

## **Goddess 1071**

### **Chapter 1071: Do not overdo the double standard**

Just as he was talking hard, suddenly Tang Chu also pointed his mobile phone at him to shoot, Tian Xinyuan suddenly panicked.

"What are you doing! Don't shoot me!"

Reached out and wanted to grab the phone, "Did you shoot me? Without my permission, you have no right to shoot me, delete it for me!"

She was stern and frustrated, and her heart was flustered.

Early Tang also stepped aside, and it was rare to go back strongly, "You are talking nonsense, I want to record it for An Xia! Also, you are spreading rumors. Last time the junior sister made rumors, how did An Xia solve them? Right?"

"It doesn't matter if you forget, Anxia will make you think of it!"

Tian Xinyuan really forgot!

She was taken away by the gossip, thinking that she could finally hold An Xia and the others, and quickly talked about them in the classroom.

I really forgot what happened not long ago.

It's like a balloon burst, and Tian Xinyuan, who had just corrected her anger, died down for a second.

"I, I, I, I have no rumors, I, I, I, I am reminding you, you, you, you, and you don't wrong people!"

I threw myself out of my seat and wanted to jump out, intending to \*\*\*\* Tang Chuye's phone, "Give me the phone! Delete it! I don't allow you to shoot me!"

"Delete! You don't delete it again, don't blame me for being polite!"

The long table in the row restricted Tian Xinyuan's movements. To grab the phone of Tang Chuye, who would be in the front row, she had to climb over the long table.

In the end, it is a girl who will pay attention to her own image when it is critical.

Tian Xinyuan couldn't do such an indecent manner of climbing a table.

I was so anxious that I cried again.

"Tang Chu, you, you...you bully me too! You delete it for me! Delete it! If you hear it, delete it for me. I call one, two, three, if you don't delete it again, I really want to be right You are welcome."

In the beginning of Tang Dynasty, he didn't delete it, and hugged the phone tightly.

It was her fault first, so why asked her to delete the video.

Seeing another expression of Tian Xinyuan's grievance by Tian Xinyuan, Tong Xiaoguan was very upset.

"You are really ill. You made a mistake first, so you have the face to say that others are bullying you? Damn, it's you who bullied An Xia now, understand?"

"Chu Ye, give me the phone, she must dare to grab the phone from me and see how I clean her!"

Chu Tang also felt that he might not be able to protect the phone, so he hurriedly stuffed the phone into Tong Xiaoguan's hand.

"You...you...ah! Tong Xiaoguan, the whole class is watching, you are deceiving too much."

The whole class who was named: "..."

"I didn't bully you either."

"Yeah, right? Didn't you say in the classroom that An Xia lends money to usury?"

"You can't be a double standard, you pick things yourself first, Tong Xiaoguan and Tang Chu also stand up to speak for An Xia."

No one is a child anymore, let alone blindness. Looking at what Tian Xinyuan said and did, she naturally had a judgment in her heart.

Earlier, she said that Anxia gave usury. They listened and discussed whether the discussion was false or true.

More or less still think that Tian Xinyuan should have heard something from, so she won't inexplicably wrong An Xia.

At this moment, she said that Tong Xiaoguan deceived people too much, and her ability to talk nonsense with her eyes open was a little bigger.

As a result, those students who were skeptical about Anxia's loan shark basically believed that it was impossible.

It's all nonsense by Tian Xinyuan!

Tian Xinyuan was wronged to death.

Seeing that no classmates could speak to her, but to help Tong Xiaoguan, she was so angry that she burst into tears.

"You all bully me! I'm going to tell the counselor!"

The classroom was quiet for three seconds, and then roared with laughter.

OMG!

Is she a three-year-old child?

Looking for a teacher at every turn?

Hahaha

Hahaha

I can't laugh!

Outside the classroom

An Xia grabbed Axiculo whose face was once again covered with anger, and said calmly: "You don't need to come forward, I'll do it myself."

## **Chapter 1072: Too rampant**

An Xia came in, Ruo Da's classroom was instantly quiet.

There was no answer at all.

As Tong Xiaoguan said, An Xia, the richest man, doesn't say much, and she does everything in her work.

He is really generous, especially when it comes to paying money, what needs to be purchased in the class, and before the funds have been used, the items needed by the class will be handed over to the class leader the next day.

Talking about gossip, that's not even more!

An Xia basically does not participate in the piles of places.

Regardless of the high profile on the first day of school, the students found that An Xia had the lowest profile when it was really going to be in the class.

Self-introduction is very simple.

"I'm An Xia."

Then, no more!

Go up and back to your seat, ten seconds are over.

It was so short that the counselor said, "This is the shortest self-introduction I have ever seen."

Generally speaking, even more introverted students will say where they come from.

An Xia, not at all.

Before, they were also worried that An Xia might not get along well, the super-rich girl might have some minor problems.

For example: domineering, non-duality, coquettish... and so on. You can endure the small problems of the past with forbearance.

But An Xia didn't have it at all.

Apart from being colder, it's really easy to get along with.

Such a fairy classmate, you said she harmed her classmates to loan usury on campus, well, I don't dare to believe it.

Everyone looked at An Xia, and the crying Tian Xinyuan shrank her shoulders, and even swallowed her cry.

Afraid to cry.

From the bottom of my heart, I feel embarrassed.

Every time she was swept away by her cold eyes, Tian Xinyuan would always raise her hand to touch her neck subconsciously.

This time, it was the same again.

No, it scares her more than ever.

Sweeping sharp as a knife, Tian Xinyuan covered her neck.

The head of the item is still there, not lost...

"Brother, you can count it, she..."

It was Tong Xiaoguan's angry voice, pointing at Tian Xinyuan to be ready to say something, and seeing An Xia raise her hand to stop her from speaking.

Tong Xiaoguan, who was full of words, swallowed fiercely.

Tian Xinyuan gave Tian Xinyuan an angry look in her eyes, and she sat down.

Chu Tang also sat down together and whispered to her, "Don't be angry, Tian Xinyuan dare not talk nonsense when An Xia comes."

"How dare she still? The bad words are all over." The boxer reached the long table, and Tong Xiaoguan still hated Tian Xinyuan at the moment.

This little green tea is so crazy!

Did you find a backer, so I dared to target An Xia.

An Xia walked towards Tian Xinyuan.

The pace is particularly leisurely, like walking in the back garden, relaxing and cozy.

Asiti could not follow a few steps, the phone rang wildly

Call from counselor.

She said, "Axicuo, give me all the screenshots of the chat history between you and your brother. Right now, take the screenshots to me right away! You must immediately clarify, and you can't take advantage of others."

"Okay, I'll post it right away."

After Axicuo finished speaking, he ended the call and entered the information interface "KaKa" screenshots.

At the beginning of Tang Dynasty, Axicuo's eyes were red, and he had obviously cried.

Pulled Tong Xiaoguan to his feet and walked towards Asicuo.

And An Xia was already standing in front of Tian Xinyuan.

"You, You, An Xia, what are you doing, I, I, I, I, I warn you, you, you, you have to dare to hit me, I, I, and my family will not let you go!"

Tian Xinyuan was afraid of An Xia, and she was afraid that she could not stand steady before An Xia spoke.

The other students listened, even breathing a little tighter.

Will the super rich girl beat someone if she gets angry?

In case of a fight, Tian Xinyuan would definitely not be able to fight An Xia.

An Xia didn't bother to beat this kind of people who chewed his tongue behind his back.

I took a lot of time to look at Tian Xinyuan, and asked with a smile, "Lending usury? It's hard for you, a daughter who doesn't touch the sun with her fingers, still knows about usury."

### **Chapter 1073: Going off the topic, back to the topic**

Ironically, the classmate who knows the minute secretly chuckled.

After being reminded, the slow-moving classmates understood what it meant.

Tian Xinyuan hadn't reacted yet, seeing a classmate laughing, she knew it was not a good thing.

Annoyed that Dou's tears rushed again.

Faced with An Xia's calmness, Tian Xinyuan seemed particularly flustered.

He was a little slurred even in his speech.

"An Xia, you don't have the yin and yang strangeness here, how can I not know about loan sharks if I am not a fool!"

An Xia, who was lazily leaning on the long table, gave another chuckle, and laughed again until Tian Xinyuan was at a loss.

"You, you, what are you laughing at! I tell you, they are afraid of you, I am not afraid of you!"

Other classmates are afraid of An Xia, but Tian Xinyuan at this moment, everyone knows that she is afraid of An Xia.

If you are not afraid, how can the arm that is holding the long table trembling tremblingly.

If you are not afraid, why do you stubbornly talk and dare not even look directly at An Xia.

Obviously scared to death, still stiff mouth.

This is the end of the play.

Some classmates were going to directly ask An Xia if she had loan sharks, and they heard An Xia smiling and speaking unhurriedly.

"I'm smiling, you little fairy, when have you gotten off to pay attention to people's livelihood."

It's ironic again.

Because, in the class, Tian Xinyuan said the most often, "I am the little fairy sister, I don't know the dirty and exhausting work!"

Or "I'm a little fairy, can't you let the little fairy?"

To be honest, every time An Xia heard her say this, her appetite was extremely uncomfortable.

Tossed up and wanted to vomit.

Little fairy, how nice it sounds, Tian Xinyuan, the partial student, said it, abruptly tarnished!

There are also many girls in the class who can't understand Tian Xinyuan's arrogance.

Just because she is a little fairy!

Nonsense!

Who is not the whole little fairy!

Why should I let you.

At this moment, listening to An Xia's words, the few girls who are most uncomfortable with Tian Xinyuan burst into laughter.

And said: "The little fairy descended to the earth, and finally got some red dust and started to be grounded."

"Little fairy, I have to remind you, don't catch too much air from the earth. I'm afraid that gravity will fall in love with you from now on, so I don't want you to return to heaven."

If you can't get used to it, your speech will be heavier.

Tian Xinyuan was angry again.

Pointing at the two of them, gritted their teeth, "I don't want to talk to you, I don't have any quality!"

!!

Say that she has low EQ, that is really low.

Originally, the popularity was not very good, but now it was good, and offended the two again.

No way, the thoughts of the little fairy are so different from the total.

Grandma Tian Jia also likes to say "you don't have a little quality." Tian Xinyuan learned everything from Grandma Tian.

Seeing that it was another round of quarrel, An Xia knocked on the long table with both fingers.

"Boom, dong, dong," three beeps sounded like a heavy bell ringing into everyone's heart.

The classroom was calm again.

"It's off the topic, back to the topic." An Xia smiled, and his eyes refocused on Tian Xinyuan. "Just now, you said in the classroom that I would use loan sharks, right."

"Yes! Since you did it, are you afraid of others saying it?" Tian Xinyuan decided to squat to the end with her neck.

She, this is first-hand news!

I heard that they have been reported to the leaders of the courtyard.

"I know, you can't deny it!"

An Xia raised her eyebrows, "Tell me, how did you know?"

I didn't say that I had never done it, but rather calmly digging holes and playing a word game.

When I heard it at first, Tian Xinyuan thought that An Xia really used loan sharks. It was obviously very secret, so she knew why.

She is proud of the middle set.

#### **Chapter 1074: Stay on the sidelines and see each other well in the future**

Tian Xinyuan, a girl who was spoiled by her family and An Xia fight, is like throwing herself into a volcano and burning her with no scum.

At this moment, she is still proud that today Tian Xinyuan can finally stand on the moral high ground, severely criticizing the person who makes her most jealous-An Xia. exist

He lifted his chin slightly, and snorted coldly, "If you want people to know, unless you do nothing, there is no impermeable wall in this world. If you do, naturally someone will know."

"As for how I know, I won't tell you."

"If you are smart, surrender quickly. Don't grind here anymore. If you don't surrender, you will ruin the reputation of the school."

Hearing this, most of the classmates touched their foreheads.

Classmate Tian Xinyuan, are you lacking in your roots?

Also, your eyes are really beautiful, so why are you so blind?

An Xia really wants something, can she still stand here and talk to you?

Can you still be so calm?

At a glance, you can tell that loan sharks are all fake.

It's not shameful that she is still babbling in the classroom.

"I didn't look at it. I saw my eyes hurt. I looked at it for a second and I felt sorry for my eyes."

"Oh, the little fairy is worthy of being a little fairy, really... well, the fairy is fluttering."

"Your language art is really awesome! If you say she is weird, just say it!"

"Shhh, look down and see you up, stay on the sidelines, and see you later."

...

If the large classroom space obliterated the small voices, they couldn't reach Tian Xinyuan's ears, but they passed them to An Xia's ears without missing a word.

She hooked her mouth slightly.

The students in the class are all normal and have very matching IQs.

Only the classmate Tian Xinyuan in front of her made her wonder if she was lucky enough to be admitted to Changhai University.

It's hard to imagine that she is a college student with such inefficiency.

sigh.

"If you don't tell me, then I can only find a lawyer to chat with you." An Xia sighed softly, as if she was very sorry for Tian Xinyuan.

When others say to hire a lawyer, they may just talk about it and scare people.

But An Xia, she really didn't talk about it.

It's what it says does it.

Tian Xinyuan was awkward. Hearing this, her teary face turned pale instantly, and her eyes flickered.

The proud energy just now, like a bubble, burst all in one blow.

"You, you, you, why do you hate you so much, always ask a lawyer for a lawyer, you are a relative of your lawyer when you are a lawyer, just come!"

A boy said, "If you have money, it's more reliable than relatives. Relatives are afraid that you will call him for nothing, and will not come."

Even the boys have joined, which shows that Tian Xinyuan has completely lost her popularity in the class this time.

But she didn't realize that she had offended her classmates and lost popularity, and she would be isolated intentionally or unintentionally in the class.

Tian Xinyuan panicked even more after hearing the boy's reminder.

He seems to make a lot of sense.

Isn't it your own home?

Relatives asked her family to help with things. Parents, grandma, and parents would find all kinds of excuses to refuse, but if someone else asks his family to do things, it will be resolved soon.

"It wasn't from my side. I didn't mean to hear that An Xia was reported to the school for loan sharking. You, if you are looking for a lawyer, you can find a lawyer. Anyway, it has nothing to do with me."

"Hmph, I didn't spread the rumors, but I kindly came to remind you. Don't bite Lu Dongbin, you don't know good people!"

Scared to quickly clear the relationship.

Originally, she was telling the truth!

When the classmates heard that she didn't intend to hear it, they all looked at An Xia.

With Tian Xinyuan's guts, she didn't have that guts to make up.

In all likelihood, I really didn't intend to hear it.

#### **Chapter 1075: Words, never talk nonsense**

An Xia's popularity in the class is much better than Tian Xinyuan.

At first, some classmates were worried about An Xia and started talking.

"An Xia, do you want to check it? No more, call the police to solve it?"

"Yeah, this matter is even worse than the last sneak shot! You are wronged for breaking the law."

"Damn, how come there are such boring people, can you not see others? Still reporting, is it fun to report?"

"Tian Xinyuan can hear it unintentionally, did this have spread in private? But our class doesn't know it?"

Today, if Tian Xinyuan hadn't said that An Xia was lending usury on campus, they really didn't know!

Tian Xinyuan saw in her eyes, there seemed to be a fire burning in her heart.

The burning of her internal organs was uncomfortable.

I'm so mad at her!

What kind of people are they!

She didn't believe what she said, one by one, she believed in Anxia!

There can be no waves without wind, don't you know?

There must be a problem!

Faced with the concerns of the classmates, An Xia said calmly: "Just now the counselor called me out, saying that someone reported me for loan sharking."

what!

There were several air-conditioning noises.

They all talked to An Xia.

"What's the result? What do you say? Also, I just saw Axiculo's red eyes. It's not related to her, right?"

I have to say that contemporary college students are very keen, and as long as they make a little bit of it, they can immediately think of the key points.

Nodding, An Xia said, "Well, it has something to do with her."

"It really has something to do with her! Axiculo, hurry up...Huh, where's the person? I was still here just now."

"He Tong Xiaoguan and Tang Chu also went out, I will let her come back." The squad leader prepared to pull out his mobile phone and asked Asiculo to come back.

An Xia stopped, "No, it doesn't have much to do with her, it's mainly aimed at me. There is no usury, and the hospital already knows the cause and effect, and it will be handled by the hospital."

Does the hospital already know the cause and effect?

"never mind?"

"solved?"

"So fast? I just made it to jump out and torn up, you tell me to solve it?"

"You really reported it to the school? Oh grass, so vicious! I want to ruin you, An Xia."

"Yes, like this kind of malicious people with bad intentions, we must catch them! If anyone is not pleasing to the eye, report them and solve them. Fortunately, it is An Xia today. I changed to me. I was already crying!"

That's true!

Change to yourself, really want to be scared to cry.

No, it's dizzy.

The students breathed a sigh of relief inexplicably.

Fortunately, it's An Xia, but fortunately it's not herself!

Fortunately, An Xia is hard enough, and most people can't do anything about her.

An Xia didn't explain too much, in one sentence, "It's solved."

Just solve it!

never mind.

It's sunny after rain.

Tian Xinyuan was so depressed that she pulled the corner of her clothes.

There is nothing wrong.

After tossing for a long time, An Xia has solved it.

There is nothing!

Bai toss it!

Stirring the corners of her clothes and holding her breath, Tian Xinyuan was like a sapling seedling, listless and devoid of energy.

It was a pity that she was tossing in vain, and suddenly, Tian Xinyuan felt her neck cold again.

Panicked and raised his eyes, his eyes met An Xia's.

Here again, An Xia looked over again with such a scared look!

An Xia did not intend to deal with the follow-up of usury, and left it to the hospital.

The classmate Tian Xinyuan in front of her had to make her a little more memorable.

Turning to Tian Xinyuan, she said meaningfully: "You have to be thankful that I don't have time to clean up you now, otherwise..."

What will happen otherwise?

Did not say it.

If you don't say it, "or else" is even more scary.

It also serves as a warning to other students in the class.

Let the students know: You can never talk nonsense!

**Chapter 1076: Thief**

Tian Xinyuan cried in fright, wiped her tears and said, "Why are you threatening me? I'm not talking nonsense."

"There is no good guy who lends money to usury. I'm here to stand up and say 'no' to the black forces! Do you think I am not afraid? I am afraid to die!"

"If you didn't let it go, you didn't let it go. Why do you always threaten others, you know to protect yourself, and you don't know how to be considerate of others!"

Talking, talking, Tian Xinyuan said that she was very tall.

Let the classmates hear dumbfounded.

Great man.

You can come back in this way!

Who said she was stupid.

This is stupid?

Obviously fine.

Thief fine thief fine.

If it weren't for them to watch the whole process, and how much they understood her as a person, she would have been touched by her awe-inspiring spirit of giving up her ego for everyone!

An Xia did not kill Tian Xinyuan because of the task.

The main thing...

An Xia sighed sadly.

She found that she was much softer than before.

Students, they are not heinous criminals. Although they are not very good, they are not so courageous to bring bad influence to the society. Just take a lesson. There is no need to beat people. Don't turn over when you get into the mud.

Tian Xinyuan, well, she has to think about how to teach her a lesson.

For a girl like her who loves face the most, letting her face to the ground is the greatest punishment for her.

After Tian Xinyuan finished speaking, An Xia continued, "Why did you go to the class and say, what is the real intention? It doesn't matter if you don't admit it, all the students sitting here can see it."

"What you just said, I will collect it, and then report it to the counselor and the hospital. What will happen to you next will be decided by the hospital."

An apology is an essential part.

Tian Xinyuan didn't know what she was going to face at all, she sat down with fright, and then lay down on the table and cried "Wow".

the other side

Tong Xiaoguan dragged Tang Chuye and Axicuo to find counselors.

"Counselor, this is our chat record at the time. It can prove that An Xia really helped Asicuo, and it was not a loan shark at all."

"Look at the chat history between Tang Chuye and me. On it, I said, 'I really admire An Xia, the two million IOU says tear it up! Oh my god, I never thought of asking Axicuo to pay it back! I shattered. '."

"Ouuuu, I just taught An Xia to transfer money, and found that her balance is so many and so many zeros, are rich people so scary?"

"I just went to Shu Qisi, Mom! Top authority! It's quite difficult to make an appointment! An Xia only needs a phone call!"

"Ah, I want to hug classmate Shenxian's thigh tightly."

Read it out while flipping through the chat history.

In order to verify the authenticity, she also asked Tang Chu to turn out the chat records at the time.

Compare the two sides, it's so real that it can't be real!

The counselor was silent after reading it.

Tong Xiaoguan is right in saying, "Are rich people so scary?"

Shu Qisi, she has also heard of it!

There are famous authorities all over the world.

An Xia even said that he would be able to make an appointment, and immediately arranged for Asicuo's parents to go to the capital for treatment!

She was kind to do good things and was wronged by loan sharks. As a teacher, she was so angry!

"Go, follow me to the publicity office."

It's no longer asking students to send screenshots of chat records, just take people over and let the school leaders take a good look!

About Anxia's loan sharking, it has indeed been reported in private.

Chang Fan also heard about it.

At this time, the bedroom was talking about it.

You are talking one by one, just like a woman with a long tongue.

**Chapter 1077: The water is getting muddy**

"Chang Gongzi, you are familiar with Xuemei An, or, are you asking if it is true? Is it necessary to loan usury, is Xuemei An still necessary?"

"The more you have money, the more you have to make money. There are discussions in the dormitory next door. This seems to disturb the school."

"Alarm the school, based on the school's urinary sex, she must immediately suspend class and then investigate."

"The person who made the report is dark enough, how can he know? Is he (she) also a victim?"

...

There are a few people in the dormitory, and I said one sentence, and Chang Fan's face became more and more gloomy when it came to speaking.

Oh shit!

How come things come one by one?

Report, who did it?

Did someone above him do it?

Destroy An Xia first, drive her into the mud from the cloud, and then pretend to be benevolent to pull her, pretending to redeem her?

The brow thought of knotting, but didn't think of a reason.

I saw the dormitory brothers talking non-stop, talking about the upset Chang Fan got up, "It's done, it's all the \*\*\*\* shut up, I'll go and ask."

Right now, he didn't want An Xia to have an accident.

Her student status is a very good cover. This is going to happen, and maybe she will have to drop out.

Then I'm too busy!

The above should also know that Anxia's student status is very important, and it is impossible for the above to arrange a report.

Who would it be?

Xie Chiyan?

Except for her, Chang Fan has no second choice.

Xie Chiyan has no class in the morning and is sleeping in the dormitory.

The roommate rushed in and told her the shocking news she had just heard, "Chi Yan, Chi Yan, get up quickly, good news! Great news!"

"What's the excuse?" Xie Chiyan, who hadn't woken up yet, did not open his eyes, and replied lazily, "If you have a fart, don't delay this lady from sleeping."

"Just now, I heard from outside that someone reported that An Xia was lending usury on campus! This has all been spread, and we are probably the last to know."

Behind the bed curtain, Xie Chiyan slowly opened his eyes, "Really? That's really good news. As for the school, there is no response."

"Is that there, it will probably be there soon."

There was a shredded body from the bed, and the tight curtains opened with a "wow", and Xie Chiyan, who was against the head of the chicken nest, exposed most of her body.

"Today, I watched a good show, get up, and watch the good show."

Loan usury, not bad, well done.

Sure enough, you should find professional people to do professional things!

Xie Chiyan packed herself up and walked towards a certain teaching building with her little sisters.

To watch a play, you have to watch it up close.

Two days ago, Xie Chiyan got An Xia's class schedule. Now Xie Chiyan knows which classroom An Xia Juxiu is in.

She is going to meet An Xia precisely.

An Xia didn't run into it by chance, and Chang Fan ran into it.

"Xie Chi Yan!"

Chang Fan gritted his teeth and stared at her coldly, "Did you make a ghost?"

"Oh, Lord Chang, you have a bad face this morning, what's the matter?" Xie Chiyan said with a smile, feeling as good as the weather at this time, and the sun is shining.

Chang Fan's eyes were gloomy, "It's you to report Anxia's loan sharking."

"Chang Fan!" Xie Chiyan pulled her face, "Don't \*\*\*\* rely on me and Xie Chiyan fell in love with you, you just stand on my head every day!"

"Apologize to me!"

Very upset!

The bright mood was overcast.

Chang Fan sneered, "I beg you, don't fancy me! I can't stand Chang Fan! I'll ask you again, if you report it!"

"Chang Fan, you bastard! Get out of me!" Xie Chiyan was so angry that his face was pale and hissed, "I don't want to see you, get out of me!"

it is good!

Don't hesitate to make an appearance for An Xia again!

She is going to fight An Xia to the end!

At the same time, the school official issued a new announcement.

### **Chapter 1078: Want to run after teasing? no way**

Chang Fan wouldn't give Xie Chiyan face.

What about the power? Can you manage the young master's preferences?

Besides, it wasn't that he took the initiative to move forward, it was always Xie Chiyan that moved forward to him.

I only blame myself for being blind at the time, looking at Xie Chiyan's a bit of beauty and well-dressed, letting her lean in.

When he knew about Xie Chiyan's black background, it was too late to stop.

Be entangled by her!

Cold treatment will not work.

It's impossible to keep the distance of ordinary friends.

It's even worse to be a stranger

Anyway, she is also a girl who is born rich and has no shortage of people to chase her.

Why is it so thick?

Facing Xie Chiyan's roar, Chang Fan sneered, "That would be the best! I hope you can do what you say, and don't get by my side all day long."

"Girls should be more reserved, not many boys like it!"

The last sentence almost didn't make Xie Chiyan vomit blood.

She delivered it to the door?

Does it mean to scold her for being cheap?

"Chang Fan!" Xie Chiyan, who was so angry that his face was flushed, rushed to fight Chang Fan without warning, "You are too much! Too much!"

"This lady has always been the only one who can throw people away. What kind of green onion or garlic do you think I want to run if you tease me? I'm not one of those girls who make cheap money!"

"The first one is cheap, you delivered it to me! You think you are very popular, I \*\*\*\* tell you, you are the face that is enough to see in my eyes!"

"Otherwise, it's all \*\*\*\* second-hand. It's no different from the ducks in the nightclub."

This is hard enough to say.

Ruthless enough to step on Chang Fan's self-esteem under his feet.

He said that Xie Chiyan delivered it to the door by himself, but Xie Chiyan said that he was a second-hand item, and it made no difference if there were ducks.

No one has ever dared to say that to him!

Dodged from left to right, Chang Fan, who maintained his last demeanor, didn't let it go.

Reached out and pushed Xie Chiyan directly.

The boys are already strong, and Chang Fan has also practiced. Don't look at it with just a light push, Xie Chiyan was pushed back by him and beaten a few times.

Thanks to the roommate next to her, her eyesight and hands quickly supported her.

"Chi Yan!"

"Chi Yan!"

All are so nervous, for fear that Xie Chiyan will be injured.

Standing steady, Xie Chiyan's eyes were staring wide, and she couldn't believe it!

Chang Fan, a big man actually did something to her or a girl!

"Chang Fan!!!"

At this moment, Xie Chiyan hated her very much.

She didn't have much love, but she couldn't make it through.

She can dump people, but she must not be dumped!

Chang Fan stepped back a few steps, his expression also ugly, "Warning, don't pester me! I'm really welcome to pester me again!"

Of course he didn't dare really beat Xie Chiyan.

The black background made him somewhat jealous.

There were many fiery pains in my arm, and I glanced at it, and my alveolar clenched.

No wonder it hurts, all the bleeding marks are caught.

The skin was broken in several places, and the blood beads were popping up.

"madman!"

Abandoning such a sentence, Chang Fan turned his head and left.

Behind him, Xie Chiyan looked left and right, and finally rushed to the side of the flower bed, picked up a small landscape stone, and smashed it towards Chang Fan's forehead.

"go to hell!"

Throwing the stone out with a roar.

"what!"

"Chang Fan!"

The girls screamed, frightened.

The stone was really going to hit Chang Fan's head and it would definitely bleed.

Hearing the movement, Chang Fan wanted to react too late.

"Boom!"

The right shoulder was smashed, and the pain instantly spread all over his body.

The terrified girl breathed a sigh of relief.

Fortunately, fortunately, it didn't hit the back of the head.

Before his breath was completely relieved, Chang Fan turned around again, and his sullen eyes were startled.

Fierce, sinister, as if to kill them all.

### **Chapter 1079: Second-hand goods, worthless**

Except for Xie Chiyan, several other girls were so scared that their hearts tightened.

Fortunately, Chang Fan didn't do anything.

He glared at Xie Chi Yan, without saying more, and left.

call--

very scary!

"Chi Yan, are you okay?"

The smart roommate looked worried and concerned.

Xie Chiyan closed her eyes tightly, and when she opened them again, the sight that burst out was so gloomy that the caring girl couldn't help taking a step back.

Don't she really want to kill Chang Fan.

Tighten the corners of your mouth, and persuade each other, "Chi Yan, three-legged toads are hard to find, and two-legged men are hard to find?"

"This doesn't work, let's change it. Based on your terms, we will only find the better. At that time, Chang Fan won't be enough to see it in your eyes."

"Let's not hang on a tree and give up a large forest. There are still many handsome boys in our school."

"If you don't have one, we can still go to the sports academy next door. There are so many handsome guys over there. You can find as many as you want."

The eyes are too scary.

If they really do something irreversible, they will be warned.

While nothing has happened yet, quickly persuade.

The other girls were also relieved.

"Yeah, we can also find the little brother in the gym! The tall, short, fat and thin ones are all available! You can choose."

"Chi Yan, since Chang Fan is unintentional, you will only make yourself sad, so why bother."

"Forget it, I think you are also tired with Chang Fan, he is too bothered. Girlfriends change one by one, more diligent than changing clothes. As you said, second-hand men are really worthless."

"Find an original that no one has used, and it's cleaner."

They are all very good at persuading each other.

Every sentence can speak to Xie Chiyan's heart.

But Xie Chiyan doesn't like Chang Fan that much.

Facing the persuasion of her roommates, she gritted her teeth and said coldly: "I can't let him dump me! If you want to dump me, I will dump him!"

"A second-hand man, I don't have so much thoughts!"

Not so much thinking about it?

Tell a lie.

Several girls look at me and I look at you, but they don't believe what Xie Chiyan said.

In their eyes, Xie Chiyan's love is miserable, Chang Fan.

If you don't love, why do you get angry every time you see a girl next to Chang Fan.

This time it was even worse.

I haven't seen her target a girl like that before, find it in private, and stop after warning.

But this time, Xie Chiyan seemed to be staring at An Xia, with a ruthless will of not letting An Xia go.

"Then, shall we go to An Xia?"

"go."

Xie Chiyan's breath was so gloomy.

Definitely going!

She wanted An Xia to know that it would be bad luck to get a man whom Xie Chiyan hadn't dealt with!

Gotta go!

To make it even more clear, Xie Chiyan really regarded An Xia as a rival in love.

Go ahead.

It is not necessary for them to meet by chance in the teaching building.

On the face, I saw An Xia walking in a leisurely manner as if strolling in a leisurely garden, unhurriedly walking from the flowerbed where the full rose was planted.

An Xia was about to go back to the bedroom and sent a text message to Mu Chenyuan by the way.

As I walked, I felt several unfriendly eyes staring at me.

Lifting his eyes, he directly locked Xie Chiyan's gaze.

...

here we go again.

This girl is really persevering.

Is Chang Fan that good?

Good enough to make her so worried?

Don't you know how to change a man?

Change one, you can make yourself happy!

"An Xia!"

Xie Chiyan said blankly, "Where are you and Chang Fan?"

She's a girl who doesn't bother to talk nonsense, just ask when you meet.

An Xia didn't talk nonsense, and said indifferently: "Just met."

**Chapter 1080: Don't add oil and salt, don't eat soft and hard**

just met?

Means, the two are not together yet?

With Chang Fan's methods and speed, he hasn't gotten An Xia yet?

Xie Chiyan was overjoyed and warned An Xia, "Stay away from him!"

"Senior sister, I don't have a good temper. Chang Fan is the man I like. You, don't make senior sister upset as far as you go."

I consider myself an elder sister, and my speech is still unpleasant.

An Xia raised her eyebrows, "Should I disagree?"

"Don't agree? You might as well ask about my personality, Xie Chiyan, and then decide whether to agree or disagree."

It doesn't matter if you encounter a hard stubble, Xie Chiyan can handle the hard stubble.

An Xia smiled, "Xie Chiyan, rich, handsome, self-willed, domineering, and doesn't like other girls around Chang Fan. Once another girl appears, he will warn privately, once not to listen, second time to block people and scare, second time not Listen, take action and clean up."

"Am I right?"

exactly!

"You inquired about me!" Xie Chiyan seemed to be offended, her eyes suddenly turned fierce, "Are you really planning to do it right with me?"

Inquiring so clearly and continuing to interact with Chang Fan, made it clear that he was going to be right with her.

An Xia thought for a while and nodded, "Senior Chang is a bit interesting. So far, I don't plan to go farther than Senior Chang."

Leave?

That can't be done.

Chang Fan is related to whether she can end her student status as soon as possible and return to the team to report!

So, girl, just give up.

It is impossible to leave.

If you really want to care so much, you can only bear it for a while.

At most half a semester, after that, she will never appear in front of you.

An Xia thought so, but it was a serious provocation in Xie Chiyan's eyes!

"Don't be shameless! Do you know who Chang Fan is? Do you know his past? Do you know how many girls he scumbags?"

Xie Chiyan was actually a little afraid of An Xia.

The freshman in front of me is too much like a freshman.

Freshmen will feel a sense of awe when they meet their seniors and sisters.

But An Xia didn't!

You scared her, not only did she have no reaction at all, but instead looked at you with "you are so naive" and looked at you with a little contempt, which can make herself hurt internally.

Saying good things to her to persuade her, it won't work.

She has a "nosy" expression, and it can make her feel so angry that her liver hurts.

I came to the conclusion: An Xia is a hard stubble that doesn't add oil and salt, doesn't eat soft or hard, and only follows one's own heart!

Xie Chiyan said while staring at An Xia, trying to see if she could make An Xia retreat.

I couldn't see what An Xia was thinking, let alone whether what she said had any effect.

Only saw An Xia smile at the corner of her mouth, and replied, "Do your part, hands, don't care too much, be careful that you are so tired that it hurts."

It is also warning Xie Chiyan not to make small moves.

Otherwise, it is yourself that suffers.

If the warning fails to be warned, Xie Chiyan has no patience.

Hu said: "It's time to see who will hurt the root! I want to see how you can solve the loan shark! Now the school has spread, maybe there are students who call the police."

Really right.

A classmate really called the police.

It is everyone's responsibility to increase safety awareness and combat illegal crimes.

At this moment, the city police have come to the gate of Changhai University.

Three city police officers arrived and did not find the classmate who called the police because the student said on the phone that she did not want to be known to prevent retaliation.

I went to the counselor directly.

The counselor in charge of Anxia and his class once again received the city police.

Within half a month from the beginning, she saw the city police twice.

Headache.
