Chapter 1081: Try to protect her

After hearing the offer, the counselor sighed.

Waste alarm resources.

"Comrade city police, this matter is a misunderstanding. Students really have to commit crimes. Our school will definitely report to the police as soon as possible, and we will never cover up."

"How is Gu Xiu's situation, three city police comrades, look at the announcement that our school is about to send out."

"Whether An Xia, a student of our school, has issued loan sharks, the content of this announcement is clear at a glance."

As the final editor of the announcement, Tong Xiaoguan, Tang Chuye, and Asicuo, one of the parties involved, were still in the Propaganda Department.

The city police led by the counselor came in, and the three of them turned pale.

How did it happen?

Hasn't it been figured out, why the city police still come over?

Seeing that his students were nervous, the counselor quickly calmed down, "Don't be afraid, Comrade City Police is just here to find out the situation. I won't do anything to An Xia."

Then he said to the city police: "These three are all An Xia's roommates, and this one..."

Pointing to Asicuo, "One of the parties involved in loan sharking, a student of Asicuo from the plateau."

The three city policemen nodded slightly and smiled.

They only deter criminals, but don't want to scare students.

The city police smiled, and all three of them squeezed out a stiff smile.

Tong Xiaoguan swallowed, planning to say something.

Three people are bold, and if she doesn't speak, Tang Chuye and Asicuo dare not speak.

Weakly asked, "City police, can you read our chat records? The chat records cannot be faked. You know that An Xia was deliberately framed by someone after reading it."

After she finished speaking, Tang Chuye and Asicuo had already handed out their mobile phones obediently, ready to hand them in.

The honest and well-behaved behavior caused the three city police officers to cough lightly.

"Don't be nervous, don't be afraid, we just come to understand the situation, not that we will arrest people immediately if someone calls the police. You..."

"Let us see the chat history, yes, we will return the phone to you immediately after reading it, and will not detain the phone."

Don't dare to speak seriously, so as not to scare the girls who are all good students.

Tong Xiaoguan took the two mobile phones into his hands with a "wow" twice, and then "wow" all of them to a young and talkative city policeman.

"Look, the password, oh, and the password, my password is..."

Quickly report a set of numbers.

At the beginning of the Tang Dynasty, he was also more careful and wrote his password with a pen.

Later, Axicuo also wrote his password and handed it to the city police.

That cooperation, you don't need the city police to ask if you cooperate!

When Xie Chiyan and An Xia mentioned "loan sharking", the city police almost read the chat history.
that is--

Hmm, quite shocked.

You don't need to repay the two million loaned out?

So rich?

To be honest, they haven't had two million deposits after working for so many years.

Not a million.

As for a student, two million borrowed as he said, but he hadn't thought of asking his classmates to pay it back.

Rich and capricious.

"An Xia's family is very good?" asked the three girls.

At the beginning of Tang Dynasty, Asicuo nodded vigorously.

Good, very good.

Tong Xiaoguan said: "It's so good that the balance in her mobile wallet is as much as my family's deposit, and it's so good that she borrowed two million, which is a fraction of her pocket money."

Cough cough cough!

Cough cough cough!

There was a pang of cough behind him.

It was the school's propaganda department teacher who was responsible for the writing and editing of the announcement and choked up after drinking water.

"Sorry, sorry, I got choked."

Coughing down, the teacher of the Propaganda Department apologized.

After taking a sip of water and hearing the students' words, I was shocked to choke.

The balance of the mobile wallet is more than the student's deposit——

Loaning out two million is a fraction of pocket money-

Chapter 1082: Don't be too arrogant

Quite a sense of picture, with a real sense of description!

All in front of me is "money, money, money, money, money, money".

A lot of money, money, money.

I have read the chat history, but I still need to ask more questions.

Later, several students in the same class were asked to question.

The answers are almost the same.

"No, I don't have An Xia's WeChat account. I don't say anything during class or after class. How could she lend me a loan shark."

"City police, I want to borrow loan sharks, but there is no way out. Classmate An Xia really wants to let go. I don't need her to find me, I take the initiative to find her!"

Shaking his machine to the "muzzle", he was criticized and educated by the city police, "Classmate, your thoughts are very dangerous."

Criticize and let people go after education.

The answers of other students were similar.

"Impossible! Our classmates didn't finish listening."

"If it weren't for Tian Xinyuan to come to the class today and say, An Xia is lending usury, we don't know at all."

"What we don't know, how did the students in other classes know about it? It's clear that someone deliberately passed it privately."

"Impossible. There are so many Anxias, more than 50 million sports cars are driving, and she needs to lend usury to the students. I am afraid that she will not even be able to collect the capital, so she will all make charitable donations."

Said ten classmates, all said no.

Here, An Xia said to Xie Chiyan: "Do you know the police call? If you know, you can call now. I won't leave, just wait here."

"Don't threaten me here, do whatever you want, don't just say nothing!"

"Fight, fight now, I watch you fight!"

Just now, Xie Chiyan threatened An Xia, if she wanted to leave Chang Fan, she immediately called the police that An Xia was lending usury.

When An Xia heard this, she directly asked Xie Chiyan to call the police.

The girls who had been with Xie Chiyan were all cold.

"School girl, don't be too arrogant! After calling the police, you are going to squat!"

An Xia chuckled, "It's not always certain who is in the game. By the way, I would like to remind you that you will also be punished if you report a false police."

Threatening An Xia, they were really wrong.

Xie Chiyan was on the shelf. She really didn't think about calling the police. She was threatening.

As a result, kick the iron plate.

I know that An Xia is a hard stubble, but I really didn't expect it to be so hard.

It's so hard as if no one in the world can cure her!

Report it!

"DaDaDa" reported the number.

Connected, Xie Chiyan stared at An Xia coldly and took the hands-free button, indicating that she had dialed instead of just talking.

Said: "I want to call the police. I am a junior at Changhai University. An Xia, a freshman in our school, is lending usury on campus..."

After talking about the long list, the operator said: "Hello, the city police have been sent to Changhai College..."

It's quiet all around.

The girls who followed Xie Chiyan laughed.

And said: "School girl, the city police uncle has come to you, so be prepared to be arrested."

"When you arrive in front of the city police uncle, see if you can still be tough."

"Come on, that's interesting, please be kind and benevolent, ah school girl."

Not only did it come, but the call was also made to Anxia's mobile phone.

Connected and heard the other party say "Hello, I am..."

An Xia immediately turned on the hands-free so that Xie Chiyan and the others could hear it.

"...Please come right away, thank you."

"good."

An Xia responded with only one word and ended the call.

At the end, she invited Xie Chiyan and five other girls to observe together, "I beg for benevolence and benevolence, the city police are here, it is better to go and listen together."

"You guys who want to see me joke, shouldn't refuse."

Of course I won't refuse.

Go!

Don't let the city police wait in a hurry.

Chapter 1083: Destined to disappoint them

An Xia rushed to the small meeting room of the Propaganda Department and heard Tian Xinyuan crying before she even went in.

"I didn't say it, I also accidentally heard it. I thought it was true, so I ran to the classroom to remind An Xia."

"City police, my original intention was to remind An Xia, not to frame An Xia. Everyone is a classmate, how could I harm An Xia."

"Well, why did you call me over? I didn't do anything wrong. I just reminded who called the police. It's too dark in my heart."

If you call the police, call the police and call her to come over.

Hate to death.

It's not the police she called!

Xie Chiyan sneered softly when she heard the words, "School girl, it seems that you are so popular, and none of your classmates are looking towards you."

All she wants is to let An Xia be isolated!

Being isolated is a very miserable and painful thing, far more effective than beating her.

If hitting someone is not good, she will hurt herself.

Unite everyone in isolation, that's the ability!

Even if something goes wrong, she can't stand suicide or anything, but she will only say that she has too poor psychological endurance and has nothing to do with others.

An Xia also smiled, and she turned her head back to Xie Chi Yan and smiled calmly, calmly and steadily.

She said, "I really want to learn from you in terms of popularity."

"you!"

Xie Chiyan was stabbed and choked!

She said one sentence, she answered one sentence, every sentence returned to make her vomit blood.

Knocking on the door and entering, Tian Xinyuan stopped crying abruptly, staring at An Xia.

The counselor said to An Xia: "A classmate called the police. Comrades from the city police came to find out the situation. Don't worry, the basic situation has been clearly understood. You are safe."

Tian Xinyuan stared!

very safe?

What do you call her to come over!

She was scared to death.

An Xia approached and gave Xie Chiyan a meaningful look before speaking.

When you will stand firm, don't faint with anger.

Xie Chiyan: "!!!"

Is she showing off her power?

"Thank you for your hard work." An Xia leader thanked the three city police officers, "I thought it was a little prank, but I didn't expect to alarm you again. It seems that I need to call the police too, please follow up."

Tian Xinyuan heard this, clutching her heart.

She is about to faint!

Track it down!

It won't hurt her.

The counselor's heart tightened, and he whispered, "An Xia, can the school solve this problem by itself?"

"Yes, yes, isn't it just a misunderstanding, it's all cleared up, why have to track down to the end, are you tired?" It's a matter of her own, Tian Xinyuan joined in persuading.

An Xia glanced at her and saw Tian Xinyuan's knees become weak.

But I did not forget that An Xia said that she would teach her a lesson when she was in the classroom!

After a while, An Xia said calmly: "I see the city police's suggestion."

The three city policemen exchanged glances, and one city policeman said: "Shall we chat alone?"

"Good." An Xia nodded.

Turning around, he thought of something, and said: "These senior sisters believe that I am lending usury. Especially this senior sister, who also called the police just now."

"They came here to see how I was arrested, but unfortunately, they disappointed them. Why don't they ask a city policeman to talk to them?"

Xie Chiyan was so angry that her liver hurts, she glared at An Xia and spoke for herself, "We have also heard that since it is a misunderstanding, we will definitely not talk nonsense."

"We still have this common sense."

"An Xia, you talk to the city police first, and they will leave it to us." The counselor came out to persuade her. She was doing student work, and at a glance she could see that An Xia had a holiday with the girl in front of her.

So, An Xia talked to the city police alone.

Xie Chiyan and the others stayed to be educated.

When the announcement was released, the counselor Shen said: "You keep saying that Anxia lends money to usury. Now, take a good look at the school's latest announcement!"

Chapter 1084: Sensation again

The announcement caused an uproar!

The fact that An Xia borrowed loan sharks on campus actually started secretly last night.

After a night of fermentation, it spread widely this morning.

It radiates around again and turns into the ears of the freshmen.

In other words, the news is very likely to come out in the sophomore, junior, and junior year.

This time, it was not posted directly in the forum like last time.

It is done in secret in the form of a report.

Why do students know that the city police who arrived at the students are still investigating secretly.

Fortunately, it was found that no adverse effects were caused in time.

In addition, the school responded promptly. As soon as the announcements and information screenshots were released and then pushed, the students who were originally dedicated to reading only the sages' books and did not hear things outside the window also knew.

Knowing is also at a loss.

"Huh? When did it happen? Why don't I know."

It drew the eyes of the classmates, "What do you know, you don't know anything, what can you know if you read with your eyes and listen to the book when you walk?"

"That's not what I said, and you didn't tell me."

"Classmate, we talked for a long time last night, and did not listen to a word of you?"

...

Not really!

Had it not been for such an announcement, I really didn't know that there was such a thing.

Give students loan sharks?

Very unreliable thing.

No matter how you want to get rich, you can't choose this kind of self-destructive path.

The classmates who didn't care about nosy affairs knew through the announcement that An Xia was reported by someone, and was later reported to the police. Finally, it was verified that they were all framed.

At least the screenshots on WeChat did not read them too carefully.

And the students who knew about it, their eyes straightened after reading the announcement.

Two words, extra-large "niubi"!

One: fake

Two: Framed

Three: Out of nothing.

Four: Oh shit! Rich people ah ah ah ah ah ah ah ah ah ah ah ah.

"Am I dreaming? Come on, let me take a slap!"

"Get out! Get yourself!"

"Two million, no roommates to pay back! Oh, what kind of fairy classmate is this!"

"Knock on the blackboard! Look at the point, An Xia and her classmates met in less than two hours that day! Less than two hours to loan two million!"

"I'm blinded with envy! You can donate generously in less than two hours! God sent from heaven!"

"Is the only one who pays attention to another point? I suggest students to check Professor Shu Qisi, there is a surprise!"

A bigger surprise than rich!

"Lend two million dollars and don't have to pay it back. My mother, I lent two dollars so I can think of insomnia."

"You are too poor upstairs. I'm richer. I can only get insomnia if I loan out twenty yuan. I'm afraid the classmate who borrowed me will forget it!"

"Two floors upstairs, I suspect that you are urging in disguise! Whoever borrowed two yuan, twenty yuan, quickly repay it! Two million yuan can not be repaid, two yuan, twenty yuan, soon."

"I want to transfer."

"I want to transfer."

"I want to transfer!"

In an instant, the forum post that forwarded the announcement once again occupied the fire floor.

The whole school was shocked.

Two million don't have to be paid back, it's still a student!

"I want to know, do her parents know?"

"I guess I will break my legs when I know it."

"The structure is a bit smaller. Do you think An Xia got the two million from his parents? Money! This is one week's pocket money!"

"The big layout upstairs makes me suddenly enlightened!"

...

The posts continue to skyrocket, and the city police on Anxia's side have finished talking.

No one else knows what we talked about.

Tong Xiaoguan's eyes widened, "What, you don't plan to check it? Why!"

How can it be!

Didn't check it?

This matter is much more serious than taking photos in secret.

Moreover, An Xia himself is still involved!

Chapter 1085: Helpful

Whether Tong Xiaoguan thinks left or right, he can't understand.

How does it matter to me that An Xia doesn't care about it?

Faced with Tong Xiaoguan's shock, An Xia said calmly: "Trouble, tired."

The exposure on her side is almost okay, there is no need to make extravagances.

The city police also supported her in the investigation, but she gave up on her own initiative.

Even the city police were surprised.

Confirm again and again, "Really give up? This is no trivial matter. Are you sure you want to give up?"

"Yes." An Xia nodded without thinking.

Just now, the city police did not talk to her alone, she also wanted to talk to the city police alone.

She hadn't planned to trace it to the end from the beginning.

Reporting or framing is nothing to her.

They are not real students.

Of course, it must be uncomfortable to be framed, and it doesn't matter if you find out.

Tong Xiaoguan was shocked once again by her clean answer.

Tang Xiaochu could understand why An Xia did this.

She said, "I have set up enough enemies, and sometimes it may be better to take a step back and calm the waves. Not everything requires a strong counterattack."

"It's also a good way to hit hard with softness."

The early Tang also thought so.

Anyway, if it's her, she won't trace it to the end.

As long as you are innocent.

"Really?" Tong Xiao asked while watching An Xia.

An Xia nodded, "Yes."

I have found a ready-made excuse for her, and now apply it.

...

After being silent for a while, Tong Xiaoguan said, "You really made me look at me with admiration. I seem to understand a little bit, but I don't seem to understand."

Helpful?

You can put your own business aside, and help others' business to the end?

Is it so?

I didn't realize the seriousness of being secretly photographed at the time, and I didn't even think about a few photos, so I took it.

It was An Xia who persisted to the end that she understood the consequences.

In addition, Axicu's father treated the illness, and An Xia insisted on helping.

When it was her turn to be defiled, the city police came, and she gave up!

Afterwards, he whispered, "In the future, I will make less trouble."

If you don't have the ability to clean up, let's be a low-key person.

Axicuo wiped away his tears and bent down deeply towards An Xia, "I'm sorry, An Xia, I am the one who caused you!"

Apologize again.

An Xia has a headache.

"You forgot what I said? It's okay. You don't have to apologize."

An Xia calmly said: "Furthermore, this matter did not happen because of you, but someone deliberately targeted me."

The only thing I don't understand, how did the borrowing money leak out.

Tong Xiaoguan, Tang Chuye, and Asicuo couldn't figure it out.

They really didn't say a word outside.

"How did it spread out?" Tang Chu asked inexplicably.

Tong Xiaoguan shook her head, she didn't know.

Asicuo bit his lip. "I thought of a possibility. Could someone hear me when I called?"

In those few days, she called Father, Mother and Brother almost every day.

"It's unlikely. You and your uncles and aunts are talking in your language. Who can understand?" Tong Xiaoguan analyzed, "It's probably not from you."

Axicuo shook his head, "Brother I and I sometimes speak, we can speak lingua franca."

...

That would be possible.

"I don't think about it anymore. What else do you think? There are still classes in the morning, so keep your mind to class."

An Xia didn't care anymore, she didn't feel relieved.

You know, as long as she is assured of everything, it is a matter of life and death.

Gossip, as long as it doesn't affect her, it's nothing.

Chapter 1086: It's cool to be stunned

Asicuo still blamed himself.

As for An Xia, she had limited patience, so she persuaded him twice and stopped.

Tong Xiaoguan and Tang Chu also persuaded them.

The three of them walked slowly and were caught up by Tian Xinyuan who came out from behind.

She was crying miserably, thinking that An Xia and the others had bullied her without knowing it.

Tong Xiaoguan twisted his eyebrows, "Can you wipe away your tears? We didn't bully you!"

Cry **** crying.

"What do you mean? I want to cry and find a place to cry, don't cry in front of us, okay?"

"It's An Xia who was wronged. She didn't even cry. Are you embarrassed?"

"Go away, I warn you, I am in a bad mood now, you have to grind again, beware that I scold you again!"

Crying, crying, you know crying, it's so annoying!

For a long time, Tong Xiaoguan didn't like to see others cry, nor did he like crying by himself.

What's the use of crying!

The world's affairs are plentiful, everyone comes up crying and weeping, the problem is solved?

Dreaming.

Tian Xinyuan cried until she pumped and pumped, out of breath, as if she was suffocating at any time.

Facing Tong Xiaoguan's stinky training, she stomped her feet with anger, "I, I, I..."

"Stroke your tongue straight and say." An Xia interrupted, "I'll give you one minute, finish talking, and leave."

Tian Xinyuan, An Xia doesn't have a lot of favors either.

Just don't have any good feelings, and will not make her feel embarrassed.

Her face sank and her voice became cold, frightening Tian Xinyuan.

This is why An Xia never doubted that the report letter would be written by Tian Xinyuan.

Even Tong Xiaoguan, who has always looked at her unpleasantly, has never doubted Tian Xinyuan on this matter.

Just for her courage, forgive her for not dare.

"You you... did you tell the counselor, let me... woo woo..."

Finally struck his tongue straight, talking and talking and crying after being aggrieved.

An expressionless An Xia looked ahead, and walked away beyond her.

I don't know what to say, what else to say.

An Xia is arrogant and has arrogant capital, but in the eyes of Xie Chiyan, it becomes arrogant.

Just now, Xie Chiyan was also severely criticized by the city police.

After the criticism came out, her roommate with a bad face told her, "The truth about An Xia's loan sharking has come out, so please go to the forum and have a look."

Two million was borrowed, but she never thought of letting Asicuo.

Asicuo made the IOU at the time, and she turned around and tore up the trash can.

I thought about leaving a message, "The text message may not be too coincidental, it just shows what the loan is for, it's fake."

I thought about how to post it, and deleted it silently when I saw the time.

Information can be forged, but time cannot.

Zoom in and zoom in again, you can see that they are all ready-made screenshots without any stitching traces.

After reading the announcement silently, the girls didn't say a word.

No matter how generous Xie Chiyan is, he has never said anything about the money he borrowed, so he can't pay it back!

Last semester she lent her five hundred yuan, and on the day she came home to pay for her living expenses, she immediately came over to ask for the money.

Borrowing money to repay it is justified.

But compared with An Xia, they all wanted to follow An Xia.

When Xie Chiyan finished reading the post, his face was as cold as water.

After busying for a long time, in the end, instead of causing An Xia to have an accident, she gave her money!

There is no need to pay back two million, which is rich and powerful.

He strode forward with a calm face, and when he raised his eyes, An Xia was ignoring her, especially arrogantly after bullying a girl, she left!

"Miss Ann is so big that she doesn't have to repay two million when she borrowed it. It's so powerful that she can leave her in a sway after bullying her classmates."

Xie Chiyan raised her voice, with a smile but a smile, "Sure enough, rich people are different, they like to use money at others."

"Are you blind?" An Xia did not tolerate, turned and smiled: "If you are blind, don't go out and don't say nasty nonsense all day long."

"By the way, two million smashed out, I really like it. If you want to be envious, you are welcome to smash it out."

Chapter 1087: People are stupid and have a lot of money

Compared to Tian Xinyuan, An Xia disliked Xie Chiyan even more.

On Xie Chiyan, she could feel the dark breath.

Such people will sin.

Moreover, it is very likely that he has committed a crime, but was concealed and has not been found out.

I have to be more nosy, and I must check if Xie Chiyan has committed a crime.

In the face of people who really don't like, An Xia has never been merciful.

Xie Chi Yan was angry again when she opened her mouth.

She is rich, but she still has no money to lend two million, so she doesn't need to be repaid.

"Heh, people are stupid and have a lot of money. Since they like to pretend to be charity so much, why don't you participate in the charity auction this Sunday night?"

Xie Chiyan is not the kind of person who gets dizzy with just a few words. No matter how angry she is, she knows what to do to embarrass An Xia.

As soon as he finished speaking, Xie Chiyan immediately said "Ouch," and then said: "I almost forgot. It's hard to find a ticket for the charity auction on Sunday night. Schoolgirl An is so rich and capable, she should be able to get it."

"But if Xuemei An really can't get it, you can contact me, I can try it, maybe I can get it."

I'm brushing up on my own family's sense of existence.

Fight up the strength.

This kind of thing is strange if you can fight An Xia.

Xie Chiyan's roommate is very prosperous, and is mainly used to helping Xie Chiyan step on people together.

Hearing that, a girl raised her hand to cover her mouth and smiled, "You, don't make trouble for the student sister An."

"That charity club is so famous. I heard that it is difficult to enter, and there is still a threshold or something. Xuemei An has just come to Changhai City, how can she be able to enter, you, don't embarrass other students."

Immediately a girl answered, "Yes, yes, don't embarrass the school girl. We are also school sisters anyway, we still need to care about the school girls."

The two of them deliberately tried to persuade them, but when the next girl came to it, it was an aggressive approach.

"You two can't help but look down on our sister An. You can drive more than 50 million sports cars. It's not a problem to get a charity party admission ticket."

He also hypocritically said to An Xia: "School girls, they look down on you so much, I can't bear it. I think, with the skills of a school girl, you can definitely go in."

"It's better for the school girl to look for someone on the phone now and get angry with them. Let them never dare to look down upon you again."

The reason why the three dare to say this is probably because Xie Chiyan said that this charity party was held by a nobleman who was born in the royal family.

If you want to go in, you must nod your head in person.

If you haven't caught this nobleman's eyes, no matter how rich you are, don't even want to enter the market.

Xie Chiyan also said that Changhai, Changgang, and overseas are proud to enter the charity party organized by the nobleman.

Put it very tall.

Since it is so difficult, An Xia has just arrived again, and Xie Chiyan took the initiative to say first, it should be because An Xia can't get in.

Isn't it arrogant and rampant?

Then be ugly!

Let your classmates see An Xia, the rich man in their eyes, just like that.

An Xia let them finish talking, and chuckled, "You don't need to attend the charity party that you know about."

The charity gala that is not widely known is the charity gala that is really difficult to get started.

Gathering celebrities from all over the world, it is difficult for ordinary celebrities to get in!

For this kind of charity, Anxia will go if he wants to, or refuse to go.

She couldn't even look down on charity parties of this level, heh, what Xie Chi Yan said, even less.

In exchange for the girls' laughter.

"Tsk tusk tusk, if you can't get in, you can't get in, what pretend to be."

"I really know how to pretend, no wonder Lord Chang was fooled by you."

"Sister An, why bother with you, pretending to be in front of Chi Yan will only make yourself even more embarrassing."

Chapter 1088: Effortlessly

Tong Xiaoguan could bear to rub his fists.

Hearing that, he laughed and went back, "You guys are really funny, when you talk about yourself, it seems you can go in. If you can't go in by yourself, you still pretend to be here, you are not ashamed of it!"

"I'm really embarrassed for you. I didn't have the money to go to An Xia to buy things. When you can make a one-time payment of 58.65 million for the car, come and see our classmate An Xia's joke."

"It doesn't matter if you don't want a car, then buy a house, a set of more than 100 million yuan in the 'Junyu' flat. Our classmate An Xia paid for a set of more than 100 million flat on the day when we bought the car last time. ."

"It was 153.97 million." Tang Chu also added.

Why do you remember so clearly.

Because she was born at 5:39 in the afternoon, she remembered it very clearly.

A large number of numbers came out. The girls who just wanted to take the opportunity to watch An Xia's jokes were so embarrassed that they couldn't get off the stage.

They...they...weird they can afford it!

Asituo, who has never quarreled with others, said, "What are they going to buy? Kari even has a fraction."

As soon as this remark came out, he directly killed a few girls with arrogance.

Tong Xiaoguan laughed.

Let you pretend!

Hahaha!

No money to pretend!

The car had a fraction of 50,000, and the house had a fraction of 70,000. The girls really couldn't get it out!

That is, Xie Chi Yan can take it out.

But if you spend more than 200 million in a day to buy a car or a house, you still can't get it out.

Xie Chiyan's face was stiff, and the only thing that could bring the situation back was the charity party held on Saturday night.

The roommates are no longer capable of fighting, and one is more gray and gray than the other.

Only Xie Chi Yan came forward.

She snorted, "No matter how rich it is, you still won't be able to go to the charity party on Sunday!"

"Really?" An Xia took out the phone, "Then try."

Tianshu is still on the phone, "Miss."

Respectfully.

It is no longer convenient to call "Emperor", then call it "Miss".

"I will go to a charity party in Changhai on Saturday night."

"Yes." Tianshu responded, "Are you going alone? Or accompanied by a male companion."

When Tong Xiaoguan listened, his eyes suddenly lit up.

When Xie Chiyan heard it, her eyes turned gloomy.

What's the meaning?

Can it be arranged?

impossible!

Tong Xiaoguan leaned into An Xia's ear and asked, "Can I go? Can I go? I want to go!"

"Joke, what qualifications do you have to go?" Xie Chiyan who heard it quickly said: "You thought it was a cafeteria, you can go if you want?"

An Xia glanced at her, then at Tang Chuye and Asicuo, and said indifferently: "Without a male companion, the four will be together. In three minutes, you'll be sure for me."

"Yes."

Tianshu was used to the quick battle of their emperor.

In three minutes, it's definitely done.

Xie Chiyan laughed angrily when she heard this!

"An Xia, you have a big tone! Do you still want to get four admission tickets?"

With this admission ticket in her hand, the eldest brother finally got it!

The purpose is to bring her a long experience to meet a more high-end party!

An Xia decided so late, and he needed four admission tickets in one go. It was a big joke.

"The tone is not big, I'll see the result in three minutes."

An Xia shook her phone, "You will witness it with your own eyes, don't be too excited."

it is good!

She just waited three minutes.

Xie Chiyan clenched her fists and waited.

There was sweat in the palm of my hand.

Three minutes later, Anxia's phone was ready to vibrate.

Xie Chiyan's heart seemed to be in her throat at that moment.

Connected, Tianshu's voice came.

"Miss, you don't need an admission ticket, Mr. Fei, the son of Fei, will welcome you in personally."

Xie Chiyan:

Chapter 1089: No feeling

Son of Old Fei, welcome you in personally?

How can it be!

Shocked and unacceptable, Xie Chiyan blurted out: "You are afraid that you are contacting a scam charity party!"

This is really possible!

In the past two years, a businessman who came from inland, heard that Mr. Fei held a charity party in Changgang, and he deliberately spent a lot of money and didn't know where to get an admission ticket.

Another one million deposit was paid to obtain the so-called admission qualification.

Finally, when I drove over, I realized that I was deceived.

Fei Lao's charity party is not the address written on the admission ticket at all.

An Xia is good, for such a difficult party, she can write about it in three minutes, is it too pediatric?

When the question came to Tianshu's ears, he was in Changhai, and his face was cold.

The voice still respectfully said to his emperor: "Saturday night, at 5 o'clock, I will come to the school to pick you up and go with your classmates."

Tianshu didn't hear An Xia say "bring friends", but only said that the four people were together, and Tianshu felt right in his heart.

It's a classmate.

Not friends.

There are probably only two friends in the heart of the emperor.

After listening to An Xia, he replied with an "um" and ended the call.

Turning his head slightly, he saw Tong Xiaoguan clenching his fists with both hands, looking at her with excitement.

"Can we really go? Can we really go?"

This is the first time she has participated in a charity party!

Mercy! good! Night! Can!

Oh my goodness.

She has seen it in TV series and movies.

The jewels, celebrities gather, the lights are dazzling, the clothes are fragrant and the shadows on the temples, there is a temperament in the communication, and the conversation is very calm and elegant celebrities!

In such a tall place, she can really go to an ugly duckling.

An Xia answered normally, "Yes."

"Yes?" Xie Chiyan interjected. She really accepted the incompetent, the upper-class charity party that she had worked so hard to enter. An Xia only took three minutes and was easy to get.

The sense of huge gap was crushed to the point of disbelief.

With a sneer on his face, his sneer reached the bottom of his eyes, "School girl, don't try to be strong here. It's fine to deceive yourself, but also to deceive your classmates. Then you will not be able to participate. It is you who are ashamed."

No matter what Xie Chiyan said, Tong Xiaoguan believed in An Xia 100%.

Who is An Xia?

It's her elder brother!

Is the fairy classmate of the whole class!

Gods will not deceive mortals.

With her eyes turned into stars, she continued to ask excitedly, "Then what should I pay attention to?"

Holding his face again, "You don't need to wear a dress! I don't have one!"

"Ah ah ah, am I going to buy a skirt to get it? It's too expensive to buy! It's about a thousand, can't it?"

About a thousand, she can afford it.

If it is more than two thousand, it will be a little burden.

It's not that I can't afford it, but I bought it and put it on the shelf. It is estimated that I will not wear it again in the future, which is very wasteful.

Tang Chuye and Axicuo were in a marginal state, and they were confused at all without a sense of participation.

There is no excitement.

Charity party, listening to it knows that it is far away from them.

Just like Tong Xiaoguan, I've seen it in movies and TV.

Just watching movies and TV, they know that it is a Vanity Fair that they are not qualified to participate in.

I heard nothing in front of me, until Tong Xiaoguan said "about a thousand skirts", the sense of participation came!

What an expensive skirt!

They can't afford it!

"Then I won't go, more than a thousand skirts are too expensive, I can't afford it." Tang Chu, who came out of the small town, was also from an ordinary family, and his family was enough to afford her college and similar living expenses.

There are more than a thousand skirts, which are not available for sale.

Her mother is almost fifty, and the most expensive dress in the closet is a down jacket with a discount of 600 yuan.

It was the father quietly gave it to mother.

Chapter 1090: Shake your little head

Mom is too expensive for six hundred yuan.

If it weren't for my father to bring it back from the city, the cost of returning the truck to the city during the Chinese New Year would cost dozens of yuan, but if the fare was only three to five yuan, my mother would definitely take the car to return the goods.

Clothes worth six hundred yuan are the most expensive in all the closets in the family.

Mother was reluctant to wear it out only for the New Year.

Three years have passed, and the clothes are almost new.

Now let her participate in a charity party that she can't go to, buy a dress of more than 1,000, don't go, don't go!

Resolutely not go!

Tong Xiaoguan took her arm, "Go, go, it's good to know how to go up in the past."

Just go and take a look, I must not dare to think about other things.

It's the act of a scheming woman in a TV movie who takes the opportunity to hook the beetle-in-law, or Cinderella is caught by the overbearing president!

In reality, who dares!

What Cinderella and the domineering president are all fairy tales.

Really rich people will only find the right lover.

The Tong Xiaoguan who keeps the world sober, although during this period of time has been around An Xia to feel the shock from the rich, he has always remained sober and has not lost himself.

It was the same in the early Tang Dynasty.

What doesn't belong to her is not something she can touch or own, she never thinks about it.

It's just like now, those juniors on the opposite side, they still don't go when they hear of a great opportunity, how **** stupid it is!

If you don't want to go, give it to them!

They are willing to go.

More than one thousand yuan of skirts, you have to buy borrowings!

"I won't. Even if that kind of knowledge increases, it won't work for me. I won't go."

Don't look at Tang Chu also has a soft personality, but sometimes he insists on his own principles.

If you can't say it, don't go.

It's useless for Tong Xiaoguan to break his lips.

Asicuo also refused.

"I won't go either, I can't afford it, and don't want to go."

My father used to borrow money to treat illnesses. What right does she have to waste more than one thousand yuan to attend a charity party?

Both of them were unwilling to go, and Tong Xiaoguan was not interested anymore.

"None of it, then what's the point of going there alone? Forget it, neither will I."

He seemed so interested, but he was able to give up cleanly.

This is why An Xia prefers the three of them.

There is a principle, a bottom line, and you will not be easily tempted.

Tian Xinyuan really wants to go!

That's a charity party!

Although she didn't know who Fei Lao was, she knew that the charity party was a gathering of the rich.

Grandma and mother said, "Participate more in gatherings of the rich, improve your taste, and open up your contacts."

She wants to go!

Especially want.

An Xia took only four people and only got four admission tickets. She didn't count her share before, which made her feel depressed for a while.

The same bed friend, how can we favor one another in such a way?

Now that they are not going, it is always their turn.

Moved in small steps, moved to An Xia, Jiaojiao said, "I can go, I have many beautiful dresses."

"It's OK to buy a new one tomorrow. More than one thousand yuan is too cheap. It can't be less than ten thousand yuan."

"If they don't go, there is no waste of admission tickets, you give me all their admission tickets, I can go."

...

This is true, Rao was targeting An Xia, and Xie Chi Yan wanted to slap it out after hearing it.

who!

What a brain!

I heard An Xia say to this girl, "Come on, shake your little head."

???

Although not necessary, Tian Xinyuan did.

I shook it vigorously, and then asked, "Why do I sway."

An Xia told her very seriously, "Shake the water out of your head."

"You!" Tian Xinyuan was angry and angry, and tears were about to shed again.
