Chapter 1031: To catch people, you have to be fierce

The sober Shang Feihan struggled, but no matter how hard he struggled, there was no way to escape.

"Who are you...grass, let me go!"

I can't struggle, I can only use my mouth to say, "I don't know Hui Luo Keyi, you have found the wrong person."

The men and women who crossed their shoulders came over again, and An Xia simply screwed them into the men's bathroom.

There was also a dizzy man in it who was slowly washing his hands.

Shang Feihan asked for help, "Brother...brother...help..."

"Hey!"

A half-covered lattice door was kicked open by An Xia, throwing Shang Feihan directly in.

The last word "fate" disappeared in the grid.

The cubicle of the "Zero" bathroom is well designed and spacious, let alone standing for two people, standing for three people is more than enough.

The man washing his hands drank in a daze, how could he hear someone asking for help.

He only heard the kick of the door, he leaned back, took a drunk glance, shook the water in his hand, hummed in his mouth, and left with one step at a time.

In the grid room, Shang Feihan was pressed to death by An Xia by the side of the squatting toilet.

That smell—

He rushed to Shan Feihan "Wow" and vomited.

This time, let alone struggle.

phone vibration.

It's Officer Pan's message.

Shang Feihan was still vomiting, and An Xia, who subdued him with one hand, was not convenient to take a mobile phone, so he simply hit Shang Feihan's temple with a fist.

That's ruthless, without any hesitation.

When it hit Shang Feihan's brain, he buzzed, making him even more dizzy when he was already drunk.

Completely lose the ability to resist.

Let alone open your mouth for help.

After taking out the phone, An Xia replied, "Men's toilet, second cubicle."

After reading the information, Officer Pan immediately contacted the plainclothes who had entered the bar.

One minute later, there was a knock between the grids.

"Classmate An, from Team Pan."

There was a low voice.

An Xia opened the door and saw a man in his early thirties, who was dressed and looked very ordinary, standing at the door.

He showed his ID, "Thanks, classmate An."

"It's okay." Walking out of the cubicle, An Xia glanced at the bathroom, cleared the place, and another plainclothes was blocking the door, forbidding others to enter.

He didn't leave immediately, but the voice of Officer Pan was heard.

After connecting, he asked directly, "Kong Qun, your people?"

When Officer Pan heard this, he was relieved and took his head.

Said: "Yes, it's him, how handsome is there."

He Shuai, who was blocking the door, also showed his ID to An Xia. An Xia took a look, and yes, he closed it.

"I've handed it over to them." After speaking lightly, An Xia ended her voice without giving Officer Pan a chance to say a word.

Kong Qun has framed people out.

His gaze stayed on the suspect's right temple for a few seconds.

This is-

Redness and swelling are traces of being beaten.

Classmate An?

That strength is quite big.

He Shuai turned sideways, let Anxia leave, and said, "Thank you."

An Xia nodded and left.

There is no sense of inexplicable fear that ordinary people see the city police.

The Bipan team is also the Pan team, full of momentum and special ability.

Plainclothes He Shuai almost wanted to salute the moment she walked out of the bathroom.

An Xia left, Team Pan contacted He Shuai.

"Bring people out through the back door, I'll wait for you at the back door."

"Yes!" He Shuai received the order, and he and Kong Qun were on the right side and the other left, and took the suspect Shang Feihan away like a drunkard.

They turned right and walked out towards the back door. An Xia, who turned left towards the dance floor, ran into Chang Fan.

When Chang Fan returned to the booth, he realized that An Xia went to the bathroom with the poor boy, a little anxious.

The person he was looking at was taken first by a poor boy?

Looking for it with a sullen face, he has figured out a hundred ways to kill the poor boy.

Seeing An Xia, Chang Fan subconsciously looked behind her.

What about the kid?

Didn't follow?

An Xia only glanced at him and walked straight outside.

Chang Fan kept chasing to the door.

Chapter 1032: Anyone can act

The wine was drunk, and the people who wanted to meet also met, and the bait was dropped to see if the fish was the fish she wanted to hook.

An Xia walked out of the bar unhurriedly, and Chang Fan didn't pull her behind him. He walked outside, isolated from the ear-splitting music, before he spoke.

To speak is to apologize.

"sorry."

An Xia turned around and raised her eyebrows, "I'm sorry for what?"

"That's..." Chang Fan scratched his head, changing from the fierce and naive attitude he had just faced Xie Chiyan, "That's it, it's about Xie Chiyan."

"You and Xie Chiyan are really boy and girl friends?" An Xia asked back.

Frightened Chang Fan waved his hand and denied, "No, no! I have nothing to do with her, I swear to God."

"Oh." An Xia chuckled inconclusively, "It doesn't matter, then what do you apologize for?"

"Oh, it's mainly because of me. If it weren't for me, she wouldn't ask you out." Just now, Chang Fan learned from Xie Chiyan that it was she who asked An Xia to zero degrees.

I just want An Xia to see how he picks up girls.

Fortunately, Xie Chiyan wanted to give An Xia an offense, but didn't come out to pick up people in person.

Instead, An Xia took the initiative to find him to pick up people.

Because of a blessing in disguise, An Xia was not allowed to see the interaction between him and her bargirl.

An Xia asked him, "Is it resolved?"

"Well, that's it." Chang Fan said with some uncertainty, "I told her very clearly, but her personality is a little bit radical, I don't know if I listened to it."

"If she troubles you again, you direct me and I will deal with it."

I also want to increase contact with Anxia.

As for Xie Chiyan, Chang Fan really wanted to stop.

However, Xie Chi Yan did not want to break.

It's often complicated and annoying.

An Xia smiled, "After that, we still try to meet as few as possible. I won't be troubled by others inexplicably."

"No, definitely not." Chang Fan is anxious, even speaking much faster, "I just told Xie Chiyan very clearly, the people around her will trouble you again, don't blame me for being impolite."

"Xie Chiyan promised that she won't let people around you trouble you. If you really have a disobedient girl, you can tell me directly and I will solve it."

In the box, after Xie Chiyan broke Chang Fan's phone, Chang Fancoo smashed a wine bottle and crushed it on the face of one of the girls with a sharp fracture.

It happened to be the girl whispering in the bar.

Warn them, "Who the **** would dare to trouble An Xia, I will kill someone! Xie Chiyan I can't move, but I have to move you all in minutes!"

"I have to see if Xie Chiyan will tear my face with Lao Tzu for you and make trouble for Lao Tzu!"

The girl screamed again and again.

Especially when the face was really scratched, the girl begged for mercy directly, "Master Chang, I don't dare anymore! I swear, I don't dare anymore!"

When Chang Fan asked her why she had to confide in the news, she was also smart and did not confess Xie Chiyan.

I just said that I wanted to get closer to Xie Chi Yan, so I paid attention to An Xia.

Such an answer also made Xie Chiyan satisfied.

After all, she herself really didn't want to be stiff with Chang Fan.

The girl's answer made her breathe a sigh of relief.

Chang Fan naturally wouldn't cause trouble to himself when he needed to get closer to Ansha, so he didn't question him again and again.

Leng hummed "calculate your acquaintance" and let the girl go.

Then, it was Tian Yujin who ran to the box. He stopped struggling with Xie Chiyan and hurried out to find An Xia.

The gloom in Chang Fan's eyes disappeared when An Xia appeared alone.

Now standing in front of An Xia, Chang Fan is so young that he has never had a relationship with a girl, and every word he says is nervous.

Chapter 1033: Master tricks

After explaining to An Xia, she often chatted and looked at An Xia very uneasy.

Seeing that An Xia didn't respond, he scratched his head vigorously, and said for a long time: "You, don't be angry, okay."

"I really have nothing to do with Xie Chiyan, it's her... it's her own wishful thinking."

"I haven't refused harshly before, because she is a girl, and I want to save her some face."

"did not expect..."

Speaking of being discouraged, he lowered his head, the soles of his shoes scratched the ground, and the voice became smaller and smaller.

"Unexpectedly, she was slapped, but she thought that I acquiesced that I was a boyfriend and girlfriend with her."

"What happened last semester, we didn't contact us throughout the summer. I thought she should know my attitude, but I didn't expect..."

Originally scratching his head with one hand, replaced by scratching his head with both hands.

That irritable, ruthlessly can't squeeze all the hair out of his head.

Seeing this, An Xia narrowed her eyes slightly.

It's really good at acting.

The performance is very lifelike.

The little girl who is inexperienced in the world might be fooled by him.

There was a vibration from the phone, which was a call from the counselor.

An Xia glanced and connected.

"An Xia! Where are you now? Why didn't you go back to the bedroom?"

Cha Gang is here.

in a hurry.

Just now the counselor contacted Tong Xiaoguan and learned that An Xia had not yet returned to the dormitory. The counselor was shocked.

Did not go back to the bedroom!

Contact quickly and dare not delay for half a second.

An Xia replied calmly, "I have something to do temporarily, now I am going to go back to school."

"Hurry back to school and don't stay overnight outside of school! After returning to the dormitory, take a video for me." The counselor was also afraid that An Xia would stay overnight. With the video as evidence, he knew whether it was outside or the dormitory.

An Xia agreed and ended the call.

Afterwards, he said to Chang Fan: "Back to school, goodbye."

She turned around and left, and Chang Fan stopped her this time.

Locked her eyes on her face, she asked rather stubbornly, "Are you angry?"

"I must answer?" An Xia asked with a smile.

Chang Fan nodded vigorously, "Definitely."

"No." No more teasing, no more teasing, Chang Fan is not that easy to deceive either.

"Really?" Not quite convinced, Chang Fan asked again and again.

An Xia laughed, "A little bit angry too."

The expression on Chang Fan's face suddenly tightened.

Definitely the expression of a movie king.

Immediately, An Xia continued: "However, that was a bit angry before. The innocence between you and her was affecting me. Now, it doesn't matter, you just tell her clearly."

"Okay, I have already given you the answer you want, and now I need to go back to school, don't stop me anymore."

Chang Fan immediately turned to himself, a sunny smile on his handsome face, "Okay, be careful, see you tomorrow."

Not angry?

Gee.

What a pity.

He has to continue to work hard.

Fight for two months, to make An Xia angry.

Angry means caring, not angry means not caring.

Right now, he was an ordinary senior in An Xia's eyes, and his friendship was shallow.

That's right, girls raised by a wealthy family are so easily tempted by boys.

He has to work hard to make it!

Within two months, we will definitely win Anxia!

Chang Fan thought he could do it for two months, but he didn't expect...

He saw An Xia again, ten days later.

With Chang Hai's efforts, Luo Keyi interrogated Shang Feihan overnight.

This kid couldn't help interrogating at all.

It took less than half an hour to bring it back to the game, and it was clear.

Within 8 hours, Brother Hui was locked.

Thirty-six hours after the incident, the city police found the **** Luo Keyi in the bottom of a fishing boat traveling between Changhai and Changgang.

Chapter 1034: Here comes a handsome teacher

An Xia learned through the counselor that Luo Keyi had been rescued successfully.

People are frightened and there is no way to learn right away. It is estimated that they will not be able to come to school until one month later.

The matter was not announced.

Only school leaders and a few teachers know.

As for the classmates, as long as An Xia knew about it.

Officer Pan wanted to come to the school to express his gratitude, but An Xia refused.

The reason is simple, "I don't want to be too high-profile, and I don't want to be retaliated."

For simple and powerful reasons, Officer Pan immediately dispelled the idea of coming to school to thank him.

Express gratitude through voice calls.

And hope that An Xia will come to them more often when he is free.

The city traffic police also found Anxia after the incident, saying that they also hope that Anxia will come to school more often.

In response to this, the national police who connected with Anxia said: Anxia carried them on his back and did a great thing!

Because they are also selling girls, the National Police specifically checked Brother Xia Hui. The investigation is still underway, and it has not been confirmed whether it is related.

An Xia has not paid attention since Luo Keyi found it.

On Saturday today, she was dragged to the fencing room by Tong Xiaoguan to watch.

"Hurry up, An Xia! Hurry up, hurry up! Grind again, there will be no place to watch after the meeting."

Tong Xiaoguan took An Xia, his eyes flashed into the fencing room.

The fencing room, which is not too spacious, was packed with students unexpectedly!

And, most of them are girls.

When Tong Xiaoguan came in, this situation directly caused her to shout "Oh damn"!

"I thought we were the first to come! Never thought of the series! We are too late!"

So angry!

I knew I would not eat lunch.

It's Saturday, and the week is not a big holiday. Normally, there are very few students in club classes scheduled on Saturdays and Sundays, and they all ran out of school to play.

The results of it!

Fencing class is full of students!

There was no way for the two to sit in the front, Tong Xiaoguan pulled An Xia into the back row.

September in Changhai is still hot, even if the fencing room is air-conditioned, it is hot enough to sweat profusely because of the large number of people.

Tong Xiaoguan fanned himself with his hands while staring at the fencing stand, and said: "I see these girls are not, shit, they are definitely coming for the new fencing teacher!"

Looking at it, almost all girls!

There are not many boys.

Anxia knows how to fencing, but has no interest in fencing.

An Qian likes it.

So, when I was free, I used fencing to crush An Qian.

Now that An Qian is not here, it doesn't make much sense.

Hearing this, he lazily answered Tong Xiaoguan, "Among them, you are included."

Tong Xiaoguan ran back to the bedroom last night and said with excitement: "My dear roommates, I want to tell you a great news!"

Axicuo and Tang Chu also thought it was great news.

"A great new teacher from the fencing club has arrived, my dear roommates, I solemnly announce that I have decided to report to the fencing club!"

...

Axicuo and Tang Chu also lost interest immediately.

They have no interest in the coach's teacher or fencing. exist

It was Tian Xinyuan, another roommate who was very interested.

She knew before Tong Xiaoguan that a handsome teacher had arrived in the fencing club.

Seeing Tong Xiaoguan also interested, Yin and Yang said strangely: "Just rely on you? Like a tomboy, the teacher will want you, that's it!"

Had it not been for Axiculo and Tang Chu also immediately came forward, Tong Xiaoguan would have to work with Tian Xinyuan again.

On Saturday, after Tong Xiaoguan had lunch, Limala led An Xia over.

Unexpectedly, the fencing room of the door can be overcrowded!

Chang Fan didn't expect it.

He has always been a member of the fencing room, and he is practicing sword in the fencing room today and meets the new teacher by the way.

Never thought that after the game, the audience was all girls.

Chapter 1035: What to do, it seems to be green

Why are there so many girls today?

Chang Fan picked up a towel and wiped his sweat, preparing to return to the locker room.

The colleague he was practicing with knocked down the protective mask and saw the black crushing head under the stage.

With a shocked look on Chang Fan said, "So many girls? Wouldn't it be for you?"

"No." Chang Fan answered with a frown.

He still has this self-knowledge.

Since his freshman year, he has been in the fencing club and basketball club. How could it be for him?

"Looking scary, go quickly."

The fellow members didn't even take the towel, holding the protective mask in one hand and the sword in the other, and quickly withdrew.

A girl recognized Chang Fan and shouted "Master Chang" in a loud voice. The fencing room, which was not quite quiet, became even more heated.

Chang Fan withdrew without expression.

At the moment of retreating, Yu Guang glanced unintentionally and stopped.

An Xia?

Taking a closer look, yes, it was indeed An Xia.

Why is she here too?

Want to learn fencing?

There were dark ups and downs in his eyes, turning, turning into a smile.

It was a goodbye to the bar last time, and I haven't seen her for ten days.

If she joins the fencing club, she can meet at least twice a week.

Speed up and return to the locker room.

He wants to change his clothes and go to An Xia.

Tong Xiaoguan was smacking his tongue and talking to An Xia, "Senior Chang is also in the fencing club, and I almost want to leave because of the shit-like fate."

"You can go now." An Xia said sincerely: "No one will stop you, you don't have to wrong yourself."

Tong Xiaoguan grinned, "Don't go, I want to meet with Jushuai's fencing teacher. His appearance determines whether I want to join the fencing society."

Described as a peerless handsome guy, he should only be in the sky, and it is rare to see him in the world!

How handsome is that?

Must see!

An Xia also smiled, smiling slightly, "With so many competitors, are you sure you can become one of the ten?"

This year's fencing club only recruits ten people.

At the scene, there were fewer than fifty people.

There is less chance of joining successfully!

"Certify your face first, you really want to be a great handsome, this year I won't make it, I will work hard next year!" Tong Xiaoguan gripped his claws, full of fighting spirit.

The two were chatting, and Chang Fan squeezed over.

"Let let, let let..."

After being squeezed all the way, Chang Fan finally came to An Xia after receiving Shuji's eyes.

When someone approached, An Xia looked up.

The line of sight was right with Chang Fan.

five minutes later

Tong Xiaoguan, An Xia, and Chang Fan sat in the front row of the fencing club members.

"Tsk tsk, it's good if it matters! From the last to the front in an instant!" Tong Xiaoguan was happy, and after sitting down, he moved left and right, and the smile on his face couldn't stop.

An Xia's interests are broad, and he talks to Chang Fan on one and the other.

"Come with her and say it depends on a new teacher of your fencing club. Tell her how handsome the new teacher is."

Look at the handsome guy?

Can a handsome guy be more handsome than the Mu Chenyuan she is fond of?

That's the best handsome guy!

I missed him a little bit after leaving for ten days.

I don't know what he is doing right now.

train?

In a meeting?

Perform tasks?

Ugh!

Student life is so boring!

Class and get out of class, class and get out of class, eat, sleep, watch drama!

Ten days are the ten most boring days of her two lives combined!

It's boring to the top!

The national police contacted her twice, but there was no movement. She now suspects that there is something wrong with the national police's investigation.

So boring, I want to break the wolf base.

I want to practice guns.

Want to open a fighter plane.

Want to drive a tank.

Want to find someone to practice hands.

The bored An Xia pretended not to hear Chang Fan talking to her, closed her eyes and seemed to have fallen asleep.

Chang Fan called her twice and saw that she closed her eyes and did not respond, even when she was really asleep.

Hand, gently stretched out, ready to take An Xia's shoulders, let An Xia's head rest on his shoulders to fall asleep.

right here...

A tall and spine figure came out from the back of the fencing room.

All girls screamed.

An Xia closed her eyes and squinted.

In the next second, his eyes slowly widened.

She is familiar with this handsome new teacher!

As for Mu Chenyuan, he never thought of his girlfriend who hadn't seen him for ten days—

He was taken out of his arms by a little boy!

The green grass on the head seems to be coming out!

Chapter 1036: Always believe

Reunited after eleven days, the meeting was exciting.

It was at this moment that Mu Chenyuan suddenly understood why the old father in the family told him to bring An Xia back early.

He even suggested that it's best to make an early decision.

It turned out that the old father had already seen the future crisis.

But after ten days apart, he seemed to have an extra rival in love.

The outstretched hand of the "root" is really an eyesore!

Until now, Mu Chenyuan knew that he was actually quite careful.

Offstage

An Xia is interested.

Fencing club.

She can also join.

Seeing An Xia wake up, Chang Fan quietly closed her hand before she found herself outstretching her arm.

Oh, what a pity.

It was just a little bit.

He did not see that An Xia put down Tong Xiaoguan and took the poster of the fencing club.

Dare to take her?

Look for smoke.

On the stage, in the depths of Mu Chenyuan's cold eyes, a smile passed by.

He saw Anxia put down the poster.

Green grass?

Nothing.

He is convinced of An Xia, and will not doubt.

Next to him, Tong Xiaoguan screamed like all the girls the moment the fencing teacher appeared.

After screaming, he hugged An Xia's arm and said madly: "So handsome, so handsome, my God, handsome!"

"It's all on my spot! Ah, ah, I want to join the fencing club!"

"I want to join, immediately, immediately, now, join!"

My mother!

This face, this shoulder, this waist, and this big long leg are all beautiful, all beautiful.

Perfect enough to fault it.

He hugged An Xia's arm and screamed, as if thinking of something again, turned his head, his eyes widened, and turned towards An Xia.

Say word by word, "You, you are not allowed to join!"

An Xia is definitely a rival to join!

The overall strength is too strong!

Can't handle it.

An Xia kept looking at the fencing teacher on the stage.

Hearing this, he glanced at Tong Xiaoguan with a smile but didn't speak.

The alarm bells ringing in Tong Xiaoguan's heart.

"Brother, you won't! You won't!"

No way!

You are the eldest brother.

You can't bend your waist so quickly.

Anxia bent her lips and smiled, "Why not?"

When Chang Fan heard it, his face was sullen.

The new fencing teacher is indeed good-looking, and when he stands on the stage and listens to the screams of the girls, he knows how popular he is.

An Xia, who was so interested just now that she wanted to sleep, was energetic now. Could it be that she was also fascinated?

Ask tentatively, "Are you interested in fencing?"

"It's fine." An Xia said calmly, "I have learned it before, and I haven't held a sword for a long time, so I should have some hands-on skills."

Have learned it!

Tong Xiaoguan's face collapsed.

Fencing club recruiting conditions are available, and those who have a basic fencing experience will be admitted first.

She hasn't learned it, An Xia has learned it.

Staring at An Xia gloomily, "Are we still friends?"

"Is there a conflict between my friend and I who have learned fencing?" An Xia asked her with a smile, does the look in her eyes seem to be less gentle.

After rubbing a little bit of chill in his eyes, the waves in his eyes became a little cold.

Are you afraid of her?

Little girl, the fencing teacher you are thinking about now is her man, don't you know.

Tong Xiaoguan's eyes met An Xia, secondly.

Sigh, "There is no conflict, just thinking, there is one less enemy who can attract the attention of the fencing teacher, and I hope to have a teacher-student relationship."

"Now when you come, I am completely hopeless."

It's not that she is arrogant, but An Xia is too good, and her self-confidence is more or less frustrated.

Chang Fan laughed first and said, "How come, you have too little confidence in yourself."

"Huh?" Tong Xiaoguan was surprised, leaning over to look at Chang Fan, "Senior, do you mean I'm still good?"

"Of course." Chang Fan smiled and encouraged, "An Xia is excellent, but you are not bad."

There was a slight pause, the volume of the voice was much lower, "The school prohibits teacher-student love, you, don't think too much."

"Hahaha, hahaha." Tong Xiaoguan laughed until Changfan was dumb.

Chapter 1037: A sweet love

What is she laughing at?

After smiling, Tong Xiaoguan looked at Chang Fan with bright eyes, "Senior, are you serious? No way."

"I just talk about it casually, what makes teacher-student love, it's purely hilarious. I'm a good student, but I don't have the guts to engage in teacher-student love."

She touched An Xia with her shoulder again, "She certainly won't, so seniors can rest assured."

This Chang Fan senior is really interesting.

If I like Anxia, I am worried that Anxia likes others.

Hey, An Xia really wants to like others. That's because your charm is not big enough.

But the new fencing teacher is really handsome.

Oh, can you have a sweet love?

It's not yourself, An Xia is also successful.

Fertilizer does not leave outsiders' fields.

Chang Fan is still worried that An Xiazhen will see the fencing teacher.

Then, he smiled at An Xia: "I have studied for a few years, and you are welcome to sign up to join the fencing club. From now on, we can practice together."

"The teachers hired will have up to two classes a month and will not be in the fencing room every day."

Tong Xiaoguan heard his eyes blinking.

At most two classes a month.

It's a little bit less.

But it doesn't matter, it's okay to see once or twice a month!

She just likes to see the handsome teacher.

The other girls are already grappling with each other.

"I'll sign up later!"

"I also signed up! Even if I don't study, I will make a lot of money to come and see it every day."

"No, he is definitely the most handsome male teacher in the school, not one of them!"

Some students have already taken pictures of the new teacher.

There were a few handsome photos in the phone instantly.

On stage

Mu Chenyuan's gaze didn't stay on An Xia for too long. She and him came with a mission, and they had a relationship with a stranger.

Too much eye contact can be suspicious.

Sweeping the stage, Mu Chenyuan stood on the side of the fencing stand.

There are a lot of people.

Most of them are girls.

The president of the fencing club held the roster in his hand, and his smile was slightly stiff.

Standing next to the new teacher Mu, whispered: "It seems that something has happened. There are only eleven people on the roster."

Eleven people signed up, and now more than fifty people have come.

What's the reason? The president group silently glanced at Jushuai's new teacher. Well, he knew why there were so many more people.

Those girls clearly meant not to be drunk.

Mu Chenyuan glanced at the roster and said coldly: "Clear the field."

"what....."

The society was dumbfounded and didn't react.

Clearance?

Is it to clear everyone out?

One not recruit?

please do not.

Well, the recruitment is the responsibility of the club, not the teacher.

The teacher just teaches them.

Seeing that the president did not understand what he meant, Mu Chenyuan looked a little colder.

He is a cold temper, with cold eyes hidden deep and sharp. The players in the team were swept away by his sight, and his heart was panicked, let alone students.

The president is also a junior. He was seen by the new teacher, and he felt a sharp knife against his neck.

Secretly, there was a chill.

Directly whistling deep in my heart.

Where did the school find its new fencing teacher!

Can he protest?

It's too **** scary.

My heart screamed, and my language was very honest.

Asked in a low voice, "Teacher Mu, I didn't understand what you meant by clearing the venue. Can you explain me a little bit?"

Humble inquiries online.

"Clear everyone out and line up according to the roster to pass." Mu Chenyuan explained.

The explanation was cold, and the president of the fencing club was frightened.

Chapter 1038: It's exciting to think about it

The president of the fencing club wanted to keep a few more.

Well, the best girl.

You know, their fencing club is the most famous "monk" club in the school. There are 23 members and only two girls.

There are so few girls.

There are so many girls here today, no matter if they are really interested in fencing or not, let's recruit people first.

Facing the president's begging, Mu Chenyuan remained unmoved.

Indifferent: "I am in charge of teaching, you are in charge of recruiting, and the number of people is controlled by yourself. But..."

After a slight pause, the president heard the heart of joy suddenly tighten.

But what?

Teacher, you made it clear all at once.

"However, in my class, I need to assess the members."

As soon as the society heard it, for fear that the fencing teacher would change his mind, he immediately said: "Yes, yes, we also need to test the basics of recruiting people to see if they can practice."

Fencing clubs can't just enter casually.

Most importantly, fencing clubs, like equestrian and golf clubs, need to pay a certain club fee.

The publicity posters are marked with club fees.

And, it's not cheap.

Generally, the students who can enter the fencing club have a certain foundation, or really want to learn fencing, and they are very supportive at home.

In other words: the family has financial support.

The club fee of more than 10,000 yuan a year is not an ordinary decimal.

Soon, members of the community came forward to clear the scene.

"Dear students, the screening and assessment will begin immediately. Because of the large number of people, we need to enter the assessment in groups. Every ten people are assessed in groups. For students who have not yet turned to the assessment, please go to the corridor outside to line up."

"Now, ask the students in the first row to stay. From right to left, keep ten students."

Tong Xiaoguan was surprised when he heard that, and asked Chang Fan, "Senior, do you still need to be assessed?"

"Need." Chang Fan smiled: "There are all on the posters, do you want to look at it again?"

"Really?" Tong Xiaoguan picked up the poster he threw away, and muttered as he looked at it, "Wipe, I really didn't pay attention. It's even going to be tested."

"Then I'm really miserable, it's definitely no show."

Keeping his sight in the condition column, Tong Xiaoguan stared, "Really! Need to have a certain level of physical fitness, and those who have the foundation are preferred."

The last column * is marked: The society has the opportunity to represent the school once a year to participate in the national fencing competition for college students. The results of the competition are included in the admission score.

"I can still participate in the National College Student Competition! The scores are all included in the admission score, is it so awkward?"

Be good!

It's not a play ticket!

It's a real class!

No wonder there are social fees!

Tong Xiaoguan is most afraid of this kind of society with strict requirements. After reading it, he turned his head and said to An Xia: "I should quit now, it should be too late!"

Master teacher, that's no use!

She yearns for freedom more!

An Xia said: "You are free."

Give up so quickly?

It doesn't matter, she won't give up anyway.

Well, I will not give up the teacher-student relationship.

It's exciting to think about it.

There was even a chance to talk about teacher-student relationship with Mu Chenyuan.

What is forbidden is not forbidden, the true identity of her and Mu Chenyuan is not a student and a teacher, they fall in love secretly without any psychological pressure.

From right to left, ten students stay.

It happened that there were ten people here in Tong Xiaoguan.

"Starting from this classmate, I trouble other classmates to go out and line up first, which may cause inconvenience. I apologize for the inconvenience."

Tong Xiaoguan didn't want to stay alone for the assessment. Seeing this, he stood up and said openly: "Which classmate wants to come first, I will check with the classmate in the next round."

"I, I, I..."

Four or five girls stood up, and one boy.

It's really hard to let anyone come.

After thinking about it, Tong Xiaoguan smiled and said: "Then let the boys come, he is the only one, a good choice."

Chapter 1039: I can't catch the girl who has a crush

The boys came to the front from the back and became the first batch of students to be assessed.

He himself signed up for the fencing club. Before, he heard seniors say that there are few people in the fencing club and it is easy to enter.

As a result, when she walked through the classroom, she almost thought she had gone wrong!

Go and confirm again and again before coming in.

Yes, it is the classroom of the fencing club.

There are a lot of people, almost all of them are girls.

When the fencing teacher showed up, the girls screamed. As a boy, he covered his ears, and he understood why there were more girls this year.

Dare to love, it's all for the fencing teacher!

Due to the examination, many girls are a little nervous.

After leaving the classroom, they lined up to discuss in private.

"I have to take a test, what a test? I can't pass the test. I haven't studied it yet."

"I haven't learned it either. Don't be afraid! Take one step at a time."

"The poster itself says it needs assessment too! Didn't you guys read it?"

"Ah! Did you write it?"

"It's written, ah, here, look at the conditions."

"Oh my God, I really wrote it! I have good physical fitness and good basic considerations. I'm crying, brothers, I don't think I can accompany you to see the handsome guy. I can't make it, I can be exhausted halfway through running."

"Me too! Is there any mistake, is God going to kill me? I just want to see Teacher Shuai, why is God so cruel."

"There are physical exams! What's the break test? We can't let us make gestures with swords, I'm afraid that a sword will stab the teacher to death."

"Bah, baah! How can it be at your level! The teacher will definitely hide."

"It shouldn't be a physical test with a sword, push-ups? Sit-ups? I guess it's these. I will do it in high school."

"Sorry, I failed back in high school."

"Congratulations to myself, one less competitor."

"To die, if not, huh! I just want to stay."

Talking and laughing, they became a group.

Although a little nervous, but there is nothing to worry or fear.

There were even courageous girls who smiled and said: "Physical test, did the teacher personally give us the physical test?"

"Hey, if you really want to, we have earned it too."

"If it weren't for the teacher to give us the physical examination, I would ask the teacher to take the physical examination for me!"

"Sister is a warrior! Come on, wait for you to go first, if you succeed, I will go."

"It's not as good as everyone's pleasure to be happy alone. Anyway, it's all for the handsome teacher."

I didn't sign up. After listening to the wind, the girls who came together had the same purpose as Tong Xiaoguan, and they all came for the handsome fencing teacher.

I didn't even read the requirements on the poster at all.

Some girls didn't even read the posters, so they read them on the spot.

Tong Xiaoguan, who was standing at the front, asked Chang Fan, who was accompanied by him, "Students, what are the physical tests, can you tell me a little bit?"

From An Xia's face, it's not too much to reveal it.

"Buddha said: Don't tell, don't tell." Chang Fan didn't reveal, a mysterious smile appeared on Jun Lang's face, "I will find out after entering, it should be the same as before."

Tong Xiaoguan akimbo, "Looking at An Xia's face, can't you even say it?"

"this..."

Chang Fan looked ugly to An Xia, scratching his head, embarrassed, "Well, let's not say it, I will tell you that it is not fair to other girls."

"Really, it's very simple. You will know when you go in. It won't be difficult for you. It's very simple. Don't worry."

Tong Xiaoguan tilted and fell on An Xia, aggrieved, "Brother, look at the senior, you are too hard-hearted and ruthless."

"No, it's really bad. You won't be able to catch up with the girl you have a crush on."

"Because you won't please roommates who have a crush on girls." The finger was already pointed at himself.

Chapter 1040: A handsome guy they can't chase

Seeing this, Chang Fan's eyes flashed.

It seemed very nervous and embarrassing.

He stammered and said, "Yes, yes...Is it, I...I try to change."

An Xia pushed her away mercilessly, "It's not good for you to be like this, it's really bad."

"I didn't want the two of us to stay." Tong Xiaoguan pouted.

"I have the foundation, so I don't need to spoil it in advance, thank you." An Xia replied with a smile, completely breaking off Tong Xiao's careful thinking about spoiling in advance.

Chang Fan smiled beside him.

The look in An Xia's eyes was much deeper than before.

With the young boy's youthfulness, he carefully hides his affection for An Xia.

Tong Xiao watched and smiled.

Gee.

Student, your acting is really clumsy.

What are you hiding?

Everyone can tell that you like Anxia.

Such Chang Fan completely deceived Tong Xiaoguan with his own surface.

Tong Xiaoguan deeply thought that Chang Fan had already liked Anxia.

There may be good feelings, but such good feelings are full of calculations and even more malicious.

An Xia pretended not to notice Chang Fan's eyes, so she waited for the next assessment in her spare time.

With her here, Mu Chenyuan didn't have the guts to come, and went to test the girls in person.

If he plays in person, hum!

Wait to be cleaned up by her.

The assessment for a group of ten ended quickly.

Five to five took turns up, and it was over in less than five minutes.

The closed classroom door reopened, and the students who had finished the assessment came out.

The girls all face down.

The two boys were all smiles.

Seeing this, the girls in the line accelerated their heartbeat a little.

Some ominous premonitions.

"Classmate, have you passed the test? Isn't it so difficult?"

Some girls have already asked.

"It's not difficult, but it's very difficult to pass. You will know when you go in." The girl said dejectedly.

"Our group of girls didn't pass the level, and the boys passed it easily."

"Ah! None of the girls passed the level?"

"Yes, none of them."

"No, it should be difficult. How can it be said that it is not difficult."

"It's not difficult, but it's a bit difficult for us. Oh, don't ask, the teacher said that we are not allowed to come out."

"Don't ask, don't ask, if you ask, you don't know, you just go in for the assessment."

Tong Xiaoguan also wanted to ask, but was stopped by An Xia's words, "The next round is you. I'm asking, do you still have time to prepare?"

Right.

She will be the next round, there is really no need to ask.

But it sounds difficult.

"I guess it won't be possible." Tong Xiaoguan said 'worriedly' before entering.

I was worried in my mouth, and his face was particularly relaxed.

It doesn't matter if you can.

She also finished watching the coach's teacher.

I confirmed that it was a handsome guy she couldn't chase.

Take a look, it's seductive.

Don't care about possession, only care about having an eye.

...

Her one-sided fate.

Because Jushuai's teacher didn't even look at her at all.

But it seems to have seen An Xia, and I don't know if it is her illusion.

Chang Fan comforted her, "Don't worry, maybe you can live it. It's really simple. It's just..."

The words were not finished yet, the fencing club came out.

"Ten students in the next round, please come in for the assessment."

After speaking, he saw Chang Fan and asked with a smile, "I said, just now you were still there, why did you disappear in a blink of an eye? So you ran out to accompany the school girl."

He saw Tong Xiaoguan first, and then fell on An Xia, stopping for a while.

This school girl--

Very familiar.

I seem to have seen it somewhere.

Beautiful and tall, it looks like the kind that Chang Fan likes.
