

## Goddess 1051

### Chapter 1051: Student to teacher

Before coming to Changhai University, Mu Chenyuan had never thought of meeting An Xia so quickly.

After all, Changhai University is so big.

If you want to meet someone, if you don't make an appointment in advance, it's impossible to see you just as you go.

Never thought that he and An Xia would see it so soon.

Very unexpected.

When I first saw her, for a moment, I thought I was wrong.

Then he took a closer look and found that it was the girlfriend he missed.

After ten days of absence, she is recovering very well.

Even the sunburn on the tip of the nose is gone.

The complexion is very good, and the eyes are brighter.

Talking and laughing with the girls around him, the bright face belongs to the 18-year-old girl.

Fenghua is magnificent, so that countless eyes of the opposite \*\*\*\* are cast from time to time.

The vinegar smell in my heart almost made myself sour.

However, when An Xia refused the boy's leg press, the sourness in her heart was instantly covered with honey-like sweetness, sweet, filling her chest.

With deep cold eyes looking at the girlfriend who was close at hand, Mu Chenyuan listened to her slowly answering himself, "Then, I would like to ask the teacher for advice."

She didn't know if it was her own illusion. When she said the word "teacher", her biting a little bit.

It seems that there is a different meaning in it.

His thin lips were slightly curved, and a very faint smile passed by, Mu Chenyuan replied calmly, "You're welcome, it should be."

"What does the teacher mean, I can join the fencing club?"

An Xia asked unhurriedly, grasping the relationship between the two extremely well, and it seemed that it was the student's attitude toward the teacher.

It is polite and alienated, as well as the respect of the students to the teacher.

Mu Chenyuan nodded, "Yes, you can join, or you can choose to refuse. You can choose whether to come or go."

"Then I choose to join."

"You can ask him for the registration form." Mu Chenyuan looked at the president of the fencing club and said to him: "All three of them can join."

The president was very happy, and nodded again and again, "Okay, I'll give it right away."

Turning to the three people, "Congratulations, we will be members of a society in the future. You have to understand and understand the rules and regulations of the society."

"No problem, you can let me carry it." Hong Feili said with a smile, "I just like fencing. When I applied for Changhai University, I was fancy that our school had a fencing club."

Not all colleges and universities have fencing clubs. Hong Feili, who loves fencing, had the opportunity to choose another school, probably because Changhai University has a fencing club. The first, second, and third choices are all Changhai University.

Zhang Haifan didn't speak, but smiled shyly. It can be seen that he is also very happy to be a member of the fencing club.

I have long heard that it is difficult to join the Fencing Club of Changhai University, and he was prepared to be screened before he signed up.

How can you not be happy to join now.

Before taking the registration form, An Xia deliberately returned the epee to Mu Chenyuan.

When Mu Chenyuan took the sword, his fingers touched An Xia's hand at the moment his knuckles were gripping the hilt—

As for An Xia, he deliberately returned the sword because he wanted to touch her boyfriend's hand.

The two of them had the same mind, almost just touching their hands, and the epee that no one picked up almost fell to the ground.

Fortunately, Mu Chenyuan's eyesight is quick, and he grabs his hands.

"Teacher, if you hold the sword, I can't afford it if you break it." An Xia didn't forget to joke after returning the sword.

Facing the jokes, Mu Chenyuan, with a warm smile in his eyes, held the epee with her body temperature, and said: "Normal wear and tear, you can apply for compensation without compensation."

"Intentionally attrition, then withdraw from the society."

An Xia pretended to be surprised, "No, it's so strict. It's so strict that I don't want to join."

Knowing that she said this deliberately, Mu Chenyuan hadn't answered yet, and Tong Xiaoguan who was watching quickly said: "No! You must join!"

**Chapter 1052: I want you by my side**

Such a handsome teacher, it's too difficult to see each other!

With the eldest brother here, she can always see the handsome teacher once or twice a month when she is chasing with the elder brother.

In order to meet Mr. Shuai, the eldest brother must join.

Mu Chenyuan said, "Your classmates hope you join."

"She wants me to join, because she wants to see you, the handsome teacher." An Xia curled her lips and smiled slightly with a nasty smell.

She, waiting for a good show.

By the way, take a small book and write it down, and settle accounts with boyfriend Mu Chenyuan in the future.

Does it feel good to be chased by so many girls?

Interview afterwards, let's see how he answers.

If the answer makes her dissatisfied, ha ha, ha ha—

But there is no good fruit to eat.

Mu Chenyuan did not give her a chance to settle accounts.

Hearing this, he said to Tong Xiaoguan: "In fencing class, non-members of the community are not allowed to enter the room."

...

Tong Xiaoguan turned his head and said to An Xia expressionlessly, "Then you can withdraw."

Oh rub!

That being the case, it doesn't matter whether it is added or not.

Chang Fan, who hasn't intervened for a while, came, holding the registration form for officially joining the club in his hand.

Hearing this, he smiled and said, "That won't happen. It's rare for girls to join in our club. An Xia can't retire. I don't agree, and our president won't agree."

He raised his voice again, and directed Zhang Haifan and Hong Feili to fill out the forms: "Ke Qi, do you agree that An Xia will withdraw from the fencing club?"

Ke Qi, president of the fencing club, junior in the Department of Economics and Management.

When he was instructing to register the watch, he turned around in shock, "No! I don't agree!"

"Have you heard, President Ke Qi disagrees." Chang Fan handed the form to An Xia. "So, you should fill it out obediently."

Fu said to Mu Chenyuan: "Teacher, I will lead An Xia to fill out the form first, and then pay the club fee clearly to prevent her from withdrawing."

Mu Chenyuan himself also wanted to guide An Xia to fill out the form.

As a result, he was taken the lead by other boys.

The light in the eyes dimmed, staying calm, "Okay."

If there is no such heavy identity as a teacher, he will directly say, "I will guide you, where do you cool off, and where do you go!"

With the heavy identity of the teacher, you can only: Forbearance!

Others can't see the little drama in Mu Chenyuan's heart, but An Xia can read it from his eyes.

He lowered his eyes, with a deep smile in his eyes.

I can't tell, the boyfriend who has refused to sleep with her many times is so possessive.

If I knew this, why didn't I feel sleepy together?

Gee—

Now, regret it!

Hahaha

Make you regret it.

It is best to regret the kind of regret that the intestines are all blue.

In this way, next time she proposes to sleep together again, presumably, she won't refuse it.

The pen nib "Shasha" crossed the paper stamp, An Xia watched by the side.

Well, she didn't fill it out by herself, but gave it to Tong Xiaoguan to fill it out for herself.

Tong Xiaoguan took the registration form and filled it out honestly.

No way, that's the big brother!

You must listen to what the eldest brother said.

Very annoying.

But you have to be patient and give pointers.

"Here is the basic personal information. You can write your school as your residence address, and you can write your home address or not. The contact person should fill in two people at the end, so that you can find it later."

"The honors received here must also be filled in, so that we can understand the personal situation more quickly..."

An Xia answered directly, "No, I just play."

"Then write 'none'. An Xia needs to confirm his signature here."

As Chang Fan said, he asked An Xia, "Do you need help purchasing fencing suits?"

"unnecessary."

Her fencing suits are custom-made by the exclusive factory, which is more suitable for her.

There is basically nothing left to fill in.

Fill in the column of family address, Tong Xiaoguan casually asked An Xia, "Family address, fill it in?"

### **Chapter 1053: Not reveal a word**

An Xia said: "Don't fill in."

Tong Xiao said, "Oh."

"What about the contact person?" asked again.

An Xia: "Write that you and Tang Chu are also two people."

Contact person?

After completing the mission and leaving school, none of these people will find her again.

Then write about Tong Xiaoguan and Tang Chu.

"Okay! Write it now."

What did An Xia say, how Tong Xiaoguan wrote.

Chang Fan's eyes flickered and suggested, "The family may be better."

"An Xia is the eldest brother of Tang Chuye and I, and we are the eldest brother's family members."

Tong Xiaoguan stopped Chang Fan with a sentence.

Chang Fan, who clenched his teeth in secret, hated Tong Xiaoguan even more.

Depend on!

I thought I took the opportunity to learn about Anxia's family information!

Not a word will be revealed.

He went to find out where An Xia came from. So far, he hasn't gained anything.

but--

Yesterday he joined a WeChat account called "Lin Yinya" girl.

According to classmates in Anxia's class, Anxia and Lin Yinya have known each other before, and they should be high school classmates.

The addyou message has been sent twice, but it has not passed so far.

I don't know if Lin Yinya didn't look at the phone?

Still deliberately not adding myself.

Try to add it later!

If he really didn't agree, he went to find her personally!

Mu Chenyuan got the registration form of Ansha, and after looking at it, the warm smile in his eyes was like a spring breeze, soft and affectionate.

She really doesn't give anyone a chance to understand herself, nor does she give others a chance to get close to her.

And herself, I'm afraid it is very likely that she is the only man she wants to take the initiative to get close to.

Thinking of this, the smile in Mu Chenyuan's eyes became softer.

The president finished all the registration forms registered today, counted the list of personnel, and handed them over to Mu Chenyuan.

"Teacher, there are 9 new recruits this year, seven boys and two girls, please have a look."

Mu Chenyuan took over the list of personnel, and his gaze fell on the name of another girl.

Xie Chi Yan.

He was a little impressed with the girl.

The first sentence after entering the assessment was to ask him, "Teacher, has An Xia passed the assessment?"

Upon learning of "pass", Xie Chiyan's face suddenly became gloomy.

The next assessment is even more intense.

At the end of each round of assessment, she also asked, "Teacher, who is better than An Xia's assessment?"

The pertinence is obvious.

"All need to be strengthened."

This is his answer to Xie Chiyan.

But Xie Chi Yan didn't give up, she insisted on letting him give an affirmative answer.

Until he sank his face and said coldly: "The door is behind you, you can turn around and leave."

After saying this, Xie Chiyan stopped.

What happened to her and An Xia?

How could a junior in Anxia, a freshman, have a holiday?

The pertinence is still so strong.

It needs to be understood.

Chang Fan didn't know that Xie Chiyan had also joined the fencing club just after three o'clock in the afternoon.

When he returned to the apartment, he was so angry that he kicked the computer chair.

Voice call to Ke Qi, "Why did you recruit Xie Chiyan? Cao, don't you know I have a conflict with her? Quickly return the money to her!"

Don't even think that Ke Qi is the president of the fencing club, but he always thought that he acted on the face of Chang Fan.

"Master Chang, it wasn't me who asked her to come in! It was Teacher Mu who nodded, I was so dumbfounded!"

Ke Qi also had a headache, and Zhengshou in the bedroom didn't know how to explain it clearly to Chang Fan.

"I saw Xie Chiyan at the time, and I wanted to call you back to check, but Xie Chiyan was so \*\*\*\* awesome, she won three important awards!"

"Master Chang, don't you know that Xie Chiyan can also fencing? Hurry up and check the name of Xie Chiyan's cousin! The full text of the national fencing team!"

#### **Chapter 1054: Tears in the tea**

Full text lake!

World champion!

Chang Fan heard the phone squeeze tightly.

He only knew that Full Text Lake was Xie Chiyan's cousin.

Oh shit!

What's all this.

The less I don't want to see a person, the fuck, the more I can see!

"Master Chang, I also want to stop it, but what can I do to stop it. Xie Chiyan enters the provincial fencing team! It's even stronger than Anxia!"

"The teacher nodded, what can I say? I really can't say anything."

Chang Fan was impatient to listen.

Interrupt the call directly.

In the bedroom

Ke Qi, who was hung up on the phone, also had a bad face.

The brother in the same dormitory fights the injustice for him, "Grass, this Chang Fanzhen is not a \*\*\*\* thing! He and Xie Chiyan can't make a connection, and now I blame you for not kicking people away."

"It's impossible for ordinary students to handle the people he can't handle." Another brother in the dormitory also joined.

It can be seen that everyone actually does not blame Chang Fan's style.

Relying on being rich, I don't know how to respect others.

Ke Qi was even more depressed by the dormitory brothers.

With a dull throat, he said, "There is no way, it can only do this first. Grass! I have to bear with it for more than a year."

He's only a junior this year, and he won't be able to withdraw from the fencing club until his senior year.

"Take care, brother."

"Hey, you also stumbled for a while!"

"If you leave society in the future, you really can't borrow money to gamble. The creditor's father can force you to death."

Brother dormitory, you say, I say, I heard Ke Qi's face getting more and more ugly.

Knowing that it was all for his benefit, Ke Qi got up when they finished speaking, "I'll go out and smoke a cigarette."

The brothers just accept it as soon as they see it.

After he went out, a boy who had not spoken did he whisper: "You guys, don't worry about it."

"Those things, Ke Qi obviously doesn't want to mention them again, you guys are still pressing for them."

"I won't say a few words in the future, he is so big, knowing that some things can't be touched anymore."

A boy who was peeling an apple said: "I'm afraid he will be upset for a while, and his mother can't figure it out, borrowing money to play online gambling. Is his Chang Gongzi's money so easy to borrow! Ke Qi doesn't know how much he has done for him. Black pot."

When it comes to Chang Fan, the boys have too many complaints.

I only dared to vomit behind my back.

Of course, I dare not.

In the girls' bedroom, Tong Xiaoguan was also complaining.

"Teacher Jushuai said coldly, non-members of the fencing club are not allowed to enter or leave the fencing room, I rely on! I persuaded the big brother to retreat quickly!"

"I took the eldest brother. In the end, the eldest brother entered, but I did not enter. I still can't accompany the eldest brother to practice fencing, so angry! The fencing club is too ungrateful!"

"If it weren't for Jushuai's teacher to be really handsome, I would almost jump up and quarrel with him."

Tian Xinyuan, who was unsuccessful, sneered, "You are noisy, why don't you listen? If you don't have the guts, you should not pretend to be in the bedroom."

"It sounds weird to hear!"

"Don't listen to it if it's disgusting, the door is here, please hurry up!" Tong Xiaoguan went back.

In the bedroom, only Tong Xiaoguan often confronts Tian Xinyuan.

At the beginning of Tang Dynasty, Axicuo was able to hide, and didn't care about her.

As for An Xia, Tian Xinyuan herself didn't dare to come over, because she was afraid.

After being stunned, Tian Xinyuan's eyes blushed and she was extremely aggrieved, "This is my dormitory, why should I leave? If you want to go, you are the one who goes!"

"Sorry, this is also my dormitory. I won't leave, because I don't feel nauseous! Whoever feels nauseous will leave." Tong Xiaoguan laughed.

She is not afraid of the tea-scented tears in Tian Xinyuan's tea.

In the bedroom, the two clashed again.

Tang Chu also sighed and weakly persuaded him to fight, "Okay, okay, stop arguing. People of all ages, what quarrels are, just like a three-year-old kid."

### **Chapter 1055: Quarrels are more damaging than fights**

Knowing that it was impossible to persuade him to stop, Tang Chu still tried his best.

Ugh.

I don't understand how they both carry it so easily.

The magnetic field is too incompatible.

The counselor said that it is impossible to change the dormitory next semester.

"She and I quarrel first!" Tian Xinyuan immediately spread her anger on the bully Tang Chuye, "You are going to turn black and white to help her!"

"Smuggler, don't disgust me here!"

At the beginning of Tang Dynasty, she was also the worst at quarreling. Every time someone accused her, her brain went blank.

Afterwards, the more I thought about it, the more angry I became, the more I thought about it, the more I was wronged, and I would regret how stupid I was at that time, and I wouldn't even quarrel.

The stupid Tang Chu also tightened the corners of his mouth, and after a long time he uttered three words, "I don't have one."

Tong Xiaoguan jumped out to protect her shortcomings, "Tian Xinyuan, you don't want to squeeze the soft dipper here! You can't stand up if you don't know what to do, and you are arrogant, bah! You make people sick!"

A new round of quarrel began again.

Asicuo stood up and persuaded An Xia to stop, "Put your earplugs on and listen to the song."

quarrel?

Tired or not!

Also wasted time.

A fight is better than a fight.

Fighting saves trouble!

An Xia has always been able to move his hands, and never chooses to move his mouth.

Talking is more damaging than fighting.

Asituo silently took out the earphones from the twitch. Before putting them on, he looked at the two still hot ones.

Anxious, "They will fight."

"Do you think they will fight?" An Xia answered without raising her head. "If you want to fight, if you don't agree with the first sentence, just go ahead. You won't waste your time here."

She is the most experienced in fighting.

An Qian is also owed, every time she comes up to death by herself, she never gives An Qian a chance to speak, she just comes up to fight.

After the fight, I feel refreshed.

why?

It's very simple. Every time you fight An Qian loses.

She was beaten to the hospital several times.

If it hadn't been for the earth guard beside An Qian desperately to protect the lord, she would have killed or maimed what she owed.

Those who really want to fight, just like her, will start playing on the court without giving the opponent a chance to open their mouths.

Don't watch Tong Xiaoguan speak aggressively, but he is still gentle in his bones and will not hit people.

Not to mention Tian Xinyuan, who likes yin and yang weirdness.

She loves to be brave.

Hands on?

As long as Tong Xiaoguan only raised her hand to hit someone, she would start crying "Wow" and ran out of the dormitory to look for a counselor.

Asicuo was still uneasy.

After listening for a while, seeing that it was really difficult for the two to fight, they put their ears on.

All right.

She also listened to An Xia.

Finally, talking about the dry tongue, Tong Xiaoguan once again crushed Tian Xinyuan over the quarrel.

Tian Xinyuan was defeated, and she cried aggrievedly, "You are all bullying me! Oh, I'm going to find a counselor."

"Go, go, easy to go, don't give it away." Tong Xiaoguan waved and smiled.

It was a truce, she was good to drink water.

Tian Xinyuan, who was angry again, rushed out of the bedroom again.

As usual, she would rush out of the dormitory to find a counselor every time she lost her voice.

This time, Lin Yinya was taken aback by crying and rushing out of the dormitory.

"Go away!"

Standing still by Tian Xinyuan, she viciously scolded the person who stood in the doorway. Before Lin Yinya, who had changed her face, scolded back, she wiped her tears and ran away.

Lin Yinya: "!!!"

I was scolded inexplicably, and I have not been scolded yet, and I was angry.

It was just such a small episode that the courage she finally mustered up was gone.

Lin Yinya stood at the door of the dormitory for a long time, always hesitating whether to go in and find An Xia.

She didn't dare.

That night, An Xia's words made her very angry. After returning to the bedroom, she sent a text message to An Xia.

### **Chapter 1056: Everything goes wrong**

It probably means: An Xia, if you want to do this, you will definitely have no friends.

After sending it out, it took a long time for An Xia to reply.

Until now, the two of them never said a word.

Even if you have the same classroom for class, it's like a stranger.

Do not.

Not as good as strangers.

Those classmates in the class were strangers to An Xia, but then everyone knew An Xia.

An Xia will also have a few words with them.

Only oneself, even if deliberately passed An Xia, never took a second look.

The taste of being ignored is too painful.

Okay, take the initiative and reconcile.

Holding her phone tightly, Lin Yinya pursed the corner of her mouth, preparing to walk in.

Then I heard Tong Xiaoguan smiled and said: "Little Green Tea quarreled with me, look for it!"

"Do you dare to smoke?" An Xia asked.

Tong Xiaoguan akimbo, "Dare! Why don't you dare! No, she doesn't do it, so I can't do it first."

"Ah."

In exchange for An Xia sneered, "Do you know why she dare not quarrel with me?"

...

After thinking about it, Tong Xiao answered, "Brother, can't afford to offend?"

"She knows that I will not quarrel, I will only take care of it."

It was this answer that made Lin Yinya stop.

Yes.

An Xia doesn't quarrel, only hands.

I am past now, will she be beaten by her?

Thinking of all the things in the special education institute before, Lin Yinya stopped timidly and left quietly.

Don't find An Xia yet.

After figuring out what Chang Fan wants to do, I have more excuses to talk to her.

At nine o'clock in the evening, Lin Yinya came to the "Huxin Pavilion".

Chang Fan arrived nearly half an hour early.

The lake breeze dissipated the heat, but it was also pleasant.

When the two met, Chang Fan said politely: "Sorry, I have asked you out so late."

"Don't pretend to be here, there are shit."

For Chang Fan, Lin Yinya didn't have a good face.

An Xia guessed it.

He is really reluctant to find himself.

Chang Fan was stunned and passed by intently.

Recently, is everything wrong with him?

Why didn't everything go smoothly?

Xie Chiyan during the day, and Lin Yinya at night.

Suppressing his anger, Chang Fan said: "Then I'll be straight. I fell in love with An Xia at first sight and wanted to chase her. But I don't know her very well, and I don't know her likes, dislikes and taboos."

"I know you met An Xia before, can you tell me?"

"Don't worry, I will never tell her. As for you, I can agree to whatever you want."

Lin Yinya said with a cold face, "Since you like it, you can understand with your heart and ask me to understand, then you are too impatient."

"I can't help it either." Chang Fan smiled bitterly, "An Xia lacks anything, I don't know how to start."

"School girl, I really like An Xia, and I really want to ask you for help."

"If it is really inconvenient for you to say, how about you tell me where An Xia is from? I'll go see your locals, what do you like to eat and what you don't like to eat."

"Perhaps, we can know what An Xia likes and what she doesn't like."

I was guessed by An Xia again!

He just wanted to know where An Xia was from.

Lin Yinya is not a little white lotus either.

The more you do this, the more calm you are, "Then you are a failure. It's been so long, and you don't even know where An Xia is from."

"There was a boy in the music department chasing the girls in our class. It took less than three days to know where the girls are, what they like to eat, and where they like to go."

"What about you, you don't even know anything. Is this your attitude of chasing people? I think you have ulterior motives."

The last sentence is really unintentional.

By the way, it happens to be the purpose of Zhongchangfan.

So that Chang Fan tightened his back instantly.

Is he too impatient?

### **Chapter 1057: Unhappy, one is harder to deal with than the other**

Another difficult girl!

At this time, Chang Fan was very upset!

There is no progress on An Xia's side, and it is more difficult to deal with the people next to her!

Oh shit!

Let him change goals, but not reconciled!

Ask again!

He didn't know that it was such a sudden rush that made Lin Yinya, who had originally had no intention of saying it, suspicious.

Lin Yinya, a daring stepmother played scheming, even calculated that the twins of her stepmother almost went to heaven.

It is also a ruthless character who used public opinion to force her stepmother to sullen under her breath and force her father to retreat after leaving the special education center.

Chang Fan thought that Lin Yinya was also an ordinary girl, and that was a big mistake.

At this time, he still didn't know that he had been targeted by Lin Yinya.

Still acting in front of her.

"I do have ulterior motives. I want to get ahead of everyone and catch An Xia ahead of time." Chang Fan sighed, looking like he was embarrassed by love.

"An Xia is not an ordinary person. If you want to, you also know that the less an ordinary person, the harder it is to find out personal preferences."

"Senior girl, I really didn't have to recruit before I came to you. Or, tell me where you are from, it's okay."

After a long while, Lin Yinya said, "People from the capital."

People from the capital——

Anyhow, I know where An Xia is from.

However, something is not quite right.

"An Xia, I don't have the accent of a city person." Chang Fan stared at Lin Yinya with his eyes, and laughed, "Senior girl, you are perfunctory me."

Lin Yinya wasn't afraid of frequent fanfare at all, and snorted coldly, "Then check it yourself."

After speaking, turn around and leave.

Behind him, Chang Fan stood on the spot, eyes like poisonous letters, staring at the leaving figure.

He did not chase.

I'm afraid that Lin Yinya will see that she has another purpose.

The phone rang.

He is the man who keeps in touch with Chang Fan and is called "brother" by several people.

Without knowing his real name, only Chang Fan met him once among the three.

"elder brother."

Connected, Chang Fan frowned and called the other party respectfully in a low voice.

The man laughed lightly, his voice was very low, and his tone was the most gentle, "Xiao Fan, how are you doing? Have you encountered something upsetting? Would you like to chat with your brother."

In fact, I came to ask why there was no progress. Changing the way of inquiry made Chang Fan's heart tensed.

A dog that can bite will not bark, and the more poisonous the snake, the more it will hide.

"Brother, I made a mistake in judgment. The new goal is very difficult to get." Chang Fan replied, with a timid tone in his arrogant tone.

The man didn't scold him, his voice was still gentle, "That's it, then you let it go first, I'll let someone else come over and try it."

"Brother, I..."

"Huh? Xiaofan doesn't like my arrangement?" The man cut his words, and there was a slight chill in the soft tone.

Chang Fan pressed the corners of his mouth and shook the phone next to his ear slightly.

"No, I'll listen to your arrangement, Brother."

The phone was tightly gripped and finished.

Come here for another person?

Who to change?

Who can freely enter and exit Changhai University like him?

Is it possible that there are other people in their school?

Chang Fan gritted his teeth and ended the call with the darkening of his eyes, and then left the air in the Huxin Pavilion for a while.

After a while, Lin Yinya's figure appeared after a camphor tree not far from the 'Huxin Pavilion', her eyes gloomy at Chang Fan's leaving figure.

With a sneer, his eyes gradually floated.

Sure enough, there are often problems.

The distance was too far, and I went back a little bit, and didn't listen to what he said the whole time.

Only the last sentence was heard, "No, I will listen to your arrangement."

What to arrange?

Is it related to An Xia?

After waiting for Chang Fan's figure to walk away, Lin Yinya slowly backed away, and after confirming that Chang Fan did not find herself, Lin Yinya detoured through the small forest and left.

An Xia received Lin Yinya's text message.

### **Chapter 1058: Can't be friends**

"Sorry, can we meet? It has something to do with Chang Fan, it's very important."

A screenshot of Chang Fan's information about adding friends is attached.

An Xia is waiting for Mu Chenyuan to reply.

He seemed to have changed the WeChat account.

I sent him a message in the afternoon, but there was no reply in the evening.

In the team, there was no immediate response to the text message to show that he could understand, and I didn't realize there was something.

Now that he is a school teacher, An Xia, who hasn't responded to a text message for so long, narrowed his eyes, staring at the phone.

Is it possible--

Angry?

Need him to coax?

Good guys!

She was attacked by his epee three times and she was not angry.

How angry is he?

Frequent qi to accompany in and out?

It shouldn't be.

Chang Fan is the suspicious person she is staring at.

With Mu Chenyuan's keenness, it is impossible to guess it.

In the end, Anxia still believed that after Mu Chenyuan changed his status, he also changed WeChat.

Guessed correctly, Mu Chenyuan did change the WeChat account.

At the moment, the WeChat of the members of the fencing club and the WeChat of several teachers are also available on the mobile phone.

An Xia's WeChat ID is really not there.

It is not that he wants to add, but Anxia refuses to add any way to WeChat.

Even after he bought a new phone number in the afternoon, he registered a new WeChat account and added Anxia again and again, but he was still rejected.

Walking out of the teacher's dormitory, Mu Chenyuan decided to go to school to see if he could meet An Xia.

At the same time, An Xia and Lin Yinya met.

It's downstairs in the girls' bedroom.

After meeting, Lin Yinya took the initiative: "Sorry, it was my problem that night."

"You don't have a big problem, but you and me are not suitable for being friends." An Xia responded indifferently, and didn't bother to lie to Lin Yinya, "You and I are doing different things, and they are destined to conflict."

"It is also destined not to be a friend."

"You are not wrong, it is really difficult for me to have friends like this. It doesn't matter, there are so two good friends, enough."

What is An Xia's interest in making "friends".

Lin Yinya will not forgive Xiao Anxia for all the things Lin Yinya has done to Xiao Anxia, and naturally she will not become friends with her.

She disdains Xu and Weishe, even if Chang Fan goes to Lin Yinya, she doesn't want to say anything against her will because of it.

Lin Yinya heard her lower lip clenched.

The jaw line tightened, and he asked stubbornly, "Why? I have admitted wrong, why can't you forgive me?!"

"Can you forgive your father and your stepmother?" An Xia asked her, ridiculing her eyes.

Lin Yinya's pupils tremble slightly.

Of course it is impossible to forgive.

"Do you want to ask others to do something you can't do? Lin Yinya, is this your ten-day calmness?"

An Xia even sneered with ridicule.

"I..." I wanted to defend myself, but found that I couldn't do so. In the end, Lin Yinya turned her head and replied in a dull voice, "I don't want to be friends with you that much!"

This is the truth.

She told the truth, but An Xia put away the ridicule.

"That's right, you don't like it, and I don't like it either. Don't embarrass yourself."

"Are you not afraid that I will tell Chang Fan about you?" Even so, Lin Yinya was still unwilling.

What a shame!

How come there is such a hard-hearted person.

In exchange, An Xia chuckled, "You say it, I didn't tell you not to say it."

"I have never concealed anything about myself, whatever you want to say."

Hey, it's still naive.

Her family background is not shameful, even if Chang Fan knows it, I'm afraid he would be more satisfied to watch her closely.

With money and no family to rely on, and no one to take charge of her, there is no more suitable goal for her to control.

Lin Yinya saw that An Xia still didn't eat her own set, and there was nothing left to do.

Give up first, don't want to bother.

Just be more straightforward!

**Chapter 1059: Do you want to kiss**

Lin Yinya, who had figured it out, stopped talking nonsense, and formally entered the topic.

"Forget it, I'm too lazy to tell you more. I will tell you what happened tonight as a little compensation for you."

"Zhang Fan has a problem. Tonight, he asked me where you are, what you like, and what you hate."

"I said he has no sincerity. He has chased you for so long and doesn't even know where you are from. I'm afraid it's not because of ulterior motives."

"I said it casually, but he paused. I became suspicious, and then asked me again, I said you are from the capital."

"He didn't believe it, but I told him to check it by himself. Then he left."

"Guess I have gone far?"

After asking, he received An Xia's "how stupid you are" look, and choked to the point that Lin Yinya almost wanted to leave.

I'm so angry, forget it!

How guilty was she, she ran to An Xia to look for abuse.

"I came back and heard Chang Fan say something, "Brother, I will listen to your arrangements."

"The ghost knows what to arrange, think about it yourself."

Since they couldn't be friends, and they said they didn't like each other, Lin Yinya didn't bother to pretend to be polite and pitiful.

These days, there are no eternal friends and no permanent enemies.

She and An Xia can live in peace in the same room, which is pretty good.

Think of Huang Yiqi, almost killed by An Xia.

"Okay, I'll just listen to this sentence, do you believe it or not." Lin Yinya thought about it, her eyes narrowed, and An Xia snorted coldly, "Don't worry, I won't even ask me about those things." Say."

"Similarly, you are not allowed to talk nonsense about mine, remember not!"

After finally getting rid of the past, she is not satisfied with the past again!

At nine o'clock in the evening, the girls returned to the dormitory one after another. An Xia did not return and walked to the Huxin Pavilion.

He also sent a message to Song Changshou, "Is Huxin Pavilion monitored?"

"You need to check to find out." Song Changshou replied quickly, "What, did you find a problem?"

"Chang Fan received a call at Huxin Pavilion tonight. Someone heard it and said..."

While talking, walked to the Huxin Pavilion.

The Huxin Pavilion is an ancient octagonal pavilion by the artificial inner lake of Changhai University.

The pavilion is paved with bluestone retro bricks about ten meters long.

During the day or evening, it is the most popular place for students to go.

In the big evening, no one dares to go except to be bold.

Something happened, afraid.

An Xia didn't know, even if she knew, she would still take it right.

Looking all the way, An Xia's eyes fell to the east corner of the Huxin Pavilion, and An Xia bends her lips slightly.

Send a message to Song Changshou, "There is monitoring."

"Received, I'm going to the monitoring room to get it." While replying, Song Changshou had already walked to the door of the monitoring room.

He did not sit still after receiving the information, and went directly to monitor and inquire clearly and more efficiently.

Mu Chenyuan was walking slowly along the shore of the Neihu Lake. He deliberately walked around the tree-lined road outside the girls' dormitory. Without encountering An Xia, he walked around the Neihu Lake alone and went back to the dormitory to rest. .

Seeing that he was going through the lake center pavilion, a bright mobile phone suddenly lit up in the dark and dark pavilion.

It was this bright light that made Mu Chenyuan slow down and looked up.

The pace that was not rushing hastened suddenly.

An Xia!

She is in the pavilion.

The footsteps are hurried, coming like a shower of rain.

An Xia, who was about to leave the pavilion, seemed to feel a little bit, and raised her eyes.

An upright figure, even if the surroundings are dim, only the dim ground lamp on the shore is shining, and the lines of the figure are faintly outlined. An Xia can know who the dark shadow is with just a glance.

Mu Chenyuan.

The boyfriend she fell in love with.

Both have quickened their pace.

Meet in the middle of the corridor.

He is like the white lady and Xu Xian, reuniting with the broken bridge.

"How do you know that I am here?" An Xia naturally held hands and looked up, her eyes shining brightly, and she looked at him for a moment.

I ran over to check if there was any monitoring. Surprise: I saw my boyfriend!

Mu Chenyuan grasped the tenderness that he had always wanted to grasp in the afternoon, his cold eyes could only see warmth, "I want to see you, deliberately crossing the road outside the girls' bedroom, but I haven't met."

"I went to Neihu and saw it by accident."

Thinking that it would be impossible to meet An Xia tonight, I was disappointed all the way to relax, turning back and forth, and reuniting with surprise again.

Hearing this, the smile in An Xia's eyes was like a lake wave.

"Want to see me so much, why don't you reply to me."

Speaking of WeChat, Mu Chenyuan sighed with a smile, "Since I applied for a new account in the afternoon, one cannot be added successfully. You set it to prohibit anyone from adding you."

"..."

An Xiamu took out the phone with a face.

I thought about many possibilities, but I didn't think it was my own problem.

She didn't want too many people to add herself as a friend, and immediately closed the friend addition on the second day of school.

Afterwards, he ignored it.

It turned the boyfriend down.

Finally joined a friend, Anxia received her mobile phone and asked slowly, "Would you like to kiss?"

### **Chapter 1060: Local challenges**

With a passionate and active girlfriend, life is always full of surprises everywhere.

Pro is definitely to kiss.

But the place has to be re-selected.

Upon hearing this, An Xia turned black.

"The moon is black and the wind is high, so you still need to pick a place? Pick a place again, and your interest will be halved."

Isn't it weird for the boy and girlfriend to be like them?

Holding hands, you need to look at the place.

Kiss, you need to pick a place.

Hug, you need to observe left and right.

...

Talking about a relationship, she talked about the feelings of the secret agent team behind enemy lines.

Mu Chenyuan was also helpless, and whispered softly: "There is surveillance here, in case it is discovered, I am afraid that there will be trouble afterwards."

With the mission, the identities of the two are kept secret, and no one should be allowed to discover that he is related to An Xia.

Once caught, it will cause some unnecessary trouble.

"If you really want to run into it, I just said I kissed you."

An Xia said nonchalantly, "The big deal will let me be pointed out."

...

Speaking of Mu Chenyuan, he was terrified.

It doesn't have to be the case.

The low voice is more gentle than before, "You don't care, I care. This is a special situation, and I don't want you to be at risk of revealing your identity."

"Are you familiar with school? Why don't you take me away?"

In the dark wind, it is still possible to take a walk.

Kiss one

Pick a place and he will take the initiative.

An Xia didn't care, but in the end he obeyed Mu Chenyuan's suggestion and took him around the school.

It's more than nine o'clock, it's still early.

You can go back to the bedroom at ten o'clock.

The students walking along the Neihu Lake are scattered. They are all couples holding hands and chatting together. Single dogs always avoid the Neihu for walks at night.

Don't eat dog food, and don't want to be irritated.

As soon as they walked down the promenade of Huxin Pavilion, they heard a boy shouting on the left, under the weeping willows of the riverbank, "Labor and management want to fall in love too! Lovers Lake, why don't you give labor and management a girlfriend? Labor and management call you to call you Dad."

The roaring heart and lungs can be heard on the other side of the Neihu Lake.

Su Er, a girl responded, "Come on! Leave contact information, let's fall in love together, and call Lovers Lake to call Dad together."

Neihu, also known as Lovers Lake, is a scene of Changhai University.

In the morning, it is the world of morning reading and running, and in the evening it is the land of young lovers.

Eleven days after arriving at school, An Xia was very used to the convulsions of the youngsters.

The girl's response drew a lot of booing from boys and girls.

"The guy on the other side, don't leave your contact information quickly! It will be tonight to leave the order!"

"Come on, I call one, two, three, and you call Dad together."

"Single ladies and little brothers, you have to be brave, and be brave to end being single."

...

Laughing, making trouble, the wind is full of joy of boys and girls who don't know their sorrows.

Campus life is so simple and happy.

An Xia, who has never entered the campus, has gradually accepted her from being repelled.

Now I work hard to integrate into it, laugh and laugh with my peers, and go in and out together.

Enjoying a relaxing time like never before.

Listening to the laughter of the boys and girls, An Xia took the opportunity to educate Mu Chenyuan.

"You see, you can match it on the spot freely, you have to learn a little bit, and your mind is not so rigid."

"I'll find out, you are more rigid and respectful than the little scholars in ancient times."

"No, the ancient young scholars still know that there is an affair with Miss Boudoir, what about you, you are Shou Li Shou to me from time to time to doubt whether there is a problem with the body."

As he said, his gaze swept to a certain part of Mu Chenyuan's body.

This topic has been mentioned more than once.

But every time Mu Chenyuan had no chance to prove to her that he had no physical problems.
