Chapter 1061: Involving principles, not giving up

Keeping in mind what Mu Chenyuan is here to do, his bottom line is limited to kissing.

It's not a long drive, and then another kiss.

He was going to have a quick kiss.

In the face of An Xia's education, he was still very humbly taught.

"If there is something wrong, I will definitely change it. But for the question of principle, sorry, Xia Xia, I may not be able to make changes."

Everyone has their own principles and bottom line. If something is wrong, you can accept corrections or make adjustments for your loved ones.

However, some principles and bottom lines, such as personal emotions must be abandoned when performing tasks, Mu Chenyuan will never change.

Even An Xia, he will not change for this.

Especially when the task is in the body, be firm.

This is also where Anxia appreciates Mu Chenyuan.

Involving principles, do not give in.

But it's not the kind of refusal to insist on you, but will explain in a low voice and be extremely patient.

Whenever he said this, An Xia knew that he had only to surrender.

I was used to evacuating casually before, and I was in a high place again, and only others were obedient to her, somewhat stupid.

With the reminders from Mu Chenyuan in his ears from time to time, those small problems that he hadn't discovered before gradually surfaced, that is, small problems, which must be corrected.

By the way: "I will call you Teacher Mu from now on."

Mu Chenyuan was puzzled.

"As long as you talk about cuddling, you always have so many reasons to educate me. It's too rational, so that I can't refute it."

It is reasonable and right, how can she refute it?

Wouldn't it be unreasonable to make trouble?

Mu Chenyuan laughed, "Sorry, I didn't mean it, but I need to explain it to you, and I have to say the reason for rejecting you."

I don't want her to be angry, and I don't want to violate the principles, so I can only explain them one by one.

Fortunately, his Xia Xia is a girl who can listen to the explanation.

"Teacher Mu is right, I accept it humbly. I have something wrong in the future, Mr. Mu, just ask it. If you change it, it's my business."

Mu Chenyuan didn't have the courage to point out something wrong with his girlfriend.

The strong desire to survive made him hurriedly said: "In life, everything you do, everything you say, everything you do is absolutely the most correct."

In other words, as long as it is not during the non-mission period and the non-team period, he will listen to An Xia's words throughout the whole process and will never have any opinions.

An Xia said that she was very satisfied.

Walking to a dark place where there are no floor lights, An Xia patted her boyfriend on the shoulder, smiled and said, "I have made progress, praise. With..."

The words were not finished yet, and soft lips fell on his cheeks.

The gentle touch disappeared before I felt it.

An Xia: "!!!"

Did you make a mistake, play a sneak attack?

She was not prepared.

Pointing to his other cheek, "Please treat my face equally, thank you."

How can you kiss only one face!

Both sides must be the same relatives.

Mu Chenyuan is very strange to stealing a kiss.

An upright pro, he is also very strange.

Facing An Xia's cheeks, Mu Chenyuan closed his eyes, with a contrasting shame between his brows, and dropped his thin lips onto An Xia's cheeks.

It's strange that An Xia obediently let him kiss her cheek.

He vaguely saw that he was kissing himself with his eyes closed, and his red lips were lightly bent, and at the moment he bent over to kiss him again, An Xia found the right time to accurately kiss the thin lips that he missed.

My Mu team, this is called "kiss".

Your kind can be called a meeting ceremony.

Mu Chenyuan, who was anti-attack, suddenly opened his eyes, and then, his eyes were deeply pampered, and he kissed the red lips that he missed back.

It didn't take long.

Chapter 1062: Reluctant to target

Tasted, tasted, and relieved of greed, it's time to do business.

Two cobblestone paths slowly walking in the small woods, Mu Chenyuan told them why he appeared in Changhai University.

"The above are very worried about your safety, and they sent me over to protect and assist in secret. Before leaving, Xia Houzhan will tell me again and again to ensure your safety."

The original words are actually: You have thick skin, and it doesn't matter if you get a small injury. An Xia is different. Strictly speaking, she is still a new fighter and is still in the growth stage. I don't want the young eagle to fly high and have two wings. Off.

An Xia, who had been a commoner in her previous life, was more powerful. In Xia Houyu's eyes, she was still a new fighter who was growing rapidly.

Even in the system, her level is also a new fighter.

The level will only be adjusted after going to the Powolf Team.

But she will not immediately arrange for her a single-soldier mission of the Red A level.

Just like this time, she is assisting the national police in performing tasks as a student, which is a support, and the matter of rushing forward is still handed over to the national police.

Nevertheless, Xia Houyu was still worried that An Xia would be injured.

This girl is too courageous!

Someone needs to be close by.

No one was around, so I was worried that she was like a wild horse, with her hoofs scattered and running all over the mountains, no one would be able to pull it back.

It's better to send someone to her side and remind them while protecting, rest assured.

This is the arrangement on Luer District, so I won't tell Anxia.

Lest An Xia mistakenly believed that it was the above who did not worry about her.

But who is Anxia?

Everyone is a person who has been in important positions. She only needs to turn her head a little bit to guess the above arrangements.

Facing Mu Chenyuan's explanation, An Xia, who had guessed it, smiled lightly.

The meaning is self-evident.

Mu Chenyuan laughed.

The girlfriend is very smart, it is not easy to lie to her.

This is why Xia Houyu sent him over.

Hearing his smart girlfriend hum and say, "Xia Houyu sent you over. It's really a good plan. I'm sure I can fully understand his arrangement, but for your sake, I have to bear with my unhappiness."

What a scheming man!

Knowing that she was reluctant to target Mu Chenyuan.

It's not reluctant.

When I was really upset, my boyfriend still targeted!

Mainly, she can understand.

She had done many similar things back then, so she could understand.

never mind.

Looking at Mu Chenyuan's face, her adults didn't care much.

The wind was cool and the shadows of the trees swayed, Mu Chenyuan took An Xia's hand and walked through the small woods.

In the wind, his low and extremely gentle voice came slowly, "I am very happy to perform the task with you. It can protect you and make me feel at ease."

He was still worried when he was out, knowing she had enough ability to deal with danger.

An Xia smiled and looked back at him, "Then I am just like you, so happy."

Nice to see him.

so what.

She can ignore all of Xia Houyu's small arrangements.

Sending people to her was Xia Houyu's wisest arrangement.

Passing through the grove with dimly lit floor lamps, there is a brightly lit avenue in front of them, and the two of them have to let go.

An Xia took the initiative to withdraw her hand.

I said that I don't mind, actually, I am more strict with myself than anyone else.

She didn't want to, Chang Fan watched Mu Chenyuan closely.

Then, An Xia said again: "Chang Fan can eat well at school. Wherever he goes, there are people who know him, or people he knows."

"It's better to see you rarely, and chance encounters like tonight have to be reduced."

"In case someone he knows or someone who knows him bumps into me walking hand in hand with the fencing teacher, I must be troubled with you with a very complex temperament."

Mu Chenyuan narrowed his eyes.

Chapter 1063: Startled a pair of mandarin ducks

Speaking of Chang Fan, he still has a few things to ask clearly.

Did not continue to walk to the brightly-lit avenue, and temporarily stopped in the small forest.

On the left side, suddenly there was a small and broken voice.

Two people stepped out of the path on the left and flicked into the forest.

Mu Chenyuan and An Xia looked sharply to the left at almost the same time.

"You have pulled my hair." The girl blamed, and she knew that she was not angry.

After hearing only one sentence, An Xia's mouth curled up.

Good luck, I came across the legendary drill grove.

Soon, the boy apologized: "I'm sorry, I'm sorry, the baby doesn't hurt."

Afterwards, the indescribable ambiguity played vaguely.

Mu Chenyuan was a little embarrassed.

Are current students so bold?

He went to a war school back then, and there were groves in the school, and no one dared to drill!

Once checked, it will be a major event!

Being embarrassed, suddenly, a heat source approached.

It's An Xia.

The whole person was stuck in his arms, exhaling like blue, "The little couple is working, do you want to follow me to accompany you to eavesdrop?"

"Eavesdropping is better than practice."

Fell to Mu Chenyuan almost ran away.

Clear your throat to resolve the embarrassment, you know, surprised the little couple who drilled in the small woods.

It turned out that the fine and shattered sound disappeared in an instant.

An Xia smirked and smiled.

Pointing his finger across his chest, he sighed: "The bad guys are good, the sky is thundering. If you don't practice it, let others not practice it, tut..."

"Teacher, you are good or bad."

In the last sentence, Mu Chenyuan blushed.

Her thin lips moved, and finally she sighed with helplessness, "Xia Xia, I am not your teacher."

"But now, you are. In the eyes of others, so are you. Me, freshman, your fencing club teacher, it's useless if you want to deny it."

As long as it is a topic that makes Mu Chenyuan embarrassed, An Xia is particularly willing to talk in depth.

The more you talk, the more energetic you are.

In this regard, Mu Chenyuan had nothing else but to obey.

Girlfriend, then spoil it.

The two whispered, but did not leave immediately.

But the little couple inside was a little anxious.

The girl squeezed the boy's neckline and asked in a low voice, "Have they gone? It's all on you. They have to come here, you see, they were all hit by someone. I really want to be mad at you."

"Don't be angry, don't be angry, let's not be angry, angry will grow wrinkles, and will grow old." Boys are also very patient when listening to dating.

Moreover, the mouth is very sweet.

Hugging, coaxing, and not forgetting to stop her girlfriend, "They are outside, we are inside, don't worry, you can't see us."

"Then you see if they are gone, I will be bitten to death by mosquitoes. Itchy."

"Okay, I'll go take a look."

The boy whispered quietly, ready to quietly come over and take a look.

Mu Chenyuan, who heard this kind of corner for the first time in his life, coughed again and said very kindly: "Excuse me, let's go now."

An Xia almost burst into laughter when he heard this.

Don't you know that the more you talk, the more frightening you get?

Something is wrong.

With the intelligence of the Mu team, it is impossible not to know the current situation, it is better not to speak.

The hand was held by Mu Chenyuan again, and he walked out of the small forest.

The boy who still wanted to explore the situation stopped, suffocated his face, gritted his teeth and apologized, "I thank you, brother."

Grass!

The man outside is a single dog!

Also responded!

Respond to a woolen thread!

Shouldn't it be convenient for people to leave quietly.

The girl who didn't dare to move inside was also speechless, and the boy who talked outside was probably not a stunned boy!

Wouldn't it be a voyeur!

The more I thought about it, the more scared, the girl didn't wait for the boy to come back, and said with a trembling voice: "I'll go back to the dormitory, you...you show me that he will leave!"

Chapter 1064: Go out, protect yourself

The voice is not particularly loud, but for An Xia and Mu Chenyuan, this volume allows them to hear clearly.

An Xia, who was still holding back a smile, couldn't hold back anymore, and laughed out loud.

"Teacher Mu, you scared the girl, she probably thought you were the kind of pervert who likes to peek at others."

Mu Chenyuan held her with one hand and rubbed her eyebrows with the other. "When she encounters a pervert with ulterior motives, the worst thing is not boys, but girls."

"So, you did it on purpose." An Xia couldn't help but look sideways at her boyfriend.

Just now, she felt something was wrong.

Sure enough, the Mu team is the Mu team, and he has arrangements for everything to say and do.

He listened to him again: "Some time ago, an intimate video of a college couple was leaked, causing social relations. Girls and boys are victims, but girls are injured..."

In the following words, Mu Chenyuan did not continue to say.

Times are advancing, society is advancing, but sometimes there are some things, and girls always suffer more injuries than boys.

Fortunately, the girls nowadays are very brave and dare to stand up and say "no".

An Xia was also silent for a while, and slowly said, "You respect women very much."

"You need to respect each other. As a boy, you have the responsibility and obligation to protect your girlfriend. This is especially the case for intimate contact. It is not advisable to drill in the small woods."

"If something happens, I regret it."

The opening just now reminded the boys and also awakened the girls.

When going out, both boys and girls need to protect themselves.

An Xia nodded, "You are right, you need to pay attention to it."

Without his reminder, she really didn't expect her privacy to leak.

It's not that she didn't know, but that she didn't even think of anyone who would dare to leak her privacy.

In the imperial realm, no one dares naturally, but Tianshu and the others have always been on guard.

Now, she is just an ordinary person, without Tianshu and the others, she really needs to pay attention to it.

Having released their hands, the two of them had a tacit understanding and chose to walk slowly towards the dimly lit area.

Chang Fan asked about Chang Fan.

"He should be chasing you."

Chase her?

An Xia chuckled, "He pretends to be a hunter and treats me as a prey. He thinks he has cast a net and is waiting for me to get in."

"This person, from the first day I adjusted and entered school, he appeared by my side."

Speaking of Chang Fan, An Xia's eyes were chilly, and the smile on her lips was as sharp as a knife.

"Suffering from being unable to contact me often, let alone knowing my personal information, trying to pry open the mouth of the girl who had been disciplined with me in the special education institution, and learned my information from her."

"That girl is still in the same class as me."

The girls who have been disciplined together in the special education center are still in the same class.

Mu Chenyuan's eyes were dull, "Have you solved it on her side?"

It is a question and a confirmation.

Based on his understanding of An Xia, it is impossible to have a time bomb around him.

Speaking out easily now, there is only one possibility.

There will be no problems with girls.

"Well, there is not a big problem on her side." An Xia said flatly: "Her experience is more complicated, and she is now at the stage of hatred for men. As long as her gender is male, she is her enemy."

Mu Chenyuan slowly played a question mark.

It sounds like a story.

"I don't worry about her. What worries me now is how long will it take me to pretend to be a student who is eleven days old?"

An Xia asked Mu Chenyuan very sincerely, "You said, I don't need to finish the semester, right."

Chapter 1065: Cold pine with snow, Leng Xing holds the moon

Although I don't exclude being a student, I still don't get used to it.

Sometimes the students in the face-to-face class treat others and do things so naively that she wants to run away.

Fortunately, she is not a nosy temper. Either pretend to ignore it, or let the flow go, or if you are happy, her opinion is not important!

All in all, pretending to be a student is too tired and too tired!

Tired as never before!

Seeing this, Mu Chenyuan's thin lips bend deeply.

"Students are very good, worry-free."

An Xia glanced at him, "Teacher Mu, that's a real student."

Point to yourself, "I, fake."

The unhappy face made Mu Chenyuan react immediately, his girlfriend had blown up her hair, and she needed to smooth her hair.

"It won't be long. As long as you pick out the people in the dark, you can leave the time anywhere." Begins to calmly and divert attention. Some topics should not be discussed too much.

Mu Chenyuan said: "Apart from Chang Fan, have you found anything else?"

The topic shift was particularly successful.

Speaking of business affairs, An Xia was unhappy and said: "I now suspect that Chang Fan is in the light, and there are people in the dark. Chang Fan is very likely to have deliberately pushed out the chess pieces."

"Once a chess piece is found, it will immediately become a discarded piece. The people in the dark place will clean up the endgame and erase all traces."

"Why are there such suspicions?" Mu Chenyuan said: "Is the national police also suspicious?"

An Xia shook her head, "No, it's my instinct."

Her intuition told her that there was definitely a dark power hidden in the dark, and Chang Fan didn't even know it, and didn't even doubt that the dark power came over.

The phone vibrated, and Song Changshou contacted An Xia.

He is monitoring and has adjusted the monitoring time period for Chang Fan to answer the phone from time to time.

The first sentence was sober, "Chang Fan's tail is exposed."

An Xia avoided eyes and ears and entered the monitoring room one after another with Mu Chenyuan.

Yesterday, Song Changshou had met with Mu Chenyuan. He knew earlier than An Xia that there was another special fighter to assist them in their complete mission.

It just didn't happen that Mu Chenyuan and An Xia knew each other.

The two said in a text message to come together, which surprised him a bit.

"A member of the team."

An Xia explained to him this way.

Since they belong to the same team, they must know each other.

The two came in, the man was tall and handsome, and the temperament was as clear as cold pine, while the woman was tall and slender, with beautiful eyebrows.

Obviously, they are all cold, partial, and surprisingly harmonious.

Just like cold pine with snow, Leng Xingpengyue, whoever leaves will leave regrets.

The three of them didn't say much. An Xia was a student who had to go back to the dormitory, and it was not appropriate to stay in the monitoring room for a long time.

Going directly into the video, Song Changshou, with a solemn expression, said: "The light is too dark, so you can only see him roughly. Plus, it's the old-fashioned surveillance camera before, and the screen is black and white."

"Let's see if you can judge what he said earlier through the shape of his mouth."

"The last sentence he said, I closed his mouth just now, so I can close it."

Lin Yinya told the last sentence.

In order to ensure the correctness, Song Changshou made a special confirmation and finally confirmed that Chang Fan's last sentence was indeed "Brother, I will listen to your arrangements."

And what was said before, due to time issues, Song Changshou has not had time to analyze his mouth.

The black and white surveillance video replayed, An Xia and Mu Chenyuan both had the same cold expression, staring at Chang Fan's mouth to judge what he said.

There is a certain degree of difficulty.

Because Chang Fan in the surveillance video is currently speaking sideways.

An Xia frowned and said bluntly, "Speaking sideways, it is difficult to judge what he said."

Mu Chenyuan nodded slightly, agreeing with what An Xia said.

Chapter 1066: Brother, you're bad

The lip language itself has a certain degree of difficulty, and now he still speaks sideways, no matter how good his lip language is, it is difficult to complete.

Song Chang said: "He talks with people for a short time. I just looked at it and he said no more than four sentences."

There are indeed only four sentences.

In the video, Chang Fan's mouth only moved four times.

Other times, the corners of the mouth are tight.

After observing back and forth no less than ten times, Song Changshou closed the video, and the three of them silently glanced at each other, speechless for a long time.

None of the three of them could read what he said through Chang Fan's mouth.

An Xia checked the time and could go back to the bedroom.

"I'll go back to the bedroom first, and then contact me if I have any questions."

"Okay." Song Changshou got up, without any intention of sending him off, "Pay attention to the surroundings."

Mu Chenyuan also got up, also did not send off.

The monitoring room is in the information building. When he came just now, he also saw some students studying in the computer room in the information building. If Anxia was sent downstairs, there was a high probability of encountering students.

Only to the door. Before Anxia opened the door and left, he quickly said, "Good night."

Very light, falling like petals, lingering and lingering.

It was ten o'clock when I returned to the bedroom.

When Tong Xiaoguan heard the door opening, he poked his head out from behind the curtain of the bed.

Seeing that it was An Xia who came back, she only showed her head, with a relieved expression, and said: "I thought you were so angry that we didn't come home at night."

It was about her quarrel with Tian Xinyuan.

An Xia glanced at her and said calmly: "Stop your weird guesses, go to bed early and get up early, don't affect the development of brain cells."

Tang Chuye's little laugh came from the side bed.

She understood the meaning of An Xia's words.

Tong Xiaoguan hadn't reacted yet, and was muttering, "What else do I need to develop? I will stop growing at an early age."

There was also laughter from the beginning of Tang Dynasty, and Tong Xiaoguan understood it all at once.

Heartbroken, "Big Brother, you have gone bad!"

She is stupid in connotation.

An Xia was ready to wash, but did not pay attention to Tong Xiaoguan.

It was calm again for three consecutive days.

On the fourth day, the counselor came to find An Xia and Asicuo with a serious face.

The two were still in the classroom. Seeing this, Asicuo was a little nervous.

Quickly think back to whether you have done something wrong recently.

It seems that nothing is wrong.

She has never even gone out of school during class, after class, eating, and sleeping.

The counselor took the two to the small conference room.

Closing the door, the counselor said solemnly: "There is a very serious matter. I need to ask you clearly. I want to ask you one thing, and you should answer me truthfully. You can't hide anything!"

"Say!" Asituo sat upright, his palms sweating tightly, "I will answer, and I will never hide it."

What's the matter?

She panicked badly.

An Xia answered indifferently, "Please speak."

Not a little flustered.

The counselor took a deep look at An Xia. She first asked Asicuo, "Did you borrow money from An Xia."

"Yes." Assi churned his fingers unconsciously, "I, I...I am treating my father, thanks to An Xia, my family has the money to continue to treat my father."

Cure?

It is not the same as the anonymous report received.

The report said that Axiculo was forced to borrow money in front of Anxia.

He also said that Anxia was lending usury.

The counselor asked again, "Is it really a cure? Is there evidence?"

Obviously, he did not immediately believe what Axiculo said.

"Yes! Yes, I do." Axiculo took out her mobile phone and entered the chat history between her and brother. , And some inspection results."

The chat on the phone is clearly recorded.

Chapter 1067: You have a big problem

The counselor did not know that Axiculo's father was seriously ill, and only read one of the chat records, and the counselor was shocked.

Cure major diseases with little chance of being cured!

"I offended, I'm sorry." The counselor apologized for her previous words and deeds. She really didn't expect that Axiculo would ask An Xia to borrow money for treatment.

Asituo shook his head, "It's okay, you don't know, and I don't believe I can understand what I said."

He raised his eyes, looked at the counselor firmly, and mustered the courage to ask, "I don't quite understand, why do you say it is a very serious matter?"

"The school has a report about you and An Xia." The counselor did not conceal it, and slowly said word by word: "I am inconvenient to say more about the content of the report. Today I just want to confirm with you and whether the loan exists. Illegal and improper behavior."

An Xia spoke, calmly, as a deterrent to the pressure of the counselor, "I don't know, what is illegal and improper behavior?"

Every time I talk to An Xia, the counselor always has a subtle feeling like stepping on a steel wire.

It's even worse now.

It is comparable to stepping on a stretched and tense steel wire that can be broken at any time, and with a little force, the wire breaks and falls down a cliff.

"Campus loan sharks."

The counselor struggled to spit out five words.

Successfully heard An Xia chuckle.

"It's really serious. I suggest investigating it further." With that, An Xia got up and looked at Asicuo, "Go, nothing to do with you and me."

What does she do with campus loan sharks?

The school was very interesting, but there was no investigation, and the counselors were sent over to talk to them in a hurry.

The conversation understands that she can accept it.

But that talk of disbelief—

Oh, sorry, not to accompany.

The counselor is dumbfounded.

She knew that An Xia had a special personality.

But I really didn't know that An Xia would have such a personality.

Just leave.

Give her some face anyway.

"An Xia." The counselor left in a deep voice, "I understand the situation now, and I hope you can understand."

"I understand, hasn't the problem been solved now? I don't have loan sharks." An Xia's voice was also cold, and the eyebrows were even colder.

"How do you still need me to understand? Continue to sit down and be questioned?"

The counselor knew why An Xia left with a cold face.

Sigh, apologize again for the distrust of them.

"I was wrong just now. I apologize again to you and Asicuo. It is indeed a bit anxious. After the courtyard learned of this, a morning meeting was held this morning, and the matter must be found out."

"If it is true, the interest will never be assessed, and it will be handled by the public security organs."

"I saw your An Xia in the queue, and I was very anxious. I will get through to the end of your first class and I will immediately ask you and Asicuo for questioning."

"Anxia, the nature of campus usury is bad, and our school's handling method is directly withdrawing from school."

"After the public security organ intervenes, once it is confirmed that it is really campus loan sharks, it violates the law and is a taint for a lifetime!"

The moment the counselor saw An Xia's name, there was a moment of confusion.

How can it be!

How could Anxia participate in loan sharking on campus!

How could she do something illegal?

But the report letter was too truthful, no matter how she didn't doubt it, she also had a trace of belief.

There is no wind and no waves, and there must be something to be reported.

After speaking, he paused for a while, and the counselor said again: "An Xia, you were too high-profile on the first day of school. Now you are paid attention to every word and deed. This is not a good thing."

"Sometimes, it is obviously just a small move, and various possibilities can be analyzed by others."

"Father Axicuo who borrowed money to heal the illness is your benevolence and kindness, but in the eyes of others, they read that you are lending usury."

Chapter 1068: Being wronged, so angry

The counselor actually likes Anxia very much.

Although the student always makes her feel pressured, it does not prevent her from liking her.

To stop, Luo Keyi, An Xia's participation speeded up the rescue, and the counselor even looked at An Xia with admiration.

She also appreciates An Xia's strict mouth. Until now, the students in the class didn't know that Luo Keyi had an accident, not even Tong Xiaoguan and Tang Chu.

Because of her love, when she saw the report letter, she was even more unable to accept it.

how can that be possible!

how can that be possible!

Straightforwardly said: "Last time, you didn't forget about the sneak shot."

"It's so simple and easy to understand that there is no need for me to say more."

An Xia sat down again, and the counselor saw this and let go of his hands clenched secretly.

She was really afraid that An Xia would leave.

When the time comes, let the leaders of the courtyard come up again, and things will become more complicated.

An Xia sat down and said Shen:

"One: I did lent money to Asicuo, and I lent it to Asicuo the night I knew him."

"Two: I'm not short of money. Two million yuan is not going to be paid back by Asicuo at all."

"Three: I did not lend usury."

"The above is my explanation. Excuse me, do I need to continue to ask?"

There are three points in total. The counselor has heard clearly, but feels that he has not heard clearly.

Especially the second point.

As soon as the question was clear, Axiculo broke out in silence for a long time.

In the small conference room, Asituo's angry voice, "Counselor! An Xia lent money to my family, and is a great benefactor to my family!"

"That night, I met her for less than two hours. She knew that my father was seriously ill, and after she hadn't made an appointment with the most authoritative expert on this disease, she called to help me make an appointment with this expert!"

"Knowing that my family has no money to treat my father, he took the initiative to lend me two million. I was worried that I would refuse, so I clearly told me that it was her who lent me!"

Too angry, the voice is hoarse.

"An Xia's kindness saved our family and gave our family hope. Why does the school believe in the so-called report? Why don't you find me privately to find out the situation?"

"The school can find me to understand what happened, and the great benefactor of my family does not need to be wronged by being misunderstood!"

He was so angry that his cheeks were red, and his eyes were full of blood.

I'm going to cry with anger.

After getting a clear understanding of the matter, the counselors felt that they had no face to see their students.

Two million, An Xia lent Axiculo for less than two hours.

She said that she borrowed such a large amount of borrowing, and she didn't even consider whether Axiculo was able to repay it.

No, she didn't even think about letting Asicuo pay it back!

After listening to the leaders of the yard, they haven't recovered for a long time.

"She really said she doesn't need to pay it back?"

double confirm.

That's two million!

Not two hundred yuan.

"No need to pay back, An Xia told me personally." The counselor replied, "After I read the chat history between Asicuo and her brother, it is indeed an ordinary loan relationship, which is seriously inconsistent with anonymous loan sharks!"

"This person is spreading rumors and is targeting Anxia!"

The leader of the hospital was so angry that he slapped the table fiercely, "The unhealthy trend has been so bad recently that it can no longer be encouraged! In the future, all reports must be made by real names!"

"Also, this matter has spread in a small area, and it must be dealt with quickly."

"You asked Axiculo to send you screenshots of the chat history with his brother, and send them to the campus bulletin board."

"Good people do good deeds and never allow them to be framed. The school must stand up to seek justice for the students, and don't let the kind hearts of the students be cold!"

The leaders of the hospital hurriedly dealt with the matter, and the crying Asicuo was still apologizing to An Xia.

Chapter 1069: Meat buns hit dogs, there is no return

An Xia heard that her ears were about to become calluses.

"Axiculo, I now order you to stop apologizing to me! Also, I didn't find you to repay the two million, but I will not stop you from paying me back."

"If you miss me, I won't refuse. If you don't return it, it doesn't matter to me."

"From now on, stop apologizing, I have a headache and don't want to listen anymore."

"The report has nothing to do with you. Someone secretly targeted me."

"Rather than apologize to me, it is better to find out together, how did others know that I loaned you money."

"Only I, you, Tang Chuye, and Tong Xiaoguan know about this. Why would anyone else know about it?"

"Find out who it is, and you can find out who reported and framed me."

"This is the current focus!"

Finally stopped Asicuo's apology.

Wiping away the tears, Asicuo said, "Okay, I will find out!"

Well, it is unlikely to find out.

I don't know if the report is an online report or a letter report.

If reporting online, she will also check the IP address.

Letter reports are a bit difficult to check.

The two did not know that Xiaoguan and Tang Chu had also quarreled with Tian Xinyuan in the classroom.

All the classmates in the classroom watched.

Everyone knows that Tong Xiaoguan and Tian Xinyuan's magnetic fields are not compatible, and they dislike each other.

As long as you run into things, Zhima's bigger things can make a few noises.

but--

Is what Tian Xinyuan said just now true?

"Impossible, Anxia still needs to lend usury? She is so rich, she doesn't need to take risks at all."

"Yeah, you are so rich, how can you do such a self-destructive thing."

"Well, it feels impossible. Besides, lending usury to the students at school is obviously just meat buns hitting dogs. There is nothing wrong with it."

"Your description is so appropriate that I want to cry! I'm so poor, thanks to Mr. An Xia who sent a red envelope in the group on the day of school, saving me who was poor."

"Please stop telling me, the more I listen, the more sad I get. I want to lend usury too, but I have no money!"

"I also want to lend usury. First of all, I have to have money, but I have no money!"

There are also students who are half believing and half skeptical.

"Oh my God, no, loan shark? That's why you don't treat money as money?"

"If this is the case, it will be a big deal! Take out the money for loan sharks, and the money will roll more and more."

"This is too cruel, there is no good thing about loan sharks!"

"I'm a little bit convinced, but a little bit disbelief. It's hard to tell. You guys don't talk nonsense. Don't forget how An Xia handles people who spread rumors."

...

The last sentence is particularly shocking.

No matter how doubtful I dare to talk nonsense.

The consequences of nonsense are too serious.

I'm so scared!

Of the sixty-odd classmates in the class, at least more than half of them are discussing secretly.

Some students hold a wait-and-see attitude.

Everyone knows that Tian Xinyuan sees the people in her dormitory not pleasing to her eyes. Except for An Xia's fear of targeting, Tong Xiaoguan, Tang Chuye, and Asicuo, as long as she finds an opportunity, she will stand up and stab a few words.

This time, she even dared to target An Xia.

How many bear-hearted leopard guts have you eaten before you have such courage and courage to stand up?

She didn't get angry, she dared to say, maybe she had heard something.

But the problem is--

As classmates, An Xia did not ask them to lend usury.

"Have you ever found you?"

"Ah, no! An Xia didn't add it through my friend...."

"Uh, me too."

"How about you? How about a few of you?"

The classmates sitting in the middle row communicated quietly.

"She and I did not pass, she passed, she said, I want to run Joan Xiachen in the morning, and then pass."

"You bull! Add a friend and you can scroll inside!"

Chapter 1070: And let the first villain be proud

So the question is, An Xia and her classmates' friends failed to add, who did she look for to lend usury?

If you want to target others, you can!

Prerequisite, please go with your head.

The classroom was very unstable, even though they were communicating in low voices, they were all intertwined with a "hum" sound.

The furious Tong Xiaoguan fetched a thick textbook, patted it on the table fiercely, and shouted:

"Tian Xinyuan, will you get a serious illness if you don't spread rumors for a day! I warn you, if you talk nonsense, I **** tore you!"

The boy was so aggressive that he couldn't slap Tian Xinyuan.

Oh shit!

This guy didn't know where he heard the rumors, and deliberately asked her and Tang Chuya in front of many classmates in the classroom if An Xia had loaned them usury.

Depend on!

She is crazy!

Standing up, Tong Xiaoguan said loudly: "Students, please be quiet and listen to me."

"I use my personality as a guarantee. An Xia has never done anything that would violate the law or discipline. Any kind of loan sharking will frame An Xia!"

"Getting along for ten days, I believe that you have also seen An Xia's personality, not much to say, and every effort is made to work."

"Be generous, never care about, and don't stir up troubles everywhere."

"I don't know where Tian Xinyuan heard the gossip. Later, I will tell An Xia that she will find out and prove her innocence!"

Tian Xinyuan also stood up and said without a smile: "You have a good relationship with An Xia, so of course you can speak for her. Heh, maybe, you borrowed a lot of money from her, in order to please her, to please her. Say good things."

"You guys are really scary. You lack the most basic concept of things and everything, and you hide a classmate who might commit a crime."

Hearing this, Tang Chu also had such a good temper, and he was so angry.

"Tian Xinyuan, you can eat things, don't talk nonsense! You are also in our dormitory, don't you know what An Xia is?"

Faced with the anger of the two, Tian Xinyuan did not lose control as before.

On the contrary, he even felt that Anxia had a problem.

"Look at you, I just asked casually, you are so excited. Are you humbly? Tsk, it must be humbly, otherwise, what are you excited about."

"If you don't, just say you didn't spread it. What's your temper. Hehe, the more you do, the more you doubt it is true."

"Damn, hee hee, hee hee, hehe, you have a problem with your brain!" Tong Xiaoguan is not as elegant as Tang Chu, who has a sense of justice and is full of sense of justice. He will not curse people for three days and three nights. With repetition.

Normally, if Tian Xinyuan was scolded in this way, she would cry and complain to the counselor.

But not this time.

Because, she felt like she was holding the girl who bullied her every day.

snort!

If you dare to bully her, you must give them some color.

Continue to smile and say: "You are anxious, you are anxious, Tong Xiaoguan, your anxious appearance is really ugly."

"You are so pitiful, you have called her to call your eldest brother for a long time, and you have shouted out your own servility."

"It seems that your eldest brother really did a lot of ulterior motives, campus usury, tut tut, breaking the law."

"I advise you, now that the city police have not found the school, please quickly persuade your elder brother to surrender."

"The place where the school is clean and upright cannot tolerate your eldest brother's wicked students to sabotage."

"It's no wonder that there is so much money. It turned out to be the black-hearted money released by loan sharks. It's really disgusting!"
