

Goddess 1121

Chapter 1121: Principles and bottom line cannot be lost

To Xie Chiyan herself, An Xia couldn't say that she was very annoying.

Whether Tian Xinyuan, Xie Chiyan, or those girls who jumped in front of her over and over again, she saw a group of students who had never been beaten up.

I thought I was great and smart, but actually...

Compared to An Qian, those little tricks and cleverness are really not enough.

Of course, I have never thought of putting them in my protection.

The reason why she came here is that she saw Luo Zhong's figure, and she was quite disgusted with "playing a hooligan".

No matter how much I don't like Xie Chiyan, I can't just ignore her when she is molested by a man.

It has nothing to do with the Virgin, but with the personal bottom line and principles.

Luo Zhong was no longer visible, An Xia narrowed his eyes slightly, and looked around.

It was the corner of the deck, Xie Chiyan was blocked at the corner, Luo Zhong did not come forward to stop, there must be more important things unable to show up.

He should have gone up the stairs at the corner.

It is an escape staircase connecting the fourth floor of the cruise ship. Which floor did Luo Zhong go to?

While thinking about it, Xie Chiyan made a sudden change again here.

These rich young men who depended on their family for food, drink and fun saw their friends being kicked, and after a short period of stunned, they were very angry.

Speaking of Long Hong Kong dialect, the curse was repeated, and the stench was extremely bad.

"Fuck! Beating people? Fuck you to death!"

"Drag her to the third floor! Kill her to feed the fish!"

...

An Xia didn't understand Changgang dialect, but she understood a few dirty words, so she naturally understood that what she said was not good.

Xie Chiyan, who wanted to leave after kicking, was stopped again.

It's because she is bold and tempered, and now she is also a little scared.

"Get out! If you don't let go, I'm calling someone!! This is Fei Shao's party, you dare to do this, Fei Shao can't spare you the first one!"

Xie Chiyan could understand some Changgang dialects, listening to their nasty curses, he was so angry that he burst into flames in his eyes.

Although he was a little scared, his aura was still there and he didn't show weakness.

Angrily, he raised his hand "Fei Shao" in an attempt to deter the rich and young in Changgang.

It's useless.

The kicked rich young man was relieved from the severe pain, cursed with a vicious expression on his face, "I killed you", drew a small folding knife that looked like a work of art from his body, and stabbed Xie Chiyan in the abdomen.

Although Xie Chiyan said that there were some black forces in the family, she had been well protected and did not let her see any blood.

The knife stabbed over, Xie Chiyan's **** face faded, and she closed her eyes subconsciously with horror.

The brain went blank immediately, shocked.

Doomed!

The severe pain did not strike, instead, I heard the roar of the rich and the young that stabbed myself hoarsely.

"Fuck! Who! Looking for death! Let go of this young man!"

Heroes save beauty?

Xie Chiyan's mind suddenly burst out such a few words.

The closed eyes opened carefully.

However, the scene before her was so shocked that she had forgotten to close her chin.

crucial moment!

"If the road sees injustice, draw a knife to help" is not a knight, but An Xia who has always been displeased with, and even tit-for-tat.

The brain has filled up thousands of scenes, but the scene in front of her was something she hadn't expected.

I saw An Xia feeling cold, and firmly grasped Fu Shao's wrist, like a pair of pliers, so that the opponent's hand could not move a bit.

In the presence of his companions, the wealthy hands who could not get off the stage were completely furious!

"I fuck!"

The right hand holding the knife cannot be used, so use the left hand!

Raising his left fist, he swung it towards An Xia's chest.

The mouth is even more dirty.

"Smelly girl cousin! My young master's nosy..."

Before he could finish the curse, An Xia was hit hard in the lower abdomen of the rich young man.

"The mouth is cheap, I owe it to clean up!"

With the help of his fist, the furious Fu Shao knelt on the ground, like a soft-footed shrimp with his head hanging down, his hands covering his aching belly.

Chapter 1122: Are you stupid

It hurts hundreds of times more than kicking to an important part just now!

The pain was so hideous that he was only beaten in the abdomen, but it seemed as if the limbs were pulled by life, and the pain flowed through the body.

Two times in a row, the rich and shameless in public, the rich and young, who lost their face and confession, had red eyes, just want to kill the two people who lost their face in the next second.

Yelled, "Fuck! Are you stupid! You are still stunned and fart, now immediately, throw them into the sea to feed the fish!"

Several rich and young people are also losing face.

Oh shit!

How many of them can't even handle the two inland girls?

It must not become a joke of Changgang people if it spreads out!

They must be killed!

All around come up!

They are not afraid of the punishment they will face if they push people into the sea.

Afraid of a fart!

This is Changgang, which is their site.

Besides, they live in Changgang, but their nationality is no longer in Changgang.

Kill people and spend money to solve them, and then leave Changgang to play for a few months, come back calmly, continue to eat, drink and have fun!

Frightened Xie Chiyan pulled An Xia's wrist.

At this time, all grievances and hatreds are gone.

She had previously thought about making An Xia disappear forever, and had secretly destroyed An Xia-releasing news of loan sharks, but, realizing that death was by her side, Xie Chi Yan had not thought about pushing An Xia out.

"Are you stupid! Don't you know to call someone first?"

"It's all right now, all the **** going to be finished! Can you swim? Take a gamble, I shout three times and jump into the sea together!"

She doesn't want to die!

I don't want to drag An Xia to die together!

Oh shit!

I already owe her a favor, and I don't want to even owe it to death.

An Xia was a little surprised.

Because of Chang Fan, I wish I could marry myself by myself.

Now I really want to have a chance, but I want to escape with her.

"Why don't you jump first, and I will hold them?"

Asked with a chuckle, calmly, not looking at the rich and young who had been hollowed out by alcohol.

But An Xia didn't want to make a move either.

When Chang Fan was in the boat, Fei Weiye had a problem, and she didn't want to expose her skill.

The abdomen of the rich and the young in the boxing just now also pretended to be clumsy.

Xie Chiyan was so angry and horrified by An Xia's words, "Idiot you! You fell into their hands, playing with you! Follow me and jump into the sea together!"

Even if you want to kill An Xia, it is not this way!

On the other side, Tong Xiaoguan is anxious like an ant on a hot pot.

"Why haven't anyone come! Tang Chu also, you can't zipper when it's critical!"

"Come on, come on, damn! Where are the good bodyguards? Where have you all gone!"

Looking at his head, Tong Xiaoguan, with a pale face, gritted his teeth when seeing An Xia surrounded by people.

do not care!

She wants to rush out to save the eldest brother.

"Xiaoguan!"

Asicuo grabbed her, "Can't go, the eldest brother just said, no matter what happens, we can't come forward!"

"Big Brother will be over if you don't show up!"

Tong Xiaoguan threw her away, and just as he was about to stand out, Tang Chu finally came.

There was also a lean man with him.

He slightly nodded towards Tong Xiaoguan and Asicuo, and strode the meteor towards the corner of the deck.

A thin face with a shameful expression.

Anyone who dares to make trouble at a party with little expense will have to suffer a little bit.

The rich and young have already started.

First, An Xia was held back.

"An Xia!"

Xie Chiyan screamed and tried to hold An Xia.

"Call, call, I will let you call!"

The rich and young man with the knife twisted his facial features and cut Xie Chiyan's mouth with the knife.

"Wu Shao."

There was a smile, but a cold voice came through.

Shao Wu, who interrupted again, opened his red eyes and turned his head, "Throw your mother, get out!"

The lean man didn't want to go, came over, stretched out his hand, and took the troublemaker Wu Shao's shoulder.

Then he whispered a few words in his ear.

Chapter 1123: In the delicate and timid like a white rabbit

The look on Wu Shao's face was like a face change, from the initial anger to shock in an instant, and finally to fear.

His lips moved, "I...fee..."

"Young Master Wu, please." The thin man smiled, holding on to the young Master Wu who was beginning to be afraid, and then looked at the other gangsters who were making trouble.

"Zheng Shao, Zhang Shao, Chen Shao, Fan Shao, please."

He knew all of the sons, but the sons didn't know him.

Hearing that, I can drink it back, "Damn, how old are you? Let's go? Get out!"

"Don't disturb the young masters, get out!"

"Fuck, another dog!"

"Boy, look clearly, this is Changgang, not your countryside, how far is the country native dog, how far away!"

The four of them scolded each one, and how happy they scolded, how miserable Wu Shao's face was when they were being held back.

The lean man smiled unchanged, but his eyes were a little cold.

He said, "Said Fei Shao, a few people need to go back to the room to wake up after drinking."

?

Less fee?

He just said...

Less fee?

Wu Shao closed his eyes, this time, the whole army was destroyed.

There is no chance to find an adult for help.

A group of people finally left.

Seeing a life-threatening disaster struck, I didn't expect the lean man to be resolved in a few words.

Tang Chu, who had been supporting him all the time, also saw this, his knees softened, and he fell to Asicuo.

But asked, "Gone? Really gone?"

"Well, let's go."

Asicuo supported her and replied tremblingly.

Gone, really gone!

Tong Xiaoguan, who had only his eldest brother in his eyes, suddenly felt a sense of collapse after a catastrophe, and stumbled out.

"Big Brother!!"

Tong Xiaoguan was so nervous that he opened his arms and tried to give An Xia a comforting hug.

But An Xia

One turned around and escaped.

"Big Brother..."

Tong Xiaoguan, who rushed to the air, was sad, "Brother, next time you have to be steady, don't stand up, you don't know, I almost scared me to death just now!"

An Xia said indifferently: "You are brave and can't be scared."

"Where am I courageous, I am clearly as delicate and timid as a white rabbit."

When the danger was relieved, Tong Xiaoguan immediately walked out of the tension, clutching her chest and began her performance.

"I was so scared just now, I..."

"Your mouth is uncomfortable? Do you want to sew a few stitches?" An Xia interrupted coldly, looking at Tong Xiaoguan very seriously, to the point that Tong Xiaoguan's heart felt hairy.

Well, going on, the eldest brother might actually sew her mouth.

Seconds changed to a normal tone, "It was so scary just now, brother, you will be a little tiger! There is a little chance of winning four to one, four to five, there is no chance of winning."

Block Xie Chiyan directly.

The eldest brother also had a good heart and ran out to save people.

She won't come out, she can only call someone to help her.

Xie Chiyan, who was the rest of his life, stood quietly, curled his fingers, and pressed down the panic bit by bit.

The danger is gone, but the scene in front of her upsets her again.

The less you don't want to see someone, the more someone appears.

It's alright now, and I owe her a favor!

"that....."

When he spoke, his tone became stiff, "Just now, thank you."

It was so stiff as to bite a half of his tongue, and I didn't know what to say.

In the end, only a word of thanks came out.

Extremely blunt and unnatural.

Tong Xiaoguan turned his head and stared, "Senior sister, your thank you is too perfunctory! My eldest brother saved your life just now!"

"It's a great grace to save my life. You can't even say thank you so hard?"

Tanzi possessed his body, and Tong Xiaoguan was so angry that he was akimbo, "Is my elder brother to save you? Didn't let you die?"

"I knew this was the case, I wanted to hold my eldest brother desperately to prevent her from coming out!"

She is so angry!

I've never seen a thank you so awkward!

It seems to be forcing her to thank you against her will!

Xie Chiyan was flaming when she said, "It has nothing to do with you, shut me up!"

Chapter 1124: Son debt and father repayment

At this time, Xie Chiyan felt particularly awkward.

After the fierce roar, he broke the jar and broke.

He snapped and said to An Xia, "Thank you just now. I really didn't expect you to come out to rescue me in the end. If you didn't help me hold it, I would definitely go out."

"You're stupid yourself, don't you usually be clever? You rush out when you have nothing in your hand? Don't you know how to take a self-defense weapon?"

"The fire extinguisher is right next to you. You spray it at a few chopsticks and they all ran away!"

"From now on, be smart, don't save others and put yourself in the pit!"

After banging, Xie Chiyan said goodbye, looking at one side, leaving only one side face for An Xia.

"Thanks, the business between us... forget it."

There was nothing wrong, not because of Chang Fan.

Thinking of Chang Fan, Xie Chiyan bit the corner of her mouth.

Then he said: "Chang Fan is not a good thing. You should not mix with him."

"Okay, anyway, we are not pleasing to the eye, we go our own way, don't play the polite set, I am embarrassed."

She was finished, Tong Xiaoguan and the others were startled.

Senior Sister Xie is really...

The mouth is as hard as a stone.

The temper is really unpleasant!

"Whoever made courtesy with you, you are embarrassed, we are even more embarrassed." Tong Xiaoguan hummed uncomfortably, turned his head to An Xia and said, "Big brother, let's go."

An Xia never thought about playing courtesy with Xie Chiyan, and did not respond to her. Instead, she educates Tong Xiaoguan on the spot, "A living example, if you are fine, don't go to places with few people."

"Speaking of upper-class circles, when it comes to dirty, nothing is dirtier than them."

However, it is the country of Xia from abroad. Some so-called rich people look very glamorous on the surface, but they are actually dirtier than the maggots in the pit.

Although the lean man had just carried out Fei Weiye and shocked those strays, he didn't know what Xie Chiyan, Tong Xiaoguan and the others said after taking them away.

But An Xia was quite clear by reading her lips.

The reason why he came was not because Xie Chiyan was molested.

But because of her-An Xia.

Taking into account her identity, he rushed over immediately and told a few rich and young people that she was Xiang Xian's guest to pick up the cruise ship in person.

After all, there are really no guests on the cruise ship who are able to dedicate themselves to each other.

But Xie Chiyan, the man who rescued the siege didn't mention it at all.

The next few miscellaneous rich and young will take into account their identity as a group of people and dare not rush to make a move on the giant wheel, but Xie Chi Yan?

That's hard to say.

What I said just now is not only an on-site teaching, but also a reminder to Xie Chiyan.

Xie Chiyan is not stupid, and An Xia's words can naturally be understood.

With a cold face, he said stiffly: "I won't be on deck again."

After speaking, he hurried off the deck.

Standing together in embarrassment with each other, it is better to get out of the way.

In fact, An Xia is not embarrassed at all.

Rescue is her principle, but it should be clear to find Xie Chiyan to settle the accounts.

For example, Tianshu said that the "loan usury" crisis was written by Xie Chiyan.

An old saying in Xia Guoguo: Father's debts are paid.

Conversely, the child debt can also be paid by the father.

Let Xie Chiyan's father suffer for his daughter.

Packing up an adult whose hands are not very clean, feels no guilt.

Xie Chiyan, who had left, thought that her grievance with An Xia had been completely wiped out, and no one knew that the last hapless one was her father, who had suffered for her daughter.

Tong Xiaoguan curled his lips towards Xie Chiyan's background, and then glanced around uneasy.

Shrinking his neck, he whispered, "Big Brother! Let's go to the banquet hall, too!"

Tong Xiaoguan disappeared at this time with the guilty guts and bravery from earlier.

The group of people just now is not good.

They really kill people.

The frustrated clamor of a few rich and young people in Changgang, thanks to the blessing of watching Changgang dramas, she understood them all.

Chapter 1125: Recognize the authorities and try again

Those who are thrown into the sea this night will find a way to survive.

Thinking about it, Tong Xiaoguan, who was still afraid, patted his chest again and was shocked, and the whole person was still pressed on Asicuo.

She, Tang Chuye and Axicuo, only Axicuo could rely on themselves.

Little Tang Tang, the soft girl, still helped the wall to come out. Her feet were still shaking now, her face was as white as paper, everything was over, she was afraid that she would faint in the next second.

An Xia sneered when he heard this, "What? Is this scared? When I was about to rush out, why weren't you scared?"

It turned out that An Xia had been paying attention to the movements of Tong Xiaoguan and Asicuo.

Naturally, I saw the scene where Tong Xiaoguan was about to rush out.

If Axicuo calmly stopped her, Tong Xiaoguan would definitely rush out.

Very undesirable recklessness!

An Xiaqing smiled coldly, with a bit of chill, "Although righteousness is good, but if you can't recognize the facts in front of you, it's no different from looking for death."

Tong Xiaoguan has a responsible temperament, and An Xia likes it very much.

But the prerequisite must have the ability to protect itself.

Through today's matter, An Xia will have the heart to alert her.

In the scene just now, if it is really like Tong Xiaoguan, it will be rough and rushed up like a green head.

Then the final result is most likely that not only did not save Xie Chi Yan, but even would be so exhausted that he and his companions would suffer together.

"Axicuo is doing the right thing, very calm, Tong Xiaoguan, you need to learn to be calm, for a moment of righteousness sometimes puts yourself in a desperate situation."

"Able to recognize the facts in time and seek support is not a cowardice, but a wise man. Remember what I said."

In the last sentence, An Xia's voice was so cold that the words he uttered were like hail. It was heavy and cold, and there was still a sound when it hit the ground.

Tong Xiaoguan was educated so much that he did not dare to refute and accepted all of them humbly.

"Remember, I promise to think twice in the future."

She really did not expect these rich children from Changgang to be so bold and unscrupulous.

The high-end party does not belong to ordinary people like her!

If you don't pay attention, you can lose your life.

Still comfortable in Changhai.

She wanted to go back to Changhai, and the 1.2-wide bed in the bedroom.

Seeing Tong Xiaoguan's lack of interest, An Xia didn't give more education.

Going on, Axicuo and Tang Chu were afraid that they would immediately disembark and leave.

The cold on their faces then dissipated a lot, and said to the three people who were too educated to breathe: "Go to the lobby."

After finishing speaking, he glanced at Asicuo, who was acting in obscurity and being quite calm, "Professor Shu will also come, you go to Professor Shu."

As soon as he wanted to go, Asicuo suddenly felt energetic.

He held Tang Chuye in his left hand, and Tong Xiaoguan in his right hand, following An Xia.

She had to hold her arms, and the two who didn't hold her legs would not be able to walk.

——

In the luxurious suite at the end of the second floor

Five men in their early thirties stood behind a three-seater sofa, raised their hands one after another, and slammed their brothers fiercely.

Some people's younger brothers are not relatives, either illegitimate children, or half-parents. Only Wu Shao is the elder brother's direct brother.

It was also the lightest he slapped.

My brother is my brother, and I can't bear to hurt my brother.

The other four are different.

What the mud can't help on the wall, give it a meal and pay the **** day to cause trouble to the family!

"Fee, a few things that are not eye-catching broke your party, how do you deal with it, we have nothing to say."

As the representative of the Zheng family speaks, it is directly killing these half-brothers.

The rich and young who were arrogantly trying to kill people just now were all frightened.

Especially Wu Shao, he immediately hugged the Wu family's leg, "Brother, brother, I was drunk just now, I really didn't intend to cause trouble at Fei Shao's party, brother, I was wrong, I was really wrong. "

Chapter 1126: Fei Weiye's ruthlessness

In the luxuriously decorated room, the atmosphere is as tense as steel strings.

The second young master of the Wu family knelt on the soft carpet, no longer the arrogance of facing Xie Chiyan just now.

The other young masters shivered like a quail cub.

They don't have the confidence of Wu Shao, they are not a direct line, and they can be arrogant outside. If they really want to go home to face the direct line brother, they can only bow their heads and be scolded.

The second young master of the Wu family dared to intercede like this, but he was lying down with the youngest of the Wu family as his own brother.

After begging for my brother, the second youngest of Wu's family begged the man sitting on a three-person leather sofa next to the window.

"Fei Shao, I am wrong, I am wrong, I dare not anymore, please give me a chance if Fei Shao, and give me another chance if I ask Fei Shao."

Kneeling and kowtow, just like grandson.

Sitting on the sofa is Fei Weiye. He has not gotten up. He was smoking a cigar and vomiting smoke while admiring the night view of the port. He seemed to have been immersed in the night view of the port, turning a deaf ear to the second young Master Wu who knelt and begged for mercy.

He didn't speak, Wu Shao panicked even more.

I cried bitterly and kept kowtow, "Fei Shao, I was wrong, I was wrong, I dare not anymore!"

"Please give me another chance, less cost, less cost..."

Seeing his own brother so embarrassed, the Wu family closed his eyes slightly.

Whether he can live or not is his good fortune.

Time passed by, and just when the second youngest Wu Jia was almost desperate, Fei Weiye, who looked at the Changgang seascape, gracefully put down his cigar and spoke lazily:

"Life is preserved, each one cut off a little finger."

"Less fee! Less fee, I'm wrong, I'm wrong..."

The second young master of the Wu family was really scared this time.

Cut off a little finger?

Isn't he crippled?

do not want!

do not want!

"Big brother! Big brother, save me, save me, save..."

Wu Shao, whose face was ashen-faced, was kicked away by his brother before he could finish howling.

Fortunately, it's just a little finger, it's a blessing to keep a small life!

He cut his fingers on the spot and pressed the hands of a few people on the ice-cold marble coffee table. The Xiangxian next to him nodded slightly to the black-clad bodyguards, and a sharp knife ran through the eyes of the five people with their tight pupils...

"what!!"

Five screams echoed in the room, and there was a touch of blood in the room.

Xiangxian waved his hand, and the five miserable people lifted up, and Xiangxian picked up one of the severed fingers.

He smiled warmly, "Five young masters, today it is also Fei Shao's good for you to break your fingers. Please also five young masters to remember to behave in a proper way in the future and do not make today's mistakes again."

"Ding-"

The sound of the lighter was so painful that the five people who were about to faint were horrified again.

They saw the man who was talking to himself, burning his severed finger with a lighter.

The nerve in the little finger that had just been severed still reacted, and when it was burned to the tip of the finger, it was twitched, and there was a burnt smell of flesh and skin in the air.

A farce is temporarily closed.

The highlight of tonight is about to begin.

At this time, An Xia was looking for Professor Shu Qisi with Axiculo.

Chu Tang also pointed to the corner of the hall, and there stood a middle-aged man wearing a tunic suit with an elegant temperament and said softly: "Look, is that Professor Shu?"

All of them have seen pictures of Professor Shu on the Internet, but they have never met before.

The early Tang Dynasty was also a little uncertain.

At such a grand banquet, it would be embarrassing to admit the wrong person.

"Yes! He is."

Asicuo nodded excitedly.

Although she has never met Professor Shu himself, she has searched a lot of Professor Shu's information on the Internet, and she has already remembered Professor Shu in her mind.

Engrave.

Now that I see myself, I can definitely recognize Professor Shu at a glance!

Just two steps with An Xia, and then suddenly stopped.

"how?"

Hearing the movement, An Xia stopped and looked back at her puzzled.

Chapter 1127: If you can't climb the rock, you have to top it

Hearing the movement, An Xia stopped and looked back at her puzzled.

Why aren't you leaving?

Asicuo churned his fingers uncomfortably, "I was like this...in the past, would I be...very reckless? And, in case, in case..."

He didn't finish speaking, and he felt hesitated in his eyes.

What if I hear bad news from my father?

She suddenly dared not pass.

An Xia saw through the anxiety under her restraint.

Cold eyes, "Asicuo, you dare not face it."

Just pierce it, and don't give Asituo a chance to escape, "I have come to this point, why do you want to escape? You have experienced the worst situation, and now everything is developing in a good direction. Why don't you dare to face it? right?"

"Big Brother..." Asicuo, with tears in his eyes, yelled timidly, then lowered his head, "I'm afraid I will hear bad news from my father."

Hearing that, An Xia's cold eyes became slightly warmer, forget it, these little girls are different from her after all.

Patience to persuade, "You are the family's support, the family's mountain, if even you are afraid, Asicuo, who do you let your father and mother rely on?"

If you are afraid of yourself, wouldn't you be even more afraid of father, mother and brother?

Don't be afraid, Asicuo, don't be afraid!

The eldest brother is right, she has experienced the worst situation, what else is terrible?

Taking a deep breath, Asicuo took the initiative to walk towards Professor Shu.

She is alone.

An Xia was not allowed to accompany him.

I can't rely on my big brother for everything, I have to face the wind and rain to succeed!

Although Professor Shu is an authority in a certain specialty in the medical field, he is approachable.

Especially after learning that Asicuo was the relative of his patient, his attitude was quite modest.

"Don't worry! I have consulted with many colleagues on your father's medical records."

"The probability of cure is not very good, but I still have a seven-point confidence."

"Seven points?"

Asicuo cried out in surprise.

This is equivalent to telling her in a disguised form that her father's illness can be completely cured.

The thought of the invisible mountain on the head of the whole family was about to be overthrown, Asicuo couldn't help but tears in his eyes.

"Thank you! Professor Shu, you are the benefactor of our family."

I also talked about A's father's condition in detail. As Asicuo had been learning about A's father's disease in depth over the years, while chatting, one by one medical terms came up, which made Professor Shu a little interested.

I also tried Kao Asicuo, and even the ratio of medications and what needs to be used under any circumstances were tested. Asicuo actually answered clearly and accurately.

Asicuo completely relaxed, and even said: "I wanted to apply for the medical university before, but finally gave up. The conditions at home did not allow me to study medicine."

Before today, Asicuo had never told anyone, including her family did not know that Asicuo's real passion is medicine: medicine.

She used to be determined to be admitted to the best medical school.

Later, because of my father's illness, he pressed his dreams in his heart and changed his wishes.

Because she heard that if you are good at foreign literature, you can take orders while reading, and you can also take tourist groups to make money.

Money ruined Axiculo's love.

When Professor Shu saw Axiculo talking about medicine, his clear eyes were full of light.

"Are you self-taught?"

Just now, he had taken some basic tests, and the little girls in front of him all answered normally.

"I... I started my self-study in the second year of the junior high, and during the holidays I would go to the village health center to beat me." After speaking, I realized that I had said something wrong. Illness."

"The elderly villagers in the village can only speak the local language, and the doctors who came to support us can't understand it. I...I will help."

Chapter 1128: Meet again

Started self-study in the second grade?

Professor Shu was quite surprised.

Then, I asked more deeply.

In this little girl, he saw-talent!

Seeing that Axiculo and Professor Shu had a good conversation, An Xia didn't pay attention anymore.

Just when An Xia was about to take Tong Xiaoguan, and early Tang also found a place to sit, Chang Fan appeared.

He has been hiding from the side of the hall looking for prey, and he has chosen young and beautiful girls.

Looking around, I saw An Xia.

The eyes suddenly lit up, and he walked over quickly.

"An Xia!"

After a short distance, Chang Fan couldn't wait to raise her voice.

An Xia stopped to look at him.

Tong Xiaoguan saw it too, and said in surprise: "Senior Chang? He's there too? I rely on! With the addition of Senior Sister Xie, seven of us have come to our school!"

So, is this party the high-end party Xie Xuejie said?

How can you meet Chang Hai's students by just turning around?

Early Tang didn't wait for Chang Fan to approach. She looked wary and then Tong Xiaoguan hid behind her elder brother An Xia.

And whispered: "Did you forget what Xie-senpai said before? She said Chang Fan is not a good person, so don't say a few words."

Tong Xiaoguan immediately slapped his mouth.

I suddenly forgot when I saw an acquaintance.

When Chang Fan saw An Xia stop and look at him, he took a step forward.

"Why are you here? I haven't heard you say it! I, I... I really didn't expect to meet you here, my wife surprised me."

There was a look of surprise and tension on his face, it seemed that he really knew that An Xia was here.

Such poor acting skills make An Xia really disdainful.

It also deceives those little girls who don't know the world.

In front of her, ha ha...

It's still a bit tender.

"Well, I didn't expect you to be there, you alone? Or with your companions?"

An Xia kept her distance from Chang Fan and asked casually.

Without moving his eyes, he looked around Changfan's previous location.

Nothing unusual.

Immediately, he seemed to think of something again, and said it smoothly.

"I ran into Xie Chiyan on the deck before, and she seemed to be in a bad mood. You came with her?"

Hearing that, Chang Fan suddenly became more nervous, for fear of An Xia's misunderstanding, he quickly explained.

"Ah, I didn't, no, I came here alone, I, I, I... I didn't know she was here too."

Suddenly hearing An Xia mention Xie Chiyan, Chang Fan's eyes instantly became cold.

This stupid woman can hit her wherever she goes.

I want to rehabilitate with him and have her spring and autumn dreams.

With a light cough, Chang Fan immediately changed the subject.

"Is this the first time you have come to Changgang? I am familiar with the places I often visit here, whether it's a place to eat or play."

"After the party, do you want to go out to play? I can be a tour guide and take you around."

It seemed a careless temptation, but the string in Chang Fan's heart was tense.

I'm afraid of being rejected by An Xia.

It was the prey that was brought to the door, Chang Fan didn't want An Xia to slip away from him and fall into the hands of others.

The above clearly stated that people will be sent to approach Anxia again.

An Xia was the first to see the prey, so why would he let it to others?

Before anyone was close to An Xia, he had to close the net quickly.

Then he said: "Do you like going out to sea? I have a small yacht in the port, where I can go fishing and hook nets. I also want to go paragliding."

"If you don't like these, how about eating delicious ones? There are many delicacies in Changgang. It's a pity if you don't taste them."

Looking over Anxia, he fell on Tong Xiaoguan, Chang Fan laughed, "I remember Tong Xuemei, who was very interested in food."

In order to keep An Xia, he hit Tong Xiaoguan's attention.

Chapter 1129: He's anxious he's anxious

Chang Fan is a little anxious.

After so long, he and An Xia didn't make any progress. Instead, he thought that he had already coaxed those women into obedience!

Only An Xia is an exception.

He immediately left school in his senior year, and there must be his talents in the school.

Anxia, we must win Anxia!

Must do everything possible to start from her.

Friends too!

It's a pity that the person who is most likely to know An Xia-Lin Yinya, this woman is also awkward!

His mouth was so tight that it seemed to be drenched in molten iron, no matter how hard he tried, he still refused to reveal the least!

If it weren't for An Xia, I really wanted to beat Lin Yinya.

Lin Yinya can't start, so find an easy one.

After observing for a long time, Tong Xiaoguan is the best way to start.

Unfortunately, Chang Fan made a mistake again.

Tong Xiaoguan really didn't start so well.

As long as An Xia doesn't nod her head, she will never let go.

Even if Chang Fan said the best, Tong Xiaoguan didn't respond.

An Xia was also very interested, and replied faintly, "I'll talk about it then."

There was neither rejection nor answer.

But in Chang Fan's ears, it was Sanskrit.

It's fine if you don't refuse, it means there is still a show.

No matter how well he performed tonight, he was not afraid that An Xia would not be caught.

"Would you like to go there for a drink?"

Chang Fan points to the location when he comes and sends out an invitation.

"There's something else, I'll talk about it later."

Regarding Chang Fan, who took the initiative to post, An Xia has only two words: hang, give some hope.

She has noticed that something is wrong with Chang Fan tonight, and she seems to be anxious.

Why are you so urgent?

Does it have something to do with the last call at Huxinting?

"Go, see you later."

Without waiting for Chang Fan to reply, An Xia walked towards Asicuo.

Tong Xiaoguan smiled and said, "Senior is so handsome tonight! Let's go first and see you later."

She could still say hello with a smile, and Tang Chu was too anxious.

I was afraid that Tong Xiaoguan would stay and talk with Chang Fan, pulling her arm away, urging, "Big brother is gone, hurry up."

"It's okay, it's okay, the land is not big, I can find the eldest brother."

Tong Xiaoguan said it was okay, and finally she took Tang Chu and left.

Can't be lost!

The scene is too big, she has a guilty conscience.

Axicuo is still chatting with Professor Shu.

An Xia came over and saw that the depression between her eyebrows was gone, and she knew that Asicuo's father's illness shouldn't be a problem.

"Big Brother!"

Before she could speak, Asicuo found her first and raised his hand excitedly, "Brother, Professor Shu said that my father is 70% sure of the cure."

Big brother?

Professor Shu looked sideways, a little surprised.

She is clearly a girl, how can she be "big brother"?

An Xia smiled and asked, "Did you thank Professor Shu well?"

"Yeah!" Asicuo nodded vigorously, and the heavy stone finally landed in his heart. Asicuo, who came from the plateau, returned to the time when he was young and worry-free.

Seeing this, An Xia was also happy for her, her eyes were cold and she smiled like a warm spring breeze.

As the anniversary year said, they wear uniforms, while maintaining their duties, they must try their best to help those in need.

Helping those in need will make me happy too.

Very happy indeed.

"Hello, Professor Shu, I am Asicuo's classmate, An Xia."

His face was cold, but there was a touch of softness in his words.

Professor Shu Qisi suddenly realized that it was Miss An.

The kind deeds of this Miss Ann are well known in their hospital.

He borrowed two million to help students who had met for less than two hours, and then directly donated another 50 million to their hospital for new drug research and development.

Before coming to Changgang this time, the dean told him that Miss Ann planned to donate 50 million yuan to the hospital.

For this reason, the dean deliberately urged himself that if you have the opportunity to meet Miss An, you must be very grateful.

Chapter 1130: Do too many bad things

For this reason, the dean deliberately urged himself that if you have the opportunity to meet Miss An, you must be very grateful.

Now seeing me, Professor Shu is a little surprised.

I know that Miss Ann is a student, but I really don't know that she is such a pretty girl.

"Miss An, hello." Professor Shu stretched out his hand and looked at An Xia with a particularly kind look in his eyes. He smiled and said, "Ms. An is young and promising. Let Shu admire her."

An Xia smiled politely, "You are polite."

"It's not polite. Before coming this time, the dean of our hospital specifically urged me that if I have the opportunity to see Miss An, I must thank you for your support to our hospital."

"Donated 100 million to our hospital in less than half a month, which just solves the urgent need for funds for our hospital, and our hospital is very grateful."

Overcoming medical problems and researching new medicines, the total cost is "100 million" as the unit.

The doctor's salary may not be paid normally if the hospital alone is responsible for it.

Therefore, the dean also needs to pull the donations.

An Xia is an exception.

Donate as long as you say donate. The amount is two to fifty million. After the donation, the dean didn't even see him.

At the regular meeting last week, the dean said with emotion, "I'm going to Wufeng Mountain to give this Miss An a longevity tablet."

I heard that the dean's wife really had to go to Wufeng Mountain.

It is estimated that today's Wufeng Mountain really has Miss An's longevity tablet.

An Xia didn't put this little money in his eyes, "It's just a small amount. If you need it in the future, you can always find me."

Nothing else, money, it's really there.

The kind that can't be spent in a few more lives.

In the last life, her private account still had tens of millions lying quietly.

It won't be too late to move back to the emperor domain.

Professor Shu was not polite, and smiled: "Then I take it seriously. If necessary, Ms. An will be required."

"It's okay to find my butler. Sometimes I may not be able to reply to you in time." An Xia added, "My classmate's father's affairs will have to do you extra money."

"Miss An can rest assured that I will be responsible for my patients to the end."

Nothing else can be guaranteed. This aspect is 100% guaranteed.

Benevolence and righteousness are his most basic medical ethics as a doctor.

While chatting, someone came to find Professor Shu again. He is the top authoritative expert of Xia Guo. He came out as a movable type signboard. There will always be people looking for him admiringly.

"I'm sorry, Miss Ann, I'll go to do other things first."

"Please."

An Xia leaned slightly, she had always respected the doctor.

Doctors save the dead and heal the wounded. There are no borders, no distinction between noble and inferior, no ethnicity or religion. They are great and noble, and they who have dedicated their lives to medicine should be admired by all people!

Asicuo waited for Professor Shu to leave, and with tears in her eyes, she bent down and thanked An Xia deeply.

Just now, she heard Professor Shu say that the eldest brother donated 100 million to the hospital. Is it related to Afather?

How did she repay such kindness.

Before turning down, he was stopped by An Xia.

"This is a banquet, where are you playing?"

An Xia said with a headache, "You don't think I donated money because of your father's relationship, right?"

"Then I'm telling you now, no. It is my housekeeper who is interested in a new drug development in their hospital. After it is successful, I can make a profit."

...

Tong Xiaoguan's little heart trembled again.

One hundred million donated, she was shocked.

Rich brother!

New drugs can be profitable, my God!

Big brother with great money!

Asicuo didn't believe it, "Really?"

"Axicuo, I'm not a good person." An Xia said calmly, returning coldly between her eyebrows, "It's also a handy help to save your father, and donations are normal operations, and it has nothing to do with you."

Headache.

She is not used to doing small things, and she is grateful and remembered forever.

It was as if there was a shackle invisible, which locked her in an iron frame called "morality", and from then on, she could no longer do other bad things.

There are too many bad things she wants to do!

How can you be constrained!
