Chapter 1311: Lady Song's Twist

Mu Chenyuan heard next to him: "..."

He's still silently suppressing it.

I don't know if the vicious dog understood it, or was it suppressed by the **** murderous aura on An Xia's body, so he didn't growl frantically any more.

Only then did An Xia pat the dog's head with satisfaction, and ordered in Gaso, "Go, go back to your kennel and stay!"

So, the tall and strong dog with shiny fur really listened to An Xia's instructions and ran back to his kennel.

Mu Chenyuan saw it in his eyes, and a thin smile flashed across his thin lips.

His girl has the softest place in her heart.

Without further delay, the two passed through the small garden, climbed over the iron fence in front, and circled to the rear of the Vulture Gang.

After a while, gunshots rang out from behind.

"Behind! Damn it! Someone is behind!"

The cracking roar was intertwined with the sound of gunfire, and the vultures who were attacked quickly divided into two halves, one half guarding the front and the other guarding the back.

When Xia Jinyuan saw this, his attack became even fiercer.

Ye Jian has approached Mrs. Song.

"Mrs. Song." She shouted in a low voice, startled Madam Song, who was still crawling, raised her gun and swept away.

Before pulling the trigger, the pistol fell into Ye Jian's hand.

"Mrs. Song, you can't kill An Xia." Ye Jian took off the magazine and said lightly, "You know best how your daughter died."

The clear voice penetrated through the gunpowder smoke, and every word was incomparably clear into Mrs. Song's ears.

Madam Song screamed wildly, "My daughter was killed by that **** An Xia! She killed my daughter! Ahhhh, she's only eighteen years old!"

"But she was killed by An Xia!! Always awake under the cold ground, and never see the sun!!"

"My Yanyan, so beautiful, so lively, so smart, it was An Xia who killed her! It was that devil An Xia who killed my daughter!"

"Who are you, get out of the way, or I'll kill you!"

Her scream was like glass running over the ground through the crack of the door, stabbing her head.

Ye Jian suppressed her hands, squatted, and pressed her to the ground, her eyes were cold, "Raise without teaching, Mrs. Song, it wasn't An Xia who killed your daughter, it was you and your husband. ."

"I'm jealous of girls who are prettier than myself, and I'll try my best to destroy them, Mrs. Song, what your daughter has done is far more than An Xia."

"According to the investigation, a total of six girls were destroyed by her. The first girl was forced by Song Yanyan to jump off the second floor, and her lower body was completely paralyzed by her lumbar spine."

"The second girl was forced to jump into the river. Because of the lack of oxygen in her brain, she became a vegetative state and is still lying in the hospital at least."

"The third girl was burned 60 percent of her body by alcohol, and her face was severely disfigured. Although her limbs were healthy, the girl was severely traumatized and was sent to a mental illness treatment center by her family."

"A fourth girl was hit by a truck and died at the scene."

"The fifth girl, An Xia, successfully escaped and completely fought back."

"Your daughter is the real devil! She made the four girls lose hope for the rest of their lives. An Xia's appearance was her own fault! If she provokes someone she shouldn't, she has to pay the price!"

Mrs. Song couldn't listen to these words.

These girls, she knows all these things.

Struggling frantically, she didn't think her daughter was wrong at all, "They were disobedient, they made Yanyan angry! What is Yanyan's identity, and what is their identity!"

Chapter 1312: nurture without teaching

In Mrs. Song's heart, her daughter Song Yanyan had never made a mistake. Even if she made a mistake, it was a small mistake, and it was enough to settle it with money.

It's all small mistakes that don't matter at all.

She will never allow anyone to accuse her daughter and slander her!

Ye Jian's words, like the tip of a needle, hurt Madam Song's expression, and she shouted:

"My daughter teases them, that's to look up to them!"

"It's their own fortunes, it's their own lives that are bad! My Yanyan, if the wind needs to win the wind and the rain, why do these girls compete with my Yanyan!"

"Why do they compete with my Yanyan!! They don't deserve it, they don't deserve it!"

After hearing this, Ye Jian felt a sense of anger in her heart that she hadn't felt in a long time!

"Not worthy? Then your daughter is worthy again? She is worthy to fight with An Xia? If you can't fight, then you have to die! Your daughter really died without justice!"

"Being your daughter is the biggest misfortune in her life!"

"In the next life, I hope she can be reincarnated into a normal ordinary family, maybe she will be able to live in peace and live a smooth life!"

Every word stepped on Mrs. Song's sore spot, and her husband Song Zhengwei's face appeared in her mind.

It was as if her husband stood in front of her, pointed at her, and yelled, "Ai Qianhua! You are a lunatic! Lunatic! You ruined Yanyan! You poisonous woman, you ruined Yanyan yourself!"

"She has done so many wrong things. Instead of educating her, you have helped to abuse her!"

"Ai Qianhua, you caused your daughter's fate today!"

"You killed your daughter yourself! You killed your daughter yourself!"

"Why don't you die! Why don't you die! When you die, our Song family will be quiet!"

"Ai Qianhua, these are my two sons and daughters. They have nothing to do with you. You can never get close to them!"

"Yanyan was taught by you, I will never let you destroy them both! From now on, you can't go downstairs without my permission!"

"Yanyan died, and she brought it on herself! I can't ruin my Song family for a worthless person with a lot of criminal records and a burden to live!"

"From now on, I don't have this daughter! She will only be your daughter, Ai Qianhua, and has nothing to do with me, Song Zhengwei!"

"Killing your own daughter doesn't count. Do you still want to kill the only seedling of my Song family? You poisonous woman, you want to destroy the Song family!" It was replaced by her mother-in-law Mrs. Song's bitter and mean face.

She also pointed at her nose and cursed, "Ai Qianhua, we don't have a daughter-in-law like you in our Song family! Where did you come from!"

"No matter how small our Song family is, it is one of the most powerful families in Anyang. From now on, your Ai family has nothing to do with our Song family!"

"Take your daughter's tablet and get me out of the Song family! Get out, get out! Get out!"

It was replaced by Song Zhengwei's disgusted face, "Look at what you have become now, how can you look like the mistress of the Song family! Just stay at home for me, don't come out and be ashamed!"

"Don't mention Song Yanyan to me! Things that don't make the family safe even after death! I'm going out now, and everyone is pointing at me behind my back!"

"Now in Anyang, everyone knows that I, Song Zhengwei, raised a lawless daughter, and said that she just died cleanly, otherwise, I don't know how many innocent lives will be harmed!"

"Vengeance? Ai Qianhua, you just want to die! It's your daughter who seeks her own death! It's her who seeks her own death and bumps into An Xia's hands!"

"If you are not as skilled, you have to recognize her. If she is more powerful, An Xia will die!"

"People have to accept their fate! She is dead and the lady of the An family is alive, this is fate!"

Chapter 1313: Finding a way out

No! !

She, Ai Qianhua, was born with a good fate and will never accept her fate!

It's obviously her Yanyan's best life, and her Yanyan is to enjoy the best life in the world!

It was An Xia that bitch, she killed Yanyan, she killed Yanyan!

Madam Song, who was completely confused, counterattacked, her whole body fell into chaos, only those **** red eyes full of hatred shone terrifyingly.

Her screams became the point of fire, Ye Jian dragged her several times, but couldn't drag her away.

She couldn't stun people and throw them to one side, and the two sides exchanged fire, and Mrs. Song could only be shot.

Ye Jian needs to take care of both sides. Seeing this, Xia Jinyuan quickly came to support, "Blue Bird! Left side! Bunker!"

Growl, reminding Ye Jian to go to the left.

Someone is attacking Ye Jian!

At this time, Mrs. Song has blocked all voices, and there is only one voice in her mind: Kill An Xia and take revenge!

"I'm going to kill her! I'm going to kill her!!"

Another wave of firepower, while Ye Jian counterattacked, he did not forget to throw Mrs. Song down to prevent her from being shot by stray bullets.

Ye Jian protected Mrs. Song's life, but she couldn't help Mrs. Song who wanted to die.

She threw herself in front of her and kicked her feet desperately, screaming, "I want revenge, let me go, let me go!! Ah ah ah, let me go!!"

Ye Jian was kicked countless times on the shoulder, head, and arm by her, and she was about to drag Mrs. Song to the left, and someone sneaked up!

Ye Jian with cold eyes rolled around several times, avoiding sneak attacks with agility.

Mrs. Song took advantage of the chaos to escape.

She stood up and ran in the direction where she saw An Xia just now.

"Bang!! Bang!"

The running Mrs. Song stopped suddenly, and the bullet pierced through her chest from her back, not only one shot, but several shots.

"Bang! Bang bang bang bang!!"

There was another bullet rain, and a mouthful of blood spurted out of Mrs. Song's mouth, who was standing still.

"boom....."

The frozen body fell to the ground, and dust splashed around.

He was shot several times, but he didn't lose his breath immediately, his limbs twitched, and blood with bubbles came out of his mouth.

And her eyes are still trying to look up.

She was looking for An Xia, and she was looking for An Xia until she died.

I can't find it anymore, even if she uses all her strength now and scratches the gravel ground with her ten fingers, there is no way she can take another step.

At the end of her life, Mrs. Song still did not wake up and still believed that her daughter Song Yanyan was right.

All the faults are blamed on those ordinary and ordinary girls.

Ye Jian closed her eyes fiercely, and when she opened them again, her eyes were sharper than before.

She said to Xia Jinyuan, "I'll find a position and cover."

This wave has to end as soon as possible.

An Xia and Mu Chenyuan cooperated quite well. They attacked from behind. Basically, as long as they see the target, they can clear them in seconds.

When Ye Jian found the designated point, the overwhelming firepower crushed it, forcing the opponent to have no way to escape.

"Go! Go! GOGOGOGOGO!"

"There are snipers!! They have snipers! Withdraw! Withdraw! Quickly withdraw!!"

The only survivors of the Vulture Gang are frightened, snipers!

As long as you are targeted by snipers, there is no way out!

"Cathartes! Cathartes! They have snipers! Damn, they have snipers! There's no way we can take that girl!"

"Cathartes! We need to retreat now! Retreat now!"

The little leader in charge of this wave of siege contacted Cathartes who was guarding outside. Cathartes was the man who kept in touch with Ai Tingze.

After receiving the contact from the little leader, Cathartes' eyes suddenly turned fierce.

How can there be a sniper!

Then he himself is in danger.

Chapter 1314: rare good times

"withdraw!"

After speaking harshly, Cathartes ordered the driver to drive immediately.

Damn eagle!

He even arranged for a sniper!

Remember what happened tonight!

Their vulture gang will definitely get their revenge back!

With the orders of Cathartes, the surviving Vulture gang subordinates no longer dared to fight and fled everywhere.

Ten minutes later, the community returned to calm, and the air was thick with gunpowder, drifting farther with the wind.

Ye Jian was on high alert, Xia Jinyuan picked up a **** mobile phone, it was Ai Tingze's mobile phone, his blood was on the mobile phone, and Mrs. Song's blood was also on it.

The Gaso City police were notified to come and clean up the scene, and a group of four took Mrs. Song away.

An Xia gave a soft "tsk", she really didn't have so much pity.

Mrs. Song Ai Qianhua was finally handed over to the National Police, and transnational cases were naturally handled by the National Police.

"Don't worry, we will investigate clearly, we won't let a bad person go, and we won't wrong a good person!" The National Police was the one they only met in the middle of the night. They had already arranged a flight at 5:30 in the morning for a non-stop reply.

There was no way for Mrs. Song to take it back completely. In the end, she packed it in a small box and flew back to China with Fei Weiye.

This is her final ending.

The morning sun had already risen, and An Xia watched the plane take off until it disappeared into the clouds. She pointed in the direction of the sea and said indifferently, "I'm washing in the sea, do you want to go?"

The airport in Gaso City is less than 20 kilometers away from the sea and can be reached by car in half an hour.

Finally, drive from Xia Jinyuan to the seaside.

On the way, the four people also bought a change of clothes. There was no other way. They were wearing black pieces and grey pieces.

I received a message from the ambassador halfway through that I had contacted An Qian and made an appointment to meet tomorrow morning.

That's more time to rest.

"Need a swimsuit?"

Ye Jian asked An Xia, "We can relax by the sea tonight."

An Xia has no interest in swimming, so it doesn't matter if she buys it. It's not bad to lie on a beach chair and rest while admiring her boyfriend's figure.

Originally intended to wash off the blood on his body, he ended up swimming at the beach.

Mu Chenyuan came out wearing boxer pants, and An Xia, who was waiting outside, let out a long whistle.

The eyes hidden under the sunglasses, looking straight at the boyfriend's figure, tsk tsk tsk, it is, it is the extreme!

Touch it now.

Thinking of touching, I reached out my hand.

Heart is worse than action!

The chest muscles are very good, lean, smooth and sexy, not the big muscles of the bodybuilder, the lean and lean kind, pressed down and tied, full of male strength.

Not to mention the psoas!

An Xia's hand slid down directly, and was then held by Mu Chenyuan.

But just touching his chest muscles, Mu Chenyuan's ears turned red.

"Xia Xia."

Holding her, her cold and handsome face became shy, and An Xia saw that her eyes were straighter!

Omg!

her little heart!

It's going to explode!

"Mu Chenyuan, do you know that you are so delicious now!" Boldly and frankly, she said what she thought and her love, "It makes me even more fond of it."

Today's Anxia, idioms are used more and more slippery.

No way, smart people are powerful in their ability to learn, and they can definitely apply what they have learned.

Mu Chenyuan choked on the saliva, clenched his fists against his lips and coughed, then quickly took his girlfriend's hand and walked to the beach.

He was also worried that after looking at it for a long time, he would lose control.

Because that swimsuit was very ordinary, it couldn't hold up An Xia's good figure.

Chapter 1315: don't come

After dozens of days without the light of day, An Xia lost a lot of weight, but she didn't lose her bones, but instead showed a more refined and well-shaped figure.

The place that should be big is big, the place that should be warped is warped, the hands and feet are very slender, and the skin is white to lustrous, no matter how still Mu Chenyuan is like a mountain, the moment he saw An Xia, his mind shook violently .

Hurry up and pull people away, and you can't be seen by others.

In the sea, no one can see it!

No, you have to buy a big bath towel, the big one!

The blushing Mu Chenyuan followed An Xia and walked quickly, while thinking in his heart.

And An Xia smiled and frowned.

Her boyfriend is still the way she likes it.

Looking at Bingbing cold and unattainable, in fact, he is still a very innocent big boy.

She was a little more active and immediately shy.

"Do you want me to touch the sea? That's fine!"

Pulling and running, An Xia didn't forget to tease her boyfriend.

Mu Chenyuan slowed down, turned back, and smiled helplessly, with An Xia's delicate face reflected in his eyes, and his low voice was a boundless admiration for An Xia, "You are young, don't think about it!"

"Me? Young age?" An Xia widened her eyes, pointed at herself, and said incredulously: "Do you look at me like a young age? Young age, will you be thinking about **** you off?"

"Apply my name again, I, an adult!"

Mu Chenyuan tilted his head and laughed lowly.

Her little face is tender and tender, and you can tell at a glance that her age is okay, but she always likes to say that she is not too young.

Doesn't she know how cute she is every time she pretends to be an adult?

Cute, well, would love to hold her in my arms.

"Mu Chenyuan, what are you laughing at!" An Xia bluffed, but didn't stomp!

No matter how powerful she was last night, at this time, she also had her daughter's sweetheart in front of her boyfriend.

Mu Chenyuan quickly stopped his smile, turned his head, looked at An Xia deeply with his black eyes, and reached out and rubbed An Xia's head, coaxing seriously, "Well, it's an adult, an adult who can fall in love with me. ."

"Now, let's go for a swim in the sea, and then go to the beach chair to lie down for a while. Need something to eat and go to the sea?"

An Xia shook his head, shook his hands, looked down at his covered stomach, and said, "I'm not hungry yet, take a swim, and eat when you're hungry."

The stomach is full of gunpowder smoke and the smell of blood, and it has to be rushed.

Compared with Mu Chenyuan's embarrassment, the Q Wangxia team that went to sea one step earlier was much more magnanimous.

Ye Jian looked at his chest muscles, then silently closed his eyes and whispered, "It's still the same as before, it hasn't changed."

Still just as good!

"real?"

Standing in the sea, Xia Jinyuan looked down at his chest muscles, raised his eyes, saw his fiancée's cheeks that were quietly red, and his elegant and handsome face suddenly became a little more sinister.

"Little fox, you are coaxing me, otherwise, why don't you look straight at me? Are you irritating your eyes?"

Ye Jian bent over, crossed the sea with her hands, and pretended to play in the water, "I didn't lie to you, very good, really! Would you like to wash it? I'll rub your back?"

Turn your back to her quickly, so that her eyes that have nowhere to rest don't have to look around.

Xia Jinyuan is an active offensive type, a rogue when he hears words.

"Don't worry about rubbing your back, don't take another look, I'm very nervous, why don't you check it out?"

Holding Ye Jian's hand, he checked his lean and powerful chest.

Ye Jian: "..."

Eyes that had nowhere to put glanced at An Xia, Ye Jian raised her hand and called out loudly, "Xia Xia, this way, this way!"

Then, the slender body jumped into the sea, like a swimming fish quickly swimming away.

An Xia looked at her friend who had swum over, and said, "Don't come here!!"

Chapter 1316: I was approached by a girl in my life

Ye Jian, who plunged into the sea, didn't hear An Xia's cry, she paddled her hands and feet, and swam a few flexibly before coming to An Xia's side.

"Wow..."

The sound of water sounded, and Ye Jian got out of the water.

Face the expressionless An Xia.

Ye Jian looked at her friend, not knowing why.

Until An Xia said, "I originally wanted to attack Mu Chenyuan."

"..." Ye Jian held back a smile, "I'm sorry, I'm sorry, I'm bothering you."

She really did not expect that her arrival would sacrifice the "welfare" of her friend.

but...

He stretched out a finger, poked An Xia's arm lightly, and whispered, "Let me take refuge."

But An Xia was depressed.

Muttering, "The flood will die from the flood, and the drought will die from the drought."

Ye Jian was laughed again.

Looking around, I didn't see Mu Chenyuan, "Where's Team Mu? Why is it gone? Are you scared away?"

It's also interesting, she was scared away by Team Xia's shamelessness.

The Mu team was a little overwhelmed by Xia Xia's boldness.

"Seeing you come over, talk to go buy something." An Xia walked slowly towards the deep water area, paddling the water with both hands as she walked.

The water drops splashed and fell on the white arm, the sun shone, and the water drops were like pearls.

Ye Jian followed along. She also belonged to the category of very fair skin, and she was still in the series that she couldn't tan no matter how much she tanned. When she walked with An Xia, her complexion was still fair and she was not compared.

The two of them walked together, and Zhang Li, who was in good shape and had different looks, was quickly targeted.

Gasos are very enthusiastic and cheerful. As long as they look right, no matter whether the other person is a man or a woman, they will come up to talk.

The two girls from the mysterious eastern country, with black hair and white skin, attracted the attention of men, and also attracted the attention of a few people with wheat complexion, tall and slender, not to mention the women on 175.

I deliberately observed them around, but no man appeared. The three men in bikinis went into the sea and walked towards the deep water area.

Neither An Xia nor Ye Jian thought that one day they would be approached by a woman.

Looking at the three people around, An Xia said calmly, "I don't need a companion, I just want to swim by myself."

The words "Do Not Disturb" were barely written on the cold face.

Ye Jian was milder, kept smiling, and refused the other party in pure English, "Thank you for your invitation, but we don't need to accompany us, thank you."

The three women did not retreat in spite of the difficulties. They moved their limbs and looked at the oriental girls who rejected them with a smile.

It's so pretty, like a porcelain doll, with jet-black hair and a white skin that's as glossy as a cream, one can't help but want to savour it.

A woman with a tongue, deep facial features, and thick eyebrows grinned, speaking English with a Casso accent, and said: "This is a very dangerous place, if the two of you have no companions, you will become Men's prey."

As she said that, she pointed around, and her **** thick lips raised a deep smile, "You can see how many men's eyes here have fallen on you."

"Girls, you are safer with us."

The eyes that fell from all around were as keen as An Xia and Ye Jian, but they didn't take it to heart.

The man dares to come here, hehe!

Can't drown them!

Now it's a girl, Ye Jian is polite, but An Xia is less polite.

Hearing this, the cold air between the brows gradually grew, "Prey? If you disturb me and my friends again, I don't mind you being the prey of fish."

As soon as the words fell, An Xia's hand swiped under the sea water, and when the water came out again, a two-finger-sized sea fish suddenly appeared in her hand.

Chapter 1317: It's dangerous to strike up a conversation

The fish was pinched between his fingers, his tail wiggled trying to re-enter the sea.

The next second, the two-finger-sized fish stopped moving.

Then, the right hand fished into the water again, and a smaller, light-ink-spotted small sea fish bounced in her palm.

Seeing that the little sea fish jumped back to the sea from the palm of his hand, An Xia easily caught it again, and the speed of his hand was only a phantom.

If the first time catching sea fish is luck, the second time, it is not luck.

The three put away the laughter on their faces, and there was a little fear in their eyes.

The two sea fish stopped waving their tails, and An Xia, who had cold eyes, swept towards the two girls who talked the most, and then threw the sea fish back into the water.

The waves rose and fell, pushing the floating fish to the depths of the sea.

The three women who approached each other didn't say anything else, they looked at each other and knew that there was someone they couldn't afford to offend in front of them.

If you continue to provoke it, your fate will be the same as that of two fish.

"Sorry, let's go now."

"goodbye friend."

"Goodbye and have a good time."

Before leaving, the three women said goodbye politely, and they were no longer presumptuous as they had just come here.

She didn't know that not far away, a man looked at them with cold eyes.

If they leave later, I am afraid they will suffer a bit.

An Xia floated herself on her face, and then said to Ye Jian, "That Xia team has a ruthless look, will he take action against women?"

Uh.....

this.....

"It's possible, yes." Ye Jian said hesitantly.

An Xia felt tricky when she heard it, and stopped swimming back, and immediately stood back in the water, "Is there a situation? What happened?"

That's a long story.

Ye Jianjian chose an actual combat exercise training, but because of his carelessness, he was captured by Xia Jinyuan, and he taught him a lesson and told the story of entering the hospital in a simplified manner.

"..."

After An Xia heard it, she didn't return to her senses for a long time.

It's best to give a thumbs up and compare the past to Xia Jinyuan, "Respect you are a real man!"

He turned his head to Ye Jian again and said, "He shouldn't have a girlfriend! When he finds you, how do you say that, Gao Xiang? Or Qing Yan?"

Ye Jian was stunned for two or three seconds before she understood what An Xia wanted to say, and added with a smirk, "The ancestors are smoking, right?"

"Yes." An Xia said solemnly: "It's really his ancestors who have found you!"

Ye Jian pursed her lips and smiled, her brows and eyes were curved, "If you are full of water, you know how cold and warm you are. I am the only one who knows what Team Xia is good at."

"It's like, you think Team Mu is the best, and other men can't get into your eyes."

This is true.

An Xia recognized it very much, "He is the best boyfriend candidate in my eyes. He looks good, has a good figure, has a good personality, and is also good to me."

The character is also good, Ye Jian will not talk about it.

In any case, it's all in the eyes of a lover.

On that side, Xia Jinyuan inexplicably received a wave of praise from An Xia, and there was still some fear in his heart.

If something goes wrong, there must be a demon, okay, how can you praise him?

Shouldn't it be hurting him?

No, you have to swim over and ask.

The three women just now were not timid, even his fiancée came to chat up and bully him for not being around? !

Xia Jinyuan has always been active in declaring his sovereignty and identity.

Swimming over, before he could speak, he was frightened by An Xia's words and his calf tightened.

An Xia said, "I heard that you once beat the blue bird to the hospital."

Mu Chenyuan, good brother, where are you!

Help!

Which pot can't be opened and lifted, this is the part he wants to forget the most! !

Why did you mention it again.

Xia Jinyuan wanted to pretend to have amnesia, but reality did not allow him to lose his memory.

Said: "It happened for a reason, not intentionally. At that time, Jade Bird was still in the growth stage, with a young mind and uncertain nature. Relying on his good skills, he deliberately took risks and turned it into my hands."

"I just wanted to tell her that there is only one consequence of being careless on the battlefield."

Chapter 1318: tame boyfriend

Xia Jinyuan said these words, and An Xia still recognized it.

It does.

The battlefield is careless, and there is only one end: there is no return.

It is also for the sake of Jade Bird's return, that he will be cruel.

"After the fight, are you afraid?" An Xia raised her eyebrows and repeated the old story. How uncomfortable Xia Jinyuan was, how happy she was.

Falling into An Xia's hands, the mighty Ru Xia team also found that they had to peel off their skin if they didn't die.

This little girl is so hard to deal with!

It was so difficult that he gave up and recruited her into the Snowy Brigade.

Don't kidnap the wife he finally chased after that time!

I answered truthfully, "I'm afraid, why not. She went to the hospital for a check-up, and my hands and feet trembled while I was waiting outside. At that time, I thought that when I met her, I would beat her or scold her, and let me kneel down and admit my mistake. ."

Ye Jian: "???"

The black eyes stared, "You didn't say that you can kneel down and admit your mistake."

That, this, Xia Jinyuan touched his nose and felt even more guilty, "I dare not mention it, for fear that I will make you more angry."

Therefore, Ye Jian was still too simple back then!

An Xia glared at Ye Jian in disgust, "Did you see it? Did you see it? You should be stronger in the future, don't let him lead by the nose. This man is definitely a guy who climbs on a pole!"

"Give him a three-point color, and he can open a big dyeing room for you. In the future, let him listen to you obediently. If you point east, he will never dare to go west! He must be trained and trained."

Xia Jinyuan's heart trembled when he heard it.

But I can't let the little fox and An Xia get along with each other more, and the wife who gets it is likely to fly away!

"The conscience of heaven and earth, now that she points east, I will never go west! I am very obedient, and like your family, I have been completely tamed." Xia Jinyuan barely swore to the sky!

Why is this little girl so powerful?

As for his younger sister Zhou Yijin, that kid from K7 has moved everyone's heart. Now, one word: miserable!

I don't know how to chase the little girl, so I run to Yi Jin every time I have a holiday. As a result, every time I come back, I have to review whether I have made a mistake.

Gee, that's really pathetic.

Then a jade-like cold-hearted person grows fast after falling in love with a girl.

Listening to Yi Jin, if she wants the moon in the sky, K7 will find a way to get it!

Looking at An Xia in front of him, his rank is even higher than Yi Jin!

Eat brother Mu Chenyuan to death!

Absolutely let him sleep on the floor, he would never dare to sleep on the sofa.

As for myself, pretty much the same.

No way, it's not easy to get a wife these days.

Especially for people like them, it's not easy.

Wife told them to go east, how dare they go west.

Xia Jinyuan had a sincere expression on his face, but An Xia didn't think he was being tamed.

In the blink of an eye, his friend Qingniao had a smile in his eyes, and his brows were filled with love, and An Xia shut up.

It's the same sentence: if a person drinks water, he knows whether he is cold or warm.

Jade Bird thinks he can do it, other people's opinions and ideas are not important.

"I am the backing of Jade Bird now. If you dare to bully her one day, your life will be taken away from me." An Xia's eyes were cold, and she stared at Xia Jinyuan coldly. warning.

Xia Jinyuan said without hesitation, "There will never be that day!"

"Okay, remember your promise." An Xia nodded, turned to Ye Jian and said, "This guy is still good, let's stay with it. If it doesn't work in the future, let's change it."

"Three-legged toads are hard to find, and two-legged men run all over the street. You don't have to be attached to bad things, just change them."

Chapter 1319: I must get married before you

Continuing to chat this day, Xia Jinyuan only felt that he was going to have a heart attack.

I especially want to interview brother Mu, if he knew that his girlfriend had this idea, would he feel quite insecure!

Mu Chenyuan, the party involved, said that he had no sense of security before, but later he did.

"She needs to get along, and she can't fight hard with her. She looks very cold, but she is actually very soft." Mu Chenyuan returned to the sea with a smile in his eyes, looking at his girlfriend who was swimming in the deep water, seeing her swimming It was a little far, and he quickly raised his voice, "Xia Xia, don't swim too far, it's dangerous."

No matter how powerful, in his eyes, An Xia needs protection.

After Xia Jinyuan listened, he buried his head in the sea water, and let the cool sea water keep his mind awake.

He heard it right just now!

An Xia's heart is very soft?

Well, it's good that my brother is happy. He has a pair of eyes that see the difference in An Xia.

"Just get along well."

"Very pleasant." Mu Chenyuan smiled and waved his arms, responding to his girlfriend who blew a kiss to him, "It's cute, and sometimes cute."

...

Xia Jinyuan plunged himself into the water again, clearing his mind.

Not to mention cute for the time being.

Moe? ?

Moe?

An Xia is cute, right?

Brother, how can Xi Shi in your lover's eyes sound like another person!

"I often use the wrong idiom and make a little vagueness. The first time I saw my father, if it was not in the elevator, but in the room, I think she would have jumped out of the window and left."

That being said, it seems a little cute.

Xia Jinyuan gradually listened.

"She still dared to beat General Xiahou, and said harsh words with a stern face, much like a kitten that was just born with fierce milk and fierce milk."

!!

Xia Jinyuan wiped his face and continued to listen.

Five minutes later, he reached out and patted Mu Chenyuan's shoulder, and said earnestly, "Brother, when you and An Xia get married, remember to notify me!"

It can only be said that with a unique vision like him, he is destined to be An Xia's man!

A different girl would definitely not be able to get into his eyes.

Mu Chenyuan nodded with a smile, "Okay, definitely."

He added: "When you and Jade Bird get married, remember to notify us."

"Definitely." Xia Jinyuan thought about it for a while, and then said quite shyly: "We will definitely get married before you."

This Mu Chenyuan did not agree.

"Not necessarily."

"It's not possible, that's for sure, we've been in love for so many years!"

Mu Chenyuan didn't give in half a step, "There are also people who have been in love for 20 years without getting married."

"Oh, we won't, we have already put marriage on the agenda." Xia Jinyuan also bitten to death, he must get married first.

Inexplicable desire for victory and defeat was born inexplicably.

Mu Chenyuan kept smiling, "So do we."

Xia Jinyuan gritted his teeth, "You still need to run in."

Mu Chenyuan smiled: "The running-in has been completed."

"It also depends on whether An Xia is willing to marry you so early." Xia Jinyuan said, his heart was a little sour. He had been thinking about marriage for many years.

The smile in Mu Chenyuan's eyes deepened, "She will be very willing."

"??" Xia Jinyuan looked suspicious, "So sure? Is there a handle in your hands?"

"Secret." Mu Chenyuan didn't go into details, it was a secret that belonged to him and An Xia.

Xia Jinyuan: "..."

Depend on!

What's the matter with feeling like it's really possible that I'll get married later than him!

No, he wants to get married early!

The two fought inexplicably, it was just a distraction, and when they looked up at the deep sea area, they saw that their girlfriend was surrounded by a few tall, black men.

Good guy, there is a wave of women, and another wave of men!

Just the fist is a little itchy, loosen the muscles and bones.

Chapter 1320: angry and disturbed again

The two plunged into the water and swam quickly towards the deep sea area.

Swimming is also an essential skill for them, and speed is a must.

At this moment, the two of them took out the seriousness of training, turned into a swimming dragon in the water, rolled over with majestic momentum, and swam over with murderous aura.

Several black people stared at Ye Jian and An Xia for a long time.

Longer than those three women.

They didn't shoot right away, but after confirming that there were only two men with them, they shot.

There were only two thin oriental men who didn't seem to have much strength, but they had six men.

All of them are strong and strong, and can easily push two oriental men into the sea to beg for mercy.

"The four of us surrounded them and dragged them ashore. When we got to the shore..." The man with dreadlocks grinned maliciously, "We can do whatever we want with them!"

"I have never met such a beautiful oriental girl. After enjoying it, I will definitely be able to sell it for a high price."

"You guys, stare at those two oriental men, don't let them come over. Better, drag them into the sea and drown them."

The man with dreadlocks was the leader of the group. The other five had no opinion on his arrangement and nodded.

"They're not paying attention to the two oriental girls now, and now is our chance! GO, it's our turn, man!"

The six of them had already discussed what they were going to do. They who grew up by the sea plunged into the water together and surrounded Ye Jian and An Xia.

An Xia kept washing her back and didn't bask in the sun for a long time. Now that the morning sun is just right, it is not dazzling, and it is very comfortable to get more sun.

You know, it was disturbed again.

No, this time it's not a disturbance, it's a harassment!

There was the sound of water paddling in her ears, and casually, someone teased her, "Hey, little baby, do you need me to play with you?"

Ye Jian was also molested, "My baby, you are so beautiful, can I date you??"

One was on An Xia's left, and the other was on Ye Jian's right, and they all laughed "hehe" as their accomplices spoke.

The four formed a circle and surrounded the Oriental girl they were eyeing.

In the end, the two of them stared at Mu Chenyuan and Xia Jinyuan in charge. When they saw them swimming over, they immediately put on their swimming goggles and dived into the sea.

They want to drag Mu Chenyuan and Xia Jinyuan into the water, and if they beg for mercy in time, they will let them live and not beg for mercy, then...

When entering the water, the two black people smiled "hehe" and attacked like two **** sharks.

As a special fighter, he is very sensitive to whether there is any danger around him. The moment the two rushed towards them, Xia Jinyuan directly hugged the person's head, bowed his right leg, and slammed into the other side's front.

With this collision, there were a few strands of blood mixed in the clear water all of a sudden.

Mu Chenyuan grabbed the wrist of a black man, and with his cold eyes, he rotated a few times in the water, and directly twisted the other's arm into a twist.

This is more ruthless than Xia Jinyuan's attack!

The black man with his broken arm couldn't hold back, and opened his mouth with an "ah" in the sea.

The sea water choked into his throat and nose, and the man fluttered desperately in the water, trying to break free and surfaced.

"Gollum...gollum..."

Countless bubbles kept popping up, and the black man who wanted to sneak attack felt like he was about to drown.

Struggling harder.

Mu Chenyuan's lung capacity is quite powerful. No one in Lu Er District can hold his breath underwater. He didn't give the opponent a chance to break out of the water. He hugged and dragged him underwater.

This is quite frightening.
