### Chapter 821: The unscrupulous reporter (1)

Squad leader Luo had long been buried in peace. At this time, his family naturally couldn't help him with his funeral.

That was, someone in squad leader Luo's family had passed away again. What on earth was going on?

Xia ruofei's heart trembled as he thought, Could it be that sister – in – Law did something stupid in a moment of folly?

However, he quickly denied his own guess. If Lin Yue 'e was all alone, then it was possible. However, she and squad leader Luo's daughter, Nan Nan, was only six or seven years old. No matter how miserable Lin Yue' e was, she would definitely not commit suicide for the sake of her child.

A human's maternal instinct was very great.

Xia ruofei asked with a serious expression, "Sir, what's going on?" Squad leader Luo's family ... Did someone die?"

The old man with the fan sighed and said, "It's Zhicheng's mother ... Her body wasn't good to begin with, and after hearing about Zhicheng's matter, she suddenly ..."

Xia ruofei frowned and asked, ""Haven't you been keeping the news from the two elders? How could that be?"

A villager next to him said angrily, ""It's all that reporter's fault! After hearing about Zhicheng's matter, the villagers all helped to hide the news. When Zhicheng's family held a funeral, they even sent the two elders to Zhicheng's sister's place. Moreover, the place was strictly guarded. They even deliberately broke the TV, afraid that the two elders would see the news. "But a reporter from Yuzhang somehow found Zhicheng's sister's house. Zhicheng's sister happened to go to the village entrance to buy vegetables, and the reporter took advantage of the loophole. The reporter came up and told them about Zhicheng's sacrifice. He even wanted to interview the two elders. Zhicheng's mother fainted at the time ..."

A few of the villagers also talked about what happened that day, all of them filled with righteous indignation.

Xia ruofei's face turned green when he heard this. He asked, ""My fellow townsmen, do you know the name of this reporter? What unit are you from?"

The old man with the fan said, ""I don't know his name, but the town leaders call him reporter Qiu. I heard that he's from the provincial television station's entertainment channel ..."

Xia ruofei's lungs were about to explode when he heard this. A reporter from an entertainment channel had come to join in the fun and even said everything without holding back. It was meaningless for everyone to hide the truth from the old man out of goodwill. Even the mother of the monitor, old Luo, could not take it and passed away. It was simply too infuriating.

Nowadays, some reporters had no news ethics or news ethics at all. They would do anything to attract attention.

Whenever there was an accident or case, as long as there were casualties, there would be reporters interviewing the family members of the deceased. They would also ask about the details of the deceased without any scruples. There was a psychological stress period when a family member passed away, and this kind of interview was simply a kind of devastation to their already fragile mentality.

Some of them were in a state of calmness, but as soon as they were interviewed, they immediately burst into tears and grieved.

And some reporters couldn't wait for the victim's relatives to act like this, and their cameras were all waiting to capture such a scene.

This kind of behavior was no different from re – opening the wounds of the family members of the deceased and then cruelly displaying it in front of the public. It was simply inhumane!

This time's matter was even worse. The two old men didn't know about squad leader Luo's sacrifice at all, and their family also strictly guarded it and used various methods to block the news. All their efforts were destroyed by an entertainment reporter's light words.

And it also caused a serious direct consequence. The mother of squad leader Luo couldn't take the blow and passed away.

"Provincial entertainment channel, your surname is Qiu, right?" Xia ruofei's eyes lit up. He nodded and said, "thank you. I'll go to sister-in-law's house first!"

With that, Xia ruofei walked in the direction that the old man had pointed.

After a short while, Xia ruofei saw a White Lantern hanging at the door of a house from afar. He could also hear the faint sound of suona.

Xia ruofei knew that it should be the home of the monitor, old Luo. He hurried to the door.

This was one of the small courtyards that were common in the countryside a few years ago. It had a low mud wall and a somewhat old wooden door. Through the half – Open door, one could see the scene in the courtyard. There was only one small bungalow inside, with a total of three rooms. The left and right sides were bedrooms, and the middle was the central room. There was also a simple kitchen, toilet, and so on.

A dark red coffin was placed in the middle of the central room. Smoke curled up from it, and a few people could be vaguely seen sitting there, chanting suona. The White lanterns at the entrance of the courtyard and the yellow paper talismans pasted on the door beam also added a bit of sorrow to the atmosphere.

Xia ruofei strode into the courtyard and saw Lin Yue 'e coming out of the kitchen with some snacks.

When she saw Xia ruofei, she was stunned. After a while, she called out, ""RUO Fei, why are you here?"

Xia ruoxin quickly walked over and took the snacks from Lin Yue 'E's hands. She reproached her and asked, ""Sister – in – Law, why didn't you tell us that such a big thing happened at home?"

Lin Yue 'e lowered her head and said,"it's nothing much. I can handle it on my side ..."

This strong woman had always used her weak spine to bear all the hardships. She had never thought of asking her husband's old army and comrades for help.

Xia ruofei knew that Lin Yue 'e was a strong – headed woman. He sighed and said,""Sister – in – Law, let's talk inside the house!"

The two of them entered the house, and Xia ruofei placed the desserts on the offering table. He then pulled Lin Yue 'e to the side and asked,""Sister – in – Law, where is Nan Nan?"

"I sent it to my cousin's house in the neighboring village." Lin Yue 'e said,"the house is too chaotic. I really can't take care of it ..."

"Oh ..." Xia ruofei nodded and asked,"sister – in – Law, how did this happen all of a sudden?" I heard from the villagers at the village entrance that it was a reporter who revealed the truth. What's the situation?"

Lin Yue 'e said with a bitter expression,"ruofei, this is also my fault. My family had to arrange Zhicheng's funeral, so they could only send the two elders to my sister-in-law's house. In order to hide it from the two elders, I didn't even let my sister – in – Law come over when Zhicheng was buried. I didn't expect such a thing to happen ..."

Xia ruofei asked angrily,"do you know anything about this bullsh \* t reporter?" I'll go find him!"

"Forget it, RUO Fei." Lin Yue 'e said,"things have already happened. It's useless to look for him ..."

"But we can't just let it go like this!" Xia ruofei gritted his teeth and said,"this kind of scumbag doesn't deserve to be a reporter. I'll beat the sh \* t out of him when I find him!"

"Hitting someone is illegal ..." Lin Yue 'e hurriedly said,"ruofei, you mustn't do anything stupid!" If old Luo knew, he would never let you do this ..."

"Sis – in – Law ..." Xia ruofei said.

At this moment, a middle – aged woman ran out of the house on the east side in a panic. She said in a choked voice,""Yue 'e, quickly come over and take a look. Our Father also seems to be ..."

Lin Yue 'E's expression changed. She couldn't be bothered to talk to Xia ruofei anymore and quickly ran towards the east Room.

Xia ruofei's expression changed as well, and he quickly followed.

In the dimly lit East Room, an old man in his 70s or 80s was lying on the bed, coughing violently. He gasped for breath, but he seemed to be unable to breathe. His mouth was wide open in pain, and his face had already turned gray.

"Dad ..." Lin Yue 'e cried out sorrowfully as she pounced on the bed."Dad, don't scare me ..."

The middle – aged woman should be squad leader Luo's sister. At this time, she was also helpless and could only stand aside and wipe her tears.

Xia ruofei knew that the old man on the bed must be the Father of old Luo. He could tell that the old man was in great danger and was on the verge of death.

Xia ruofei didn't dare to be slow. He quickly stepped forward and said loudly, ""Sister – in – Law, make way! I know a little about medicine, let me see uncle Luo ..."

When Lin Yue 'e heard this, she was like a drowning person who had grabbed onto a life – saving straw. She hurriedly stood up.

Xia ruofei immediately stepped forward and reached into his backpack. With a thought, he took out a bottle of diluted solution from the spirit Heart Flower petals.

However, uncle Luo was coughing badly and Xia ruofei could not feed him directly. He first put the porcelain bottle containing the solution of the spirit Heart Flower petals aside, then helped uncle Luo up and gently patted his back.

This action seemed ordinary, but in fact, there was a lot of attention to it.

Xia ruofei had been studying Chinese medicine theories by himself for the past year. He had only been hitting a few acupuncture points on the human body, which were very effective in temporarily suppressing coughing.

At this time, squad leader Luo's sister slowly recovered and asked in a low voice, ""Yue 'e, who is this little descendant?"

Lin Yue 'e looked nervously at her father – in – Law, who was panting heavily on the bed, and replied, ""Big sister, this is a comrade from Zhicheng's Army ..."

"He's a doctor?"

"I don't know ... He wasn't when he was in the Army, but he left the Army last year." Lin Yue 'e said.

Squad leader Luo's sister's heart had already been slightly relieved, but when she heard this, she couldn't help but become nervous again.

At this time, uncle Luo had stopped coughing, but he still had some difficulty breathing. Xia ruofei did not dare to be slow. He quickly opened the porcelain bottle and said loudly in uncle Luo's ear, ""Sir, I have a bottle of special medicine here. You must drink it all, understand?"

Uncle Luo's eyes showed a trace of gratitude and he nodded with great effort.

Xia ruofei hurriedly placed the porcelain bottle in front of uncle Luo's mouth. With one hand supporting the back of his head, he helped uncle Luo to finish the entire solution.

Lin Yue 'e and squad leader Luo's sister looked at uncle Luo nervously. After taking the medicine that Xia ruofei took out, his breathing gradually stabilized, and the color of his face began to return.

Although the two of them were not doctors, they could see that uncle Luo seemed to have survived the crisis.

"Ruofei, thank you!" Lin Yue 'e said.

Xia ruofei turned around and smiled at Lin Yue 'e before asking, ""Sister – in – Law, what's the situation with the old man's body? Did you get a doctor to check it?"

Lin Yue 'e and squad leader Luo's sister looked at each other and sighed in unison.

### **Chapter 822: A sincere invitation (1)**

Before Lin Yue 'e could speak, uncle Luo, who was lying on the bed, asked in a weak voice, ""Little descendant, you are?"

Xia ruofei quickly took two steps forward and said, ""Uncle Luo, my name is Xia ruofei. I'm a former comrade of squad leader Luo and a soldier that he used to lead."

"Oh ... Xia ... Thank you ..." Uncle Luo nodded slightly.

Xia ruofei quickly said, "uncle Luo, your body is weak. Don't talk. Lie down and rest for a while." Don't worry, I'll definitely cure your illness ..."

Uncle Luo smiled bitterly and said, "I can't be cured ... This has been an old illness for many years!" Besides ... Without my son and my wife, what's the point of me living?"

Lin Yue 'E's tears were about to flow when she heard that. She said, ""Dad! Please don't think that way, mom and Zhicheng are watching from the heavens, they definitely want you to be healthy!"

Squad leader Luo's sister also said with red eyes, ""Dad, what are you saying? Mom and brother are gone, but don't you still have us? You're the pillar of this family. If something happens to you, won't this family fall apart?"

Uncle Luo let out a long sigh and closed his eyes. His face was full of misery.

Xia ruofei went up to him and said, "uncle Luo, sister – in – Law is right. Squad leader Luo's spirit is in heaven. He definitely hopes that you will be well." Uncle Luo, what you need to do now is to have a good rest and take good care of your body. Squad leader Luo can only be at ease if you are healthy and live a long life! Besides ... Nan Nan is still so young. Can you bear to see her lose her grandparents and father at the same time?"

At first, uncle Luo had lost all interest in life. He had become numb from his sadness. However, when Xia ruofei mentioned Nan Nan, his wrinkled face finally moved slightly. He slowly opened his eyes, sighed, and nodded gently.

Xia ruofei knew that uncle Luo had taken his words to heart. With Nan Nan as a tie, he should not continue to be so depressed and lose the will to live.

Xia ruofei had a way to cure all the physical diseases. However, if the old man could not get over it, Xia ruofei could not do anything.

Such a huge pain could only be slowly smoothed over with time.

Xia ruofei gave Lin Yue 'e a look, and the two of them left the East Room. Squad leader Luo's sister was still waiting on him in the room because she was worried about her father.

In the central room, the Daoist priest that had been invited from outside was chanting Sutras and playing suonas. It was extremely noisy. Xia ruofei and Lin Yue 'e arrived at the room on the west side.

"Sister – in – Law, what's the condition of uncle Luo's body?" Xia ruofei asked.

Lin Yue 'e sighed and said,"my father – in – Law has had asthma for many years. However, he's managed to control it well these few years. He basically doesn't have any relapses. Usually, his health is better than my mother – in – Law's." A few days ago, when the reporter went to my sister-in-law's house, my mother – in – Law passed out and never woke up again. My father – in – Law ... Also had an asthma attack and kept coughing. We found the village's barefoot doctor and he said that there might be a tumor in his lungs ..."

"Didn't you go to a big hospital to get a diagnosis?" Xia ruofei asked.

Lin Yue 'e shook her head."I've been busy with mother-in-law's funeral arrangements for the past few days. I didn't have the time."

Xia ruofei thought for a while and said,""Sister – in – Law, uncle Luo's illness is not a big problem. I should be able to treat him, but he may need some time to recuperate ... Also, he must maintain a good mood, otherwise it will be very difficult to treat him."

Lin Yue 'e said,"ruofei, sister – in – Law thanks you first!" But with the current situation at home, how can my father – in – Law be in a good mood?"

Xia ruofei did not answer her question directly. Instead, he asked,""Sis – in – Law, before I came back from the Army, the captain told me that the local government would arrange a suitable job for you in your family's situation. Has this matter been confirmed yet?"

Lin Yue 'e lowered her head and said,"ruofei, there are arrangements, but I didn't accept them ... Listen to me first. Little Guo has also advised me on this matter, but ... I have an agreement with old Luo. He told me that his job is very dangerous. If he were to die one day, he hoped that I wouldn't be sad. Also, I should try my best not to cause trouble for the organization and make any requests ..."

Xia ruofei couldn't help but be stunned. He didn't expect that old Luo would have such an instruction. What kind of thinking realm was this?

In this world, there were some people who were perfect in spirit, such as class monitor old Luo. Xia ruofei couldn't help but feel inferior in this regard.

However, Lin Yue 'e did not accept any work arranged by the organization, which was to Xia ruofei's liking. After all, the work arranged by the local government was at most an idle job in a public institution. The salary was not too high, and it was already good enough that she could sustain her life.

"Sister – in – Law, since you don't have a fixed job, I have a suggestion ..." Xia ruofei said after some thought.

"Go ahead," Lin Yue 'e raised her head and looked at Xia ruofei as she spoke.

Although Lin Yue 'e didn't know the details of the mission, she knew that Xia ruofei had personally killed the person who had killed squad leader Luo. Hence, Xia ruofei's words still carried a lot of weight in her heart.

Xia ruofei said sincerely, "sister – in – Law, you may have heard that I started a company in San Shan city of the southeast province after I retired. After a year of development, the company is now very large. Since you don't have a permanent job here, I would like to ... Invite you to work in my company. What do you think?"

## **Chapter 823: A sincere invitation (2)**

Lin Yue 'e was stunned for a moment before she replied, ""Ruofei, I appreciate your kind intentions, but ..."

"Sister – in – Law, don't be in such a hurry to reject me. Let me finish." Xia ruofei said, "sister – in – Law, even if you don't think for yourself, you should think for the child, right? Do you have the heart to let Nan Nan live a bitter life with you? Also, squad leader Luo only told you not to cause trouble for the organization, but I'm not representing the organization. I'm just a private company boss now. Besides, I'm not giving you money, I'm just providing you a job. Isn't it natural for you to work in exchange for remuneration?"

Lin Yue 'E's mouth moved, but she didn't say anything.

She knew that what Xia ruofei said made sense and it was impossible for her to not be tempted. After all, Xia ruofei had mentioned Nan Nan again. However, she always felt that there was a barrier in her heart. Although Xia ruofei emphasized that this was not charity or financial aid, and that he was only giving her a position to support herself, she knew that the nature was similar. The position that Xia ruofei gave her would not be tiring at all, and she would even be paid very well.

In Lin Yue 'E's eyes, this was no different from giving her money.

Seeing this, Xia ruofei continued to persuade, ""Sister – in – Law, I can guarantee that I won't give you a single cent more. You'll be treated the same as the other employees. Besides ... You should also consider uncle Luo's situation!"

"My father – in – Law?" Lin Yue 'e asked in puzzlement.

She then remembered that they were talking about her father – in – Law. It was Xia ruofei who had suddenly changed the topic. Now that Xia ruofei had mentioned her father – in – Law, she naturally attracted her attention.

Xia ruofei nodded and said, "first of all, uncle Luo's physical condition is not very good. Although I'm confident that I can cure him, the process may take a long time. It's not realistic for me to stay here for a long time to treat uncle Luo's illness. After all, the company can't do without me. So, it's best for you to bring uncle Luo to the three mountains and work while treating his illness. Besides ..."

At this point, Xia ruofei paused for a moment and looked at Lin Yue 'E's expression before he continued, ""As you can see, uncle Luo's mental state is not very good now. If he continues to stay in his hometown, he will inevitably be reminded of the scene. "My company in Sanshan city is in my own farm. The environment is definitely very good, and the entire security team in my company is made up of retired soldiers. Uncle Luo should have a lot in common with them when he gets there."

Xia ruofei already knew that squad leader Luo's father used to be a soldier in the 1960s and 1970s. He had always had a deep relationship with the Army. Squad leader Luo had joined the Army under his father's influence and finally grew into a Soldier King.

The more Lin Yue 'e listened, the more moved she became. Her heart was also constantly wavering from left to right.

Xia ruofei added fuel to the fire, ""Sister – in – Law, there's also Nan Nan's problem. Nan Nan should be in the first grade soon, right? The education conditions here are not very good, but I have some connections in Sanshan city. After Nan Nan goes over, I promise to coordinate the best primary schools in the city for her and give her the best environment to grow up in!"

Lin Yue 'e bitterly smiled and said, ""Ruofei, I really can't make a decision at the moment. Besides, this is not a small matter. I still have to listen to my father – in – Law and sister-in-law's opinions ..."

"I understand!" Xia ruofei nodded and said, "sister – in – Law, I hope you will consider my suggestion carefully!"

"I will!" Lin Yue 'e nodded her head heavily. Then, she said sincerely, "RUO Fei, thank you so much for making a special trip just for our matter."

"Sister – in – Law, squad leader Luo is my old squad leader and brother. The soldiers of lone wolf are like brothers. You must not treat me like an outsider." Xia ruofei said, "sister – in – Law, I'll stay here tonight and treat uncle Luo again tomorrow. His condition should be stable for the time being."

"Alright, then I'll leave it to you, ruofei ..." Lin Yue 'e said. She then thought for a moment before continuing, "then you'll stay in this house tonight. It's just that the house is a mess right now, so you might not be able to rest well ..."

Squad leader Luo's mother was going to be buried tomorrow. According to the local customs, they had to stay up all night. After a while, the Daoist priest would chant Scriptures, the musicians would play the suona, and the family members would also have some worship ceremonies. This was called a "funeral."

"Sister – in – Law, you can't do that!" Xia ruofei said. There are only two rooms here. If I sleep here, you won't have a place to rest. You can lay a bed on the floor in uncle Luo's room. If he doesn't feel well at night, I can take care of him. "

Lin Yue 'e said, "there's no need, there's no need. My sister – in – Law and I definitely won't be able to sleep tonight. There's a funeral here that will take an entire night. There are many ceremonies that we need to attend." You can rest in this room. If anything happens to my father – in – Law, you can just walk a few steps over. There's no delay!"

Xia ruofei thought for a while and said, "okay!" Sister – in – Law, call me if you need anything!"

"Alright!" Lin Yue 'e smiled and nodded. "Oh right, you haven't had dinner, right?" I'll go get you something to eat!"

"Sister – in – Law, don't worry about dinner!" Xia ruofei said seriously, "I want to ask about the reporter ..."

Lin Yue 'E's expression changed slightly as she said,""Ruofei, don't bother about the reporter. He's from the province and has a strong background! Don't get into any trouble!"

"Sister – in – Law ..."

"Ruofei, don't say anymore. Let's not talk about this anymore!" Lin Yue 'e said decisively,"listen to sister – in – Law. Don't bother yourself with this matter!"

"Alright!" Xia ruofei shrugged.

Of course, he couldn't just ignore it. Even if Lin Yue 'e refused to tell him, he still had his ways of finding out the situation. After all, many people had seen it that day. However, in order not to worry Lin Yue' e, Xia ruofei had to compromise.

Lin Yue 'e nodded and said,""Ruofei, you can rest here for a while. Sister – in – Law will go get you something to eat!"

"Alright, thank you for your hard work, sister – in – Law!"

Lin Yue 'e went to the kitchen outside to cook a bowl of noodles for Xia ruofei. She also added a few large pieces of pork trotters and duck meat to prepare for the funeral. These ingredients were all ready – made.

While Xia ruofei was eating his noodles, Lin Yue 'e took out a clean blanket from the cabinet and changed into it. Then, she said to Xia ruofei,""RUO Fei, close the door and go to sleep after you're done eating! Otherwise, it'll be too noisy ..."

Xia ruofei said as he gobbled up the food,""I know, sister – in – Law, don't worry about me. Go and do your work!"

Lin Yue 'e did have many things to do, and Xia ruofei was not an outsider. Hence, she nodded and closed the door.

After Xia ruofei finished his noodles, he took the empty bowl and went out to wash it in the kitchen. Then, he went back to the central room to light three joss sticks for the old lady before returning to the west room.

That night, it was windy and noisy outside. Xia ruofei did not sleep well. He was basically in a state of half – Sleep. At Sixo' clock, he was awakened by the sound of firecrackers. He got up and made his bed. Then, he took out the toiletries from his backpack and went out to wash his face.

There was a sink in the yard, where he usually washed his clothes and washed his face.

Xia ruofei went over to turn on the tap and used two handfuls of cold water to wash his face. He instantly felt much more awake.

Just as Xia ruofei had finished brushing his teeth and washing his face, tidied up his toiletries, and was about to enter the house, there was a sudden noise from outside.

"Stop him, don't let him in! This evil spirit actually dared to come over! This is outrageous!" A rough voice called out.

Immediately after, Xia ruofei heard Lin Yue 'E's voice that was suppressing her anger,""What are you guys doing here? I don't welcome you here! Please leave immediately!"

Then, a man with a quacking voice said with a hint of satisfaction,""We are reporters from the provincial television station. We have the right to interview, understand? Come on, turn on the machine and take a picture! Let's see which of these unruly people dares to stop me! When the time comes, we'll expose them all on television!"

Xia ruofei's face turned cold when he heard the voice. He threw the basin on the sink and strode towards the door.

## **Chapter 824: Beating up the unscrupulous reporter (1)**

Huang Zhenyu felt that his luck had been pretty good recently.

He was originally just a correspondent of the county TV station and didn't even have an official news reporter's certificate. Every day, he would post some news about the county leaders to waste his time. However, two months ago, he met the Deputy Director of the provincial TV station's entertainment channel's reporter Department at a dinner party.

At that time, the provincial station was selecting reporters from all the news units in the province. After Huang Zhenyu learned of the news, he gave the Deputy Director of the entertainment channel's reporters Department a big gift and invited him to the famous Tian Xiang nightclub in the provincial capital for a night. Just the two chicks he ordered to sleep with the Deputy Director cost him 30000 Yuan.

After he got his job done, Huang Zhenyu was also successfully selected and transferred to the provincial entertainment channel, becoming a reporter of the provincial media.

Although his reporter's certificate had not been obtained yet, Huang Zhenyu had captured the information of many small celebrities during this period of time and had successfully gained a firm foothold in the entertainment channel.

This time, when he was waiting for a celebrity at the airport, he saw a team of military vehicles with black veils on them, so he turned to follow this lead.

Later, Huang Zhenyu found out that it was a martyr who had returned to his hometown to be buried, but the provincial and municipal media did not report much. Only guhuang County TV station reported a piece of news, which was quite low – Key.

So, Huang Zhenyu asked around and found out about the martyr's parents. He took a cameraman and found squad leader Luo's parents directly. Squad leader Luo's mother couldn't take the shock and fainted on the spot after hearing the bad news. She passed away a few days later.

Not only did Huang Zhenyu not feel guilty at all, but he even felt that this was a news headline. Didn't people like to watch such sensational news nowadays?

When he realized that squad leader Luo's parents had heard the news of their son's sacrifice from him that day, he immediately edited the scene that was shot that day. Although the broadcasting standards

at the provincial station were stricter, the corresponding new media platforms were relatively more relaxed. Very soon, the video was posted on the entertainment channel's official Weibo.

Naturally, this Weibo post also received a lot of attention, and of course, there was a lot of controversy.

However, Huang Zhenyu was not afraid of controversy at all. Controversy meant that there was a topic to talk about, and if there was a topic to talk about, it meant that he was going to be famous.

Therefore, Huang Zhenyu was not ashamed of it. Instead, he was smug.

The burial time in Ganjiang province was relatively early. After the overnight funeral, the deceased would be sent to the mountain the next morning.

After Huang Zhenyu heard that squad leader Luo's mother was buried today, he actually brought two cameramen over, ready to give a "follow – up report."

When he arrived near the Luo family's house, he was stopped by the indignant villagers. These villagers hated the unscrupulous reporter and reprimanded him.

When Lin Yue 'e heard the news, she also came to the door to stop him.

Ever since Huang Zhenyu went from being a correspondent of a County TV station to a provincial reporter, his ego had inflated rapidly. How could he still care about these countryside villagers?

Huang Zhenyu stood on a rock and directed the cameraman to turn on the camera and start shooting. He then glanced at the crowd triumphantly and said, ""We reporters have the right to interview! Do you understand the right to interview? Whoever dares to stop me is breaking the law! Be careful, you'll be locked up after we take a picture of you!"

The villagers did not know what Huang Zhenyu's so – called "right to interview" was, but they could still understand what being in prison meant. They were intimidated by Huang Zhenyu's words, and their faces showed a hesitant look. They could not help but feel a trace of fear.

Lin Yue 'E's face was Haggard. Her thin and weak body blocked the door as she said, ""This is our family's private matter. We don't want to be interviewed ..."

Huang Zhenyu looked at Lin Yue 'e, as if he hadn't heard her words. He asked, ""You're Luo Zhicheng's lover? I want to know the details of Luo Zhicheng's sacrifice and which unit did he serve in?"

When Lin Yue 'e heard her husband's name, she felt an indescribable pain in her heart. She suppressed her anger and said, ""I'm sorry, no comment. "

Huang Zhenyu pouted and said, "we've consulted the publicity department of the provincial military, and they said they don't know anything about Luo Zhicheng's situation. This doesn't make sense!" I think ... Could it be that Luo Zhicheng didn't die on duty, or maybe he died in a man – made accident, and the unit he was in gave him a martyr title to avoid responsibility?"

When Lin Yue 'e heard this, she was so angry that her chest heaved up and down. Her eyes were red as she shouted, ""You're talking nonsense! Venomous slander! We don't welcome you here, so get lost!"

The corners of Huang Zhenyu's lips curled up slightly, and a hint of smugness appeared in his eyes. This was the effect he wanted. The scene of Lin Yue 'e flipping out had been completely captured by the camera. As for the words he had said earlier on when he had intentionally provoked Lin Yue' e, they could be edited out later.

At that time, he could just casually make up some content and produce another sensational report.

Huang Zhenyu felt that everything had been going smoothly for him during this period of time. Even the city walls could not stop his good luck! It was boring to wait for a star at the airport, but he didn't expect to find such a big piece of news.

Huang Zhenyu gestured for the cameraman to continue filming as he said leisurely, ""It's our job as reporters to investigate the truth! Why are you so agitated? Could it be that you're hiding something, and you're angry because I was right?"

"You're talking nonsense!" Lin Yue 'e, who was usually weak, didn't realize that Huang Zhenyu was deliberately provoking her. When she heard Huang Zhenyu defaming her martyr husband, she had already lost her rationality.

## **Chapter 825: Beating up the unscrupulous reporter (2)**

Lin Yue 'e rushed up and pushed Huang Zhenyu, saying, ""Get lost! What right do you have to slander old Luo? Quickly get lost!"

Squad leader Luo's older sister quickly hugged Lin Yue 'e from behind, and the scene was in a mess.

Huang Zhenyu smiled and said, "alright!" Since you don't want to answer this question, then I won't ask. I heard that Luo Zhicheng's mother also passed away unfortunately and will be buried today. Can you tell me the specific situation? Had she always been in poor health? Luo Zhicheng's accident in the Army, did you keep it from her?"

The villagers couldn't help but start cursing.

"Don't you have any shame? If it wasn't for you, would aunt Luo have died from anger?"

"This is too much!"

"Your conscience has been eaten by dogs! You're really shameless!"

.....

"What are you doing? What are you doing!" Huang Zhenyu scanned the agitated villagers and said loudly, "what are you unruly villagers trying to do? Don't you want to try the taste of prison food?"

Lin Yue 'e was so angered by this shameless so – called reporter that she almost fainted on the spot.

Huang Zhenyu saw the villagers' fearful expressions again and smiled smugly. He said to Lin Yue' e, ""Don't misunderstand! I'm here today for the interview and to pay my respects to the old lady. I interviewed her a few days ago! I didn't expect him to be gone in just a few days, sigh ..."

Huang Zhenyu sighed pretentiously and was about to walk into the house.

Of course, he wasn't so kind as to come and pay his respects to the old man, because before he walked, he signaled the two cameramen to quickly follow Yingying so that they could take more photos.

The old lady's coffin was parked in the central room. The coffin was not covered before the funeral. If the cameraman went in, it would mean that the old lady's body would be photographed. This was a big taboo in the countryside.

Lin Yue 'e and squad leader Luo's older sister were blocking the entrance. Lin Yue 'e shouted, ""What are you guys doing? I already said we don't accept interviews! You guys get out!"

However, how could two women compete with three tall and strong men? Huang Zhenyu said as he squeezed forward, even using his hands to push Lin Yue 'e away.

Very quickly, Lin Yue 'e couldn't stand steadily and was pushed to the side. Naturally, the path opened up for her.

Huang Zhenyu's mouth twitched, and he was about to step into the courtyard.

At this moment, Huang Zhenyu felt his vision go dark. A tall figure was blocking the door, completely blocking the way.

It was Xia ruofei, who had been washing up in the courtyard and had rushed out when he heard the noise.

Xia ruofei had heard the entire argument just now. The anger in his chest was burning, and his eyes were filled with cold killing intent.

Without waiting for Huang Zhenyu to react, Xia ruofei had already reached out and grabbed his neck, then strode forward.

Huang Zhenyu subconsciously reached out to pry Xia ruofei's hand away. However, Xia ruofei's hand was as tight as an iron hoop. How could he pry it away?

As soon as Xia ruofei took a step forward, Huang Zhenyu could not help but stagger back. What was worse was that Xia ruofei's grip was so tight that Huang Zhenyu was already having difficulty breathing and his face quickly turned red.

"You ... You ... Let ... Me go!" Huang Zhenyu said with difficulty.

Xia ruofei did not say anything. He just looked at Huang Zhenyu coldly. However, that cold, emotionless gaze made Huang Zhenyu shiver. At this moment, he felt as if he had seen the god of death.

Huang Zhenyu had no doubt that Xia ruofei would really kill him.

At first, the two cameramen were secretly excited. They quickly turned their cameras around and started filming Xia ruofei.

Nowadays, people who beat up reporters didn't have a good ending. After all, the news media controlled the mouthpiece!

However, the cameraman quickly realized that something was wrong. It seemed like Wanwan was going to kill someone!

Didn't he see that reporter Huang's face was turning purple? He would suffocate to death if he continued pinching!

The cameraman quickly put down his camera and rushed over to pull Xia ruofei away.

However, it was as if Xia ruofei had eyes in the back of his head. He gave a swift and clean back kick, causing one of the cameramen to take a few steps back and crash into the other. The two of them fell to the ground in a sorry state.

Huang Zhenyu could already feel his vision turning black. If Xia ruofei were to hold him for a few more seconds, he would definitely be strangled to death.

At this moment, Xia ruofei let go of her.

Huang Zhenyu quickly covered his neck and took in deep breaths. For the first time in his life, he felt that air was so precious.

Xia ruofei only looked at Huang Zhenyu coldly, waiting for him to catch his breath.

Huang Zhenyu had finally recovered a little. He glared at Xia ruofei while panting and said, "You ... You dare to hit a reporter! I'm going to ruin your reputation! I'll send you to jail!"

Xia ruofei didn't say a word. He went forward and grabbed Huang Zhenyu's collar, lifting him up with a light force.

Huang Zhenyu, whose feet were off the ground, screamed in fear, "What do you want to do? Quickly put me down!"

At this moment, Lin Yue 'e had also regained her senses. She hurriedly called out, "Ruofei, don't do it. Put him down ..."

Although Lin Yue 'e didn't understand the details of Lone Wolf's mission, she had some understanding of the combat skills of the assault team members. She knew that Xia ruofei and the others were all combat experts and had terrifying strength.

If Xia ruofei went crazy, the reporter might really be killed by him.

Xia ruofei turned around and glanced at Lin Yue 'E. He smiled and said, "Sister – in – Law, don't worry about it. I know what I'm doing!"

### **Chapter 826: Beating up the unscrupulous reporter (3)**

With that, Xia ruofei raised her other hand and slapped him.

Pa!

A crisp sound rang out, and this slap landed solidly on Huang Zhenyu's face.

Xia ruofei hit him very hard. Huang Zhenyu's head turned to the other side and he spat out a mouthful of blood along with two molars.

"This slap is for squad leader Luo! I'll let you make venomous accusations!"

Pa!

"This is for aunt Luo!"

Pa!

"This slap is for sister – in – Law!"

Pa!

"I'm helping the villagers!"

In the blink of an eye, Xia ruofei had already slapped him four times in a row. Huang Zhenyu did not have any ability to resist at all. His head was subconsciously turned to the left and then to the right along with Xia ruofei's slaps. He seemed to be in a daze.

In fact, if Xia ruofei had used all his strength, four slaps would have been enough to kill him. Xia ruofei had still held back.

However, even so, a slight concussion was definitely not a small matter.

Huang Zhenyu's teeth were almost all knocked out, and his face swelled up at a speed visible to the naked eye. His originally pretty face had now become like a pig's head.

Xia ruofei let go of his hand and Huang Zhenyu fell to the ground.

"You ... You ... Kill me if you dare!" He shouted like a madman. Otherwise, I will never let you off! You can just wait to go to jail!"

These words were originally quite imposing, but unfortunately, a few of his teeth had fallen out, his mouth was swollen, and his words were leaking air. It looked a little comical.

After the villagers saw this, they felt very relieved and applauded.

Huang Zhenyu had been very arrogant since he entered the village, and everyone already knew that it was this unscrupulous reporter who had killed aunt Luo, so they were all filled with righteous indignation. However, the simple villagers were intimidated by Huang Zhenyu's so – called "right of interview" and the two cameras with red lights on, so they did not dare to act rashly.

In fact, they didn't know that there was no law that stipulated the right to interview, and that the people had the right to refuse interviews.

Now that Xia ruofei had come out to teach Huang Zhenyu a lesson, the villagers suddenly felt that they had gotten their revenge.

Of course, everyone was whispering among themselves. They were all worried about Xia ruofei.

Xia ruofei did not feel any pressure. He turned around and looked at the two cameramen.

The two cameramen quickly avoided his gaze. Facing this God – like man, they didn't even have the courage to come up and help.

Moreover, Huang Zhenyu had just joined the company, and the cameramen did not have much of a relationship with him, so they naturally would not stand up for him.

Xia ruofei pouted, squatted down, and stared at Huang Zhenyu, asking, "I just want to know why you won't let me go. How are you going to make me go to jail?"

Huang Zhenyu snorted coldly and said, "we've taken photos of everything. That's the evidence!" I'll call the police!"

"Evidence?" Xia ruofei chuckled and stood up. He walked to the two cameras that the cameramen had placed on the ground. "Are you talking about these?"

As soon as Xia ruofei finished speaking, he immediately lifted his foot and stomped on the ground. The two expensive cameras immediately broke into pieces.

Xia ruofei found two memory cards from the pile of junk and broke them in front of Huang Zhenyu.

"Not anymore!" He asked with a smile.

"You ... You ..." Huang Zhenyu trembled with anger. "How dare you damage our interview equipment!" He's simply lawless!"

Xia ruofei shrugged and asked, "where's the evidence?" Did you guys see that?"

Xia ruofei's last sentence was directed at the villagers.

The villagers immediately laughed, and a few young men replied loudly, "We didn't see anything!"

Someone else said, "I saw it!" These reporters started fighting among themselves and broke the machine!"

"Hahaha ..."

Huang Zhenyu was even more seething with anger. He said in exasperation, "Don't think that you can distort the truth! I'm telling you, I'm a reporter from the provincial television station! Let's see if the police will believe you or me!"

"Inverting black and white? Grandson! Isn't that what you're best at?" Xia ruofei sneered. "You can't take it anymore? The more satisfying part is yet to come!"

With that, Xia ruofei walked to Huang Zhenyu's side to look at the villagers. They were relieved, but Xia ruofei had not!

Slandering squad leader Luo, angering aunt Luo to death, pushing Lin Yue 'e away – this unscrupulous reporter had done so many evil things that were hated by both man and God, how could a few slaps be enough?

**Chapter 827: Well done (1)**

Huang Zhenyu saw that Xia ruofei was walking towards him again. He was so scared that he dodged backward with all his might, and he even cursed, ""Don't be too arrogant! You'll see how powerful the police are when they come!"

Xia ruofei did not take Huang Zhenyu's threat to heart at all. As he walked, he raised his voice and said, ""Fellow villagers, you've all been deceived by him. China's laws don't stipulate that reporters have the right to interview at all. Instead, every citizen has their own right to privacy and has the right to refuse interviews! This son of a B \* tch is pulling a Tiger's skin and making a big flag!"

Huang Zhenyu's unscrupulous behavior had already aroused public anger, and Xia ruofei's satisfying way of doing things made the villagers clap their hands in joy.

After the villagers heard Xia ruofei's words, they were even more enraged. They pointed at Huang Zhenyu and scolded him.

A few of the short – tempered villagers even pretended to step forward and hit Huang Zhenyu.

Huang Zhenyu was so frightened that he shouted, ""Don't mess around! Hitting someone is illegal! Beating up a reporter is even more of a crime!"

"Go to hell!" A young man spat and said, "reporters are amazing! You even dared to use the interview rights to scare us! If I don't teach you a good lesson, I won't be able to get over it!"

"Attack together! I don't believe the government can lock us up!"

"Beat him to death!"

The villagers all gathered around him, feeling indignant.

Lin Yue 'e saw that the situation had gone out of control, and Xia ruofei had even slapped Huang Zhenyu a few times. She was burning with anxiety and quickly said, ""RUO Fei, quickly persuade everyone. Otherwise, something will really happen!"

Xia ruofei waved his hand and said loudly, ""Fellow villagers, calm down! Don't get yourself into a lawsuit because of a scumbag!"

Although Xia ruofei was a foreigner, his actions had won the hearts of the people. So, everyone stopped once he spoke.

Lin Yue 'e heaved a sigh of relief when she saw that Xia ruofei had managed to control the situation. Although Xia ruofei had already beaten up someone, at least no one had died. There was still room for change.

Unexpectedly, after Xia ruofei finished his sentence, he grinned and said, ""Something like teaching a scumbag a lesson ... Just leave it to me!"

With that, Xia ruofei suddenly appeared in front of Huang Zhenyu in a flash. Before everyone could react, he gave Huang Zhenyu a flying kick in the stomach.

Huang Zhenyu suddenly felt a huge force coming at him, and his body flew backward involuntarily. Immediately after, he felt a sharp pain in his stomach and vomited on the spot.

Xia ruofei's ghostly figure followed closely behind. He aimed at Huang Zhenyu's legs on the ground and stomped them without hesitation.

Kachaa! Kachaa!

Two sickening sounds were heard. Huang Zhenyu was stunned for a moment, staring straight at his legs that had already appeared to be strangely twisted. Then, his nerves transmitted an intense pain to his brain.

Huang Zhenyu howled like a pig being slaughtered, rolling on the ground in pain.

"RUO Fei!" Lin Yue 'e cried out involuntarily. She was so frightened by this sudden change that her face turned pale.

It was a pity that Xia ruofei's movements were too fast. Lin Yue 'e did not have any time to react. When she cried out, Xia ruofei was already standing in front of Huang Zhenyu with his arms crossed.

The villagers and the two cameramen gasped at the same time. This young man's methods were too ruthless!

A lot of people had experienced fighting, but the scene of someone's legs being stepped on and broken was rarely seen even in movies. Today, they had seen it with their own eyes, and it was extremely shocking.

Even though Huang Zhenyu was a bad person in the eyes of the villagers and everyone wanted to beat him up, they could not help but feel fear when they saw Xia ruofei's attack.

Xia ruofei looked at Huang Zhenyu rolling around in pain with a normal expression, as if he had just done something insignificant, just like patting the dust off his body.

Very quickly, Huang Zhenyu's voice became hoarse. He weakly called out to the two cameramen, ""You ... You're not calling the police? Hurry ... Hurry ... Call the police to arrest him!"

Then, Huang Zhenyu stared at Xia ruofei with a face full of hatred and shouted hysterically, ""You ... You're dead! You're dead ..."

Xia ruofei's mouth twitched. He did not take Huang Zhenyu's threat to heart. He turned around and glanced at the two cameramen indifferently.

One of the cameramen was secretly taking out his phone. When Xia ruofei looked at him with a half – Smile, he was so shocked that he dropped his phone on the ground.

Xia ruofei pouted and said, "you guys better behave!"

"My fellow villagers! Do me a favor!" Xia ruofei shouted, "watch those two guys. Don't let them make any calls!"

"Don't worry! Whoever dares to move, we'll beat the sh \* t out of him!"

"Leave it to us!"

"Yes!" The villagers responded.

Huang Zhenyu wanted to cry but had no tears. All this time, he had felt that he had a Halo around him. Wherever he went, people would flatter him. He was afraid of negative reports. He did not expect that he would suffer such a big loss in this remote village today. Now, he could not even make a call for help.

Huang Zhenyu and the other two naturally did not dare to act rashly under the watchful eyes of the villagers.

However, Lin Yue 'e was very clear that if this matter continued to be in a deadlock, it would be impossible to resolve it in the end.

## **Chapter 828: Well done (2)**

She looked at Xia ruofei with a bitter smile and said,""Ruofe...You're too impulsive. It's not worth it ..."

Xia ruofei smiled."Sister – in – Law, squad leader Luo is the God of War in our hearts. This grandson dared to slander him like this. Even if the wolf King was here today, the result would be the same!"

Lin Yue 'e heaved a long sigh when she heard this.

She naturally knew the position of squad leader Luo Zhicheng in the hearts of her comrades. To be honest, she was very pleased with Xia ruofei's performance today, but at the same time, she couldn't help but feel deeply worried for him.

Xia ruofei laughed nonchalantly."Sister – in – Law, I'll take care of things here. You don't have to worry about it, just go and settle aunt Luo's funeral! Don't miss the time ..."

"But ..." Lin Yue 'e asked worriedly,"how are you going to resolve this?"

"You don't need to worry about that!" Xia ruofei smiled and said,"in any case, nothing will happen! Everyone's waiting, you can go back first! I won't be going up the mountain after aunt's funeral."

Seeing that Lin Yue 'e was still worried, Xia ruofei smiled and said in a relaxed tone,""Sister – in – Law, don't worry! By the time you come down from the mountain, the matter here will have been resolved ..."

Squad leader Luo's older sister also tried to persuade her. Lin Yue 'e also knew that the matter of her mother-in-law's funeral couldn't be delayed, so she could only follow her relatives back to the courtyard with deep worry.

Soon, the sound of blowing could be heard from inside again. There were still some rituals to be done before the funeral. Soon, aunt Luo's coffin would be carried up the mountain. The tomb had been dug and was just waiting for the right time to be buried.

In the open space at the entrance, Huang Zhenyu and the two cameramen were surrounded by the villagers.

The two cameramen had never seen such a scene before. They were so frightened that their faces turned pale. Huang Zhenyu was sitting on the ground in a sorry state, gritting his teeth in pain. His legs were swollen, and the bones of his calves were twisted in a strange way. It was a shocking sight.

After Xia ruofei finished talking to Lin Yue 'e, he walked towards Huang Zhenyu and the other two.

When the villagers saw Xia ruofei walking over, they immediately parted to make way for him.

When Huang Zhenyu saw Xia ruofei, he immediately glared at Xia ruofei and said in a hoarse voice,""If you have the ability, then kill the three of us! Or lock us up for life! Otherwise, we'll definitely call the police! You will soon pay a painful price for your atrocities!"

"Don't try to provoke me. I've killed many people ..."Xia ruofei sneered.

The two cameramen were already scared to death. Just now, when Huang Zhenyu said those harsh words, they couldn't help but shrink their necks back. In their hearts, they were cursing Huang Zhenyu like a fountain. In such a situation, it was fine to just stay put. Wasn't it courting death to provoke the god of death?

When Xia ruofei said that, the two cameramen couldn't help but shiver and their faces turned pale.

"Who doesn't know how to brag?" Huang Zhenyu sneered.

Naturally, Xia ruofei would not explain so much to such an unscrupulous person. He said indifferently,""Don't think that I don't dare to kill you. The reason you're still alive is because I don't want to dirty my hands!"

"And ..." Xia ruofei squatted down and stared into Huang Zhenyu's eyes. He said word by word,"do you think I'll let you go after I beat you up?"

"You ... What else do you want?" Huang Zhenyu's heart trembled, and he asked sternly.

Xia ruofei smiled."Don't be impatient. You'll find out soon."

Xia ruofei stood up and took out his phone. He found song Rui's number and dialed it.

The phone rang for more than ten times. Just as Xia ruofei was about to hang up, the call finally connected.

Song Rui's sleepy voice came from Xia ruofei's phone."Xia ruofei, you bastard! Do you even have a little bit of public morality? What's going on, you're disturbing my sleep so early in the morning!"

Xia ruofei raised his hand and looked at his watch. It was just past Seveno' clock, which was indeed too early for song Rui.

Xia ruofei smiled and asked,"you must have overworked yourself last night." Why do you sound so weak?"

Xia ruofei was just teasing her, but he really heard a sweet voice from the other end of the phone."Young master Song, who's this annoying person?"

Then, the voice on the phone became muffled. It was obvious that song Rui had covered the phone. However, Xia ruofei's hearing was better than ordinary people 's. He could still hear song Rui say,""It's none of your business, go to sleep!"

Then, song Rui chuckled awkwardly and said, ""I'm just putting on an act! All men understand ... What are you looking for me for?"

"There's something urgent. Find a more convenient place to talk!" Xia ruofei said seriously.

"Give me two minutes!" Song Rui said immediately and then hung up.

Xia ruofei shook his head helplessly and kept his phone.

After about a minute, Xia ruofei's phone rang. It was song Rui who called back. He must have sent the woman away.

However, he only gave her a minute to get dressed and leave. Young master Song was really something.

"Can you say what you want to say now?" Song Rui said, "because of you, I did one less 'morning exercise'. You have to compensate me!"

"No problem. We'll talk about it when I return to the three mountains." Xia ruofei said. He did not beat around the bush and went straight to the point. "Does your family have any reliable people in Ganjiang province? it would be best if they were leaders of a certain level."

### **Chapter 829: Well done (3)**

"Aren't you talking nonsense?" song Rui said. Have you forgotten where my old man is from?"

Xia ruofei was stunned. He just remembered that elder song's hometown was in the Ganjiang province. However, he had joined the Army when he was young and had been working in other places. Xia ruofei had looked for song Rui because he vaguely understood that the song family's territory was in the Ganjiang province. He had forgotten that this was elder song's hometown.

"So you're saying that the answer you gave me is yes?" Xia ruofei asked with a smile.

"I can't guarantee anything too troublesome, but I can still do most things in the Ganjiang province." Song Rui said, "don't keep me in suspense. What's the matter? Don't tell me you got some Ganjiang girl pregnant and can't clean up the mess?"

"I'll go to hell!" Xia ruofei laughed and scolded, "I'm talking business! Since you're so confident, then you have to help me do this well! Otherwise, don't blame me for not acknowledging you as my brother!"

Seeing that Xia ruofei was so serious, song Rui stopped teasing him and said seriously, ""You say it! As long as it's not murder, arson, or drug trafficking, I'll help you settle it!"

Xia ruofei pouted and said, "do I look like the kind of person who would commit crimes?"

Then, Xia ruofei didn't keep song Rui in suspense anymore. He told him the whole story from the beginning. Except for squad leader Luo's unit number and the specific reason for his death, which had to be kept secret, Xia ruofei told song Rui everything in detail.

Song Rui was from a family of generals and had special feelings for the Army. When he heard that someone dared to defame a martyr in such a despicable way, he couldn't help but curse. "Fuck his Grandpa! This grandson is not human!"

Then, Song Rui asked without hesitation, "Ruofei, what do you want to do about this? How big was it going to be? Just give me the word, and I'll use all my connections to do it! If even I can't do it, I'll go and beg my dad and Grandpa. I'll make sure you're satisfied!"

Xia Ruofei was touched when he heard that. He said, "Just two points. First, make all the deliberately edited information about squad leader Luo that has been posted online disappear; Second, this scumbag reporter ..."

At this point, Xia Ruofei paused, looked at Huang Zhenyu, and asked, "Hey, what's your name?"

Huang Zhenyu snorted coldly and glared at Xia Ruofei.

Xia Ruofei did not wait for his reply and continued, "I don't know his name, but he's from the provincial entertainment channel. You'll find out once you get your people to check. I want him to lose all his reputation and suffer a fate worse than death!"

Song Rui replied without hesitation, "OK!" I'll immediately get the head of the publicity department of the Ganjiang Provincial Party Committee to personally handle this matter!"

Xia Ruofei thought for a while and added, "By the way, this grandson went to class monitor Luo's house to make trouble this morning, so I gave him a little punishment and taught him how to behave! If you have any leaders you are familiar with in the political and legal department, you should also give them a call. Don't leave any traces behind!"

"Understood!" Song Rui said. Then, he asked with a smile, "Ruofei, what's the level of your 'small punishment'?"

Xia Ruofei replied indifferently, "I didn't really hit him. I just took out a tooth and broke his legs. I'm already very kind with my bad temper!"

Song Rui was stunned for a moment before he muttered, "Fuck! I have to say, you F \* cking ... Well done!"

### **Chapter 830: Shattered fantasy (1)**

Song Rui didn't say anything else and treated this matter as his own. The Song family's connections in Ganjiang province were all mobilized.

At the Luo family's Gate.

After Xia Ruofei hung up, he smiled and said, "Fellow villagers, disperse! There's no need to surround me so tightly ..."

The third granduncle, who had guided Xia ruofei at the village entrance yesterday, said worriedly, "Little descendant, if we don't keep a close eye on these guys, what should we do if we report them to the authorities?"

Xia ruofei laughed and said, "old man, it's fine!" I'll watch them and they won't have a chance to call the police! Besides, we're not afraid even if we call the police. This kid can't even save himself now, he can't do much more ..."

The villagers were convinced by Xia ruofei's words, so they quickly dispersed and no longer surrounded the three of them.

However, these simple and honest villagers were not at ease to leave. After dispersing, they stayed in the vicinity and chatted in twos and threes.

Huang Zhenyu had heard Xia ruofei's phone call with his own ears. He was a little nervous, but at the same time, he didn't believe it. He felt that Xia ruofei was bluffing. He could already see that Xia ruofei was Luo Zhicheng's comrade. What power could a foreigner have in Ganjiang province? Moreover, Xia ruofei had been talking about the head of the publicity department of the Ganjiang Provincial Party Committee and the head of the political and legal department. It was as if Ganjiang province was run by his family. This was even more unbelievable.

"Hey! What do you want?" Huang Zhenyu asked sternly, "let us go quickly! Otherwise, you'll be charged with illegal detention!"

Xia ruofei looked at Huang Zhenyu indifferently and said, "Don't worry, your leader will come to pick them up later!"

"Tsk! Do you really think that Ganjiang province is your family's business?" Huang Zhenyu said disdainfully, "stop bluffing! Hurry up and let us go!"

Xia ruofei couldn't be bothered with this clown – like reporter. He pouted and walked away.

No matter how efficient Song Rui was, he would definitely need time. Moreover, Guhuang County was still in the mountains. It would take time for the people from Gan River to arrive.

Hence, Xia ruofei simply asked a villager to bring some stools from Lin Yue 'E's house and invited everyone to sit down and rest. He even took out some cigarettes and distributed them to the villagers. Then, he also took a stool and sat not far away from Huang Zhenyu and the other two.

As for Huang Zhenyu and the two cameramen, naturally, no one would get them a stool. Huang Zhenyu fell to the ground and groaned in pain from time to time, while the two cameramen squatted down dejectedly.

Xia ruofei smoked his cigarette calmly, looking very confident.

Whether it was Huang Zhenyu's group of three or the villagers, they were all a little apprehensive. Huang Zhenyu and the rest were worried that Xia ruofei was not bluffing. If he really had a strong backing, they would be in deep trouble. On the other hand, the villagers were worried about the opposite. They were afraid that Xia ruofei had deliberately made the phone call in front of everyone to save face. The problem could not be solved if the stalemate continued.

The Luo family's funeral procession carried aunt Luo's coffin out of the door and went up the mountain to the graveyard. Lin Yue 'e, who was wearing mourning clothes, looked at Xia ruofei worriedly as she left the house. Xia ruofei returned her a confident smile.

Time passed by just like that. The atmosphere at the scene was quiet and somewhat oppressive.

After about half an hour, Huang Zhenyu's phone suddenly rang, breaking the oppressive atmosphere.

Huang Zhenyu was shocked and subconsciously looked at Xia ruofei. Although Qianqian refused to admit it, Huang Zhenyu was indeed scared of Xia ruofei.

Xia ruofei pouted and looked to the other side. He was obviously not going to care about him answering the phone.

Only then did Huang Zhenyu carefully take out his phone. In the process, many scenes of the hostage-taker's clever suggestion to call the police flashed through his mind. He thought about how to subtly convey the news of his imprisonment through the person who called.

However, when he saw the caller's number, all these messy thoughts were swept away.

It was Lu Yang, the director of the provincial entertainment channel, who was the head of the entertainment channel. For Huang Zhenyu, even the director of the reporter Department was an important figure that he could not get close to, let alone the channel's director. He had only been selected to be transferred to the entertainment channel by bribing a Deputy Director of the reporter Department.

On his first day of work, Huang Zhenyu had entered the phone numbers of all the channel leaders in his contacts book into his phone. However, he was not qualified to contact leaders at Lu Yang's level, so he naturally did not call even once.

Huang Zhenyu did not expect director Lu to call him personally this time.

He said in his heart, "could it be that my luck is going to change?" "Recently, I've had a lot of highlights in my work. I've caught a few pieces of breaking news in a row. Even director Lu has noticed me ..."

It had to be said that Huang Zhenyu's utilitarian heart was really too strong. It was just a call from a channel director, but at this time, he had completely thrown his current unfavorable situation out of the clouds.

Huang Zhenyu held all kinds of fantasies of soaring to the sky and hurriedly answered the phone.

"Director Lu, Hello!" He said in a flattering tone. May I ask for your instructions?"

Lu Yang's cold voice came from the phone, "You're Huang Zhenyu from the press department?"
