little did she know that her and Xue Fei’s every move was under Xia ruofei’s surveillance.

Xia ruofei was not in the mood to pay attention to Xue Fei and Hu Lili for the time being. His attention was mainly focused on Lin Qiao, who was walking out of the door.

After leaving the private room, Lin Qiao looked left and right and found a sign of a washroom on the right, so she went to the right.

In fact, the room closest to Room 607 was on the left, but it required a turn. There was no sign at the corner, so because of the right sign, most of the guests who were not familiar with the terrain would follow the sign and walk straight to the right.

Chapter 750: Wailing ghosts and howling wolves (2)

Xue Fei had obviously checked out the location beforehand. There were already two female bullies waiting in the washroom on the right. They were the two women Xue Fei had met at the octagonal teahouse yesterday.

Xia ruofei used his spiritual power to control the Hornet after seeing Lin Qiao walk to the right. Other than the one that followed Lin Qiao, the other Hornet with the camera flew to the bathroom ahead of them.

Lin Qiao was dizzy and her steps were unsteady, so the bees quickly left her behind.

The leading Hornet had a super – miniature camera on its body. Xia ruofei was like a super – Drone controlling the Hornet to follow behind it.

The only difference was that Xia ruofei did not use radio waves to control it. Instead, he used his spiritual power.

Soon, the bee colony arrived at the bathroom.

Xia ruofei saw that the four cubicle doors were left ajar. It was obvious that no one was using the toilet. In fact, all the private rooms in the nightclub had bathrooms, and not many people were using the public ones.

However, there were two people in the bathroom.

Xia ruofei recognized them at a glance. They were the two women that Lei Hu and the others had taken pictures of at BA Fang teahouse. They were with Xue Fei and Hu Lili.

The two bullies with dyed hair were leaning against the sink and smoking. Since there was no one else in the bathroom, the two of them were chatting without restraint.

Xia ruofei directed the swarm of bees to the outermost cubicle and hid inside the water tank.

The Hornet with the Super – miniature camera flew to the corner and clutched the ceiling tightly. The camera was aimed at the two smoking hooligans.

One of them had dyed his hair yellow, while the other had dyed his hair green. They looked like parrots when they were put together.

.....

Xia ruofei fiddled with the computer and adjusted the sound source to the camera.

The two's conversation could be heard through the earpiece.

"Hong Mei, how much do you think brother Fei can give us?" The green – haired delinquent asked.

The yellow – haired young female delinquent named Hong Mei took a puff of her cigarette and said, "There must be at least a few thousand, right? Li Li said that this brother Fei is quite generous. "

"Yup!" The green – haired delinquent said, "when Lili used to hang out with us, she was like a poor B * stard. I never saw her take the initiative to pay the bill when we went out to drink. Ever since she got together with brother Fei, look at her now, she was covered in branded goods! Even the way you speak is different!"

Hong Mei pouted and said, "Qiqi, you little hussy, are you also interested in that brother Fei?" You can go too! I don't think you're worse off than Lili. At least you have more capital here than Lili. Brother Fei almost drooled when he saw it yesterday ..."

After saying that, Hong Mei frivolously reached out and touched Qiqi's chest, her smile very ambiguous.

Qiqi didn't mind and laughed, "That makes sense. As long as the hoe is swung well, there is no corner that can not be dug down ..."

After the two of them teased each other, Hong Mei said, "Alright, stop fooling around. That girl is coming. Do you remember what she looks like? Don't get the wrong person ..."

"Don't worry! The picture Lili sent is in my phone. " Qiqi said, "at most, we'll just take them out and match them later!"

"En!" Hong Mei nodded. Don't leave any marks when you do it. I heard from Lili that brother Fei wants to taste this girl's body tonight!"

"F * ck! Li Li can tolerate this?" Qiqi said.

"Nonsense! So what if he couldn't bear it? I heard that brother Fei's father is a big leader in the city. He was just playing with Lili, who would take it seriously!" Hong Mei curled her lips and said, "you do it later. I'll record it!" Also, it's enough to just teach her a lesson. Our main task is to take her to the private room upstairs without attracting any attention!"

Qiqi nodded and threw the cigarette butt on the floor.

Seeing this, Xia ruofei's chest was already burning with anger. He had basically understood Xue Fei's vicious plan.

At this moment, Lin Qiao was only five or six meters away from the bathroom. Xia ruofei's mind flickered, and the ten Hornets that were hiding in the toilet cubicle flew out.

The two bullies were still planning what to do when they suddenly heard a buzzing sound. They turned around subconsciously and saw more than ten Hornets pouncing toward them. They immediately turned pale and couldn't help but scream.

Hong Mei's reaction was fast. She subconsciously picked up her handbag and waved it.

However, how could these strong Hornets be hit by her random waving? In fact, after Xia ruofei had given the order to attack, he no longer needed to control the ten Hornets. He just quietly watched the images sent back by the camera on the last one.

In the blink of an eye, the hornet's bees had already arrived in front of the two of them. Facing Hong Mei, who was waving her handbag, the hornet's bees nimbly drew an arc and quickly approached from the side.

The next moment, the two bullies let out tragic wails. Ten Hornets were distributed equally, and each of them got five.

Now, each of them had five Hornets on their heads and faces. Their stingers quickly pierced into the skin of the two men, and the toxins in their bodies were immediately injected into their bodies.

Hornets were different from ordinary bees. Their stingers did not have backstingers.
