

## **Goddess 371**

### **Chapter 371: The happiest she (9 more)**

Next to him, Tianshu and Tianxuan came in from An Xia, and the two quickly stepped aside, holding their breath and standing respectfully.

When the emperor returned, he did not dare to have any presumptuousness.

The two did not pay much attention to Mu Chenyuan.

It's just that the moment he came in, he took a short look, then turned his gaze back.

A brief look at it was enough to surprise them.

Xia Guo's special combatant, with a fierce suit, was like a cold sword inserted on the Shen Yuan dragon, with cold air and powerful sword energy.

The facial features are very handsome, the most outstanding man they have seen countless Xia Guo men.

It just feels like they have seen him somewhere.

Some are cooked.

Looking back on it in depth, he did not exist in the memory.

It is impossible for them to forget such a man with such an astonishing momentum.

Where have you seen it?

The two people who bowed their heads thought quickly.

It seemed that they had seen it before, and it was the first time they saw the emperor bring a strange man to them.

It can be seen that the other party is someone the emperor cares about.

Also won the trust of the emperor.

Where have you seen it?

It has to be remembered.

The two nodded slightly, standing like transparent people and continuing to think.

Over there, Ye Mengwei held An Xia's smile and looked at his daughter with tears in his eyes, "Good, good, very energetic. I said, my Xia'er is so good, and it's definitely not bad to go to the team."

"It's so good, so good! Xia'er is so suitable to wear a war uniform, handsome and beautiful, and my mother likes it very much."

After a few months of absence, her daughter has undergone earth-shaking changes.

It's no longer the little girl who forbears and retreats for her mother.

Her Xia'er, she's having a great time after leaving Anjia!

As long as Xia'er is living well, what else is there to be sad for her.

For her daughter, she also has to take care of her body!

An Xia also stood up, turning around to let Ye Mu look at it, "I'll stand up and show you, how is it? Isn't it more handsome and more beautiful just now?"

Bragging to no pressure.

She originally thought that the battle uniform was the most suitable clothes for her, and there was no one!

The imperial domain's uniforms are gorgeous and close-fitting, and it is very expensive to go out.

And Xia Guo's battle uniform, like snow and green pine, straight and solemn, after putting it on, it was even more suitable for her than the battle uniform of the Emperor Territory.

Ye Mengwei watched her daughter turn around and let her see, the smile on her face deepened, and the last trace of frustration in her eyebrows disappeared.

"Good-looking, good-looking, how come my Xia'er is so good-looking. Mom looks at it, and I can't find another soldier who is more handsome and beautiful than my Xia'er."

An Xia originally wanted to nod her head and say "yes", then turned around, her gaze fell on Mu Chenyuan.

Immediately pushed him out, "Then you are wrong, look at this, my instructor, he is more handsome and beautiful than me."

Men can use "handsome" to describe it, but beautiful... you don't have to.

Mu Chenyuan, who was caught off guard, stood by the hospital bed, calmly leaning, and politely said: "Auntie, I am Anxia's new instructor, Mu Chenyuan, you can call me Xiaomu."

Ye Mengwei, who had always been the only daughter in his eyes, realized that there were others in the ward.

The visitor was Xia'er's instructor.

It's rude, it's rude.

He quickly got up and wanted to stand up, Mu Chenyuan quickly stopped him, "You take a good rest, the younger generation bother me, please forgive me."

He didn't even mention the gift because he was rude.

"Instructor Mu was too polite, I was rude."

Even if Ye Mengwei dared to oppose Xiaomu, he was the daughter's instructor, and he had to be respected.

## Chapter 372: Did you meet your parents? (10 more)

When her daughter came back, Ye Mengwei's voice was quite clear.

As he said, he gave An Xia a smile again, "You, you, I'm back with friends, I want to introduce them as soon as possible, don't be rude."

With the instructor back with him, Ye Mengwei felt more at ease.

It must be the daughter who performed well. The team gave special treatment, and she was worried that her daughter would have an accident on the way alone, so that the instructor was sent to accompany her daughter back.

If you think about everything well, you don't have so much focus.

Ye Mengwei has always cooperated with the treatment for her daughter.

An Xia said, "Don't be polite. I will treat him as a friend. You can treat him as a junior. Don't be polite, otherwise, he won't be used to it either."

"Here again, what my mother said just now sounds like a breeze in her ears." Ye Meng slightly stretched out her hand, not focusing on her daughter's forehead lightly, and his face was spoiled.

He looked up and smiled at Mu Chenyuan: "Let the instructor laugh, Xia Er is still young and ignorant. Many things require you to bear and give more guidance."

"Where did you make a mistake, even if you point it out to criticize her, don't let her go because she is young. Many children make big mistakes, that is, little mistakes continue, no one corrects them, and they cause big mistakes."

Speaking very well, criticize as soon as possible if you make a mistake, but if you are right, you can't criticize it.

Mu Chenyuan nodded and smiled and said: "An Xia performed well in the team and never made a mistake. The whole team liked her very much."

"That's good, that's good!" Ye Mengwei believes that her daughter has performed well in the team, and everyone likes her.

Seeing Mu Chenyuan's young age and seeing his daughter so fancy again, he was even more amiable.

The ward was full of joy and joy.

Until Tianji came in with a bunch of documents, even if he concealed it well, An Xia could see the haze under his smile.

"Xia'er, these four of your friends are really so nice, so good that my mother feels ashamed and troubles them everywhere. Or, let them go back instead of staying with me in the hospital."

"I have been with me for several months. People have to go home and see the adults. How can they stay in the hospital forever? It's too much trouble for them."

Ye Mu had asked the four of them to go back before, but there was no way to move them anyway.

All said that "Miss Ann comes back".

If her Xia'er comes back, let Xia'er tell them to go.

An Xia said: "I will let them take care of you and leave the hospital. Don't have a psychological burden. I can rest assured if they are by your side. If they leave, I won't be able to live in the team for a day."

this.....

Ye Meng was in a dilemma.

Mu Chenyuan walked out at the right time and whispered: "An Xia, I think auntie is a little tired, or else, let auntie take a rest, do you go outside and talk about it?"

"Yes, yes, instructor Mu is right, Xia'er, mother is a little tired, you go outside and talk to them. Mom is really fine, you can't always trouble others."

"Instructor Mu, you also go out with Xia Er and the others for a while, I don't need to accompany you. Don't accompany, Auntie will sleep by herself."

After speaking, Ye Mengwei was afraid that his daughter would refuse, so he lay down and pretended to be tired.

I was also a little tired, and yawned after lying down for a while.

An Xia also wanted her to rest for a while.

She was unwell and overjoyed, and she needed a proper rest after the overjoy.

After finishing the quilt, the group walked out of the ward and came into the hall.

Talking in the hall, as long as the volume is low, Ye Mengwei who is resting inside will not hear any sound.

The dignified secret of heaven said to An Xia: "Aunt Ye's mental problem is man-made."

### **Chapter 373: Inferior to Pigs and Dogs Ye Family (11 more)**

Mental illness is man-made!

The air in the hall instantly solidified, and there was \*\*\*\* death.

An Xia took the materials handed over by Tianji and looked through them one by one.

In fact, last time I got a report at Xuancheng Hospital, which showed that Ye Meng's microthyroid hormone was extremely high, and his body contained antibiotics such as isoniazid, diisopyramine, and lidocaine. Anxia had already suspected it.

Now, it was just to confirm the suspicion in her heart.

"A large amount of data analysis shows that the anti-biotic clothing in Aunt Ye's body is at least 20 years old." Tianji said in a low voice, her voice stretched into a straight line, "In other words, before you were born, Auntie Ye has been caught People voted for it."

"Plus the old fractures on Ye's body, the old years... Look at this report..." Tianji pointed to one of the pages, "Aunt Ye's highest bone injury is about one year old."

Around one year old!

An Xia stared at the thin black lettering with her pupils suddenly condensed, her eyes filled with hostility.

"And here, you see... the second fracture was about two years old. The third, about three times. In other words, when Aunt Ye was young, she fractured once a year."

"Body burns, cuts... Basically once a year serious injuries, other minor injuries continue."

The air solidified into substance, so that everyone couldn't breathe.

An Xia couldn't restrain the murderous anger on her body at all. She gritted her teeth, clenched dozens of pages of information in her hand, suddenly turned around, and rushed out of the ward.

"An Xia!" Mu Chenyuan reacted the fastest, grabbing her wrist.

He knows what she is going to do

She wanted to go to the Ye family and avenge her.

An Xia, who killed Taotao, saw that he was stopped, and directly punched Mu Chenyuan in the neck.

Stop her, die!

"An Xia!"

Mu Chenyuan quickly stepped away, avoided, and firmly held An Xia from behind, his low voice was deep into his ears, "Calm down, you need to calm down now."

"Mu Chenyuan, you let me go!"

An Xia, who was furious, was afraid of Dong Ye Mengwei, so she could only speak lowly.

The action was frantically struggling, even if he was hugged from behind, An Xia could resist.

He lifted his elbows and slammed his ribs hard.

calm?

Can she calm down?

Ye Mengwei was...be abused in her infancy!

That is abuse!

Something inferior to pigs and dogs!

They, how can they be so cruel to a baby!

Take care of the cousin who is in childbirth, heh, by the way, take care of the cousin-in-law on the bed, and give birth in four months!

Give birth in four months!

Had a hook up, he could still go to the hospital in such a shameless manner.

She now seriously suspects that An Xia's grandmother is likely to be killed by the current old lady Ye!

Facing the furious An Xia, the four of Tianshu didn't dare to get close at all.

The emperor was angry, no one dared to come near!

There is only Mu Chenyuan.

Once again, he avoided her attack. This time, he let An Xia see how terrifying the strength of being a special fighter was.

It was so terrible that An Xia had only fought him five times, and he was slammed to the ground.

Tianshu and the four of them: "..."

He just glanced at it, and immediately faced the wall, not daring to look again.

Their emperor...

Xia Guo's special fighters pressed \*\*\*\* the ground, pressing his hands with his hands, pressing his body against his body, his legs pressing his legs, and pressing it until it was airtight.

Do you want to pull it away?

Tianxuan's eyes asked Tianshu.

Tian Shu shook his head, "Don't move first."

"In case the emperor..." Tian Quan asked.

Tianji shook his head. He had the same idea as Tianshu, and his eyes said: "The emperor is now in an impulsive period, and he really needs to calm down."

**Chapter 374: Let go of my daughter (12 more)**

He got the report materials and saw the text above, and his reaction was the same as that of the emperor.

I wish I could kill Ye's house.

But he quickly restrained.

Because such a thing is actually not a special case.

For these dead men who have been trained since childhood and have almost zero empathy, impulsiveness is a taboo.

He restrained it, but he didn't expect the emperor to lose control.

It should be understood that the empathy of the emperor is also "zero".

Why did you fail?

Only because the emperor was reborn in Xiao Anxia, and his emotions were greatly affected by his original body, that was why he reacted like this.

In the past, the emperor could not have reacted like this.

Now, only the Xia Guo special fighter can calm the emperor.

An Xia, with red eyes, stared at Mu Chenyuan, her face and neck were all red because of her hard work, and her black eyes seemed to be burning, bright enough to burn people's hearts.

"Mu Chenyuan, don't go too far! This is my business, it has nothing to do with you! Let it go to me! Hear you!"

"Don't force me to hate you! Mu Chenyuan, I am very angry now! Have you heard! Don't force me to hate you! Let go! Let go!"

Every word of the pressing voice was so strong that it couldn't melt away.

No matter how she struggled and said more merciless words, Mu Chenyuan never let go.

He knew very well that as long as he let go, all An Xia's efforts today would be ruined by the Ye Family.

What is the Ye Family, how could he let them ruin An Xia!

The cold and unsympathetic man held still, his eyes were still so gentle, he bowed his head and kissed An Xia's forehead with the gentleness he had never had before.

"Xia'er, you killed the Ye Family, but didn't you ruin yourself in the end? Is it worth ruining yourself for the Ye Family?"

Pressing her forehead against her, gently persuaded, "Aunt Ye is still waiting for you to take her to see the scenery, can't you accompany her?"

"Sky blue, clear water, fish swimming, birds flying, one flower and one grass, one tree and one tree, one year old and one withered, they are all so beautiful. Only by living well can you see their beauty."

"If you ruin the Ye family, can you still see it?"

"You can't see it, and Aunt Ye can't see it either."

"I'm just as angry as you are, and I also think of you to wash the Ye Family with blood, but I don't even want to see you have an accident."

"You are so smart, why choose a path that ruined yourself to take revenge?"

"Don't ruin yourself for the Ye family, it's worthless."

"I can let go of you, but can you calm down? An Xia I know is calm, self-sustaining, restrained, and prudent. How could he be defeated by impulse."

The soft voice, but, every word is full of power, knocking Anxia's heart one by one.

No longer straining and struggling, the redness in his eyes gradually faded, and the spiritual platform finally returned to clearness.

This is...

A trembling voice came, "Xia'er, you...you...what are you doing. Let go of my daughter, let go of my daughter!"

An Xia was shocked.

Mu Chenyuan was also shocked.

The four of Tianshu, who were afraid to look at the wall, were also shocked.

Among the few people, Mu Chenyuan was more shocked.

He pushed An Xia down and was hit by Aunt Ye.

From the exclamation, Aunt Ye thought...that he was doing something wrong with An Xia.

"Mu Chenyuan, can't get up yet!" An Xia reminded, pushing hard.

With a move, Mu Chenyuan suddenly recovered and jumped up.

He wanted to explain, he swallowed when he reached his mouth, and turned into a sentence, "Auntie, I'm sorry."

There was a reason for it, but he couldn't tell it for An Xia.

Unless, An Xia doesn't mind Aunt Ye knowing the information.

### **Chapter 375: He was right, I was wrong (13 more)**

The ward was calm again.

An Xia helped Ye Mengwei to lie back on the hospital bed.

In her solemn eyes, An Xia pursed the corner of her mouth and explained in a low voice, "Instructor Mu is not trying to do anything to me, but something has happened on my side. If I refuse to accept his advice, I will act first. In order to prevent me from making a mistake, he took action to stop me. I."

"You'll talk about these explanations later, I want to know, what are you making up for." Ye Mengwei didn't immediately determine what Mu Chenyuan would do to his daughter.

My daughter's friends are there, and they can't let others treat their daughter.

That must be something else!

It's something that the four of them can't intervene.

She only needs to know about this to know why the two of them would fall into that way.

An Xia thought for a while and stretched out his hand to Tianji, "The information, give me the information."

After receiving the information, An Xia squeezed Ye Mengwei's smile, very slowly, very slowly, for fear of disturbing her, and whispered slowly: "The hospital has conducted a comprehensive inspection of your injuries. I saw the results of the test and I lost control of my emotions. ."

Ye Mengwei hadn't gotten deeper yet, and he understood why his daughter was angry.

She chuckled and shook her head, hand, and gently touched her daughter's face, "Silly boy, how many years have passed since my mother hasn't been at ease, why are you at ease?"

"For those people, it's not worth my Xia'er to be angry. Instructor Mu is really nice to you. If it weren't for her, Xia'er, you might be ruined in this life!"

As he said, his voice suddenly became very serious, "Do you remember what your mother said to you? From today's point of view, you have forgotten all of them! Hold out your hand..."

Um?

An Xia, who had been paying attention to Ye's mother's emotions, didn't turn around at once, until Ye Mengwei reminded him again, "Stretch out your hand!"

Reach out your hand obediently.

"Fuck!"

Ye Meng's palm was beaten three times by Ye Meng's motionlessness.

"If you don't hit it, you won't remember it. If you hit you a few times, I want to see if you can remember it."

An Xia, who hadn't been hit in the palm for a long time, didn't recover for a while.

Tianshu and the four continued to face the wall.

can not watch.

can not watch.

They can't watch the embarrassment of the emperor.

Forget quickly!

Mu Chenyuan didn't avoid it, just lowered his head and slightly raised his thin lips.

An Xia, who knew he was ashamed, glared at the guy who was secretly laughing at her, pointed at the wall, and hummed: "You, face me like them."

"Snapped!"

The hand that didn't take it back was beaten again by Ye Mengwei.

"You made a mistake again! Instructor Mu is your instructor, and he helped you so much just now. Not only is your child not thankful, but also disrespectful! Looking for a fight."

An Xia: "..."

Can you save me some face?

"Quickly apologize to Instructor Mu."

"Can..." Can you not apologize? I wanted to say that when Ye Mengwei raised his hand to hit her palm again, An Xia, who wanted to lose face for the third time, said quickly: "Instructor Mu, I'm sorry, I was wrong."

Instructor Mu suppressed a smile, "It's okay."

The mouth is not smiling, but the eyes are smiling!

An Xia glared at him again, then said slightly to Ye Meng: "I have not forgotten your words. Ye Jiashu has deep roots, and I can't shake it. I can't help but delusion to shake the giant tree."

"Look, did I remember everything?"

"Fuck!"

The emperor is ashamed for the third time!

She was slapped three times in the palm of Ye Meng.

"Knowingly committing a crime, add to the crime!"

An Xia nodded honestly, yes, yes, you are all right, all right.

Can you stop hitting her palm?

The depressed atmosphere in the ward returned to briskness with the embarrassment of the emperor several times.

On the other side, the Mu family group, as soon as Wang Bang came out, all the uncles who had been diving for thousands of years came out.

Learning that the young man sent a string of "?????!!!" to express his shock at this moment.

His daughter Mu Ruqing first sent out several photos of his nephew who is most likely to be a bachelor in his life holding hands with a beautiful family.

Then I took pictures of the girl from all angles, and the family group exploded as soon as the frontal photo was taken.

"No way! No way! This is P's right!"

"P's, definitely P's! Snapshots can still be so beautiful!"

"Laughing, our sister has learned to P pictures in order to get the fourth child off the list."

"Hahaha, hahaha, don't you believe it? If you don't believe it, I don't believe it either! The fourth child actually found a girlfriend before the fifth, hahaha, who believes it!"

"I have to say that the level of sister P picture is really high, P is exactly the same as real!"

"Yes, yes, the details are also good, the shadow ratios are all right, and there is no trace of P at all."

"The fourth child comes out, the fourth child comes out, clarify quickly, please don't pretend to be dead, thank you."

The fourth child did not come out, but Uncle Mu's family came out.

After taking a look, Uncle Mu made a speech, "As far as I know, this picture is true, not a P picture. Here, Mr. Ai Temu Nagano, your son has a new situation. As a father, you, Don't you come out and make a bubble?"

Uncle Mu, who has been diving for thousands of years, waited for Mr. Mu Changye to get mud.

If he doesn't come out, he will contact him directly by cell phone!

Such a big event, how to dive!

Not serious at all!

### **Chapter 376: Lovely family**

Mu Changye didn't have time to read the group news.

However, Uncle Mu, who was unusual when he spoke, was taken by all members of the family.

One of them comes from Mu Yuancang who is accompanying the old man and the old lady in the old house.

He is such Uncle Aitmu, "Dad, the following are the original words of the old man and the old lady, please listen carefully."

Mu Yuancang's text message came out, and the fast-scrolling group news paused instantly.

Afterwards, the old man Mu spoke, regardless of his old age, his voice was full of vigor and vigor.

"Mu Ningmian, don't pretend to be mysterious and tell me honestly if you know what to offer. Resist strictly..."

A voice from the old lady came from nearby, "Jing Jing said she wants to stay in the old house for a few days, let her come back alone."

Jing Jing, the surname Jing, the wife of Mu Ningmian.

After the old lady raised the voice, it was the old man's voice again: "Frank and lenient!"

"He can accompany Jingjing back to the old house for a short stay." The old lady ended with a voice.

Resist and be strict: If you don't tell the truth, the two will pick up people back to the old house, leaving the uncle pitifully at home alone.

Frank and lenient: To be honest, the couple went home together.

Uncle Mu's heard it and wanted to cry.

"Dad, Mom, I just learned little by little letter last night, I want to say too, the kid Shen Yuan won't let me say it. Do you mean I have to respect my nephew?"

I'm sorry, nephew.

The consequences are too serious. Uncle can only betray you.

You are the treasure of the family right now, and you will not be punished if you do something wrong!

Uncle is the root grass right now, you can throw it away at any time.

After the uncle finished speaking, Uncle Mu Aite said, "As much as I know, how much to say, I will wait for the plane, you can figure it out."

Uncle Mu holds a prominent position in the General War Department and is very busy, even busier than the younger brother in Lu Er District.

If it were not for the life-long events of his nephew, he would not easily bubbling in the family group.

Diving for ten thousand years, as long as bubbling, it must be a major event in the family.

As long as Mu Ningmian thinks about the difficulty of taking a break and returning home, he may not be able to accompany his wife, and the whole world will be gloomy.

Where dare to hide, and pour out all that I only know.

Starting from the cause, "Shen Yuan texted me early in the morning last night, saying that the Ye family had frequently disturbed his friend's mother in the hospital recently and had bad intentions. Let me help him find out how the Ye family knew that his friend's mother had transferred to the Zhanbu Hospital. ."

"Key points: My friend's mother is the mother of the little girl Shen Yuan likes."

"This is the first time that Shen Yuan has taken the initiative to help a girl. I asked one more question. Shen Yuan was also sincere. To tell the truth, he really fell in love with the girl."

The Zhongmu family, who was listening to the voice with their mobile phone, gasped.

Here...

The fourth most promising bachelor, amazing!

Twenty-five will be touched.

It can be seen that the little girl must be very good.

I don't know why, the Mu family has a fascinating self-confidence in choosing their own wives and husbands. As long as they are in the match, they must be the best.

No matter how good other people are, they are as lost as their future wife and future old tolerance.

At this moment, neither of them have seen An Xia, but they all agree that the girl in the old four is very good!

Can the fourth-year-old who is only twenty-five years old be tempted, can he not be good?

Absolutely outstanding!

"Don't tell the family, I almost thought that the fourth child was in the same room with the little girl and criticized him severely. I warned that if he was not responsible to the little girl, my aunt would also attack her if his uncle didn't hack him. ."

### **Chapter 377: Broken heart**

In order not to be separated from his wife in the next few days, Uncle Mu's nephew Mu Chenyuan "sold" his nephew Mu Chenyuan completely.

After sending the voice to the home, my nephew immediately reminded him privately.

To be cautious, he also deliberately converted the voice to text. If the nephew is still with the little girl, he can play the voice directly. Doesn't the little girl hear clearly?

For the happiness of his nephew, he was also broken to be able to chase the little girl smoothly.

"Nephew, you can hurry up and take a look at the crowd. Uncle, I am now being criticized by the old man and the old lady by name."

"You can show up quickly and save my uncle in the heat. You want my uncle to keep things secret, my uncle has let you down, my uncle is wrong!"

After contacting his nephew in private, Uncle Mu's family returned to the group to take a look.

Almost shook the phone out.

His respected sister, Xia Guo, spokesperson for a certain foreign ministry!

Aunt Mu Jia spoke in a straightforward tone, "You have done a good job, praise. The whole family is precious. Please continue your speech and stop talking nonsense."

Mu's aunt is the second child, and the iron lady is one.

The next two younger brothers, Mu Changye and Mu Ningmian, don't look at each of them now. Every time the sister shows up, regardless of the prestige of the two outsiders, they immediately become the younger brothers in front of the sister.

Uncle Mu's family saw that even his sister had come out and bubbling, and he squeezed the phone, and immediately continued talking.

"My relatives, I know only a little bit. My sister, my relatives, I promise with my personality, I have said everything I know, and I have no concealment."

"The last heavy and reliable, 100% news, the little girl Shen Yuan likes does not like Shen Yuan at the moment. That's why Shen Yuan didn't tell you the first time."

"Why do I know? It's because Shen Yuan needs me to check the Ye family, otherwise, I don't know like you."

"Mr. Mu Changye, whom Aite has met here, can you come out and bubble? Little brother, I know everything about it. As a father, since you met with the little girl, you definitely know more than me. ."

"Mr. Mu Nagye, please explain why you don't tell your family when you know it."

Huh, quickly lead the fire to my brother.

His little uncle has endured the shock that he shouldn't bear, and now he has succeeded in retreating, please don't ait me anymore.

At home, his wife Jingjing is packing up the gifts from the old man to visit the old man and the old lady, picking up the phone from time to time to check, and keeping an eye on the latest developments.

Seeing her husband sitting on the sofa, panting like an afterthought, she felt funny speaking for her husband in the group.

"I testified that everything he knew was truthfully explained. If there is any follow-up, I will supervise him and report to the family as soon as possible."

"Thank you, auntie, okay."

"Thank you my dear aunt, you are the most beautiful."

"Thank you my dear little aunt, you are an angel."

"The three upstairs, you are so kind! Thank you, my dear, lovely aunt, you are a kind and kind angel."

Boast, who wouldn't!

I was so angry that I was almost beaten up.

This is the juniors of the Mu family.

There are three sons and one daughter in the old man Mu and Mrs. Mu.

The eldest son Mu Poyang.

The eldest daughter Mu Yidi.

The third son, Mu Nagano.

The fourth son Mu Ningmian.

Three sons and one daughter except for the eldest son Mu Poyang, who is also the second son and one daughter of Uncle Mu.

Sanmu Nagano has a son, Mu Chenyuan.

The eldest daughter Mu Yidi has a son and a daughter.

The fourth son, Mu Ningmian, is also a son and a daughter.

There are five grandsons, and Mu Chenyuan is the fourth.

There are three granddaughters, and Mu Ruqing is the third.

The people are prosperous, the family is friendly, the chats are cheerful in the group, and there is not much sense of restraint.

### **Chapter 378: I'm bachelor, I'm glorious**

Now, the fourth oldest, Mu Shenyuan, finds a girl he likes, which is definitely the top priority at home, and instantly blows up 999 messages from you.

At this moment, the information will not move for a long time.

The big guys were blown into silence by the last heavy, 100% truthful news of Uncle Mu.

After a while, Aunt Mu replied, "Poor, nothing to say, come on, nephew."

And Aite went to Mu Chenyuan, who hadn't said a word.

Soon, the elders of the Mu family fell in love.

Uncle Mu gave up his voice and encouraged his nephew word by word, "There is nothing difficult in the world, as long as you are willing to climb, cheer nephew."

The eldest mother smiled back, and even the words were especially gentle, "Waiting for the girl you like to like yourself, I think you must be very happy now. Because ah, you have met the person you like, and waiting has become the most beautiful Scenery."

"Come on, Auntie is optimistic about you."

Uncle Mu, Uncle Mu, and Auntie all left messages, all of them encouraged to cheer and don't give up.

The old man and the old lady are getting older and have a slow response time. They each hold their own mobile phones, and they don't need Mu Yuancang's representative to reply word by word.

The old man wrote, "A flash of light, thousands of years of life, decades of life, love is hard to find, sunshine is right, time is suitable, pursue hard, and live up to yourself."

The old lady writes: "My grandson, I am the elder, and Zhuo Nun is the master. I will be able to achieve what I want. Of course, there are things in the world, and there are thousands of regrets. Don't force it. "Huh", the years will linger and the fragrance will grow, and I wish my grandchildren, all wishes come true, and join hands with beloved ones."

Mu Yuancang, who accompanied the two old men next to him, read the text sent by the old man and the old lady, and silently deleted the large string of vernacular texts he had typed.

He also encouraged the fourth brother to work hard and embrace the fourth sister-in-law, but... the straightforward words were sent out, it seemed that he was so uneducated.

In the small group of brothers and sisters, text messages were sent one by one.

"Crying, my grandpa and grandma's messages were sent out, and I silently deleted what I wanted to say. I have no culture, and I am embarrassed by the Mu family."

"Don't be afraid, there is still me."

"Don't be afraid, there is still me."

"Don't be afraid, there is still me."

...

Mu Yuancang also silently entered and sent, "Don't be afraid, there is still me."

Then, collectively line up the emoticon package "Cry."

Finally, the brothers and sisters unified the two words together, "Come on!"

Well, the most high-end encouragement often only requires the simplest language.

Come on, fourth child!

It's so pitiful, people who like it don't like themselves.

Tsk tut, never expected the fourth child to have a crush.

Haha, it's a good thing to have a crush on a girl, the poor old fifth doesn't even have a crush on him.

Finally, Mu's eldest brother Aite gave the fifth old Mu Yuancang, "Come on, fifth old."

The older brothers and sisters in the back reacted collectively, and they all tried to say, "Come on, fifth." worry!

The fourth child's crush still hopes to get out of the order.

The fifth is currently motionless, I'm afraid that this year the title of "who is likely to be a bachelor for a lifetime" will be inherited by the fifth!

Mu Yuancang took a look, and left the phone aside, and went to give tea to the old man and the old lady.

Bachelor is bachelor, I am bachelor, I am glorious.

How!

The morning has not passed, and they all know that Mu Chenyuan has a girl he likes, but it is a secret love.

As for the other Mu family members, Elder Mu's elder brothers, younger brothers, and younger sisters, they don't know for the time being, the father told him, and after the fourth son chased the little girl, he went to the big family group to tell them.

### **Chapter 379: Control group**

The Mu family has a great career, and the number of large and small family groups has exceeded one hundred.

Regardless of the number of people, the relationship is quite good, and there is no such bad thing in private, and the harmony.

If you have something to solve together, get together from time to time when there is nothing to do, connect and connect with each other. Everyone twists into a rope, and does not give outsiders a chance to break the Mu family.

Unlike the Ye family, the Ye family is also a big family with a large population, but unfortunately every household has a small ninety-nine, small abacus.

On the surface, they are polite, and when socializing, the sisters and sisters are affectionate and affectionate. The sisters are holding hands and sisters are affectionate. The brothers are talking and laughing together. In private, they are constantly fighting and never consider each other as family.

As soon as Mrs. Ye San and Mrs. Ye Youyin entered the house, their younger siblings, Mrs. Ye Si, almost bumped into her arms.

When the two met, Mrs. Ye Si calmly said, "Sister-in-law, can you watch a little bit of the road? It's a trivial matter to hit me, don't hit my daughter-in-law!"

The two are relatives, and Ye Sanye and Ye Siye are brothers, and they fight secretly.

Especially after Mrs. Ye Si's daughter-in-law became pregnant, Mrs. Ye Si came out from time to time to brush up on her presence, for fear that her mother-in-law, Mrs. Ye, would forget her family and come over to please Mrs. Ye every two days.

You know, Mrs. Ye holds many good treasures from the Ye family in her hand, and any treasure is a good thing that money can't buy outside.

Madam Ye San never saw her wife, she became rich, and she had no background in her family. She loves to run to her house every three days, just wanting to coax a few pieces of Gu Zhen from the old lady's hands to fill the front.

Hearing this, he said coldly: "Brother sister, this is my home. I still need to watch the way back to my home? My brother and sister should really care about the grandson in the belly of my niece and daughter-in-law, or stay at home and sit honestly. , Don't run outside!"

With that, she glanced at her niece and daughter-in-law.

It's okay not to look at it. When I look at it, I suddenly get angry.

She saw a pair of emperor green bracelets on her niece-in-law's wrists!

This this.....

This is the dowry she gave to her daughter Yuyin, and she will marry Mu's family to make a face!

It was coaxed away by their mother-in-law and daughter-in-law!

When everything was unfavorable, Mrs. Ye San's face turned black and her words became even more prickly, "Oh, I said how come to my house early in the morning, and avoid me, dare you to come to fight the autumn breeze again!"

"Sister-in-law, didn't you go out without brushing your teeth?" Madam Ye Si was not a fuel-efficient lamp, and immediately went back, "It almost fainted me."

To my daughter-in-law: "Don't stand, go quickly. It's okay for the adults to smoke a little bit, don't smoke the child in your belly."

After taking the good things, and running to the wild, Mrs. Ye San, who was already irritated, turned her face directly.

"My younger brother and sister are clean. Except for money, I can't look down on anyone else. I'll stay at your own house in the future, and come to my house less!"

"Here in my house, there are otherangers, just don't have the money anger of younger brothers and sisters!"

Satirizing Mrs. Ye Sisan's exuberant wealth, there was nothing in his eyes except money.

Madam Ye Si's daughter-in-law quit, and her mother-in-law was bullied. How could the daughter-in-law stand by.

He touched Gang Xian's belly and smiled: "It's a good thing to have money. Who doesn't know that our Ye family is the owner of money. Auntie is a noble and doesn't love money. From now on, Ye family's money Son, presumably my aunt doesn't look down on it either, she doesn't want to earn it."

**Chapter 380: So bad**

The elders intervened, and the younger ones interrupted. Ye Youyin, who has not spoken all the time, said indifferently: "Sansao's sister-in-law should think less about money. Ye family is rich, so you don't have to talk about it every day. If something goes wrong, it is the third sister-in-law who suffers."

"Don't think about yourself, but also about your children. I also want to watch my nephew be born and grow up peacefully."

More cruel than his mother, Mrs. Ye San, Mrs. Ye San only said with family background, Ye Youyin directly rose to the point that the child had an accident.

But the third sister-in-law was so angry that her face changed drastically, "You Yin, you..."

"Sister-in-law, don't give birth, my sister kindly reminded me." The bullying has come to her, and I still want to have a better life? Ye Youyin interrupted lightly, and then said to Madam Ye Si, "Auntie, go slowly, Youyin won't be sent."

Mrs. Ye Si, who was defeated again, left with a green face.

Walked outside and said to his daughter-in-law, "Now you know why I don't want to see Ye Youyin marry to Mu's house! She wants to marry to Mu's house, so how can we talk about the four rooms!"

"It's a pity that your sister is a little too young and can't replace Ye Youyin. Otherwise, I think your sister is smart and hopes to marry into Mu's family even more."

Mrs. Ye Si's youngest daughter is 19 years old and is still studying abroad.

The mother-in-law was upright, and the daughter-in-law accompanied her carefully and persuaded, "Mom, our sister is still young, but the four boys of the Mu family are not very old. The young masters of the Mu family are married late again. When he reaches thirty years old, our sister He is also twenty-four years old."

"When you and dad serve a snack, you should mention it with your grandma. The reason why you can't put all eggs in one basket, grandma must be the most clear, you say, right."

The daughter of the uncle's family is definitely not as good as the husband's sister marrying into the Mu's family!

Speaking of Mrs. Ye Si's heart.

She thought so too.

Hearing this, he lightly patted his daughter-in-law's hand and whispered: "You make sense. As long as there is a Ye family daughter who can marry into the Mu family, anyone can marry."

"Yes, so, next time you chat with your grandma, you can mention it. You can't mention it clearly, you have to let your grandma think about it, that's reliable."

"Yes, yes, I want to bring it up. If you don't say me in your pacifier, you don't know what to say about me in your heart. She has to think of it herself."

The two mother-in-law and daughter-in-law walked towards their home while slowly calculating.

For Ye Siye's convenience to accompany Mrs. Ye, the house was bought next door to Ye Sanye, and the two brothers lived in the same community.

there

Old lady Ye coldly said to Ye Youyin, "Kneel down!"

Mrs. Ye San shuddered, "Mom, you..."

"You shut up!" Old lady Ye swept away coldly, her eyes gloomy, she swept Madam Ye San trembling to the side, not daring to speak for her daughter.

Ye Youyin pursed her mouth and knelt in front of the old lady.

"Know where I am wrong?!" the old lady asked, looking really angry.

Ye Youyin lowered his head, "I know, I shouldn't have stood up to speak just now, because I lost my identity."

"Oh, I thought you knew it! So you knew it! I worked hard to train you. It's good for you to learn how to be a shrew on the street, with thorns in your mouth, so bright and piercing!"

Ye Youyin is the eldest son of Mrs. Ye and her eldest granddaughter.

In order to cultivate a good granddaughter, the old lady personally raised her, just to one day be able to marry the top richest family in Xia.

I don't know, today I stood at my door and learned the yin and yang weirdness!
