Chapter 351: I'm going to make a reservation

In the end, Xia Houyu didn't ask the answer either.

But he was so depressed to carry him out of the Mu family's father and old lady.

"Every time I contact the old man, the old man and the old lady will ask me if you have a girl you like."

"If you have a girl you like, remember to take it back to Mu's house and let the two keep watching. You can't keep it alone, you have to let the family know, so that you can supervise you not to bully the good girl."

"If you don't tell me, next time the old man and old lady will ask me again, did I continue to say that you haven't met a suitable one?"

"To tell you the truth, the old lady said that when you go home next time, she will immediately invite the unmarried girl Mu's family in the capital to have a meal and give you a blind date!"

"It's up to you to figure it out. If you want to arrange a blind date, you may be able to meet a more suitable one, and you can rest assured that you can stay in the team."

"It would be better to tell me. You don't need to worry about them all the time. An Anxin is at home waiting for you to take your grandson-in-law back to Mu's house."

It's useless to lift the two old men out.

Mu Chenyuan, whose mouth was as tight as a clamshell, didn't want to say it. He didn't want to put a word out of his mouth.

He got up and said indifferently: "I will explain to you the old man and old lady later. I won't ask you again in the future."

You're polite, don't talk about your personal matters anyway.

Xia Houyu was so angry that he hummed, "Ha, what about your dad? Your dad is coming to a meeting today. He wants to ask you, do you want to say or not?"

"Just now, Xiao An and I took the elevator with him." Mu Chenyuan once again lost what Xia Houyu wanted to know, "He and An Xia, chatted a few words."

I just wanted to know that Xia Houyu was stuck in chest tightness and short of breath, and wanted to vomit blood.

He held the meeting room and took a deep breath, "Then what?"

Obviously he knew the two people met first, and now that he has become, he is most likely to know at the latest whether the two are together!

"My father and I were both trained by An Xia."

Xia Houyu, who was supporting the table, shook slightly, and was a little frightened.

Is it the "training" of the reprimand?

"Your father, are you okay?" asked dryly, even if the seven-star warrior Xia Houyu was strong, some of his palms were sweating at this moment.

New recruit, An Xia is a new recruit without a title.

She came to "train" a twelve-star warrior?

Mu Chenyuan was meditating. He was thinking about his father's expression at the time.

Just notice that An Xia has gone, and neglected his father.

Seeing Xia Houyu's expression tense again, Mu Chenyuan narrowed his cold eyes slightly.

He was meditating, Xia Houyu sweated more in his palms, "Do you want to think about it? Very angry?"

Mu Jiang is not an easy temper.

If he gets angry...

What did An Xia teach?

Is it hard to hear?

With An Xia's ability to speak and irritate people, it's really possible that he said something not so good.

Xia Houyu thought of his heart fluttering.

After a while, Mu Chenyuan said calmly: "I'm not angry."

"really?"

"Yeah." Mu Chenyuan nodded, "I have a good impression of her."

Xia Houyu breathed a sigh of relief instantly.

"That's good, that's good, Mu Jiang is broad-minded, and he won't get angry easily when he thinks about it. Xiao'an is not a casual temperament, it should be a bit of a misunderstanding."

"It's good if you are not angry, and it's good if you are not angry."

Tightened and loosened, I forgot to ask Mu Chenyuan if he was interested in An Xia.

Mu Chenyuan left the small meeting room along the way.

It was hard to scare him so much that he would forget and leave later, for fear that he might remember it.

Back at the office, An Xia was still watching the video.

Watch at 3x speed.

They did not disturb her when they came in.

Ten minutes later, An Xia turned off the screening and said calmly to Xia Houyu: "Here, I'm going to make a reservation."

Chapter 352: Come out alive to be strong

After watching the training videos of the reserve special fighters, An Xia knew that the training of the Xia special fighters was so fierce.

Yes, it is fierce.

Each reserve special fighter is like a tiger coming out of the cage, burning a raging fire, and plunged into the dangerous special training.

Across the screen, listening to the roar, the blood in the body ignited, wishing to join them immediately, to become one of them, to kill and train with them.

Compared with their training, the training of the vanguard class can't even count the appetizers.

At most, it can be regarded as green vegetables that have not yet been cooked, which is incomparable.

After hearing this, Xia Houyu asked her in his spare time, "Have you really finished reading all of them?"

"Of course." An Xia frowned. "Do you doubt that I would say it casually?"

"That's not true." Xia Houyu smiled, "After reading it, you are not afraid?"

An Xia raised her eyebrows, "Why should you be afraid? What's so scary? Will you go if you are afraid?"

The words caused Xia Houyu to laugh, and he said to Mu Chenyuan: "Well, I got it right. Xiao An is not an ordinary rookie, she, the harder she gets, the more difficult she has to get."

"You, you can practice her in the future, as much as you want. She will only be happy and won't complain."

It is true that Mu Chenyuan didn't practice the soldiers of the advanced squad with cruel hands.

According to the training of their special fighters, there are only five to six hours of rest a day, and sometimes they will stay up all night for continuous training to exercise their willpower.

The Devil Week training that he arranged for the Advanced Soldier Class only refers to the training content of special fighters, and then lowers the requirements, similar to the warm-up training of special fighters.

An Xia also calmly said to Mu Chenyuan: "Although you let go of your hands and feet, it has nothing to do with you if something really happens."

Special warfare training, personal accidents are also normal.

Can't blame the heavy training.

To blame, blame yourself for being too weak.

She started training at the age of four, and countless people fell on the way to the strong along the way.

They fell, and they walked out alive and became the master of the emperor domain.

Unfortunately, she did not come to the end.

I don't know which **** was bombarded with missiles.

Now that he is rebirth, he is naturally going to revenge.

Before taking revenge, you must first weigh whether you have the strength to take revenge.

If the strength is not enough, you have to practice until she returns to the peak of her previous life, that is, when she returns to the imperial domain.

In case, unfortunately, she fell on her way back to the top, she would admit it.

Nothing to do with others.

Life and death are bearish, and die again, just like that.

An Xia is bearish.

But Mu Chenyuan didn't.

Therefore, he did not rush, but lay the foundation first.

Before the foundation is laid, he will not suddenly increase the amount of training for An Xia.

Hearing this, he said solemnly: "It won't cause you an accident, but there will be days when you will not have the strength to eat."

"Okay, I'll wait." An Xia nodded and asked again: "What I just put on is the training of reserve special fighters. Then, is the training of a real special fighter more difficult and more intense?"

She very much hopes to achieve the strength of the hell-style training she has received in the imperial domain in her previous life.

Those who enter have practiced to the point that they are not like people and ghosts are not like ghosts.

If you come out without being alive, you will become a ghost, and if you come out alive, you will be a strong one!

Mu Chenyuan looked at her with dark eyes. After a long time, he nodded lightly, "Yes, it's very big. It starts from the elementary level to pass the test, then to the intermediate level, and then to the special level."

Can only tell her that the higher the level, the greater the difficulty.

No comment on how difficult it is.

Unless she truly becomes a special warfighter, she can receive the top secret training content of the Xia Guo special team.

An Xia's gaze fell on his armband.

Chapter 353: Golden Wolf King, unique

Mu Chenyuan's armband is different from Cheng Ming's armband.

Cheng Ming's armband is a silver wolf head, and the wolf eyes are fierce. The wolf's mouth is half open with only two pointed fangs. He is an intermediate fighter.

Mu Chenyuan's armband is a silver wolf head, the wolf's mouth is wide open, the four fangs are all exposed, and the whole wolf head is fierce.

The golden wolf head and four fangs represent the identity, strength and status of the "Broken Wolf" team!

Only special-class fighters have the golden wolf head!

Intermediate fighters are silver wolf heads.

The junior war fighter is also a silver wolf head. The difference is that the wolf eyes are closed, the wolf mouth is slightly open, and the fangs are half hidden. It is a ferocious wolf waiting to wake up.

An Xia stared at the fierce wolf's head with fangs, and said slowly: "One day, here I am..."

Stroking his arm, "I will also have the same golden wolf head as you."

Now that he has walked this path again, he must become a sharper person.

Not behind others, not afraid of the way forward, follow the heart, and the momentum is like a broken bamboo!

Mu Chenyuan bends his thin lips slightly, and he said, "Okay, I am waiting for you to have it. Before you come, I will wear it well and will not let anyone take it away."

Um?

An Xia doubted, "Only one?"

"Yes, there is only one." A light smile fell into his eyes, and in the cold eyes, there was light blooming. In his eyes, she was there. Mu Chenyuan said in a low voice, "I look forward to it, one day you can have it."

There is only one wolf king among the wolves.

Three years ago, Mu Chenyuan became the new wolf king of "Browolf" and led the "Browolf" to move on.

There was only one!

The light in An Xia's eyes rose.

She likes the unique golden wolf head.

With her chin raised slightly, her expression was clear with squinting eyes, like an arrow breaking through the air, sharp into her ears.

"Okay! I hope you can keep it and wait for me!"

"Yeah." He nodded, only her cold eyes gurgling with a smile.

He will wait for her until she arrives.

Xia Houyu was even more overjoyed.

He, he was afraid that An Xia would temporarily carry the burden and quit the team two years later and was unwilling to continue.

At this moment, she aims to win the "Golden Wolf Head". There is no such thing as three or five years, so don't think about it.

Patting Mu Chenyuan's shoulder, Xia Houyu said earnestly: "Shen Yuan, you have to guard it, don't let Xiaolan take it away easily."

Good guy, but better at bait than him.

Knowing that An Xia likes uniqueness so much, he said that the uniqueness of "Golden Wolf Head" would save him from worrying for a while.

It was half past nine, An Xia declined to stay for Chinese food, and then strode out of the office.

Xia Houyu still wanted to send her to the building, but she was disgusted by her, "It's not that I am lost, I can still get lost? You are busy with you, I am busy with mine, see if you have anything, don't contact me if you have nothing to do."

Once contacted, she would have to worry about not hitting him once.

Xia Houyu, who also wanted to improve the relationship between his superiors and subordinates, was helpless, and An Xia was really insatiable.

Others, think of a way to get close to the relationship between superiors and subordinates.

When she got right, she pushed forward like a ghost.

For fear of being infected with something, she would feel ashamed of defeating her reputation.

"Cheng Chengcheng. If you don't send it, you won't send it. I will arrange a vehicle for Shen Yuan to take you to the Zhanbu Hospital, and come at 7 o'clock tomorrow morning to take you to the airport."

Anxia has no objections to the itinerary.

Go back to the first camp as early as possible, and hurry up to train as soon as possible.

She didn't want to even have the qualifications to participate in the selection of reserve special fighters.

Chapter 354: I know I've been with the little girl

After leaving the Luer District Building, Mu Chenyuan drove An Xia to the War Department Hospital.

Shortly after the two left, Mu Changye appeared in Xia Houyu's office.

Pushing away, he asked, "Huh? Both of them, left?"

He also signaled Xia Houyu to sit down without saluting.

I walked to the reception sofa and sat down, "Arranged for them to go?"

"No, Ming'er's plane. I arranged a car for Shen Yuan to send Xiao'an to the War Department Hospital." How dare Xia Houyu sit still, standing up and pouring water while talking.

Mu Changye slobbered and smiled: "This kid, I'm a little prosperous, I know I've been with the little girl."

"Shen Yuan's temperament is a little bit colder, and the basic politeness is still there. Don't worry about it." Xia Houyu also sat on the reception sofa, "Xiao'an is the first time to come to the capital, so I can rest assured that Shen Yuan will be with me. "

"It's just that it delayed his time to go home with the old man and the old lady."

That's okay, the old man and the old lady know that their grandson is with the girl they like, and it's too late to be happy.

However, Xia Houyu didn't seem to know that Shen Yuan was interested in Xiaolan.

The son didn't say it, so I can't speak for him.

Mu Changye then said: "He is polite, but he is not polite to the little girl approaching him."

"You have also seen Xiao An. Xiao An is not the kind of proactive and approaching temperament." Could it be that Shen Yuan really didn't mean much to Xiao An, otherwise, how could Mu Jiang say such things?

Talking Xia Houyu muttered in his heart, and continued: "I was about to send Xiao An downstairs just now, but she was rejected by her with a look of disgust."

"To tell you, it's the first time I gave someone away and was disgusted."

Disgusted enough to not want to see him.

Mu Changye felt very comfortable when he heard it.

Treat all the same, how good.

Comforting his old subordinates, "You, be content, anyhow you can talk to you politely. About me, I was still being trained by her in the elevator."

Speaking, Xia Houyu sweats on his back.

"Mu Jiang, Xiao'an is young and speaks straightforwardly. Don't rest assured if you say something unpleasant. I will try to persuade her when I look back, and pay more attention to what I say in the future."

I can only talk to Xi Mu to persuade An Xia, she is not sure to listen.

Mu Changye smiled straight after hearing this, "You are quite good at protecting the little girl. With her temperament, I don't think you will persuade, she will listen."

In a word, Xia Houyu had another layer of fine hair.

"She's wrong, you go and you will listen. She is right, you will only be disgusted by her. You, it is better to be dismissed by her less, and it will not sound good to spread out."

"Don't be too nervous. She told me today that it was indeed because of my words that were not appropriate. After she said that, I still reflected on myself for a while."

"Okay, you continue to be busy, I will go to find them, and by the way, invite them to have a meal at noon."

No business, just chat a few words.

Xia Houyu didn't want to stay, and was ready to send him off again, but was rejected again.

"Don't send it, busy with your own business." Walking to the door, Mu Changye suddenly stopped thinking of something.

Turning his head, he smiled and said, "I'm afraid you don't have the opportunity to educate Xiao An. With her temperament, it's too difficult to make mistakes."

Xia Houyu didn't recover for a while.

Why does Mu Jiang know Xiaoan so well?

Obviously only met once.

Is it possible that Shen Yuan often mentioned Xiaoan to Mu Jiang?

Invite two people to dinner?

Xia Houyu was thoughtful.

He smelled something unusual.

It's okay to invite my son to dinner.

Would you like Xiao An to eat together?

Somewhat weird.

Xiao An may not agree.

Chapter 355: Shao Mu is a big tail wolf (7 more)

An Xia did not agree.

She wanted to accompany Ye mother to dinner at noon.

Shaking his head, he said indifferently: "You don't have to accompany me at noon, I just have a meal in the hospital."

It happened to spread him away and asked Tianshu about the 'medicine'.

Mu Chenyuan returned the text message without persuading him.

After reading the text message, Mu Changye immediately changed his mind.

Since An Xia won't come out to eat, there is no need to eat.

"Sure, I will go home to accompany your mother. You first go to the old house to visit the old man and the old lady, and I will come over with your mother in the evening. Remember, don't go home, don't disturb my and your mother's hours of light!"

In particular, I am afraid that Mu Chenyuan will go home.

Don't accompany the girl you like. If you want to go home, your father will turn it away. Mu Chenyuan accepted the phone and asked An Xia, "Am I eating in the hospital at noon?"

Humble online for acceptance.

Rejected brutally.

"No." An Xia said coldly and ruthlessly: "I have something, it is not convenient for you to be present."

Mu Chenyuan tried to struggle, "I can stay away a little bit and not bother you."

"No." She was unmoved, she had a big deal to do, and she couldn't be there.

With his keenness, he might be able to see some dullness.

She didn't want to plan to have a stillborn baby without even starting.

He curled his brows and said, "Isn't your house in the capital? Why? When you return to the capital, don't you even have a place to go?"

Yes, yes, don't you want to accompany you more.

After considering it for a while, Mu Chenyuan lowered his eyes, concealing the dark color passing by in the depths of his eyes, "Going back too early, it is possible to arrange a blind date."

What?

Blind date? !

That can't be done!

Her medicine hasn't arrived yet, and she hasn't tasted what he is like yet, but she can't let others get ahead!

Taking a look at the man driving, An Xia cleared his throat, pretending to be sorry for him, and took him in for a while, "Then you should sit farther."

"Won't bother you?" The door of love opened and Mu Chenyuan, whose emotional intelligence soared, installed the glacier big tail wolf.

An Xia answered coldly, "No."

"Okay, thank you." Thank you sincerely, her thin lips slightly raised.

She doesn't like going on a blind date by herself. Can it be understood that she is actually tempted by herself?

Only when the heart is moved, will there be possessiveness.

The emperor didn't know what fascination was.

All she knew was that the man she fell in love with could only be used by herself.

Others can't move half a minute!

Blind date is so vulgar.

Don't go!

The successful Mu Chenyuan drove steadily and arrived at the War Hospital.

After parking the car, the two walked towards the inpatient department.

Just approaching the hall, they came to face the two mother and daughter.

The daughter is dressed in regular clothes, is tall and has outstanding facial features. She is a first-class beauty.

She was holding a middle-aged woman wearing high-quality cheongsam in her arms, showing elegance and nobility. It hurts your reputation as soon as you are seen. Mom..."

An Xia and Mu Chenyuan, who were not squinting, didn't notice the two of them. They entered the lobby, turned left, and walked straight to the elevator.

The middle-aged woman saw him just then, swallowed the words in her mouth, and said with a surprised look: "Oh, isn't this Shen Yuan?"

Mu Chenyuan paused and looked sideways.

In the cold eyes, a cold color passed.

The middle-aged woman was already holding her daughter Ye Youyin, and walked over a little faster.

This is really fate, and you can't stop it!

She was just coming over with her daughter, Youyin, to find out which floor Ye Mengwei lived in and which hospital she lived in. She didn't even think that she actually met the young master of the Mu family who hadn't seen him for three years!

Chapter 356: Senior, please stay

Ye Youyin was far less happy than his mother.

She was naturally happy to see Mu Chenyuan.

But seeing the people around Mu Chenyuan, couldn't be happy anymore.

Who didn't know, the fourth youngest of Mu's family was cold, and rejected all girls thousands of miles away, even during school, no girl in the same class dared to approach him.

Not to mention.....

Go with you!

She has been paying attention to Mu Chenyuan's news, even if he later went to the team, she did not leave to inquire about him.

I can always hear more or less.

There was another grandma in the capital, Mrs. Ye, who asked for her. Before today, she hadn't heard a word from her grandma. There was a woman walking very close by Mu Chenyuan.

What made her a little flustered was that the woman with beautiful face and cold eyebrows made her feel a sense of crisis that she had never felt before.

With dark birds flashing in his eyes, Ye Youyin walked closer with his mother, Lin Xian, and smiled: "Senior, long time no see."

Based on her relationship with Mu Chenyuan, it is only suitable to be called a "senior".

"Shen Yuan" is only suitable for mothers who are elders.

Mu Chenyuan and An Xia have stopped.

The two looked over at the same time.

Taking a look, the two of them wrinkled their brows together.

Mu Chenyuan recognized who the two mother and daughter were.

Mrs. Ye San Lin Xian, and his daughter Ye Youyin.

The Ye family reappeared at the War Department Hospital, and Mu Chenyuan, with cold eyes, pressed his thin lips together.

It's hard not to doubt that the two came to the hospital to find An Xia's mother.

He didn't speak, but nodded very lightly, then turned to An Xia and said, "Let's go, the CT building is still behind."

An Xia's clenched brows had not yet loosened, and her indifferent black eyes were already dull.

Seeing the two people approaching, they just glanced at each other, and felt a sense of rejection in my heart inexplicably unpleasant.

It can be said with certainty that she did not know the two people who came by, and had never met.

The sudden dislike came from Xiao Anxia herself.

Xiao Anxia met them both before?

An Xia looked closely, her eyes gradually dulling.

She found that the eyebrows and eyes of the woman in regular clothes who came by were somewhat similar to those of Ye Mengwei.

In an instant, An Xia's eyes were extremely cold.

She thought of the Ye family!

Right here, Mu Chenyuan's voice came from his ears, and in a moment, dark eyes flashed through.

His words confirmed his guess.

They are indeed the Ye family!

Mu Chenyuan had already taken a step forward, and An Xia, who took back the video, followed afterwards.

She does not know where the CT building is.

Mu Chenyuan had to lead the way.

It was just a few breaths, and the two had already come twice without having to cooperate with too much words.

"Hey hey, Shen Yuan..." Madam Ye San would not let Mu Chenyuan go, grabbing her daughter's hand, and directly stopped.

Ye Youyin is a girl in the end, and her face is thin, and Mu Chenyuan's move made her face a little pale in embarrassment.

wry smile.

Having not seen him for many years, he is still so unkind.

Not happy is not happy.

He doesn't even have the patience to deal with it.

She also wanted to leave with a look of arrogance.

But she can't.

The person who really wanted to leave with a look of arrogance, and the person who finally waited, and the chance to get him, also left.

Mu Chenyuan is not someone she can be arrogant and self-willed at all.

With the identity of Miss Ye Jia, facing the top wealthy and powerful people who really exist on the ceiling, there is nothing wrong with it!

If you want to get close to Mu Chenyuan, you must put down your body.

"Senior, please stay." She opened her mouth, gracefully and upright, "It's rare to meet the senior. You just happen to have something to ask the teacher. Can you delay the senior for a few minutes?"

Chapter 357: Xiaomen Xiaohu was born

Compared with his mother, Mrs. Ye San, Ye Youyin is more able to speak and keep others.

If you have something to ask, it only takes a few minutes. Speaking frankly and frankly is more comfortable than covering up.

At least, An Xia took a look at her.

Mrs. Ye San's smile deepened after hearing her daughter's decent and generous words.

Her daughter is the favorite granddaughter of the old lady in the family.

There are so many granddaughters and granddaughters in the family, but only the young voice has been brought up by the old lady herself.

With the guidance of the old lady, her daughter's manner and vision are not comparable to other Ye family ladies!

Mrs. Ye San, who was overjoyed, also smiled and said, "Shen Yuan, I am You Yin's mother, Aunt Lin. We have met several times, do you remember?" Then, he pushed Ye Youyin out again and cursed, "You This child, talk as soon as possible if you have anything to do, don't delay Shen Yuan's time."

Tsk tusk, the fate of my daughter and Mu Sishao is really unstoppable!

The junior high school is the same school, and the high school is the same school.

I don't know how many famous ladies and wives I envy.

It is a pity that the university does not have the same school, otherwise, if there is a relationship between the university and the same school, then it will be even closer!

With that said, Mu Chenyuan, who had been blocked by his eyes, looked back several times in secret.

The Fourth Young Master of the Mu family, who had not seen him for three years, was taller and more powerful than before.

It is indeed the man whose daughter Yuyin likes for a long time, his family background and appearance, who dares to be the first in front of him in the whole country.

Even Mu Yuancang, the fifth young master, had to be second for the time being.

The more I looked, the more satisfied she became, and she was so satisfied that she directly ignored the coldness on Mu Chenyuan's face.

Blocking the way, Mrs. Ye San seemed to have some memories, and said with emotion: "Time is so fast. I still remember when you and Youyin went to junior high school, and together represented the first and third junior high school students to speak on stage."

"Shen Yuan had a childish look at that time, standing on the podium where thousands of people were watching to speak, he was not stage fright at all."

"Later in high school, it was you two again, one representing the first year of high school, and the other speaking on behalf of the third year of high school. I was in the audience at the time and took a photo specially. Now I take it out occasionally to see. I just feel that life is going too fast and too fast. ."

"Blink, you are both grown-ups. You were admitted to the battle school, joined the land warfare, and became fighters to defend your home and the country. It's so good, so good, young people, you should join the team and contribute to the country and the people. One of my own strength."

Dragging and chatting about the homework.

He pushed Ye Youyin, who hadn't spoken any more, to the front, pretending to say, "You kid, didn't you just say that you need to find Shen Yuan for something?"

"Why don't you say it when you come to the front? Now that you have something to look for, just say it quickly, cowering and doing what?"

"Don't make people laugh, the daughter we raised looks like a small family, with a little family spirit."

Just talk as you speak, off the ground, and the corners of the light also glanced at An Xia faintly. "

An Xia should not be interested in listening to the yin and yang of the Ye family.

Take a look at her?

Ah.

Xiaomen Xiaohu, Xiaojiaziqi will contain others!

To Mu Chenyuan calmly said: "I will go up first, you will be busy first."

For the first time in a lifetime or two, she only glanced at it and didn't like others.

In addition to being affected by Xiao Anxia himself.

There are also the bad things of the Ye Family mentioned by Mu Chenyuan before, which have a certain impact.

Madam Ye San gave An Xia a straight look at this moment.

Counting her acquaintances, after listening to those memories she deliberately said, she knew she would leave immediately.

Just know to go.

She's not welcome now if she doesn't leave!

Chapter 358: The emperor is not vegetarian

Mrs. Ye San's biggest dream is to let her daughter Ye Youyin marry Mu Chenyuan and become Xia Guoding's wealthy daughter-in-law.

The appearance of An Xia not only gave Ye Youyin a sense of crisis, but also gave her a sense of crisis.

Now, she is very fortunate to have listened to the old lady's arrangement today, and brought a young voice over and ran into Mu Chenyuan with the strange girl.

Had it not been for today, their Ye family had no idea that there was such a number one person next to Mu Chenyuan!

Still born so beautiful!

You Yin's appearance and temperament are already superior, but compared with that girl, both her appearance and temperament are even better!

Lose counts!

The girl raised by their Ye family lost to a little girl she had never seen before!

It can be seen that the little girl is not a lady from any wealthy family in the capital at all.

As long as she knows and understands all the capital's wealthy ladies who can become potential competitors of Youyin, including illegitimate daughters!

A little girl who didn't know where she came from is also worthy to fight with her daughter?

Foolish dreams!

Today, for the time being, for the sake of her wit, let her go, look back and investigate it carefully, and it will not be too late to warn her secretly.

In a short time, Mrs. Ye San's thoughts changed a lot, and she even thought about what to do later.

Said with a smile, "The little girl is going to visit the patient, right? Then go ahead. Shen Yuan and my daughter Youyin will meet each other, and after they finish talking, let Shen Yuan come to you."

Not only was he in charge of Mu Chenyuan, but he was also rebellious.

But I just wanted An Xia to see that Ye Youyin and Mu Chenyuan had a very good relationship.

Hearing this, An Xia raised an eyebrow at Mu Chenyuan and pretended to say: "Is she a relative of your family? Or a friend? She will make up your mind for you."

After finishing speaking, An Xia still looked at the two mother and daughter deeply.

Look at that face.

It's all scared.

Madam Ye San knew that she had stubborn stubble now, and she was screaming to her scalp.

She, she, she... She dare to be the master of the Mu Family's Fourth Young Master!

It's just because of the young people's poor face and deliberately holding up the identity of the elders!

I don't know, I was told directly by others like this!

In a cold sweat, he immediately said: "Little girl, you..."

An Xia will listen to her excuses, let her talk about her, say her own words, and say indifferently: "Come on, then you will be busy, see you later."

One wave has not settled, another wave has risen.

Madam Ye San hadn't relieved her breath yet, and her daughter Ye Youyin choked on her chest.

They can still see you again?

Could it be that Mu Chenyuan deliberately accompanied her to the hospital?

The look in An Xia's eyes instantly became extremely sharp.

An Xia received two arrow-like glances, and in her eyes, there was a silent smile glowing with the cold of blood.

The emperor chairman is not a generous temper.

Ye family members are all yin and yang angry on her, it is strange that she can bear it!

The Ye family, the hawker who stood up, has the right to be the elders in front of the Mu family who has been famous for generations?

Mu Chenyuan didn't say anything, it was her!

No way, she is still the bed partner she is looking at at the moment, she has to protect it!

To pierce the mind of being a mother, then you have to poke the pain of being a daughter's care.

Don't you just want to see her and Mu Chenyuan together.

I just didn't let her get what she wanted.

Special reminder: She, she will meet Mu Chenyuan later.

Of course, An Xia had other intentions for stimulating the two women.

Ye family, she is tidying up!

How to clean up?

Naturally, let the Ye family take the initiative to deliver it to the door!

As long as the Ye Family comes to provoke her, she will definitely do everything in her power to inflict serious damage on the Ye Family!

A wealthy family from a hawker, she would like to see what she has!

Chapter 359: Humiliation

Mu Chenyuan sighed softly in his heart at this moment.

She said the first words from Mrs. Ye San's mother and daughter with her temperament, and they walked away a long time ago.

After staying, she deliberately said some irritating words. Obviously, she guessed that the two mother and daughter were the Ye family, and did so deliberately.

She really isn't afraid to trouble her upper body.

How to do it?

Naturally have to follow.

Then, Mu Chenyuan said: "Together."

All the training has been spent on his patience, after listening to Mrs. Ye San's memories.

It is impossible for him to stay alone to face it.

He explained indifferently: "Not a relative, only a few meetings where I haven't spoken."

A very simple explanation, the mother and daughter Ye San and Ye Youyin, who hadn't been relieved, were embarrassed to the point that they were slapped in public, and the pain was fierce.

three year had passed!

The Fourth Young Master Mu is the same as before, so unrelenting!

What to do, is to go?

Or stay?

Ye Youyin thought quickly.

Mu Chenyuan looked at the two mother and daughter who hadn't moved, and his eyes grew colder.

He had said so, the two people in front of them had the face to stand still in front of them, as the old lady said, the Ye family should be shameless, the whole thing is a dead pig who is not afraid of being scalded!

The mother and daughter were still reluctant to leave.

An Xia looked at Mu Chenyuan, whose face was much colder, and curled her red lips with interest.

She didn't know how rich the Ye family were.

But she had seen how brazen it was.

However, he had met before, and immediately climbed up the friendship, blocking the deliberately saying something misunderstanding, Mu Chenyuan has not shown mercy until now, and it is considered to be very self-cultivating.

Mu Chenyuan didn't want to bear it. In fact, he didn't want An Xia to misunderstand. Believe Mrs. Ye San's words.

He was very worried about An Xia's misunderstanding, who couldn't tolerate sand in his eyes, and he was afraid that... he wouldn't be a bed partner!

I have to say that Mu Chenyuan's emotional intelligence has been inherited very well.

What should be said when and what should be said is the key point, he has caught it all!

There is no need to teach specifically.

self-taught!

With An Xia's intelligence, how could he fail to hear his explanation of the clear relationship.

She gave him a smirk.

What are you still doing?

Let's go.

Seeing her smile, Mu Chenyuan was relieved.

"Now, can I go?" he asked with his eyes.

An Xia raised her eyebrows without moving a step.

The meaning is most obvious: I don't want to leave for the time being.

Mu Chenyuan: "???"

Not leaving yet?

For a moment, I couldn't guess what An Xia had in mind.

The emperor's mind became active, and he was as smart as Mu Chenyuan and had to think about it.

If An Xia didn't leave, the firepower added by the sentence just now was probably not enough, so he had to add more firewood to let the Ye Family pay attention to him.

Otherwise, always staring at Ye Mu, she was also worried when she returned to the team.

It's better to focus half of your attention on her, so that the Ye Family feels a sense of crisis.

And because of Mu Chenyuan's relationship, the Ye Family felt jealous and did not dare to be too presumptuous to Ye Mu.

It was only half a moment, An Xia's plan had already gone a long way.

Soon, Mu Chenyuan had to run and guess before she could guess her intentions.

The delicate Ye Youyin was still wandering between going and not going, and soon discovered that the two were dazzling in the dark, and decided now: stay!

She must stay!

The fourth youngest of the Mu family, why...Where did you explain to a girl aside her identity?

He unexpectedly, he actually explained to that girl!

Is it afraid that she will misunderstand her relationship with him?

Chapter 360: Slap in the face

Yes!

Only for fear of misunderstanding will explain.

Their relationship is by no means ordinary!

The sense of crisis surrounded her from all directions, and she was airtight and unable to breathe.

With an embarrassed look, Ye Youyin, who decided to stay, clenched his fists secretly.

Miss Ye Jia's reserved shelf is almost there now, and you have to put it down when it's time to put it down.

Be generous and decent, speak slowly, "Sorry, senior, my mother is getting old, and always likes to remember those things when I was a child, which caused trouble to you and your friends. I'll say sorry to you for her."

"Senior, I really have something to ask you. Can I take a step to speak? I want to ask about the selection of preparatory special fighters."

"The only fighter I am familiar with is the senior. You have become a special fighter. There is really no second person to ask for advice. You can only be cheeky and delay the senior for a few minutes."

As soon as she spoke, An Xia knew that she was going to be noticed by the Ye Family.

Well, it can be withdrawn.

Goodbye, Mu Chenyuan, play with them by yourself.

An Xia, who had used it all, was not polite, waved his hand and smiled at Mu Chenyuan and said: "I'm not waiting for you anymore, talk slowly, bye bye."

At this time, Mu Chenyuan had thoroughly tested An Xia's intentions.

It's impossible to let her go.

He doesn't mind An Xia borrowing his Mu family's power, but after borrowing, does he have to pay some interest?

Holding the wrist, Wushuang's handsome face narrowed sharply, with a faint smile, "Let's go together."

An Xia stared at him and held his hand, stretched out, preparing to put his fingers one by one.

The skin smiled and the flesh didn't smile, "Don't, let's all work on our own, and it's OK to meet again."

Want to use her as a peach blossom?

that's not allowed.

Solve your own rotten peach blossoms by yourself.

Borrowing a girl's hand to block the rotten peach blossoms was a bit incompetent.

For real men, it must be their own affairs to solve them, not by their hands.

Mu Chenyuan smiled softly, his cold eyes narrowed softly, "I still want to accompany you."

It's a personal thing.

The fleshy hand came.

An Xia felt goose bumps all over her body.

I really want to hit him with a fist.

But it happened that she had borrowed his Mu family's power first, so she was a little bit unreasonable.

Endure it!

"Why don't you go together?" She smiled and gnashing her teeth secretly suggested.

Good guy, I really can't eat any loss.

Same as her!

Mu Chenyuan nodded in satisfaction, "Okay."

Good good, good what good!

Ye Youyin is not good at all!

She said so, Mu Chenyuan was still indifferent!

Still flirting with this woman...!

That's too much!

I touched Madam Ye San secretly, and Madam Ye San, who was so angry that she wanted to leave, but she couldn't leave.

When she received her daughter's request for help, she could only help her.

Distressed: "You Yin, you have gone home these few days, and you don't think about eating, eating, and sleeping well. Is this what you think about?"

He immediately begged Mu Chenyuan, "Shen Yuan, for the sake of your acquaintances, auntie asks you to help Young Yin. You don't know that when Young Yin comes back from vacation, he doesn't eat much, and he doesn't sleep much."

"Just last night, she got up and jogged in the middle of the night! She said that she shouldn't let go, for fear of dragging her legs, my dad and I were scared!"

"Shen Yuan, you can help Young Yin, auntie please."

As long as you can push You Yin to Mu Sishao's side, she can completely let go of her identity!

Speaking of this, Mrs. Ye San thought that Mu Chenyuan would nod her head.

Well...

Mu Chenyuan refused again.
