

Goddess 1171

Chapter 1171: How to break the game

The situation on the cruise ship is more complicated than they thought.

Fei Weiye must have a problem.

Once they showed up here to rescue Wu Suishan, all personnel were exposed.

Another important point, is there really a bomb on Wu Suishan?

unconfirmed.

People, definitely want to save, they can't stand by and watch.

The urgent task of the moment needs to confirm whether Wu Suishan has any lethal weapons on his body.

An Xia turned her head and glanced in the direction of Mu Chenyuan.

He saw his eyes sinking into Wu Suishan.

He also found that this person had a problem.

What to do next?

The Changgang National Police is here for Fei Weiye, and Mu Chenyuan is also here to assist the Changgang National Police.

Partially, Chang Fan and Xu Yong also have problems.

Now that the Fei family's civil strife has been added, there are lethal weapons on board.

An Xia, who was motionless, also tightened her brows.

Arrange everything in order of severity, Wu Suishan is listed here.

She glanced over the monitors installed in every corner of the venue. If it were her, she would definitely keep an eye on the monitors in twenty-four hours. In other words, either Yao Qiu's people were watching over the monitors, or Fei Weiye's. People watched closely.

How to confirm whether Wu Suishan has a lethal weapon on his body?

As long as the confirmation is confirmed, then action can be taken.

An Xia tapped his finger on the desktop, Mu Chenyuan was definitely not appropriate to come forward, and Changgang National Police was not successful either.

Including Xu Yong, all the waiters in the entire venue were controlled by Yao Qiu's people and squatted in a small corner, and two of them were even more pitiful than the guests.

"What are you going to do."

Xie Chiyan, who had been stretched, was so shocked that she almost jumped up.

At this time, An Xia actually got up?

Is she desperate?

The words were still in the mouth, her hand stretched out to grab An Xia, trying to pull the person back to the seat.

Everyone is suffering, so you can suffer together. What is special?

Not being afraid of death is not such not being afraid of death.

It was discovered that An Xia's thigh was bleeding.

this...

Depend on!

Auntie here?

Xie Chiyan's mouth twitched, and she glanced at An Xia sympathetically.

The amount is a little bigger too.

Same as miscarriage.

Looking at the three girls she brought over, Xie Chiyan moved her eyes at a glance.

Three rookies, the reaction has not been seen by her as an outsider.

At this point, Xie Chiyan still knew that she did not belong to An Xia's camp.

never mind.

She came over just to keep warm, and after getting off the boat, she continued with the stranger.

From now on, it is really clear and distinct, you walk your Yangguo Avenue, and she crosses her single-plank bridge.

only...

He sniffed slightly, Xie Chiyan's expression was a little weird.

Auntie still smells of wine?

If it weren't for the smell of blood, she would wonder if An Xia had deliberately put wine on her leg, deceiving people that it was her aunt.

Slowly retracted his hand, and said to Tang Chu who was sitting next to him: "What are you worried about, your eldest brother is here, and your aunt will come back when you clean it."

"Well, I will come back, I will definitely come back, I will definitely come back," Tang Chu repeated with his lips trembling, his slap-sized face was scared to pale grey.

It's miserable.

Xie Chiyan gave a "tsk" in her heart.

It's not that she looks down on girls from Xiaomenxiaohu, but that they can't hold back what happened in the big scene.

If you didn't faint, it was considered mentally strong.

Tian Xinyuan, the only one who could hold her back, was thrown into the sea by others and almost didn't feed the fish.

Tong Xiaoguan and Axicuo are powerless, because they heard their eldest brother say "I have to do something, don't make trouble."

With just such a sentence, there was no time to ask the eldest brother what to do. The next second, the eldest brother stood up.

Become the focus of the audience.

Tong Xiaoguan could feel that everyone's eyes were focused on them.

Chapter 1172: Seeking wealth in insurance

Brother, what do you want to do.

These people are fierce and vicious, and two of them look like murderers. What are you going to do?

Is it worth the effort?

Tong Xiaoguan and Asicuo shook hands and squeezed tightly, until the bones of the hands were crushed, the pain doubled and did not loosen.

To the side, Winsier was expressionless, his azure eyes surging.

With a face similar to that of the emperor, and doing things that are exactly the same as the emperor's style, he wants to refrain from thinking about it—it's difficult!

Curry blinked in surprise.

"They must be related by blood."

Hearing his Lord Earl Shen Shen said, on the face of Lord Earl, he saw a sickly paranoia.

Lord Earl was hiding a person in his heart, a person that he had not even discovered: Emperor An Xia.

God.

Miss An Xia from Xia Guo was afraid that disaster would be imminent.

She is very likely to be directly tied to the plane by the Lord Earl and brought back to the adult's private island.

"Count, please calm down, we are just ordinary guests now."

As a subordinate, bodyguard, housekeeper, assistant, counselor and other important positions, Curry reminded him with due diligence.

Winsier restrained.

It's really not time for him to come forward.

He wanted to show up but couldn't show up. He was so suffocated that there was a fire in his chest, a pile of wet wood piled up, and the fire would be extinguished.

In this way, it is even more uncomfortable.

Mu Chenyuan knew what she wanted to do the moment An Xia got up.

His slender fingers curled up lightly. This time, his gaze was chasing An Xia openly.

An Xia's face was false and white, and she stood up with her hands on the table and shouted, "Mr. Yao."

The voice is not very loud, but she is the only one to stand up, enough for people to hear.

After Yao Qi slapped Wu Suishan, he kept talking to Fei Weiye after he said "I will pack you later."

I don't know what I said, but I can see that Fei Weiye's face is very bad, while Yao Qiu's face is smug.

Maybe the negotiation went smoothly.

Yao Qi's face was a little better when he heard someone speaking, it was still a girl.

After all, he didn't want to offend these guests too hard.

Nephew Leukyne needs to keep Changgang's industry in his hands, and these people will move around in the future.

An Xia, who became the focus of the audience, had a pained face, clutching her abdomen and begging for help, "Mr. Yao, can I go to the bathroom? My stomach... my stomach is uncomfortable."

He didn't immediately agree, and asked someone to come over and see how to get back.

The girl's family affairs, the blood has flowed into the shoes.

Yao Qiu made a benevolent arrangement, "Suffer, I will let you accompany you. Do you need clean clothes?"

"I want to change clothes and shoes, preferably pants." An Xia really asked.

Xie Chiyan almost didn't hear her heart jump out of her mouth.

Cattle!

Also talk about terms.

It has fulfilled Yao Qiu's hypocrisy and nodded in agreement, "There should be preparations on board, but it's not a big name. You are wronged and put on it."

Let people bring the clothes to change first, and then let An Xia leave.

Clothes, trousers, and sneakers are really not wronged.

All Anxia needs.

There are two directions to the toilet, one is left and the other is right.

An Xia sat on the right, naturally it was impossible to cross the venue and go to the left.

To the right, the location of Wu Suishan.

Mu Chenyuan saw An Xia being caressed by someone, with an expression of pain, staggering towards Wu Sui Mountain.

In the surveillance, Xiangxian watched the movement of the venue, and asked Fei Weiye cautiously when he saw this.

"Which daughter is this? Very face-to-face."

Fei Weiye raised his eyes and said indifferently: "People from abroad have contacts with the Fei family."

Chapter 1173: Who gives you the courage

There are many contacts with the Fei family abroad.

Partially, only this Miss An Xia was Fei Shao who came to pick him up in person.

It shows her importance.

"It looks uncomfortable, or else..."

"No need." Fei Weiye interrupted, "Yao Qiu is not stupid, he dare not offend everyone on board."

Fei Weiye didn't pay attention to An Xia.

It's not important to be a student.

Fei Weiye said that the biggest problem with his cousin Fei Baiyan was his self-confidence in the past.

He still didn't know that the girl he didn't put in his eyes caused him to completely roll over.

An Xia had already walked to Wu Suishan's side.

While shaking, suddenly staggered, and the whole person planted towards Wu Suishan.

It's not a surrender.

She fell sideways.

His hands fluttered, seemingly random, but in fact, his hands almost embraced Wu Suishan, and he plummeted from his chest.

Hands, naturally it is impossible to hold people strong.

But all the devices hidden under the suit were touched.

Sure enough, there is a problem.

"Little girl, what are you doing!"

Wu Suishan was so **** terrified, and tremblingly questioned, "If he has eyes, he can walk..."

When the voice finally fell, the voice weakened.

He saw the girl who almost didn't fall over and fell to the ground with a "boom," and there was no response for a long time.

Oh shit!

What's up!

The gaze swept the little girl's legs, white and dangling, without any flaws, but there were a few extremely dazzling blushes.

Looking at her face again, she was pale and pale, and she knew her body was out of order at a glance.

"..." Wu Suishan didn't know what to say at all.

It's not suitable for Yao Qiu to slap the sullen fire by cursing a few words.

Yao Qiu's face was also very bad.

Drinking coldly, "What are you still doing to help people up!"

The waitress who accompanied An Xia was from Yao Qiu's side. She looked slender, but she was actually a little fistful.

She had been supporting An Xia just now, but unexpectedly, there was an accident.

"Miss Ann...Miss Ann..."

He shouted in a low voice, but saw that the man who fell to the ground was lying on the ground with pain, his hands pressed against his lower abdomen.

"It hurts..."

I also heard the pain.

The same woman, knows what it hurts.

Menstrual cramps.

"Miss An, you get up first, and you will take two tablets to relieve the pain for a while."

As he said, he forcibly pulled An Xia up.

Off the court, Winsier's face was so gloomy that it was about to drip.

what reason?

Was it not good before?

Why did you get sick all of a sudden?

Winsier, a man, didn't know what happened.

It wasn't until Curry reached his ear and whispered that Winsier understood.

The handsome face was a little unnatural.

It turned out to be a peculiar problem for girls.

Mu Chenyuan was counting the days of Anxia's monthly affairs.

If he remembered correctly, Anxia came on time on the 29th at the end of the month.

Now, it's almost a week away.

Earlier?

In the depths of the cold eyes is a worry that no one can find.

The hands on the knees are tightly closed, and the tight jaw line is faintly sharp.

Two other men also thought of An Xia's side.

One is Chang Fan and the other is Xu Yong.

At this time, the two of them came out to express their affection in front of An Xia.

After all, Chang Fan was a little bit jealous, and Xu Yong took the lead.

"Mr. Yao, can you let me take Ms. Anxia to the bathroom? Or, the rest room? If Mr. Yao is not at ease, you can send another person to watch us closely."

Xu Yong stood up from a bunch of waiters and spoke.

It's trying to calm yourself and speak clearly.

When the guests in the audience saw this, they were all in Changgang and Changhai. Those who could be famous in Shanghai. Seeing this, a middle-aged man slapped the table fiercely.

Chapter 1174: Do you need me to hold it

If you don't stand up again at this moment, it will be too late!

Yao Qiu must think everyone is afraid of him.

The appearance tonight is, in the final analysis, an infighting of the Fei family, and it has nothing to do with them.

The Yao family's properties are all in Changgang and Changhai. Forgive him for not having the guts to turn his face with everyone.

Unless, for Fei Erye, he left Changgang and Changhai since then, and even discarded his family business.

But is it possible?

Why did you work for Fei Erye? I didn't want to make the Yao family better!

After the middle-aged man figured it out, he had the confidence to slap the table and anger.

"Yao Qiu, don't deceive people too much! Tonight, whoever is going to have trouble with our boat, I'll see how you stand in the two places!"

When someone comes out, someone naturally agrees.

All of them were cruel in Shang Hai, with decision-making and means, and it was clear that Yao Qiu had to put pressure on the current situation.

The Fei family fights internally, they don't interfere, but Yao Qiu wants to take them, huh!

Try it!

"Yao Qiu, take a good look at us, and weigh whether you have that weight and whether you can be an enemy of everyone! The second master Fei behind you will be there tonight, for fear of giving us some face!"

"Yao Qiu, in the past, let me remind you that you might as well ask Fei Shao where the girl who fainted is from! Don't offend people, don't know who it is!"

"Fei Weiye" spoke, and his voice, form, and behavior were exactly the same as those of Fei Weiye behind the surveillance.

Winsier sat up straight, and even though he knew a little bit, he still wanted to know more.

"Miss An, I have some business relationships with the Fei family." Sigh, Fei Weiye glanced at Yao Qi with pity, "Mr. Yao, you can be more careful."

Speaking of Yao Qiu's heart is aroused.

The business relationship with the Fei family is not to be offended.

Whether it's true or not, it's just a little girl, take care of people first!

Xu Yong walked out and went straight to An Xia.

He saw the rich lady, who was usually cold but full of aura between his brows, was tossed with dysmenorrhea to the point of exhaustion.

His face was even more pale to distressing.

The pampered flowers have not fully bloomed her beauty and value, but they can't just be ruined like this.

Although, the appearance of weakness-so excited him.

"Miss An." His hands firmly held An Xia's shoulders.

At this time, Xu Yong paid special attention to details and never took advantage of the opportunity.

"Do you still have the strength to walk? If not, do you need me to hug and walk?" You know to ask An Xia first.

How can An Xia let him hug herself, shake her head, her small face wet with sweat folds into fragile beauty, "No, help... help me in."

"Pain medicine, give me pain medicine."

The waitress who was with you immediately said: "You go and change your clothes first, and the painkillers will be delivered immediately."

There is a medical kit for first aid and painkillers on board.

"Thanks, thank you." An Xia nodded, leaning on Xu Yong's whole body, and with his strength, walked towards the bathroom with great difficulty.

Except for Mu Chenyuan, no one noticed An Xia made a gesture.

Mu Chenyuan took a sip of lemonade, his eyes darkened.

She said that there was a bomb on Wu Suishan.

Most of them are time bombs.

It was confirmed that there was a bomb, and the next person to rescue was Wu Suishan.

An Xia...

Looking at her background all the way, Mu Chenyuan only felt that his throat was dry and astringent, and his throat seemed to be congested.

Now he couldn't tell whether she was in real pain or fake pain.

Is she okay?

An Xia is so good.

Learning to disguise is one of her survivals in the Imperial Realm.

Dysmenorrhea does not exist.

On Winsier's side, his heart sank sharply.

He asked Curry, "How could it hurt so much?"

As a man, it is difficult for him to understand.

Chapter 1175: Just have a baby

But Curry is also a man.

However, he has significantly more reserves of knowledge in this area than Lord Earl.

No way, he is an encyclopedia of life, and he must know a little bit and know a little bit.

In order to answer some down-to-earth, civilian-style questions from Lord Earl at any time.

The girl with dysmenorrhea is too far away from Lord Earl.

As far back as today, it was the first time that Lord Earl knew that a girl's physiology could make it a normal patient and tortured it into a severely ill patient.

He said, "It's very painful. Some girls have pain before they come, and some girls have pain after they come. Some last one day, some last three days, and some last until the end."

"..." Winsier asked dryly and shamelessly, "It hurts like this, you will die."

Very naive question.

Curry replied very seriously, "No, take medicine to relieve. It is said that after giving birth to a child, it will be relieved."

Will it ease after giving birth?

Lord Winsill made Curry's eyelids jump wildly.

He thought, he should have said something wrong.

It was so wrong that he misled the wise Lord Earl.

"Ms. An Xia is only 18 years old, two years before Xia Guo's legal marriage age."

It is a clear reminder to the Earl of Winsell.

No way, he was very worried that Earl Winsell would do something big that everyone could not expect.

For example, tie Miss An Xia to his private island, and then let Miss An Xia give birth to a child with the noble blood of the Winsier family.

The Winsier family does not allow blood to be confused!

The countess must be from the same noble birth, never a commoner.

Hearing this, Winsier glanced coldly in the library, "What do you want to say?"

"I want to say that Miss An Xia should take painkillers."

The adult told himself with his eyes, and besides, he would be ruined.

As a subordinate, you must know how to please adults in time.

This is the basic staff code.

An Xia has left the venue and came to the cleaned and incense-smelled toilet.

The toilets of the cruise ship are quite large and the design is also very luxurious. In addition to the convenience of each compartment, there is also a dressing table for the ladies to change clothes.

Entering the bathroom, the waitress put the clothes on the dressing table, "Do you need my help to change clothes?"

An Xia sat on the toilet and waved her hand, "No, thank you."

"Then if you need it, please call me at any time."

After speaking, he exited the compartment and closed the door.

Did not leave, waiting at the door of the grid.

She needs to stay on guard.

In the compartment, An Xia slowly began to change clothes.

Although HuaFu is beautiful, it affects actions.

A sports suit and sneakers are a perfect match.

The speed of changing clothes was very slow, but the things I had touched on the waist of Wu Sui Mountain were quickly drawn in my mind.

She has seen a lot of bombs of various types, and has dismantled a lot of bombs. By touching them, she can even tell which type they are.

The long skirt is taken off, and the beautiful figure is perfect enough to make girls feel inferior.

The big area is just right, the thin area is full of grip, and the curved area is perfect and sexy.

The skin is as white as snow, and the light is faintly shining with a bright texture.

only...

There is an injury on the inner thigh.

The wound is not small.

It is a wound cut with a blunt object.

There is no blood bag plasma, so I can only bleed the blood on my own.

Blood and red wine are very effective.

Enough to let people see that she came to a big aunt and it was bloody.

The wound was directly ignored by An Xia.

"Boom boom—"

After the knock on the door, the voice of the waitress came, "Miss Ann, give you painkillers."

The door opened, and blood and alcohol rushed toward his face.

"thanks."

Chapter 1176: Big fish, close the net

The outstretched hand, with slender and white fingers, looks like a lady from a wealthy family, living the days when she stretches out her hands in clothes and opens her mouth with food.

"You are polite."

Without suspicion, the medicine and water passed in together.

Outside, Xu Yong bowed his head slightly, breathing slightly, waiting for An Xia to come out.

And beside her are two people sent by Yao Qiu.

In just such a short time, there was already a mess in the venue.

Yao Qiu tied Fei Weiye.

He actually **** Fei Shao, Fei's only son.

"Everyone, I'm shocked. The housework of the Fei family has made you all tired."

After tying people up, Yao Qi's expression of a winner began to fill up the boss.

With his fat head and big ears, he pretended to be like that.

Someone said, "Yao Qiu, stay on the sidelines. Fei Shao is the only son of Fei Lao. If Fei Lao is still alive, you should jump out and make waves, I'm afraid it's wrong."

How could it be broken so quickly with Fei Shao's wrist?

There are many doubts.

Now come out and say a few words, that is, just a few words.

"President Yao should be more polite. Everyone has a face. If you don't say anything like this, I am afraid that no one will dare to cooperate with Mr. Yao in the future."

"No matter how Fei Shao and Fei Erye fight, Fei Shao is a member of the Fei family after all. Mr. Yao, you are just a relative in-law, don't be too much."

The words are not too dead, but persuasion is the main thing.

Who knows what the result will be.

In case Fei Erye succeeds in seizing power, those of them who want to have contact with the Fei family in the future will have to contact Fei Erye.

First, both sides must not be guilty, and see how the wind blows.

Yao Qiulang laughed loudly, and there was a bit of arrogance in his words, "It's just a kid, no matter how young he is! To blame, it is to blame Fei Lao who was too in love with power when he was alive, and refused to let go of his only son. Show your skills."

"Fei Shao Fei Shao, don't be angry about you. Since ancient times, the winner is the king and the loser is the bandit. You owe something. Fighting with your second uncle Fei is doomed to a dead end."

"Don't worry too, Fei Erye is a lover of family. I have told me not to harm you, just hand it over to him."

"People like them have a bit of truth in what they say. You are the Fei family after all. My in-laws don't speak enough weight, and I don't have the ability to harm you."

"Also persuade Fei Shao to cooperate and suffer less. Otherwise, the people below me are all awkward, and they are not serious. I really want to suffer from you. I can't explain it to my brother-in-law."

Finally, I didn't talk about Fei Erye, but my brother-in-law.

It is not only to warn Fei Shao, but also to remind all guests that Fei Erye is his brother-in-law of Yao Ce!

The venue was quiet for a few seconds.

The real Fei Weiye was standing in front of the big monitor screen, playing with the tail ring, the smile between his eyebrows was cold.

Second uncle, second uncle, are you really relieved to do something for such an idiot?

I'm afraid not.

It depends on when his cousin Fei Baiyan will be on the stage.

Someone came in, suddenly it was the man who received Mr. Cai in the corridor.

"Fees less, help, the goods are already ordered, Mr. Cai asked when he can leave."

Xiangxian said: "Prepare the boat and send Mr. Cai away."

"Yes."

The man nodded and leaned to leave.

The first important business tonight is to complete, and then it's time to take care of the fees.

The fake fees in the surveillance have been taken down.

Wu Suishan heard the voice of the offering again.

"Mr. Wu, you have to work hard to keep the fee low. If you keep the fee low, your little life will be saved tonight."

How to let him stay!

Wu Suishan Qiang with a distorted expression said, "Mr. Yao, do you want to take away Fei Shao like this?"

There is only such an excuse to keep people!

"Wu Suishan, you **** shut up for me." Yao Qiu remembered that there was such a villain.

Chapter 1177: Crazy game

Oh shit!

Packed up together.

"Screw him away for me!"

Fei Weiye couldn't solve it now, but Wu Suishan could still solve it.

Wu Ershao was a little anxious.

"Brother, don't you save uncle?"

The two brothers of the Wu family were both present at the meeting, as were all those few dudes.

When encountering major events, one by one is more awkward.

"I didn't let you talk, shut up." Young Master Wu stared at his own brother coldly. If it weren't for his own brother, he would have killed him.

"Can..."

What else Wu Er Shao wanted to say was frightened by his brother's eyes.

All right.

He shut up.

Lifting his eyes, he saw the girl who punched him in the lower abdomen returning to the venue.

Thinking of the shame before, Wu Ershao's eyes suddenly congested.

It's her!

If it weren't for her, I wouldn't have lost a little finger!

"Brother, that woman, help me kill her."

Young Master Wu looked up, and did not agree to his brother's unreasonable harassment, "Her family has business dealings with the Fei family, and Fei Shao is dependent on her. If you want to kill her, why don't you kill yourself first?"

"But now Fei Shao has collapsed." Wu Er Shao said angrily, and showed her left hand, which had lost her little finger. "Look at it for yourself! My ten fingers have changed into fingers! I'm disabled!"

"It's that woman who hurt me. If it weren't for her, what would I do?"

The Wu family wanted to slap him very much.

Is this his own brother?

Is it a mistake?

"Do you want to die? If you want to die, I will kill you now." He bit his cheek tightly and said harshly: "What kind of death is up to you!"

My brother didn't help myself, and wanted revenge. It was difficult.

snort!

Then he finds a way to clean up.

I'm not afraid, I can't kill a woman.

The fierce gaze caught Xu Yong's attention. He glanced at it and said bitterly: "Miss An, Wu Er Shao has been staring at you. I am the one who hurts you."

An Xia was still a little erratic on his walk. Hearing the words, he tugged at the corner of his mouth, and said weakly: "It's okay, he is in Changgang, we are in Changhai, there is no chance to meet."

"I still want to thank you, don't do this next time, it's too dangerous."

"You don't care about the danger and offend Young Master Wu, I want to stand by, am I still a human being?" Xu Yongwen steadily supported An Xia and walked to his seat.

Changes happen suddenly.

In the corner, a waiter rushed out.

"Mr. Yao, be careful!"

The venue was in chaos.

Febaiyne appeared.

The waiter who rushed out received the order to dedicate him, and rushed to Fei Baiyan who was mixed in his hands at the fastest speed.

And in his hand, there is also a cold dagger.

"Hey!"

The lights went out and the entire venue fell into chaos.

"Don't run! Don't mess! Sit down, all sit down!"

"Be calm, don't be messy!"

Someone shouted, trying to stabilize the situation.

Who will listen?

Go back to the room and talk about it!

Xu Yongla took An Xia's shoulders, "Miss An, do you believe me?"

"It's all this time, what kind of nonsense are you talking about!" An Xia was anxious, she could hear that she was panicked, "My classmate, hurry up, find my classmate."

"I'll take you out first, and then come to see your classmates. Let's go!"

Xu Yong gritted his teeth and withdrew towards the exit with An Xia.

What to withdraw!

Tong Xiaoguan, Tang Chuye, and Asicuo were still there.

"No, I can't go, my classmate is still there, Xu Yong, you take me over! Hurry up."

Anxious and frightened, his hands clung to Xu Yong's sleeves, and his shoulders were hit several times without letting go.

In the dark, the corner of Xu Yong's mouth turned up.

"An Xia! An Xia!"

It's Chang Fan's voice.

"Miss An Xia, Miss An Xia."

It was Curry's voice, they all came to An Xia.

There is no Mu Chenyuan alone. ==

good night

Chapter 1178: Have a good heart

Because Mu Chenyuan is already by Anxia's side.

He pretended to squeeze over with others.

As soon as someone turned on the light of the mobile phone flashlight, he "bumped" all the way to An Xia.

And hold An Xia's hand.

The cameras are all infrared, which can be seen clearly even in black, and all communication can only be done in the dark.

At the moment when the hand was held, An Xia, who was shrouded in darkness, smiled.

There are two reasons why she was not taken by Xu Yong.

1. She is going back to find Tong Xiaoguan and the three of them.

Second, she is waiting for Mu Chenyuan to come and find her.

She guessed that Mu Chenyuan would definitely rush over to find her in the first place.

Sure enough, at the moment when her big dry and warm hands wrapped her hands, An Xia's cold eyes were warmed by a warm wind.

"take care of yourself."

A very soft voice, without missing a word, floated into the ears.

An Xia bent her lips, "So do you."

The wrapped warmth disappeared, and the breath belonging to Mu Chenyuan also disappeared.

He went to find Wu Suishan.

There is not much time to ask if his girlfriend is really in bad health.

The moment she held her hand, she shook herself back with the same strength.

Ten fingers to each other, tell each other, everything is fine.

Mu Chenyuan cooperated with the national police, and what Anxia had to do next was to find Tong Xiaoguan.

"Xu Yong, take me to find my classmates, you quickly take me to find them." An Xia, who was possessed by the dramatist, staggered, insisting on going back against the current.

She said she was going back, but she didn't have a sense of direction.

Xu Yong was stubborn, so stubborn that he could only rely on it.

"Miss An, I'm familiar with the venue, I'll take you to find them." Hugging her shoulders, Xu Yong came to the fifth table as quickly as possible.

Tong Xiaoguan, Tang Chuye, and Axicuo listened to An Xia's instructions, and the meeting place went into chaos, and they immediately fell on the ground.

Xie Chiyan who wants to run: "..."

Depend on!

Is she running or lying down?

Tang Chu also pressed her to the ground with such a second of entanglement.

And said, "Big brother said, the more chaotic the more you don't, the safer it is to lie under the table."

Xie Chiyan, who has never been lying on the bottom of the table, has a dark face and a complicated mood.

Black history!

Definitely black history.

Absolutely forget after you go out!

No one is allowed to say any more.

"You are not allowed to say anything about tonight, including our drilling under the table." He gritted his teeth and warned, "Whoever dares to say it, I'll trouble anyone!"

Hearing Tong Xiaoguan rolled his eyes, "Sister Xie, when are you still caring about this! Keeping my life is a prerequisite."

Who would say?

It's not a good thing.

Unreasonable worries!

"You are too stupid, tell you in advance." Xie Chi Yan coldly hummed back.

I don't know what is wrong in An Xia's mind, and she stays with these oil bottles every day.

I'm not afraid to pull down my IQ.

When it comes to "stupid", Tong Xiaoguan has too many words to go back.

"Huh? We are stupid? Senior sister Xie, the pig teammates around you are stupid. They swagger across the street all day long. You Xie senior sister, and senior sister, I'm stupid, one is more stupid than the other."

"Especially your senior sister, who is beautiful, but with a group of pig teammates every day, I don't know if you want them to set off your high IQ? Or is it that you and them are the same person."

Tong Xiaoguan never loses than a poisonous tongue.

Xie Chiyan's face flushed with anger, "School girl, advise you to be kind! With such a poisonous mouth, beware that you won't even be able to find a boyfriend in the future."

Tong Xiaoguan reacted quickly to the thief, in seconds, "Laughing to death, boyfriend is a bird, affecting the speed of this lady's sword."

The two of them were still in a mood to quarrel, and Asicuo and Tang Chu were also frightened.

"You guys, don't talk, don't talk." Tang Chu also persuaded in a weak voice, "If someone finds out, we will be miserable."

Chapter 1179: Dead fish

But Tang Chu's voice was so weak that it was even smaller than that of a mosquito.

Axicuo said louder, "Can you two shut up? I don't want to die, thank you."

Shocked the two of them.

After all, they are also afraid of death.

When An Xia came over, the four of them honestly lay under the table.

When several people heard An Xia's voice, it was like seeing a ray of light in the dark, and crying with joy.

"Big Brother..."

Climb all out.

Xu Yong interrupted the girls' huddling and crying, and said Shen: "Go out first."

Before he could say "Big Brother, you are here", he rushed to the second floor under Xu Yong's leadership.

You can't stay in the venue, you can still do it on the second floor.

Xiangxian looked at the venue with fewer and fewer people, and kept a smile at the corner of his mouth.

These people, they had no intention of hurting.

Mainly Fei Baiyin and Yao Qiu.

"Fei Shao, then I passed by?"

Fei Weiye waved his hand, "Go ahead."

The net has closed, it's time to liquidate.

Yao Qiu has been surrounded.

The situation has turned upside down.

Yao Qiu, who was still mad and proud just now, was sweating profusely.

He did not expect that there were so many Fei Weiye people on the ship.

How could this be?

Obviously, the people on the boat are from his side.

Why are all Fei Weiye's people in the blink of an eye?

Yao Qiu, who was stuck in the corner of the venue, sank to the bottom.

I don't know what happened to his nephew Fei Baiyin. He was still together, but was washed away by the waiter who swarmed up.

The clever nephew should have gotten away.

Instead, it was myself, trapped.

Oh shit!

They weren't ordinary waiters at all, they were all Fei Weiye's people.

The people he brought over were beaten up and screamed again and again.

Even the thugs who protected him were brought down one after another.

Seeing fewer and fewer people he brought over, Yao Qi panicked, took out his dagger, pressed it against Fei Weiye's neck, and shouted.

"Damn, I don't want Fei Weiye to die, so **** stop me!"

As long as Fei Weiye is still in his own hands, he can always get away.

"Mr Yao's temper is as hot as ever."

In the dark, Xiangxian walked with a smile.

The voice is neither sulky nor hot, and it sounds very comfortable.

It fell into Yao Qiu's ears, but it seemed to be thunderous.

Contribute?

Why is he still on the boat?

Didn't you say that something happened temporarily, so let's go first?

"Presenting?"

Not sure, gritted his teeth and shouted.

In response, "Mr. Yao has worked hard."

He whispered to the thugs surrounded by Tuantuan: "There is no rule, Yao is always the wife and brother of the second master of the Fei family, and is the elder of Fei Shao, you are too presumptuous!"

He reprimanded without any sincerity, and said to Yao Qiu: "Mr. Yao, do you want to pay less first? Let's discuss the other matters?"

Let people go?

Ah!

Letting people go is the time of his death.

He knew how ruthless Fei Weiye was.

"Heh! Stop the **** nonsense and prepare a boat for me! Otherwise..." He said fiercely, and the knife in his hand swiped the neck of Fei Weiye lightly.

A lock of crimson wet the sharp blade.

In exchange, Xiangxian chuckled softly, "It seems that Yao always likes to drink fine wine, so don't blame Fei Shao for not giving face to relatives."

"Fee, it's time for you to go out."

As soon as the voice fell, Yao Qiu heard Fei Weiye, who was held hostage by him, speak.

The voice was so unfamiliar that his pupils tightened.

Later, there was severe pain in the abdomen.

"You...you..."

Before he died, Yao Qiu finally discovered the strangeness.

It's a pity it's too late.

On the other side, Wu Suishan was rescued by Mu Chenyuan.

He escaped from the dead, he didn't even have time to gasp, and hurriedly said: "Hurry up, call the police, call the police. I have a bomb on my body,"

"The tortoise grandson of Fei Weiye wrapped a remote-controlled bomb on me and called the police first!"

If you don't call the police, he will be blown into dregs.

Chapter 1180: The whole body cells are acting

Mu Chenyuan didn't speak, turned on the mobile phone flashlight to check.

Just take a look, my heart fell heavily.

"Fake, toy."

? ? ?

Wu Suishan was stunned, "Fake? You said the bomb was fake?"

"right."

Mu Chenyuan turned off the flashlight, without letting Wu Suishan see his appearance.

"How do you know it's fake?" Wu Suishan didn't believe it.

fake?

How can it be.

"Slightly involved, a little understanding."

"Is it true? Are you sure? This is not a joke, life is a matter of life." Wu Suishan, who cherishes his life, is still uneasy.

Mu Chenyuan thought for a while, continued to deliberately suppressed his voice, and replied, "If it is true, do you think you are still alive at this time?"

...

It makes sense.

If it was true, he would have been blown up a long time ago.

A bunch of national curses came out. He was from Chang Hong Kong, and he was cursed in Chang Hong Kong dialect.

Mu Chenyuan could only understand half of it.

Interrupted his cursing, "Mr. Wu, hide yourself and don't run around."

"It's hard to kill me, how dare I run around?" Hey, no, Wu Suishan panicked. "You want to go out? Young man, don't go out. Fei's family fights. You might accidentally hurt you when you go out."

For the sake of saving his own life, remind him.

Of course, the most important thing is that he stays alone now, afraid!

The young man who rescued him felt a little fist, and he could protect himself by staying.

Mu Chenyuan knew what he was thinking, "They really want to find you, and it will take some time. When the Fei family's internal fight is resolved, Yao always wins and everyone is safe."

"Yao Qiu that **** can't win." Wu Suishan said without thinking, "Xiangxian has not been on the boat from beginning to end. The words I stood up and said tonight were all instructed by Xiangxian."

"Win? What did he win? Fei Erye? Fei Erye can't match Fei Weiye."

Mu Chenyuan didn't leave.

The Changgang National Police, who was hiding by his side, left silently. He needed to find Xiangxian to see if he could be found.

the other side

Xu Yong took An Xia to the third floor.

Just as he was about to come out from the second floor, the leader Xu Yonglicheng retreated.

Several girls behind him were frightened.

"What's the matter?" An Xia asked, and he wanted to look outside.

Xu Yong pulled her back, "Someone is guarding, it should be the person arranged by President Yao."

The girls all gasped.

"What should we do? Where else can we hide?" An Xia asked, panicking, the ending sound trembling.

Xie Chiyan had a question mark on her face.

Something's wrong.

Is An Xia afraid of this?

When she was with them before, she was so calm as to be watching a catwalk, she was not at all scared.

Now, in front of a waiter, pretending to be afraid?

Also Xiaoniaoyiren.

A bold conjecture came to mind.

No way.

She thinks too much.

An Xia doesn't like Chang Fan. She likes this waiter who has no money but looks pretty?

"Go to the other side." Xu Yong pulled An Xia tightly and withdrew.

He also didn't know which side it was.

I only saw someone attacking.

Knife after knife, stabbed into the man's stomach.

The distance was very close, and An Xia smelled very faint blood in the sea breeze.

His eyes flashed coldly, and he asked tremblingly, "Are there many people? Can we go back alive?"

"Well, there are a few. Don't be afraid, you can definitely go back alive." Xu Yong gently comforted, "Yao is always from Changgang, he dare not go too far. Otherwise, he won't have a good day in Changgang in the future."

"Then, should we go quietly? Xu Yong, I'm afraid I will meet people when I return." An Xia used all his life's acting cells, "Let's go quietly."

She wanted to know what happened.

Xu Yong didn't dare to take the risk, "Something happened before, and if we were discovered, we would be killed."
