

Goddess 1211

Chapter 1211: Alarm handling

Xu Yong didn't see the content of the text message, he only saw the words "Miss An Xia".

Is it that foreign man?

The man he saw in the hospital that day flashed in his mind, and Xu Yong, who was speaking, had a cold light in his eyes.

"Enter the master control here, and the drive mode can be changed inside..." he said carefully, making people feel like a spring breeze, "I'm here to adjust the color and brightness of the lights in the car..."

An Xia ignored the text messages and listened very carefully to his instructions.

In less than half an hour, An Xia was able to operate independently.

Half an hour is enough for Xu Yong to play.

"Thank you today." The car drove slowly, and An Xia slowly drove the car to the main road. "Actually, you don't have to ask for leave to accompany me. The car dealer will teach me."

Xu Yong was sitting in the passenger seat, moved unnaturally, glanced at An Xia, lowered his head, and replied softly, "They don't know how to teach me. I don't count as asking for leave. Generally, no customers will come to see the store after six o'clock."

At seven o'clock in the evening, the traffic on the main road was a bit heavy, and there was no way to speed up the dazzling red overtaking, just like an ordinary car, it glide slowly.

After listening to his explanation, An Xia was very embarrassed and said: "I am bothering you again. Where do you live? I will send you back."

"No need." Xu Yong laughed, his handsome and handsome face was slightly flushed, "I am a man, how can you give it to you. If you want to give it, I am the one to give it to you."

After speaking, his face became even more red, "Sit in your car to see you off."

"You send me it, I will drive back to school directly." An Xia didn't persuade too much, she really didn't want to send Xu Yong!

The car he had ridden in didn't even want to drive, and he would give it away at that time.

Look at the anniversary year, if Ye Jian and the others want it, give it to them.

On the way back to school in the car, Lin Yinya texted An Xia, "You have gone out? Why haven't you returned? Senior Chang Fan is looking for you."

When waiting for the traffic lights, An Xia read the text messages.

Winsier's text message was ignored, and Lin Yinya's text message came back. "I just picked up the car, and now I am going back to school."

"Take a car? You bought a car again? Great!"

Immediately sent another text message, "I want to know, is it the Xu Yongti car?"

Now the whole school knows that Anxia, who drives more than 50 million supercars, may be in love with a salesperson who sells cars.

But it has not been confirmed.

Don't know if it is true or false.

An Xia himself knew that he did not take measures and let the rumors fly everywhere.

Thanks to Tong Xiaoguan for her quick mouth, which helped her to add to the flames.

"Yes, he is in my car now, going back to school together."

I believe that Lin Yinya will definitely tell Changfan when she sees this message, with her undaunted character.

really!

Lin Yinya took a look and immediately gave Chang Fan a screenshot.

"Senior Chang Fan, the Anxia school girl you are chasing is together with your rival, the salesman who sells the car. He is now sitting in Anxia's new car to send Anxia back to school."

After the text message was sent, she also sent a screenshot to An Xia.

"Next, will there be a fight? I'm looking forward to it."

The screenshots and information were sent to Anxia.

An Xia smiled after reading it.

"What do you think of? So happy?" Xu Yong asked next to him.

An Xia smiled into her eyes, "No, just happy, I want to laugh."

Intentionally or unintentionally release signals that will make Xu Yong misunderstood.

Xu Yong also smiled and turned to look out of the car window.

Outside the open window, you can see a black SUV waiting side by side for the traffic lights.

The driver was a middle-aged man. He looked sideways at the cool red supercar. When the two met, the middle-aged man blew his whistle.

Said, "Dude, you have the ability, not bad, not bad."

Chapter 1212: Please trust me

Those who know the car will know how expensive the red supercar is, tens of millions.

The man sitting in the co-pilot had a nice face, but he wore mediocre clothes. The watch was also an ordinary watch of two or three thousand, which was less than a fraction of the price of a girl who was driving.

Anxia's watches are more than two million yuan, which is expensive for the average person, but for the really rich, it is almost the price.

The man driving the SUV knows a little bit about the car and the watch, and he can tell at a glance that Xu Yong is capable.

It means that Xu Yong has the ability to hand it over to a rich man.

Hearing the voice, An Xia leaned slightly to look in the direction of his right hand.

The middle-aged man driving the car saw him and was taken aback.

The green light comes on and the car starts.

The middle-aged man let out a "foggy grass" on the low ground, and left after the traffic.

Niu batch!

She's so handsome and can serve as a meal!

I thought it was a pretty rich woman, but she never expected to be a beautiful and stunning girl!

People are better than others, so **** mad!

Chang Fan is going to die of anger!

The prey he fell in love with, ran away with others!

Gritting her teeth and sending a message to Lin Yinya, "When will you be back?"

"I don't know, it should be soon. I'm going to wait for An Xia at the door to see what her new car looks like."

Lin Yinya keeps irritating Chang Fan, she hopes these stinky men will fight!

She said so, and with Chang Fan's temper, she would definitely fight the car seller.

Hahaha!

let's hit!

The fiercer the fight, the better.

She dislikes both of them!

One Haiwu, still want to chase Anxia? dream!

A car seller, where's the courage to chase Anxia? Don't think about it, no way!

She dare to say that An Xia is absolutely impossible to see the two of them.

After sending the text message, she ran to the bedroom next door.

Pushing the door in, a smell of medicine rushed over.

Tong Xiaoguan and the others are changing the dressings of Tian Xinyuan and Luo Keyi.

These two are also cows, fighting until they burned and went to the hospital. The reason for the fight was super funny.

Isn't it just a misuse of skin care products?

Very clear?

Is it worth fighting?

"Oh, tap it lightly, it hurts!"

Tian Xinyuan shrank her legs, Wei Tong Xiaoguan struck hard.

"Tong Xiaoguan, you let her go on her own, it's all the problems you are used to." Lin Yinya also couldn't understand Tian Xinyuan, a princess sick, and she likes to make trouble for her classmates, so she really is a princess!

Tian Xinyuan stared, "What's up with you!"

"Who cares for you." Lin Yinya gave her a glance and said to Tong Xiaoguan, "An Xia and the car seller are coming to school. I told Chang Fan that we are going to wait at the school gate now. Do you want to go down?"

What?

What are you talking about?

Tong Xiaoguan's eyes widened and stared at Lin Yinya, "Who's the eldest brother here with?"

"Xu Yong, that's the one who sells the car. Go or not? No, I will go by myself." Lin Yinya only has a little patience with An Xia, the others really don't.

Tong Shuiguan jumped up from the chair, "You, you, you... You still told Changfan School?"

"Why, can't you say?"

"Surely I can't say it! Senior Chang Fan wants to know that he must not fight Xu Yong!"

Lin Yinya laughed, "Yes, I just want them to fight."

"Lin Yinya, is there something wrong with you! The two of them will fight each other and it will hurt my elder brother!" Tong Xiaoguan got angry and stuffed the medicine into Tian Xinyuan's arms, "Damn! Go on your own!"

He said to Tang Chuye and Asicuo: "Let Luo Keyi apply the medicine by himself, let's go down and have a look."

Never fight, never fight!

The impact will be bad!

After speaking, Tong Xiaoguan picked up the phone and rushed to the school gate.

Don't forget to call An Xia, "Brother, you let Xu Yong get out of the car! Senior Chang Fan may be blocking you at the school gate! The two of them ran into each other and they must have a fight!"

Chapter 1213: Just watch the excitement and don't participate

Fighting this kind of thing has always been only part of An Xia's participation, and never part of withdrawing.

Now that she can't get started, is she still not allowed to watch?

That can't be done!

As soon as he raised his arm, An Xia, who hadn't worked hard yet, easily shook off Lin Yinya.

"..." Lin Yinya doubts life!

Did you eat spinach? So powerful?

In order to hold An Xia, she used all her milk-feeding energy!

Raise her arm and throw her away, do you want to save her face!

An Xia directly looked contemptuous, where did the food he ate every day?

She hasn't worked hard yet.

"It's no wonder that in previous fights, you only acted as a think tank in the rear." Not only the eyes are contemptuous, but the language is also contemptuous.

Lin Yinya had a black face, "I'm a girl, can I get that much strength? It's you, so strong as a cow. It's no wonder you were able to get rid of Instructor Wu before."

"No, if I didn't tidy her up, and have a good time behind you? You deserve to hide in the corner to watch the excitement." An Xia pretended to argue with Lin Yinya.

She doesn't want to go, she wants to stay!

Lin Yinya didn't want to leave either, she wanted to stay even more, but she didn't want An Xia to rush over to persuade her.

Hearing this, he sneered, and dragged An Xia back, "Yes, we will hide in the corner to watch the excitement, and the same goes for you!"

Just in time, Tong Xiaoguan ran over out of breath.

"Big brother! Big brother!"

Seeing An Xia, people shouted before they came.

She didn't run past Lin Yinya, and chased after her breathlessly, and in the end she couldn't even see Lin Yinya's back.

Looking at Jiao Didi, how can you run like this!

Thanks to the training she received in the special education, Lin Yinya's physical fitness has been improved.

As if An Xia didn't hear it, Lin Yinya sternly shouted, "Let go! Don't let go, I'm not welcome!"

"Don't let go! The two men are fighting, what are you doing?" Lin Yinya felt that she couldn't hold An Xia, and shouted at Tong Xiaoguan, "I haven't eaten! I can't stop your eldest brother!"

It's also slow enough to run!

Tong Xiaoguan hurried over and hugged An Xia, and persuaded with all his heart, "Big brother, calm down, calm down, let's not be impulsive!"

"Fighting, let's not get involved, let them fight, let's go back to the dormitory!"

Back to the bedroom?

Lin Yinya stared, "Just look here! Don't go back to the bedroom!"

"You two are endless, let go!" An Xia immersed herself in acting, completely letting herself go, not forgetting that the two of them had already started fighting, and said, "Chang Fan, can you be more mature! Don't be like a child," Naive enough to only know fighting to solve problems!"

"Xu Yong, don't worry about him, hurry up!"

The students onlookers heard the gossip completely boiling over.

this...

"No, the rumor I heard last time was not a rumor?"

"What rumor? What did you hear? Why didn't I hear anything?"

"That is to say, An Xia didn't like Chang Fan, but a car salesperson outside the school. She also said that the salesperson looks good. Well, the man looks good."

"!! When did it come out? Why don't I know?"

The students who didn't know were shocked, she hadn't heard of it.

"Catch the wind and catch the shadows, who dare to say anything without evidence? I'm not afraid of being sent a lawyer's letter by An Xia!"

"I didn't expect it to be true! I didn't like Chang Fan, but a car seller."

"Otherwise, how could it be said that the rich girl's love is a poor and handsome boy, who has a deep sadomasochistic relationship."

"Tsk, I can understand why Chang Fan is angry. If it's me, I'm also angry, I'm going to die of anger."

"No, rich, handsome, and lost to a car salesman."

...

While watching and discussing, I took out my mobile phone and took pictures and sent it to the class.

Chapter 1214: Join together to be more exciting

After a while, everyone in the school knew that Chang Fan was fighting for An Xia.

Xie Chiyan played games in the dormitory, not watching the class group, and exclaimed "No way" with the girl in the dormitory, and put her mobile phone in front of her.

"Chi Yan, Chi Yan, look! Look! Chang Fan, Chang Fan is fighting outside the school!"

Today, Xie Chiyan has no interest in Chang Fan. Hearing this, without even looking at it, he said: "Go, go, it's my business, don't disturb me playing games."

"He was fighting with Anxia. The group said that the salesman who sold the car sent Anxia to the school! And, besides, Anxia bought a car again!"

"Damn! It's another tens of millions of cars! Does her house mine? So rich!"

I don't know if it's a mine. Rich is really rich.

Xie Chiyan finally became a little interested, "Xu Yong? Do you have any photos? Let me take a look."

"Yes!"

The girl zoomed in on the photo, Xie Chiyan took a look, and immediately opened the microphone and said to the teammates: "I'm sorry, there is an urgent matter, I will hang up."

After speaking, he lost the mouse and keyboard and rushed out of the bedroom.

She Chang Fan is not interested, but! She is interested in Anxia.

I want to know how she feels when two men fight for her.

Xie Chiyan rushed out of the bedroom, other roommates look at me, I look at you.

What are you doing in a daze!

Let's go over and watch the excitement together!

It's already very lively.

Chang Fan hit Xu Yong's nose with a fist, fierce and fierce, in order to punch Xu Yong's face into the waste.

"An Anfen sold your car and ran to our school to cheat. If you don't clean up today, I don't know how many girls are cheated when I look back!"

Beating people must be justified and awe-inspiring.

Xu Yong is really not Chang Fan's opponent.

After being beaten several times in a row, blood came out from the corners of the nose and mouth.

But at any rate, he is also an adult man, one-on-one, so he won't fight to the point of being helpless.

He also shook his fist and hit Chang Fan's chin severely, "Students, you have to speak responsibly, not what you say."

Compared with Chang Fan's open mouth, Xu Yong was calm in every aspect except that his fist could not hold his breath.

Chang Fan's eyes were red, but Xu Yong was not irritable, nor did he lose his mind or become unbearable even if he was beaten.

He screamed back, and Chang Fan was kicked in the lower abdomen again.

Chang Fan has learned martial arts, Xu Yong knows it.

But I don't know the depth.

It's a comprehension now.

There was no way An Xia could come over to persuade him, and he didn't expect it either.

It is a good thing that he was beaten by Chang Fan.

It was also an excuse to keep in touch with her.

As long as the contact continues, he is sure to take her down.

Time will not be used for too long.

Climbing up, Xu Yong waved his fist towards Chang Fan, and the two wrestled into a group.

For a while, Chang Fan beat Xu Yong to the ground, and then Xu Yong beat Chang Fan to the ground.

Fist to the flesh, all want to beat the opponent to beg for mercy.

But Lin Yinya was so excited that she turned into a cheerleader and shouted.

"Fight! Keep beating! A few broken teeth, a few ribs, that's enough!"

"..." An Xia suggested sincerely, "Why don't you join? It's guaranteed to be more exciting."

Now she is not going to persuade.

There is no way, being dragged by someone, she can't struggle with little energy, can only do it in a hurry.

Xie Chi Yan also joined in the fun.

First glance at the two murderers, and then find An Xia.

The first sentence when I came over was, "Two men are fighting for you, are they in a good mood?"

"What do you mean." An Xia asked her back.

Xie Chiyan said, "I must be in a good mood."

"Heh." An Xia smiled coolly, "Since I was young, there have been too many people fighting for me."

Chapter 1215: I am not familiar with them

Suddenly being pricked, Xie Chiyan rolled her eyes secretly.

Really Versailles!

Look at her small appearance, it is really possible that someone will fight for her from childhood to adulthood.

"Can you really keep your breath, not afraid of being called out by the school?" She hummed.

An Xia raised her eyebrows, "Their fights are their business. What does it have to do with me? Am I familiar with them? According to your statement, I wish to know my fights, I will be called out by the school to talk?"

"You are not acquainted with them, we don't know. Now, the classmates who know all believe that the two of them are fighting for you." Xie Chiyan reminded, "Senior sister said something, the school will not listen to you too much explanation. You do Prepare to be approved."

This time, An Xia hadn't spoken yet, and Tong Xiaoguan stepped forward.

"Sister Xie, our eldest brother has nothing to do with the two of them. It is Senior Chang Fan's own choice to hit people first. By the way, the reason why he hit people is that Xu Yong is a liar."

When these words were said, Tong Xiaoguan himself felt a little guilty.

Axicuo and Tang Chu beside him also nodded frantically.

Chu Tang also clasped Asicuo's arm with both hands, and said loudly, "I can prove that Big Brother has nothing to do with them."

"The one who has the most to do with Senior Chang Fan is not Xie Xuejie? My elder brother has not taken the initiative to find Senior Chang Fan." Axiculo also used the volume for An Xia to get away loudly, fearing that the surrounding students would not be able to hear him.

Xie Chiyan is least able to hear someone link her to Chang Fan.

Immediately drink coldly, "Don't talk nonsense, I have nothing to do with him 800 years ago!"

How much I wanted to have a relationship with Chang Fan before, now I don't want to have a relationship with him much.

Let her see through the cruise ship.

She did not tell An Xia that when she was bullied by the rich and young in Changgang, she saw Chang Fan and Chang Fan also saw her.

But Chang Fan didn't come out to save herself, but An Xia came forward instead.

Such a bastard, stay away early to keep safe!

Tong Xiaoguan immediately answered, "Then my eldest brother has nothing to do with Chang Xuechang! And Xu Yong, he is a salesperson in a car dealership, and my eldest brother used to pick up the car today!"

I wish I could advertise it with a loudspeaker in my hand.

Lin Yinya did not join.

She didn't say anything.

An Xia said it herself, she was unfamiliar with the two fighting guys, that's terrible.

Unfamiliar, what's the matter about fighting Guan Anxia?

The fight lasted ten minutes less, and the school security rushed over.

"What are you doing, what are you doing!"

Four security guards came, two of them pulled one, and they pulled them away in a few strokes.

At this time, both of them have already signed the lottery.

Chang Fan's T-shirt was torn and the corners of his mouth were red and swollen, and even his handsome hairstyle turned into a bird's nest.

Xu Yong is more serious.

All the buttons on the shirt were gone, and he was draped loosely. His face was seriously injured, his mouth and nose were all painted, and his forehead was bruised.

My chest and lower abdomen also hurt.

Taking a sip of blood, Xu Yong took a breath and said to the security guard who was pulling him: "Excuse me, you are optimistic about your students, I will go to the hospital first."

Upon hearing this, the security knew that this person did not want to alarm the school, so he resolved it privately.

A casual warning, "Don't pick the door of the school in future fights! Once again, we may call the police."

"It was an accident tonight. I'm sorry, I caused you trouble." Xu Yong tucked his shirt into his pants, wiped the corners of his mouth, picked up the suit jacket that was taken off before the fight, and put it on.

After sorting it out a bit, I can't see that I just played a game.

That is, the pants are a bit dirty.

On the contrary, Chang Fan didn't want the big things to be small and the small ones. Seeing this, he yelled, "Xu Yong, you don't pretend to be old here! I warn you, you will come to our school again to deceive people, and I will beat them up once and again."

"Classmates!" The security guard screamed, "This is the school, is this the place where you fight? Which grade and which class? Call your counselor over!"

Chapter 1216: Toad eats swan meat

Xu Yong had planned to leave. Hearing this, he said to the security guard: "The students in your school really need to be disciplined."

"I'm just sending a customer who sells cars in our car dealership back to school. Your school's students hurt me indiscriminately. I don't care about my customer today, but if he talks nonsense in school, I will consider holding him accountable."

The decentness of adults will not make things really go into trouble.

The most important thing is that Xu Yong himself does not want to make a big mess.

He has many opportunities to clean up.

Let An Xia think that she was hurt and contact herself, this is the main purpose.

Nor did he mention An Xia to the security guard, nor did he come to An Xia specifically to say "goodbye".

What a **** pain!

You have to go to the hospital to see it.

The onlookers could not help but sigh.

I didn't think about holding Chang Fan accountable even after he was so magnanimous.

Chang Fan this time——

Gee tee, it's a ride.

What about winning?

Look at the car seller, he is much more beautiful than him.

It grows well.

Except for the lack of money, it is not much worse than usual.

On the other hand, An Xia doesn't need money. If she has money, she can do it. If she has money, she can buy it.

I really want to look at the last car seller, I can only say that she doesn't like Chang Fan, but prefers gentle men.

When Chang Fan listened with a hostile face, his anger was on his face again, throwing away the security of the obstruction, and wanting to chase Xu Yong again.

"Stop him! Stop! Lawless! Are you chasing after people go far? Is there a king's law!"

"Try to make trouble again! The school leader comes out and I see how your kid ends up."

Whether it's high school or university, fights are bad events.

"Xu Yong! Stop for me! Stop!"

Chang Fan jumped up and struggled, yelling at the walking away back, "Sue me now if you have the ability! You sue! Master, I'm waiting for you to sue!"

He still doesn't believe it, so he won't be held accountable if he is labeled this way.

Unless he is inconvenient to call the police!

Perhaps, I want to take the opportunity to sell miserably in front of An Xia.

When he rushed out to beat Xu Yong, Chang Fan was just a jealous man who tried Xu Yong with An Xia as a cover.

Being able to operate in secret for so long, no evidence was found by the national police, which shows Chang Fan's cunning.

So far, he still has doubts about Xu Yong's identity.

It has not been thoroughly confirmed that Xu Yong is not the "brother" who contacted him on WeChat, and he will not give up on Xu Yong's temptation.

Xu Yong did not respond, limped to the side of the road, and hired a taxi to leave.

Get in the car, look sideways at the entrance of Changhai University, and glance over the group of onlookers who have not yet dispersed.

He heard a lot of words against him.

"Niu Pian, I actually coaxed the goddess of our school."

"The toad eats swan meat, and he really eats it."

"I really know how to eat soft rice. Selling luxury cars is a fake. It's true that I want to find a rich woman to raise him."

...

One by one they think they are talking about others, and the language is full of arrogance and prejudice!
student?

Ah!

Enjoy the last student career, when you get out of the society, the society will teach you how to behave!

Taking out his mobile phone, Xu Yong was ready to report safety to An Xia.

The screen of the phone is broken, and even the screen has flashing bars, which is barely usable.

"I'm okay, don't worry. Go back to the dormitory, and contact me if you have anything."

Look, it seems that I won't find An Xia again.

An Xia didn't have time to look at her phone, her face was cold, the corners of her mouth were pressed tightly, and she stared at Chang Fan silently.

"An Xia..."

When he arrived in front of An Xia, Chang did not have the arrogant arrogance just now, an expression of anxiety about doing something wrong, and I beg An Xia forgive me.

"Did I scare you just now? Sorry, I don't want to scare you either. It's Chang Fan who owes you a beating. Don't be fooled by him."

Chapter 1217: See boyfriend, decline to chat

An Xia didn't speak, glared at him coldly, turned and left.

Boy, no need to apologize, you did a great job!

Praise you.

Next, I hope you will have a little accident, a little accident, it will be more perfect.

The more friction and accidents, the more hidden fox tails will be revealed, and the more evidence the national police will have.

As for her, the time to leave school will be shorter and shorter.

A very happy day, I will climb the water pipe to find Teacher Mu to share a good mood.

An Xia's face in a good mood left, and Tong Xiaoguan hurried to catch up.

Behind them were Tang Chuye and Asicuo followed closely.

After watching the excitement, Lin Yinya, who was in a good mood, looked at Chang Fan with a smile.

Hey, his head is downcast, people who don't know thought he was dumped by An Xia.

Can be considered dumped.

"Senior Chang, you are too impulsive. An Xia is angry, think about how to coax An Xia. Do you need my help? Feel free to contact me."

It's fun, let's play a few more games to add more excitement to her mediocre college life.

Xie Chiyan didn't have any kind words, and directly threw the word "deserve it".

Don't give Chang Fanyou a chance to speak, and leave with the scattered students.

It's gone, it's gone, what should I do after watching the good show.

Over there, the security found that a car was unlocked.

A loud reminder, "Whose car has no lock! Red, sports car! New!"

When I heard it, I knew it was Anxia's new car.

An Xia had already walked far and did not hear.

The kind people caught up and reminded, "Anxia, your new car is not locked."

Didn't lock the car?

Take out the remote control car key and glanced, the small electronic central control screen prompts: The door is unlocked.

Watching them fight, the doors of the car are forgotten to be locked.

"thanks."

Smiled and said thank you, using the APP program downloaded in the phone to remotely lock the car.

When the car door is locked, a high-tech car key question voice prompts that the door is locked. The kind students who have not left saw this and sighed, "Luxury cars are cows. Locking a car door is full of technology."

An Xia smiled, not planning to chat with the stranger too much, and said: "Thank you, then I'll go first, and goodbye."

I was anxious to see my boyfriend and declined to chat.

Tong Xiaoguan thought that his eldest brother was in a bad mood, so he was careful to persuade him all the way, "Big brother, don't be angry, and you can't blame you for this. It's all their own troubles. Don't worry."

"Why is Senior Chang Fan so impulsive? It looked like he was not very polite before?" Tang Chu also spoke, with a shocked little appearance, "Big brother, let's go around when we meet him in the future. It is not necessary not to be angry with him."

"Yes, yes, no need." Tong Xiao said, "He will go with him, we will go with us, ignore him, just..."

Half-talking and then hesitating.

An Xia glanced at her, "I have something to say."

"I said, brother, don't be angry."

An Xia's cold eyes were drawn.

Tong Xiaoguan hurriedly poured out all his worries, "It's just that they will think even more that, Big Brother, you really like Xu Yong, not Chang Fan."

This topic—

An Xia is interested.

Asked Tong Xiaoguan, and also asked Tang Chu Ye and Asicuo, who hadn't said a word, and had a great idea in his heart, "What about you? Do you think so?"

"Yeah!" Tong Xiaoguan nodded his head, "I'll tell you, after this fight tonight, what you said, eldest brother, makes me completely believe that you really fell in love with Xu Yong."

All are helping Xu Yong!

Did not say a word to Senior Chang Fan.

Tang Chu also nodded his head exquisitely, "I feel so."

"Asicuo, what about you?" Anxia asked her specifically.

Chapter 1218: Have fun, don't take it seriously

Don't look at Asituo who doesn't say anything, but every time she talks to her in private, she is surprised.

She belongs in silence, observing secretly.

Asicuo didn't speak immediately. He looked around and saw that no one was following them, before whispering, "I think it's a little strange."

It's not Xu Yong and Chang Fanwei, but it's the big brother.

"Brother, are you...no one looks at it, just have a fun?" Asituo asked when he approached An Xia Ergenzi.

Tong Xiaoguan and Tang Chu didn't even hear it.

An Xia's eyes flickered when he heard the words.

It seems that his acting is not yet in place.

"It's not just for fun." An Xia squinted her eyes slightly, and then continued thinking for a while, "Feel it, Xu Yong is a bit more interesting than Chang Fan."

...

At the moment, the three following were silent.

Forgive them for their blindness, they really didn't see where Xu Yong was interesting.

In silence, Xie Chiyan's call came from behind, "An Xia, you shouldn't really look at the car seller, right?"

Behind her, there is Chang Fan.

Deliberately irritate him.

An Xia likes them to fuel the flames. It's like falling asleep and someone handing a pillow.

Coldly said: "What if you have seen it, you still need to get your consent? Xie Xuejie, you should take care of your own affairs and ignore the affairs of others!"

"The school girl has a vision, and the school girl supports you. The car seller is really good except for no money. She looks good, gentle and considerate. The school girl's choice is right!"

Xie Chiyan's voice is even more crisp, especially when she sees Chang Fan passing by, with a dark face and unhappy all over, Xie Chiyan laughs.

"School girl, come on! Bravely pursue true love, don't be afraid!"

Chang Fan, Chang Fan, here comes the retribution!

Hahahaha, hahahaha, do you think anyone likes you?

Look, look, An Xia Ning would choose a car seller instead of you!

Retribution, this is retribution!

Xie Chiyan left with a big laugh. Chang Fan knew that she was deliberately mad at herself. If An Xia hadn't been there, he would want to ignore it and slap Xie Chiyan!

"An Xia..."

I also want to catch up and say a few words.

An Xia yelled, "Chang Fan, don't come over! I don't want to see you now!"

After drinking, Chang Fan stood on the spot, facing the eyes of the students, and the whispers that made him lose face, his eyes were locked to An Xia's leaving figure, his fists clenched suddenly, and his eyes were full of evil birds.

it is good!

it is good!

Don't want to see him, do you?

Don't blame him then! !

After standing still for several minutes, Chang Fan left.

He didn't see Song Changshou, who was standing not far away.

"The scene is over. Chang Fan's expression is not quite right, reminding An Xia to be careful."

Song Changshou has been talking to Mu Chenyuan.

Xu Yong and Chang Fan fought for An Xia, so let him come out to see the situation.

The message was received a little later than the student, and when he ran over, the fight was over.

Mu Chenyuan was in the dormitory, hearing the words, and said in a low voice: "An Xia is deliberately stimulating him, Chang Fan, keep an eye on him, we will focus on Xu Yong."

If Xu Yong really has a problem, then he will soon make the next move.

"Well, Xu Yong's problem is most likely to be bigger than Chang Fan, you must be careful." Song Changshou warned.

So far, only An Xia is close to Xu Yong, and they want to arrange someone to protect him secretly, and they are afraid of rushing to the grass.

That night, An Xia climbed the water pipe again to meet her boyfriend Mu.

This time we met without you or me, only analysis.

Get the same result: Xu Yong will soon have the next move.

After entering October, An Xia and Xu Yong interacted more and more frequently.

On October 18, which is the day of Anxia, Xu Yong bought flowers and came to the school to wait for Anxia.

The genuine boyfriend Mu Chenyuan holds the epee in hand and beats Chang Fan until he retreats!

Angry!

Chapter 1219: My girlfriend had an appointment on her birthday

On Friday night, there is a weekly lesson for the fencing club.

As a fencing teacher, Mu Chenyuan does not wear a fencing suit in person in every class. He focuses on teaching, correcting, and demonstrating.

After taking office for almost two months, he has played in person on a handful of times.

Tonight was a bit abnormal.

After the warm-up exercise, Mu Chenyuan put on the fencing uniform and began to check whether the members' fencing had improved.

The fencing club Jiaanxia has a total of 13 members. There should be 13 people tonight, and there are actually 12 people.

The president asked Mu Chenyuan for advice, saying that An Xia had something to do and was absent from class.

It's normal to ask for leave and miss classes.

By the way, Xie Chiyan came to the fencing room.

A boy in her nearest fencing room walked up close, not from the emotional line of men and women, but from playing games in a group.

After getting acquainted, the girl in the dormitory playing games was attracted by the boy's voice and wanted to meet, so Xie Chiyan brought the girl in the dormitory to look for him.

During the roll call, someone said, "Why didn't An Xia come?" Xie Chiyan said: "For her birthday today, the one chasing her outside school, holding flowers at the door and waiting, there is no time to come to class."

I also have the thought of being very angry.

I don't know!

It's jealous of Teacher Mu.

The girlfriend is on her birthday, and the real boyfriend hasn't been with her yet, but she was preempted by others!

It just so happened that Chang Fan was picked again. He was anxious to do damage and volunteered to be the first to be checked.

In the end, he was brutally abused by Mu Chenyuan dog.

Attacking is losing, defending is also losing, after three rounds, Chang Fan did not win a point.

It doesn't matter, he didn't think about it tonight.

At the end of the three rounds, Chang Fan took off his mask and said: "Mr. Mu, I'm asking for leave."

Mu Chenyuan did not immediately nod his head to agree, took off the mask, and took a towel to wipe off the sweat on his face, his handsome face was cold, and he cast a deep look at him.

"Teacher Mu, I am in a hurry, so I ask for half of the class." Chang Fan thought he hadn't heard it, and repeated it.

"What an urgent matter?" Mu Chenyuan asked, his voice cold, even the temperature in the classroom dropped a few degrees.

Chang Fan didn't want to be too detailed, and was also disgusted by being asked, a trace of impatientness flashed between his eyebrows, and he said, "Private matters, it's not convenient to talk about them."

"Really?" Mu Chenyuan raised his eyes, his cold eyes were as cold as a deep pool sealed by ice. One more look made people scared, "No reason, no approval."

??!

"It's a private matter! Teacher Mu, students have their own privacy and don't have to tell the teacher everything." Chang Fan's impatience reached the peak, and his voice was raised a lot.

Oh shit!

He's just a fencing teacher, if you give him some color, he is going to open a dyeing workshop!

Picking up the mask, picking up the backpack that had lost a corner, Chang Fan took his epee and left straight away.

Before he went to the door, there was a cold air from the side of the neck "swish" from the side. The cold wind was very sharp and sharp.

An epee crossed his throat.

The skin of the neck was shocked to the point that the cold hair stood up.

"Come as you want, leave as you want? You can give it a try."

The voice of the speaker is even worse than the epee.

It was low and heavy, like a blood-stained war sword, curled up with murderous intent that would make people tremble in the knees, pinning people in place, not daring to move.

Mu Chenyuan was reborn, and he couldn't let Chang Fan destroy An Xia's plan.

In the text message, An Xia told him to hold Chang Fan.

She guessed that Chang Fan might ask for leave and warned in advance.

Birthday?

Is it her birthday?

The birth date of the ID card is obviously October 28th.

Could it be that she celebrated her lunar birthday?

While guessing, Mu Chenyuan forced Chang Fan to retreat, and said indifferently: "Go back and go to class."

Chapter 1220: Teacher-student confrontation

The teachers and students confronted each other, and the atmosphere was tense.

According to Chang Fan's previous temper, what he wants to do is not easy to do when the king of heaven is here.

I don't know why, every time he faces the fencing teacher, he always has an inexplicable fear.

An intuitive analogy is like a mouse meeting a cat.

It was due to instinct, the fear of wanting to avoid it, let alone confronting it.

He has been honestly not dare to repeat the class in recent times.

The old members of the fencing club were surprised by his honesty.

The son of Chang Fanchang, who is most dissatisfied with the fencing teacher's discipline, is so behaving and incredible.

Today, the veteran players once again saw Chang Fan's unhappiness again.

President Ke Qi stood up and acted as a peacemaker, "Chang Fan, or else, tell me the reason for asking for leave."

Then he said to Mu Chenyuan: "Teacher Mu, Chang Fan should be in a bad mood, or should I ask him the reason alone? Let me tell you again?"

No way, he can't offend on either side.

There are so many school clubs, and he is the leader of the club the most aggrieved.

Go ahead!

After another time, he got the internship recommended by Chang Fan, and he was completely liberated.

The newly joined members, freshman Zhang Haifan, Hong Feili and others, let alone stand up and persuade them, they dare not breathe.

Chang Gongzi deserves to be Chang Gongzi, arrogant enough to even look at the teacher.

With a hostile face, Chang Fan glared at Ke Qi, "It's none of your business, get out!"

But it made Ke Qi make a big mess, his face changed and changed, and there was no way to step down.

Mu Chenyuan said indifferently to him: "I'll take care of it, you go to work."

After speaking, an old member came to La Keqi.

And whispered, "Stop talking, leave it to Teacher Mu to deal with it."

"We continue to practice, no matter what."

"He has a bad temper. Don't care about him. It's yourself who is more angry."

You and I persuaded Ke Qi to calm down.

The unhappiness in the heart also reached its peak.

At any rate, he is also the president of the club. It doesn't matter if he doesn't give face in private. In front of so many new and old members, he doesn't give him the slightest face. Who the **** think he is!

"I'm fine." With a smile, Ke Qizhuan said to the frightened members of the new club: "Keep on practicing, don't be distracted. Hong Lifei, you practice with me."

"Okay." The outgoing Hong Lifei pretended that nothing happened, put on his mask, picked up the heavy sword and started practicing with Ke Qi.

If the big fencing room, the members practice all kinds of exercises, no one cares about Chang Fan.

Even though Chang Fan was frustrated, his face kept him from stepping back.

He stared at the teacher who was blocking him with arrogant eyes, and said word by word: "Teacher, you are too lenient! I'll tell you again, I have a private matter, and you have no right to know."

"Give me a reason to ask for leave." Mu Chenyuan didn't move the heavy sword in his hand.

Chang Fan clenched his cheeks, "An Xia has asked for leave!"

"Anxia is sick leave." Mu Chenyuan said coldly: "Physiological sick leave, you? Is it also physiological sick leave?"

NS!

He cursed in his heart, and Chang Fan took a deep breath, "I'm not feeling well, go to the hospital."

"Where does it hurt?"

"Heart! Heart hurts!"

I saw the cold teacher Mu indifferently instructed, "Dial 120 for Chang Fan."

"I don't need it!" Chang Fan gritted his teeth, "I will go by myself!"

Mu Chenyuan blocked Chang Fan's road in a calm manner, "Students are unwell. To protect the health of the students, the teacher has the responsibility to contact the hospital."

"I don't need the teacher to be responsible, nor the school to be responsible!" Chang Fan became irritable and tried to restrain his urge to fight with his fists. "Now, can you let me go?"

Mu Chenyuan looked indifferent, "No."
