Chapter 981: Lady song's arrival_1

Manager Lu could only sigh and say, "Dear leaders, today is the first day of our store's opening, please be kind ..."

"So what if it's the first day of business?" Tian Mingyi said sarcastically, "can we not accept any inspections and management on the first day of business? Won't there be any violations on the first day of business?"

Manager Lu's expression froze, and he felt very angry in his heart. However, since the boss had spoken, he had no way out. He could only play it by ear.

Inspector Wu had a cold smile on his face and said, "Manager Lu, our brothers are here. You can't be thinking of resisting the law, right?"

"I don't dare, I don't dare ..." Manager Lu quickly smiled.

"Then, arrange for a few people to cooperate with the inspection!" Inspector Wu said lazily, "I'll check the hygiene first."

It was already past Six o'clock, and the customers who had booked private rooms were arriving one after another. Some of them had already gone to their private rooms and came out to check on the situation when they heard the noise, while some saw law enforcement officers in all kinds of uniforms as soon as they entered the door. Everyone couldn't help but hesitate.

Although Ling's private kitchen was on its first day of business, it had done a lot of publicity and promotions. In addition, with the Golden signboard of the Ling's Dining Group and the high – end decorations of the restaurant, business was still very good. Tian Mingyi had come at the last minute and did not manage to book a private room.

Now that these customers saw a large number of law enforcement officers coming to the door, they were obviously looking for trouble. They were all wondering if this shop had offended someone.

Tian Ming Yi saw that there were many guests watching, and he felt even more proud. He said loudly, "Everyone, go back first! This shop won't be open for business today!"

Manager Lu couldn't hold back his anger when he heard this. You're just the Vice – Principal of an elementary school. What right do you have to make decisions for the restaurant? The store manager didn't even say anything, so why did you clear the place?

Manager Lu's face slightly darkened and said, "Principal Tian, this isn't appropriate, right? We'll just cooperate with the leaders for inspection. These guests have booked private rooms in advance, how can we just drive them out!"

"Manager Lu, I'm just helping you to inform your customers in advance. Do you think you'll still be open for business tonight?" Tian Mingyi sneered.

“You ...” Manager Lu clenched his fists in anger.

When inspector Wu saw this, he immediately stepped forward and said, “Manager Lu, we received a report from the public that your restaurant has serious hygiene problems, so we conducted a spot check. So, I’m officially informing you that before the results of our inspection are out, your restaurant must stop all business activities!”

“What?” Manager Lu was so angry that his lips were trembling.

He had seen shameless people, but he had never seen someone so shameless.

Just now, it was obvious that Tian Mingyi was angry because he couldn’t get a private room, so he asked director Wu to gather a group of people to do a so – called surprise inspection. It was obviously a public office to avenge private wrongs, but now this director Wu was actually lying through his teeth, saying that there was a public report.

You’re here to eat when the public is reporting you? Furthermore, he was flustered and exasperated because he couldn’t get a private room?

“Manager Lu, do you not understand what I’m saying?” Inspector Wu’s voice turned cold. “I told you to stop all business activities immediately!”

Manager Lu felt that he was on the verge of exploding. He wanted to go up and knock these two shameless people down with a punch. At this time, the lobby manager of the restaurant, a girl in her 20s, gently pulled manager Lu’s clothes and gave him a look.

Manager Lu slowly calmed down and realized that he definitely couldn’t do anything, otherwise, he would become unreasonable. The chairman must have something to rely on. He couldn’t ruin the Chairman’s big plan.

At the thought of this, the anger in manager Lu’s eyes gradually dissipated and was replaced by a look of humiliation.

He looked deeply at Tian Mingyi and director Wu, then said to the guests, “I’m sorry, everyone. There’s an emergency today, so we can’t serve you. To express our apologies, we’ll give each guest in the private room a 500 – Yuan doorless voucher. You can come and spend at any time within the effective period.”

Manager Lu had been in this line of work for so many years, so he still had some quick – witted ideas.

When he saw the attitude of director Wu and the others, he knew that it was not a good idea to fight them head – on. Since they had made up their mind to kill them, he could only minimize the negative impact.

This kind of doorless voucher was prepared before the opening. Of course, it was originally prepared to be given to some officials in charge of the streets and districts. This was not the kind of voucher used for promotion. In other words, the 500 yuan given to the guests could be used directly as money without any additional conditions. If the guests just happened to spend 500 yuan, then the bill would be waived.

Manager Lu's attitude was very sincere, and the manager of the store, the lobby manager, and other people began to explain to the customers one after another. Most of the customers were reasonable, and after receiving the compensation from the store, they left one after another.

Although a small number of them were a little unhappy, it was obvious that the store was in trouble. They had already said that they couldn't open for business today, so in the end, they took the coupons and left with a face full of dissatisfaction.

Manager Lu and the other employees in the store were very angry as they watched the customers leave one by one and the waiters in charge of reservations called the customers who had not arrived one by one to explain and promised to compensate them with coupons.

Chapter 982: Lady song arrives (2)

No one would feel good about such a thing happening on the first day of business.

Tian Mingyi, on the other hand, crossed his legs and proudly looked at this scene in front of him. The corner of his mouth slightly curled up, and he said slowly, "Old Lu, I've said it before, a wise man submits to circumstances! Have you been living like a dog all your life? If you don't even understand this, how can you be a store manager! You should go home early ..."

Manager Lu suppressed the anger in his heart and coldly looked at Tian Mingyi.

The two sides had already shed all pretenses of cordiality, and the other party's intentions were even more obvious. Manager Lu no longer bowed down like before. If it wasn't for the fact that there was no other way, who wouldn't want to stand up straight?

Inspector Wu's mouth twitched and he said, "brothers, check it out!" Principal Tian said that everyone should work hard today and he will treat us to supper later!"

"Alright!" The people from the safety supervision Department and the Environmental Protection Department all laughed and responded.

At this moment, a taxi stopped at the entrance of Ling's private restaurant. Song Wei got out of the car and looked at the environment of the restaurant. She was interested.

As Song Wei was shopping with her best friend Zhuo Yiyi, she did not come with song Qiming. Instead, she took a taxi from Wanbao Plaza.

She strolled inside and was a little surprised.

This was a restaurant that Xia ruofei had personally recommended. Why did it feel like the service was so – so? This private restaurant was not like an ordinary hotel. This kind of antique building structure was more complicated. It was not normal for guests to not have someone to guide them on their first visit.

However, Song Wei didn't mind. She walked around the wall and went straight inside.

Inspector Wu and the others were in the central room, ready to split up to “inspect” the place. When they saw someone walk in from the outside, they all looked over.

Tian Mingyi’s eyes lit up when he saw that it was a classic beauty with a graceful figure.

Song Qiming had just taken office in Sanshan city, so naturally, no one would know Song Wei.

In fact, at Tian Mingyi’s level, he could barely be considered as the second generation of an official. Even if Song Wei became more and more famous in the circle of the three mountains, he would not be qualified to come into contact with her.

Of course, Tian Mingyi did not forget his “proper business” just because a beautiful woman came.

So, he greedily glanced at Song Wei and said, “This beauty is here to eat, right? This shop is closed today, you can go back!”

Song Wei glanced at Tian Ming Yi indifferently and ignored him as she walked past him.

Tian Ming Yi smelled a fragrant wind passing by, but he couldn’t keep a straight face. So this beauty didn’t take him seriously at all!

Manager Lu also thought that Song Wei was one of the guests who had booked the room, so he quickly stepped forward and bowed, “Miss, I’m really sorry. The restaurant can’t be open tonight due to some unexpected circumstances. We will compensate the guests in each private room ...”

“Closed?” Song Wei asked with a frown. Why?”

“This ...” Manager Lu was a little hesitant.

Song Wei looked at the so – called “law enforcement officers” in various uniforms and suddenly understood.

“I’m in the flying Snow Pavilion’s private room that Mr. Xia has booked. Is he not here yet?” she said indifferently.

Song Wei knew that Xia ruofei could not have left after coming. If Xia ruofei had left because the store was closed, he would have called song Qiming to explain the situation before leaving.

Now that her father had not informed her of the change of location, it meant that either Xia ruofei had not arrived yet or he was already in the private room.

Manager Lu was also stunned when he heard the words “flying Snow Pavilion” and quickly said, “So you are a guest of the flying Snow Pavilion! Please come in! Mr. Xia is already here, I’ll get someone to take you there immediately ...”

Song Wei nodded her head lightly and smiled, “Thank you for your trouble ...”

Manager Lü quickly beckoned for a waitress and asked her to lead Song Wei to the flying Snow Pavilion in the backyard.

Tian Ming Yi had also heard their conversation. Seeing that Song Wei was still walking in, he could not help but stand up and say, "Old Lu, what do you mean by this? Didn't you hear the notice from inspector Wu? They actually let guests in? This is a public resistance to law enforcement!"

Tian Mingyi knew that the flying snow restaurant was booked by the two young men and women just now. That woman was the Vice President of Lingji F & B, so when he found out that Song Wei was a customer of flying snow restaurant, the unhappiness in his heart was even more obvious.

Superintendent Huang's face was dark as he said, "Manager Lu, there's a problem with the attitude of your shop's inspection! It seems like there's a need to reorganize ..."

Song Wei did not go far. She turned around and asked with a frown, "Who are you people?"

"Can't you see what kind of people we are?" Tian Mingyi said with a mischievous smile. "Do you see the uniforms of our brothers? We're the joint inspection team, and we're conducting a surprise inspection of this shop!"

Song Wei looked at Tian Ming Yi and the rest with a meaningful look. She nodded and turned around to continue walking.

Tian Mingyi's expression turned cold and he shouted, "stop!" "Did you not hear what I said? This shop is closed today!"

Song Wei stopped in her tracks again and turned around to look at Tian Mingyi coldly.

Chapter 983: Lady song arrives (3)

When Tian Ming Yi was swept by that cold gaze, he couldn't help but feel a chill in his heart.

Song Wei grew up in a high – ranking family, so she naturally had a sense of authority. It was just that she was usually quiet and did not show off her abilities. However, she was a little angry just now, so she unconsciously released her authority.

Tian Ming Yi was a little unhappy with his momentary timidity. Wasn't she just a pretty girl? Could it be that he had something to fear?

Thinking about this, Tian Mingyi also looked at Song Wei, not to be outdone.

"If you didn't tell me, I would've thought you were from the Public Security Bureau!" Song Wei said coldly. "Even the manager of the store didn't stop me. What right do you have to restrict my personal freedom?"

Song Wei turned around and walked inside.

"You ..." Tian Mingyi angrily shouted.

"Vice – Chancellor Tian, director Wu, you've misunderstood ..." Manager Lu quickly explained, "this lady is our Chairman's guest, she's not here to spend money ..."

“You didn’t come to the restaurant to eat?” Tian Mingyi looked at manager Lu with a half – Smile and asked, “do you think I’m an idiot?”

Inspector Wu frowned. He didn’t want to cause any more trouble. He could just find a few reasons to fine the shop tens of thousands of Yuan and close it down for ten to twenty days. Then, the shop would be half ruined.

Therefore, he gave Tian Mingyi a look and said, “”Alright, manager Lu, let’s cut the crap and start the inspection!”

.....

While Xia ruofei, Ling Xiaotian, and Ling Qingxue were making tea and chatting in flying Snow Pavilion, Song Wei was led to the private room by the waiter.

As soon as Xia ruofei saw Song Wei, he immediately stood up with a smile and greeted her, “”Song Wei is here! Come in and sit ... Why didn’t you come with Secretary song?”

Song Wei gave Xia ruofei a grateful look and said with a smile, “I was out shopping in the afternoon, so I came straight here.”

When Xia ruofei stood up, Ling Xiaotian and Ling Qingxue stood up as well. The father and daughter had heard the conversation between Xia ruofei and Song Wei and guessed that this lady was probably a family member of Secretary song.

Xia ruofei also quickly smiled and said, “let me introduce you!” “Song Wei, this is the chairman of Ling Ji restaurant, Mr. Ling Xiaotian. Ling Ji private kitchen is one of the high – end stores Under Ling Ji restaurant. This beautiful woman is uncle Ling’s daughter, Ling Qingxue, the Vice President of Ling Ji Restaurant Group ...”

Then, Xia ruofei smiled and added, “”She’s also my girlfriend!”

“Uncle Ling, Qingxue, this is Song Wei. She’s Secretary song Qiming’s precious daughter,” Xia ruofei introduced.

Song Wei was stunned when she heard that. She felt a tinge of sourness in her heart, but she didn’t even notice it. She quickly adjusted her mood and greeted the two with a gentle smile on her face.

When Ling Xiaotian and Ling Qingxue heard that Song Wei was Secretary song’s daughter, they were naturally very enthusiastic.

Only then did Song Wei know why Xia ruofei had arranged for tonight’s dinner to be at Ling Ji private kitchen. It turned out that he had such a relationship with Ling Ji F & B group.

She quickly recalled the scene at the entrance and asked, “”President Ling, when I came in just now, I think I saw a joint inspection team outside! What’s going on?”

Chapter 984: Unscrupulous (1)

When Ling Xiaotian heard this, he subconsciously looked at Xia ruofei. Xia ruofei had a relaxed smile on his face as he nodded at Ling Xiaotian and said, "Uncle Ling, Song Wei isn't an outsider. Just say what you have to say."

Ling Xiaotian nodded his head and told him everything that had happened. He didn't try to hide anything, and he didn't exaggerate anything. He just told him everything objectively.

Song Wei's expression became uglier and uglier after hearing this. She had thought that it was a normal spot check, but the law enforcement officers' working attitude was a little rough.

Now that she heard Ling Xiaotian's words, Song Wei finally understood that this so-called 'joint inspection' was actually a temporary gathering of Tian Mingyi and inspector Wu's scoundrels.

This was a restaurant opened by Xia ruofei's girlfriend's family. Xia ruofei had set the dinner at Ling Ji private kitchen to help this restaurant build connections.

And now, these people had caused the shop to close down right under Xia ruofei's nose.

Moreover, the entire matter was based on the Ling Ji private kitchen. Director Wu, Tian Mingyi, and the others were already arrogant to the point that it made one's hair stand on end!

"Chairman Ling, I really didn't expect them to be so lawless!" Song Wei said to Ling Xiaotian. Don't worry, I'll definitely get justice for you!"

"Thank you, miss song!" Ling Xiaotian said gratefully.

"Speaking of which, my dad should be thanking you guys!" Song Wei said with a straight face. If he didn't come here to eat today, how could he have the opportunity to see such a real situation?"

At song Qiming's level, every time he went to a lower unit, even if he did not say hello and dressed in plain clothes, he could hardly hide from the countless pairs of eyes. It was not easy to see the truth.

Song Wei nodded at Ling Xiaotian, then took out her phone and called song Qiming.

Song Qiming and his wife were already on their way.

The Audi drove smoothly on the road. Song Qiming took out his phone and looked at the caller ID. He picked up the call and asked with a smile, "Wei Wei, where are you? I'm telling you, don't be late!"

"I'm already here!" Song Wei replied. Dad, where are you guys?"

"They should be here soon." Song Qiming asked, "why? My precious daughter is getting impatient? Is little Xia here?"

"He's here, but ... If you don't come, we won't be able to have this meal!" Song Wei said jokingly.

"What's going on?" Song Qiming asked with a slight frown.

Song Wei thought for a while and said, "let's wait until you're here!" Seeing is believing, I'll wait for you at the door later ..."

"Girl, you're keeping me in suspense ..." Song Qiming laughed and scolded.

“Alright, I won’t talk to you anymore!” Song Wei said with a smile. Please hurry up ...”

Song Wei hung up the phone and said to Ling Xiaotian, “Chairman Ling, my father is about to arrive. I’ll go to the door to pick him up, don’t worry! I will definitely give you a satisfactory explanation for this matter!”

How could Ling Xiaotian not be at ease? Secretary Song was there in person, and his precious daughter had already made her stand. What was there to worry about?

“Then let’s go out and welcome them together!” He said quickly.

“No need, no need!” Song Wei replied with a smile. I’ll just wait outside!”

Even though Song Wei said so, the person who came was the official from San Shan city, the third most important person in the entire Southeast province. How could Ling Xiaotian just sit in the private room and wait? No matter what Xia ruofei’s relationship with the family was, he still had to be polite.

Therefore, after a few rejections, everyone still walked out together.

Very quickly, the group of people arrived at the first central room. Ling Xiaotian did not see the people from the inspection team. He called a waiter over to ask about the situation. Only then did he find out that after the group of people had found a lot of problems from an egg, they were now all in the restaurant’s kitchen. It looked like they were prepared to make things worse.

The kitchen was a very important place in a restaurant. At the same time, it was also a place where problems could easily occur. Tian Mingyi and director Wu had called everyone to the kitchen together to find all kinds of faults.

“Hmph!” Song Wei snorted and said, “President Ling, let them be!” I’d like to see how lawless they can be!”

Ling Xiaotian smiled and said, “that’s good too. We can’t delay the welcome of Secretary Song for this kind of person!” Let’s go out first!”

Xia ruofei and Ling Qingxue were the last to leave. They could not help but secretly give Ling Xiaotian a thumbs up.

Everyone arrived at the entrance of the private restaurant. After waiting for a while, they saw a black Audi driving over steadily.

The car stopped in front of the private restaurant. Secretary Guangzhi Cao got out of the car first and opened the door of the back seat. Zhang opened the door on the other side almost at the same time.

Song Qiming and Fang Liyun got out of the car.

They had already seen Xia ruofei and the others standing at the entrance from a distance, so they quickly walked over as soon as they got out of the car.

Song Qiming chuckled. “Xia, I’m treating you today. As the host, I’m late. I shouldn’t have come!”

Chapter 985: Unbridled (2)

Ling Qingxue, who was listening at the side, could not help but turn and look at Xia ruofei deeply. So it was really Secretary song who was treating this guy to a meal! I always thought he was just bragging ...

Xia ruofei also smiled. "Secretary song, it's my fault. I wanted to see my girlfriend. That's why I came early."

"Your girlfriend?" Song Qiming raised his eyebrows and looked at Ling Qingxue, who was holding Xia ruofei's arm.

"Dad, mom, you guys don't know yet, do you?" Song Wei said with a smile. This shop is owned by RUO Fei's girlfriend. "

Song Wei then introduced Ling Xiaotian and Ling Qingxue to song Qiming.

Ling Xiaotian and Ling Qingxue did not dare to delay and quickly came forward to greet song Qiming.

Because of Xia ruofei, song Qiming's attitude was very good. He took the initiative to shake hands with Ling Xiaotian and Xia ruofei and exchanged a few words.

"Dad, don't just chat!" Song Wei said. There's still serious business to attend to!"

Song Qiming was stunned and asked, "what's the matter?" You kept me in suspense over the phone just now, you can finally tell me now!"

"Let's go in first!" Song Wei said with a smile. Let's talk while we walk ... Don't go to the private room first, I'll take you to the kitchen!"

"What's there to see in the kitchen?" Song Qiming asked in confusion.

Song Wei gestured to Xia ruofei and said, "RUO Fei, why don't you say it?"

Xia ruofei smiled and said, "let uncle Ling say it!" He understands the situation better. "

Song Qiming also realized that something had happened. He could not help but frown and ask, "What happened?"

Ling Xiaotian knew that it was time for him to step forward, so he cleared his throat and said, "Secretary song, the situation is like this ..."

When Ling Xiaotian was reporting to song Qiming, everyone did not stop and headed straight to the restaurant's kitchen.

.....

In the kitchen.

Manager Lu's face was ashen, and his heart had already sunk to the bottom.

He already had a stack of tickets in his hand. Some were from the safety supervision Department, the Environmental Protection Department, the urban management Department, and of course, most were from the health supervision Department.

These people were clearly here to find trouble, and they were just short of digging three feet deep.

Their inspection standards were so strict that it was outrageous. The restaurant was newly renovated, and today was only the first day of business, but they had already found a bunch of problems.

There was dust on the top of the box's door frame, the fire extinguisher case's lid could not open and close smoothly, the parking space was five millimeters narrower than the standard space, and there were water stains in the sink in the bathroom ...

There were more than a dozen of these so – called problems that would make people laugh if they were told about them. Every time they found a problem, they would issue a fine according to the upper limit. The fine in manager Lu's hands was already in the tens of thousands.

These people were not looking for problems! It was even stricter than the standard of internal affairs inspection in the Army.

For example, when inspector Wu touched the top of the door frame with his new white gloves, a dark gray mark appeared on the white gloves, and he immediately classified it as a problem.

If all the restaurants were to meet this standard, not to mention the restaurants on the street, they would be punished to close down. Even the barracks of the Army would not be qualified.

Now, this group of people were picking bones from all kinds of eggs in the kitchen. Tian Mingyi also followed behind everyone proudly, and from time to time, he would cast a mocking look at manager Lu.

"There's oil on this stove!" Inspector Wu was making a fuss.

Manager Lu's heart sank, and he quickly walked over. At first glance, he was so angry that he almost fainted. There was a small drop of oil on the clean stove that was almost invisible to the naked eye. It was probably accidentally dropped on it by the chefs when they were preparing the dishes. It was obvious that it had been wiped, but not completely wiped clean.

In fact, it was only the first day of the opening of Ling Ji private kitchen. The entire kitchen was bright and clean. It could be said that it was much cleaner than the kitchen of most restaurants.

But no matter how clean it was, it couldn't withstand someone picking bones from an egg!

"Director Wu, this ... This is just a small mark, I don't think ..." Manager Lu tried to suppress his anger.

"Are you going to check or should I check?" Inspector Wu rebuked him, "do I still need you to teach me the standard of inspection?"

"I don't dare ..." Manager Lu swallowed his anger and said.

Director Wu glanced at manager Lu and said, ""The kitchen's hygiene is not up to standard! You'll be fined 5000 Yuan and suspended for half a month. After half a month, we can resume business after we review it. Otherwise, we'll suspend the operation indefinitely!"

Manager Lu was shocked and couldn't help but shout, ""What? It will be closed for half a month?"

"You have an opinion?" Inspector Wu glanced at manager Lu and asked coldly.

“Inspector Wu, we’ll accept the fine, but closing for half a month is too much!” Manager Lu gritted his teeth and said, “you all know what happened today. Why do you have to be so ruthless?”

“Lu fengwen! What do you mean by that?” Inspector Wu shouted, “are you saying that I’m abusing my power to take revenge?”

Manager Lu thought to himself, “even a fool can see it. What’s the point of acting?”

Both sides had already shed all pretenses of cordiality, and manager Lu was not prepared to tolerate it any longer. He snorted coldly and said, “Isn’t it? Ask yourself, is there really a problem with our shop? And look at these tickets in my hand!”

Chapter 986: Unbridled (3)

Inspector Wu glared at manager Lu and said, “it’s not up to you to decide if there’s a problem, we have the final say!” I think there’s something wrong with your attitude! Brothers, check it again. This kitchen is so big, I’m afraid we can find eight to ten problems. ”

Inspector Wu’s gang of scoundrels laughed and responded, then began to split up to look for the problem.

“The rag is too dirty. The bacteria level is over the limit!”

“The sewage outlet doesn’t meet the standard!”

“The hygiene of the refrigerator is terrible!”

“The ingredients are going bad! That’s a big problem ...”

In a short while, this group of people had found six or seven problems out of nothing.

Manager Lu was shaking with anger. He pointed at director Wu and the others and said, “You ... You’ve gone too far!”

Inspector Wu walked up to manager Lu and stared at him coldly. He said, “We’re bullying you, so what? Who asked you to be so insensible?”

Tian Ming Yi laughed proudly and said, “Old Lu, didn’t your boss teach you? Not everyone can be offended!”

Manager Lu panted and pointed at inspector Wu and his men. “You’re abusing your power to get back at me. I ... I’m going to report this to your superiors!”

Director Wu took an exaggerated step back and said, “Aiya! I’m so scared ... Please don’t report me ... Oh right, my supervisor is principal Tian’s father. Our chief Tian is the most impartial and incorruptible person, please don’t report me! Otherwise, I’ll be out of luck ...”

The group of people immediately burst into laughter. Tian Ming Yi laughed so hard that he was almost in tears. He laughed as he pointed at inspector Wu and said, “Brother Wu, you’re so funny ... It’s such a waste not to be an actor!”

Inspector Wu laughed and said, "Lu fengwen, I see that you're not fully awake yet." Report? You can go now! Do you want me to tell you the number of our Bureau?"

Manager Lu gritted his teeth and felt a burst of sadness in his heart.

The King of Hell was easy to see, but the little devil was difficult to deal with. This was the most true portrayal!

At this moment, inspector Wu's face suddenly darkened and he said, "In view of the many problems exposed during the inspection of Ling Ji's private kitchen, the kitchen problem is particularly prominent. Food safety is not a trivial matter. Our joint inspection team has decided that Ling Ji's private kitchen will be suspended for two months!"

After that, director Wu took the blank notice from a staff member of the health Inspection Bureau and filled it out. He then provocatively patted manager Lu on the chest and said, "If you have any objections to our decision, you can apply for a review through our higher – ups! Of course, you're free to report whoever you want!"

When manager Lu heard that the suspension of business for half a month had been reduced to two months, he couldn't help but be shocked. He picked up the suspension notice with a wooden expression, full of sorrow.

At this time, Tian Mingyi walked to manager Lu proudly and said, "Old Lu, you can't just offend anyone. Next time, remember to be more open, if you can still run this broken restaurant!"

After he finished speaking, Tian Mingyi laughed and greeted, "Brothers, let's go! No one is allowed to skip di Jue nightclub tonight!"

"Alright! Thank you, principal Tian!"

"Principal Tian is so forthright ..."

A group of people surrounded Tian Mingyi as they walked out. After turning around a row of food racks, Tian Mingyi and the others saw a group of people standing at the door. In the middle of them was a middle – aged man who was looking at them coldly. His gaze was like a sharp sword ...

Chapter 987: all the demons and monsters are gone (1)

The middle – aged man was song Qiming, the Deputy Secretary of the southeast province's Provincial Committee and the Deputy Secretary of the provincial Committee of Sanshan city.

On the way from the door to the kitchen, Ling Xiaotian had already briefly reported the entire situation to song Qiming.

The more song Qiming listened, the angrier he became. Putting aside the relationship between Ling Xiaotian and Xia ruofei, the actions of Tian Mingyi and director Wu could be said to be extremely bold and unscrupulous. They completely treated themselves as local tyrants. Just because they had the right to supervise these food and beverage enterprises, they did whatever they wanted.

If all the basic – Level civil servants had such quality and character, then how chaotic would the governance of the three mountains under his rule be?

Of course, this might be an extremely rare case, but Song Qiming could not tolerate it.

He wasn't a clean freak, and it was impossible for someone who didn't know how to be flexible to reach such a high leadership position. However, this didn't mean that he had no principles. On the contrary, he could accept the exchange and game of political interests, but he couldn't tolerate the unscrupulous abuse of power by the grassroots civil servants who were directly facing the public.

Besides, this shop was backed by Xia ruofei.

Even elder Song held him in high regard, and he had even saved his daughter's life!

Political influence aside, Xia ruofei's superb medical skills were enough to make Song Qiming value him.

It was no exaggeration to say that befriending Xia ruofei was the same as giving himself an extra life!

Therefore, Song Qiming had made up his mind to punish her severely.

A new official would have to make three fires. The first fire would be to build up the cadre team and build up the style of work! Song Qiming said murderously in his heart.

Song Qiming was not in a hurry to enter the kitchen.

He just stood quietly at the door and saw the ugly state of Tian Ming Yi and the others.

Song Qiming's anger burned even more fiercely. The arrogance and shamelessness of these people were beyond his imagination.

Manager Lu was walking behind the group of people with his head hung low. The first person he saw was not the unfamiliar Song Qiming, but Ling Xiaotian, who was standing beside him.

"Chairman, you're here ..." Manager Lu quickly called out.

Manager Lu also smiled bitterly in his heart. "I don't know if the chairman has taken the wrong medicine today. The problem could have been solved by giving in, but he has to go against them. Now, even the notice of suspension of business for rectification has been issued. What's the use of you coming here?"

After Tian Mingyi heard this, he had the preconceived notion that Song Qiming, who was standing in the middle, was the chairman that manager Lu had mentioned.

He walked over casually and said, "You're the owner of this shop? There's a big problem with your shop! Just now, inspector Wu has already given you guys a notice to stop your operations for rectification. It's too late for you to plead for mercy now, so just focus on the rectification!"

"Who are you?" Song Qiming asked coldly.

Tian Mingyi disdainfully curled his lips and said, "You're quite a busybody! What does my identity have to do with you? It was better to think about how to rectify it! Don't close down after only half a day ..."

"Impudent!" Song Qiming rebuked angrily, "what is the purpose of our party? To serve the people! Is this how you guys serve? He's simply lawless!"

“Yo, yo, yo! Where did this big – tailed Wolf come from!” Inspector Wu said contemptuously, “you’re pretty good at using the official language! People who don’t know better would think that you’re a F * cking Secretary of the municipal government!”

“Shut up!” Guangzhi shuddered at inspector Wu’s words. He quickly squeezed past Ling Xiaotian to the front and said angrily, “this is the Secretary of the municipal government, Mr. Song Qiming! What unit are you all from? You’re simply a bastard!”

“He’s the Secretary of the municipal government?” Tian Mingyi sneered, “then I’m still a F * cking Secretary of the provincial government!”

The group of people brought by inspector Wu burst into laughter. Only inspector Wu felt that something was not right. He had a bad feeling about this. He looked at song Qiming.

Song Qiming’s face was as calm as water. His eyes were cold as he looked at the group of demons and monsters.

Inspector Wu’s heart skipped a beat. He could not help but rub his eyes and secretly size up song Qiming.

He had a tall and burly figure, a dignified square face, a pair of bright eyes, and a neat back of hair ...

The more inspector Wu looked, the more he felt that something was wrong.

Although song Qiming had not been in office for long, he appeared in the local news of San Shan almost every day. The general public might not care too much, and many people did not even know that the Secretary of the municipal government had been replaced, but the civil servants would more or less pay attention to it.

This was a major event in the officialdom!

Even though inspector Wu was just a minor official, he was extremely good at currying favor with others. Otherwise, he would not have been able to get close to Tian Mingyi. Hence, he read the news of the three mountains almost every day.

He had assumed that song Qiming was Ling Xiaotian, and since he was different from the one he saw on TV, he did not recognize him.

Besides, he would never have dreamed that the dignified Secretary of the municipal government would suddenly come to such a private restaurant! How could he be so small?

After Guangzhi Cao’s outburst of anger at Tian Mingyi, director Wu finally felt that something was wrong. He secretly looked at song Qiming a few times. His heart started to tremble, and his legs went soft.

Chapter 988: wiping out all the demons and monsters (2)

This person ... Really seemed to be Secretary song!

At that moment, inspector Wu was so dejected that he almost fainted.

At this time, Tian Mingyi was still proudly saying, "There are really all kinds of people these days, there's even someone who impersonates the city's Secretary ..."

"Shut up!" Inspector Wu was so scared that he immediately shouted to stop him.

Tian Ming Yi was also shocked by inspector Wu. He looked at inspector Wu with a strange expression and said, "Brother Wu, what's wrong?"

However, inspector Wu did not have the time to explain to Tian Mingyi. He almost rolled and crawled to song Qiming and stuttered, "Song ... Hehe ... Secretary ... Song ... Hehe ..."

His teeth couldn't help but chatter, and he couldn't even speak properly. His back was also drenched in cold sweat.

After inspector Wu said that, the kitchen suddenly became quiet. Even the sound of a needle dropping could be heard clearly.

Everyone's mouth was wide open as they looked at Superintendent Wu and song Qiming in disbelief. Panic slowly spread in the dead silence.

Was this person really a Secretary of the municipal government? Tian Mingyi couldn't believe it, but he had to believe it. Unless director Wu suddenly lost his mind, how could he be so scared?

Tian Mingyi felt as if a bucket of ice water had been poured over his head, chilling him from head to toe. His legs couldn't help but tremble, and he even felt the urge to pee spreading ...

Just now, he had spoken rudely to Secretary song and said a lot of sarcastic words! It was really a moment of pleasure to ridicule, but now even his intestines were about to turn green with regret.

When he thought of the unscrupulous words he had just said to the Big Shot of the Provincial Party Committee and the head of the three mountains, Tian Mingyi almost fainted.

Perhaps it would be easier if he fainted. Every second was torture to him now!

Song Qiming remained silent as he scanned the group of people with his cold eyes. No one dared to meet Song Qiming's stern gaze. They all lowered their heads guiltily.

Inspector Wu gathered his courage and said, "Secretary song, we ... We are a joint inspection team formed by the health, Environmental protection, safety supervision, Industry and Commerce, tax, urban management, and other departments. We are conducting a surprise inspection of this restaurant. Just now ... Just now, we didn't recognize you, so ..."

Song Qiming looked at inspector Wu and asked, "A surprise inspection? Did you find any problems?"

Inspector Wu hesitated for a moment, and his eyes flashed with a difficult look.

Even a fool could tell that song Qiming was on the hotel's side. Moreover, the "problems" that they had found were not valid at all. If the other party had no power or influence, they could still find fault with them no matter how ridiculous the "problems" were. However, if they still brought it up now, they would be treating Secretary song as a fool.

Seeing this, Ling Xiaotian blinked his eyes at manager Lu without saying anything.

Manager Lu, who had been holding back his anger for a long time, immediately understood and came forward. He said loudly, "Secretary Song, they found 17 major and minor problems. They issued a fine for every problem and even gave us a notice to close down for two months."

Manager Lu handed the stack of tickets and notice to Song Qiming with both hands.

Song Qiming took it, and Inspector Wu quickly said, "Secretary Song, these questions ..."

Song Qiming raised his head and looked at Inspector Wu coldly. Inspector Wu swallowed back his weak explanation.

Song Qiming started to look at the ticket in his hand.

"There's oil on the stove, the rag isn't clean, and the ingredients aren't fresh ..." Song Qiming read as he read. "There are so many problems!"

Song Qiming's lips curled into a mocking smile.

Tian Mingyi and the others were all silent, so Director Wu could only bite the bullet and say, "Secretary Song, our law enforcement standards might be a little strict. The city is recently building a civilized city, and the higher-ups have instructed us to vigorously rectify the food and beverage industry ..."

"So you guys can pick bones from an egg?" Song Qiming raised his head and stared into Inspector Wu's eyes. He asked coldly, "You think you can create problems without any problems? Can you explain to me what's with the condiments and cooking oil on the stove?"

Inspector Wu's body trembled and he stammered, unable to say a word.

It was the scene where his gang of scoundrels had overturned the seasoning Box in front of Manager Lu, then poured some vegetable oil on it, and made it manually.

When Song Qiming arrived at the entrance of the kitchen, he happened to witness the ugly scene.

Seeing was believing.

He had heard so much from Ling Xiaotian along the way, but the anger in his heart was not as great as when he had witnessed the scene with his own eyes.

"I ... I ... We ..." Director Wu was completely at a loss.

Song Qiming snorted and looked at Tian Mingyi. He asked indifferently, "Which unit are you from?"

It was Tian Mingyi who was the most arrogant just now. Even after Cao Guangzhi revealed Song Qiming's identity, he was still sneering at him, so Song Qiming remembered him first.

Tian Mingyi was so scared that his soul almost flew out of his body. Under Song Qiming's imposing gaze, he said in fear, "Re ... Report ... Secretary Song, I ... I'm ... I'm ... The Vice-Principal of the primary school ..."

Chapter 989: wiping out all the demons and monsters (3)

Song Qiming's expression turned cold. "Then, can you explain why you're here? you're the Vice – Principal of an elementary school. Why are you here?" Could it be that the scope of joint law enforcement has been expanded to include primary schools?"

"Secretary song, I ... I ..." Tian Mingyi's face was full of tears. He didn't know how to explain.

In fact, he couldn't explain it. They were not in the right at all.

Song Qiming looked at Tian Mingyi in disgust. He was no longer interested in talking to such a small fry.

He said directly to Guangzhi Cao, "little Cao!" Call the leaders of the other units and tell them to come to me to get their people!"

"Yes!" Guangzhi Cao said immediately.

Tian Mingyi, inspector Wu, and the others almost fell to the ground when they heard this. They knew that their political lives had completely come to an end, and for someone like Tian Mingyi, it was very likely that even his father would be implicated.

To ordinary restaurant owners, a Vice Director of the health Bureau like Tian Feilong was a God that they could never offend. However, for Song Qiming, who was a Secretary of the municipal government, he could deal with Tian Feilong with just a few words.

Song Qiming then turned to Ling Xiaotian and said in a friendly manner, "Chairman Ling, please find a room and send a few security guards to keep an eye on these people."

Ling Xiaotian immediately replied, "alright!" Anyway, they've chased away all the guests tonight, so there are still many empty rooms ..."

Song Qiming said apologetically, "Chairman Ling, I will definitely get justice for what happened today!"

"Thank you, Secretary song!" Ling Xiaotian said sincerely.

Song Qiming smiled and nodded. He turned to Guangzhi Cao and said, "After they arrive, tell them to claim the people from their respective units and wait in the private room!"

"Okay, Secretary song!" Guangzhi Cao quickly said.

At this moment, Xia ruofei, who had been watching from the side, smiled and said, "Secretary song, let's go to the private room!"

"That's right! RUO Fei, Qingxue, please take good care of Secretary song's family. I'd like to personally cook a few dishes for Secretary song to express my gratitude!" Ling Xiaotian chimed in.

Song Qiming laughed and said, "it's rare for a rich man like Chairman Ling to cook personally!" It seems like I'm in for a treat today!"

"It's our honor to have Secretary song visiting our restaurant," Ling Xiaotian quickly replied. "What's the big deal about me cooking a few dishes?" Secretary song, please!"

Xia ruofei and Ling Qingxue led the way, and they soon arrived at flying Snow Pavilion.

Song Qiming also praised the elegant and quiet environment of flying Snow Pavilion. After everyone sat down in the private room, Ling Qingxue immediately sat down beside the coffee table and personally made tea for everyone.

Xia ruofei knew what song Qiming and his family were thinking. He did not want them to eat with a heavy heart. Hence, he smiled and said, "Uncle song, aunty Fang, since there's still some time, let me do a checkup for Song Wei first! Once the treatment plan for the next stage is settled, you can all eat in peace!"

Xia ruofei still addressed song Qiming as "Secretary song" in front of outsiders. However, since everyone in the room was his own people, Xia ruofei followed song Qiming's request and addressed him as "uncle song".

Xia ruofei had briefly told Ling Qingxue about the situation, including Song Wei's illness, so she was not too surprised. She continued to concentrate on making tea. The tea leaves she used were the top – grade Da Hong Pao that Xia ruofei had given to Ling Xiaotian.

Song Qiming and Fang Liyun were overjoyed. "Then I'll have to trouble you, ruofei!"

Xia ruofei smiled at Song Wei and said, "Come on! I'll take your pulse first!"

Song Wei smiled and sat down on the chair beside Xia ruofei. She reached out her white arm and placed it on the armrest.

After Xia ruofei had absorbed the Chinese medicine knowledge from the human – shaped jade talisman, his medical skills were on a completely different level from when he treated Song Wei. He reached out his fingers and placed them on Song Wei's pulse. His actions were like that of a master.

Xia ruofei's eyes were closed and his expression was calm as usual.

After a long while, he opened his eyes with a smile ...

Chapter 990: Delicious food in the jar (1)

When song Qiming and his wife saw Xia ruofei's expression, they were already half relieved. When they heard Xia ruofei's words, they heaved a long sigh of relief.

Xia ruofei smiled. "She's doing very well. The poison in her body has been reduced by a lot. It seems like the first course of treatment was right!"

"Ruofei, your diagnosis is the same as the blood test results in Room 301!" The next treatment ..."

Xia ruofei smiled. "Aunty Fang, I've prepared the medicine for the next course of treatment. You can take it back later. Just take it according to the first course of treatment!"

Song Qiming laughed happily. "It seems that RUO Fei has already prepared for this! Otherwise, why would he have prepared the medicine in advance?"

Xia ruofei smiled and said, "confidence is one thing, but you still have to personally check it before you have the confidence!" Doctors had to be responsible for their patients! Moreover, Song Wei is the apple of your eye ..."

Song Wei blushed and said, ""Ruofei, thank you so much for this!"

Xia ruofei smiled and waved his hand. "You're welcome. We're all on the same side."

Ling Qingxue, who was brewing tea, could not help but steal a glance at Xia ruofei. She thought to herself, "this guy always smiles when he sees a beautiful woman. His service attitude is so good. Could he be interested in Secretary song's daughter?"

However, Ling Qingxue quickly realized that she was overthinking things. What kind of status did Secretary song have? Besides, their family already knew that Xia ruofei and she were a couple. Under such circumstances, how could Xia ruofei have any ideas about Song Wei?

Even though Ling Qingxue's mind was running wild, her hands were still moving. Very quickly, a strong aroma of tea filled the room.

"Secretary song, Madam song, please have some tea!" Ling Qingxue placed the teacups in front of the two of them with a smile.

"Thank you!" Song Qiming and Fang Liyun knew that Ling Qingxue was Xia ruofei's girlfriend, so they were very kind to her.

On the other hand, Song Wei did not wait for Ling Qingxue to get up. She took the initiative to bring a cup of tea over and said with a smile, ""I'll get it myself. Thank you, sister Qingxue!"

Song Qiming sniffed the fragrance of the tea and took a sip. He looked intoxicated. After a while, he praised, ""Good tea! Miss Ling, I didn't expect to be able to taste such good Da Hong Pao here ..."

"Secretary song, RUO Fei gave these tea leaves to my father," Ling Qingxue said with a smile.

Song Qiming laughed and said, "so it's RUO Fei's gift to his father – in – Law!" Then he would definitely have to use the best tea leaves ... Eh? RUO Fei, why do I feel that the taste of this tea is a little familiar?"

Xia ruofei smiled and said, "Secretary song, did you drink at elder song's place?" I've also sent some of these tea leaves to the old chief. "

Song Qiming immediately said, "now that you mention it, I remember it. It's true!" I asked the old chief for some of these tea leaves, but he refused to give it to me!"

"If Secretary song likes it, I'll send some over later," Xia ruofei laughed.

"Then I'll thank you in advance!" Song Qiming was overjoyed.

Fang Liyun looked at her husband in disdain and said, ""Old song, we haven't even thanked RUO Fei for treating Weiwei's illness! Why are you still asking him for tea leaves!"

Song Qiming put on an innocent expression and said, ""I didn't ask for it from RUO Fei! He was the one who gave it to me ..."

Fang Liyun rolled her eyes at Song Qiming. "Since you've already said that, can they not give it to you?"

Xia Ruofei couldn't help but laugh. "Auntie Fang, it's nothing ... These tea leaves were grown at home, so they're not worth much."

Ling Qingxue's eyes lit up as she watched from the side. She could tell that Xia Ruofei was very close to Song Qiming's family. Song Qiming did not put on any airs in front of Xia Ruofei. He spoke to Xia Ruofei as an equal.

Ling Qingxue couldn't help but feel proud of herself.

Just as everyone was chatting happily, Ling Xiaotian had also put on his white chef's uniform and was personally busy in the kitchen.

Tian Mingyi and the others still wanted to beg Ling Xiaotian for mercy, but Ling Xiaotian called for the security guards to rudely chase them out of the kitchen. Right now, Ling Xiaotian's first priority was to prepare the next few dishes. He had long since loathed this group of people who used public tools for their own purposes and were unscrupulous to the extreme, so how could he be nice to them?

Ling Xiaotian was personally busy in the kitchen, and the restaurant's chef, who was also his direct disciple, was assisting by the side.

Soon, a few dishes with the characteristics of the three mountains were cooked.

Lychee meat, stir-fried double crisps, clam soup, tofu, pork trotters with Taro ...

The traditional three mountain cuisines tended to be sweet. Considering that Song Qiming's family lived in the southwest region all year round, Ling Xiaotian thought that their taste might be a little spicier. Thus, he personally led the chef of Ling Ji private kitchen to make several traditional Sichuan cuisines such as fish with pickled vegetables and duck's blood.

When Ling Xiaotian personally led the service staff to the Flying Snow Pavilion with the food cart, they could hear the sound of laughter coming from inside. Ling Qingxue's voice could be heard as well. They must be having a good chat! Ling Xiaotian was also extremely happy.

He knocked on the door and brought the waiter into the room. He smiled and said, "Secretary Song, sorry to keep you waiting ..."

Song Qiming stood up personally and said with a gentle smile, "President Ling, thank you for your hard work! Come and sit down!"
