Chapter 971: The authentic Buddha Jumps Over the Wall (1)

Which dish was the most famous in Sanshan city, or even in the entire Southeast province?

He believed that most people would definitely blurt out that it was 'Buddha Jumps Over the Wall'. This famous dish with a long history was famous for its complicated cooking process and rich and unique taste.

In the last century, the 'Buddha Jumps Over the Wall' had received the king of sihanuk, the President of the United States, the Queen of United Kingdom, and other heads of state. It could be said to be well – known at home and abroad.

The present that Xia ruofei thought of was this legendary dish, Buddha Jumps Over the Wall.

The authentic 'Buddha Jumps Over the Wall' required 18 main ingredients and 12 supplementary ingredients to be fused together.

It included chicken, duck, pig bones, hoof tips, hoof tendons, fish belly, shark's fin, sea cucumber, abalone, dried scallops, pigeon eggs, flower mushrooms, and other raw materials and supplementary materials. After frying, stir – frying, stir – frying, and frying, they were put into the jar layer by layer.

As the 'Buddha Jumps Over the Wall' was made by stewing dozens of raw materials in one jar, they had the same meat taste while maintaining their own characteristics.

The scholar had a poem: "when the altar is opened, the fragrance of meat wafted in the air. When the Buddha heard it, he abandoned Zen and jumped over the wall." In layman's terms, even a Buddha who smelled the fragrance of this dish could not help but renounce asceticism and jump over the wall to eat it. This was the origin of the name 'Buddha Jumps Over the Wall'.

If it was just a famous dish of the three mountains, Xia ruofei would not have chosen it as a gift for the opening of Ling Ji's private kitchen.

Moreover, as a famous chef in Sanshan city, Ling Xiaotian would definitely know about the 'Buddha Jumps Over the Wall' recipe. Although Xia ruofei did not know the exact situation, it was simply unimaginable for a private restaurant that mainly served Sanshan cuisine to not have 'Buddha Jumps Over the Wall'.

However, Xia ruofei still chose this special gift.

The reason was simple.

Other than the great Dao technique, there was another piece of information that Xia ruofei had gotten from the human – shaped jade talisman.

It was a recipe book.

As for the recipe for the 'Buddha Jumps Over the Wall', it was placed at the top of its list of treasures.

Although Xia ruofei did not know how the traditional 'three mountains Buddha Jumps Over the Wall' was made, he could vaguely sense that the secret recipe was not simple.

In fact, how could anything that could be sealed in the human jade talisman with the great Dao Arts, many wondrous cultivation techniques, and medical Scriptures be simple?

Hence, when Xia ruofei thought of the 'Buddha Jumps Over the Wall' secret recipe, he decided to give it to her as a congratulatory gift without any hesitation.

After making his decision, Xia ruofei turned on his computer and searched for the traditional 'Buddha Jumps Over the Wall' recipe online.

There was a lot of information on the internet, and the methods were mostly the same. Xia ruofei quickly browsed through a few and matched them with the recipe in his mind. He immediately found the difference.

The secret recipe had a few more medicinal ingredients than the traditional method found on the internet.

According to the description of the secret recipe, these herbs could remove the fishy smell of some seafood. At the same time, they also had the effects of replenishing qi and blood, clearing the lungs and soothing the intestines, preventing cold deficiency, and so on.

The most amazing thing was that even though this small change made the Buddha Jumps Over the Wall soup strictly speaking become a medicinal dish, after it was boiled, there would be no medicinal taste at all. On the other hand, the layered taste of the dish would become more distinct.

Of course, other than this change, there were also some subtle differences in the processing method of some ingredients, the order of placing, and other details. The secret recipe was also slightly different from the traditional 'Buddha Jumps Over the Wall'.

Xia ruofei did not know what kind of changes these subtle differences would bring.

He looked through a few more documents and finally confirmed that the method of adding a few Chinese medicines into the 'Buddha Jumps Over the Wall' recipe was created by his own secret recipe.

He went through the recipe of the Buddha Jumps Over the Wall soup in his mind again.

The information was already imprinted in his mind, so in a short time, Xia ruofei had basically mastered the cooking method of this famous dish.

At this moment, Xia ruofei was also eager to try.

After all, whether a dish was good or not, one had to eat it to know. Even if they exaggerated it and the taste was average, no one would buy it.

Hence, Xia ruofei was not only going to give him a recipe tonight. He was going to make a 'Buddha Jumps Over the Wall' himself and bring it to the Ling Ji private kitchen.

The process of making the 'Buddha Jumps Over the Wall' was very cumbersome, and the processing of the ingredients was Quite time – consuming. For example, the sea cucumber had to be cooked in

advance, which would take more than ten hours. The preparation of the dried abalone might even take two to three days.

Even if all the ingredients had been prepared in advance, it would still need to be slowly stewed for at least ten hours when it was finally cooked.

Under normal circumstances, Xia ruofei would not have enough time.

However, he had the spirit map space in his hands, so time was not a problem at all.

Xia ruofei tidied up his desk and quickly read through the documents that Feng Jing's assistant, Liu Qian, had sent over. He signed those that needed to be signed.

Then, he gathered the documents, grabbed his handbag, and left the office.

Xia ruofei first went to the office next door and handed the documents to Liu Qian. Then, he bade Feng Jing goodbye and left the comprehensive office building.

To Xia ruofei, the most troublesome thing was still the purchase of ingredients.

This was because the Buddha Jumps Over the Wall soup had a high requirement for the quality of the ingredients. Furthermore, there was a wide variety of ingredients.

Hence, after some consideration, Xia ruofei decided to go home and ask Hu Zi's mother to take him to buy some ingredients.

Hu Zi's mother used to live in a fishing village by the sea in Changping County, so she was very familiar with the area and the seafood. With her leading the way, they would definitely be able to buy the ingredients faster.

Chapter 972: The authentic Buddha Jumps Over the Wall (2)

It turned out that Xia ruofei's decision was correct.

Hu Zi's mother brought Xia ruofei around the town for a few rounds and bought most of the ingredients.

They were all from the same village. Hu Zi's mother knew very well which family had a precious Jade pillar and where the high – Quality sea cucumbers were.

Very quickly, Xia ruofei checked the list. He was only missing shark's fin, abalone, and pig's trotters.

When Hu Zi's mother brought Xia ruofei to a pork stall and bought two pig trotters, it was already close to noon.

Xia ruofei smiled and said, "godmother!" I've basically got everything I wanted. It's all thanks to you this time. Otherwise, I would've been in the dark, and I don't know how much more work I would've had to do!"

Hu Zi's mother laughed and asked, "RUO Fei, are you preparing the materials for the Buddha Jumps Over the Wall?"

As a native of the three mountains, Hu Zi's mother had already guessed Xia ruofei's intention when she saw the ingredients he had purchased.

Xia ruofei smiled and said, "yeah!" I'm helping a friend. "

Hu 'Zi's mother was a little confused and said, ""I think we're still lacking abalone and shark's fin? These are the two most important ingredients for the Buddha Jumps Over the Wall soup. "

Xia ruofei smiled and said, "my friend has already prepared these two ingredients. Godma, let's go!" I'll send you back to the farm first, then I'll send these things to my friend. "

Hu Zi's mother reproached, "it's just a few steps away. There's no need to send me off. I'll just take a minibus back!" You should go and do your business!"

"No, no, no!" Xia ruofei quickly said, "how can I let you squeeze into the minibus?"

Hu 'Zi's mother laughed and said, "ruofei, godmother's body isn't that delicate!" In the past, we had to walk on such a small road. Now that the conditions are better, we can even take a car! You can go! Don't worry about me, I'm very familiar with this place!"

Xia ruofei could only nod helplessly and say, ""Alright then! But don't take the bus, I'll call a taxi for you!"

After that, Xia ruofei did not care about Hu Zi's mother's objection and waved for a taxi.

There was no need to use a meter to rent a car in a small county. The driver asked for 50 yuan to go from the county to Taoyuan farm. Xia ruofei did not bargain and took out his wallet. He took out a 50 yuan bill and handed it to the driver. "Sir, drive slower on the road!"

With that, Xia ruofei opened the car door and let Hu Zi's mother in.

Hu Zi's mother did not want to take a taxi, but Xia ruofei had already paid for it, so she could only shake her head helplessly and get into the car.

"You child, aren't you wasting money ..." She mumbled as she got into the car.

Xia ruofei smiled and waved at Hu Zi's mother. After watching the taxi leave, he turned around and got into his Knight XV off – Road vehicle.

Now, the only ingredients were shark's fin and abalone. Xia ruofei had high – Quality mesh abalone in his Qzone.

However, the 'Buddha Jumps Over the Wall' required dried abalone as the taste of dried abalone and fresh abalone was very different. Therefore, when Xia ruofei decided to make 'Buddha Jumps Over the Wall' in the office in the morning, he directly used his divine thoughts to inform Xia Qing in the space to catch five reticulated abalones in the sea in the space.

Although the abalones in the space ocean were still far from being one – headed and two – headed abalones, they were more than enough to make the 'Buddha Jumps Over the Wall'.

The process of making dried abalones was not complicated, and it was not difficult for Xia Qing. Even if the dried abalones she made were not up to the standard of an abalone master, they were enough to make the Buddha Jumps Over the Wall soup.

Moreover, the reticulated abalone grew in a spirit map space rich in Reiki. The dried abalone was also dried in an environment rich in Reiki, which was enough to make up for the lack of skill in the production process.

It would take at least ten days to make dried abalones, so Xia ruofei informed Xia Qing to start making them in the medium in the morning.

After making the dried abalones, he would boil them in the water of the spirit pool. The time was just right.

As for the last ingredient, shark's fin, Xia ruofei drove directly to the biggest Walmart in the county and bought the most expensive shark's fin from the brand counter. With that, he had all the ingredients.

Then, Xia ruofei went to the market and bought a small wine jar to simmer the Buddha Jumps Over the Wall soup, Shaoxing old wine, and some other seasonings.

Of course, he did not forget to buy a bag of charcoal and a few charcoal stoves.

Everything was ready, except for the crucial wind.

Xia ruofei drove back to the farm.

On the way, he kept all these things into his spatial space. Some of the ingredients needed time to be prepared, and he also informed Xia Qing to start preparing them with his spiritual sense.

It was almost lunchtime when he returned to the farm.

When Hu Zi's mother saw Xia ruofei come in empty – handed, she naturally thought that he had sent all the ingredients to his friend. So, she smiled and invited Xia ruofei to have lunch.

Perhaps Lin Qiao felt that time was tight, so she didn't come back for lunch today. Instead, she had a meal in the company cafeteria and then went back to the office without taking a break.

Xia ruofei quickly finished two bowls of rice and one bowl of soup. He pulled out a tissue and wiped his mouth. "Godmother, I'm done eating. You can eat slowly!"

After he finished speaking, Xia ruofei ran upstairs.

Hu 'Zi's mother smiled and muttered to herself, ""This child is always in a rush. I don't know what he's busy with ..."

Once Xia ruofei returned to his room, he locked the doors and windows. Then, he took out the spirit painting scroll and entered the medium.

He still had about five hours left. If he stayed at the Archean realm, he would have about 12 to 13 days, which was enough for him to prepare all the ingredients and make the Buddha Jumps Over the Wall soup.

When he entered the medium, Xia Qing was busy preparing the ingredients. When he saw Xia ruofei, he quickly stopped to greet him.

Xia ruofei nodded and asked, "have you distributed the sea cucumbers?"

It was about a 20 – minute drive from the county to the farm. Xia ruofei then had lunch. In total, two days had passed in the Archean realm.

“Yes, Master.” Xia Qing nodded and said, “all the ingredients that need to be prepared have been dealt with. It’s just that the abalone can’t be cooked so quickly for the time being.”

The abalone needed to be made into dried abalones first before being cooked. It would take at least ten to twenty days, and they were still in the process of drying the abalones!

Xia ruofei smiled and said, “it’s okay. We can make it.” I’ll deal with the other ingredients first!”

Xia qingfa’s ingredients were neatly placed on the long table. In the spirit map space, as long as they did not touch the ground, they would not go bad no matter how long they were placed there. So, Xia ruofei did not have to worry about keeping them fresh.

He began to process the pigeon eggs, pig trotters, flower mushrooms, and other ingredients.

The skin of a pigeon’s egg was as thin as paper and had to be handled very carefully. However, Xia ruofei’s spiritual power was very strong and he had no problem controlling it.

He steamed the pigeon eggs with the core of the Jinhua ham to give off the umami of the ham. At the same time, he steamed the ham into the pigeon eggs.

After that, he cut the ham into pieces, peeled the pigeon eggs, and fried them with warm oil into Tiger – Skin pigeon eggs.

Xia ruofei’s speed was very fast, just like a chef ‘s.

The processed ingredients were placed to the side, and he began to process the next type.

Free – range chicken, free – range duck, hoof tips, lamb elbows, pig stomach, duck gizzards ...

The Buddha Jumps Over the Wall soup had dozens of ingredients of various sizes, and each ingredient had a different processing method. There were all kinds of frying and frying. It could be said that just processing the ingredients was a huge project.

After all of them were processed, he just had to wait for the abalone.

Xia ruofei said to Xia Qing, “I’m going out to take a nap. When the dried abalones are ready, you can distribute them. Let me know when you’re done!”

“Yes, master!” Xia Qing replied respectfully.

With a thought, Xia ruofei left the medium and kept the painting in his palm. He then went to bed and slept for a while.

At around four o’ clock in the afternoon, Xia Qing used her spiritual sense to report to Xia ruofei that the abalone had been processed.

Hence, Xia ruofei’s spirits were lifted. He jumped up from his bed, summoned the spirit map scroll, and returned to the medium.

Chapter 973: Ling Ji’s private kitchen (1)

All the ingredients were ready. After Xia ruofei entered the spirit map space, he immediately rolled up his sleeves and began to cook this extremely complicated Southeast famous dish for the first time in his life.

He washed the Shaoxing wine jar and added about half a kilogram of clear water. The charcoal stoves at the side had already started the fire. Xia ruofei heated the wine jar over the light fire and poured out all the spirit pool water.

Then, he placed a small bamboo grandstand at the bottom of the jar that he had prepared earlier. He then wrapped the Chinese medicinal herbs that he had prepared earlier in gauze and placed them at the bottom.

This was also the essence of the secret recipe of the simmer – fried Buddha Jumps Over the Wall soup.

After placing the Chinese medicine packets, Xia ruofei first put in the cooked chicken, duck, lamb, elbow, pig trotters, duck gizzards, pig bellies, mushrooms, and bamboo shoots. Then, he wrapped the shark's fin, ham slices, dried scallops, and abalone slices in gauze and placed them on top of the chicken and duck ingredients. After that, he poured in the soup of the chicken and duck ingredients.

The first step of placing the ingredients was complete. Xia ruofei used a lotus leaf to seal the mouth of the jar tightly and placed a small bowl upside down.

Then, he placed the wine jar on the charcoal stove and simmered it slowly over a small fire for a full two hours. After opening the jar's lid, he quickly put the thorny ginseng, chestnut tendons, fish lips, and fish belly into the jar. Then, he immediately sealed the jar's mouth to prevent the fragrance of 'Buddha Jumps Over the Wall' from overflowing.

After the other ingredients were added, it was slowly stewed for more than three hours.

The Buddha Jumps Over the Wall soup was considered complete.

Although the cooking process was nothing more than a slow stew, the formula of Chinese medicine, the order of stacking of ingredients, the time to add, the control of the fire, and so on ... There were many tricks. If they were not mastered well, this famous dish would lose its color.

Xia ruofei's spiritual power had already reached the late – Stage of the spiritual heart realm, which was equivalent to a cultivator at the sixth level of the Qi refining stage. Hence, his control of the fire could be said to have reached the pinnacle. Furthermore, he did not even need to open the jar lid to clearly detect the changes in each ingredient during the cooking process.

Hence, Xia ruofei was very clear that he had succeeded in making the Buddha Jumps Over the Wall.

Initially, to prevent any accidents, Xia ruofei had prepared three times the amount of ingredients. Now, he had no use for the spare ingredients.

However, these ingredients would not go bad after they were processed and stored in the interspace. Besides, Xia ruofei was looking forward to the taste of the 'Buddha Jumps Over the Wall' described in the secret recipe. There was not enough time today, and he did not want to ruin his anticipation in advance. He decided to bring this 'Buddha Jumps Over the Wall' to the Ling Ji private kitchen.

As for the remaining ingredients, he would save them for a few days when he wanted to eat them, and then enter the space to cook and enjoy them.

With a thought, Xia ruofei moved the charcoal stove and the small wine jar that contained the 'Buddha Jumps Over the Wall' into the mountain and sea realm where time flowed at the same rate as the outside world.

Then, he told Xia Qing to take care of the charcoal stove and keep it warm with the smallest fire.

Xia Qing naturally nodded her head in agreement.

Xia ruofei left the medium and kept the painting.

At this time, only 20 minutes had passed in the outside world. It was not even 4:30 in the afternoon. When he was cooking the Buddha Jumps Over the Wall soup in the interspace, he had dealt with dozens of ingredients. It was inevitable that he would be stained with oil and smoke. Hence, Xia ruofei went to the bathroom to take a shower and changed into a clean and comfortable set of clothes.

Even though it was a meal on the table, Xia ruofei was only wearing a pair of casual pants and a casual shirt. It was not a formal outfit, but it was not too casual.

Xia ruofei looked at the time. It was almost Five O' clock. He took his bag and went downstairs, ready to leave.

He had an appointment with song Qiming at 6:30 am, and Ling Qingxue had also asked him to arrive before 6:30 am. However, he could not possibly go on time and make song Qiming and his family wait for him, could he? Moreover, his future father-in-law's private restaurant was opening, so he had to be there earlier.

This was a matter of attitude.

Xia ruofei got into the Knight XV off – Road vehicle and reached into his pocket for the 'Buddha Jumps Over the Wall' secret recipe that he had copied. Then, he started the car and drove towards the city.

.....

In the center of Sanshan city, in the Wanbao Plaza.

Two beautiful girls were sitting on long chairs, each holding a cup of Starbucks matcha star ice cream.

One of them was a tall girl with snow – White skin and wearing a sleeveless chiffon dress. She said with a trace of guilt on her pretty face, ""Yiyi, I'm sorry! I have something to do tonight, so I can't go shopping with you today. I'll take you shopping tomorrow!"

The other girl was wearing a navy blue Dickie T – Shirt, denim shorts, and a pair of white shoes. She was full of youth. She pouted and said, "Wei Wei, you're too disloyal! It's my first day at the three mountains, and you actually didn't accompany me for dinner. You just left me behind and ran away ..."

The girl in the sleeveless chiffon dress was song Qiming's daughter, Song Wei. The other girl was her University classmate, Zhuo Yiyi.

The archeology course was basically a monk class, and only Song Wei and Zhuo Yiyi were in their class. They were the two red spots among the green.

As the only two girls in the class, the two of them naturally became very good friends.

Initially, Zhuo Yiyi had planned to make use of the summer break to travel to Heron Island. When she heard that Song Wei had moved to Sanshan city, she had specially come all the way from Heron Island to Sanshan. She had only arrived at Sanshan this afternoon.

When Song Wei heard that her best friend was in her territory, she naturally wanted to come out and meet her. Song Qiming and Fang Liyun were much more relieved now that they had the medical report from 301 Hospital. They were not afraid that Song Wei would faint without any warning, but they just reminded her to be careful when she went out.

Chapter 974: Ling Ji private kitchen (2)

Song Wei accompanied Zhuo Yiyi for an entire afternoon. However, her family had to treat Xia ruofei to dinner that night, so even though it wasn't very nice to leave her best friend alone, she still said it with a hint of guilt when it was about Five O' clock.

Song Wei tugged at Zhuo Yiyi's hand and said gently, "Yiyi, I really have something on tonight! How about ... I go to the hotel to find you later?"

Zhuo Yiyi's big eyes rolled around a few times before she looked at Song Wei and said with a smile, "Wei Wei, you're dressed up so beautifully today, and you actually left me behind to act alone ... Hmph! Hurry up and confess! Do you have a date tonight? Not bad, Song Wei, you've only been at San Shan for a few days! You've found your Prince Charming so quickly?"

Song Wei's face turned red and Xia ruofei's figure appeared in her mind.

She was also flustered for no reason, but she quickly gave herself a psychological hint. I'm going to have dinner with him tonight! It was normal to think of him.

At this moment, Zhuo Yiyi seemed to have discovered a new continent. She pointed at Song Wei and said, "Your face is red! Could it be that I was right?"

Song Wei was so embarrassed that she could not help but reach out to scratch Zhuo Yiyi's armpit. She pouted and said, "Wretched girl! You don't have a filter on your mouth ..."

Zhuo Yiyi was the most ticklish. After being suddenly attacked by Song Wei, she could not help but giggle and beg for mercy. "Wei Wei, a gentleman uses his mouth and not his fists. You can't be shameless ..."

Song Wei glanced at Zhuo Yiyi proudly and said, "I'm not a gentleman, I'm a woman!"

"A woman ..." Zhuo Yiyi looked at Song Wei teasingly and said, "a woman who's been nourished by love!"

Song Wei stomped her feet in anger and reached out her hand, as if she was going to creak at Zhuo Yiyi again.

Zhuo Yiyi was so frightened that she hurriedly backed away a little. Then, she couldn't help but ask, "Weiwei, what important thing do you have to do tonight?"

"There's a dinner appointment tonight ... Yiyi, you must be tired after walking around for the whole afternoon, why don't you go back to the hotel and rest?" Song Wei said after some hesitation. "I'll definitely accompany you properly tomorrow!"

Zhuo Yiyi's eyes widened as she asked, "dinner?" And you said it wasn't a date ..."

"It really isn't!" Song Wei quickly said.

"Then I'll go with you!" Zhuo Yiyi puffed out her chest and laughed evilly. "It can't be a candlelight dinner, right?"

"It's really not that. My parents are coming too. It's an important dinner ..." Song Wei said helplessly.

When Zhuo Yiyi heard that Song Wei's parents were going as well, she immediately dispelled the thought of going with her.

However, she changed her mind and couldn't help but ask suspiciously, "Don't tell me you're using uncle and aunty as a shield on purpose because you don't want me, the third wheel, to follow you!"

Song Wei didn't know whether to laugh or cry, "you woman! Why are you so suspicious! Why Would I Lie to You?"

"Really?"

"Really, really!" Song Wei quickly said.

Only then did Zhuo Yiyi reluctantly say, "alright then!" "I'll forgive you! Wei Wei, don't stand me up tomorrow!"

"I definitely won't!" Song Wei made a solemn vow.

"Alright then ... I'll believe you for now!" Zhuo Yiyi patted her perky chest and said, "you go! I'm going to watch a movie, and then I'm out hunting for food ... Poor me ..."

Song Wei was a little embarrassed and said, "Yiyi, I'm sorry ..."

"Go on, go on!" Zhuo Yiyi chuckled and said, "I'm just joking with you!"

"Alright then!" Song Wei stood up and said. Take care of yourself, and call me if anything happens ..."

Song Wei waved at Zhuo Yiyi, got up, and walked across the Plaza. She stopped a taxi by the side of the road and gave the driver the address that Xia ruofei had given Song Qiming.

Song Wei had gotten her driver's license in her second year of University. Song Qiming had also bought her a car, but it was only a smart car that cost a few hundred thousand Yuan. The small and exquisite two-seater car was very suitable for a single girl like her.

However, the car was left in the southwest. In fact, Song Qiming had come in a hurry this time and had not had time to move many things from his house. Fang Liyun and Song Wei had only brought some necessities.

The living security of the provincial and Ministry level cadres was very good. The houses here were all carried and moved in, so they did not need to buy their own things at all. In addition, Song Qiming was busy familiarizing himself with his new position, so he did not think of moving back for the time being.

Song Wei sat in the taxi and looked at the city scenery outside the window. She couldn't help but look forward to tonight's dinner.

.....

The newly opened Ling's private kitchen was located on Guanmiao Street in the Bell Tower District of Sanshan city.

This was an Old Street in Sanshan city. The buildings on both sides were not very tall, and they were all old. The street looked a little old.

Since it was positioned as a high – end private restaurant, Ling's private restaurant would naturally not be opened in a busy place. This relatively quiet Old Street was full of the charm of the old city, and it was quite suitable.

Although the streets weren't wide, transportation was still convenient.

In addition, there was a wide open space at the entrance of Ling Ji's private kitchen, which could Park 20 to 30 cars. As a private kitchen that catered to a small audience, it was enough.

Xia ruofei used the GPS and drove to the small parking lot.

On the way, Xia ruofei had already taken out the jar of 'Buddha Jumps Over the Wall' from the medium. It was now placed in a thermal container in the trunk. There was also a tray filled with hot water at the bottom so that it would still be hot and scalding to the mouth when it was time to eat.

Xia ruofei did not take the thermal lunch box down. Instead, he got out of the car and walked straight to the Ling's private kitchen.

Xia ruofei stopped at the door and looked around.

This was a building in the Ming and Qing Dynasty style, but the building materials looked quite new. It should have been renovated later. However, the flower baskets at the door and a row of lanterns along the green Brick wall still looked very jubilant.

Xia ruofei walked through the antique door, and after turning around the screen wall, he saw a small well. The two sides of the well were paved with green bricks, and it indeed looked full of the Ming and Qing Dynasty's charm.

The receptionists in cheongsam standing on both sides did not recognize Xia ruofei. When they saw a guest coming in, one of them immediately asked enthusiastically, "Sir, how many of you are there? Did you make a reservation?"

Xia ruofei smiled and said, "Is President Ling here?" I'm her friend. "

The waitress was stunned for a moment, and didn't realize that the Ling Ji private kitchen was only a branch of the Ling Ji F & B group. Naturally, the manager and other management staff were arranged

here. The waitress didn't think of the higher – ups like Ling Xiaotian and Ling Qingxue at first, but thought of which of the higher – ups in the store had the surname Ling.

Just as she was in a daze, a joyful voice came from inside, ""Ruofei, you're here!"

Then, the receptionist saw the Vice President of the corporation, Ling Qingxue, walking out at a brisk pace. She was practically jogging over.

At this moment, the receptionist finally realized that the "President Ling" Xia ruofei was referring to was the company's little princess, Ling Qingxue.

Under the surprised gazes of the ladies, Ling Qingxue walked quickly to Xia ruofei and said with a smile, ""You're quite early! Not bad ..."

Ling Qingxue didn't hide anything in front of the staff. She held Xia ruofei's arm and said, ""Let's go! My dad is waiting for you inside!"

It was only after Xia ruofei and Ling Qingxue had walked far away that the ladies came back to their senses.

This handsome guy is actually our Big boss's son – in – Law! The welcoming ladies couldn't help but gossip in low voices.

Ling Qingxue held onto Xia ruofei's arm and asked smugly as they walked in, ""How's this place? From the renovation of the old house to the overall renovation, I basically watched over everything by myself!"

"Not bad, not bad! My wife is so capable!" Xia ruofei immediately gave her his praise.

"That's right!" Ling Qingxue raised her smooth and tender chin.

Xia ruofei asked, "by the way, have you prepared the private room for tonight?" I've been promoting our Ling Ji's private kitchen, so don't drop the ball!"

Chapter 975: Principal Tian is angry (1)

"Don't worry!" Ling Qingxue smiled and said, "I already told them to make preparations. Let's go, I'll take you to see!"

With that, Ling Qingxue held Xia ruofei's arm and walked into the courtyard.

There was a central room between the two courtyards, and the bar counter of the private restaurant was set up there. When Ling Qingxue walked over, she raised her voice and asked, ""Old Lu, is the flying Snow Pavilion ready?"

A middle – aged man in a shirt, suit pants, and a red tie quickly said, ""President Ling, everything is ready! Do you want to go over now?"

Ling Qingxue nodded. "Yes, let's go and take a look. The guests should be here soon!"

“Alright, alright!” Old Lu said immediately. Then, he waved his hand and said, “Xiaoli, bring CEO Ling to the flying Snow Pavilion!”

Then, old Lu showed an embarrassed smile and said, “President Ling, I still have a guest to attend to. What do you think ...”

Ling Qingxue waved her hand and said, “It’s okay, go do your thing! You’ve worked hard ...”

“It’s not hard at all ...” Old Lu quickly said.

A waitress in a cheongsam walked over with a smile on her face and said, “President Ling, this way please!”

Xia ruofei and Ling Qingxue followed the waitress inside.

After passing through three courtyards, the waitress opened a moon – shaped door and made an inviting gesture to Xia ruofei and Ling Qingxue.

There was an ancient wooden tablet above the moon gate with the words ‘flying Snow Pavilion’ written on it.

Xia ruofei’s eyes brightened as he walked in.

He did not expect that the innermost part of this private restaurant had a different world. There was a small courtyard here, which was decorated with rockery, fish ponds, and all kinds of beautiful flowers and green grass. There was a winding stone path, and on both sides of the path, there were some stone tables and stone chairs scattered. The environment was very quiet.

As they walked along the path, they saw a wooden house. This wooden house was built in accordance with the style of Ming and Qing Dynasty buildings, and it looked antique.

After entering the room, Xia ruofei realized that the entire room was actually a big room. In the middle was a round dining table, the left side was the tea area, the middle was separated by a screen, and the right side was separated into a lounge and guest room.

The entire house was built in a Chinese style. Screens, calligraphy paintings, lanterns, Chinese furniture ... It gave off an antique feel.

The moment Xia ruofei walked in, he felt a chill. The service staff had already turned on the air conditioner.

Ling Qingxue smiled and said, “what do you think?” The environment is okay, right? This entire courtyard is actually just a private room. The environment is quiet and tranquil, and no one will disturb you!”

Xia ruofei praised, “not bad, not bad!” Qingxue, in the future, who would dare to say that Ling Ji’s food and drink business is not up to standard? You can use this flying Snow Pavilion to slap his mouth!”

Ling Qingxue chuckled. “This flying Snow Pavilion is not usually open to the public. It’s considered a private room reserved by our internal department. We only use it when extremely important guests come.”

“It seems like I’m benefiting from Secretary song’s efforts today!” Xia ruofei said with a smile.

“Nonsense!” Ling Qingxue pouted and said, “this flying Snow Pavilion was originally meant for when I had dinner with you tonight. However, you said that Secretary song was coming, so my father gave up this private room.”

“Yo! I’m really flattered!” Xia ruofei said exaggeratedly, which made Ling Qingxue laugh.

Then, Xia ruofei was stunned for a moment. He mumbled to himself, and as if he had discovered a new continent, he said to Ling Qingxue, “Wife, I suddenly realize that there’s something mysterious about the name of this room! Flying Snow Pavilion ... Flying Snow Pavilion ... Xia ruofei’s flying, Ling Qingxue’s snow? I say, wife, you’re too talented! To think that we can come up with such a poetic name by giving each of our names a character!”

Ling Qingxue’s face heated up slightly. “Don’t be so far – fetched, alright? This is just a coincidence!”

“Is it really just a coincidence?” Xia ruofei smiled and looked deeply into Ling Qingxue’s eyes.

Ling Qingxue felt a little uncomfortable under Xia ruofei’s gaze. She could not help but whine, “Aiya ... Why are you so annoying!”

In fact, the name flying Snow Pavilion was given by Ling Qingxue. It contained the names of two people. Ling Qingxue had put a lot of thought into the decoration and layout of the courtyard. The private room was not open to the public and was basically left for Xia ruofei to enjoy alone.

However, after Xia ruofei exposed her, Ling Qingxue couldn’t help but feel embarrassed and embarrassed. Hence, she began to use a woman’s sharpest weapon, the coquettish girl.

Xia ruofei also knew that it would not work to reason with a woman. He laughed and stopped teasing Ling Qingxue.

However, when he thought of the name of the private room, Xia ruofei’s eyes still flashed with a smile, causing Ling Qingxue to roll her eyes at Xia ruofei.

“Ruofei, we’ve seen the private room. I’ll take you to my dad’s!” Ling Qingxue said.

Xia ruofei shrugged. “The environment here is so good. Why don’t you ask uncle Ling to come over? we can make tea and chat together!”

Ling Qingxue couldn’t help but roll her eyes at Xia ruofei and said, “This is for you to receive Secretary song. What is my dad doing here? If it’s messy, I’ll have to clean it up again ...”

Xia ruofei laughed and said, “so what?” You and uncle Ling will be here in a while anyway, so why don’t you come over and wait now?”

Chapter 976: Principal Tian is angry (2)

“What do you mean?” Ling Qingxue didn’t understand.

“What do you mean?” Xia ruofei said, “let’s eat together later!”

"Let's eat together? We?" Ling Qingxue cried out in surprise, then hesitated. "This isn't appropriate, right? That's the Deputy Secretary of the Provincial Party Committee ... If you treat him to a meal, we'll ..."

"He's the one who invited me to dinner!" Xia ruofei couldn't help but ask, "Didn't I tell you before?"

Ling Qingxue didn't know whether to laugh or cry. "Alright, alright! You're the best if he's treating you to a meal, alright? Ruofei, stop fooling around. You can't be so flippant when Secretary song comes later!"

"Who's messing with you! Secretary song is really treating me to a meal!" Xia ruofei didn't know whether to laugh or cry. "And you and uncle Ling are going too!"

"You're not joking?" Ling Qingxue finally got serious.

"Hey, hey, hey, Qingxue, what's the meaning of this?" Xia ruofei laughed. "So you never believed me! You're really good! Didn't I ask Secretary song to arrange dinner here so that I could introduce you to him? Otherwise, why would I go through so much trouble?"

"This ... Is it really okay? Did you tell Secretary song?" Ling Qingxue was a little uncertain.

"It's fine. We can just wait for him to come." Xia ruofei said casually, "Qingxue, can you have more confidence in me? Quickly go and call uncle Ling over!"

Ling Qingxue took a few glances at Xia ruofei, then nodded and said, "Alright, I'll give my dad a call ..."

Ling Xiaotian had been drinking tea in the room in front of them. After receiving Ling Qingxue's call and hearing that Xia ruofei wanted him to attend the dinner with Secretary song, he immediately rushed over.

Xia ruofei repeated what he had said to Ling Qingxue. He also vaguely revealed that he was close to song Qiming and that it was not difficult for him to introduce him to song Qiming. Only then did Ling Xiaotian and Ling Qingxue relax, but they could not help but feel excited.

.....

In the front yard.

After Ling Qingxue and Xia ruofei were led to the flying Snow Pavilion in the backyard by the female staff, a man who was sitting on a long bench by the bar counter immediately stood up with an unhappy expression.

The man was dressed in Armani casual clothes, and even his shoes were Armani. His hair was smooth and shiny, and behind a pair of rimless glasses, there was a pair of small eyes. When the eyes were slightly squinted, they gave off a cunning and shady feeling.

He walked over to the old Lu that Ling Qingxue had called out to and said unhappily, "Manager Lu, what do you mean? Are you looking down on me, Tian Mingyi?"

"Principal Tian, how would I dare?" manager Lu quickly said. "What do you mean ..."

This Tian Mingyi was the vice principal of the Central Primary School in the Bell Tower District. This status was not a big deal. If there were children who wanted to go to school, they would have to be

respectful to him. However, manager Lu's child was already in high school. Moreover, he was the manager of Ling Ji private kitchen. He would not have any business dealings with a primary school Vice Principal. Logically speaking, there was no need to be so polite to him. There was even a trace of fear.

Manager Lu's attitude was respectful mainly because Tian Mingyi's father was the Deputy Director of the health Bureau of Sanshan city. The health Bureau was related to the food and beverage industry. The hotel's health license, regular Health Inspection, employee health certificate, and so on were all under the jurisdiction of the health Bureau.

Manager Lu naturally didn't dare to offend a rich second generation like Tian Mingyi.

Tian Mingyi sneered and said, "Didn't you just say that all the private rooms have been booked? Why did those two people get a private room as soon as they came? Flying Snow Pavilion? Aren't the private rooms here numbered? This room sounds a little different!"

Manager Lu could not help but smile bitterly in his heart and quickly explained, "Principal Tian, you've misunderstood. This private room was reserved by our President Ling a long time ago. Furthermore ... Flying Snow Pavilion is not open to the public."

"You're open for business, yet you still have private rooms that aren't open to the public?" Tian Mingyi sneered. This is new ..."

At this time, a middle – aged man beside Tian Mingyi also couldn't help but say, "Manager Lu, you're giving us preferential treatment! Are you afraid that our principal Tian can't afford it? Are you still looking down on principal Tian?"

"I wouldn't dare to look down on the leaders, director Wu!" Manager Lu quickly said. This room is indeed our President Ling's ..."

Director Wu was the director of the health supervision office under the health Bureau of Sanshan city. He had a lot of power over these catering enterprises. If you offended him, you would have to do a spot check every two or three days, and you wouldn't be able to continue your business. Therefore, manager Lu was very nervous.

Inspector Wu laughed coldly. "Vice – Chancellor Tian asked for a private room, but you're so dilly – dallying and trying to reject him. The moment that President Ling came, you gave him all the reserved rooms. I think you're not taking Vice – Chancellor Tian seriously!" I say, old Lu! Do you want to close your restaurant?"

Director Wu's words were very arrogant, and manager Lu couldn't help but feel a trace of anger in his heart, but he didn't dare to show it.

Those in the F & B service industry would inevitably be bullied. Manager Lu had been in this line for many years. He used to be a Senior Branch Manager of a Central Branch of lingji F & B. This time, when Ling Xiaotian opened the high – end market and opened the first lingji private kitchen, he transferred him over to be the manager. This was also a high degree of trust in Him.

Chapter 977: Principal Tian is angry (3)

If he offended the son of the Vice Director of the health Bureau and the head of the health Inspection Bureau on the first day of business, it would be difficult for him to do business in the future.

Therefore, manager Lu was very anxious. He could only smile carefully and explain.

However, Tian Mingyi didn't listen at all. He frowned slightly and said, "Wait! You kept saying 'your President Ling' just now. So ... Those two people just now are from your company?"

"President Ling is the Vice President of our company, and also the daughter of our Chairman," manager Lu said carefully.

Pa!

Tian Ming Yi heavily smacked the surface of the bar counter, scaring the staff who was in charge of payment.

"Manager Lu, is this how you do your business?" Tian Mingyi said angrily. Ah? Guests don't have private rooms, but your own people are enjoying some reserved private rooms! This is simply preposterous!"

"Manager Lu, there's obviously something wrong with your service ..." Inspector Wu chimed in.

Manager Lu quickly said, "my two superiors, it's not that I'm looking down on you. I don't dare to do it. But, that private room was booked by President Ling this morning. Also ..."

"And, my ass!" Tian Mingyi slapped the table again, "if the private rooms were all reserved by the guests, I wouldn't have anything to say. But now, it's actually occupied by your internal staff ... Hmph! I don't care! Give us that flying Snow Pavilion or whatever right now! Otherwise ... You can just shut down your little shop!"

Today, Tian Mingyi was going to invite Liu Lisheng, the Deputy Director of the city's education Bureau, to a banquet. Because their Central Primary school's principal was about to retire, Tian Mingyi was already prepared to become a full – time employee. He didn't expect that two days ago, he heard that the district Education Bureau seemed to have the intention of parachuting a principal from the organization.

Tian Mingyi suddenly became anxious. This Deputy bureau chief Liu Lisheng and his father, Tian Feilong, happened to be classmates when they were studying at the municipal party party party school. Their relationship with Tian Feilong was not bad.

Thus, Tian Mingyi gave Liu Lisheng a call and invited him to have a meal together tonight, and the location was set at Ling Ji's private kitchen, which had just opened for business at noon today.

After all, private dining was popular these days. Moreover, such places were generally quiet and the quality of the food was relatively high. It was convenient to talk if he invited Deputy bureau chief Liu here.

As for director Wu, he was a guest invited by Tian Mingyi. Director Wu had a good tolerance for alcohol and was very tactful. Most importantly, two months ago, director Wu had helped Deputy bureau chief Liu's brother – in – Law with his health permit application. Therefore, with him around to help, Tian Mingyi felt more confident.

What he didn't expect was that there weren't many private rooms in this kind of private restaurant. He didn't make a reservation in advance, so when he arrived, he found that all the private rooms had been reserved. He was just telling manager Lu to help him adjust a private room when he saw Ling Qingxue and Xia ruofei come in from outside and go straight to the flying Snow Pavilion private room.

When Tian Mingyi found out that Ling Qingxue wasn't a guest, but an internal member, he was even more enraged.

"Principal Tian, this ... I really can't make the decision!" Manager Lu said with a bitter face.

"Then find someone who can make the decision!" Tian Mingyi's face darkened as he said, "I don't believe it! I, Tian Mingyi, am here for a meal, but I can't even book a private room ..."

Chapter 978: Please start your performance (1)

Manager Lu nodded helplessly and said, "Vice – Chancellor Tian, inspector Wu, please wait a moment. I'll go and ask President Ling for instructions ..."

He really had no other choice. These two were clearly not reasonable with him, and he could not afford to offend such people.

Since all the higher – ups of the company were present today, and the incident had something to do with Ling Qingxue's decision to go to flying Snow Pavilion, manager Lu had no choice but to think of Ling Qingxue.

He carefully asked Tian Mingyi and inspector Wu to sit at the side and wait, then quickly walked to the flying Snow Pavilion in the backyard.

As soon as he entered the courtyard, manager Lu heard Ling Xiaotian's hearty laughter.

It turned out that the chairman was also present ... Manager Lu's heart also relaxed slightly. Since Ling Xiaotian was here, it was even better. After this matter was consulted, no matter how it was dealt with, and no matter what the final result was, he would not have to bear much responsibility.

At the thought of this, manager Lu quickened his pace and knocked on the door. Then, he walked in.

"Xiao Lu?" Ling Xiaotian was stunned for a moment before he smiled and said, "what are you doing here instead of being busy in front? Go, go, I don't need you to greet me!"

Manager Lu forced a smile and slightly bowed. "Chairman, President Ling, I ... I have something to report to the two leaders!"

Then, manager Lu reported Tian Mingyi's matter in full detail and said, "That principal Tian just heard that President Ling came to flying Snow Pavilion. He's asking for a private room in flying Snow Pavilion. If we don't arrange a room for him, he'll ... He'll shut our shop down ... Chairman, President Ling, what do you think ..."

Ling Xiaotian sneered and said, "he said that I can't open my shop, so I can 't?."

No matter what, Ling Xiaotian was still a multi – billion Yuan tycoon. Having operated in the three mountains for so many years, he still had some Foundation.

“That’s true, that’s true ...” Manager Lu quickly said, “but the King of Hell is easy to hide from, but the little ghost is hard to deal with! Especially since the health Inspection Bureau is in charge of a lot of places. If they come to find trouble with us every now and then, it would be quite annoying ... Chairman, we can’t afford to offend such a villain!”

Ling Xiaotian furrowed his brows and said, “the flying Snow Pavilion will definitely not be given up!” Xiao Lu, is there any way to adjust another box ...”

“Uncle Ling!” Xia ruofei suddenly said, “why are you being so polite to these unreasonable and self – righteous idiots? Tell them to go to the side and stay there!”

Manager Lu saw that Ling Xiaotian was about to be swayed by his words, but the young man beside him suddenly came out and said such childish words. He couldn’t help but feel angry.

However, he also saw that Xia ruofei and Ling Qingxue had walked in hand in hand, and even Ling Xiaotian had personally come over to make tea with them. Hence, he did not dare to be too rude. He could only smile bitterly and say, “Sir, Tian Mingyi’s father is the Deputy Director of the health Bureau ...”

“Xiao Lu!” Ling Xiaotian did not wait for manager Lu to finish his sentence and immediately interrupted him, saying, “we’ll do as Xiao Xia says! Tell them that there are no more private rooms! We also have rules when we open our doors to do business. If they come in to spend, they have to follow our rules! Otherwise, they would not be welcomed here!”

“Ah?” Manager Lu couldn’t help but open his mouth in shock.

He couldn’t believe that Ling Xiaotian, who had been in the business world for so many years, would say such cynical words. In business, amiability was the key to making money. As the saying went, “too hard is easy to break.” For Ling Xiaotian to be able to make his business so big, he must have his own way of dealing with people and such.

At the very least, he wouldn’t be as overbearing as he was today.

Otherwise, he would have offended many people.

Manager Lu had clearly seen that Ling Xiaotian was about to relent. In fact, as long as they were able to coordinate a private room, even if it was not flying Snow Pavilion, manager Lu would at most throw away his face and say some good words. This matter could still be settled perfectly.

If he followed Ling Xiaotian’s instructions, then he would have really offended him.

Who was this young man? His one sentence actually changed the Chairman’s mind ... Manager Lu couldn’t help but Mutter in his heart.

Ling Xiaotian frowned and said, “little Lu, what are you thinking about?” Did you not hear me?”

Manager Lu seemed to wake up from a dream and quickly said, “I heard it, I heard it! But ... Chairman, this way ...”

Ling Qingxue interrupted manager Lu with a smile and said, ""Old Lu, just do as my dad said! We're in the right on this matter, so don't be afraid!"

If it was someone else who said this, manager Lu would not hesitate to scold the other party for being childish.

But the person who said that was the company's chairman and Deputy General Manager! Even if he was given a few more guts, he would not dare to say anything disrespectful. Although he disapproved in his heart, he still nodded helplessly and said, ""Okay, I got it, President Ling...I'll go out first!"

As manager Lu walked out, he muttered in his heart, "Al! The chairman didn't seem like an impulsive person! He didn't know what was going on today! Fine, since it's your two bosses' instructions, I'll resolutely carry it out. As for the consequences, I don't care!"

After thinking it through, manager Lu's footsteps relaxed a little. Soon, he came to the bar counter in the front yard.

Chapter 979: Please start your performance (2)

Tian Mingyi sat on the sofa and glanced at manager Lu, waiting for him to come up and "report."

Manager Lu came over with a polite smile and went straight to him. He even bowed slightly and his attitude was very respectful.

Tian Mingyi couldn't help but be secretly proud, "these businessmen can't be too polite to them, so what if they have some stinky money?" Everything had its weakness!

Just as Tian Mingyi was reveling in his own self – satisfaction, manager Lu bit the bullet and said, ""Vice – Chancellor Tian, director Wu, I'm really sorry. We really can't make any more private rooms available ..."

The smile on Tian Ming Yi's face froze.

Director Wu was also furious. He pointed at manager Lu's nose and said loudly, "Old Lu, F * cking say that again!"

Manager Lu's heart couldn't help but tremble. However, even Ling Xiaotian had given him clear instructions, so he could only endure it to the end.

The smile on manager Lu's face became even more humble as he said, ""Inspector Wu, we're really trying our best to coordinate, but we really can't make room for you. How about this ... The two leaders come visit us at another time, and I'll make the decision to give you a free meal ..."

Manager Lu still didn't want to offend these two' kids '. After all, he was the manager of this private kitchen, and he would be in charge of the operations of the restaurant in the future. If trouble came knocking on his door every day, even if Ling Xiaotian didn't blame him, he would also feel bad!

Tian Mingyi said eerily, "old Lu, do you think we're here for free?" Do I owe you money for this meal or something?"

If it was a normal meal, it would be fine to change the restaurant, but Tian Mingyi was going to invite his boss's boss, the leader of the city's education Bureau. He had already informed him of the location, and now he was changing the venue at the last minute. Wasn't that a slap in his own face?

"I wouldn't dare ... Principal Tian, I ... I just wanted to express my sincerity ..." Manager Lu quickly said.

"Sincerity!" Tian Mingyi sneered, "this is your sincerity? Good! Very good! Old Lu, your Ling Ji dining hall is a big business, but you don't respect me, a small vice – Principal!"

"Principal Tian, what are you saying! "How could we dare to look down on you ..." Manager Lu said quickly.

However, Tian Mingyi was already really angry. Even if manager Lu lowered his attitude, how could he calm down?

Tian Mingyi didn't pay any attention to manager Lu and directly said to director Wu, ""Brother Wu, there are a lot of problems with this private kitchen! The health Inspection Bureau had better perform their supervision duties well! I think we can organize some people to come over and check it out!"

Director Wu glanced at manager Lu and said with a sinister smile, ""Principal Tian, I don't think the health supervision office alone is enough. The safety supervision, Environmental Protection, and urban management departments should be there too! Why don't we have a joint law enforcement today!"

Superintendent Wu's health Inspection Bureau often participated in joint law enforcement operations, so he was quite familiar with some of the related departments, especially those who participated in the inspection. Many of them called each other brothers. Today, he wanted to do his best to perform well in front of the young master he led, so he spared no effort.

After Tian Mingyi heard this, he laughed and said, "This is good! Brother Wu, what are we waiting for? let's make the arrangements now ..."

Manager Lu couldn't help but feel dejected when he heard this and quickly begged, ""Two leaders, let's talk this out, let's talk this out ..."

As director Wu took out his phone, he glanced at manager Lu and said, ""Old Lu, I'll give you a piece of advice. People give you face. If you don't give us face, you can blame us for not giving you face! I'll ask you one last time, can the matter of the box still be resolved?"

Manager Lu secretly sighed and gritted his teeth, ""I'm sorry ..."

Director Wu's face darkened. He had already said so much, but manager Lu still didn't take the bait. Then, he couldn't be blamed for being ruthless. He stared at manager Lu without saying a word and then began to make a call.

Manager Lu felt a deep sense of powerlessness. He could only watch as director Wu called for people. He could imagine what kind of chaos the store would be in after the people from the safety Bureau, hygiene Bureau, Environmental Protection, urban management ... Arrived.

To encounter such a thing on the first day of business, first of all, it was a bad sign, not to mention offending this group of grandsons. How difficult would it be for the business in the future?

Director Wu was gathering people, and manager Lu didn't dare to neglect.

Manager Lu didn't have any hope of dissuading the two "brats" who were determined to mess with Ling Ji's private kitchen, Tian Mingyi and director Wu. He could only carefully run to the side and secretly give Ling Xiaotian a call. Although Ling Xiaotian was in the backyard, he didn't dare to leave for even a second.

Ling Xiaotian quietly listened to manager Lu's report before he said indifferently, "Let them be! Let's see who will have the last laugh!"

With that, Ling Xiaotian hung up the phone. Manager Lu was also dumbfounded. He did not know why Ling Xiaotian had such confidence.

However, since the boss had spoken, manager Lu didn't have to worry so much. He put away his phone and went back to the bar counter.

Director Wu had already finished his call. When manager Lu walked over, Tian Mingyi and director Wu both looked at manager Lu coldly. However, to their disappointment, manager Lu didn't show any fear. He didn't even come over to beg. He just calmly and methodically arranged the work.

Chapter 980: Please start your performance (3)

Tian Mingyi saw that manager Lu was treating him like an invisible person, so he couldn't help but sneer. You just have to hold on! He wouldn't give up until he reached the Yellow River! You won't even be able to Cry Later!

.....

Flying Snow Pavilion.

"Uncle Ling, did those two idiots do something?" Xia ruofei asked with a smile.

Ling Xiaotian curled his lips and said, "isn't that so?" Director Tian of the health Bureau was quite a figure, but he didn't expect his son to be so useless! An official's position was neither high nor low! He's calling people to do a joint law – enforcement inspection of our store!"

Ling Xiaotian knew that Xia ruofei had invited the Secretary of the municipal government, song Qiming, to dinner tonight, so he was not at all worried about the two little shrimps' actions.

Xia ruofei's expression turned cold. He snorted and said, "Actually, many leading cadres are good officials! Just like you said, the officials are not high in rank, but their responsibilities are not small! It's these monsters and demons that have turned the society into a mess!"

Ling Qingxue also said angrily, "What kind of people are these! If he didn't book a room in advance, we would have to reserve one for him all year round, right? If principal Tian comes today, then if director Liu and director Zhang come tomorrow, will we still be able to open our shop?"

Xia ruofei gently held Ling Qingxue's hand and said with a smile, ""Qingxue, it's not worth getting angry at these small fries. Today is uncle Ling's first day of business, and he dares to do this. It looks like we have to teach them a lesson that will leave a deep impression. Otherwise, they'll really be lawless!"

Ling Xiaotian could not help but feel happy when he heard manager Lu's report. As soon as Xia ruofei gave the order, Ling Xiaotian did not hesitate to follow Xia ruofei's instructions. On one hand, it was because he had the confidence. On the other hand, he might have other thoughts.

Song Qiming was coming over tonight, and they were the ones who invited Xia ruofei to a banquet. No matter who came to cause trouble, no matter how big the matter was, the Ling Ji private kitchen would not be the one in trouble.

If song Qiming personally came out to deal with these lawless "little brats," then it would be hard for Ling Ji private kitchen not to be famous. There were no secrets in the officialdom, and the matter of Tian Mingyi and the others could not be kept a secret. By then, who would dare to come to Ling Ji private kitchen to cause trouble?

What was the difference between that and seeking death?

"Ruofei, with your words, uncle Ling's heart is at ease!" Ling Xiaotian laughed.

Ling Qingxue hesitated for a moment before saying, "dad, RUO Fei, why don't we go to the front yard to take a look?" Old Lu might not be able to handle the joint inspection team later. After all, today is our first day of business ..."

"No need!" Xia ruofei and Ling Xiaotian said in unison.

Xia ruofei laughed as he looked at Ling Xiaotian, then said, ""It seems like uncle Ling and I share the same opinion! Just let them perform to their heart's content! This time, we'll let them put on a good show! Secretary song is new here and doesn't know much about the local affairs. I'm giving him a good opportunity to understand the governance of the three mountains! He'll definitely be very grateful to me ..."

With that, Xia ruofei chuckled. His smile looked evil in Ling Qingxue's eyes, and she could not help but burst into laughter.

.....

Just as Xia ruofei, Ling Xiaotian, and Ling Qingxue were talking and laughing, the people gathered by inspector Wu arrived.

The location of the Ling's private restaurant was not very remote. Guanmiao Street used to be in the center of the three mountains. However, the city had changed in recent years and was not as prosperous as the old people's house. However, it was not far from the administrative center. Moreover, the people who were gathered by director Wu were mainly people from the relevant departments in the Bell Tower District, so they arrived very quickly.

When a group of people wearing uniforms of urban management, security, and environmental Protection came in from the main entrance, Tian Mingyi and director Wu couldn't help but show a proud smile.

Then, director Wu's face darkened and he became the leader of the inspection team.

He walked up to manager Lu and said in a serious tone,""Manager Lu, our health, security, and environmental departments have decided to conduct a surprise inspection of your store. I am Wu Guanghui, the person in charge of this inspection! Please cooperate with our work!"
