### Chapter 931: Meeting an “old friend” in a foreign land (1)

Tan Lili emphasized the word “vacation” with a sense of superiority on her face. It seemed that “vacation” in Australia was much more advanced than “vacation” in Australia.

When tan Lili’s boyfriend, Zheng Peng, saw Lin Qiao for the first time, he couldn’t help but be amazed.

In all fairness, tan Lili’s appearance was above average. Compared to girls her age, her body was clearly more mature. Her curvy figure was enough to make many men fascinated.

However, she was not as good as Lin Qiao.

Although Lin Qiao didn’t put on any makeup, her natural beauty and well – proportioned figure were much more charming than tan Lili’s. In particular, her elegant and refined temperament made tan Lili, who had heavy makeup on, pale in comparison.

Zheng Peng’s eyes were a little hot, and he said enthusiastically, “Hello, beauty! Welcome to Australia! I’m very familiar with the Hunter Valley. If you don’t mind, we can play together!”

Tan Lili was a little dissatisfied with her boyfriend’s behavior. She gave Zheng Peng a sideways glance and said, “You damn ghost! I’m not enough! You still want to get Lin Qiao?”

Zheng Peng suddenly showed an embarrassed look and laughed, “Lili, what are you thinking? Isn’t Lin Qiao your classmate? I’m considered half a host in the Hunter Valley, what’s wrong with entertaining your classmates?”

Lin Qiao looked at Xia ruofei uneasily. She was afraid that Xia ruofei would be unhappy. Seeing that Xia ruofei was standing at the side with no expression, she quickly said, “It’s fine, it’s fine. We’ll be leaving the Hunter Valley tomorrow.”

Xia ruofei looked on coldly from the side and could not help but frown. This couple was really weird. The woman’s vanity was written all over her face, and the man’s behavior when he saw a beautiful woman was even worse. He did not even bother to hide his girlfriend beside him.

It’s really ‘if we’re not family, we won’t enter the same door’!

Just as Xia ruofei was about to leave with Lin Qiao, tan Lili looked at Xia ruofei again and asked with a smile, “Lin Qiao, you haven’t introduced me to your boyfriend yet! What does this handsome guy do?”

Before Lin Qiao could say anything, Xia ruofei smiled and said, “Hello tan Lili, my name is Xia ruofei. I have a small company in China.”

Tan Lili was not surprised when Xia ruofei said that he had a company in China.

After all, those who could travel abroad must have some money. They couldn’t be ordinary workers, right? After all, the cheapest discounted ticket for the two of them would cost more than ten to twenty thousand Yuan.

Of course, tan Lili's judgment was that Xia ruofei's company must be a small one. Although she had just graduated from high school, she was used to judging people by their clothing brands. Xia ruofei, who was worth less than a thousand Yuan in total, did not look like a rich man.

Therefore, tan Lili thought that Xia ruofei was just pretending to be strong. In order to make his girlfriend happy, he took Lin Qiao on an overseas trip.

Zheng Peng, who was beside tan Lili, saw Lin Qiao snuggling up to Xia ruofei like a little bird and felt a burst of jealousy.

"Xiao Xia, what business does your company in China do?" he asked with a smile.

Zheng Peng was only two years older than Xia ruofei. He was an old cow that was eating young grass when he was with tan Lili. However, he called Xia ruofei "little Xia" casually to show that he was superior to others.

Xia ruofei's mind was very calm now. He didn't want to deal with this pair of weirdos at first, but considering that tan Lili was Lin Qiao's classmate, Xia ruofei felt that he might put Lin Qiao in a difficult position if he just left.

Xia ruofei looked at Zheng Peng and said,""My company deals with agricultural products."

Zheng Peng's eyes flashed with a trace of contempt. In his eyes, this was obviously a very "low – end" business. He even secretly speculated that the company Xia ruofei was talking about was not a retail department that sold grain oil, right?

Zheng Peng felt that the possibility was very high. It was easy to register a company now. It was said that even the registered capital in China could be abandoned. It was a pure leather Company, and the application was applied for in a few days.

Thinking of this, Zheng Peng said,""It's not easy to do domestic agricultural products! It's not like Australia, which has modern agriculture. "

Xia ruofei smiled and ignored Zheng Peng.

Unexpectedly, Zheng Peng became more and more enthusiastic. He glanced at Lin Qiao and said with a smile,""Speaking of which, we can be considered half peers! Our family owns a winery in Hunter Valley, and we specialize in wine! However, this winery was also bought by my dad for fun. It's mainly for business friends who want to drink more conveniently. Our family winery produces wine. "

At this moment, tan Lili seemed to have forgotten her boyfriend's coveting of Lin Qiao. She said in a sweet voice,""Zheng Peng, our dad is really generous! A few million Australian dollars just for fun? I heard that our winery is about to cooperate with the largest Golden Oak winery in the Hunter Valley area. I'm sure our future development prospects will be good, right?"

Zheng Peng couldn't help but show a smug look, but he also secretly complained that he had only hooked up with tan Lili two months ago. In fact, he was just playing with her. Now, tan Lili was "our Father" and "our winery", as if she was the young lady. Zheng Peng couldn't help but roll his eyes.

In fact, Zheng Peng was a little tired of playing with tan Lili. After returning to Australia, he rarely contacted her. However, after tan Lili filled in her college application, she contacted him many times, saying that she wanted to come to Australia to see him.

Zheng Peng hadn't had a girlfriend for a while, and since tan Lili was willing to send him that thing from a thousand miles away, he agreed to it. It was only ten to twenty thousand Yuan for the plane ticket.

After tan Lili came to Australia, Zheng Peng didn't dare to bring her home. He directly arranged for her to stay in a hotel in a nearby town. During the few days that tan Lili was in Australia, she mainly accompanied Zheng Peng to do those things in the hotel. Occasionally, she would pester Zheng Peng to accompany her for a tour.

Of course, the vain tan Lili would never mention this in front of her classmates.

Xia ruofei and Lin Qiao looked at each other and couldn't help but smile.

At Xia ruofei's level, he did not even bother to compete with others in terms of wealth, let alone the fact that the other party was just a short – sighted rich second generation.

Xia ruofei smiled and said, "then I wish President Zheng a good fortune!" Tan Lili, we still have something to do, so we'll be leaving first! You guys take your time ..."

Lin Qiao also waved at tan Lili with a smile. Then, the two of them turned around and prepared to leave.

"Wait!" Zheng Peng said quickly.

Xia ruofei couldn't help but frown. This guy was too insensible, which made him very unhappy.

Zheng Peng seemed to ignore Xia ruofei, the "little boss." He said to Lin Qiao with a confident smile on his face, "Lin Qiao, you and Lili are classmates, so you also took the college entrance examination this year? Are you interested in studying in Australia? I still have quite a few connections here ..."

Zheng Peng stared at Lin Qiao after he finished speaking. He was secretly proud of himself. I don't believe you won't be moved!

In Zheng Peng's opinion, once the girls in China heard that there was an opportunity to study abroad or immigrate, all the reserved pretense would be removed and they would become very enthusiastic. As long as he used some tricks later on, supplemented by money, it would be easy to get into bed with her.

He had used this trick many times, and it worked every time.

Tan Lili's eyes flashed with jealousy. Her academic performance was poor, and she didn't even pass the college entrance examination. After coming to Australia, she had mentioned to Zheng Peng several times that she wanted to study in Australia, but Zheng Peng had always avoided her.

She didn't expect that Zheng Peng would be in a hurry to help Lin Qiao study abroad today. How could she not be jealous?

"Thank you, President Zheng, but I don't have such plans for the time being," said Lin Qiao.

Then, Lin Qiao pulled Xia ruofei's arm and the two of them walked out of the attraction.

Zheng Peng didn't give up. He even left tan Lili and caught up with her. He smiled and said, ""Lin Qiao, don't be in a hurry to refuse! The opportunity to study in Australia ..."

"I say, how can you be like this?" Xia ruofei finally couldn't hold it in anymore. "Qiao' er already said that she's not interested! The opportunity to study in Australia is so good, you can give it to whoever you want!"

"Little Xia, how can you say that!" Zheng Peng's face darkened as he said, "how can you be so selfish? Lin Qiao is still young and doesn't know how precious the opportunity to study abroad is. Don't you know it too? I think you're afraid that Lin Qiao will break up with you after she studies abroad, so you didn't let me continue!"

Xia ruofei was so angry that he laughed. He did not know what to say to this weirdo.

Seeing Xia ruofei's stunned look, Zheng Peng thought that Xia ruofei was rendered speechless by his rebuttal. He couldn't help but show a trace of pride and continued to say to Lin Qiao, ""Lin Qiao, the university education in Australia is much better than that in China. In the future, you will have the opportunity to obtain permanent residence rights or even citizenship. If you can stay, the social welfare protection here is much better than that in China! I think you should think about it carefully. Don't miss such a rare opportunity!"

Lin Qiao frowned when Zheng Peng was scolding Xia ruofei. She looked at Zheng Peng coldly and said, ""Are you done? I'll go and accompany tan Lili after I'm done! Goodbye, President Zheng!"

"Al! Lin Qiao, think about it ..."

As Zheng Peng spoke, he reached out his hand to pull Lin Qiao. At this time, a hand reached out from the side and grabbed his wrist tightly like an iron hoop. He immediately cried out in pain.

At this moment, Zheng Peng saw that it was Xia ruofei who had grabbed him. He immediately shouted, ""It hurts! Let me go!"

Xia ruofei stared into Zheng Peng's eyes coldly and said, ""I'm warning you, don't pester Qiao' er anymore, or I won't let you off so easily next time!"

After that, Xia ruofei gently pushed and then let go of his hand. Xia ruofei's light push made Zheng Peng feel as if a car was pulling him. He suddenly took a few steps back and almost fell on his butt.

He looked at his wrist again, and a red handprint was clearly visible.

### **Chapter 932: The "barbarian" seems to be quite rich\_1**

"You ... How can you be so barbaric!" Zheng Peng shouted angrily.

Xia ruofei glanced at Zheng Peng and said, ""I'm only barbaric to scumbags like you who deserve a beating! If you're not convinced, you can come and practice again!"

Xia ruofei clenched his fist and smiled disdainfully. He raised his chin at Zheng Peng.

Being stared at by Xia ruofei, Zheng Peng suddenly felt cold all over as if his blood had frozen. He even felt like he was being stared at by a poisonous snake. He could not help but shiver and avoided Xia ruofei's eyes guiltily.

Xia ruofei had only released a little spiritual pressure, but Zheng Peng was already scared out of his wits.

This kind of weirdo could enthusiastically hit on another girl in front of his girlfriend, and the girl who was hit on was with her "boyfriend". After being rejected, she was still so shameless. It could be seen how bad her character was.

Naturally, Xia ruofei would not be nice to such a person.

"Qiao' er, let's continue!" Xia ruofei said indifferently.

"En!" Lin Qiao nodded heavily and didn't even look at Zheng Peng. She held Xia ruofei's arm tightly and almost leaned her whole body on Xia ruofei, just like a couple in love.

Zheng Peng originally wanted to say a few words to save face, but after being swept by Xia ruofei's bone – chilling gaze, he couldn't say a word. He could only watch Xia ruofei and Lin Qiao turn and leave.

Tan Lili didn't look too good either. Seeing Zheng Peng's dejected look, she couldn't help but sneer, "Lin Qiao is a top student who scored more than 600 points in the college entrance examination. She has long been accepted by Heron Island University. Do you think she would be interested in Australia's diploma mill?"

"Lili, I'm just trying to help her out for your sake," Zheng Peng laughed. I didn't expect her boyfriend to be so barbaric ..."

Tan Lili pouted and said, "don't think that I can't see through your little scheme. You're only so attentive because Lin Qiao is a beautiful woman." I don't know if I was bewitched by a ghost back then, that's why I fell for you ..."

"Can you stop talking?" Seeing tan Lili's unyielding attitude, Zheng Peng felt a little embarrassed.

At this time, tan Lili saw Xia ruofei and Lin Qiao, who were not far away, stopped and talked to two girls.

"No way? They have acquaintances in Australia?" Tan Lili asked curiously. She had forgotten about Zheng Peng's anger.

"Let's go and take a look ..." Said Zheng Peng.

"Haven't you embarrassed yourself enough?" Tan Lili couldn't help rolling her eyes.

"This road isn't opened by them. Besides, if we want to go back to the hotel, we have to go through here, don't we?" Zheng Peng laughed.

Actually, he wanted to see what Xia ruofei was going to say to the two girls. More importantly, the two girls looked pretty and had attractive figures.

After Zheng Peng finished speaking, he took the lead and walked over.

Tan Lili stomped her feet in anger. She hesitated for a moment, but still followed.

Xia ruofei and Lin Qiao were stopped again before they could take two steps. This time, the person called them “Mr. Xia.” He also felt a little incredulous. Even in China, it was rare to meet acquaintances like this one after another, right? What was going on today?

Xia ruofei stopped in his tracks and turned around. He was stunned for a moment, then he smiled and said, “It’s Purser yang! What a coincidence!”

It turned out that the person who had called out to Xia ruofei was the chief flight attendant of their flight to Australia. Xia ruofei vaguely remembered that her name tag read “yang” or something.

“Yup! Mr. Xia, we flew to Australia again yesterday, and our flight hours are up, so we’re staying here to rest for a day. We’ll return to China tomorrow.” Purser yang said with a smile, “I’ve not imagined that I could meet you again. It’s really fate!”

There weren’t many first – Class passengers to begin with. Furthermore, the first – Class tickets for such long – distance flights were extremely expensive. Most of the time, they were empty. Hence, Purser yang had a deep impression of Xia ruofei.

Of course, this alone was not enough for Chief Steward yang to be so enthusiastic about Xia ruofei.

It was mainly because little Haoran had suddenly fallen ill on the plane. At that time, Tang Yitian was already anxious like an ant on a hot pot. He even pulled the chief flight attendant and asked the plane to return immediately.

At that time, the situation was so urgent that Xia ruofei, who had stepped out and successfully saved little Haoran, naturally left a good impression on the crew.

“Let’s go back on Egret Island Airlines’ flight. Who knows, we might even run into you guys!” Xia ruofei chuckled.

“How can there be such a coincidence?” Chief Steward yang smiled and said, “our flight crew does not fly on a fixed route, so the probability of us meeting each other is very low.”

Just then, Xia ruofei saw the Mercedes – Benz from Paradise Farm slowly driving over. He smiled and said, “Purser yang, my friend is here to pick me up. We’ll go back first!”

The beautiful flight attendant next to Purser yang said, “Handsome, it’s fate that we’ve met. Give us your phone number!”

Xia ruofei laughed and said, “I can’t ask for more!”

With that, Xia ruofei gave his phone number to the two of them. The flight attendant and Purser yang took out their phones and recorded the number. They then called Xia ruofei.

Hearing Xia ruofei’s phone ring, the beautiful flight attendant smiled and said, “Handsome, the number starting from 139 is my number. My name is Yuan sisi, and our purser’s name is Yang Ying. Remember to save your number!”

Xia ruofei nodded as he saved the number. Then, he smiled and said, "I've saved it! If you need any help, call me at any time!"

Yang Ying and Yuan sisi waved goodbye to Xia ruofei and Xia Xiaofu with smiles on their faces.

Xia ruofei and Lin Qiao walked to the Mercedes – Benz that Liang Qichao drove.

Liang Qichao and Xia ruofei did not have an ordinary boss – employee relationship. They were good friends. His ingratiating behavior at the airport last time was more of a show – off, so he did not get out of the car today. He just smiled and waved at the two of them from the car.

Xia ruofei opened the car door and got in with Lin Qiao.

Lin Qiao gently pinched the flesh on Xia ruofei's arm and said, "Brother ruofei, you've been in luck recently! Two beautiful girls were fighting to give you their numbers!"

Xia ruofei laughed awkwardly. Liang Qichao, who was sitting in the front row, immediately perked up and asked, "What's the situation? Xia ruofei, aren't you a little too aggressive?"

"Just drive your car!" Xia ruofei said unhappily, "the chief flight attendant and the flight attendant of the flight we were on to Australia met at the scenic Area and chatted for a while. Isn't it normal to exchange phone numbers before we leave?"

"Or an air stewardess? Two!" Liang Qichao said in shock.

He couldn't help but turn to look at Xia ruofei with eyes of worship.

Lin Qiao couldn't help but giggle.

Xia ruofei whispered in Lin Qiao's ear, "Qiao'er, I haven't scolded you yet! Why don't you explain our relationship to your classmate?"

Lin Qiao's pretty face became slightly hot, but she said stubbornly, "Tan Lili loves to show off the most. I saw her with her boyfriend, so of course she wouldn't want to lose to him! Brother ruofei, you're my brother! Can't you even help me at the critical moment?"

"Okay, okay, okay ..." Xia ruofei said helplessly, "I'm not your brother anymore. You're my sister ... No, you're my great aunt ..."

Lin Qiao couldn't help but burst out laughing. She hit Xia ruofei and said, "Am I that old? You're so annoying!"

.....

At the entrance of the Hunter Valley's garden, Zheng Peng and tan Lili also saw Xia ruofei and Lin Qiao sitting in the big Benz. They looked at each other in surprise.

Although the price of foreign cars was not very expensive, a luxury car like the Mercedes – Benz S – Class was still not something that the working class could afford.

More importantly, they were in Australia. If Xia ruofei and Xia Xiaofei were backpackers, why would there be a Big Ben to pick them up?

“What does your classmate do?” Zheng Peng couldn’t help but ask in a low voice, “you’re so awesome even overseas!”

“I don’t know! “Lin Qiao is very low – Key in school. She doesn’t seem like a child from a rich family ...” Tan Lili also said blankly.

She rolled her eyes and walked up to Yang Ying and Yuan sisi. She smiled and asked, “Hello, are you also Xia ruofei and Lin Qiao’s friends?”

Yang Ying and Wang Yao were also about to leave in the car, but they suddenly heard someone greeting them in Chinese, so they stopped.

“Are you also Mr. Xia’s friends?” Yang Ying asked, a little surprised.

“We’re from Egret Island Airlines,” she said with a smile. “We met Mr. Xia on the plane, so ... We’re not friends yet, right?”

At the side, Yuan sisi said mischievously, “Sister yang, how can we not be friends? we’ve even exchanged phone numbers!”

“You ...” Yang Ying couldn’t help but poke Yuan sisi’s forehead with her finger.

Yuan sisi was a lively person by nature. She was the one who suggested exchanging numbers with Xia ruofei. If it was Yang Ying who had a calm personality, she would not have taken the initiative.

In fact, Zheng Peng and tan Lili were not far behind them and had heard Xia ruofei call Yang Ying “Purser yang”. So, tan Lili just wanted to confirm it and also wanted to know if they had known each other before.

After getting the answer, Zheng Peng said in surprise, “Do you air stewardesses all have such good memories? You guys fly on flights every day, and there are at least two to three hundred people on each flight! You can even remember their names?”

Yuan sisi pouted. “There are many passengers on the plane, but there are only a few first – Class passengers. Besides, Xia ruofei is a handsome guy. Of course, we can remember him!”

“First class!” Zheng Peng couldn’t help but be stunned.

He often traveled back and forth between China and Australia, so he was very clear about the price of air tickets. He knew that Heron Island Airlines’ flight was a direct flight from the three mountains to Sydney. The ticket price was very expensive, and the first – Class cabin was even more outrageous. A single trip would cost at least 20000 Yuan.

Even he was reluctant to sit in first class. At most, he would buy a business class ticket for comfort.

Was that barbarian even richer than him? Zheng Peng couldn’t help but be a little confused ...

### **Chapter 933: the same (1)**

Tan Lili was also dazed when she heard that Lin Qiao came to Australia in first – Class.

She was a prideful person and had bragged about her 'vacation' in Australia to her classmates many days in advance. She didn't expect Lin Qiao to come to Australia without a sound and even take the most luxurious first – Class cabin.

Tan Lili thought about how she was squeezed in the economy Class, where she couldn't even straighten her legs, and how she had to transfer planes twice. It took her more than 20 hours to reach Australia. She couldn't help but feel aggrieved and looked at Zheng Peng resentfully.

In fact, her relationship with Lin Qiao in school was quite ordinary. They didn't even add each other on WeChat. Otherwise, she would not only see the luxurious first – Class cabin in Lin Qiao's circle of friends, but also the photo of Lin Qiao and the world – Class star Jennifer.

If tan Lili knew that Lin Qiao and Jennifer were as close as sisters, she would be so shocked her jaw would drop.

Zheng Peng was not in the mood to hit on the pretty girl. He took tan Lili and said goodbye to Yang Ying before leaving the Hunter Valley Garden.

The two of them sat in Zheng Peng's Ford, and neither of them was in the mood to talk.

Zheng Peng was rubbing his wrist as he drove. Not only did he lose face today, but his wrist was also swollen from Xia ruofei's grip. He was full of resentment.

After a long while, Zheng Peng finally couldn't stand tan Lili's resentful look and couldn't help but say, "Lili, don't be unhappy ..."

"Hmph! I'm just not happy! Other than being good at studying, what else is better than me? Why does she have such good luck to find a rich and doting boyfriend?" Tan Lili pouted.

Zheng Peng thought to himself, she's not only good at her studies, but she's also prettier than you!

However, he definitely wouldn't say this out loud. He just smiled and said, "Hey! It's her business if she's lucky. We just have to live our own lives! Besides, it was hard to say whether her boyfriend had money or not! There are so many people who are pretending to be good these days ..."

Tan Lili was so angry that she couldn't help but glare at Zheng Peng and said, "Then why don't you slap yourself in the face and pretend to be fat for once? Besides ... You don't have to slap yourself in the face to buy a first – Class ticket, do you? I'm so tired that I'm almost paralyzed from the journey!"

"And ..." Tan Lili couldn't help but glance at Zheng Peng and ask, "what's wrong with you today?" You can't move after seeing a beautiful woman, right? I'm telling you, if you dare to let me down, I ... I'll die in front of you!"

Zheng Peng was annoyed. If it wasn't for the fact that tan Lili was quite obedient in bed, and he hadn't made friends with other women recently, he really didn't want to coax this vain woman.

However, he wasn't tired of playing with her yet, so he still had to coax her when he needed to.

While driving, Zheng Peng reached out to touch tan Lili's little hand and said, "Li Li, don't be angry! I'm only talking to her because she's your classmate. With her thin and small body, how can I be interested? I still prefer the mature and plump type like you!"

Dear readers!you are reading on our content stealing site.Please copy and search this link "<https://bom.so/sBJMla>" to support us

"Really?" Tan Lili looked at Zheng Peng with red eyes and asked.

"Of course it's true!" Zheng Peng was lying through his teeth.

Then, he said,"baby, don't be angry anymore!" Haven't you always been living a life of the upper class? There's a high – Class reception tonight, I'll Take You There to see ..."

"Really?" Tan Lili's interest was piqued. She glanced at Zheng Peng and asked,"are you not afraid of your parents?"

"They went to Canberra today for business," Zheng Peng said indifferently."I'm the full representative of the winery, so isn't it normal to bring a female companion?" Just tell me if you want to go or not!"

"Of course I want to go!" Tan Lili was overjoyed and didn't bother to be angry with Zheng pengxuan.

She even leaned over and kissed Zheng Peng on the face, saying sweetly,""My dear, thank you ..."

.....

In the Mercedes – Benz, Liang Qichao said while driving,""Oh right, ruofei, I'm afraid you'll have to attend the party tonight."

After saying that, Liang Qichao took an invitation from the console and handed it to the person in the back.

Xia ruofei was puzzled."You're the person in charge of Paradise Farm. No matter how high the standard of this party is, it's enough to have you attend!"

"Why don't you open it and take a look?" Liang Qichao said, grinning.

Xia ruofei opened the invitation in confusion. Then, he realized that the invitation was for West Winery.

"Uncle Carter sent this to the farm this afternoon," Liang Qichao said."He and Auntie caitley will be flying to Melbourne in the afternoon and won't be able to attend the party. So, they'll have to invite you, the boss behind the scenes, to attend!"

Xia ruofei smiled and said,"it doesn't matter if you attend this kind of reception, right?" The West Winery is about to face a business transformation, and its main market may not be in Australia in the future. "

At this moment, Lin Qiao snatched the invitation from Xia ruofei's hands and glanced at it,""Brother ruofei, why don't you go? I can eat and drink for free, and I don't even need to give anything. Just take it as going to see the world!"

"Free gift ..." Xia ruofei didn't know whether to laugh or cry.

"Come on, come on ..." Lin Qiao shook Xia ruofei's arm and said,"I've never attended such a high – end party before!" Take me there to gain some experience!"

"Brother Liang, can I bring a female companion?" Xia ruofei asked helplessly.

“Of course!” Liang Qichao said, “if Lin Qiao were to participate, she would definitely outshine those foreign girls!”

Xia ruofei looked at Lin Qiao with affection and said, “Alright! Then let’s go together.”

“Yay! Brother RUO Fei is the best!” Lin Qiao raised her arms and cheered.

Xia ruofei was also helpless against Lin Qiao. He shook his head with a bitter smile. Since she wanted to go and have fun, he would go. Anyway, there was nothing to do at night. Moreover, the night at Paradise Farm was very quiet. It was indeed a bit lonely for young people.

It was no wonder that Liang Qichao had said that Paradise Farm’s environment was good for traveling and vacation. If they stayed here for a long time, they would really be unable to stand it.

The evening’s reception was held at the bogolbins pise Vineyard Hotel in the Hunter Valley area. This hotel was only a 20 – minute drive from Paradise Farm, so Xia ruofei and the others had plenty of time.

Formal attire was necessary for an event like a banquet.

Xia ruofei had a ready – made set of clothes. When he went to Shen Cheng to participate in the truffle auction, MA Xiong had asked someone to prepare two suits from Italy’s high – end men’s clothing brand Brioni in advance. Each suit was sold for more than 5000 US dollars, so it was more than enough for Xia ruofei to attend such an occasion.

Moreover, this brand’s suits were not as well – known as big brands like Versace and Armani. Even the LOGO was embroidered on the inner lining of the clothes. If one was not very familiar with high – end custom – made brands, one would not be able to see it. It was rather low – Key, which suited Xia ruofei’s style.

Lin Qiao was just a high school graduate, so she didn’t wear formal clothes. But that wasn’t a problem.

The Hunter Valley area was a tourist destination, so there were naturally various shopping centers. As the rich in China had increased in recent years, some luxury stores that catered to the interests of the Chinese had emerged. It was easy to buy a suit.

On the way back to the farm, they turned into a shopping mall and bought an evening dress for Lin Qiao after trying it on several times.

The evening gown was a ready – made one from Chanel, so Youyou would be using it tonight, so she definitely wouldn’t have time to tailor make it.

However, after careful selection, this evening dress was very suitable for Lin Qiao.

After everyone returned to the farm, Xia ruofei and Lin Qiao went back to their rooms and strolled around the Hunter Valley Garden for a long time. They all wanted to take a shower first.

Clothes make the man. Xia ruofei usually liked to dress casually and casually. However, after changing into a well – fitting high – end suit, his entire aura was completely different from usual.

It was somewhat reserved and luxurious, and at the same time, that lazy smile gave people an inexplicable sense of friendliness.

Girls always took a longer time to get dressed. Xia ruofei and Liang Qichao waited for another half an hour before they heard footsteps coming from the stairs.

Xia ruofei looked up at the stairs and met Lin Qiao's eyes.

When they saw each other, their eyes lit up.

It was Lin Qiao's first time seeing Xia ruofei dressed so formally. When Xia ruofei, who was wearing a dark gray suit, glanced at her, she felt her heart racing.

When Xia ruofei saw Lin Qiao in the evening gown, he couldn't help but feel amazed.

Although the evening gown was chosen together with Xia ruofei, Lin Qiao had just finished her bath and put on the dress. She put on the crystal shoes and her aura was completely different from when she tried it on in Chanelle's boutique.

She was wearing a white tube top dress with a short velvet shawl coat. The delicate side of the dress showed off her fair legs. She wore a Lotus – colored top hat on her head, and under the brim of the hat were her clear and bright eyes and curved eyebrows. The girl's lovely temperament had a touch of playfulness.

Her long eyelashes trembled slightly. Because of Xia ruofei's gaze, the young girl's face showed a trace of shyness.

Looking at Lin Qiao, who was like a fairy, Xia ruofei couldn't help but be dazed ...

#### **Chapter 934: Banquet in the manor (1)**

Liang Qichao couldn't help but exclaim in his heart, "This was the perfect match, the golden couple!

In contrast, although he was also wearing an Armani suit, his slightly bloated figure did not give him a high – Class aura. Instead, he looked like a nouveau riche.

Liang Qichao couldn't help but feel a little depressed.

Lin Qiao looked a little shy and said, "Brother ruofei, What are you looking at? Don't you recognize me?"

Xia ruofei came back to her senses and smiled. "I almost couldn't recognize her. It turns out that our Qiao'er is so beautiful in an evening gown!"

Lin Qiao was overjoyed. It was as sweet as honey. She smiled at Xia ruofei with a blushing face and walked down the stairs while lifting her dress.

"Brother ruofei, you're so sweet – tongued, is this how you managed to trick sister – in – Law?" Lin Qiao walked to Xia ruofei and smiled.

"What do you mean by lying?" Xia ruofei said, "Qingxue and I are in love and we are childhood sweethearts, okay?"

Liang Qichao couldn't help but give Xia ruofei a thumbs – up in his heart when he saw Xia ruofei talking about him and his girlfriend in front of the beautiful woman.

Only Xia ruofei was slow in this aspect. Even Liang Qichao could tell that Lin Qiao was looking at Xia ruofei weirdly.

It was almost Sixo' clock in the evening. The three of them set off immediately after they were ready.

Paradise Farm was not far from boggalbin. After about 20 minutes, Liang Qichao's Mercedes – Benz arrived at Spicer Vineyard Hotel.

This Manor – style hotel was considered high – end in the entire Hunter Valley area. It had top – notch luxurious decorations, a beautiful and quiet environment, and a vast vineyard scenery.

Every room in the hotel was located in the rolling vineyard and local bushes, as romantic as a forest hut in a fairy tale.

In order to provide the most private and comfortable living experience, this hotel only had eight rooms.

Of course, the reception was held in the main banquet hall of the hotel. The people who attended the reception tonight were the people in charge of the wineries and farms in the Hunter Valley area, so there was no need for a room.

The car passed through the quiet forest path. Along the way, they could see individual villas hidden by the green trees, as well as swimming pools and small golf courses of various designs.

The small parking lot was filled with all kinds of luxury cars. Brands like Mercedes – Benz and BMW were not eye – catching here. Xia ruofei even saw two Bentleys.

After parking the car, Xia ruofei and the other two walked into the banquet hall of the hotel's main building.

At the entrance of the hall stood four cold – looking Men in Black. Although the lights were on, they were still wearing sunglasses, and they looked around from time to time.

The Man in Black checked Xia ruofei's and Liang Qichao's invitation cards carefully and made an inviting gesture to let the three of them in.

Xia ruofei noticed that one of the four men was black, one was white, and the other two had yellow skin and black hair.

Liang Qichao laughed and said in a low voice,""Ruofei, the boss of this distributor is Chinese, so he has quite a few Chinese people working for him. However, whether it's their boss or their bodyguards, most of them came to Australia a few generations ago. So, other than the difference in their looks, they are actually native Australians. "

“The legendary Banana Man!” Xia ruofei laughed. Suddenly, he had an idea and asked in a low voice, “you’re saying that the boss of this Distributing Company is Chinese? It can’t be Tang Yitian from the Mei ya group, right?”

“You know about the Meiya group too?” Liang Qichao asked, surprised. It seems that you have done your homework! Maya’s Chairman Ethan. I think Tang’s Chinese name is Tang Yitian!”

Liang Qichao’s knowledge in Australia was different from his knowledge in China. Tang Yitian always used his English name in the media and in some formal occasions. In fact, it was the name on his ID card. The name “Tang Yitian” was given by his father according to the family tree.

On the plane, Xia ruofei had heard Jennifer call Tang Yitian “Irene.”

“Is the Maya Group very powerful in Australia?” Xia ruofei asked.

He had only learned a little from Lin Qiao. As for Tang Yitian, he certainly wouldn’t boast in front of him.

Liang Qichao said exaggeratedly, “just remove the ‘is’.” Maya is Australia’s retail giant. Among the three biggest supermarket chain brands in Australia, Maya is also the well – deserved leader. It’s no exaggeration to say that if we can get the support of Maya supermarket, our Paradise Farm will be able to dominate Australia. Even if we don’t have the advantage in the quality of Taoyuan vegetables, we can still sell well in all of Australia!”

“That’s amazing ...” Xia ruofei couldn’t help but click his tongue. Then, he asked, “will Tang Yitian be attending tonight?”

Xia ruofei thought that if Tang Yitian attended the party, he could introduce Liang Qichao to him. Then, Paradise Farm wouldn’t have to worry about the distribution channel anymore, and Liang Qichao could focus on making good products.

“I don’t think it’s possible.” Liang Qichao said, “today’s only a party for the suppliers in Hunter Valley. I think it’ll be a very high standard if the person – in – charge of New South Wales can attend.”

“I know,” Xia ruofei nodded.

If Tang Yitian hadn’t come, Xia ruofei wouldn’t have called him to tell him about it. Anyway, he would be going to Sydney to meet him soon, so he could just mention it.

In consideration of social etiquette, Xia ruofei and Liang Qichao spoke in very low voices. Lin Qiao, on the other hand, was busy admiring the beautiful decorations and exotic furnishings in the hall and did not notice what they were talking about.

There were many soft long sofas and single sofas in the banquet hall, and there were exquisite desserts on the long tables against the wall. Many waiters in black waistcoats shuttled through the crowd with trays, ready to serve the guests at any time.

There was a white grand piano in the corner of the hall, and a white performer in a tuxedo was playing the piano with great focus. Soothing piano music flowed in the hall.

The guests were either sitting or standing, elegantly holding their glasses and talking in small groups.

The New South Wales branch of the Maya Group would hold such parties every season. The purpose was to strengthen communication between the suppliers. For the suppliers, it was also a good opportunity to communicate with each other and improve their relationship with the Maya Group.

Lin Qiao, who was like a fairy in a flower, immediately attracted a lot of attention when she entered the hall. This evening dress almost perfectly set off her oriental charm and a trace of playfulness at the same time, so many people turned their heads.

Some young people raised their glasses to Lin Qiao in a friendly manner.

On the way, Xia ruofei introduced some social etiquette to Lin Qiao. However, when they entered the banquet hall, Lin Qiao still looked a little nervous.

Xia ruofei gently patted Lin Qiao's hand on his arm and said, ""Relax, can't you see that your beauty has conquered everyone? It'll be fine to just say hello to them. "

Xia ruofei's words seemed to have magic. Lin Qiao's face slowly bloomed into a smile. She nodded and reached for a glass of champagne from the waiter's tray beside her. Then, she raised her glass to the people who greeted her.

After entering the banquet hall, Liang Qichao and Xia ruofei split up.

He had been in Australia for almost a year, so he naturally had a lot of acquaintances in the Hunter Valley area. Therefore, he shuttled through the crowd with a glass of wine in his hand and chatted with people from time to time.

Xia ruofei and Lin Qiao strolled around the main hall for a while. After eating a few desserts, they found an empty sofa and sat down to rest.

On the other side of the hall, a young man and a young woman were sitting and talking.

The two of them were Zheng Peng and Tan Lili.

Tan Lili, who had never been to such a high – end cocktail party before, was like a grandmother who had just entered a Grand View Garden. Her face was glowing.

Because she was dressed very sexily today, a deep V – neck purple evening dress set off her full figure, especially her perky breasts, which attracted a lot of hot eyes.

Tan Lili was very vain, so she was naturally happy to receive so much attention.

From time to time, she would raise her glass to the people who greeted her. Sometimes, she would even bow slightly, appearing elegant and calm.

"What do you think, baby? It feels good, right?" Zheng Peng put his arm around Tan Lili's waist and asked with a smile.

Zheng Peng also felt very proud of his female companion.

"Very good!" Tan Lili said happily, "it's just like the life I imagined in the upper class! My dear, you have to bring me to more of these events in the future!"

“No problem ...” Zheng Peng gave an empty promise.

Tan Lili’s gaze was a little dazed as she looked in a certain direction and mumbled to herself, “”Why are they here?”

“Who is it?” Zheng Peng said as he looked in the direction of tan Lili’s gaze.

Then, his face darkened as he saw Xia ruofei and Lin Qiao.

Tan Lili didn’t look too good either. Lin Qiao was like a beautiful little princess today, attracting a lot of attention like a magnet, which made tan Lili very uncomfortable.

Zheng Peng’s eyes flashed with a dark look, then he said with a smile, “”Lili, since your classmate is here, let’s go and say hello?”

Tan Lili couldn’t help but look at Zheng Peng and said, “”What are you saying hello for? Lin Qiao’s boyfriend is so wild, aren’t you afraid ...”

“What kind of occasion is this?” Zheng Peng sneered. Would he still dare to make a move? I can’t wait for him to hit me! Don’t you see those big Men in Black around us? Let me tell you, he’s a real member of the Chinese society. ”

Zheng Peng paused for a moment before he continued, “”Have you heard of the righteous Association? Back then, Ethan. Tang was the leader of the righteous Association. He had wiped out the Vietnam gang and the Indonesian gang in New South Wales, and even shocked the entire underground world of Australia! But now, Ethan. Although Dunn has already cleared his name, whoever dares to make trouble in his territory is courting death!”

Tan Lili’s eyes lit up when she heard that. “”The boss of the Chinese society? That Ethan. Don’t you think Dunn is very impressive?”

Zheng Peng glanced at tan Lili and said, “”Don’t be so smitten! A person at eldest brother Tang’s level is not someone we can come into contact with! Let’s go over and say Hello, I’m just thinking of checking him out!”

“What bottom line?” Tan Lili asked in confusion.

“If he didn’t sneak into the hotel, then he must be a farm owner or a winery owner in the Hunter Valley area. But I’ve never heard of such a person before!” Zheng Peng sneered.

## **Chapter 935: Brodie (1)**

Xia ruofei was talking to Lin Qiao in a low voice when tan Lili’s voice came from the side, “”Lin Qiao!”

The two turned around and saw Zheng Peng and tan Lili walking over with wine glasses in their hands.

Zheng Peng avoided Xia ruofei’s eyes but quickly regained his composure.

When he saw Lin Qiao, who was dressed in a white gown and looked like a flower Fairy, a trace of burning desire flashed in his eyes.

Xia ruofei frowned slightly. Zheng Peng's burning gaze disappeared in a flash, but how could Xia ruofei not notice?

In fact, Xia ruofei's five senses were now very sharp. He had already noticed Zheng Peng and tan Lili not long after he entered the banquet hall. However, he had never thought of paying attention to them. He did not expect them to take the initiative to approach him.

One shouldn't hit a smiling person. Seeing tan Lili sitting down on the side sofa with a smile, Lin Qiao forced a smile and greeted them. Xia ruofei, on the other hand, nodded slightly.

Zheng Peng was sure that Xia ruofei would not dare to be violent in this situation. The trace of timidity disappeared without a trace.

Zheng Peng held his glass and showed a smile that he thought was very charming. He asked, "Little Xia, I didn't expect to meet you here again! Tonight's party is for the Mei ya group to entertain the regional suppliers of Hunter Valley. Do you have a business in Hunter Valley too?"

Xia ruofei glanced at Zheng Peng and said, "I bought a winery recently. Do you have any advice for me, President Zheng?"

Xia ruofei's casual tone was the same as Zheng Peng's in the Hunter Valley's garden in the afternoon. Zheng Peng's face froze.

Then, he pretended to be very interested and quickly asked, "Oh, really? It seems that we are still of the same profession! My family's Wilkinson winery is one of the top wineries in the Hunter Valley region! Maybe we'll have the opportunity to work together in the future! Oh right, I almost forgot to ask. Which winery did you buy, little Xia? There are hundreds of wineries in Hunter Valley, I've heard of them all."

"Have you heard of West Winery, President Zheng?" Xia ruofei asked indifferently.

"West Winery?" Zheng Peng deliberately looked like he was deep in thought. He pondered for a while and said, "I seem to have some impression. As far as I know, this should be a small winery, right? But little Xia, you're so young and you already have a winery in Australia. It's not bad!"

Zheng Peng's tone was like that of an old man, as if his family's Wilkinson winery was superior to others. He did not consider that Wilkinson winery was his father's business and he was just a rich second generation, while Xia ruofei had bought a winery with his own ability.

Xia ruofei's lips curved up slightly, but he did not respond to Zheng Peng.

At his level, he disdained to compete with Zheng Peng for the limelight. In his opinion, it was a very childish move.

Zheng Peng felt very proud and said in a guiding tone, "Xia, it's not easy to do wine business in Australia these days! Especially for a small winery like yours, your brand awareness is not high, your production capacity is limited, and your distribution channels are strong. It should be difficult for you to survive, right? I'll go back and tell my father to take care of you in the business! After all, we're all Chinese!"

After Zheng Peng finished speaking, he couldn't help but glance at Lin Qiao. He felt that his image had become much taller, as if he was saying, "Don't think that your boyfriend looks rich, he's still far from me!"

Lin Qiao ignored Zheng Peng and held Xia ruofei's arm tightly from the beginning to the end. She seemed to be focused on Xia ruofei.

Xia ruofei smiled noncommittally and said to Lin Qiao, "Qiao' er, are you hungry? Do you want me to get you something to eat?"

Lin Qiao slightly raised her head and smiled, "Alright! Let's go together!"

Zheng Peng saw that the two of them ignored him and even completely ignored his existence. He couldn't help but be a little angry, and his eyes revealed a bit of resentment.

At this moment, a voice rang out, "Beautiful Eastern lady, may I have the honor of being your friend?"

Tan Lili's eyes lit up but quickly dimmed as she saw a tall and handsome white man looking at Lin Qiao with a smile.

Before Xia ruofei and Lin Qiao could say anything, Zheng Peng looked surprised and shouted, "Mr. Brodie! Hello, hello!"

Brodie, who was recognized by Zheng Peng, was about 27 or 28 years old. He had a handsome appearance and a head of blond hair. He was wearing a navy blue Kiton custom – made suit that fit him very well, which complemented his tall figure and Noble temperament.

Brodie looked at Zheng Peng, clearly not recognizing him. In the eyes of Westerners, all Easterners looked the same, except for beautiful women.

"Mr. Brody, I'm Zheng Peng from Wilkinson winery!" Zheng Peng quickly introduced himself. Zheng Daming is my father. We had a meal together two days ago ..."

Brodie finally revealed a look of realization, and said with a reserved expression, "Oh ... So you're Mr. Zheng's son."

"Yup! Hello, Mr. Brody!" Zheng Peng suddenly felt very proud, and quickly nodded and bowed to greet him.

Brodie's attitude was neither warm nor cold. He told him that his attention was mainly focused on Lin Qiao.

Brodie quickly asked, "Zheng, is this beautiful lady your Chinese friend?" Can you introduce me to them?"

Zheng Peng nodded repeatedly. Even a fool could see that Brodie was very interested in Lin Qiao. Zheng Peng had also been interested in Lin Qiao, but now he didn't even dare to think about it.

"Of course, of course!" He quickly replied. Mr. Brody, please allow me to introduce you. This is Ms. Lin Qiao. She's my girlfriend's classmate!"

Zheng Peng's eyes swept over Xia ruofei and ignored him. He felt a trace of pleasure in his heart. Although he couldn't have Lin Qiao, he was happy to see Brodie try to get her. This kind of mentality was a bit perverted.

"Lin Qiao, this is Mr. Brody from the Golden Oak winery. His father is the owner of the winery, Mr. Robinson!" Zheng Peng immediately said to Lin Qiao. The Golden Oak winery is the largest winery in the entire Hunter Valley area. It sells up to 300000 boxes of wine every year. It's not something a small winery like West can compare to. "

Zheng Peng's words were full of praise for Brodie. On one hand, the Golden Oak winery was indeed the number one winery in the Hunter Valley area. On the other hand, Brodie was not like him, who only knew how to eat, drink, and have fun. After graduating from university, Brodie had slowly taken over the winery's business. Now, Brodie was in charge of many important businesses.

Of course, no matter how powerful Brodie was, Zheng Peng wouldn't fawn on him like this. There was a more important reason, which was that their Wilkinson winery was looking to cooperate with Brodie winery. Both sides shared channels and technology. For this, Zheng Peng's father, Zheng Daming, had made a lot of efforts, and was even willing to pay a certain amount of shares as the price.

Once he could climb up the Golden Oak winery's tree, the Wilkinson winery's business would definitely take a few steps up.

Therefore, in Zheng Peng's eyes, Brodie was like his God of Fortune, and he couldn't wait to worship him.

In order to show his respect for Brody, Zheng Peng introduced him to Lin Qiao in English.

When Brody heard the name 'West', he couldn't help but frown and ask, "West Winery? Are their people here too?"

A few days ago, his father, Robinson, had bought the West Winery. He should have been able to get the winery for a very low price, but he didn't expect someone to "cut him off." So when Brodie heard the name of the West Winery, he frowned subconsciously.

Zheng Peng was stunned. He pointed at Xia ruofei and said, "Mr. Brody, Xia said he bought West Winery a few days ago, but I can't verify whether it's true or not."

Brody narrowed his eyes and looked at Xia ruofei. He said indifferently, "It should be true. My father told me that a Chinese man bought West Winery for two million Australian dollars. As far as I know, Old West's asking price is only 1.8 million Australian dollars. "

Zheng Peng exclaimed exaggeratedly and looked at Xia ruofei as if he was an idiot. He said, "why?The other party offered 1.8 million, so why did they end up buying it for two million Australian dollars?"

"It's indeed incomprehensible," Brody shrugged and said, "I think ... Only stupid and rich Chinese people would do something so stupid. Oh, Zheng, don't get me wrong, I'm not talking about you ..."

Although Brodie said this, he was not sincere at all, and his face was filled with disdain.

Zheng Peng, however, said, "Yes, yes, yes ..."

Even tan Lili couldn't help frowning, but she didn't dare to say anything when she thought of Brodie's status.

Xia ruofei said coldly, "Stupid but rich? At least the Chinese know what friendship is. They won't take advantage of their old acquaintance when he's in trouble and deliberately lower the price ..."

Brodie's eyes flashed with anger. He narrowed his eyes at Xia ruofei and said coldly, "Chinese man, you've successfully angered me ... I think my father would be happy to suppress your pitifully small West Winery in business. I hope you didn't put all your money on it, or be prepared to go bankrupt!"

"Australian, although you're so weak that you can't anger me, you're indeed very annoying." Xia ruofei did not back down and said, "go back and tell your father that the Golden Oak winery will close down because of your stupidity!"

Brodie was stunned for a moment, and then he burst into laughter as if he had heard the funniest joke in the world. He laughed so hard that he couldn't breathe.

Xia ruofei, on the other hand, looked coldly at Brodie, who was laughing hysterically.

After a long while, Brodie sneered and said, "Stupid Chinese, do you think you're Ethan? Tang? Do you know how big our Golden Oak winery is? Who gave you the courage to challenge us with your small West Winery?"

At this moment, Liang Qichao's voice was heard, "What if we add Paradise Farm?"

### **Chapter 936: Is your tone big?**

Brodie's maniacal laughter came to an abrupt end, as if his throat had been choked.

He looked suspiciously at Liang Qichao, who had just walked over with a dark face, and a hint of fear flashed in his eyes.

Brodie naturally knew who Liang Qichao was.

Paradise Farm was one of the top quality farms in the Hunter Valley area. It covered an area of 6000 hectares, which was equivalent to dozens of Golden Oak wineries.

Of course, the business model of a farm and a winery was different, and it couldn't be judged just by the size of the land.

What really made Brodie apprehensive was the background of Paradise Farm.

The farm owners and winery owners in the Hunter Valley area all knew that although Paradise Farm was an independent company, it was backed by the United States 'shengbang group.

Compared to the shengbang group, which was like a financial aircraft carrier with tens of billions of dollars in volume, the Golden Oak winery was like an ant in front of an elephant. They were not on the same level at all.

Of course, shengbang group was shengbang group, and Paradise Farm was Paradise Farm. The two were only related and could not be compared.

Moreover, although shengbang group had been doing global operations, their headquarters were far away in the United States. Their influence in Australia, especially in the Hunter Valley area, was naturally not as strong as that in the United States.

Brodie wasn't scared witless by Liang Qichao's words. He frowned and asked, "Liang, I didn't offend Paradise Farm. Is he your friend?"

Liang Qichao had been nearby, and he had immediately come over when he saw the tense situation. He had heard Brodie's insults, so he didn't give Brodie a good look.

Liang Qichao said coldly, "Brody, I have to correct you. Not only is Mr. Xia ruofei my friend, but he's also a major shareholder of Paradise Farm. You said that you didn't offend Paradise Farm. I don't think so!"

Liang Qichao's words were like thunder. Not only was Brodie dumbfounded, but Zheng Peng and tan Lili were also so shocked that their eyes and mouths were wide open. They were like two clay sculptures.

Paradise Farm was very famous in the Hunter Valley area. It was also one of the few farms and wineries that were not open to visitors. Even tan Lili had heard that the owner of Paradise Farm was a super rich man. When he bought the farm, it was just a casual purchase. Therefore, the farm was considered private land, unlike other farms and wineries that were open to tourists.

Now, Liang Qi actually said that Xia ruofei was the major shareholder of Paradise Farm. Could he be that super – rich man? Even if he wasn't, he must have a close relationship with that rich man.

Zheng Peng and Brody both knew that Paradise Farm was backed by shengbang group, and they shuddered.

Dear readers!you are reading on our content stealing site.Please copy and search this link "<https://bom.so/sBJMla>" to support us

But Brodie still forced himself to say, "Liang, even if this Mr. Xia is the major shareholder of Paradise Farm, isn't it a little too arrogant and overbearing for him to say that he's going to shut down our Golden Oak winery?"

Brody didn't think that he was the one who arrogantly said he would bankrupt West first.

Some people could only see others in the wrong, while they were always right.

Liang Qichao said coldly, "you'll find out soon enough." By the way, I forgot to tell you that Mr. Xia is not only a major shareholder of Paradise Farm, but also a good friend of Mr. Tang He of shengbang group. I think as long as Mr. Xia asks, Mr. Tang He should be very happy to help him kill some annoying flies!"

Brodie's heart sank. If shengbang group really wanted to deal with a mere Golden Oak winery, it would be a piece of cake. The resources that such a huge and domineering consortium could mobilize were too terrifying. They had no chance to resist at all.

Brodie's expression changed several times, and he finally couldn't help but step forward and say, "Mr. Xia, I'm sorry. I offended you just now. I hope you ..."

“Brother Liang, Qiao’ er, let’s go get some food!” Xia ruofei didn’t even look at Brody. He turned around and left with Liang Qichao and Lin Qiao, leaving Brody standing there blankly, his face red and white.

Brodie looked at Xia ruofei’s departing figure. A trace of regret flashed in his eyes, but it was quickly replaced by a venomous expression.

Zheng Peng and tan Lili also looked at Xia ruofei’s back in awe. They didn’t even have the mood to compete. If Xia ruofei was only the owner of West Winery, Zheng Peng would have a sense of superiority. After all, Wilkinson winery was larger in scale. However, Xia ruofei was a major shareholder of Paradise Farm and even had a good relationship with a legendary rich man like Tang He. Wilkinson winery was not even worth mentioning in his eyes.

After a long while, Zheng Peng said carefully,””Mr. Brody, I think they’re just trying to scare you. Even if shengbang United States really wants to deal with the Golden Oak winery, it won’t be easy. The Golden Oak winery is in the wine industry, and has no business intersection with shengbang group ...”

Brody nodded and said,”yes!” I don’t believe that Chinese man has that much influence! It’s impossible for Tang He to mobilize such a huge amount of resources to deal with our winery for such a young man. It’s impossible!”

Brodie seemed to be talking to Zheng Peng, but it sounded more like he was encouraging himself.

“Yes, yes, yes, he must be bluffing!” Zheng Peng quickly agreed.

Brodie glanced at Zheng Peng and said indifferently,””Zheng, I’m a little tired. I need to go and rest for a while. Please excuse me!”

Zheng Peng quickly nodded and said,””Alright, alright. Take care, Mr. Brody ...”

.....

“Ruofei, why did you guys fight with Brodie?” Liang Qichao asked.

Xia ruofei said calmly,”he tried to hit on Qiao’ er as soon as he came up. Then, he said that he looked down on us Chinese. He even said that he would bankrupt my West Winery. I couldn’t help but say a few words to him.”

Lin Qiao also said angrily,”I don’t think the father and son are good people!” Brother ruofei, I almost couldn’t help but scold him just now!”

Xia ruofei chuckled.”I’ll take care of this. You have to pay attention to your ladylike image!”

“I don’t want to! If he had continued to pester me shamelessly, I would have definitely scolded him!” Lin Qiao pouted and said.

The undisguised lust in Brodie’s eyes only made Lin Qiao feel a little annoyed. However, he ridiculed the Chinese and threatened Xia ruofei, which made Lin Qiao loathe him from the bottom of her heart.

Liang Qichao’s eyes turned cold as he asked,””Ruofei, do you want me to report this to your grandfather?”

Xia ruofei smiled and waved his hand. "There's no need for that now. It's just a Golden Oak winery. There's no need for Mr. Tang to personally ask about it."

Liang Qichao was stunned for a moment before he said, "do you have another way?" This is Australia, not China! Also, although our Paradise Farm is much bigger than the Golden Oak winery, strictly speaking, we are not in the same industry. It won't be easy to deal with their winery. On the contrary, if the Golden Oak tree were to target your West Winery, you wouldn't be able to escape!"

Xia ruofei laughed and said, "don't worry!" If I really need help, I won't stand on ceremony with elder Tang, let alone you!"

"That's good!" Liang Qichao grinned and said, "as long as you know what you're doing!"

Xia ruofei smiled. "Brother Liang, I saw you talking to a lot of people just now. Did you get anything?"

Liang Qichao got excited and said, "The harvest is really not small! I just talked to the person in charge of the Mei ya group's Hunter Valley area, and he's very interested in our paradise vegetables. He said that when we start to mass produce vegetables in the future, he can help us promote it in the supermarket. He also gave us a lot of autonomy in the pricing!"

Xia ruofei raised his eyebrows in surprise and asked, "He also knows about Taoyuan vegetables?"

"After the first batch of experimental vegetables ripened, I sent some to the people – in – charge of the Hunter Valley area of several major channels," Liang Qichao said with a smile. "They tasted it in person and gave it a very good review. We've only talked about some implications today. We'll still have to discuss the specifics in the office. "

"Not bad, not bad! You're getting more and more into it as a farm manager. " Xia ruofei praised him. "The next time I see Mr. Tang, I'll definitely ask for a reward for you!"

"Praise me as much as you want, I don't mind!" Liang Qichao chuckled.

"Don't you want your face?" Xia ruofei couldn't help rolling his eyes.

Lin Qiao couldn't help but burst out laughing. Then, she quickly covered her mouth.

"Ruofei, have you chosen the future direction of your West Winery?" Liang Qichao couldn't help but ask.

"Mm! The Hunter Valley's Semillon is well – known, and uncle Carter's brewing technique is also very good. Our winery's Semillon is very unique and highly recognizable, so we should be using this wine as our main wine in the future. " Xia ruofei said.

"I'll introduce you to the person in charge of the Hunter Valley area of the Maya supermarket chain." Liang Qichao said, "in Australia, whether it's agricultural products or red wine, channels are very important. Without the support of channels, no matter how good your product is, it's useless."

Xia ruofei wanted to tell Liang Qichao that he knew the boss of the Meya group. Not only that, but his family was also indebted to him. There was no need for him to get to know the person in charge of Hunter Valley.

However, he didn't want to dampen Liang Qichao's enthusiasm, so he smiled and nodded,""Alright! It's good to have a chat with him when I have the chance."

Liang Qichao looked around and said,""He's over there. Let's go. Let's go over now!"

Just as Liang Qichao was about to bring Xia ruofei over to meet the leader of the Maya Group's Hunter Valley area, there was a sudden commotion.

Xia ruofei's five senses were more sensitive than the average person 'S. He could hear the voice very clearly. He could not help but frown.

### **Chapter 937: A weakling\_1**

Xia ruofei and the other two turned around and saw Zheng Peng arguing with a short, fat man with an Asian face. Tan Lili was standing aside with tears in her eyes.

"Brother ruofei, let's go and see what's going on!" Lin Qiao said after a moment of hesitation.

Although tan Lili liked to show off and even looked down on Lin Qiao, she was still her classmate. Moreover, they were in a foreign country, so Lin Qiao was still very soft – hearted.

"Let's go!" Xia ruofei nodded.

The three of them walked towards the scene of the incident.

Many guests were standing at the side and discussing in low voices. Some even cast disdainful looks at the short fatty.

Liang Qichao knew a lot of people, so he asked around. Soon, Xia ruofei had a general idea of what had happened.

It turned out that Zheng Peng was still trying to get close to Brody, so he went to talk to him after a while, while tan Lili was resting on the sofa alone.

The short fatty was a Wei nation man, and he came over with a glass of wine to strike up a conversation with tan Lili.

Although tan Lili was vain, the perverted look in the short Fatty's eyes made her feel uncomfortable. After a few casual words, she got up and prepared to leave.

To her surprise, the short fatty pinched her butt hard when she got up. Then, he smiled and said that he could pay a lot for her to spend the night with him.

Ever since tan Lili entered the banquet hall, although everyone she met looked at her with fiery eyes, they were at least polite. Even when they tried to strike up a conversation with her, they maintained their gentlemanly demeanor. She didn't expect this Wei nation man to be so despicable. He dared to harass her in public in the hall and even said such insulting words. She was so angry that she suddenly screamed and shed tears of grievance.

Zheng Peng heard the commotion and quickly rushed over. When he heard that his girlfriend had been taken advantage of by the Wei nation Devils, he was immediately furious and started quarreling with him.

Xia ruofei squinted at the Wei nation's short winter melon, his eyes a little cold.

Although he didn't have a good impression of tan Lili, and he hated Zheng Peng even more, tan Lili was still a fellow Chinese. Being harassed by the Wei nation Japanese in Australia, and their attitude was so arrogant, he couldn't help but feel a little angry.

That short donggua had an uncaring look on his face, saying, ""Do you know who I am? How dare you talk to me like that!"

"I don't care who you are!" Zheng Peng said angrily. Apologize to my girlfriend now!"

"Apologize?" the short Wintermelon sneered. That Chinese woman seduced me first and framed me because she wasn't satisfied with the price. She should be the one apologizing!"

Tan Lili raised her head at once. Her eyes were red, and she was trembling with anger. "You're talking nonsense! I didn't ... Seduce you at all! You're the one who's been pestering me!"

A proud smile appeared on short donggua's face as he said, ""Do you have any evidence? Who would believe it? Who am I, Yamada Jiro? I can hook my finger and a bunch of women will throw themselves into my arms. Why do I need to bother you, a lowly woman from China?"

Zheng Peng certainly believed tan Lili's words, and seeing the Japanese man who called himself Yamada Jiro shamelessly distort the truth, he was also furious.

"Fuck! I'll beat you to death!" Zheng Peng's eyes were filled with anger as he rushed toward Yamada Jiro.

Yamada Jiro's mouth twitched, revealing a mocking expression.

The two tall and strong white men behind him immediately stepped forward and stared at Zheng Peng. One of them asked, ""Mr. Yamada, do you need our help?"

As soon as Zheng Peng saw the two white bodyguards who were at least a head taller than him and whose arms were almost as thick as his thighs, his momentum suddenly weakened. He stood there, not knowing whether to move forward or backward.

Yamada Jiro narrowed his eyes and said in broken English, ""If this Chinese man gets hot – headed again, you guys have to help him clear his head."

"Understood!"

The two white bodyguards clenched their fists, and their joints made a creepy sound as they approached Zheng Peng with bad intentions.

Zheng Peng panicked and took two steps back with a pale face. He said, ""What do you want? Don't mess around!"

At this moment, Xia ruofei heard a few Caucasians say in surprise, ""This Wei nation man is Yamada Jiro? So the news of the convenience store chain under Yamada's corporation entering Australia is true?"

Another person said, "as far as I know, the president of Yamada's company, Seimei Yamada, and Ethan from Maya. "Dunn has already reached a preliminary intention to cooperate and is preparing to conduct a pilot project in New South Wales. The two companies will jointly create a new retail brand. Yamada Jiro is the second son of Yamada Seimi. He was sent to Australia by Yamada's corporation to be in charge of this cooperation."

"This means that Yamada Jiro and Maya are very close!" Someone said, "it seems that the Chinese man is in trouble ..."

"Indeed! Yamada Jiro and Tang Hu have a very good relationship. "

"I heard that this Chinese man is the son of the Wilkinson winery's owner," someone said gloatingly. "This time, he offended Yamada Jiro. I'm afraid Wilkinson winery is in trouble."

"I'm afraid that's not all. Tang Hu Bu Jin is the actual leader of the Maya Group in New South Wales. He's also the king of the Sydney Underground world. I think this Chinese person should be more worried about his personal safety ..."

Xia ruofei listened to the discussion and a playful look flashed across his eyes.

Zheng Peng also heard these words. His face suddenly turned as pale as paper, and he could not help but tremble in fear. When he looked at Yamada Jiro again, there was no trace of anger, but a pleading look.

He had been in Australia for many years, so he knew how terrifying Tang Hu was. It was said that Tang Hu was Tang Yitian's nephew and was highly regarded by Tang Yitian. He was in charge of many business matters. Because of his relationship with Tang Yitian, Tang Hu had a lot of influence in the Yi Xing society in New South Wales.

This was a Chinese society that had once made the Vietnam gang, Indonesia gang, and even the local Australian Motorcycle gang tremble in fear. Although it had gradually turned underground in recent years, its power was still huge.

It could be said that if Tang Hu made a statement to make him disappear, then he absolutely wouldn't be able to see tomorrow's sun, and wouldn't even stir a bit of a wave.

Zheng Peng's teeth were chattering in fear.

Yamada Jiro naturally heard the discussion around him. He laughed disdainfully and said, ""China man, I'll definitely take special care of your Wilkinson winery. Of course, I'm sure Mr. Tang will also treat you well, hehehe ..."

Zheng Peng seemed to wake up from a dream. He quickly bowed to Yamada Jiro and begged, ""Mr. Yamada, I'm sorry, I'm sorry. I was blind to have offended you. Please have mercy and let me go this once ..."

Tan Lili's eyes widened as she looked at her boyfriend's pathetic performance. She could not help but feel a trace of sadness in her heart.

Yamada Jiro glanced at Zheng Peng and asked, "Do you still need me to apologize?"

"I don't dare to ..." Zheng Peng quickly nodded and smiled.

"But I still need an apology." Yamada Jiro continued, "it was your girlfriend who seduced me, but she accused me of harassing her. This is a great damage to my reputation!"

Zheng Peng was stunned for a moment, then he quickly said to tan Lili, "Li Li, hurry! Quickly apologize to Mr. Yamada!"

Tan Lili's eyes were filled with tears, as if she was meeting her boyfriend for the first time. Her eyes were filled with endless sorrow.

"Do you really want me to apologize to her?" Tan Lili stared at Zheng Peng with a blank expression and asked.

Zheng Peng didn't care about tan Lili's feelings at all. He said anxiously, "Isn't it just an apology? What are you waiting for? Are you trying to get me killed?"

At this time, Yamada Jiro waved his hand and said, "Chinese, it seems like your woman isn't very obedient! Alright, I've changed my mind ..."

"No, no, no, Mr. Yamada, I'll teach her a lesson right away!" Zheng Peng said quickly.

Then, he glared at tan Lili and said, "Tan Lili, are you going to apologize? If you don't apologize, do you believe that I won't let you return to the country?"

Yamada Jiro laughed and said, "China man, I've already said that I've changed my mind." Since your woman seduced me, she must pay the price. I hope that she can appear on my bed tonight. Do you have any objections?"

Zheng Peng couldn't help but turn pale. This kind of Public Act of making him a cuckold made him feel very embarrassed.

However, when he thought of the terrifying strength of the other party, Zheng Peng could only smile and say, "Mr. Yamada, this ... Can we discuss ..."

"Baka!" Yamada Jiro's face darkened as he cursed.

The two white bodyguards also immediately waved their fists at Zheng Peng, the threat was very obvious.

Zheng Peng trembled and quickly said, "No objections! No objections! Mr. Yamada, I'm sure Lily would be very honored to serve you ..."

After that, Zheng Peng quickly gave tan Lili a look and said, "Lily, Mr. Yamada is the young master of Yamada's company. You'll definitely enjoy a good life if you follow him. Say something!"

Tan Lili's heart was already dead at this time. She had completely seen through Zheng Peng's character.

A mocking smile appeared at the corner of her mouth as she said, ""You want to send me to his bed just because of this?"

"I ..." Zheng Peng was also speechless.

Tan Lili suddenly slapped Zheng Peng's face and said, ""Zheng Peng, I was really blind before! I actually fell in love with you, you scum! I'm telling you, if you want to be cheap, that's your business. I'm not cheap to the point of selling my body!"

Xia ruofei watched from the side. For the first time, he had a good impression of the vain tan Lili.

After tan Lili finished speaking, she walked toward the banquet hall's exit without looking back.

She had already seen through the so – called life of the upper class. Under the bright and beautiful appearance, there were also so many filth and sins.

Yamada Jiro's fiery eyes swept over tan Lili's sexy butt and he said gloomily, ""Chinese woman, did I allow you to leave?"

The two bodyguards immediately understood what she meant. They moved to tan Lili's left and right, closing in on her.

### **Chapter 938: Chinese Kongfu\_1**

Tan Lili's beautiful face turned pale. Two tall and burly white bodyguards completely blocked her way. At this moment, there was really no way out.

Tan Lili helplessly looked back at Zheng Peng, only to see him standing there with a pale face, not daring to move. He even deliberately avoided her gaze.

Tan Lili was even angrier. She didn't expect Zheng Peng to be so cowardly when he was in trouble. He didn't even dare to say a word when his girlfriend was about to be taken for sex.

Yamada Jiro had a smug smile on his face. His lecherous eyes fell on tan Lili's plump buttocks. He had already begun to imagine the scene of him pressing tan Lili under his body and wantonly humiliating her tonight.

Yamada Jiro was particularly fascinated by women's buttocks, even a little perverted, so he had his eyes on tan Lili's plump figure as soon as he came in. Even after being rejected by tan Lili, he couldn't help but give her a slap on her perky buttocks.

However, he did not expect tan Lili's reaction to be so intense. She even started screaming and shouting.

However, Yamada Jiro felt that this was good too. He could use this as an excuse to F \* ck this strong – willed woman.

Yamada's company wasn't a giant in the Wei nation's retail industry, but it wasn't small either. Yamada Jiro had been pampered since he was a child and had developed an arrogant personality. Especially on this trip to Australia to develop, he had established a good friendship with Tang Hu, and the two sides

were about to carry out in – depth cooperation. With Tang Hu’s position in the underground world, Yamada Jiro was simply unscrupulous.

Especially when he saw that the Australian Caucasians also did not dare to speak up for justice, Yamada Jiro was even more proud.

Tan Lili’s face was drained of blood. Her body trembled slightly as she looked at the two white bodyguards approaching her. She felt endless despair when she thought about the nightmare she was going to face tonight ...

Just as the two white bodyguards were about to grab tan Lili, a cold voice was heard.””Stop!”

The two Caucasians subconsciously stopped. Yamada Jiro also narrowed his eyes and looked in the direction of the sound.

A young man with an Asian face stepped out of the crowd and walked toward tan Lili.

Tan Lili turned her head around like a drowning person who had just found a life – saving straw. Then, her eyes widened.

The one who stepped forward was naturally Xia ruofei.

Tan Lili felt a mix of emotions when she saw Lin Qiao’s boyfriend, who was hiding in the corner and didn’t dare to make a sound, stand up for her. She had been mocking him before.

“Baka! Who are you? Do you have the right to speak here?” Yamada Jiro asked with a serious face.

At this time, another person stood out from the crowd and smiled at Yamada Jiro.”Mr. Yamada, he’s the owner of West Winery. This stupid Chinese is probably trying to stand up for his fellow Countryman, right?”

The person who spoke was Brody. He had been watching from the crowd. Because of Xia ruofei, he didn’t like the Chinese tonight, even Zheng Peng, who was carefully trying to get close to him. Seeing Zheng Peng almost being forced into a desperate situation by Yamada Jiro and tan Lili having no way to escape, Brody couldn’t help but feel a sense of pleasure.

What surprised him even more was that the person he hated the most, Xia ruofei, had actually stupidly stood up at this time.

Initially, Brody had thought that Paradise Farm’s background was too big. If Xia ruofei was really determined to deal with his family’s Golden Oak winery, what should he do? Now that Xia ruofei had taken the initiative to provoke Yamada Jiro, Brody was overjoyed and immediately stood up to “expose” Xia ruofei’s identity.

When the Australians heard that Xia ruofei was just the owner of a small winery, they all looked at him with pity. Although many of them admired Xia ruofei’s courage, they felt that his behavior was like hitting a rock with an egg.

Yamada Jiro was also stunned for a moment before he reacted. He looked at Xia ruofei as if he was an idiot and said,””So it’s the Chinese again! No wonder you’re so stupid!”

Then, Yamada Jiro waved to the two other bodyguards behind him and said, ""You guys, go and teach that China man a lesson. What's the consequence of being a busybody!"

"Yes!" The two white men responded loudly.

Then, they approached Xia ruofei with sinister smiles on their faces.

The fire of hope in tan Lili's heart was gradually extinguished. The situation was obvious. Yamada Jiro had a lot of people and power. Even if Xia ruofei was not only the owner of West Winery, but also a major shareholder of Paradise Farm, he was not enough to stand out in this situation.

Although he wasn't small, he looked so weak in front of the two white bodyguards who were as strong as polar bears.

Could it be that he was really doomed tonight? Tan Lili thought sorrowfully.

She even felt a little guilty for implicating Xia ruofei.

Liang Qichao and Lin Qiao looked worried. Lin Qiao knew that Xia ruofei had served in the Special Forces and was good at fighting. Liang Qichao was even more worried. He didn't even consider that Paradise Farm would be in a passive position after offending Yamada Jiro and Tang Hu. He rolled up his sleeves and was ready to help Xia ruofei.

However, before Liang Qichao could do anything, Xia ruofei had already taken the initiative to greet the two white bodyguards.

The two white men approached Xia ruofei from both sides. Xia ruofei's footsteps gradually quickened. When they were close enough, the two white men raised their bowl – sized fists and the smile on their faces became even more cruel.

At this moment, Xia ruofei suddenly lowered his center of gravity. With a beautiful sweep of his leg, the two Caucasians fell to the ground like dumb bears. They covered their legs and screamed in pain.

The onlookers gasped at the same time. Such a simple move was extremely practical. In addition, Xia ruofei's movements were as fast as lightning. It was very pleasing to the eye.

"Oh! Chinese Kongfu!" Many people couldn't help but exclaim.

Yamada Jiro's face was livid as he cursed, ""Baka! A bunch of trash! Aren't you guys going to attack me together? Beat him to death!"

The two white bodyguards struggled to get up from the ground. Two other strong white men also left tan Lili behind. The four of them closed in on Xia ruofei.

Their expressions were much more serious than before, but they still didn't believe that the thin and weak – looking Easterner could have much power. They thought that the two of them had just underestimated their enemy.

A disdainful smile appeared on Xia ruofei's face. Without waiting for them to come to him, he took the initiative to greet them. Xia ruofei's footsteps slowed down, and then he lightly stepped on a sofa.

He turned his body sideways and kicked one of the White bodyguards in the chest.

The White bodyguard suddenly felt as if he had been hit by a truck. He flew backward involuntarily and only landed on his butt after flying for three or four meters.

After Xia ruofei kicked the White bodyguard, he twisted his body and kicked another strong white man. Then, he kicked the third and fourth one.

The four bear – like bodyguards were all kicked away. Xia ruofei did not land on the ground at all. When the last bodyguard was kicked away, he did a beautiful side somersault and stood firmly on the ground. Then, he hooked his finger at them in disdain.

This set of movements was extremely gaudy, like Huang Feihong's Foshan Shadowless Kick in the movie.

The farm owners and winery owners who were watching the show gasped again and exclaimed. Some young people even whistled.

Xia ruofei's movements were too cool. He came from the mysterious East. This was the first time these people had seen Chinese Kungfu, and they couldn't help but exclaim in admiration.

Xia ruofei did not use too much strength in the first kick, but he used a bit more strength in the second kick. Hence, after the four white men were kicked away, they could not stand up after struggling for a long time.

Xia ruofei's expression was cold as he walked towards Yamada Jiro.

Yamada Jiro's face darkened. He did not expect his bodyguards to be so useless. Some of the four men were mercenaries who had been through countless life and death situations, and one of them was even an underground champion. They had a lot of fighting experience, but in front of Xia ruofei, they were as weak as chickens.

Seeing Xia ruofei walking towards him unhurriedly, Yamada Jiro could not help but feel a huge pressure.

As he slowly backed away, he said, "I'm Mr. Tang Hu's friend. You'd better think clearly about what you're doing!"

"Don't talk about Tang Hu. So what if you're Tang Yitian's friend?" Xia ruofei said indifferently, "today, you have insulted the Chinese again and again and even tried to rape my fellow countrymen. Do you think I should give you a memorable lesson?"

Yamada Jiro didn't expect Tang Hu's name to be completely useless. In his opinion, this young man was either too powerful to care about Tang Hu, or he was an idiot who did things without considering the consequences.

However, according to Brodie, Xia ruofei was only the owner of a winery. How powerful could the owner of a small winery be? It seemed that the second possibility was more likely. This young man was acting unscrupulously just because he had good skills!

As Yamada Jiro thought about it, he took out a gun from his pocket and pointed the black muzzle at Xia ruofei.

In an instant, the entire place fell silent.

All kinds of screams were heard. When the well – dressed upper – Class people saw Yamada Jiro take out a gun, they were so scared that they quickly dodged to the side.

Xia ruofei was still five to six meters away from Yamada Jiro. He squinted his eyes and said, ""I hate being pointed at with a gun, especially by the Japanese! You've successfully infuriated me ..."

### **Chapter 939: Directly peed in his pants from fright (1)**

Lin Qiao was beaming with joy when she saw Xia ruofei's impressive performance. She was like a fan who had met her idol.

However, the next moment, when she saw Yamada Jiro suddenly pull out a pistol and point the black muzzle at Xia ruofei, she turned pale and could not help but scream.

"Brother ruofei!" Lin Qiao's voice trembled in panic.

Yamada Jiro looked toward the source of the voice and saw Lin Qiao in the crowd, who looked worried and scared.

Lin Qiao was dressed like a flower Fairy today, full of the delicate and moving aura of a young girl. At this time, her face was full of fear and she had a temperament that made people pity her.

Yamada Jiro's eyes glowed with lust. He thought he had the situation under control and laughed, ""Chinese, so what if you're angry? So what if you're good at fighting? Can you still be faster than a bullet? I'd like to know if you can already smell the scent of death. In Mr. Tang Hu's territory, the death of a small shrimp like you won't even cause a wave. Do you feel very scared? Hahaha!"

"Are you done?" Xia ruofei asked indifferently.

"No, no, no! Don't worry, I won't kill you so quickly!" Yamada Jiro said proudly. He then looked at Lin Qiao and said, "your female companion seems to be worried about you! I think I'll be able to enjoy the bodies of two Chinese beauties tonight. I'm looking forward to it! I'll let you watch how I ravage them and let you watch a free erotic show before sending you on your way, hahaha ..."

Yamada Jiro laughed insolently and looked at Lin Qiao with a playful look.

Xia ruofei's eyes were filled with murderous intent. His voice was emotionless as he said coldly, ""As I said just now, I hate being pointed at with a gun, but ... I hate people coveting my woman even more. Unfortunately, you've committed both crimes, so ..."

As Xia ruofei said this, he suddenly stomped on the ground like a spring, and then his figure flashed strangely. Almost in the blink of an eye, he appeared beside Yamada Jiro. His right hand was like an iron clamp, gripping Yamada Jiro's wrist that was holding the gun.

Yamada Jiro's face still had that wild smile on it. Xia ruofei's movements were so fast that he had no time to react. He only saw a blur before Xia ruofei disappeared. Then, he felt his wrist being grabbed by Xia ruofei.

Yamada Jiro's smile instantly froze. Was he still human? The distance of five to six meters was covered in the blink of an eye, and he couldn't even pull the trigger subconsciously.

Before Yamada Jiro's fear overwhelmed him, he heard a crack. He was stunned for a moment, then felt a piercing pain in his wrist. He couldn't help but scream. His hand loosened weakly, and the pistol fell to the ground.

Xia ruofei's toes lightly touched the pistol that was about to fall to the ground. It immediately spun and flew up. He reached out to catch it easily and glanced at it casually.

"You didn't even unlock the safety. I've overestimated you ..." Xia ruofei pouted.

"Wow ..."

"My God!"

All kinds of exclamations sounded one after another. The scene of Xia ruofei's explosive speed was like a special effect from a movie. However, they knew that it was reality and not a movie. Xia ruofei's ghostly figure was deeply engraved in their minds.

Xia ruofei pulled the bolt and loaded the bullet. He then pointed the black muzzle at Yamada Jiro's forehead and said gloomily, "Now, with a slight movement of my finger, you'll be able to see your dear Tenshou God. Japanese, are you looking forward to it?"

Yamada Jiro felt his hair stand on end. He even forgot the pain of his wrist fracture and quickly begged for mercy, "Don't! I don't want to die ... Have mercy ... Please have mercy ..."

Xia ruofei sneered and kicked Yamada Jiro's leg without hesitation. Yamada Jiro knelt on the ground involuntarily.

"Can you apologize to my fellow countrymen now?" Xia ruofei asked indifferently.

"Sure, sure ..." Yamada Jiro said hurriedly, then turned to Tan Lili. "Madam, I'm sorry. I harassed you just now. I apologize ..."

"What else?" Xia ruofei asked coldly.

Yamada Jiro was stunned for a moment. Then, he remembered that he seemed to have some bad thoughts about this demon – like Chinese's girlfriend. He even said that he wanted to have both of them together. He suddenly wanted to slap himself.

Yamada Jiro quickly turned to Lin Qiao and put her down. He said with a sad face, "Madam, I was possessed. Please forgive me ..." He said.

Then, he turned to Xia ruofei and pleaded, "Sir, I've already realized my mistake. Please spare my life!"

Xia ruofei snorted coldly. He pushed the gun in his hand forward and made a "pa" sound.

Yamada Jiro shrieked in fear. Then he felt his lower abdomen relax, and a warm liquid flowed out uncontrollably. Suddenly, everyone in the hall could smell the strong smell of urine. They could not help but frown and cast a disdainful look at Yamada Jiro.

Yamada Jiro, who had been so arrogant just a moment ago, had become a coward in the blink of an eye. Many farm owners and winery owners were secretly pleased. After all, Yamada Jiro was too arrogant just now.

Of course, many people were worried about Xia ruofei. Tonight's incident would not end well. If Xia ruofei really killed Yamada Jiro in front of everyone, he would definitely not be able to escape from prison. If he spared Yamada Jiro's life, with the relationship between Yamada Jiro and Tang Hu, he would definitely deal with him in a thunderous way. He would not have a good ending either.

Liang Qichao and Lin Qiao were undoubtedly the most worried.

When Lin Qiao heard Xia ruofei say that she was his woman, she couldn't help but feel a hint of sweetness even though she knew that Xia ruofei was saying this to an outsider.

However, Lin Qiao quickly returned to reality and realized that Xia ruofei's situation was not good. Her eyes were filled with worry.

However, Xia ruofei seemed to be completely unaware of the predicament he was about to face. He still looked indifferently at Yamada Jiro, who was kneeling in front of him, without any emotion in his eyes.

Yamada Jiro shivered. The strong killing intent in Xia ruofei's eyes made him realize that the person in front of him was not trying to scare him. If he made a move, Xia ruofei would pull the trigger without hesitation.

.....

Just as Yamada Jiro insolently ordered his bodyguards to capture Tan Lili, Tang Yitian and his wife, Jennifer, were sitting on the sofa and chatting in a separate villa room of Spicer Vineyard Hotel. Their son, Tang Haoran, was playing happily on the side.

Tang Yitian's family arrived at the Hunter Valley in the evening.

Little Haoran had been asking to see ruofei's brother for the past few days, and Tang Yitian and Jennifer wanted Xia ruofei to treat little Haoran to completely eliminate the hidden danger, so they came to the Hunter Valley together.

However, Tang Yitian had been delayed for half a day in the morning due to company matters. It was almost evening when they arrived at the Hunter Valley. It was obviously impolite to visit Xia ruofei at this time.

In addition, the quarterly reception of the New South Wales branch of the Maya Group in Hunter Valley was also held today. Although Tang Yitian usually wouldn't attend this level of cocktail party in the past, since today was a coincidence and his nephew Tang Hu warmly invited him, he decided to attend.

Tang Yitian sat on the sofa, still thinking about the scene when he visited elder Xu two days ago.

Elder Xu was the senior that Tang Yitian had told Xia ruofei about on the plane.

Tang Yitian's father came to Australia to make a living when he was very young. Later, he joined the overseas Hong sect's Australian branch, the Kongtong righteous Association, and became the leader of the Association when he was 60 years old.

And elder Xu was also one of the founding members of the Association, an elder that Tang Yitian respected very much.

When elder Xu heard from Tang Yitian that he had met a young man on the plane back to Australia, and that the young man had told him about little Haoran's blocked meridians, a strange light flashed in his eyes, and he quickly asked for more details.

Tang Yitian didn't dare to be slow, so he told elder Xu everything that had happened on the plane.

When elder Xu heard that Xia ruofei could actually resolve the innate pure Yang Qi in little Haoran's body, and that he only needed to undergo one more treatment to completely remove the hidden danger, he was so shocked that he stood up from his chair.

Then, he immediately did another divination, and his eyes shone as he said, "He has indeed defied the heavens and changed his fate! Yi Tian, it seems that the last chance of survival that I calculated, fell on this Mr. Xia!"

"Uncle Xu, I think so too." Tang Yitian said respectfully.

Elder Xu looked at Tang Yitian with a strange expression and said, "Yi Tian! I can't believe you're so lucky that you've even met such a strange person like Mr. Xia. I'll give you a reminder! No matter what, don't treat this Mr. Xia as an ordinary young man. Maintain absolute respect for him. It will only be good for you."

Tang Yitian was also moved. He didn't need elder Xu's reminder. He would also maintain a good relationship with Xia ruofei, because Xia ruofei was his son's Savior.

However, respect and friendship were two completely different concepts.

Elder Xu looked at Tang Yitian and asked indifferently, "Do you think I'm exaggerating?"

"I don't dare ..." Tang Yitian laughed.

"You don't dare to or you don't?" Elder Xu stared at Tang Yitian and asked. He didn't wait for Tang Yitian's reply and continued, "let me tell you something. You'll understand why I suggested this to you ..."

"Uncle Xu, please advise me!" Tang Yitian said respectfully.

#### **Chapter 940: Beyond the legendary level (1)**

"You should know old Mister Li Jiu Zhou, right?" Elder Xu asked.

"How could I not know Grandpa Jiuzhou?" Tang Yitian immediately said. The old man passed away last year. I heard that the Hong sect brothers in the United States held a Grand funeral for him. Unfortunately, I just happened to take Haoran back to China to seek medical treatment and didn't make it in time for the old man's funeral."

Li Jiu Zhou was a legendary figure in the Hong sect. When he was young, Li Jiu Zhou was known for his strong combat power in the Hong sect in the United States. He had once struck fear into the hearts of other gangs.

When Li Jiu Zhou was ninety years old, he was still a martial arts expert, and three to five young men could not easily get close to him. At the age of 100, he could still drink a pound of white wine and walk up and down the stairs as if he was flying. He had lived for a total of 126 years and only died last year.

Even Tang Yitian's father had to respectfully call Li Jiuzhou "Grandpa li", which showed that he was of high seniority.

Li Jiu Zhou had fought countless battles in his youth. He did not abstain from smoking or drinking, but he managed to live to a lifespan that was close to the world record. There were many legends about him in the Hong sect. A more reliable one was that Li Jiu Zhou had met an expert in his youth and had cultivated a Qi cultivation technique.

Elder Xu nodded and said, "it's good that you know Mr. Jiuzhou." Three years ago, Haoran's condition began to worsen. I once went to the United States to ask Mr. Kyushu for help ..."

"What? Uncle Xu, you actually went to the United States for Haoran, and you even went to ask Grandpa Jiuzhou for help?" Tang Yitian was shocked. "Why didn't you tell me about this?"

Elder Xu smiled faintly and waved his hand. "What's there to say about this matter not being done? Yi Tian, this is not the main point, you should listen to me. "

Tang Yitian was very touched. He nodded and said, "Uncle Xu, no matter what, I'll remember your kindness!"

"Alright, alright, we're all family. Do you have to be so pretentious?" Elder Xu laughed and scolded, "do you still want to listen?"

"Please, please, I won't interrupt ..." Tang Yitian smiled.

Elder Xu continued, "do you know what happened at that time?" After I described Haoran's condition to Mr. Kyushu, he directly shook his head and said that if he were twenty years younger, he might have the ability to help, but the probability of success was very low ..."

"What? Even grandfather Jiuzhou is not confident?" Tang Yitian's expression changed. "So, Mr. Xia's strength ..."

After hearing elder Xu's words and thinking about how Xia ruofei had treated little Haoran, he couldn't help but be shocked.

Elder Xu smiled and stroked his beard. "So, do you think that such a person is not worthy of your respect?"

"It's worth it, worth it ..." Tang Yitian said without hesitation. "Mr. Xia's strength has surpassed grandfather Jiuzhou, so he is worthy of our respect. Not to mention that he is Haoran's Savior."

.....

Although it had been three or four days since he had met elder Xu, Tang Yitian still felt like he was in a dream when he thought about it.

He had thought that Xia ruofei was very strong. Otherwise, he would not have been able to cure little Haoran. However, once he had a clear reference, the concept of strength was even more intuitive and shocking.

Tang Yitian didn't tell Jennifer about this. Even if he did, Jennifer wouldn't be able to understand. She didn't know about the internal affairs of the Yi Xing society, and she didn't know about Mr. Li Jiu Zhou's magic.

Of course, Jennifer's gratitude to Xia ruofei was no less than Tang Yitian's. On the contrary, as a mother, she watched her most beloved child's condition get worse day by day. She had hundreds of millions of assets but was helpless. In that desperate and helpless situation, Xia ruofei's appearance had pulled little Haoran back from the edge of death. As a woman with a softer heart, Jennifer's gratitude to Xia ruofei was even far more than Tang Yitian's.

Hence, when little Haoran wanted to see Xia ruofei, the couple decided to come to the Hunter Valley after a short discussion.

There was a light knock on the door.

"Come in!" Tang Yitian said imposingly.

A 27 – or 28 – year – old man opened the door and walked in. He was wearing a well – ironed Tang suit and had a very strong body. His eyes were bright and his temples were slightly raised. His whole person was like a sharp sword that had been unsheathed, with a dazzling edge.

However, he was very respectful in front of Tang Yitian. As soon as he entered the room, he slightly bowed to Tang Yitian and said, "Fifth uncle, the banquet has already started. Please move to the banquet hall with second aunt!"

This man was Tang Yitian's nephew, Tang Hu. He was the son of Tang Yitian's older brother who had died.

Tang Yitian nodded and stood up with Jennifer. He waved at little Haoran and said, "Haoran, let's go!"

Little Haoran raised his head and asked, "are you going to find brother RUO Fei?"

Tang Yitian smiled. "It's late now. It's impolite to look for brother ruofei. I'll take you to a party."

Little Haoran suddenly lost interest and said, "Oh ..."

However, he had received a good upbringing since he was young, so he didn't throw a tantrum. He still stood up obediently and left the villa with Tang Yitian and the others.

A small electric car was parked at the entrance. After Tang Hu respectfully invited Tang Yitian's family into the car, he jumped onto the front passenger seat and signaled the staff to set off.

On the way, Tang Hu turned his head and said with a smile, "Fifth uncle, if those suppliers know that you're personally attending the banquet, they'll definitely be overwhelmed by the favor."

Tang Yitian smiled faintly and said, "It was just a coincidence! You've done well in the New South Wales market these past few years, so I'm not worried."

"It's all because of your cultivation, fifth uncle!" Tang Hu quickly said.

Tang Yitian smiled and said, "that's also because of your own efforts." However, Tiger, it's best to change the business of the Yi Xing society as soon as possible. The situation is not like before."

"I understand, fifth uncle," Tang Hu said with a solemn expression. The transformation has been going on, but it's a process."

"In short, we must strictly restrain our subordinates," Tang Yitian said seriously. "In addition, we must not touch sensitive businesses like drugs and firearms!"

"I understand! Don't worry, those businesses have been completely shut down for the past two days, and drug trading is absolutely not allowed in our territory." "Yes," Tang Hu said, and then he smiled and said, "the state police chief even expressed his approval of our righteous Association some time ago!"

The director of the state police praised the leader of the underground world. It might sound a little ironic, but it was indeed an objective fact. There were not so many black and white people in this world.

Just like Tang Yitian, who in the Australian police didn't know that he used to be an important figure in the entire Australian underground world? However, he could still drink and chat with the federal politicians.

Tang Yitian nodded and asked, "Oh right, how's the cooperation with the Wei nation?"

He frowned slightly when he asked the question. He had a certain resistance to this cooperation. Although Yingluo was born and raised in Australia, he had yellow blood in his body, and he had been in the Chinese society with his father since he was young. He had a strong Chinese complex and naturally disliked the Wei people.

However, this cooperation was strongly advocated by Tang Hu, so it was a pilot project in New South Wales. The conditions proposed by the other party were very attractive. The two sides would set up a new retail brand and promote it in Australia and Wei nation at the same time. Maya also had a controlling stake, so the initiative in the cooperation process was in Maya's hands. Therefore, Tang Yitian reluctantly agreed to let Tang Hu try.

"We're almost done with the discussion. They've basically agreed to our conditions. We should enter the substantive implementation stage if we can reach an agreement on some details," said Tang Hu immediately.

Tang Yitian nodded. "Be careful. The Wei nation people have always been cunning and untrustworthy. You can't trust them too much."

"Don't worry, fifth uncle!" Tang Hu grinned. "In Australia, especially in New South Wales, the Wei nation people can't cause any trouble at all. In the Wei nation, Yamada Co. Ltd. is also facing the pressure of several major retail giants, and it's hard to survive, so they don't dare to have any crooked thoughts about cooperation."

"That's good ..." Tang Yitian closed his eyes after he finished.

Tang Hu also tactfully turned his head.

Soon, the electric car arrived in front of the hotel's main building. Tang Hu respectfully invited Tang Yitian's family out of the car, then personally led them into the main banquet hall.

Before they reached the door, Tang Yitian and the others heard a burst of noise inside. Some people even whistled and cheered.

Tang Yitian slightly frowned and asked, ""What's going on? Is there a party going on inside?"

This kind of reception usually had a peaceful atmosphere, and everyone was communicating elegantly. They didn't even speak too loudly, or else it would be quite rude. But now, it was as if they were in the stands of a football field, which was a bit unbelievable.

Tang Hu also couldn't help but feel a bit embarrassed, hurriedly saying: "Something might have happened! I'll go take a look!"

Finished speaking, Tang Hu hurriedly took two steps, first pushing open the banquet hall's door.

As soon as Tang Hu entered, he saw a scene that made him furious. Almost everyone in the banquet hall was gathered together, and then he saw Yamada Jiro trembling and kneeling on the ground, begging for mercy with snot and tears. An Asian man held a gun to Yamada Jiro's forehead, his expression calm and cold.

"What are you doing?" "Immediately put down your gun!" Tang Hu roared.

The banquet hall fell silent for a moment, and then everyone began to whisper. For a moment, it was as if buzzing sounds were everywhere.

Tang Hu's reputation in New South Wales was too well – known. When these people saw that Tang Hu had arrived personally, they immediately looked at Xia ruofei with sympathy. Of course, many people were gloating.

Yamada Jiro, who was kneeling on the ground, seemed to have found a life – saving straw. His face regained its vitality and he shouted, ""Mr. Tang, help me!"
