### Chapter 361: Hard to defend

The emotional quotient of Mu family men will only be used on their beloved ones.

To other girls, it is like a sharp spear, piercing one by one, and piercing those girls who are unruly towards them are full of blood holes.

Mu Chen who refused again, his expression was colder than before.

"You have found the wrong person. I suggest you ask the other fighters." This time, Mu Chenyuan didn't even show his face. "Two of you, I stopped me several times. I have limited patience. Please let me go!"

It directly stripped off the faces of the two mothers and daughters, and threw them on the ground.

Rao is Mrs. Ye San who is extremely small in number in front of her. At this time, she was also shaken by Mu Chenyuan's face.

"Shen..."

She still wanted to speak again, Mu Chenyuan interrupted coldly: "I really mind what you call me, Madam, the Four Young Masters, which is more suitable for you and the friendship that you are not familiar with in my Mu's house, but just nodded to meet."

Four young...

This is.....

I knew it was completely unfamiliar when I heard it, and had nothing to do with the Mu family!

Her young voice finally became an alumna with Mu Si Shao, how could it be okay!

Madam Ye San's eyes turned black.

Ye Youyin is much stronger instead.

Hearing this, she with a pale face forced her back and replied decently with the last touch: "Sorry, my mother and daughter are abrupt."

"Excuse me, I'm bothering you. We will leave now."

After speaking, he bends down deeply and expresses his apology.

He said to An Xia again: "This lady, I'm sorry to disturb you and the Fourth Master."

Ye Youyin, who was bent over, had a blood flow across her eyes.

You have to go back to Ye's house and tell grandma right away, so grandma can find out who this woman is!

You must find out her identity!

Mrs. Ye San, who turned black in front of her, thought so too.

The fourth youngest of the Mu family can only be the husband-in-law of her daughter Yuyin!

A thousand guards, still not guarded!

exasperating!

Mrs. Ye San stared at the background walking towards the CT building, and said gloomily: "You Yin, go home! You have to tell the old lady as soon as possible."

"The famous ladies in the city didn't have the guts to stand up and fight with you, something that came out of nowhere, huh! We have to see if she has life and fight with you!"

Ye Youyin tensed her mother's arms and lowered her eyes, not looking at the figure moving further and further.

Coldly said: "Mom, the Fourth Young Master is very concerned about this woman. After you find out, be careful when you do it."

"The old lady will take care of it, and you can be at ease in the team." Madam Ye San patted her daughter's arm lightly, and suddenly found that her daughter's hands were cold.

Immediately he held it tightly, and said: "Youth, relax. Since the old lady said that you are going to marry into Mu's family in the future, you have to trust the old lady, she will definitely let you get what you want."

"Your young voice, Xia Guo's best daughter's family, only the Mu family's young master is worthy!"

In the eyes of parents, only their own daughter is always the best.

The same is true for Mrs. Ye San. In her eyes, no one's daughter is as good as her own.

Which small households in the capital are from a small family background who are not even worthy to lift shoes for her daughter!

The two mother and daughter did not stay any longer and left soon.

When they walked away, two ladies walked out slowly from behind a column.

Looking at the background of the two mother and daughter hurriedly leaving, they didn't know who laughed lightly. The two looked at each other and they both knew.

The taller noblewoman pretended to listen, smiling and pressing down her voice and said: "Old lady Ye is so amazing, she is sure that her granddaughter will marry into Mu's family."

"It's worthy of being one of the four giants in our capital. We have confidence. Young masters of the Mu family, we people only dare to think secretly that her family is good, so confident that we can win the young masters of the Mu family."

### **Chapter 362: Good luck with peach blossoms (7 more)**

Ye Youyin was far less happy than his mother.

She was naturally happy to see Mu Chenyuan.

But seeing the people around Mu Chenyuan, couldn't be happy anymore.

Who didn't know, the fourth youngest of Mu's family was cold, and rejected all girls thousands of miles away, even during school, no girl in the same class dared to approach him.

Not to mention.....

Go with you!

She has been paying attention to Mu Chenyuan's news, even if he later went to the team, she did not leave to inquire about him.

I can always hear more or less.

There was another grandma in the capital, Mrs. Ye, who asked for her. Before today, she hadn't heard a word from her grandma. There was a woman walking very close by Mu Chenyuan.

What made her a little flustered was that the woman with beautiful face and cold eyebrows made her feel a sense of crisis that she had never felt before.

With dark birds flashing in his eyes, Ye Youyin walked closer with his mother, Lin Xian, and smiled: "Senior, long time no see."

Based on her relationship with Mu Chenyuan, it is only suitable to be called a "senior".

"Shen Yuan" is only suitable for mothers who are elders.

Mu Chenyuan and An Xia have stopped.

The two looked over at the same time.

Taking a look, the two of them wrinkled their brows together.

Mu Chenyuan recognized who the two mother and daughter were.

Mrs. Ye San Lin Xian, and his daughter Ye Youyin.

The Ye family reappeared at the War Department Hospital, and Mu Chenyuan, with cold eyes, pressed his thin lips together.

It's hard not to doubt that the two came to the hospital to find An Xia's mother.

He didn't speak, but nodded very lightly, then turned to An Xia and said, "Let's go, the CT building is still behind."

An Xia's clenched brows had not yet loosened, and her indifferent black eyes were already dull.

Seeing the two people approaching, they just glanced at each other, and felt a sense of rejection in my heart inexplicably unpleasant.

It can be said with certainty that she did not know the two people who came by, and had never met.

The sudden dislike came from Xiao Anxia herself.

Xiao Anxia met them both before?

An Xia looked closely, her eyes gradually dulling.

She found that the eyebrows and eyes of the woman in regular clothes who came by were somewhat similar to those of Ye Mengwei.

In an instant, An Xia's eyes were extremely cold.

She thought of the Ye family!

Right here, Mu Chenyuan's voice came from his ears, and in a moment, dark eyes flashed through.

His words confirmed his guess.

They are indeed the Ye family!

Mu Chenyuan had already taken a step forward, and An Xia, who took back the video, followed afterwards.

She does not know where the CT building is.

Mu Chenyuan had to lead the way.

It was just a few breaths, and the two had already come twice without having to cooperate with too much words.

"Hey hey, Shen Yuan..." Madam Ye San would not let Mu Chenyuan go, grabbing her daughter's hand, and directly stopped.

Ye Youyin is a girl in the end, and her face is thin, and Mu Chenyuan's move made her face a little pale in embarrassment.

wry smile.

Having not seen him for many years, he is still so unkind.

Not happy is not happy.

He doesn't even have the patience to deal with it.

She also wanted to leave with a look of arrogance.

But she can't.

The person who really wanted to leave with a look of arrogance, and the person who finally waited, and the chance to get him, also left.

Mu Chenyuan is not someone she can be arrogant and self-willed at all.

With the identity of Miss Ye Jia, facing the top wealthy and powerful people who really exist on the ceiling, there is nothing wrong with it!

If you want to get close to Mu Chenyuan, you must put down your body.

"Senior, please stay." She opened her mouth, gracefully and upright, "It's rare to meet the senior. You just happen to have something to ask the teacher. Can you delay the senior for a few minutes?"

Compared with his mother, Mrs. Ye San, Ye Youyin is more able to speak and keep others.

If you have something to ask, it only takes a few minutes. Speaking frankly and frankly is more comfortable than covering up.

At least, An Xia took a look at her.

Mrs. Ye San's smile deepened after hearing her daughter's decent and generous words.

Her daughter is the favorite granddaughter of the old lady in the family.

There are so many granddaughters and granddaughters in the family, but only the young voice has been brought up by the old lady herself.

With the guidance of the old lady, her daughter's manner and vision are not comparable to other Ye family ladies!

Mrs. Ye San, who was overjoyed, also smiled and said, "Shen Yuan, I am You Yin's mother, Aunt Lin. We have met several times, do you remember?" Then, he pushed Ye Youyin out again and cursed, "You This child, talk as soon as possible if you have anything to do, don't delay Shen Yuan's time."

Tsk tusk, the fate of my daughter and Mu Sishao is really unstoppable!

The junior high school is the same school, and the high school is the same school.

I don't know how many famous ladies and wives I envy.

It is a pity that the university does not have the same school, otherwise, if there is a relationship between the university and the same school, then it will be even closer!

With that said, Mu Chenyuan, who had been blocked by his eyes, looked back several times in secret.

The Fourth Young Master of the Mu family, who had not seen him for three years, was taller and more powerful than before.

It is indeed the man whose daughter Yuyin likes for a long time, his family background and appearance, who dares to be the first in front of him in the whole country.

Even Mu Yuancang, the fifth young master, had to be second for the time being.

The more I looked, the more satisfied she became, and she was so satisfied that she directly ignored the coldness on Mu Chenyuan's face.

Blocking the way, Mrs. Ye San seemed to have some memories, and said with emotion: "Time is so fast. I still remember when you and Youyin went to junior high school, and together represented the first and third junior high school students to speak on stage."

"Shen Yuan had a childish look at that time, standing on the podium where thousands of people were watching to speak, he was not stage fright at all."

"Later in high school, it was you two again, one representing the first year of high school, and the other speaking on behalf of the third year of high school. I was in the audience at the time and took a photo specially. Now I take it out occasionally to see. I just feel that life is going too fast and too fast. . "

"Blink, you are both grown-ups. You were admitted to the battle school, joined the land warfare, and became fighters to defend your home and the country. It's so good, so good, young people, you should join the team and contribute to the country and the people. One of my own strength."

Dragging and chatting about the homework.

He pushed Ye Youyin, who hadn't spoken any more, to the front, pretending to say, "You kid, didn't you just say that you need to find Shen Yuan for something?"

"Why don't you say it when you come to the front? Now that you have something to look for, just say it quickly, cowering and doing what?"

"Don't make people laugh, the daughter we raised looks like a small family, with a little family spirit."

Just talk as you speak, off the ground, and the corners of the light also glanced at An Xia faintly. "

An Xia should not be interested in listening to the yin and yang of the Ye family.

Take a look at her?

Ah.

Xiaomen Xiaohu, Xiaojiaziqui will contain others!

To Mu Chenyuan calmly said: "I will go up first, you will be busy first."

For the first time in a lifetime or two, she only glanced at it and didn't like others.

In addition to being affected by Xiao Anxia himself.

There are also the bad things of the Ye Family mentioned by Mu Chenyuan before, which have a certain impact.

Madam Ye San gave An Xia a straight look at this moment.

Counting her acquaintances, after listening to those memories she deliberately said, she knew she would leave immediately.

Just know to go.

She's not welcome now if she doesn't leave!

Mime private 358

Mrs. Ye San's biggest dream is to let her daughter Ye Youyin marry Mu Chenyuan and become Xia Guoding's wealthy daughter-in-law.

The appearance of An Xia not only gave Ye Youyin a sense of crisis, but also gave her a sense of crisis.

Now, she is very fortunate to have listened to the old lady's arrangement today, and brought a young voice over and ran into Mu Chenyuan with the strange girl.

Had it not been for today, their Ye family had no idea that there was such a number one person next to Mu Chenyuan!

Still born so beautiful!

You Yin's appearance and temperament are already superior, but compared with that girl, both her appearance and temperament are even better!

Lose counts!

The girl raised by their Ye family lost to a little girl she had never seen before!

It can be seen that the little girl is not a lady from any wealthy family in the capital at all.

As long as she knows and understands all the capital's wealthy ladies who can become potential competitors of Youyin, including illegitimate daughters!

A little girl who didn't know where she came from is also worthy to fight with her daughter?

Foolish dreams!

Today, for the time being, for the sake of her wit, let her go, look back and investigate it carefully, and it will not be too late to warn her secretly.

In a short time, Mrs. Ye San's thoughts changed a lot, and she even thought about what to do later.

Said with a smile, "The little girl is going to visit the patient, right? Then go ahead. Shen Yuan and my daughter Youyin will meet each other, and after they finish talking, let Shen Yuan come to you."

Not only was he in charge of Mu Chenyuan, but he was also rebellious.

But I just wanted An Xia to see that Ye Youyin and Mu Chenyuan had a very good relationship.

Hearing this, An Xia raised an eyebrow at Mu Chenyuan and pretended to say: "Is she a relative of your family? Or a friend? She will make up your mind for you."

After finishing speaking, An Xia still looked at the two mother and daughter deeply.

Look at that face.

It's all scared.

Madam Ye San knew that she had stubborn stubble now, and she was screaming to her scalp.

She, she, she... She dare to be the master of the Mu Family's Fourth Young Master!

It's just because of the young people's poor face and deliberately holding up the identity of the elders!

I don't know, I was told directly by others like this!

In a cold sweat, he immediately said: "Little girl, you..."

An Xia will listen to her excuses, let her talk about her, say her own words, and say indifferently: "Come on, then you will be busy, see you later."

One wave has not waved, another wave has risen.

Madam Ye San hadn't relieved her breath yet, and her daughter Ye Youyin choked on her chest.

They can still see you again?

Could it be that Mu Chenyuan deliberately accompanied her to the hospital?

The look in An Xia's eyes instantly became extremely sharp.

An Xia received two arrow-like glances, and in her eyes, there was a silent smile glowing with the cold of blood.

The emperor chairman is not a generous temper.

Ye family members are all yin and yang angry on her, it is strange that she can bear it!

The Ye family, the hawker who stood up, has the right to be the elders in front of the Mu family who has been famous for generations?

Mu Chenyuan didn't say anything, it was her!

No way, she is still the bed partner she is looking at at the moment, she has to protect it!

To pierce the mind of being a mother, then you have to poke the pain of being a daughter's care.

Don't you just want to see her and Mu Chenyuan together.

I just didn't let her get what she wanted.

Special reminder: She, she will meet Mu Chenyuan later.

Of course, An Xia had other intentions for stimulating the two women.

Ye family, she is tidying up!

How to clean up?

Naturally, let the Ye family take the initiative to deliver it to the door!

As long as the Ye Family comes to provoke her, she will definitely do everything in her power to inflict serious damage on the Ye Family!

A wealthy family from a hawker, she would like to see what she has!

Mu Chenyuan sighed softly in his heart at this moment.

She said the first words from Mrs. Ye San's mother and daughter with her temperament, and they walked away a long time ago.

After staying, she deliberately said some irritating words. Obviously, she guessed that the two mother and daughter were the Ye family, and did so deliberately.

She really isn't afraid to trouble her upper body.

How to do it?

Naturally have to follow.

Then, Mu Chenyuan said: "Together."

All the training has been spent on his patience, after listening to Mrs. Ye San's memories.

It is impossible for him to stay alone to face it.

He explained indifferently: "Not a relative, only a few meetings where I haven't spoken."

A very simple explanation, the mother and daughter Ye San and Ye Youyin, who hadn't been relieved, were embarrassed to the point that they were slapped in public, and the pain was fierce.

three year had passed!

The Fourth Young Master Mu is the same as before, so unrelenting!

What to do, is to go?

Or stay?

Ye Youyin thought quickly.

Mu Chenyuan looked at the two mother and daughter who hadn't moved, and his eyes grew colder.

He had said so, the two people in front of them had the face to stand still in front of them, as the old lady said, the Ye family should be shameless, the whole thing is a dead pig who is not afraid of being scalded!

The mother and daughter were still reluctant to leave.

An Xia looked at Mu Chenyuan, whose face was much colder, and curled her red lips with interest.

She didn't know how rich the Ye family were.

But she had seen how brazen it was.

However, he had met before, and immediately climbed up the friendship, blocking the deliberately saying something misunderstanding, Mu Chenyuan has not shown mercy until now, and it is considered to be very self-cultivating.

Mu Chenyuan didn't want to bear it. In fact, he didn't want An Xia to misunderstand. Believe Mrs. Ye San's words.

He was very worried about An Xia's misunderstanding, who couldn't tolerate sand in his eyes, and he was afraid that... he wouldn't be a bed partner!

I have to say that Mu Chenyuan's emotional intelligence has been inherited very well.

What should be said when and what should be said is the key point, he has caught it all!

There is no need to teach specifically.

self-taught!

With An Xia's intelligence, how could he fail to hear his explanation of the clear relationship.

She gave him a smirk.

What are you still doing?

Let's go.

Seeing her smile, Mu Chenyuan was relieved.

"Now, can I go?" he asked with his eyes.

An Xia raised her eyebrows without moving a step.

The meaning is most obvious: I don't want to leave for the time being.

Mu Chenyuan: "???"

Not leaving yet?

For a moment, I couldn't guess what An Xia had in mind.

The emperor's mind became active, and he was as smart as Mu Chenyuan and had to think about it.

If An Xia didn't leave, the firepower added by the sentence just now was probably not enough, so he had to add more firewood to let the Ye Family pay attention to him.

Otherwise, always staring at Ye Mu, she was also worried when she returned to the team.

It's better to focus half of your attention on her, so that the Ye Family feels a sense of crisis.

And because of Mu Chenyuan's relationship, the Ye Family felt jealous and did not dare to be too presumptuous to Ye Mu.

It was only half a moment, An Xia's plan had already gone a long way.

Soon, Mu Chenyuan had to run and guess before she could guess her intentions.

The delicate Ye Youyin was still wandering between going and not going, and soon discovered that the two were dazzling in the dark, and decided now: stay!

She must stay!

The fourth youngest of the Mu family, why...Where did you explain to a girl aside her identity?

He unexpectedly, he actually explained to that girl!

Is it afraid that she will misunderstand her relationship with him? !

Yes!

Only for fear of misunderstanding will explain.

Their relationship is by no means ordinary!

The sense of crisis surrounded her from all directions, and she was airtight and unable to breathe.

With an embarrassed look, Ye Youyin, who decided to stay, clenched his fists secretly.

Miss Ye Jia's reserved shelf is almost there now, and you have to put it down when it's time to put it down.

Be generous and decent, speak slowly, "Sorry, senior, my mother is getting old, and always likes to remember those things when I was a child, which caused trouble to you and your friends. I'll say sorry to you for her."

"Senior, I really have something to ask you. Can I take a step to speak? I want to ask about the selection of preparatory special fighters."

"The only fighter I am familiar with is the senior. You have become a special fighter. There is really no second person to ask for advice. You can only be cheeky and delay the senior for a few minutes."

As soon as she spoke, An Xia knew that she was going to be noticed by the Ye Family.

Well, it can be withdrawn.

Goodbye, Mu Chenyuan, play with them by yourself.

An Xia, who had used it all, was not polite, waved his hand and smiled at Mu Chenyuan and said: "I'm not waiting for you anymore, talk slowly, bye bye."

At this time, Mu Chenyuan had thoroughly tested An Xia's intentions.

It's impossible to let her go.

He doesn't mind An Xia borrowing his Mu family's power, but after borrowing, does he have to pay some interest?

Holding the wrist, Wushuang's handsome face narrowed sharply, with a faint smile, "Let's go together."

An Xia stared at him and held his hand, stretched out, preparing to put his fingers one by one.

The skin smiled and the flesh didn't smile, "Don't, let's all work on our own, and it's OK to meet again."

Want to use her as a peach blossom?

that's not allowed.

Solve your own rotten peach blossoms by yourself.

Borrowing a girl's hand to block the rotten peach blossoms was a bit incompetent.

For real men, it must be their own affairs to solve them, not by their hands.

Mu Chenyuan smiled softly, his cold eyes narrowed softly, "I still want to accompany you."

It's a personal thing.

The fleshy hand came.

An Xia felt goose bumps all over her body.

I really want to hit him with a fist.

But it happened that she had borrowed his Mu family's power first, so she was a little bit unreasonable.

Endure it!

"Why don't you go together?" She smiled and gnashing her teeth secretly suggested.

Good guy, I really can't eat any loss.

Same as her!

Mu Chenyuan nodded in satisfaction, "Okay."

Good good, good what good!

Ye Youyin is not good at all!

She said so, Mu Chenyuan was still indifferent!

Still flirting with this woman...!

That's too much!

I touched Madam Ye San secretly, and Madam Ye San, who was so angry that she wanted to leave, but she couldn't leave.

When she received her daughter's request for help, she could only help her.

Distressed: "You Yin, you have gone home these few days, and you don't think about eating, eating, and sleeping well. Is this what you think about?"

He immediately begged Mu Chenyuan, "Shen Yuan, for the sake of your acquaintances, auntie asks you to help Young Yin. You don't know that when Young Yin comes back from vacation, he doesn't eat much, and he doesn't sleep much."

"Just last night, she got up and jogged in the middle of the night! She said that she shouldn't let go, for fear of dragging her legs, my dad and I were scared!"

"Shen Yuan, you can help Young Yin, auntie please."

As long as you can push You Yin to Mu Sishao's side, she can completely let go of her identity!

Speaking of this, Mrs. Ye San thought that Mu Chenyuan would nod her head.

Well...

Mu Chenyuan refused again.

The hospital was crowded with people, and the two communicating ladies were afraid of being heard by others.

The tall lady had said it, and the shorter lady answered with a smile.

Lightly said: "There is no way, the Ye family has a big business, and the children of their own are upright, the old lady naturally has the confidence."

"No matter who the young master of the Mu family is, they are all men whom all the famous ladies in the capital want to marry."

"There are too many women who want to marry the young masters of the Mu family! I don't know if their Miss Ye family has the blessing to marry into the Mu family."

The smile in the eyes of the noble lady flashed a hint of mockery, and said: "I really don't know, they want, and it depends on whether the young masters of the Mu family are willing to marry."

Ye Family, you really will give yourself a face!

"No, so it doesn't matter if you have confidence, you have to be a little self-aware." The shorter lady echoed, and sighed: "The Ye family is focusing on the fourth youngest, and there is a fifth youngest. I don't know. Who is eyeing it."

Anyway, it's not the two of them.

The two of them are not qualified to connect to the next four wealthy families, and even the rich and powerful families such as the Mu family don't even think about it.

The two spoke softly together, with a sour tone and a bit of thorns hidden.

Currently, among the young masters of the Mu family, only the fourth youngest Mu Chenyuan and the fifth youngest Mu Yuancang are unmarried.

The young masters of the Mu family who came from offshoots are also popular and sought-after, but compared to the young masters of the direct line, there are slightly fewer people.

At the age of twenty-five, the fourth young man Mu Shenyuan and the fifth young man Mu Yuancang were the sons-in-laws of the most famous families in the capital who wanted to take away.

As long as the two brothers grab one of them and become their own son-in-law, with the relationship between the in-laws, the change of the lintel is just around the corner!

Mu Shenyuan is the son-in-law of the Ye family.

The only son-in-law!

Those people also accepted Mu Yuancang, the fifth youngest son, as one of their future son-in-laws, but the Ye family never did!

First, the fifth master's father, Mu Siye, was engaged in scientific research, which was not suitable for the Ye family.

Secondly, from the first day of Youyin's birth, Mrs. Ye told her eldest son, Ye Yan, that Youyin is her eldest granddaughter and must be married to the top wealthy Mu's family!

That's right, the day Ye Youyin was born, Mrs. Ye started planning!

Later, Ye Youyin confessed to Mu Chenyuan from the beginning of the first day of the new year under the instructions of Mrs. Ye, and then only Mu Chenyuan was in his heart.

In order to catch up with Mu Chenyuan, Ye Youyin has been following him closely since the first day of junior high. For Mu Chenyuan, after learning that Mu Chenyuan was determined to enter the battle school, she gave up her movie dream and gritted her teeth to apply for the battle school.

It can be said that Ye Youyin has devoted much more effort than other famous ladies in order to become Mu Chenyuan's girlfriend.

Unfortunately, after applying for the battle school, Ye Youyin missed Xia Guo's top team due to insufficient scores and went to another battle school.

During the four years of university, the two had no communication at all.

Until three years ago, at the birthday banquet of Mrs. Mu, the two met again.

That time, it was the old lady Ye who led Ye Youyin to come to Mu Chenyuan to chat.

Before she could get her granddaughter online, Mu Chenyuan was led away by her cousin, Miss Mu Er. Ye Youyin could only watch and didn't dare to catch up.

Only meeting each other without any intersection, Mu Chenyuan did not expect that Mrs. Ye San's mother and daughter would dare to block him today.

Coming out of the hospital building, Mu Chenyuan's face remained cold.

On the contrary, An Xia had the intention to tease him, "Young man, luck is good for peach blossoms, why are you not happy to be liked by beautiful women."

"Don't be unhappy, isn't it a good thing to have beautiful women like it?"

Mu Chenyuan couldn't laugh or cry, "I'm not happy, I only have a headache."

"Why the headache? Is it possible that you can still see each other often." Quite wanting to know, An Xiaming asked, "Only when you see each other often will you have a headache."

### **Chapter 363: She wants to change bed partner**

Mu Chenyuan answered faster than just now.

Some things must be explained clearly, not just laughed off, let alone casually.

"It's impossible to see it often." He said lightly, and the coldness on his face was much clearer than before.

An Xia curled her lips, "That's all right, since I don't see it often, why bother to give myself a headache. But..."

Thinking of the unwillingness in the eyes of the two mother and daughter when they left, An Xia thought for a while, and then slowly said: "I feel that they will not give up, you are very likely to see each other again."

Hey, don't know why, she still wants to see the two mother and daughter appear in front of Mu Chenyuan again.

Seeing again, will Mu Chenyuan treat him like he does today?

Still thinking about what kind of scene the next meeting would be like, An Xia was stunned when he saw Mu Chenyuan's always cold and handsome face, his expression pressed tightly, and an expression that seemed to be nauseous.

No way, so disgusted with the mother and daughter?

Feel disgusted?

Unable to hold back, the laughter was as clear as water.

The smile is like a flower, blooming with a grace that has never been seen before, without the Leng Rui that makes people dare not look directly, only the beautiful and charming Yan.

Mu Chenyuan, who has never been flashed by beauty, finally flashed his eyes this time.

He has always known that An Xia looks good, but only today did he know what "all the country and the city" means.

Rulei's heartbeat hit his chest again. This time, Mu Chenyuan no longer mistakenly thought that his heart had a problem.

My heart palpitates because of my heartbeat, and my heartbeat speeds up when I see her smiling.

Everything stems from his liking for her.

He likes An Xia who is smiling like a flower in front of him.

He likes An Xia who is cold and calm in action.

He likes the fierce An Xia in the training room.

He likes An Xia who is still smiling in the face of difficulties.

He likes to walk out of desperation and calmly An Xia.

He liked her so much, so much that he just wanted to lead her to his side, and walked along the road doomed to coexist with danger and scenery, until the end of life, still full of love.

"Mu Chenyuan? Mu Chenyuan? Are you okay? No, the reaction is so big? I..."

The clear voice gurgled into his ears, and Mu Chenyuan, who had been staring for a long time, suddenly shot, and suddenly held the touching hand in front of his eyes.

An Xia was taken aback, and immediately smiled again: "Okay, okay, I'm not kidding. Your reaction is so scary, it's so successful, you won't meet, won't meet."

"Don't be nauseated, hey, the Ye family should know that you feel nauseated against their family, I guess you will be mad."

"Can you let go? Why, do you still want to hold hands with me? Mu Chenyuan, you are holding my hand, you have to stay in the hotel tonight."

He hadn't moved yet. An Xia, who had spoken a lot of cross-talk at a time in history, saw this and thought that Mu Chenyuan was angry. He raised his eyes and found that his gaze was over him, looking somewhere behind her...

Um?

Isn't it another peach blossom here?

Is her bed partner so peachy?

Somewhat upset.

The smile dissipated, and she returned to her eyebrows and turned around. She saw a young female doctor wearing a white coat with her hands in her pockets, staring at Mu Chenyuan with a blank expression on her eyes.

An Xia: "..."

I don't know if there is a sentence that should be said improperly.

Quite wanting to swear.

What are you really thinking about, what are you coming for!

Shaking off, didn't shake off.

"Mu Chenyuan, let go." An Xia's face was dark and coldly, this bed partner can't be asked for!

She wants to substitute!

Substitution!

### **Chapter 364: It's my third sister**

Come out and touch two rotten peach blossoms. Is the frequency a bit too high?

If you want to go to a place where people get together, maybe you have to touch the peach blossoms of a tree!

Must be substituted!

Seeing that there was no way for the dark-faced emperor to shake off Mu Chenyuan's hand, his narrow and beautiful eyes flashed hostility, lifted his foot, and kicked his calf fiercely.

"Three sisters..."

what?

Third sister?

sister?

sister?

The kick that was halfway stopped abruptly.

But the force that was thrown out was really strong, and it was suddenly retracted. Due to inertia, An Xia tripped herself.

Stumbled straight into Mu Chenyuan's arms.

In the eyes of the third sister Mu Ruqing, that is, the girlfriend of the fourth younger brother was shy and threw himself into the arms of his fourth younger brother who was "who could be a bachelor for a lifetime" for several years!

Oh oh oh... oh that green grass!

The expressionless Mu Ruqing was very uneasy.

It's incredible.

It's incredible.

It's incredible.

Mu's annual big news!

Deep water king fried!

It's on stage!

Still appearing before her eyes!

Cell phone, cell phone, pick out cell phone, take pictures, collect evidence, send family group!

The doctor's hand quickly stabilized, even if he was so excited that the waves hit the shore, his actions were not ambiguous, and he took out his phone firmly.

"Crack!"

The picture was taken successfully!

Mu Chenyuan held An Xia tightly and asked, "Did you hurt your foot?"

I also want to bend down and squat down to check for any twisted feet.

An Xiarao who has successfully thrown in her arms is because of her strong psychological quality. At this moment, she is also a little confused and careful.

Stripped the messed hair, gritted his teeth, and whispered, "Can you ask me to squeeze with me next time? Can you not be so surprised?"

He was heard calling "Dad" early in the morning.

He was heard calling "Sister" again in the morning.

Are his relatives a bit too fascinating?

One appeared in a while, and one appeared in a while, and every time she appeared, she caught her off guard.

Behind him, there was the sound of cellphone taking pictures.

An Xia turned her head.

I was greeted with more and faster "clicks".

Mu Ruqing was shocked!

Oh oh oh, oh that green grass!

The fourth brother's girlfriend is stunning on earth!

That little face, that eye, that nose, that corner of the mouth, and that white and tender skin, the fourth brother is amazing too!

The shocked Mu Ruqing pressed the shutter in his hand faster.

She was stunned with her eyes, not her hands.

It takes more shots.

"Little girl, I will shoot from a different angle. Don't be afraid, I'm Mu Ruqing, the third sister of Shen Yuan, a doctor in charge and a videographer in a side job."

Mu Ruqing said lightly in her mouth with a stunned eye, and moved quickly under her feet.

From a different angle, there was another frantic shot at An Xia and Mu Chenyuan.

An Xia wanted to cover her face.

Why is the way Mu Chenyuan's family appeared so 'pretty'?

Why do I always feel so embarrassed every time I meet Mu Chenyuan's relatives?

Yes, shame!

After living for two lifetimes, she finally felt what it was like to be "humiliated"!

After living for two lifetimes, she finally had such a little bit of shame!

Life is better than her. Not only did she not become stronger for a lifetime, but... instead...

The heart of the emperor domain sighed heavily, pulled Mu Chenyuan to the front of the camera, and stood behind him side by side. Yes, she has lived for two lifetimes. For the first time, she took the initiative to stand behind someone else, begging for protection!

"Mu Chenyuan, it's time for you to go out." An Xia poked his waist, poked her finger again and again, "Your sister, the main job is a cameraman, and the second job is a doctor."

The shutter sound of "Kakka", pressing until it is about to take off!

### **Chapter 365: The emperor is shocked again**

An Xia listened to the sound of the shutter when she pressed it to take off, and realized that the shutter sound of the original mobile phone was not worse than that of a professional camera!

Is the air conditioner switched to heating mode?

Baked until her face is hot!

An Xia, with his fingers poked at Mu Chenyuan's back waist, was thinking about whether to take a step first.

Mu Chenyuan himself did not expect to meet the third sister.

The War Department Hospital is so big that he can meet the third sister who can't see her family a few times in a month, but he can only say that his luck is a bit too good.

"Sister, don't shoot." He sighed, grabbing An Xia's wrist, and walked towards Mu Ruqing who hadn't stopped.

The pace is big, the momentum is cold, and the look is cold. Mu Ruqing hugs the phone tightly, thinking about where to put the phone, so as to protect the phone 100% from being robbed.

The fourth brother of their family is different from the men of the Mu family.

Everyone in the Mu family has an elegant and scholarly smell, even some of the uncles and uncles who hold important positions in the war department are also like this.

Therefore, the men of the Mu family are known as "Confucian generals".

The only difference between this fourth brother is the only one.

The difference has to start from the day of birth.

I heard from grandma that the fourth brother took it out of the mother's belly, no matter how much the doctor tried, he just didn't cry.

Close your eyes, clenched your small fists, don't cry, don't cry.

But the doctors and nurses were frightened, thinking they were born dumb.

The family members were also shocked.

Grandpa took it and hugged him, saying that the dumb children are fine, "Our Mu family can afford to raise them, and the dumb children are just as promising."

Just after speaking, the fourth brother opened his eyes and stared at the battle emblem on his grandfather's big eaves hat.

The little baby's eyes didn't develop well. He looked at something hazy, and laughed twice as he stared at the golden war emblem with a little red color in it.

With this smile, the whole family breathed a sigh of relief.

Not dumb!

No matter how funny, the fourth brother didn't laugh.

In his infancy, the family coaxed him, he was still impatiently squinting, giving a cold glance, and continuing his expressionless face.

Later, when he was older, the fourth brother still didn't like to laugh or cry.

Occasionally give some face, pull the corners of the mouth, and smile perfunctorily, the whole family will be happy like the New Year.

The bigger the smaller, the bigger, the heavier the air-conditioning on the body.

It is said that she Mu Ruqing doesn't like to laugh, and is as cold-handed as Shuanghua.

It's ridiculous.

She doesn't like to laugh, she is tired.

But her heart is rich and colorful, a colorful world.

Her fourth brother who really doesn't like to laugh!

The fourth brother is the perfect interpretation of what is meant by "don't love to laugh".

Now that she is wearing the battle uniform, she has a sharp face and an astonishing momentum. Even her sister, who is an older sister, feels a little dazed in her heart.

"Mu Chenyuan, stop for me, don't move!" Holding the phone tightly, Mu Ruqing sneered, "Why, still want to commit the above? Let your girlfriend watch a joke?"

Looking down on the clenched hand, Mu Ruqing restrained the urge to take a photo.

Can't shoot.

Take out the phone again, the phone is not guaranteed.

All photos inside will be deleted.

Mu Chenyuan stood still, his cold eyes flashed with helplessness, "Sister, you have misunderstood."

Misunderstood?

What's the misunderstanding?

The misunderstanding is actually not because the little girl said that she was going to sleep in a hotel, but you forced the little girl to say it?

Holding the mobile phone with his hands in his pockets, Mu Ruqing looked coldly, and his eyes swept across Mu Chenyuan like X-rays.

"What's wrong? Not staying at the hotel tonight? Go home and live?"

After speaking coldly, then looking at An Xia, Mu Ruqing, who has always been tired of laughter, smiled, "Little girl, I am the third sister of Shen Yuan, Mu Ruqing, and I am glad to meet you.

Do you want to give a meeting gift?

What is the meeting ceremony?

### **Chapter 366: The unique third sister**

[« PrevNext »](#) [≡ Table of Contents](#)

Such a beautiful, cocoa, and loving little girl unexpectedly took a look at their iceberg. She, a sister, must not be rude!

What kind of gift should I give?

Yes.

shopping card.

My husband gave it to me last night, not much money, only 5 million.

It's a meeting ceremony!

Mu Ruqing took out the left hand in his pocket, took out a shopping card into his trouser pocket and handed it over.

"Meeting for the first time, sister be careful."

An Xia, who also smiled back, froze.

He glanced at the shopping card, then slowly looked at Mu Chenyuan.

Excuse me, what is this operation?

Why should we be careful when we meet for the first time?

She seemed to have no words, deeds and behaviors that she wanted to accept "careful" from beginning to end.

Mu Chenyuan, your family is a little strange.

Xia Guo's ceiling-level wealthy family seemed to be quite different from what she had imagined.

She did not answer, and Mu Ruqing was a little anxious.

Take a step forward and stand at Anxia, "Come on, shopping card, not much money. It's only enough to buy a better watch and a better bag."

She is a resolute and resolute woman. After she finished speaking, she took An Xia's hand indiscriminately and squeezed the jam.

Mu Chenyuan glanced at the shopping card and raised his hand to block it.

Shopping gold card, the largest luxury store in the metropolis limited VIP card every summer, with a minimum recharge of 5 million.

"Sister, take your card away. She is a new recruit led by me. I will accompany her to visit her mother in the hospital."

The explanation is in place, but Mu Ruqing didn't believe a word.

Hearing this, continue to smile gently, "Don't be afraid, little girl, Shen Yuan is only obedient in front of our sisters."

It seems a little bit inappropriate, a little bit lower the score of the fourth.

He also added, "Mothers of our Mu family usually don't have much weight when talking at home. They are in charge of things outside, and we made mistakes about things at home."

Outside the male lead, inside the female lead, big things and small things, it is the Mu family's woman who has the final say.

If you don't speak, An Xia is afraid that she won't be able to leave today.

Leaning out, dryly explained, "Hello, I am An Xia. I am a new member of Instructor Mu. The relationship between subordinates and subordinates is very pure."

Although she wants to sleep with her brother, no, haven't you finished sleeping yet?

The relationship is still very pure!

Mu Ruqing was stunned, "Didn't you all discuss going to the hotel just now? You are all staying in the hotel together, do you still need to hide it from me?"

The brow furrowed and he was very serious in an instant, "Mu Chenyuan, have you lied to the little girl?"

An Xia wanted to interrupt, "I am not a little girl, I have a name and a surname", but seeing Mu Chenyuan's helpless expression on his face, An Xia decided to remain silent.

I like to see his helpless little expression.

"Fourth old, you don't tell me clearly today, I am..." Mu Ruqing turned her head and asked An Xia seriously, "Little girl, you are asking for leave today, right."

An Xia nodded, very well-behaved, "Well, I have a holiday today."

"I'm going to kidnap him now, do you want to go with your sister?" Mu Ruqing hoped that An Xia could go with her. He had to ask the elders and ask the matter clearly.

If you really bully the little girl, Mu Chenyuan will wait for Shentang!

An Xia shook her head, "No, no, I have something else. Instructor Mu, I'm going now, you and your sister will be busy first."

After finishing this sentence, he dug a big hole for him, "Just now the mother and daughter of the Ye family are looking for you, I will tell you not to accompany me, and go with your own affairs. Look, you still can't accompany me."

"Let's see you tomorrow, goodbye, instructor Mu."

### **Chapter 367: An Xia is jealous**

[« PrevNext »](#) [≡ Table of Contents](#)

The pit was very large, and it was the snow pit dug in the ice and snow.

Mu Chenyuan was stared at his back by his third sister and began to chill.

At this moment, if he hasn't noticed that An Xia is jealous, then he has lived in vain for 25 years.

He refused like that, never thinking she hadn't turned the page yet.

He really likes the carefulness in this regard!

Hearing that, Mu Chenyuan changed from holding her wrist to holding hands.

Big hands hold small hands, very harmonious.

When Mu Ruqing heard "the two mothers and daughters of the Ye family", Liu eyebrows were stern, and her face was cold. "Ye Sanfu and Ye Youyin, mother and daughter? Did they come to you and pester others?"

Ye family really is!

Dogskin plaster!

I want to rely on their Mu family, no way.

No one in the Ye family could be in the eyes of the Mu family.

Even the old lady who sits in the Ye family now, no matter how innocent, the Mu family won't look down upon.

I don't care about it, but I don't want to care about it.

But if you rely on their Mu family, don't blame the Mu family for taking action.

"Unintentionally hit, I was held back for a small meeting." Mu Chenyuan strained his hand, holding An Xia's hand in a rather overbearing hand, and took time out, softly and softly, and said helplessly and indulgently, "Hey, let's be together. Go up."

She was so gentle that An Xia's heart trembled three times.

This guy, she couldn't stand it up abnormally!

"No, no, no, I'll just go up, you are busy." Rejected in a low voice, resolutely pulling out his hand.

The two of you are talking to me, and I will be fighting against you. Mu Ruqing sees it as a young couple in front of her, flirting and cursing and showing affection.

He took out his cell phone and said coldly, "Isn't bullying my husband by his side? Yes, I will let him come now."

Can you take care of her as a sister?

An Xia didn't move, her indifferent black eyes gleamed slightly.

Mu Chenyuan's family is very interesting.

It's much more interesting than her family.

Third sister?

Sister?

Just now I heard her call Mu Chenyuan the "fourth", An Xia thought about it, and her thoughts were so crooked that "Mu Changye and his wife are so capable."

Mu Chenyuan is talking to Mu Ruqing, "I'm leaving the Ye family temporarily today. I will go back to the old house in the afternoon to find grandma and aunt to come forward. The Ye family will surely converge, but I have to ask the family to help me pay more attention. That's it."

When Mrs. Ye San and Ye Youyin left, the unwillingness in their eyes did not hide Mu Chenyuan's eyes. He had planned to go back to the old house in the afternoon to tell the old lady and the aunt who was in charge of the reception office in the capital.

Mu Ruqing heard the words and saw that the fourth child had a good idea, and her expression relaxed a lot, "With my grandma and my mother coming forward, Mrs. Ye San's abacus must be honest to me no matter what the abacus is in her heart!"

"You don't have to worry about the Ye family's affairs, the family will take care of it. But you have to explain your own affairs. You know the rules of our Mu family!"

Playing with girls, ruining the style, must be eliminated!

An Xia, who was crooked and crooked, heard "my mother" and immediately corrected her.

The eldest aunt is the mother of Mu Chenyuan's third sister, so she had all guessed wrong just now.

"I am indeed An Xia's instructor, and my father knows that he was still in the War Department this morning and chatted with An Xia for a while."

Huh?

Meet with your second uncle?

Mu Ruqing blinked lightly, then blinked twice.

The secret sign when I was young.

On behalf of "there are circumstances."

Mu Chenyuan blinked twice and replied, "Yes."

Careless.

Mu Ruqing immediately remedied, "Okay, I will believe you once today. I have something to do, so I'll go busy. I will contact you later."

### **Chapter 368: Couple**

what's the situation?

The hand is also held.

The hotel is going to live too.

Is there anything else?

Don't know how to perform couple tasks.

It should not be.

Just now the little girl said that they would have a day off, but they didn't perform any tasks.

Forget it, I don't want to.

Wait for the fourth child to explain it clearly to her on the phone.

Mu Ruqing was afraid that if she continued to talk, it would ruin Mu Chenyuan's good deeds. After speaking, she smiled at An Xia: "Sorry little girl, let you see the joke."

"You and Shen Yuan should be busy. If you are free at noon, I will invite you to dinner."

It has always been inquiries, not forcibly arranged, and the right to choose is always in Anxia's hands.

Very comfortable way of getting along, An Xia smiled, "You're welcome, don't worry about small things."

"Shen Yuan, if there is anything that will make you aggrieved in the future, please tell me as soon as possible that I am working here, and you can check the number of our hospital online, and you can just turn to the internal line to find me."

I wanted to report my mobile phone number, but I was afraid of An Xia's burden, so I had to let her go online to find a theater line phone.

An Xia responded with a smile.

The mouth answered, but I was afraid of some opportunity to call her.

Worthy of being Mu Chenyuan's relatives, even the way he ends his words is the same.

How could they worry that Mu Chenyuan would let her be wronged.

If you are wronged, you have to find it yourself.

There's more.

I always felt that only she gave Mu Chenyuan a chance to suffer.

When the time comes, Mu Chenyuan will really be wronged, will his relatives cut her?

For example, the kind of grievance that 'she doesn't want to be held accountable after she sleeps', Mu Chenyuan should...a big man, it's hard to tell his family!

Mu Ruqing smiled again and said something like "two people take care of themselves", "contact home anytime if you have anything," and so on, before leaving in big strides.

As for the photos in the mobile phone, it is naturally well preserved.

Ah.

It was her fourth brother who deliberately didn't mention deleting photos.

He must be careful to take the phone back and delete it.

An Xia realized it afterwards, and when she entered the elevator, she said, "Photo, you didn't ask your sister to delete my photo!"

She has always had an excellent memory, how could she encounter Mu Chenyuan when she dropped the chain once or twice.

Mu Chenyuan pressed the level and said with a smile: "Then I will send a text message to remind you."

"Forget it." What is the use of sending a text message to remind you? What is the difference between leaving one and two and leaving them all, An Xia didn't feel relieved, "You can just explain that I am not your girlfriend."

Girlfriend, she can't do this stuff.

waste time.

Mu Chenyuan Congshan Ruliu said, "I will contact her at noon in the evening. I should be busy now."

When the doctor got busy, he didn't even have time to drink saliva, and he didn't have much time to deal with personal matters.

"You can say it clearly, don't worry."

After An Xia finished speaking, the elevator stopped on the 9th floor, and Mu Chenyuan took her hand out of the elevator, "Just in case, go up the stairs."

Ye Mu lives on the 17th floor, and it takes a while to climb up on the 9th floor.

Climbing to the 12th floor, the two of them walked out of the stairs, crossed the corridor on the 12th floor and went up the stairs on the other side, and continued to climb.

Seeing that they climbed to the 17th floor, An Xia said, "It's better to wipe the monitoring clean. The Ye Family's shamelessness makes me very worried."

Today, the shamelessness of the two mothers and daughters sang a harmony, so that she has gained a lot of knowledge.

What rich family, cut, rich family can not have their rascal style!

"I'll take care of it." Mu Chenyuan pushed open the closed elevator on the 17th floor, and the two walked out together.

Just stepping into the corridor on the 17th floor, in front of me, there was no way to ignore the real video, and it came straight.

### **Chapter 369: Believe what you believe**

Lifting his eyes, Mu Chenyuan saw a young man with black hair, profound features, and his eyes killing him, holding a newspaper and sitting in a steel lounge chair in the promenade...

He knows Anxia!

With surprise in his eyes, Mu Chenyuan suddenly pressed the corners of his mouth.

"My friend." An Xia said lightly, "Quan Si."

Quan Si is Tian Quan.

An Xia changed the names of all four of them.

Anyone who knows her knows that there is a seven-star fateful deceased around her, who needs to be concealed temporarily to prevent her identity from being exposed and being known by the emperor domain.

Quan Si, Mu Chenyuan knew him.

The war department has personal information about him and the other three.

Everyone has his own Xia Guo name, and their true identities are all the sons of foreign giants.

When he saw Quan Si at first sight, Mu Chenyuan knew that this was a very powerful man with countless blood on his hands and a faint blood all over his body.

Tian Quan saw An Xia and was stunned for less than three seconds.

Only he knew that he was stunned.

Emperor?

Emperor?

Didn't the emperor go to Xia Guo team?

Why did you suddenly appear in the hospital?

I also sent a text message to Tianshu last night, and did not mention that she would come to the hospital.

He didn't know why Tian Quan did not move until An Xia nodded slightly at him, Tian Quan put away the alarm, and calmly got up and walked over.

Very respectful, "You are here."

"Thank you." An Xia said, "Where are the other three people?"

"Quan Ji just left with the doctor, and the other two are in the ward." Quan Si took a step back, as before, and followed An Xia to report, "Madam just woke up and she is in good spirits."

Quanji is a doctor, and the doctors in charge have always communicated with him.

An Xia has unknowingly walked in front of Tianquan and Mu Chenyuan, habitually, it is difficult to change. exist,

"I ran into the Ye family downstairs just now. You have been a little more vigilant recently. They dare to come up. You don't need to hesitate when you start, as long as you don't kill them."

Tianquan heard that the "Ye Family" had a more killing aura than before.

"Understood." He bends slightly, knowing at a glance that it is impossible to be An Xia's friend.

Mu Chenyuan, who had seen the clues long ago, did not squint, without a trace of shock, as if he had already known it.

An Xia did not let Tian Quan enter the ward together, "You continue to guard outside, I will go to the ward first."

"Yes." Leaned down, frozen, and stopped following.

Very clean movements, at first glance, you can see that they are often used to An Xia's orders, and have the obedience that has been engraved in the bones.

A few steps away from the ward, An Xia glanced at the man next to him with a smile, "Is there nothing you want to ask?"

She was not surprised to see Tian Quan, she could still understand.

After all, Xia Guo's War Department had investigated the four of them, and Mu Chenyuan must have seen the information of the four of them.

Seeing that Tianquan's attitude towards her is obviously different from the 'friendship' of the data, he hasn't changed yet, and his concentration is really good.

"Ask, you can't usually ask anything, I can only know if you are willing to say it."

Mu Chenyuan smiled, in his cold eyes, his eyes were still cold and there was no trouble, "You say he is a friend, then he is your friend."

He will believe what she says.

An Xia stood still and did not go any further, with a smile in her eyes, looking at him, and slowly said: "Mu Chenyuan, have I said that you fit my mind."

Recalling quickly, there was indeed no, Mu Chenyuan raised his eyebrows, "No."

To her liking?

good sign.

An Xia stood face to face in front of him, raised her hand, trimmed his clothes, and smiled deeply, "Then I will tell you now, you suit my heart very well and make me..."

He squeezed his feet and put his lips to his ears, like the charm of the mountain, and said, "It makes me want you to be my bed partner even more."

### **Chapter 370: One tree and one tree, one year old and one withered (8 more)**

Not surprisingly, Mu Chenyuan's ears turned red again.

Fortunately, the ward is right in front of you.

In order to facilitate the photo, the ward was one room and one hall. Push the door to enter. There was no one in the outermost room. Tianshu and Tianxuan accompanied Ye Mengwei inside.

Standing at the door of the ward, Ye Mengwei's voice could still be heard.

"You young people are really amazing. It's great to go to so many places at such a young age. You should go to more distant places while you are young, take a look, and gain insights."

"When Xia'er comes back, I must let her and some of your friends go out to play more. She has guarded me since she was a child, and even Xuancheng has never left. I dragged Xia'er."

Thinking of what she owed her daughter, Ye Mengwei's eyes turned red again.

Tianshu and Tianxuan quickly changed the subject.

The doctor said that the patient is still healthy and emotionally volatile, and that she needs enlightenment most to make her think more about happy things.

Tianshu smiled and said: "We can't accompany her. When you are done, you have to accompany her to walk more outside and see more. You are happy, and Miss An is also happy."

"Yes, Auntie, Miss Ann's biggest wish is that you will be discharged from the hospital early. When that time, when she comes back from the team, you can take her out for travel."

"Xia Guo has a lot of land and resources. After you take Miss An to see the scenery of Xia Guo, you can take her to see the scenery abroad. You said, isn't it great?"

The two of them coaxed Ye Meng's eyebrows and smiled.

She is not a sentimental temperament, she seems delicate, but in fact she has always been strong.

Otherwise, there would be no way to survive from the hands of Mrs. Ye to get married.

He smiled and said: "Yes, you are too right, I, I have to take care of myself. Two years later, if Xia Er leaves the team, we can go out and play with our mother and daughter."

"The outside world is so beautiful, the sky blue, clear water, fish swimming, birds flying, a flower and a grass, a tree and a tree, and a year old and one withered, all are so beautiful."

"Only by staying alive and welcoming them with a healthy body can you see the beauty of the four seasons, leave the breeze between your fingers, and leave the fragrance on your temples."

Not only strong, but also calm in the face of difficulties.

After tossing for so long, the spirit was devastated time and time again, and they could still have today's smile, Tianshu and the four admired them very much.

An Xia pushed the door in when she heard this.

"You are right. The beauty of the four seasons, the breeze between your fingers, the fragrance of your temples, and a healthy body can you see their beauty. You say that, I feel relieved."

There was a voice, and the three people in the ward looked in surprise.

Ye Mengwei, who was surprised and delighted, couldn't believe her eyes. It wasn't until An Xia was sitting next to the bed that she shouted out joyfully, "Xia'er! Xia'er!"

"Yeah." An Xia held her smile and went away coldly, "Don't get excited, don't get excited."

Can you not be excited.

The daughter who was still talking on the phone last night suddenly stood in front of her, a huge surprise.

"Why did you come back? Why did you come back suddenly? I didn't listen to you last night, this, this, this, why did you come back suddenly."

"Didn't you say that I hope that one day I can come back to see you in a battle uniform? I thought about it and asked for leave. I came back to see you in a battle uniform. I deliberately didn't tell you, I just wanted to see if you had a good support. body."

Facing Ye Mu, An Xia was more relaxed than ever, even speaking more than ever.

Mu Chenyuan stood beside her with a smile, quietly accompanied, not disturbing, saying that watching this silently, the tenderness in the cold eyes could not be hidden.
