

Goddess 1301

Chapter 1301: Boyfriends lying flat

On the battlefield, An Xia has always been bold and careful, courageous and resourceful.

She didn't find any ambush within her visible range, but she couldn't guarantee whether there were people hiding in those invisible corners.

To be cautious, it is safest to stick to a wall.

An Xia walked against the wall, and the little night bugs chirped slowly from his mouth.

On the top floor, Ye Jian flashed a smile in his eyes, adjusted his direction, and escorted An Xia downstairs.

Ye Jian confirmed the temporary safety of the surrounding from a height, and also answered An Xia in the way of night insects.

One person is upstairs and one person is downstairs, even if there is no tone to communicate, they cooperate very well.

There was no one around, and An Xia was a little surprised.

In such a big battle, there is no one around?

Some don't make sense.

It takes a quick decision, this place is dangerous.

In the living room, Xia Jinyuan breathed out a breath of gunpowder smoke and blood.

Mu Chenyuan also moved quietly towards him.

The two gathered, Xia Jinyuan wrote on his arm: "Blue Bird is on the top floor, An Xia went out to flank."

"Everyone is inside, and there is no one outside for the time being."

After he finished writing, Mu Chenyuan immediately replied on his arm, "Come over to An Xia, there is a good chance that there will be support, and leave as soon as possible."

Originally, I wanted to write that there was a traitor in the Gaso City police, but I stopped writing after thinking about it.

With Team Xia's keenness, he must have guessed it.

"The two of them work together, and it doesn't seem like we have much to do." With smoke billowing around, Xia Jinyuan remained relaxed and ridiculed himself, "We are lying flat this time."

The charge is An Xia, the defense is the Blue Bird, and they are the break.

Mu Chenyuan thought of his previous cooperation with An Xia, and had to say that Team Xia was too right.

With An Xia around, sometimes it's not his turn to take action, and she has already solved it.

Outside, An Xia sneaked into the entrance smoothly.

As soon as he entered his eyes, he saw two black shadows on the left and right, guarding one in front and the other behind. The two of them were all focused on the living room, and no one was guarding behind them.

These people are probably from the Vulture Gang.

The Eagle Gang is an old gang. The creators were born in the team. The gang has a very strict training program. It is absolutely impossible for the Eagle Gang to make mistakes like this.

The current Eagle Gang boss, if he is still Eagle, this guy is also from a team. With his iron and blood, a subordinate like this has been killed by him long ago.

That is to say, the Vulture Gang, which has been in existence for less than 20 years, has expanded the number of gangs everywhere, good, bad, bad, and everyone. no.

This is also one of the reasons why the Eagle Gang has never put the Vulture Gang in the eye.

An Xia approached slowly with light steps, the closer she got, the more she held her breath.

Until standing behind one of them, An Xia quietly stretched out his hand, with a dagger in his hand, also a good guy who came out from behind the head of the bed.

Sharp enough to cut the person's neck artery with only light force.

Then he twisted his neck so hard that his cervical vertebrae were broken.

Holding the person, An Xia slowly put the goal of the solution to the ground.

The **** dagger also wiped lightly on the opponent's body by the way, and then got up and approached the next target.

This time, it wasn't as smooth as before.

The man was sharper, and when he realized what was behind him, he suddenly turned his head.

He saw a group of black shadows rushing towards him. Before he could see it clearly, he didn't even have a chance to raise a gun. The black shadow was right in front of his eyes.

Chapter 1302: unstoppable

The next second, there was severe pain in the neck.

It was the pain he had never endured, the pain that his life had come to an end.

His lips parted, he wanted to call for help.

I even wanted to shoot back.

Another throbbing pain came, as if even the soul was shattered.

"puff..."

The warm blood spewed out, the blood of the aorta found the drill hole, and under the powerful transmission of the heart, it spewed like a spring.

The air was thick with blood.

An Xia wiped the dagger she had drawn out on the man again, and she approached the nanny's room with a blank expression.

Solve one again.

Both solutions were silent, and no sound was found.

When approaching the nanny's room, Anxia chose to shoot.

Three people, there is no way to close assassination.

She fired on her side, and Mu Chenyuan and Xia Jinyuan joined immediately. In the living room that had just quieted down, gunshots rang out again.

This time, the sound of the bounces was far less intense than before.

Like three people making dumplings, the people inside are surrounded and besieged, and the speed of the solution will not give these people a chance to resist.

This is the power of the trump card!

Invincible, unstoppable!

The four reunited, and Ye Jian first explained the situation outside.

"There is no one outside for the time being, and there is someone in the corner to investigate the situation, which has been resolved." She was talking about Ai Tingze.

An Xia said: "I came in from the outside, there is no situation."

In the living room, there is no need to verify, everyone solves it all.

"withdraw."

Xia Jinyuan did not delay any longer, and immediately withdrew.

I originally wanted to rest here for a night to see if I could hook other fish around Fei Weiye.

Don't think about it now.

This place has become a target.

Seeing this, An Xia said "Wait a minute", and people rushed to the second floor.

He dragged the hidden weapons out from under the bed, rushed downstairs with the wind, and stuffed one into each person's arms.

"Good thing, long range, semi-automatic, with its own sights. In case of danger along the way, you can protect yourself."

A heavy, heavy guy feels particularly secure in his hand.

Mu Chenyuan weighed his hands, his thin lips were slightly curved, and a very shallow smile passed from the corner of his mouth.

He could hear that An Xia was still in an extremely excited state, commonly known as: the top.

Don't be afraid, the more you fight, the more brave you are.

Let him relax a lot in an instant.

On the battlefield, even if he wanted to protect her, there were times when he fought separately.

Only when she is strong enough will he feel more at ease.

Ye Jian immediately threw aside the guy he picked up in his hand, touched the guy handed by An Xia, and immediately knew what model it was.

"The LK416 series, effective at 600 meters, has 30 rounds of magazines, and has optical and night vision sighting equipment. It is indeed a good guy." Ye Jiantuo held it in his hand, and his dark eyes were full of surprises.

She's missing a guy with optics and night vision sights right now.

No, here it comes.

After she finished speaking, An Xia was still stunned.

"How did you recognize it?" asked curiously.

Ye Jian smiled and said, "Just touch it with your hand, it's very simple."

"..." An Xia sighed, "Blue Bird, are you in Versailles? You can tell by touching it with your hand, you really only touched it."

It is not surprising to know what model it is by touching it a few times. As long as you practice and assemble it regularly, you can basically confirm what model it is by touching it more.

But Blue Bird, within a few seconds after she took it, she accurately reported the model number, as if she had seen it.

That's great.

Xia Jinyuan was happy when he heard it.

Said: "Blue Bird is familiar with all the guys on the market, all types of guys, pistols, rifles, sniper rifles, there is no model she doesn't know."

Chapter 1303: It's a good thing, it's a bad thing

The tone in his voice was so strong that those who didn't know it thought he was talking about himself.

Seeing that he was complimenting his friend Jade Bird, An Xia decided not to hate him for the time being.

Otherwise, hum!

"Let's go out first." Mu Chenyuan took An Xia's hand and walked straight outside.

One step later, it is estimated that the two will have to distinguish a few words.

Ye Jian was behind and sighed at the man beside him, "Team Xia, please let Xia Xia go."

"I want it, but I'm afraid she won't accept it." Xia Jinyuan laughed, raised his hand, and gently scratched the bridge of Ye Jianxiu's nose, "Don't worry, I know it."

Hearing this, Ye Jian smelled something wrong.

With eyes as bright as Xingzi, he looked at Xia Jinyuan with vigilance, "Team Xia, what do you want to do? Xia Xia is tough, don't make her unhappy."

"At that time, I won't help you."

Remind in advance, so as not to like the funny Xia team and do things that really make Xia Xia unhappy.

Faced with the vigilance of his fiancée, Captain Xia touched his nose and scorned, "I won't do anything, I just want to know what she will do when she is really offended by me."

...

Ye Jian was silent for a while, and then said to her fiancé: "Xia team, you remind me of two words like this."

Certainly not a good word.

"Thank you, you don't need to say it, just know it in your heart." Xia Jinyuan refused to know two words, and he was afraid of hurting his heart when he said it.

It's said that the color is more important than the friend, and he doesn't exist here at all.

Could it be that his "color" is not enough?

Lost your charm?

need maintenance?

That can be troublesome.

They are rough men, where will they pay attention to maintenance.

Wash your face in the morning and evening. At most, use the soap issued by the team to randomly wash away the dust, gunpowder, and stains on your face. It is purely based on natural beauty.

Also maintain, anyway, he has never done this.

Years are urging people to get old, and maintenance must be put on the agenda.

Look for Z7 Han Zheng, this guy will definitely understand.

Ye Jian actually wanted to say something, but in the end she couldn't hold back, and when she walked out of the Xiaoyanglou, she said, "Two words, rude."

"..." Xia Jinyuan.

If he doesn't want to hear it, why tell him.

Ugh.

"The little girl is a bit interesting, but she's too rigid, and she's too assertive. If you don't hone her well now, if she officially joins the team in the future, she will suffer a loss."

Xia Jinyuan's tone was serious, and he said in a low voice: "We take it as our duty to obey orders. Tonight Xu Yong's death, An Xia can completely avoid, but she did not obey the arrangement, this matter..."

After a slight pause, Xia Jinyuan asked Ye Jian, "If it were you, would you?"

Ye Jian was silent again.

Will not.

She is a soldier who has been systematically trained and came out of the military academy, and takes obedience to orders as her vocation. She will obey orders at all times.

Personal emotions are always behind.

So does the summer team.

If there is a problem on her side one day, Team Xia will never be emotionally charged because of the relationship between him and her.

Silence without an answer is the best answer.

Xia Jinyuan glanced at An Xia, whose back was straight and his steps were sonorous and powerful. In his deep eyes like the sea, there was a dim and vague light passing by.

"While it's still early, it's time to polish her edges and corners. If you don't polish her, there's a real chance that something will happen in the future."

An Xia's ability is undoubtedly powerful.

She is strong and has an innate pride in her bones. She is arrogant and unbending. This is a good thing and a bad thing!

They need unbending arrogance, which is the character, but this is the quality they should have when facing the enemy, facing difficulties, and facing risks.

The rest of the time, your pride and character must be restrained.

Chapter 1304: she was born high

It's a pity that Anxia won't.

It seems that she was born to be high, and she was not born to bend over.

After a while, Ye Jian asked softly, "Then what are you going to do? One more thing, Team Xia, you must know that Xia Xia is not a member of our team, she belongs to the Broken Wolf Team.

"No matter which team she belongs to, she has the same identity as you and me." Xia Jinyuan said coldly, with cold eyebrows, very oppressive, "She is not my player now, but my level is higher than her."

"I am the highest commander of this operation. She must obey my orders. I also have the right to order her to correct."

Iron-like disciplinary rules, she can do whatever she wants.

Ye Jian heard the worry in her heart, pursed her lips, and said, "Don't be strong first, I'll talk to Xia Xia."

"good."

Xia Jinyuan nodded, his eyes were cold, "If she doesn't obey, she will be punished."

"I'll tell her." Ye Jian said solemnly: "How old is she, you can't be too hasty, just teach it well."

"Nineteen years old, neither big nor small. You are nineteen years old, and you have traveled through the mountains and the sea countless times, and you have never made a mistake. Every time you perform a task, Boss Yang and the others never worry that you will make mistakes."

"I'm also a love material, and I don't want to see her ruin herself because of her arrogance."

Xia Jinyuan's slow tone gradually turned from cold to calm, without Bo Rui just now, "If she doesn't accept her edges and corners, Jade Bird, I can tell you now, An Xia, it's not suitable to stay in the team. "

"I'm also very worried, she herself never thought of staying on the team."

Hearing this, Ye Jian's eyes jumped fiercely, and she said in surprise, "How is it possible, then where will she go?"

"I don't know, maybe, she has a wider sky that is more suitable for her to show off her skills." Xia Jinyuan really had this kind of intuition. The brief communication with An Xia in Xiaoyanglou before made this intuition even stronger.

He thought that Mu Chenyuan should also feel it.

As he thought in his heart, Mu Chenyuan really felt it.

Especially when An Xia said "I'm tired", Mu Chenyuan's heart sank.

"The matter of Xu Yong, you will talk to me in detail later."

Walking from Xiaoyanglou to the small road outside, Mu Chenyuan mentioned Xu Yong again.

An Xia glanced at him, and the end of her eyes flashed coldly, "I got into trouble, didn't I."

"It doesn't count." Mu Chenyuan looked serious and said slowly: "Fei Weiye is a Class A criminal. We must save his life and bring him back to China for interrogation. For the others, we try to bring them all back to China."

"That said, the lives of these people should be kept." An Xia said with a cold face, expressionless: "Xu Yong is a burden to stay by his side. If I don't kill him, he will die after all."

Mu Chenyuan knew that she was in a very bad mood right now, but she still needed to ask clearly, "Xu Yong, you didn't kill him, right?"

"Of course." An Xia's brows tightened, "This kind of little person, I can't do it, it's Xiang Xian's hand."

With that said, An Xia took out a pistol from his pocket, and wrapped it in a napkin, "Bring the pistol used to kill Xu Yong, you can check the fingerprints and bullets."

Some troubles can be solved by themselves.

For example, she did not prevent Xu Yong's death, but she did not kill people.

Xia Jinyuan just wanted to know if she killed the person herself, then tell him that the person was really not killed by her.

It's just to kill the chickens to show the monkeys, that's to show each other, she doesn't want to drag herself into the water.

Chapter 1305: Young is good

Mu Chenyuan took the pistol, and the worry hidden deep in his eyebrows dissipated in this second.

He said, "Okay, I see."

An Xia waited for him to take the pistol, and suddenly said, "Mu Chenyuan, I'm not suitable to stay. If I have to leave one day, please don't keep me."

In exchange for a long, long silence.

"Don't think about it anymore?" Mu Chenyuan asked her, holding her tightly, and said, "Whether you stay or not, my heart will always be by your side."

When An Xia heard this, Zhanyan smiled, like a scorching sun, without a trace of haze, "Really? It's not a lie to me, right?"

"No." Mu Chenyuan shook his head and said solemnly, "I hope you stay, but if you don't feel happy by staying, I won't force it."

What he hopes most is to hope for him to be happy.

I don't want to see Sen Han who has no warmth in her eyes again, and I don't want to see the coldness that she refuses to be close to.

I don't even want to see that there is no color between her brows except for the darkness.

His girl, she finally got out of the cold winter and got rid of the twilight-like haze, how could he be willing to let her step into the cold winter again.

In fact, from the beginning, they all knew that it would be difficult to keep Anxia.

Otherwise, General Xiahouyu wouldn't have to be careful every time, don't make An Xia angry, you must keep her, and don't let the talent drain.

That's because they all knew in their hearts that if An Xia wanted to leave, no one could keep her.

An Xia was once again surprised by Mu Chenyuan's answer.

Will he let her leave so happily?

It wasn't like this before.

"I remember you before, and I still hoped that I would stay."

Mu Chenyuan smiled and said: "Seeing you join us, the smiles on your face are more and more, and I naturally hope more and more. But now, if you are tired and want to retire, I respect your choice."

"An Xia, you are free, and no one will trap you, including me."

Letting her free and letting her return to the world she likes is also a way of expressing his deep love for her.

When An Xia heard this, her heart, which had been beating normally, began to lose her palpitations. She could clearly feel her heart beating faster because of the man in front of her.

This man's indulgence towards her really made her love him very much.

Standing still, he smiled and said, "Mu Chenyuan, kiss me quickly."

The style of painting changed dramatically in an instant, and the two people covered in gunpowder embraced and kissed.

Xia Jinyuan in the back was so sour that he took a breath.

To Ye Jian: "How about we have one too?"

Ye Jian gave him a look at Xia Jinyuan with the look of "you dare to try, you will regret it for the rest of your life".

Xia Jinyuan didn't dare to mess around.

He is still afraid of his wife!

But don't make your wife unhappy.

But really envious.

"It's nice to be young." Team Xia, who was still a while away from turning 30, exuded an old man's emotion.

Ye Jian quickly kept a distance from him and said, "You are old, but I am still young."

"Then, while you are young, hug one like them?" Xia Jinyuan still wanted to beg for a hug.

Ye Jian smiled and looked at him without saying a word, and saw that he had completely died down.

Okay, okay, no hugs, no hugs.

"Hey, how long are you two going to kiss? Young people, be careful, your lips are delicate. If you kiss for too long, the skin will break. If the skin breaks, you will get mouth ulcers. If you get mouth ulcers, you won't be able to kiss again for a long, long time."

"Young people, don't be too angry, don't throw away the watermelon to pick up sesame seeds, keep a little, and continue next time."

Chapter 1306: Retribution, it's all retribution

Ah!

He couldn't kiss and hug, and he didn't want to see others show affection under his nose.

Until his stomach hurts.

Ye Jian stroked his forehead.

In the past, it seemed that you, Team Xia, did a lot of things in front of other comrades!

Sometimes, in front of her teammates, she would hold hands with her, hug her shoulders or something.

The teammates of the sour snowy brigade wanted to put a sack on him several times in the middle of the night and beat him well.

Now the feng shui turns, it is all retribution.

Listen to that voice, ten-year-old vinegar doesn't have as much sour taste as him!

She wants to keep her distance from this man.

I don't want to be embarrassed along with it.

Mu Chenyuan hugged An Xia's slender waist tightly and did not let go immediately.

Instead, An Xia ended early and raised her voice, "Jealousy makes people ugly, look at your current appearance, that is, my good friend doesn't despise you."

Xia Jinyuan: "!!!"

Out of breath! !

Just say, don't be angry!

Just now he was still thinking about whether it should be maintained.

Then, An Xia said he was ugly, and the little girl's mouth was too poisonous, so she focused on his pain points.

Ye Jian laughed at the side until her shoulders twitched.

Poor summer team.

He never thought that one day, he would be so angry with a little girl that he would have a heart attack.

After all, with his poisonous tongue, he has always been mad at others to the point of having a heart attack.

Even Boss Yang was often angry with him, clutching his chest and looking for Jiuxinwan to continue his life.

Now, finally meet the opponent.

Ye Jian suddenly felt that the air was really fresh, the wind was blowing slowly on his face, and he was refreshed!

Comfortable.

Xia Jinyuan next to him saw it, **** it!

Heart attack.

Step by step, he hugged the fiancée who wanted to watch the fun, "You little guy with no conscience, seeing your fiancé being popular, you don't know how distressed you are. Come out to help out."

Ye Jian nestled in his arms and smiled, "If you don't help, it's rare to see you deflated. I want to take a good look and engrave it in my mind."

"It's not that you have made such a powerful friend. You said, An Xia, this little girl, came out of nowhere. It doesn't matter if she is strong, her mouth is too strong."

"I defeated Lu Yiqu with a single mouth, and the undefeated King Q has been defeated in front of her over and over again, and I feel really uncomfortable."

"It's not a little uncomfortable, it's very, very uncomfortable."

Ye Jian is ruthless and shows no mercy to the face he is holding on, and he still pretends, and he still pretends to see how long you pretend to be.

"Madam, be merciful and give my husband some face." Team Xia begged for mercy.

In my heart, I was thinking: I can't let his cute little fox and An Xia be together for too long in the future, it is very likely that An Xia will lead him badly!

In such a short period of time, I have learned some small mistakes.

The four of them scattered the gunpowder and blood on their bodies outside, and it was almost time to leave.

Don't look at them talking and laughing all the time, but the vigilance of the four has never been lowered.

Occasionally, the eyes crossed, and you could see the sharpness in each other's eyes.

The position where they stand is also a dead end, and it will not be easily attacked by people.

"Withdraw, withdraw, if I don't withdraw, I'm really worried that I need to take a heart-saving pill to continue my life." Xia Jinyuan took Ye Jian's hand and walked outside.

But An Xia didn't move. When Ye Jian approached, she asked, "You just said that you killed a person investigating the situation, where is the person?"

When she was on the second floor, she vaguely saw a familiar figure.

The figure only swayed in front of her eyes, and there was some distance. In addition, the battle was fierce downstairs at the time, and her attention was focused on the downstairs.

This person, logically speaking, should be in the country.

Chapter 1307: she knows too much

How can people who should be in China appear in Gaso City?

Ye Jian led An Xia to the corner outside the Xiaoyang Building.

Someone was lying motionless.

Mu Chenyuan and Xia Jinyuan turned over, and their brows couldn't help frowning.

I have never seen this person.

An Xia also saw the person's face clearly, her brows furrowed a little, she saw that it was not a man. but a woman.

A woman who hated herself so much that she gritted her teeth and wished she could kill her—Mrs. Song.

She didn't know the man in front of her.

"Who is he?" An Xia asked, "Do you know him?"

"I don't know." Mu Chenyuan looked at the other party to see if there was anything to prove his identity.

Dugged around and found nothing.

Ye Jian said: "It's the person I solved. He should have a mobile phone. I found him hiding here. It's the light of the mobile phone screen."

What about the phone?

Not nearby.

In other words, there are still people alive!

The four looked at each other and their eyes narrowed.

They didn't even find it!

All around, they could now confirm that no one was hiding.

This man has escaped!

At this time, An Xia Yuguang saw a thin light passing through the small grass in the corner of the wall.

Bend it up and pick it up, it's an earring.

She had seen it in Mrs. Song's ear.

The figure that flashed past just now seemed to be Mrs. Song.

"This person should be related to the Song family." An Xia spread the earrings in her palm, "I was on the second floor just now, and I didn't notice Madam Song's figure."

"Now this earring can be confirmed that it is indeed Mrs. Song, and she has also come to Gaso City."

An Xia mentioned Mrs. Song, Mu Chenyuan and the three of them knew who they were talking about.

They all know about the matter with the Song family.

Ye Jian hadn't seen Mrs. Song, and when she heard the words, she thought of the screams of the woman she heard when she shot him to death.

"After killing him, I heard a woman scream."

At that time, there was indeed another person hidden here—that is, Mrs. Song.

Now she is gone.

An Xia threw the earrings aside, her mouth curled into a cold arc, "With a bit of ability, she can catch up to Gaso City. She wants to kill me all her mind, she's afraid she's hiding somewhere, waiting for an opportunity to kill me. ."

Well, where are you hiding?

Of course it was the vultures.

"By the way, do you know who these people are?" An Xia asked them.

This, the three really don't know.

Mu Chenyuan said: "Vulture Gang or Eagle Gang."

"It's from the Vultures." An Xia told him, "The Eagle Gang is well-trained, and everyone has strict training, which is comparable to a regular army. The Vulture Gang is different. They pursue more people and more power. There is a group that has no discipline or organization to speak of."

"I played against them just now, and found that these people only know how to rampage, relying on numbers to win, and have no discretion or layout."

"In that case, the Vulture Gang also intends to contact the Imperial Domain, and I am their gift to the Imperial Domain."

An Xia said lightly, the faces of the three people in front of her had changed slightly.

How did An Xia know this information?

She has been imprisoned in the dungeon and has no information to collect. How could she know so much?

An Xia pretended not to find out, and continued to say lightly: "Go back and check the Song family, and then check Mrs. Song's maiden family. I heard that Mrs. Song's maiden name is Ai, and she is also a big and small wealthy family in the capital."

"This person, between the eyebrows, is somewhat similar to Mrs. Song, and the two should have some relationship."

"If Mrs. Song's family is connected with the Vulture Gang, there are probably some unknown secrets behind it. I was almost kidnapped..."

Chapter 1308: bait

When it came to kidnapping, Mu Chenyuan seemed to think of something, his pupils tightened slightly, and he quickly bent down.

As it happened, An Xia also bent over.

"I'm coming." Mu Chenyuan said, rolling up Ai Tingze's cuff, and on his wrist, a vulture's head was clearly reflected in everyone's eyes.

An Xia glanced at the head of the vulture and said lightly: "The person who fought with me last time, in addition to the tail finger mark, also has a head of a vulture on his wrist."

"The exact same position as this one, the exact same vulture head."

"Look at the Song family and the Ai family, maybe you will find something new."

Mu Chenyuan put down Ai Tingze's rolled up cuffs again. Next to him, Xia Jinyuan said solemnly to Ye Jian, "Take down his face, go back and give the portrait to it to confirm the identity of this person."

"Yes!" Ye Jian nodded. She had memorized all the features, height, and body shape of this person, and she could draw them immediately to restore them.

When An Xia heard this, she looked at Ye Jian again and asked in a low voice, "What other special skills do you have that I don't know about?"

It was so powerful that she wanted to abduct people to the Imperial Domain.

No, no, this thought is too dangerous to think about, absolutely don't think about it.

I am an activist, and once I have such an idea, I might actually take action.

Then she and Jade Bird didn't even have to be friends.

Ye Jian thought for a while, then shook his head, "No more." Finally, he added, "I don't have any special abilities either. All the teammates in our team have special abilities."

"There are also in our team." Mu Chenyuan interjected.

Xia Jinyuan glanced at him and added, "There are many in our team."

An Xia was not happy anymore, "The Broken Wolf Brigade is also Crouching Tiger, Hidden Dragon."

This is her man, she must protect it!

Xia Jinyuan looked at Ye Jian, and his eyes were full of "Look, look, take care, I want to" and so on.

Ye Jian patted a man on the shoulder and said earnestly, "I'll protect you later."

Once again, Xia Jinyuan doesn't want to chat anymore, so let's talk about business.

"Find out that Mrs. Song. Since we met, we can't let her mess around outside."

An Xia laughed softly, "What's the use of finding it out? Can it prove that she has a problem?"

"I know a few things." Xia Jinyuan finished speaking, rubbed his temples, and asked An Xia worriedly, "An Xia, you won't listen to what I said."

This, like, um, he was right.

Mu Chenyuan said to An Xia: "Mrs. Song is a key figure. Through her, you can find out whether the Ai and Song families have contacts with the Vulture Gang."

Find it then.

Actually don't have to look for it.

"If Mrs. Song really came to me, she would definitely look for me first. Instead of looking for her everywhere, she might as well come to me." A cold light flashed in An Xia's eyes, "Perhaps, her The charges will be more serious."

When the enemy met, she was extremely jealous. Madam Song would definitely take action against her, and then arrest her again, wouldn't it be good?

It makes sense, then wait for Mrs. Song to find An Xia.

Xia Jinyuan has no opinion, and Ye Jian naturally has no opinion.

Mu Chenyuan even had no opinion.

At this time, Mrs. Song, holding Ai Tingze's mobile phone, stumbled all the way to the outside.

The tears on his face flowed and dried, and his eyes had been crying until walnuts were swollen.

My daughter is gone, and now my brother is gone.

How does she get revenge?

Who can avenge her?

Who can avenge her? !!

Running, the embarrassed Madam Song didn't know where she should go for a while.

Until the quiet phone vibrated.

Chapter 1309: she is here

It was the Vulture Gang who contacted Ai Tingze.

The vibration from the phone frightened Mrs. Song to go directly behind the green belt in the community, her fingers shivering across the screen.

I was so nervous that it took me a few tries to connect.

"Hey."

The voice was also trembling, like the cold wind blowing the dead leaves that were about to leave the tree, trembling until they could not find the root.

On the other end of the phone, there was silence for a while, and then he said, "Please let Ai Tingze answer the phone, thank you."

It was the woman who followed Ai Tingze. She was the only girl they knew they were looking for.

The grief-stricken Madam Song let out a low whimper and bit her teeth tightly on the back of her hand, preventing herself from crying.

After a few seconds, she choked her throat and replied hoarsely, "My brother, he's gone, he's gone, he was killed by the people inside. Woohoo, send someone here, the people inside are still alive, you want That bitch...that girl, she's still alive."

"I saw her with other people just now. Those people are very powerful. Come over here, come over here."

The eldest brother also received a call from this person before he died, and promised that the eldest brother would send support.

What about people now?

What about people?

Why haven't you come yet!

"Everyone is dead, are you the only one still alive?" The person on the other side of the phone asked calmly. It sounded like his tone was not very good, and it was cold.

Mrs. Song, who was desperately ill, didn't hear it. She wiped her tears and hurriedly replied, "Yes, yes, they are all dead, they are all dead. I hid outside to recognize people, but they didn't find them."

"Where are your people, come here quickly. The girl is still in their hands, you need to hurry up."

hurry up!

Hurry up!

Can't let that **** An Xia escape!

Tonight is my only chance to kill her.

Can't miss it anymore.

Killing An Xia, killing the people inside, her elder brother and Yanyan's revenge, she avenged them all.

Mrs. Song didn't feel much sadness over the death of her brother Ai Tingze. At that time, she was indeed saddened, but compared with her daughter Song Yanyan's grievance, it was much lighter.

Now that the eldest brother is gone, the only person she can expect to avenge herself is the people from the Vulture Gang.

The people of the Vulture Gang did not expect that the people inside were so strong that they sent out more than 20 subordinates, but they were all gone!

But that girl, they do need it.

"Our guys are around, tell me, did you see them coming out?"

Mrs. Song didn't see it at all, but she still replied, "I saw them! They came out! Hurry up, hurry up!"

She didn't know if God from abroad received her prayer, and when the Vulture Gang came over, she saw An Xia.

Even though An Xia was much taller than last time, she just glanced at it, and she could be sure that it was the enemy she had worked so hard to find for a long time.

"An Xia! She's here! She's here!"

The night that had finally calmed down was broken again by Madam Song's piercing scream.

The people from the vulture gang had planned to search along the road, and learned that none of the brothers who went in the first wave had survived.

Unexpectedly, I suddenly heard a woman's scream. Rao was the one who fought and killed all day, and they were so frightened that they shivered.

The call didn't end, and Mrs. Song's screams were heard by the people on the other side of the phone, and a new round of fighting kicked off.

An Xia has locked Mrs. Song's position and said to Xia Jinyuan: "Ahead, at ten o'clock, under the green belt, Mrs. Song, Ai Qianhua, you can go and catch it."

Point out the direction, and arrest people as you want.

Chapter 1310: work together

Speaking of Cao Cao, Cao Cao will be there. Good luck tonight.

After two consecutive battles, Mrs. Song was found without any effort. She was abroad, and everything went smoothly.

An Xia gave Mrs. Song a little bit of her attention, and she had to be careful not to put a cold shot behind her.

But Mrs. Song only had An Xia in her eyes.

Holding the gun in his hand tightly, his body clinging to the cold concrete road, he crawled in the direction of An Xia.

Kill her, kill her, and avenge her daughter!

Amidst the gunshots, Mrs. Song gritted her teeth, her bloodshot eyes sparked with hatred, even if a meteor passed over her head, it didn't stop her.

The reason why she has survived until now is that the flames of revenge support her.

bitch!

bitch!

Soon, soon, soon to get revenge.

Yanyan, did you see it?

Mom is about to avenge you.

Mrs. Song, who was crawling, had a ferocious expression on her twisted facial features, not like a living person, but more like a ghost.

Xia Jinyuan said to Ye Jian, "Keep an eye on Mrs. Song and don't let her approach An Xia."

Approaching Anxia, there is a dead end.

"Okay." Ye Jian nodded. Hidden behind the tree, she first hit several street lamps in a row, causing them to fall into darkness.

Taking advantage of the chaos, she quickly swept away, bypassed several plane trees in succession, and went in the direction of Madam Song.

Seeing this, An Xia, who was near her, narrowed her eyes slightly.

Mrs. Song wanted to kill her, but it was difficult.

She wanted to solve Mrs. Song, and it was not easy to say.

Because there are bluebirds.

Looking at Jade Bird's face, she had to restrain herself a little.

"Let's go to the back." An Xia said to Mu Chenyuan, who was fighting side by side: "Leave the front to the two of them, and we will flank them from behind."

A sneak attack from behind has a better chance of winning.

The most important feature of the wealthy community is that it has a lot of greenery, a wide area and few houses.

There are two green belts between the row of small western-style buildings, and there are also two rows of tree-lined paths, and then there is the driveway in the middle.

The terrain is not complicated, and there are quite a few bunkers.

It is difficult to shoot one target at a time, and it may even be attacked from behind by the opponent's people.

Mu Chenyuan observed the surrounding terrain and agreed with An Xia's combat layout, "Okay, let's go around!"

The fastest detour line is the small western-style building on the right, which needs to be detoured in the small garden in the area.

The small garden is surrounded by a vintage iron fence with pointed tops, and there is a vicious dog in it, which keeps barking and is not frightened by the sound of gunfire.

An Xia stood beside the iron fence, clenched her hands tightly, stepped up at the fastest speed, bypassed the iron pole that could pierce her stomach, and turned over into the small garden.

The roar of the vicious dog grows louder!

"Wang! Wang! Wang Wang! Wang Wang!"

Outside, after Mu Chenyuan was cut off, the firepower was so fierce that the vultures who were pressed in front of them were hiding their heads and didn't dare to show their heads.

"Come up!"

Following An Xia's low voice, Mu Chenyuan also climbed over the iron fence at the fastest speed.

Changed to An Xia to suppress the fire after Mu Chenyuan broke.

"Boom! Boom!"

"boom!"

"Bang bang bang bang..."

The dense bullets shocked the eardrums, but An Xia didn't notice it, and by the way, she raised her foot and kicked the vicious dog that was biting over.

I didn't use too much force. After all, it was she and Mu Chenyuan who broke into its territory, and it was normal to make an attack.

The dog is very daring and loyal to the hospital. No matter how evil the dog is, it is also a good dog for the owner's family.

Mu Chenyuan successfully turned into the small garden, and the vicious dog that kicked away showed its fangs again, not afraid of danger, and rushed towards An Xia again.

An Xia hugged the huge dog's head and warned it fiercely, "Bite again, cut your dog's whip and make soup!"
