Chapter 1381: willing to wait for you

As long as Anxia returns, a year is really not a long time for Mu Chenyuan.

In an occupation like theirs, it is normal to not return home all year round.

With a lot of teammates, it is normal to only go back every three to five years.

It's been a year, and it's very rare.

What worries me the most is not how long it will take to see her.

What worries him the most, and what he fears most, is that she won't come back.

If she doesn't come back, where will he find it?

Although communication is convenient now, as long as you have the heart, you can always find a way to get in touch.

But Anxia is different.

Where she went was even more different.

If she doesn't come back, it will be difficult for him to contact her again.

Just waiting for a year now, Mu Chenyuan is already very satisfied.

He wrapped his arms around An Xia's shoulders, and gently hugged her into his arms. Qing Jun's chin rested on the top of her head, and judoed softly, "One year, I'll wait for you, wait for you to come back."

Don't say too many heartless words, just wait for you to come back wholeheartedly, it's enough.

Mu Chenyuan's tolerance and trust is what moved An Xia the most.

The man who holds him always believes unconditionally.

Muffled, An Xia asked in a low voice, "Why do you believe that I will come back in a year? What if I don't come back in a year."

"Then you, it must be that the matter has not been resolved, so you can't return as promised." Mu Chenyuan smiled, the tenderness and trust in his eyes, like a harbor, always waiting for An Xia to return to Hong Kong.

"If you haven't come back for a year, then I'll wait until you come back."

Don't question, don't ask why, just believe her.

This kind of trust is rare, and it is the part that An Xia has always been missing. She has no way of trusting others, and others are always wary of her.

Even close relatives.

His eyes were a little astringent, and even his voice became even more muffled, "You make it difficult for me to lie to you."

I couldn't bear to lie to him or hurt him.

How can a rare and precious truth be ruined?

"How could you lie to me? You even told me your biggest secret. For the rest of your life, I know you will never lie to me."

Yes, even telling him the biggest secret, how could he doubt her.

The most basic principle of getting along with each other is trust.

With An Xia's temperament, she didn't use lies to deceive at all.

She can only do it with practical actions, and she doesn't even bother to say it.

Therefore, every sentence she said was powerful, one said one, and two said two.

An Xia hugged his thin waist tightly, buried her head in his arms, and took a deep breath of his breath.

Clear and clean, like the grass after the rain, and full of vitality.

It was her greed and nostalgia.

"One year, no matter if I have dealt with things in a year, I will definitely come back to see you. I will come back to see you secretly, and then leave. Do you agree?"

She wants to disband the Emperor Domain within a year, but there are too many things to do, and she doesn't know if she can put everything down and return to him after a year.

One year, also give yourself an expectation.

Urge yourself not to be lazy, to speed up the pace and return to him as soon as possible for the person waiting for her.

Mu Chenyuan lowered his head and kissed the top of her head lightly, "Well, you come back secretly, and we secretly meet. However, you have to be careful and pay attention to safety."

"I don't know much about the Imperial Domain, and I haven't paid much attention to it. The only thing I know is what Qin Xiu said these days and last night. It's just one-sided. I can already see the complexity of the Imperial Domain."

"I'm waiting for you to come back, and I hope you can protect yourself. It doesn't matter if you can't come back for a year, as long as I can come back, I'll keep waiting."

Chapter 1382: Affectionate Wife Stone

But An Xia was moved to the point of tears.

Don't cry, don't cry.

Crying now, looks so weak.

An Xia held back her tears, crying and laughing: "What if I can't come back in ten or twenty years?"

"Ten or twenty years later, then I should be free to go abroad and find you. At that time, you will still need your generosity and mercy, so you can take me in. Then you will take me in."

"It's very likely that he's not as handsome as he is now."

Mu Chenyuan still remembered that An Xia liked to look at faces.

Let her know that he cares about the first sentence she said.

An Xia didn't even think about it, she blurted out, "That's also a very handsome little old man!"

Uh.....

Mu Chenyuan silently calculated that after ten or twenty years, the uncle in his forties is not a little old man.

Leaning over to her ear, he sighed, "If you are in your early forties, you can only be considered a mature uncle, and you can be considered a little old man if you are over sixty years old."

It seems, too.

An Xia smiled until her brows curled, and because he leaned over to speak, the hot breath blew over her, making her ears itch, she couldn't help laughing and tilting her head, her eyes were bright and she looked up at him, saying: "Well, mature and handsome uncle, as long as he is not middle-aged and fat, he must be handsome!"

It is impossible to be blessed in middle age.

The brain hole opened, and there was a middle-aged and fat Mu Chenyuan in front of him, with a big belly, fat face, fat legs, and greasy so much that An Xia slapped him hard.

He said in advance: "Don't get fat in middle age. You don't have to come to me to get fat in middle age. We still keep each other's most beautiful and handsome memories when we were young, don't destroy it."

What a ruthless girl.

Mu Chenyuan didn't know whether to laugh or cry, "In order to be able to see you, in order to be a mature and handsome uncle, I promise not to gain weight in middle age, to look thin in clothes, and to get rid of flesh!"

tsk...

That's the perfect physique right now.

Itchy, I want to touch again.

If you want to touch, then act.

An Xia's black eyes slid around in a circle, grabbing Mu Chenyuan's neckline with one hand, and letting the man who was half his head taller bow his head to listen to her.

"How about we do an indescribable physical activity while it's hot?"

Very serious, and especially touching heart-to-heart, being crossed by An Xia like this, the style of painting has undergone a big change.

Even the atmosphere started to heat up.

Mu Chenyuan is a mature adult man, and it is not easy for him to keep the jade for so long in the face of the girl he is tempted to tease.

For him, the first teasing was a calamity.

Reborn, and the mood is on a higher level.

Hearing this, the **** Adam's apple twitched a few times, raised his hand, pressed the back of her head, and rubbed it into his arms.

He sighed with a smile: "No, this is also a bait for me to wait for your return. I don't want to cast the bait early, I have to let you miss it."

Hey, hey, I didn't take you to play like this!

An Xia protested, "You're too cruel! You know I've missed your body for a long time! I've had my appetite for so long, so please give me some comfort."

"What? Am I not attractive enough? The size of the upper body makes you unsatisfied? The legs are not straight enough to keep your sight?"

"The waist is not thin enough, you don't want to play? The skin is not white enough, you don't want to kiss? The face is too ugly to make you lose your appetite?"

Critical attacks were repeated several times, and Mu Chenyuan was terrified when asked.

I didn't dare to delay for a second, and hurriedly said: "It's beautiful, it's perfect."

"Then why don't you sleep with me?!"

An Xia said that she is very angry now.

snort!

She's about to leave, why is he still so pure and clean, not giving her a craving.

Mu Chenyuan comforted the furry kitten, "I want to wait for you to come back, I want you to miss me at night, even..."

The latter words were a little embarrassed to speak, and there was a pause.

Chapter 1383: will you fly back to me

An Xia didn't have the patience to wait and asked, "Even what? Hurry up! Don't hesitate."

Then I have to say it quietly again, I am embarrassed to say it out loud.

Mu Chenyuan leaned over to An Xia's ear again and continued to speak.

He said, An Xia's expression changed in a microsecond, then his eyes widened, and he gave Mu Chenyuan a "you are a scheming boy" look.

So scheming!

It just hit her in the door.

"I have to dream of you even in my dreams at night. Are your conditions a bit harsh? Change to another..."

Before the man could say the word, he saw Mu Chenyuan's cold eyes flashing sharply, and then he directly used his thin lips to seal the mouth that she didn't know what to say to make him jealous.

Block first as soon as possible.

An Xia was not on guard, the kiss fell, and she almost bit his tongue.

"Well..."

All the voices were swallowed, and the voices that would be said but not said were probably swallowed by Mu Chenyuan.

Under the kiss, the affection is ferocious, and the kind of affection that you love and I want produces a violent reaction, and every change hits every nerve ending in the senses.

First, the violent storm, and then the drizzle, which means that Mu Chenyuan's jealousy and dissatisfaction gradually faded away.

She must have wanted to say that she was dreaming of other men in her dreams.

Don't even dream!

It can only be him in the dream, it can only be him.

Eat the marrow and know the taste, don't be too greedy. Mu Chenyuan, who has already practiced a certain heat in his mood, did not kiss for too long, so he only blocked for a few seconds. When An Xia was still sinking, he stood up rationally. .

An Xia: "..."

There is a saying that I don't know what to say!

Really, special, I really want to scold the street!

"It's over?" An Xia asked.

Pointing to his mouth, he said very seriously, "It said, it still thinks! You won't give it?"

cough cough...

On this topic, Mu Chenyuan knew that he had no way to win An Xia.

After a clear cough, he was too embarrassed to look at her, and nodded his head sideways: "Well, no, there is still business to talk about."

So, you have to stop.

An Xia was angry.

"Is there anything more serious than satisfying me? Mu Chenyuan, you, you, you, are you trying to be mad at me?" An Xia barely scolded Mu Chenyuan's nose.

She also wanted to jump out of Mu Chenyuan's arms, wanted to move, but was pressed back by Mu Chenyuan.

Hold tightly, not allowing her to escape from his arms.

After a long time, An Xia heard a bitter smile from him, and he said, "Xia Xia..."

An Xia stayed silent.

What did she just hear?

Why did she still hear trembling and fear?

"I don't know how to keep your heart, and I also thought about not letting you go and keeping you by my side, but you are not a delicate bird, you are an eagle, your sky is too big It's too big, the altitude you want to fly is too high, and I..."

The settled voice suppressed his emotions, and slowly, word by word, clearly expressed what he wanted to express, "And I, there is no way to fly to your sky, let alone to your height, I only You can stand on the ground and wait for your return."

"I'm actually very afraid that you won't come back, and I'm also very afraid that your leaving this time is giving up on me."

"I was ecstatic when I heard you say that you will come back in a year. As long as you come back, I am willing to wait. It doesn't matter if you don't return for a year, I will wait forever, ten or twenty years."

"But we're too far away, and I'm also worried that over time, you will forget me when you fly high into the sky."

"I think I need to leave something to make you fly no matter how empty you are, thinking of me in my heart."

"After thinking about it for a long time, I think it may only be this skin. After all, it is the one that attracted your attention in the first place."

Chapter 1384: Holding hands, no regrets

The arrogant son of the sky, he can have whatever he wants, only he doesn't want it, how has he ever wanted it but couldn't?

Just him, he slammed into An Xia's head, fell deeper and deeper, like a moth to a fire, resolutely and decisively, put his life into An Xia's hands.

He will also feel insecure, he will also be afraid and panic...

After An Xia heard it, her heart seemed to be grabbed and bitten by something, and it was so painful that she couldn't breathe.

It was her fault for always ignoring his thoughts.

He opened his arms, hugged her tightly and firmly, and answered him in the firmest tone, "No, I won't let you wait in vain. I swear on my life, I will come back."

No matter how difficult it was, even if it was crawling, she would crawl back to him.

"It was my fault that I didn't give you a sense of security. In fact, I was just talking about it. What about other men, bah, I've never seen a man who can compare to you."

"I haven't met before, and it's even more impossible for me to meet today. You, I'm destined to be An Xia's man in this life."

Sad, it turns out that he has not given him enough sense of security.

But he rushed towards her without hesitation, believing every word she said.

Every word she said had such a deep influence on him.

In the future, she can no longer hurt him with those words. She thought it didn't matter, but it actually made him even more insecure.

"When I come back, I will definitely come back."

This is An Xia's oath to Mu Chenyuan, a lifetime commitment.

Mu Chenyuan closed his eyes lightly, and there seemed to be water light passing from the corner of his eyes, "Okay, I'll wait for you, I'll wait for you."

The voice has been muted to the deepest and deepest.

"Also, you say I'm an eagle. No matter how wide the sky is and how high the eagle's flight is, it will return to its nest. You are the 'nest' I want to return to. No matter where I am, as long as you are here, I will fly. return."

Birds homing, this is instinct.

"Okay, okay, okay..." Mu Chenyuan smiled, dispelling all the insecurities, and the floating heart finally found a place to return, no longer wandering, no longer panic.

The relationship between the two has reached the deepest, and then, the most crucial question is here.

If An Xia wanted the imperial domain, he would have to explain the situation to Xia Houyu.

"I'll talk about it now." An Xia left the warm embrace and returned to her calm, even her eyes became a lot more indifferent, "I can't drag it on any longer, it won't benefit anyone any longer. Instead, it will make others cheaper."

It is now one o'clock in the afternoon in Gaso City, and eight hours late in the country. Fortunately, it is dawn.

"Okay, I'll contact the country." Mu Chenyuan took out his mobile phone, just about to make a call, and suddenly asked An Xia, "I told you last time that you and Xiao An Xia are related by blood. Is the news reliable?"

An Xia nodded, took out her mobile phone, and let Mu Chenyuan look at a series of reports sent to her by Wen Xier.

"Venthyr, the Earl of the Royal Family of Gran, I knew him when I was four years old. Although this person annoys me, there is one thing in him that I have always admired and disdain to talk nonsense."

"So, the inspection report is reliable, right." Mu Chenyuan tried his best to focus on the inspection report from knowing him at the age of four.

We've known each other since I was four years old, what a long time...

An Xia nodded, "Well, you can say that."

That--

Mu Chenyuan said: "We can speak another way and tell the above."

He still didn't want An Xia to completely confess his identity. The credibility of this kind of thing was too low.

Live again?

There is such a good thing, the world will be in chaos.

It can only be concealed, only he and An Xia know about it.

An Xia thought about it and said, "Do you want me to return to the Imperial Domain as An Xia's younger sister?"

Chapter 1385: Love I

That's right.

Mu Chenyuan thought it was the best to return to the Imperial Domain as his younger sister.

Many doubts can be explained in the past.

For example, why did she suddenly have the ability to make An Jia fall overnight.

Why can they fight back against the Song family.

Why is the fighting technique that belongs to the imperial domain alone...

Wait, wait, and so on, the doubts can be explained.

Mu Chenyuan said calmly: "You still have to say why Tianshu and the others came to you."

"It's because you already knew about your relationship with the emperor An Xia, and it was the emperor An Xia who sent Tianshu over."

"For so many years, you have been helped by Emperor An Xia to be able to live safely now."

Thinking about it carefully, it is a feasible way.

Succeed, that's all.

An Xia laughed, "Are you worried that when I tell the truth, not only will no one believe it, but instead I will be arrested and studied?"

"It's credibility is zero." Mu Chenyuan laughed, "It won't be taken away, but it will be considered a mental state problem. After all, you have been living a dark day for dozens of days, and this is the first time you have executed it. With these kinds of tasks, it's easy to think you have stress symptoms."

Speaking of Anxia, there is nothing to say.

Because there is such a possibility.

Then return as the emperor An Xia, and by the way, let Xia Houyu believe some things that no one outside knows about.

Xia Houyu's routine is very good. Five o'clock is his fixed time to get up, no matter whether it is winter or summer.

Just as I was getting dressed and ready to go out, my phone rang.

At this time, calls are basically urgent.

Glancing at the hidden number, Xia Houyu's face darkened, and he picked it up quickly, "Hello, I'm Xia Houyu."

"It's me, An Xia."

The indifferent voice came, colder than the north wind blowing outside.

Inexplicably, Xia Houyu's heart sank slightly, and he had a bad premonition.

"An Xia, are you okay now? You've worked so hard during this time, and you've suffered a lot of grievances."

I have always kept An Xia in mind, and I first care about whether An Xia is okay.

An Xia said: "I'm fine, now there is one very important thing I need to give you feedback."

Very serious, so serious that Xia Houyu's expression froze, "Okay, may I ask."

That said, it's a long story.

After talking for a full eight minutes, Xia Houyu couldn't answer for a long time.

He didn't believe it, but some things that An Xia said later made him have to believe it again!

It was indeed the emperor An Xia who secretly helped Mu Chenyuan's brother to return to China.

"She even told you such a confidential thing..." Xia Houyu sighed, "It seems that your relationship is really good."

Can you please?

A good relationship with the same person.

An Xia replied without changing his face, "Well, Mu Chenyuan next to me is shocked now."

Very few people knew about this matter, so few that even Mu Chenyuan knew about it. The person who gave his brother's urn to him back then was An Xia.

Mu Chenyuan was really shocked.

It was An Xia, he had an intersection with An Xia so many years ago.

There seemed to be a thread in the shadows, quietly bringing him and An Xia together.

At that time, I was immersed in the sorrow of losing my brother, and did not pay attention to who was holding the brother's urn in his own hands.

Looking back now, all he can remember is that small, square, small box covered with a red flag.

After taking it, he bowed deeply, then turned to leave.

Turns out, it was her.

Holding her free left hand, fingers intertwined, holding tightly, the man who has always been indifferent and cold, the corners of his eyes have turned red.

An Xia glanced at him, moved the phone away, and said to him, "Don't cry, I can't comfort you right now."

Alas, the tiger's tears make it more distressing.

Chapter 1386: With her, life is sunshine

The sacrifice of his brother is the pain in Mu Chenyuan's heart, even if it has been many years, as long as the sadness is mentioned again.

He tried to squeeze out a smile, not wanting to make An Xia feel sorry for him.

A smile that was even uglier than crying fell into An Xia's eyes, so distressed that An Xia directly cut off Xia Houyu's call.

Over there, Xia Houyu, who was talking seriously, heard the "beep" sound of the disconnection, and frowned fiercely.

Gasol City's network, it seems very impossible!

All calls are disconnected.

The number over there is encrypted, and he has no way to call it back, so he can only wait.

Mu Chenyuan was hugged by An Xia, and she was patted on the back, "Look forward, I know you have a legend that after people leave, they will turn into stars and return to the sky to protect them in the world. relatives."

"Your brother, what a good person, surely the brightest star will protect you in the sky."

"Don't say it's a lie to children, look at me, before me, would you think that you have a chance to live again? So, the legend must be true!"

The comfort of his girlfriend is somewhat useful. Mu Chenyuan closed his eyes and put his sadness back in his heart, "Well, my brother, it must be the biggest and brightest star, protect me and protect you who I love the most."

"Thank you eldest brother for your protection, maybe I will live again for eldest brother's protection!"

This time, Mu Chenyuan really laughed.

Silly girl, she is really trying to comfort herself.

"Then I would like to thank my brother even more for sending you to me." After speaking, he opened his eyes and glanced at An Xia's cell phone, Mu Chenyuan was stunned and asked, "Have you hung up?"

"Why not?" An Xia shook the phone with a look of course, "I can't comfort you while talking to Xia Houyu."

"My heart can't be used for two purposes, especially when facing you, my heart only belongs to you!"

The love story was caught off guard, so I had to say it, it was so good!

Mu Chenyuan, who was coaxed to be happy, smiled even deeper, "I know, let's talk about business first."

"Are you all right?" An Xia asked.

"Well, it's fine. Also, thank you, thank you very, very much."

"The family doesn't speak two languages." An Xia didn't need this thank you. For her, it was just a trivial matter.

She didn't know that when Mu Chenyuan's brother died, the Mu family was already going to erect a tomb.

It was An Xia who came forward and finally let the unknown hero return to his hometown, the green mountains and green waters of his hometown.

Later, the news of An Xia Ji's destruction came out. Mu Changye bought a bottle of white wine and sacrificed to the people who left.

He also asked his niece, who was abroad, to go to the place where the plane crashed to present a bouquet of white chrysanthemums on behalf of the whole family.

For this matter, the Mu family is forever grateful.

Quietly watching his girlfriend who reconnected with China, Mu Chenyuan's heart was filled with tenderness.

How fortunate to meet her and have her!

With her, life is sunshine!

An Xia sensed her boyfriend's gaze, gave him a special look, and returned a bright smile like the sun.

Talk to Xia Houyu again, "Well, it has been decided."

"There's really no room for negotiation." Xia Houyu asked again without giving up.

An Xia, this is a good seedling that he finally persuaded to join the team, and really doesn't want to let her go.

"No, I'll tell you after I've decided. Besides, the matter of the Imperial Domain is not resolved. With my current status, it's not suitable for me to stay in the team."

"I'll come back after I've solved those messes."

There must be no way for the team to come back, and there is no problem with returning to Mu Chenyuan.

Chapter 1387: I lost my wife and lost my army

Xia Houyu fell silent again, he had to smoke a cigarette.

He walked to the desk and picked up the cigarette case, but he didn't hold it firmly. The cigarette case fell on the desk, just the lid of the cigarette fell off, revealing a few cigarette butts.

Pulled out one and picked up the lighter to light the cigarette.

On the phone, An Xia's voice came, faint and calm, "Are you listening?"

"I'm listening." The lighter drew out a faint blue flame, Xia Houyu lit a cigarette, took a deep breath, and suppressed the surging emotions with the strong smell of smoke.

I wanted to get angry a bit, but I couldn't express it.

You say that An Xia is irresponsible, she has all the tasks assigned to her.

You say she takes the team too much as a joke. She made it known from the very beginning that she didn't particularly want to join the team, it was you who begged and persuaded her to agree.

If you want to criticize her, there is no way to open this mouth.

She wanted to go, she didn't want to stay for long, something she knew from the beginning.

I just didn't expect it to come so suddenly.

After half a cigarette was finished, Xia Houyu still did not move.

An Xia stayed in her temper and waited for Xia Houyu to speak.

"What's the situation?" Mu Chenyuan asked silently, what are you talking about? for so long?

Are you trying to persuade An Xia to stay?

An Xia shook her head, and after thinking for a while, pressed the phone to hands-free, so that Mu Chenyuan could also hear what Xia Houyu said.

Nothing was said, except for the occasional "ZZ" signal interference, it was all silent.

If it wasn't for the occasional sound of breathing, Mu Chenyuan would have thought that the call had ended early, and An Xiaqian was holding the phone.

"Don't speak, I think I'm thinking about it." An Xia covered the lower part of the phone to prevent her voice from getting out, she frowned, and said coldly, "He doesn't want to let people go! "

Oh shit!

He was not at ease, and invisibly put another shackle on her back.

Maybe it will be edited by Xia Guotong.

This is the last result An Xia wants to see.

So, from the beginning she resisted joining the team.

Xia Houyu knew her resistance better than anyone else. He even said that as long as she wanted to leave, she could leave at any time!

Now, she wants to go, he doesn't plan to deal with it peacefully and let her go?

Thinking of this, An Xia's eyes became cold.

She doesn't want to tear her face, but if someone else wants to do the first year of the first year, then she will definitely do the fifteenth!

His eyes just changed, his hand was held by the man beside him, he met his black eyes, saw the calm inside, and his impetuous mood gradually stabilized.

"Waiting for a reply, you suddenly suggested that the above needs to be considered, and it is difficult to reply to you immediately."

Mu Chenyuan said in a low voice, he also wanted to solve it amicably and not make trouble.

"We still have a few days to go back, then give the above a few days. When the time is up, no matter whether we will let you go or not, there will be an answer."

An Xia could listen to his advice.

Hearing this, he nodded, "Okay, listen to you."

Then, he picked up the phone again and said, "Since you can't give me an answer right now, I will wait for you to discuss it in a few days. You must tell me immediately what the result is."

"An Xia..."

After smoking a cigarette, Xia Houyu calmed down a lot.

The helpless sigh melted into the still dark morning, Xia Houyu said, "Is there any opinion on Shen Yuan's side?"

"no."

"This kid..." Xia Houyu felt that his cabbage was taken away by pigs, and he wanted to rely on him to sacrifice his color to keep An Xia.

In the end, I lost my wife and lost my army!

Completely lined up with Anxia, without considering your own situation.

It is impossible to persuade An Xia to go this way.

Chapter 1388: people who can't keep

Xia Houyu thought of a headache.

Stay, he really wanted An Xia to stay.

This is just the beginning. The first time she performed a mission alone, she completed it quite beautifully, and it can be seen that she has infinite potential. As long as she is cultivated well, she must be the most dazzling star.

Now, the stars have just risen to the sky, and they are about to be taken off. It is really hard to be reconciled.

"Don't think about it? Our team..."

An Xia laughed, "Xia Houyu, if I want to stay, I don't need to come to you. Team Mu can persuade me by myself."

"Why did I come to you? It's very simple. Team Mu knows and knows my determination to leave. It is impossible to keep me."

"You don't have to feel that it is a pity for me to leave. It should be said that it is a blessing. It is undeniable that the people and things in the team are very attractive to me, but my temperament is not suitable for staying."

"There are some ways of handling things. I think, I will never be able to agree with your answer and stay forcibly. In the future, it is difficult for me to guarantee whether I will do some wrong things that will make you go crazy."

"It's just that you think I did something wrong, but I don't think so myself."

"Before you joined the team, you promised me that I could leave whenever I wanted. I guess, did you leave room for me to leave at any time?"

"Mingren don't speak secretly. I have told you frankly that it is time for me to leave. I also hope you can frankly tell me if I can leave."

She was all told.

He did leave room in case she had to go.

No, don't want to fight for it anymore.

Reluctant to let her go, she said she would go, gouging out his heart-wrenching pain.

"When are you going to leave?" All that said, it's useless to stay, Xia Houyu sighed, "You're leaving after careful consideration, and I was really caught off guard."

"I'm still thinking, if you insist on not leaving for a year, it is estimated that you will not leave again."

"I didn't expect you to leave before a year, Xiao An, Xiao An, you really broke my heart."

With the first sentence he said, An Xia listened patiently no matter how much he said later.

After he finished speaking, he said, "I always knew that I couldn't keep going. Going is the doomed ending from the beginning."

"Just this time, just right, all the people I'm looking for are here, let them take me away."

Xia Houyu's eyelids jumped when he heard it, "Don't you mean, let the people from the imperial domain take you away, you, you, you, don't you hit the gun?"

"They want to kill you!"

"I'm not going to kill me. I'm not following them, but I'm making people outside think that I'm following them, and I'll give you an explanation."

With the big matter in his heart resolved, An Xia's eyebrows and eyes softened a lot, and he was able to say a few more words to Xia Houyu.

"I know that my departure will bring trouble to you, but I believe you can definitely solve it."

Xia Houyu smiled bitterly, "Don't put a high hat on me, I'm all thinking about how to report it and ask for my guilt."

"I don't believe it. I said it just now. The day you knew I might leave, there must have been room. Now, it's time to use your 'back hand'."

Xia Houyu is not an ordinary person. He can sit firmly in his current position, and his personal ability has already left a lot of people.

She was 100% sure that Xia Houyu would not let himself get into trouble.

"Hey, you kid, you kid, isn't it true that Shen Yuan hasn't left you alone yet? Or..."

"Xiahou Warlord." Mu Chenyuan's icy voice suddenly entered his ears, so shocked that Xiahouyu swallowed the following words, and people also choked and coughed wildly.

Chapter 1389: return to their original positions

Why can Shen Yuan hear him when he speaks?

Xia Houyu patted his chest and asked while coughing, "Cough cough...cough...Xiao An, your phone...cough...open...cough...cough...open?"

Fortunately, he spoke slowly, and he didn't say it in one breath.

After Mu Chenyuan reminded in a cold voice, he retreated to the side again, leaving the space for An Xia.

Just now, he didn't need to guess what the leader wanted to say, he knew, and interrupted in time, so as not to mislead his girlfriend.

Actually, An Xia doesn't need to bring it, as long as she wants to be biased, she can be biased at any time.

An Xia didn't guess what the unfinished words were, but just felt...

He glanced at Mu Chenyuan, who looked back a little, feeling strange.

"Team Mu can't keep me, so no one else can change my determination." An Xia can make things clear, and she doesn't want to hurt her own man because of herself.

"Team Mu also persuaded me for a long time. You also know my temperament. Since I put the matter on the table, no matter who comes forward, it is impossible for me to change my attention."

"I'm sorry, but I didn't insist on going. The fact that I had an appointment with you before will not count."

I always remembered to clean up Xia Houyu once, but now, I have no chance.

Xia Houyu smiled and sighed again, "Then I'd rather you come back and learn from me."

"After the matter is resolved, I should come back. I'm here, and I won't go far. However, it's unlikely that I will be a part of you again."

I've tried, she's really not fit to stay.

It's better to leave early and leave a good impression on each other.

It's a foregone conclusion, no matter how much I persuade, I can't keep anyone. Xia Houyu is also a happy person, so he said: "Okay, I understand, I will arrange for Shen Yuan to hand over the work with you. Next..."

After a pause, his voice became much deeper when he spoke again, "Xiao An, what happened next has nothing to do with us. Do you understand what I mean?"

"Understood." An Xia nodded. It was her decision whether to live or die, and it was impossible to send someone to protect her.

"Thank you for your hard work, and thank you very much for giving me an opportunity to get to know your team, which has benefited me a lot. If I have the opportunity to meet in the future, I will thank you in person."

Thank you very much Xia Houyu, if it weren't for him, she would not have been able to go in and learn about this mysterious team.

"I can guarantee that I will not leak the secret. If it is leaked, you can send someone to hunt me down, and I will never resist."

There is really nothing to say about leaks.

An Xia has no access to secrets.

Since joining the team, it has always been training, training, training, and the task of really participating is only this time.

In the end, it's up to you.

Xia Houyu smiled and said: "There is no secret for you to leak, you give your phone to Shen Yuan, and I will chat with him a few words."

Handing over the mobile phone means that the communication between An Xia and Xia Houyu is over, and her affairs will also end.

After handing out the phone, An Xia said, "I'll go out first, you guys can talk."

At this time, An Xia had already consciously started to avoid it.

When she told Xia Houyu that she was leaving, An Xia had already repositioned herself.

She is no longer one of them.

Then what they were going to say, she needed to avoid it.

Mu Chenyuan took the phone and nodded slightly.

When the door was closed, An Xia took out her mobile phone. She also needed to contact Tianshu and the others to arrange their departure.

Half an hour later, Mu Changye knew about it.

It was also silent for a long time, "Xiao Xia and Emperor Domain, are there really connections?"

Chapter 1390: Goodbye my friend

The above has been checked all the time, but it has not been found out. Don't you think it is strange that you are suddenly violent at this moment?

"She personally admitted that, besides, there are some doubts that we have not investigated. After listening to her details, we can button them up one by one."

"Furthermore, the eldest son sacrificed...she secretly escorted her back to China. Only you, me, and the boss above know who the **** is."

Tell An Xia about this kind of thing, it can be seen that the two sisters do keep in touch.

"The DNA report has been sent to the mailbox, you can look at it again. Judging from the report, the two are related by blood. It is not ruled out that it is false, but there is no need to do it."

Mu Changye listened quietly, and then asked, "Where's my boy? What's the reaction?"

"Shen Yuan is okay, there was no overreaction, he accepted An Xia's departure." Xia Houyu said, his voice was astringent, "I feel a little regretful now that the two young people got to know each other."

And just started, we are going to separate, alas.

But Mu Changye was stunned, "Break up?"

"No, no, that's not it." Xia Houyu explained, "Shen Yuan said that Xiao Xia promised him that he would come back to him after finishing the matter in the imperial domain."

Mu Changye breathed a sigh of relief, and frowned in the next second, "If you come back, it's impossible to let her join the team."

It's a pity to miss such a good talent.

"Xiao Xia herself said that she is not particularly suitable to stay in the team, and I respect her personal intentions. Her files have never been filed, so just return them."

This is Xia Houyu's leeway and backhand.

An Xia's personal files are all alone. Why the first and second camps can't keep An Xia is because An Xia's personal files have not been entered.

From the day that An Xia's personal information was posted, Xia Houyu made it clear that it was unknown whether he could stay or not.

But in the face of a good seedling, I am really moved, and make an exception to give a chance, in case someone can stay.

This is also one of the reasons why An Xia passed the assessment and finally only joined the training with the two teams, and did not arrange to join the team immediately.

Everything is under observation.

Everything is under examination.

Mu Changye heard Xia Houyu's reluctance, and in turn smiled to comfort his subordinates, "You, look away. It's not yours, you can't keep it no matter how you keep it."

"Okay, let's do it as soon as possible, don't let Xiao Xia think we are dragging her."

People, did not stay in the team, but she will stay in the Mu family!

Thinking about it, Mu Changye felt a little more at ease.

After all, it is considered to be left behind.

It's a foregone conclusion, let's start.

The file didn't come in, and things were much simpler.

At five o'clock in the afternoon, An Xia had absolutely nothing to do with the team.

The next road must be completed by An Xia alone.

She declined Xia Houyu's kindness and did not continue to stay in the hotel.

Xia Houyu couldn't beat her, so he could only say: "Well, Gaso City is a little chaotic, you have to be more careful by yourself, you can still contact the embassy in time if there is any situation."

Shen Yuan still has a mission, and it is impossible to maintain personal contact with An Xia during the mission.

Therefore, Xia Houyu only said to contact the embassy.

An Xia understands the things that cannot be said.

He smiled and said, "Well, I understand. Thank you for reminding me. I'll see you again when I get back."

"Okay." Xia Houyu ended the call, but he didn't calm down for a long time.

Ugh.

Those who can't be retained will not be retained after all.

Pity, really pity.

Ye Jian knew that An Xia was leaving because she saw An Xia packing her poor luggage, even the bags were non-woven bags from the hotel.
