

Goddess 1341

Chapter 1341: Do you still want to empathize?

"Thank you for the reminder from Team Xia, I will pay attention. I will also try to make myself better, so good that An Xia will never see another man in his eyes."

Mu Chenyuan is strong and confident enough in himself. He is confident that the relationship between the two will last forever, and he is also confident that the love between him and An Xia will last forever.

His answer made Xia Jinyuan laugh.

Yes, men need to have such self-confidence.

If you don't even have this confidence, how can you stand beside a good girlfriend.

The laughter caused An Xia and Ye Jian to look up at the same time, An Xia saw that he could still laugh out loud, and he didn't feel nervous at all when he went to see his rival, so he leaned into Ye Jian's ear and whispered, "He can still laugh, It doesn't seem like you're too nervous."

Qin Xiu is indeed good looking.

A very handsome man, even just looking at a photo, can see that he is very noble and extraordinary.

There is also an interesting entry below Thousand Degrees: The man that hundreds of millions of girls in the country want to marry the most.

If Qingniao met Qin Xiu earlier and Xia Jinyuan later, it might have been a pair.

It's a pity, such a good man doesn't know who will be cheaper in the future.

An Xia shook her head and sighed regretfully while watching.

Ye Jian, who was sitting together, laughed when she saw it, "What is your expression? Why, do you still want to empathize?"

That can't be done.

Team Mu must not cry to death.

"That's not true." After An Xia answered, she pondered for a while before saying, "It's not a loss to fall in love with such a man and roll the sheets."

puff.....

Ye Jian was shocked.

Subconsciously raised his eyes to look at Mu Chenyuan.

Not surprisingly, she saw that the young Mu team looked very bad.

Mu Chenyuan asked Xia Jinyuan, "How long to leave?"

"The car hasn't come yet, it is estimated that it will take more than ten minutes." Xia Jinyuan glanced at his watch, his thin lips curled up, and a meaningful smile appeared, "You can do something else, I'll wait for you."

"Okay." Mu Chenyuan nodded, and then strode to An Xia's side.

A dark shadow shrouded An Xia, looking at the man standing in front of her, with an ominous premonition.

"you....."

Without saying a word, An Xia rose into the air in the next second.

Ye Jian, who was sitting, was startled, and "rubbed" together.

He stretched out his hand just as he wanted to stop someone and rescue An Xia, but was blocked by his fiancé with a smile, and said, "Let them solve the problem of their young couple by themselves."

The man was still helping the man, but when he stopped him, Ye Jian watched his friend carry it out of the room.

An Xia fluttered her legs and hammered his chest with both hands, "Mu Chenyuan, let me down! You..."

She was carried on the shoulders by the angry man and returned to her room next door.

"Bang!"

The sound of the door closing cut off Anxia's voice.

Ye Jian was shocked by the sound of the door closing and went out.

Instead, he was pulled back by Xia Jinyuan and pulled into his arms.

"Fighting is love, scolding is love, you, now in the past will ruin the good thing of Brother Mu." Holding his fiancée in his arms, Xia Jinyuan smiled deeply, "Ten minutes will see Brother Mu reluctant to give up."
."

The daring little girl Anxia, her words are really hurtful.

He saw that Brother Mu's face was black on the spot, and his hands were clenched into fists.

Ye Jian said, "Xia Xia just said it casually and can't take it seriously."

"Other words can be said casually, this sentence is impossible." Xia Jinyuan half smiled, half seriously:
"No man can accept it, including me."

Chapter 1342: you are my dish

Oh fine.

Ye Jian is obedient, and is even more worried that something will happen to her friend. "Don't go and see? It won't happen."

"With An Xia's temperament, do you think something will happen? In the front, Brother Mu will have the upper hand, in the back..."

Ye Jian pursed her lips and smiled.

Behind, um, Xia Xia will definitely have the upper hand.

in the next room

An Xia was thrown onto the bed by Mu Chenyuan.

The man's tall and straight body was attached to him, his cold eyebrows were full of frost, he stared at An Xia, locked her, and did not allow her to have the opportunity to escape.

His thin lips moved slightly, and he asked coldly, word by word, "It's okay to fall in love with Ambassador Qin and get some sleep? Huh?"

The man's anger is still quite scary.

Rao is An Xia's temperament, and his heart is also a little frightened.

But how can you bow your head.

With a raised eyebrow, An Xia said without fear of death, "Very nice man, I'm not wrong."

Because, she really only thinks that it is not a loss to fall in love with Qin Xiu and get some sleep.

But she didn't say she did it herself.

hahahahahahaha

But now she just deliberately didn't say it, and deliberately wanted to **** off the man who was frowning in front of her.

tsk tsk

Jealous men, don't be too cute!

Love love love!

The poor Mu team didn't know that he was led by An Xia's nose again.

Hearing this, Jun's normally cold face turned sullen, and there seemed to be a burning beast on his chest, roaring angrily to be knocked out of his chest.

No matter how ruthless, the girl who is trapped under her always likes to tease her to tear her bones to pieces and swallow her belly, so that she can be honest and can no longer be angry with herself from now on.

Mu Chenyuan was really angry.

Just now, he was still eating the melons of the senior team Xia. He never thought that the next second, the plot took a three-hundred and eighty-degree turn, and it burned into his own backyard and became someone else eating his melons.

That taste, that feeling, is not a general torture.

Hearing this, he stared fiercely at An Xia who was still able to laugh. Mu Chenyuan gritted his teeth, his cold jawline tightened, and asked An Xia, "Am I worse than him?"

Qin Xiu, Ambassador Qin, a man who has never met before, is almost thirty years old, she she she she... she is not the youngest.

"He's almost thirty, you're ten years younger than him, don't you think he's old?"

A jealous man is really cute even when he says it.

An Xia, who was in love, pretended to listen to him, thought about it seriously, and continued without fear of death: "It's okay, I just read Qin Xiu's profile, besides being handsome, he is also good at equestrian, skiing, ice hockey, Sand fight."

"Writing and martial arts are particularly attractive. You must know that some men are more attractive the older they get."

For example, in front of her, she has a fancy for a man, and it definitely belongs to the more attractive the older she is.

When he is forty or fifty years old, it is estimated that as long as his arms are slightly opened, a little girl will immediately embrace him.

Hearing the present, Mu Chenyuan was not fainted by anger, his heart was strong enough and his ability to accept it was strong enough.

He gritted his teeth as he was about to spit out blood, "These, I will too!"

Then, he gritted his teeth and added, "He will, I will. And I will, he definitely won't."

I have never met before, and Mu Chenyuan hadn't found out about eating these dry vinegars. In fact, it was all for nothing.

A man submerged in the sea of sour, no matter how mature and sensible he is, there will be times when a leaf blinds his eyes.

An Xia had laughed until tears were about to flow out.

How can it be so cute!

She's so cute that she really wants to commit a crime.

Or, another way to "bully" him?

A wicked gleam flashed in his eyes, and An Xia began to contemplate in his heart how to "bully" the man who was leaning over him.

Chapter 1343: doing something

How to "bully" Mu Chenyuan, An Xia doesn't need to spend too much brain cells, she has full of ideas.

"Come on, tell me what you know?" An Xia, who was in charge of the whole process, deliberately guided Mu Chenyuan to "bully" herself. Only when he took the first shot would she be able to "bully" back more ruthlessly and doubly.

Mu Chenyuan really lived up to her thoughts and was fooled.

"I will, many, many. Like..."

After speaking viciously, Mu Chenyuan bent over fiercely, lowered his weight, and all his weight fell on An Xia.

The thin lips pursed into a straight line kissed An Xia's soft lips.

The kiss, like a storm swept over, the soft and flexible tip of the tongue seems to be a general patrolling the wall, not letting go of any corners.

The atmosphere is chaotic, and the city is full of wind and rain. At this time, Mu Chenyuan used his own way to tell An Xia that he really knows a lot.

In the room, An Xia's laughter was like the charming monster hidden in the begonia flower, which caught all the souls of Mu Chenyuan.

In a word, they are confused and lose their minds.

She said, "No matter how good Qin Xiu is, it's not my dish. This man is my dish."

Love in my heart, good in my heart, miss him and love him far more than I thought.

This is a confession, like a vat of aged wine, which directly made Mu Chenyuan plunge into it, so drunk that he had no direction.

Mu Chenyuan felt dizzy and dizzy, and suddenly felt a chill.

It was just such a chill, and the reason that flew out a hundred and eight thousand miles suddenly returned to the furnace.

Looking down...

Mu Chenyuan almost didn't set himself on fire!

Then he saw An Xia pressing his hands on his chest, and his little head was still...

Also ready to rub against the chest!

The heat was like a flame, and some saltpeter was added, and the flame hit the forehead.

When did his shirt take off?

What made him more rational was the blurred expression on his girlfriend's face and the deep love in her eyes.

It was so straightforward, and it slammed into his eyes with extreme force.

It's a test of his strength!

The concentration that has always been proud of, at this time is almost like a tofu dregs project, "boom" collapsed.

No, we need to stop.

Mu Chenyuan, who forcibly recovered his reason, hurriedly turned over, and at the same time, he also used his specialties to grab the thin quilt that had rolled by the bed while turning over, and put it on An Xia indiscriminately.

As innocent as him, he said, "The air conditioner is a bit big, don't don't catch a cold."

An Xia wrapped in silkworms: "???"

What, a question mark on his face.

Don't catch a cold?

Is this what the man said?

With a question, An Xia stared at his face, word by word, gritted her teeth and said, "The arrow is on the string, you don't plan to shoot the arrow, but do you want to take it back?"

"Aren't you afraid of breaking the bow and not being able to draw a full string of arrows in the future?"

Mu Chenyuan didn't immediately get the ambiguity in An Xia's words, but he was stunned for a few seconds before he realized it.

What she said was...

The handsome face as white as jade immediately burned red.

That ear was so red that she was about to shed blood, and hurriedly pulled the quilt.

The extent of the tugging was too large. If he was not careful, he also ripped off most of the quilt covering An Xia. Mu Chenyuan quickly separated out a little quilt, and it was important to hold An Xia tightly.

It is action with eyes closed.

An Xia could bear it there, and the quilt was not covered. "Ow", she turned over and rushed towards her precious and elegant boyfriend.

Today, she must do things to her! !

People are here, there is time, everything is ready, and the arrow of the east wind also wakes up, it must be done! !

Pushing hard, Mu Chenyuan was unprepared, and saw that An Xia was rammed straight towards him.
Then.....

Chapter 1344: The 40-meter sword will be there

Ye Jian in the next room heard a loud bang, and his heart was startled.

With a look of surprise on his face, he said to Team Xia, the old god, "Why is there such a big movement, why don't we really fight! Team Xia, why don't we go and see? There is an important task tomorrow, and the two of them are very good at it. If you want to find it, I'm afraid you will lose both."

Ye Jian, it is more simple.

Especially in these matters, she has always been shy and did not dare to overstep the rules too much. Naturally, her brain hole is not as big as that of Xia Jinyuan.

At this time, Xia Jinyuan had already performed a blockbuster life movie in his mind.

A line of words floated past the door on the top of his head, "Fog grass! The young man is really alive and kicking, making such a big move!"

There was too much movement, and he complained that they disturbed the neighbors.

With a lot of brains, his mouth was still serious, and he explained, "I guess it hit the head of the bed, it's fine, as long as you don't hear the screams, there will be no problem."

It's too late to hear the screams!

"No, I'd better go and have a look." Ye Jian got up, she couldn't sit still, she had to take a look.

Xia Jinyuan's bad interest picked up. He put away the pistol that he had taken apart and reassembled, and reassembled and disassembled, and said with a smile, "Sure, I'll accompany you to see it."

Hope to see a very explosive scene.

The two walked to the door. Ye Jian was just about to raise her hand to knock on the door, when the door was suddenly slammed down by the people inside.

"Bang! Boom!"

Frightened Ye Jian took a step back and raised her voice, "Xia..."

Before she could say the word "Xia" in the back, she heard some unusual voices coming from it.

It was a heavy gasp.

After all, he is an adult, and he and his fiancée kissed me fiercely. Ye Jian reacted at once, what a gasp.

His face froze, then, he turned around and ran back to his room.

Mom!

She really wanted to call the door just now, Xia Xia inside probably had the heart to kill her.

Behind him was Xia Jinyuan's deep laughter.

He laughed all the way back to the room.

As soon as the door closed, Ye Jian stared fiercely, "Captain Xia, you did it on purpose!"

"How could I do it on purpose?" Xia Jinyuan would definitely not admit that he did it on purpose, and pretending to be innocent, he sighed: "You don't worry, if you have to go there, it's no use persuading you, I can only accompany you. "

"Think about it, in case An Xia comes out with a knife to cut people, I can use my body as a shield to block the big knife for you."

cough!

Speaking of Ye Jian, he coughed unnaturally.

With Xia Xia's temper, it is estimated that there is a real possibility that a 40-meter large knife will be offered and slashed at her.

"You, why don't you explain it directly." Ye Jian blushed, bit her lower lip, and asked again nervously, "Did I alarm them just now? Probably not."

She remembered that she only shouted the word "Xia" and was scared to swallow all the words.

Xia Jinyuan thought about it for a while, then held back a smile and said, "There should be. The two of them have excellent hearing. If there is a little movement outside, I'm afraid it will be difficult to escape their ears."

Speaking of Ye Jian, she was so embarrassed that she left the earth in a spaceship overnight.

Rubbing his face fiercely, he said to Xia Jinyuan, "Team Xia, let's go see Qin Xiu now, we won't wait for them."

"That's impossible." Xia Jinyuan refused without thinking.

What a joke!

Let him take the little fox to meet his rival?

Ah!

impossible!

No matter what, you have to bring a few more talents.

Ye Jian was so tangled that she scratched her hair, "I'll see Xia Xia later, me, me... How am I going to face it!"

Going crazy!

She was embarrassed to disturb her friend's intimacy with her boyfriend and hear that kind of voice, and Xia Xia must not be comfortable either.

Chapter 1345: act like a spoiled brat

Thinking about the scene when the two of them met, you were embarrassed, and I was unnatural, Ye Jian was so worried that her hair turned white.

Looking at the man standing beside him, he was still calm, not at all uncomfortable.

Ye Jian looked at him faintly, and said faintly, "Captain Xia, is your face covered with putty powder? How can you be so thick?"

Xia Jinyuan was amused by her resentment.

Raising his hand, he rubbed his fiancée's little head ruthlessly, and said with a half-smile, "I want to be less cheeky, such a good wife belongs to someone else."

Thanks for getting started early!

Time to give yourself a name.

Otherwise, it's really miserable.

"It's so good to be thick-skinned. I'm so embarrassed that I want to go back to Mars, but you can still look fine." Ye Jian really envied, "When will I have a cheeky face like you, Team Xia."

Then don't.

Xia Jinyuan thought of An Xia.

This little girl has a thick skin, only thicker than him, not thinner than him.

Automatically substitute his little fox, just a little bit, Xia Jinyuan suddenly felt that the world was destroyed, so **** horrified!

Immediately said, "Don't, don't, you are very good now, keep your original intention, you are you, you don't need to live like others."

"If I just want to run now, if I don't have Team Xia's thick face, I can't see Xia Xia. So, let's go see Qin Xiu first."

Ye Jian continued to speak quietly, how pitiful the little appearance was.

If, ignore the cunning in her eyes...

Xia Jinyuan didn't dare to bully his fiancée anymore.

well!

Thinking of him being a tyrant in the capital city, who would have thought that one day, he would be eaten to death by this guy in front of him.

Little unconscionable, deliberately provoking him.

I had no choice but to say, "Don't worry, Lun has a thick skin. Your friend is the second, no one dares to be the first, including me, I have to step back and make way in front of her."

To be honest, even though Ye Jian didn't want to admit it, let's just think about it.

Therefore, Xia Xia will not be uncomfortable when she sees her.

Is everything because she thinks too much?

It was true that Ye Jian was thinking too much, and An Xia was not at all uncomfortable. On the contrary, it was particularly wicked for her to kiss someone on the door panel.

She said to the blushing man, "Be quiet, the movement is too loud, be careful that the partition wall has ears."

He is also a novice on the road, but he has the upper hand because of his daring and fearlessness.

Mu Chenyuan was really powerless in front of her at this moment.

He was worried that the noise would be too loud and others would hear something, but he went straight into his arms, leaving him nowhere to run. The girl who surrendered obediently was not worried.

Knowing that someone was outside, she could still "bully" herself.

With nowhere to escape, and indulging in his girlfriend's enthusiasm, Mu Chenyuan worked hard to keep his reason from burning to ashes.

Between my busy schedules, I took the time to remind, "It's time, darling, can you continue next time?"

"Don't worry, when the time is up, they will naturally come to interrupt us. Now, we can continue." As someone was afraid to say, An Xia's thick skin, she wants to be the second, no one dares to be the first.

No, thick-skinned, no matter how cold it is, not only men who love each other will be boiled into boiling water.

In particular, she will be miserable and coquettish.

"The fall I fell just now, my back still hurts, my head hurts, and my elbow bone hurts. Don't you feel bad for me?"

Why not feel bad.

Because of her distress, she was bullied from the bedside to the door again.

He wanted to go out and calm down, but he was soft-hearted by her betrayal, so he didn't dare to go out, he quickly stayed and coaxed people.

Chapter 1346: all belong to her

Coaxing and coaxing, Mu Chenyuan coaxed himself out again.

He was completely useless with Anxia.

Say she is domineering, and occasionally act a little coquettish to you, Mu Chenyuan wants to pick off the stars and moon in the sky and give them to her.

Just like now, when she said that she fell in pain, she knew she was deliberately trying to soften her heart, she knew she was pretending, and she saw the little smugness in her eyes, he knew everything, but he would follow her .

Kiss her forehead, and then along the forehead, a shallow kiss wrapped in love and warmth, all the way through the eyelid, the tip of the nose, and then down to the corner of her lips.

Breathing hot, she replied in a low voice, "Why don't you feel bad, I feel bad, thinking about whether you really fell and hurt, thinking about whether you bumped into something..."

The man's voice is of a cold type, usually cold and cold, like the tip of a snowy mountain that finally does not melt, and the cold snow that has accumulated for thousands of years is not stained with any impurities.

Now, that icy voice crashed into the mortal world, and it was stained with the softness of thousands of feet of red dust, turned into rain, turned into water, and gave An Xia all the tenderness that had been saved for thousands of years.

Since then, the cold heart has a harbor, and it falls into the gentle village he has been looking for.

An Xia hooked his hands around his neck, and with her smiles, she had a different style, pure and charming, woven into a gentle net, trapping people in his own world, and letting him live again in this life, in this life, in this life. Can't get out either.

people, it's hers.

Love is hers.

His, all belong to her.

"Are you soft-hearted to me alone? Or are you soft-hearted to other girls?"

Regardless of the domineering emperor, she who fell in love is no different from ordinary girls.

In my heart, I will think about whether the boyfriend who is by my side is unique to me.

I will also guess whether the man who loves him deeply in front of him will give other girls a hint of tenderness.

Will speculate, will guess, will be secretly jealous, and will want to dominate her boyfriend for a lifetime.

Mu Chenyuan lowered his head and kissed An Xia's mouth lightly again, his cold eyes soft as water, "No, never."

He could swear, and he could use his personality to guarantee that Anxia was the only girl he loved, the only girl who could make his heart move and make him want to pamper and love unprincipled.

When An Xia heard the words, a smile filled her eyes, like the stars in the sky falling into her eyes, her eyes were blazing, and the domineering there seemed to be swallowing Mu Chenyuan.

"Then you say, if you want to change your mind in the future, what am I going to do with you?"

deal with, not break up.

snort!

The man she used, no one wants to take over!

She can't get it, and no one can expect it.

Domineering like An Xia, sometimes his thoughts are extreme.

This is also the reason why her father, Emory Ann, is afraid and afraid.

It's not a good thing to offend her and let her keep it in her mind. She will be worried when she sleeps at night, whether she will touch the room in the middle of the night.

Hearing her question, Mu Chenyuan didn't hesitate at all, and answered her, "Impossible."

Impossible to fall in love.

Being single for so many years, I have seen countless girls of all shapes and sizes. Girls who are prettier and more talented than An Xia have also confessed to him, but instead of having any idea, he is very disgusted.

Belongs turned his head and walked away, and only after walking a few steps did he bluntly refuse, "I'm sorry, I'm not suitable for you."

He didn't even say "we're not suitable", he just said that 'I' was not suitable for you, pulling the distance away.

Indifferent girls, saying "we" makes him unaccustomed.

Chapter 1347: A gentleman's promise is hard to buy

That's why he became the most unlikely person in the Mu family to fall in love and get married.

Once, he himself thought so.

It wasn't until I met An Xia that I knew what a heartbeat was.

Fang Cheng what is "love".

After finally meeting the girl who made his heart move, and finally changing his identity from a "one-time" bed partner to a lifelong partner, how could he change his heart.

Impossible.

An Xia was suspicious.

Really want to go into detail, An Xia is actually a person who doesn't really believe in love.

Although her biological mother passed away when she was young, she was born precocious. She still remembers that her mother often hugged her, sitting in front of the window at the highest point of the pointed castle, humming the love song of Xia Guo, with a sad face. Look out the window.

Outside the window, you can see the avenue leading to the castle, which is the only avenue my father must pass through every morning when he leaves in the morning and returns at night.

Mother sat, waiting for father to arrive.

But his father had too many lovers. For him, the big castle was not a place to return, let alone a home.

It was a cage, a cage that trapped him flying to the world of flowers and to the pile of women.

Finally, when his grandfather passed away, his father inherited the imperial domain. From then on, his father was rarely seen in the castle.

Then one day, she asked her father, "When are you going home? Why do you always make your mother cry?"

After getting the answer that let her know that An Qian exists, her father answered her in a cold tone, "My home is in another place, and I need to take care of your newly born sister."

At that time, she didn't know that her younger sister could be born by another woman.

She naively thought it was her mother's birth, so she went to ask her mother, "When will you let me hug my newborn sister?"

In a word, accelerate the withering of mother's life.

About half a year later, my mother left and vacated the ancient, gorgeous castle that represented a status symbol, and let my father's lover, An Qian's mother, stay in the castle above board and become the hostess of the castle.

The father no longer ran out, guarding the lover who became his wife, guarding the daughter An Qian who was born in the marriage cheating, the family of three lived a happy and reunited life.

And himself, began the dark training.

The ending of her mother has affected Anxia invisibly, and even her view of choosing a mate.

Fortunately, Mu Chenyuan's firm grasp, little by little, reversed An Xia's view of mate selection.

No longer take "disposable" as the most portable thing for granted, slowly accept it, slowly fall in love, and then slowly have the idea of wanting to be together for a lifetime.

Facing such a firm answer from Mu Chenyuan, An Xia did not choose to believe it all, and said with a smile: "There is no absolute in everything, what if you change your mind? What should I do with you?"

In exchange, it was still Mu Chenyuan's unequivocal answer, "No, never."

He will never change his mind, swear by his life, he will never change his mind.

"real?"

"Really!" Nodding heavily, Mu Chenyuan said, "In this life, I will never let you down!"

A gentleman's promise is hard to buy.

The promises made are engraved on the Sansheng stone, and they will never be let down in their entire lives.

An Xia thought about it and didn't bother anymore.

It's useless to tangle, anyway, I secretly make up my mind.

He has to dare to change his mind, hehe, hehe, hehe, she wants him to be single for the rest of his life, never think about finding another woman.

I wanted to continue kissing again, when there was a knock on the door outside.

It was Xia Jinyuan's voice, "You two, the car is downstairs, it's time to go. If you haven't finished, come back and continue."

As soon as the voice fell, An Xia heard Xia Jinyuan's air-conditioning across the door panel.

Chapter 1348: Be bold and thick-skinned to win

It was as if something heavy hit his foot, and it suddenly hurt so much that the gasping sound was twisted.

It was Ye Jian who pinched the inside of his arm fiercely and warned him, "Don't take Xia Xia badly."

"Okay, don't say, don't say. You let go, let go... Now..." Xia Jinyuan was so painful that Jun Yan was twisted into a ball, not counting the flesh, and twisting and pinching, so painful that tears seemed to burst out.

Seeing this, Ye Jian mercifully let go.

As soon as he let go, he heard the man beside him sigh: "Oh, don't think An Xia is too simple, this little girl is not simple, maybe it's my brother Mu who suffers."

Brother Mu is really pure!

As for An Xia, he didn't see how pure and dark she was, but he could see clearly.

Ye Jian gave him a white look, "You have already damaged Team Mu, and it might be Xia Xia who suffers."

"Would you like to make a bet?" Xia Jinyuan leaned over and said, "If you lose the gambling money, give me a kiss."

"Okay!" This time, Ye Jian readily agreed.

In the past, as long as Xia Jinyuan made a bet, Ye Jian would immediately realize that there was definitely a hole in it, and he would never bet.

The promise this time was refreshing like Ye Jian had never had before.

Xia Jinyuan was so refreshing that she was stunned and asked her, "Don't think about it anymore, what if you lose."

Ye Jian waved her little hand and said disapprovingly, "I won't lose, just now Team Mu carried Xia Xia back to the room, definitely..."

Before he could finish speaking, the door opened.

An Xia came out and asked her, "What won't you lose? What are you talking about?"

Behind him was Mu Chenyuan who came out with him.

Whoever loses and who has the upper hand can be seen at a glance from the lips of the two of them.

An Xia's lips are rosy and shiny, while Mu Chenyuan's lips are...

Further down, Ye Jian saw that the middle button of Mu Chenyuan's clothes disappeared, and the folds that rolled out of the clothes, even if they were still pulling, could not be leveled...

The corner of Ye Jian's mouth moved slightly, and then she put her forehead on An Xia's shoulder and sighed, "Xia Xia, you gave our girls a face."

"I made a bet with Team Xia and I lost."

An Xia was puzzled, "What did you lose in the bet?"

"We bet on which of you will suffer. I bet that Brother Mu will lose, and Jade Bird will bet that you will lose." Xia Jinyuan replied for Ye Jian, looking at Mu Chenyuan, it was hard to say, and I really wanted to teach him more!

As a man, I lost in the moment of passion!

It was no surprise that he lost. He had already guessed the ending.

An Xia heard the words, cupped Ye Jian's face with both hands, and said seriously, "Next time I'll make the same bet, please remember, I will never lose! Win for sure."

How could she possibly lose?

There is absolutely no way to lose.

Only win!

Ye Jian nodded with a serious face, "Okay, remember! Come on, keep winning all the way."

She also really wanted to win Team Xia, but she always lost more and won less!

So angry!

When they got to the car, Ye Jian leaned into An Xia's ear and asked in a low voice, "How to win? Is there a trick?"

"Yes." An Xia replied, but she didn't whisper back and said directly: "As long as you have a thick skin, as long as you have the guts, you can push it and you will win."

It was a commercial car, she and Ye Jian sat in the middle row, and the two captains sat in the back row.

The sound was not too small, not too small, and could be heard by six people in the audience.

In addition to the driver, there was also a staff member in the car. He heard the words without knowing the reason and said with a smile: "When you go out, sometimes you really need to be bold."

Well, thick skin is also important.

Ye Jian blushed anyway.

She was too embarrassed to go on.

This one is thick-skinned and bold enough to not suit her.

Team Xia can't wait for her to be like this!

Chapter 1349: Overwhelming sense of achievement

After An Xia finished speaking, she glanced at Xia Jinyuan, who was sitting in front and had thicker skin than her, and then looked at her friend who was sitting next to her, and the Emperor Lord sighed silently.

Afterwards, he said to Ye Jian lightly: "Forget it, my trick is not suitable for you. I'm afraid you only hope that you will be thick-skinned, so he can sit back and enjoy the success."

Xia Jinyuan is completely different from her Mu team.

But the two of them have one thing in common, and I don't know if they are both from the capital city and from a noble family. When they saw each other, they were all flowers of high mountains, and one was colder than the other.

When they really get along, Xia Jinyuan is cold or cold, the kind of cold that keeps a certain distance, not too close or too far, enough to make people stop and be in awe.

As for Team Mu, it was really cold, so cold that no one dared to come close to him, and if he took a second look, he felt that he would be killed thousands of times by his icy eyes.

That kind of cold, how far away.

Those who can approach him are all warriors.

For example, An Xia, she is a fighter warrior among warriors!

Not only close to him, but also want to sleep with him.

In the end, he succeeded in taking down this real flower of Gao Ling and became his own man.

I have to say, every time I think that Mu Chenyuan belongs to her, I feel a sense of accomplishment!

Ye Jian didn't know how to answer her friend at this moment.

Isn't it.

She has to take the initiative, and with Team Xia's thick skin, it must be an inch.

Seeing the embarrassment of her friend, An Xia let out a heavier sigh, "You can't be manipulated by Xia Jinyuan like this?"

After finishing speaking, he glared at Xia Jinyuan from behind.

Xia Jinyuan in the back: "..."

Excuse me, what happened to him? ? ?

Why stare at him?

Holding An Xia's thorns with a cold, real line of sight, there are as many thorns as there are hairs on his head!

It almost made him restless.

Such a powerful girl, how did this brother Mu beside him win?

Looking at Mu Jinyuan, who had a slight smile on his lips and kept his eyes closed, Xia Jinyuan, who had never admired others, cast a look of admiration.

you cow!

admire!

After returning to the capital, I must invite him out to have a good chat and ask him why he is with An Xia.

How big is the mental capacity?

Ye Jian slightly tugged at An Xia's sleeve, in the end she felt sorry for her fiancé, she pursed her lips and smiled, "Don't stare at him, he is actually very good to me."

I know it's good for you, but I just can't get used to it.

I always feel like he's going to bully his friends.

"If he wants to treat you badly, tell me, and I will beat him. If you call Mu Chenyuan up again, two-on-one, he will definitely be beaten to the ground and beg for mercy."

this is not bad.

Ye Jian immediately betrayed and said with a smile, "Okay, I'll join in when the time comes."

"You join?" An Xia expressed doubts about this, looked up and down at her friends, and said slowly, "You join to fight us, two-on-two."

Xia Jinyuan likes to hear this.

Turning his head, he smiled and said, "Okay, just cut and rub together."

"We're talking, don't interrupt." An Xia snapped back coldly.

Xia Jinyuan: "..."

Scared, scared, he shut up.

He interjected again, he was a dog.

Look at Mu Chenyuan, who is a few years younger than him, is there a mistake, and he is still closing his eyes and resting?

is asleep!

Mu Chenyuan didn't sleep, he just kept listening.

It's just that he knows that he can't interject at this moment, man, sometimes it takes some eyesight to do it.

Otherwise, your girlfriend will dislike it.

Mu Chenyuan knew An Xia's temperament, and when it was time to follow it, he followed it 100%, not to make An Xia angry.

Chapter 1350: Men are also scheming

Mu Chenyuan is also a novice on the road of love. He has good acceptability and is willing to learn. He quickly figured out how to follow his girlfriend so that she will not be angry.

Like Team Xia's actions from time to time, An Xia's temperament must be disgusting.

It doesn't matter, he doesn't mind that his girlfriend dislikes other men at all, as long as he doesn't dislike him as a boyfriend.

Then, Mu Chenyuan didn't remind senior Xia Jinyuan from beginning to end, he closed his eyes and rested his mind all the way, and let Xia Jinyuan think of himself, he was like an old monk, pretending to be deaf and dumb.

And now Xia Jinyuan understood it.

Good guy, let this pretend to be obedient, and have a control group with him!

Tsk tsk, who said that men have no scheming!

Oh shit!

When men play tricks, they are more ruthless, more ruthless, and more likely to make people want to fight.

"Brother, you're not very kind. You know each other, why don't you wake up?" Xia Jinyuan sighed and said coolly.

Depend on!

Thinking of him in the Snowy Brigade, who has the share of cheating his teammates, and who the **** dares to cheat him as the captain.

The results of it!

He never imagined that he would fall on a couple of young lovers several times in a row, and he was even treated as a stalker!

So scheming!

How can the mind be so heavy?

Speaking of which, Mu Chenyuan is no longer fit to pretend to be deaf and dumb.

Lifting his eyes slightly, he glanced lightly at the aggrieved senior, and said, "It's better to be disliked by others than to be disliked by a blue bird."

There's nothing wrong with this!

It doesn't matter if you are disliked by others, as long as your girlfriend doesn't dislike it.

but!

Xia Jinyuan said without a smile, "Your girlfriend's influence is too great. I'm very worried that Jade Bird will follow her and learn a few tricks."

At that time, he was a little worried about whether he could catch the move.

He was told by Mu Chenyuan calmly again, "With Team Xia's intelligence, we shouldn't be afraid."

...

Xia Jinyuan, who had a heart attack again, pulled his thin lips and smiled at the corner of his mouth, "I'm really not afraid."

Do young people nowadays have arsenic in their mouths?

The mouth is full of poison!

"That's good. I also believe that Team Xia has the confidence to handle all difficulties, including coaxing girlfriends."

As soon as Mu Chenyuan's voice fell, Xia Jinyuan seized the opportunity and returned to the army. He said, "Why do you listen to Brother Mu, it is difficult to coax your girlfriend? Are you not happy?"

He also deliberately raised his voice so that the two sitting in front of him could hear it.

An Xia turned her head, looked directly at Xia Jinyuan, and said coldly, "My boyfriend doesn't have as much attention as you in Team Xia, so there's no way for you to sow discord."

!!!

I can't sit in this car.

Xia Jinyuan looked pitifully at his fiancée who was still smiling, and said pitifully, "Fiancée, let's jump out of the car together."

"You jump, the blue bird will accompany me." An Xia just sat against the door, and after saying that, she made a gesture to open the car door.

Ye Jian still felt sorry for her fiancé. Seeing this, she smiled and said, "Why don't we come back and take a car? I won't disturb Xia Xia and Mu team."

"Also!" Xia Jinyuan nodded sympathetically.

He couldn't help it.

An Xia thought about it for three more seconds, then agreed immediately, "Also."

She and Team Mu are in the same car, and there is no light bulb next to her, which is just convenient for her to "take care" of her boyfriend!

Mu Chenyuan moved his long legs, and his ears seemed to be red again.

He guessed why An Xia agreed to the four of them sitting separately.

He must be trying to do something to him...

When the car arrived at the meeting place, when Mu Chenyuan helped An Xia get out of the car, he heard her say, "Have we not kissed in the car yet?"

...

Not really.

Mu Chenyuan nodded slightly, anyway, he was embarrassed to make a sound.
