Chapter 381: Distorted

Old lady Ye was very angry.

Ye Youyin is the only granddaughter she brought with her and cultivated through exhaustion.

In order to one day let the granddaughter Mu's family, so that those who secretly look down on her all shut up, and since then they will respect her in their hearts!

Ye Youyin is her painstaking effort, and it is her hope to wash away the shame.

But today, she saw... Seeing her own hard work, but the confrontation of a few words left her breathlessly!

"You are so uncomfortable, you really want to marry into Mu's family in the future, can you cope with such a big family?" The old lady Ye who taught me strongly supported the armrest of the red sandalwood sofa, moved furiously, even with lines in her eyes and tails. They are all engraved sharply, "You Yin, you disappointed me too much!"

The old lady Ye was angry because Ye Youyin couldn't hold back her anger.

As for what she said, Mrs. Ye didn't feel relieved.

Ye Youyin's eyes reddened, and he didn't discern for himself, prostrated and admitted, "Grandma, you know that you were wrong, don't be angry. In the future, you will never make the mistakes of today again, and won't be easy to speak loudly again."

The moment she knelt down, she knew why the old lady was angry.

She also saw the pair of emperor green bracelets, and suddenly lost her mind.

Unexpectedly, I happened to be hit by my grandma.

Seeing that she had admitted her mistake in time, the old lady's anger in her heart dissipated a little, and her voice was not as cold as before, "It's good to know your mistakes, but grandma still has to make you remember!"

"Mom Zhai, bring me the ruler!"

"Yes, old lady." Zhai Ma, the plainly dressed old servant who has been standing beside the old lady, leaned back, turned sternly and went to the main hall to take the ruler.

The ruler of the Ye family was made by Mr. Ye when he was alive. It is made of ebony wood. It is seven inches and six minutes long and six minutes thick.

Madam Ye San was anxious when she heard that she put a ruler on her daughter.

"Mom, You Yin finally went home, and will be in the team again in two days, you..."

There was no way to say the latter words, but the old lady Ye made a cold eye knife, and she shivered.

Ye Youyin said in a low voice: "Mom, grandma taught me the right way. With today's lesson, my daughter can remember."

You really have to stay calm at any time.

Today, she has indeed lost her temper.

When the paddle came over, Ye Youyin stretched out his hands.

The old lady winked at Zhai Ma, who had served her for forty years, and Zhai Ma, who didn't smile harshly, said flatly, "Miss, I'm sorry."

Raising the ruler, in Madam Ye San's horrified sight, he beat Ye Youyin's hands fiercely.

Old lady Ye twisted the Buddha beads in her hand and said flatly: "Grandma doesn't care about the tricks you play with your aunt. In our Ye family, there is no means, too soft-hearted, only calculated."

"If you want to live a good life, you must learn to eat from the mouth."

"Grandma also said that there are small calculations at home, and it is dangerous when you go outside. If you can't win a place for yourself at home, there is only a dead end when you get outside!"

"You want the bracelet, grandma knows. Grandma didn't have your chance, but you didn't make it in time and took the bracelet from grandma's hand."

"You can't get your own things. Who can you blame? Since your third sister-in-law has the same mind as you, she knows how to coax her to take the bracelet away from her grandma. If grandma doesn't give it to her, can she keep it? For you?"

"Grandma spoke early, but if you like, you have to start in advance! Late, the best things belong to others!"

Chapter 382: Do whatever it takes to care whether others are happy or crying

This is the survival rule that Mrs. Ye has always believed in.

What she likes, whether it's a person or a thing, will definitely try her best to get it.

Survival is cruel, and opportunities are always reserved for those who are prepared.

The ruler was slammed into Ye Youyin's palm one after another. In the large hall, with the antique and luxurious decoration, the scent of osmanthus scented in the ears, enveloping the surroundings.

The old lady Ye's voice came slowly, gloomy and cold, as if coming out of a crack in the extremely gloomy ground, cold and dark.

"If you look at it, you must fight for it. Be reserved? Do you still need to be reserved for good things? Do you think that you are the only one who knows the goods?"

"Youyin, grandma tells you, there are so many people in the world, and the most indispensable are people who are smart, scheming, and active. As long as they look at them, they will fight by all means."

"And your self-righteous reservedness will only become their footsteps, allowing them to take advantage of the emptiness immediately, and successfully take away the people and things you like when you don't know it."

"Your third sister-in-law, this is very good. Ambitious, knows what I want, and can put down my body and get what I want."

"When you get something, it really belongs to you. What you don't get may belong to you, but it will also belong to others."

"Your reservedness will only make you suffer in the end."

"Grandma tells you today, as long as you like it, even if it's the love of others, you have to get it back! To get it back is your ability!"

"As for how other people are, that's someone else's business. It's just that they don't have the ability to hold onto his love. In the eyes of the world, they only look to those who succeed, and they don't pay attention to those who fail."

"Grandma will tell you one more thing. Retention, sympathy, and concession are the most useless things. If you abandon them, you will get whatever you want in the future."

Back then, she secretly seized Ye Family from her cousin. In the end, the soft-hearted cousin lost, and she won and became the old lady of Ye Family now!

But it has also become a joke for a wealthy family and wealthy family.

What about being laughed at.

She is still the old lady of the Ye family, and she still tramples under her feet those who secretly look at her jokes.

Those people only dared to laugh at her secretly.

But it's not enough.

These are not enough!

She must let those who look at her jokes know that Ye Yunyi was born to trample everyone under her feet, she made such a post, and so did her offspring!

I have two wishes in my life, and now I want to realize one of them, to marry into the top wealthy family of Xia, and become the envy of my sisters when I was young.

The second is to let those who look down on her all respect her and recognize her.

She wants to let those people know that every way she walks is right!

Now the second wish has not been realized, but everything is developing in the best direction.

The fourth master of Mu's family has no girlfriend yet. Her granddaughter is beautiful and capable, and she is also on the team, and she will definitely be in the eyes of the fourth master of Mu!

Now is the critical time, and you will never get the slightest difference.

Twenty times the ruler was pulled out, and Ye Youyin's palm was red and swollen.

Madam Ye San watched her heart beat, which hit her daughter, it was clearly hit her heart.

Zhai Ma put away the ruler, unchangingly rigid, and said indifferently: "Offended."

"Thanks to Di Ma." She had to apologize when she was beaten. Ye Youyin bowed her head to apologize to Di Ma. It was also the teaching of Mrs. Xie Ye.

Chapter 383: Look at it, grab it back

Grandma was right.

Reservation, sympathy, and concession are the most useless things.

Because of her reservedness, she lost the pair of invaluable emperor green bracelets.

I thoroughly understand what grandma said and how correct these words are said today.

If she puts aside her restraint and takes a brave step, the bracelet is on her wrist today, and the jealous and uncomfortable person should be the third sister-in-law, not herself.

Mrs. Ye San didn't listen to what many old ladies said, and she threw herself on her daughter.

Seeing Zhai's mother took the ruler, she felt so distressed that she immediately rushed to her daughter's side, "Youyou, mother's you..."

Too ruthless, too ruthless, twenty shots!

The daughter's hands are swollen.

"Mom, I'm okay." Ye Youyin retracted her hand, and she was able to hold it up slowly, comforting Mrs. Ye San, "Look, it's okay. I'll get an ice compress later."

It was obviously a hot pain, but Ye Youyin could bear it.

Old lady Ye looked in her eyes, her anger dispersed a lot, and her eyes gave Ye Youyin more recognition.

She has three granddaughters, but the one who looks most like her is the eldest granddaughter Ye Youyin.

When I was three years old, I knew how to frame others and get what I liked.

It was precisely because of this that she decided to raise her up personally.

It's just that she didn't expect that after going to university, she would not be as clever as before!

Isn't the place like the team the best way to temper people? How come they make people stupid.

Fortunately, I found it in time and can make it straight!

"Mother Zhai, go and bring my pair of hibiscus stone bracelets to the young lady." Give a slap, a sweet jujube, a beating, a scolding, and a reward that should be given.

For girls, they have to have something in their hands.

With something, you will have a high vision and will not be deceived by those poor young men who only rely on a mouth to speak sweet words.

Although the hibiscus stone bracelet is not as good as the emperor green bracelet, it is also an old thing.

The color is excellent, and it is also a good thing that is hard to find.

When the bracelet was worn on the hand, the pink color reflected the whiteness of Ye Youyin's wrist, which was luxurious and luxurious.

"Thank you grandma."

Kneeling and crawling again, she blows away the last anger in Mrs. Ye's heart.

At last there was the usual kindness in the muddy eyes, "Okay, get up."

She glanced lightly at Mrs. Ye San who was still wiping her tears, "Okay, you don't cry less, knowing that you feel sorry for the young voice, don't I feel sorry for my grandmother?"

"She will marry into the Mu's house in the future. You are accustomed to it and cultivate a naive and innocent temperament. It is pleasing to put it in ordinary people's houses. Later, when you go to the Mu's house, you will only be eaten by others."

It seems like, as long as they Ye Family nodded, Ye Youyin would be able to marry into Mu Family.

Speaking of the Mu family again, Ye Sanfu was shocked to remember that there was another important thing he hadn't said.

"Mom, something big happened! Didn't you say that there is no girl with Mu Sishao? Today, I went to the hospital with You Yin, and it happened that we ran into Mu Sishao!"

"There is clearly a girl next to him, who looks enchanting and enchanting. At first glance, she is the kind of person who relies on her face and uses methods to seduce people!"

Old lady Ye twisted the hand of the Buddhist beads, and stopped immediately, her eyes flashed cold, "See clearly?"

"Looking at it clearly, you also saw it." When it came to business, Mrs. Ye San sat on the red sandalwood sofa with a brutal face, "I know that there is no girl next to Mu Si Shao who can get close. This will suddenly happen. One pops up, Mom, you have to check her details."

Chapter 384: Useless things

Old lady Ye heard the words and slowly twisted the Buddhist beads in her hand again.

It seems that there is no panic.

What to panic.

It's just a trivial matter, and it's solved.

She asked Ye Youyin, "What attitude does Mu Sishao have toward her."

This is the point.

Madam Ye San glanced at her daughter. She knew that the next communication was between her daughter and her mother-in-law. She listened to it for the time being, and could only speak unless she asked herself.

Don't even think that old lady Ye used to climb into bed when she was young, but she also came from a big family, and some rules were strictly adhered to, and she couldn't help but provoke or destroy.

Whoever she talks to, only this person can talk back to herself, sit and listen to the rest, and can't interrupt.

Ye Youyin held Di Ma in his hand and gave it to the ice pack, and replied not hurriedly, "Maintain."

The maintenance of Mu Sishao is enough to show the seriousness of the problem.

Old lady Ye flashed in her eyes, "Don't rush to shoot, check the details of the people carefully before you start."

"I'll be back to the team in a few days, grandma, you have worked so hard for the Fourth Young Master." Ye Youyin was a little anxious in the hospital before, but now he is back home instead of anxious.

With grandma, everything is trivial.

He said again: "Don't worry about me, I didn't put the female defense at ease. Just a new recruit, the fourth master will not have that bad vision."

Old lady Ye smiled and nodded, "It's good if you know. New recruit? You mean that girl also joined the team?"

"Well, the new recruits who just joined this year didn't even accept the title." Ye Youyin twitched the corner of his mouth slightly, smiling a little with disdain, "I'm young, I'm probably under 20."

"I have no education, no ability, how long can I stay with the Fourth Young Master by relying on my face? Grandma, I have asked the housekeeper to find a painter. After the drawing is completed, you will investigate it again."

But Ye Youyin is different for her!

She was born in the Ye family, graduated from a war school, and graduated with a war title.

Now he is recommended by the team to participate in the selection of pre-special fighters, one step closer to Mu Sishao.

Next, as long as she takes good care of her strength, plus the secret help of her uncle, she will definitely be able to walk to Mu Sishao's side.

Old lady Ye saw that her granddaughter hadn't gotten horny, and the smile on her face deepened.

That's right, that's it.

If you like something, you can't like it to the point of fainting, you have to stay awake at all times.

At about 1:00 in the afternoon, the artist Gen Ye Youyin drew the face of the person, and then through technical synthesis, AI analysis, in less than half an hour, the photo was printed out and handed over to Mrs. Ye.

Old lady Ye took the photo, and only glanced at her, her face suddenly changed, and she seemed to be dripping with water, "She is Ye Mengwei's daughter, An Xia!"

what!

Ye Mengwei's daughter?

"How is it possible? Mom, are you sure?" Mrs. Ye San also held a photo in her hand, looked and looked at it, and said in surprise, "It doesn't look like it!"

It's not that she has never seen the picture of that little girl!

Weiwei was cowardly, skinny to the point of a puffy, and not half the temperament of the girl I saw in the hospital today.

but.....

After taking a closer look, Madam Ye San was a little unsure again.

The old lady said that, it seemed, it seemed a bit like it!

"Mama Zhai, bring me the photo." Old lady Ye ordered with a sullen face, and she had to make sure that she didn't make any mistakes.

After taking the photo for comparison, Mrs. Ye's expression is even more gloomy.

Madam Ye San was furious, "These two mother and daughter are really lingering!"

"Then beat them up and down!" The photo in her hand dropped to the ground, and the old lady Ye said harshly: "After living for so long, you can almost leave!"

Want to **** her granddaughter's husband-in-law, dreaming!

Chapter 385: One word: chaos

When Mrs. Ye intervened, the only bit of anxiety in Ye Youyin's heart was gone.

Because she knew very well that Old Lady Ye would never allow her to defeat her opponents, but she still had a chance to rise up and defeat herself.

How much the old lady wanted to erase the biggest stain in her life, so much the determination to erase the mother and daughter of An Xia.

Ye Mengwei...

She had to shout "Auntie".

One was forced to desperate by the old lady, and finally had to flee the capital in a hurry and married Xuancheng and settled down.

It just makes people unexpected...

Twenty years later, she returned with her daughter.

He also tried to take away her future husband-in-law that Ye Youyin liked.

Back in the room, Madam Ye San gritted her teeth while giving her daughter's hand medicine: "The old lady is really cruel. You are her most beloved granddaughter, and you don't know how to be merciful."

"Mama Zhai's love to serve the old lady all day has been overwhelmed by us! Sooner or later we must take care of her!"

Mrs. Ye San was also born in a wealthy family, but not a wealthy family in the capital. She speaks and does things that make her face upset, all based on her favorite temperament.

With the old lady's glimpse of picking a wife, Mrs. Ye San couldn't get her.

But the old lady's scandal had too great an impact. It was so big that it hurt the eldest son to get married. The capital had a good reputation, and the people with background didn't bother to marry their daughter into the Ye family. To the eldest son.

This is also one of the reasons why the old lady saw Ye Youyin resemble her temperament and immediately took the person to her side to raise her.

The old lady who was born in the capital was not in Madam Ye San's family background at all.

Madam Ye San knew it in her heart.

Waiting for the old lady during the day and closing the door at night, Mrs. Ye San scolded her mother-in-law in secret.

Now he muttered again, Ye Youyin didn't have the slightest surprise.

Looking down, looking at his swollen palms, he said indifferently: "The old lady is also doing me well, Mom, I'm doing things on my side, you still don't interfere as before, and let the old lady handle it."

Whether you can marry the Fourth Young Master Mu, you can only rely on the old lady.

My own mother is unreliable.

The grandmother still doesn't look down on her mother's background, and the old man and old lady of the Mu family may even look down on it.

There was a sudden dull pain in the palm, and the sudden pain made Ye Youyin take a breath and lifted her eyes, "Mom, you lighten it, it hurts me."

"It hurts, it hurts, now I know it hurts! Why did you just take the old lady's words as imperial decree! Oh, I don't interfere in your matter, and I hate me as a mother?"

Get angry.

The old lady doesn't care about her origin.

The daughter can't even look down on it?

"I don't hate my mother's ugliness. I give birth to you and love you. If you don't get the slightest return from you, don't tell me, I will be rejected by you?"

The voice was a little higher, and Ye Youyin was shocked to apologize quickly, "Mom, where did you think of it! Don't say it soon, shocked that the old lady has to make rules for you again!"

Without applying the medicine, he rushed to put his arms around Mrs. Ye San's neck and acted spoiled, "How can I dislike you."

"I, I'm afraid of your hard work, and I'm afraid that you will have to deal with the uncles above, aunts, uncles, and aunts below, and how tired you will be if you have to take care of my affairs."

"There are so many things at home, and you have to do it yourself, so you can't let other people's homes take advantage of it. Just today, you went to the hospital with me. Aunty hadn't caught the opportunity, turned around and brought Sansao's wife to the door. "

Chapter 386: Heart is under the kyte

Today Madam Ye Si came to the door, coaxed away the treasure from the old lady, and gave Ye Youyin a wake-up call.

She is very worried that she is not at home, and the old lady's mind will become more and more biased towards the third sister-in-law who is pregnant with the great-grandson of the Ye family.

Man, once you lose your heart, it's not so easy to take it back.

She put her hands on Madam Ye San's shoulders, wrapped her arms around the back of her neck, and coaxed in a coquettish way: "If you are at home today, no matter how good the third sister-in-law is, would you still let her take away the bracelet?"

"Mom, I secretly tell you that grandma still has a lot of good things in her hands. A pair of emperor green bracelets is nothing, the old lady also has a set of emperor green head noodles in her hands."

"When I come back next time, holding the honor I won in the team, I will ask the old lady for reward."

"Let me tell you, I have taken a look at the hooded noodles, I am not at home, you have to take care of it for your daughter anyway, and wait for your daughter to come back."

He coaxed, spoke in a small amount, and coupled with Mrs. Ye San, who was acting like a baby, her eyes shimmering slightly, the anger on her face disappeared little by little, and she turned into a pampering love for her daughter.

"Okay, okay, don't shake it, mom will be dizzy by you."

Taking off the two arms that swayed her shoulders to the left and right, Madam Ye San lightly nodded her daughter's forehead with her fingers, and yelled, "You little man, it's done, mom knows it, listen to you, all Listen to you."

Her daughter is the smartest, even smarter than her two sons!

Generous, decent, beautiful, and capable, she will be uplifted every time she takes it out. As long as there is a daughter, other famous ladies are all foils.

For such an excellent daughter, she certainly hopes that she will marry the tallest and tallest high school in Xia Guo, and become the high school lady that everyone envy and look up to.

Ye Youyin stretched his red and swollen hands under Madam Ye San's eyelids, pouting, and continued to act like a baby, "It still hurts, you put peppermint ointment on me again."

"Just know that you squeeze your mother, sit still, don't move, so as not to say that it hurts you again." He pretended to be dissatisfied, and the action of applying medicine in his hand was so light that it couldn't be lighter.

I heard my daughter whisper again: "Mom, you really have to guard your home. The old lady and our family are now because my father is the eldest son."

"My uncle has been showing respect to you and Dad over the years, but he has never stopped his small actions in private."

"Both he and the little aunt are reading the things in the old lady's hands. After so many years, they have not let go of the old lady's plan to live in his house."

"You have to stabilize the old lady. Don't let the little aunt coax the old lady away."

"Especially the third sister-in-law, you used to look down on her too much!"

"Every time I call you, you say that Sansao's sister-in-law is a talented woman who only knows about studying, but she doesn't understand anything else."

"I saw it today, the talented girl is pregnant, and the skin on her body is ripped off, and her ambition has come out!"

"The third sister-in-law is indeed a talented woman, a talented woman who can offer advice to my aunt."

"You have to be careful of the third sister-in-law at home. I will go to the team in two days. Mom, I am worried that you will suffer at home."

In other words, Mrs. Ye San listened carefully to what her daughter said. At the last sentence, Mrs. Ye San smiled.

After the medicine was finished, Mrs. Ye San pumped wet paper, carefully wiped off the remaining ointment in her hand, and a sneer gradually rose between her eyebrows.

She asked: "Youyin, do you know why the old lady chose to live in our house?"

Chapter 387: Play is like life

Today Madam Ye Si came to the door, coaxed away the treasure from the old lady, and gave Ye Youyin a wake-up call.

She is very worried that she is not at home, and the old lady's mind will become more and more biased towards the third sister-in-law who is pregnant with the great-grandson of the Ye family.

"Okay, okay, don't shake it, mom will be dazzled by you." She took off the two arms that swayed her shoulders left and right, and Madam Ye San's fingers lightly nodded her daughter's forehead, anger. Scolded, "You are a villain, it's done, mom knows, listen to you, listen to you all."

Her daughter is the smartest, even smarter than her two sons!

Generous, decent, beautiful, and capable, she will be uplifted every time she takes it out. As long as there is a daughter, other famous ladies are all foils.

After the medicine was finished, Mrs. Ye San pumped wet paper, carefully wiped off the remaining ointment in her hand, and a sneer gradually rose between her eyebrows.

She asked: "Youyin, do you know why the old lady chose to live in our house?"

Chapter 388: One-step liking

Within a few minutes, the servants outside heard Madam Ye San yelling, "Ye Youyin, your wings are stiff, aren't you? You didn't even look at me! It's done! It's done! I don't care about you, I don't care anymore!"

"Mom, can you stop making trouble so unreasonably!"

The quarrel between the two mothers and daughters quickly reached the ears of the old lady.

The old lady pulled at the corners of her mouth, raised her drooping eyes, closed her eyes again, and talked to Zhai Ma who was massaging her brain acupuncture points.

"Zhai Niang, you see if there is any change in Young Yin."

"Miss Hui, Miss Youyin is still close to you." Zhai Ma is still used to calling Mrs. Ye a 'Miss'.

The old lady was silent for a while, suspiciously, "Really?"

Zhai Ma didn't speak anymore. After a while, Ye Youyin's eyes were red, and he ran over aggrievedly, holding the old lady and sobbing.

Like before, as long as she was wronged by Mrs. Ye San, Mrs. Ye will always think of it.

"Grandma, You Yin will accompany you to sleep tonight..."

"Okay, okay, grandma is going to listen to the young voice in the team tonight..."

"Well, I have so many things to tell grandma."

"Silly boy, why don't you tell your mother?"

"My mother? My mother doesn't want to listen, only grandma will listen."

The old lady smiled, "Then grandma needs to listen more."

The ancestors and grandchildren laughed and talked, Zhai Ma quietly retreated, and the Ye family returned to tranquility. Even the wind blowing into the balcony became soft, blowing away the heat in my heart.

Hospital

An Xia stood at the door of the ward and sent Mu Chenyuan away, "Since you have a call at home, you should go home early. You don't need to come over tonight, see you tomorrow."

Tonight, Mu Chenyuan couldn't do anything to come over.

Thinking of the information in the mobile phone family group, Mu Chenyuan only felt the pain in the back of his head.

He did not expect that the third sister Mu Ruqing would include An Xia's photos in the group.

He just hung up the phone and glanced casually, he was startled by the "999" message.

The old fifth informed him that the big thing he was talking about in the group today was the matter he had a crush on with him.

All the elders in the family waited for him to explain.

Standing at the door of the ward, Mu Chenyuan whispered: "Okay, you accompany auntie, see you tomorrow."

He said again: "Don't give it away, lest it be seen by the Ye family."

"I didn't want to send you either." An Xia raised her eyebrows, "Here you know the way better than me."

I didn't think about sending him off, so I would think about it more.

Mu Chenyuan laughed, "Can't you be polite?"

"Between you and me, do you still need to be polite?"

In an instant, he pleased Mu Chenyuan.

"No need, then I'm leaving, see you tomorrow."

An Xia opened the door and couldn't wait to give it away. "Let's go, let's go, don't grind."

With that, he pushed people out of the ward ruthlessly, and closed the door without thinking.

Good to go, not to go.

She still has important things to do!

Mu Chenyuan listened to the sound of closing the door, standing outside the closed ward door, the helplessness in his handsome face was deeper than the sea.

Explain what?

Explain that the girl he likes doesn't like himself.

Not right.

She still likes herself!

It's the kind of one-step favorite.

This level of liking made him very insecure.

Fortunately, the relationship between the two has always been maintained, and one day, he will let himself feel safe.

Without staying, Mu Chenyuan strode away.

In the ward, Tianshu was still watching the investigation sent by Uncle Mu's family. Before reading the information, he saw the emperor's face solemnly said: "Tianshu, I have something to look for you."

Chapter 389: Get medicine

The expression of the emperor was so serious that it made Tianshu "cock" several times in his heart.

He quickly vacated his seat for Tianji, and walked to the emperor's side in a few steps.

Inside the ward, Ye Mengwei was taking a lunch break, and the ward was quiet, with only breathing.

The secrets who connected to the data to read the information were not afraid to make a big move.

An Xia did not go outside to say, she was inside in front of Tianji, and said to Tianshu: "Get me a medicine?"

medicine?

Tianshu didn't dare to breathe a sigh of relief. The emperor ordered nothing trivial. He respectfully asked, "What kind of medicine?"

Murderer?

charming?

Or is it a baby?

There are too many kinds of medicine.

I have spent a lot of time in my mind, and thought of which medicine is the best.

The only thing I didn't expect, their main thing is...

"Aphrodisiac." An Xia spit out two words.

Tian Shu suddenly raised his head, and then realized that he was in a state of failure. He lowered his head, "Understand, do you need to be safe and without side effects?"

You have to ask clearly.

Aphrodisiac, how did the emperor think of using this kind of medicine?

Who is it for?

The special combatant Xia Guo that I saw in today's ward flashed in my mind. He was very young, but an inherently strong man rushed towards his face, killing and cutting fiercely, like a sword, cold and fierce, just as he was out of the sheath See the blood.

An Xia nodded, "Well, I remember that Emperor Yu has this kind of medicine, which is powerful and has no side effects. Ten sticks, not enough."

Rao was as calm as Tianshu, and his fingers trembled.

Ten sticks.

Although I really want to know who it is, don't ask for the sake of my life.

"Okay, how can I give you the medicine when I get it?"

Tianshu asked.

This is also a problem.

The emperor is now in the Xia Guo team, no matter how capable the four of them are, it is impossible to overturn the team's wall and send the medicine in.

An Xia thought for a while, and said calmly: "I'll give it back next time."

Maybe she had already taken down Mu Chenyuan some time, and she didn't need these medicines anymore.

She also didn't want to use these medicines.

I would like it if you love me.

With medicine, the taste changes.

"Emperor Domain is now under the control of An Qian, and my ability is limited now..." The words came naturally to the corner of the mouth, and suddenly stopped.

An Xia pursed the corners of her mouth, and when she spoke again, she felt a little blunt.

She really...

For the first time, he told his subordinates that the task is not important, but safety is important.

Very unaccustomed.

In the past, she had only one requirement for all orders: it must be completed.

The second is to come back alive.

After speaking, he saw Tian Shu's face in shock, staring at himself blankly, as if he had heard it wrong, and couldn't believe it.

An Xia darkened and said coldly, "What's your expression?"

This is not only true of Tianshu, but also the secret of the information over there.

An Xia's face was completely dark.

Fortunately, Tianshu quickly returned to normal.

Smiled and said: "Thank you, the emperor for your concern, and the subordinates will protect themselves."

"Yeah." An Xia held her hand and moved her footsteps. "I'm going to accompany the bed tonight, and you guys have a rest."

I'll still care less in the future.

I didn't know what was wrong just now, so those words were just said through the mouth.

She is not used to it, and Tianshu and the others are not used to it either.

The first time she was in front of her subordinates, she was embarrassed!

After two steps, Tianshu's low voice came from behind, "The emperor, you are so good now."

?

What a good time!

There is nothing left, and I have to be angry all day long!

A small seven-star warlord can count on her.

"You are much happier now than before." Tianshu is still slowly saying: "You from the Emperor Realm, your subordinates have never seen you smile."

Chapter 390: She changed

Something that came out at the risk of death.

In the emperor, Tianshu absolutely didn't have the guts to say.

There is no chance to speak out.

An Xia didn't respond, and opened the door blankly.

Much happy?

Have it?

It seems, it seems there is.

Touching her face, An Xia motioned for Tianxuan who was accompanying the bed to go out.

Tianxuan got up and quietly retreated.

Outside, Tianji pressed his voice and said to Tianshu: "You just didn't want to die, you dare to be disrespectful to the emperor!"

"Don't you think that the emperor is so good now?" Tianshu smiled, with deep eyes, calm as the sea, "the emperor is no longer a machine, she has..."

What's there?

Haven't figured it out yet, Tianji connected in a low voice, "Popularity, with fresh and bright popularity." right!

Fresh, tomorrow's popularity.

With a faint smile in his calm eyes, Tianshu said, "The current emperor is very good."

"It's pretty good, but..." Tianji looked into the ward, with a trace of melancholy in his tone, "But she is the emperor, and one day she will have to return to the emperor domain."

Tian Xuan, who hadn't even interrupted the word, looked at the two of them and said indifferently: "That's the future. Now I only do the present."

Besides, it is still unknown whether he can return to the emperor domain.

The current emperor, An Qian, don't look delicate and weak, and his methods are vicious, like a beautiful snake.

If she knew that the emperor was still alive, she would definitely try her best to assassinate the emperor.

The three of them thought of this, and their faces were a little ugly.

Their allegiance is only the Emperor An Xia!

Today's emperor is a fart!

It's not relying on strength to sit on the seat of God at all!

Hostility flashed in Tianshu's eyes, and he said in a deep voice, "What's going to happen later, let's talk about it later, let's find a way to solve the Ye family's affairs first."

Ye Mengwei's transfer to the Zhanbu Hospital was not due to someone leaking the secrets, but they found an excuse to enter the weaving net covering the capital, and through the weaving, confirm that Ye Mengwei had transferred to the Zhanbu Hospital.

From this, you can know that what the Ye Family wants to do is not difficult for them.

Tianxuan cut into Ye's group official website, with a cold smile on his face, "I just entered their group website and found something interesting..."

At 3 o'clock in the afternoon, all the computers of the Yip Group were hacked, and a short video was looped on each employee's computer.

Soon the hot search on the Internet exploded "Yip's Group employees stealing food", occupying the first place with a wind-like speed.

Eat something like this, the inferiority of a man is the easiest mistake to make.

I really wanted to be caught, that is, a matter of a few days of turmoil, public relations added an apology, and I forgot it within a few days.

But the bad thing is, this employee is the eldest grandson of Mrs. Ye, who is also Ye Youyin's elder brother, who was just engaged three days ago.

The label is: Affectionate, unswerving until death, a peerless man!

Won the envy of countless netizens.

Don't know...

"Oh grass! I don't believe in love anymore!"

"Damn, it hurts to slap in the face! I really thought it was a rich man to see the truth."

"I just said, how can the son of the rich family be single-minded and affectionate. Ha ha, face it! The person who sprayed me the other day, get out and apologize to Lao Tzu!"

"It's disgusting! While pretending to be affectionate, while stealing food! Standing and standing again!"

"I sympathize with his fiancée, thinking I found a treasure, but I didn't expect to find a piece of grass!"

"Derailed!"

"You simple netizens, a few days ago, they kept saying that rich people also have long-term love, what is long-term love? Long-term love is love in the mouth. The body can be honest, whoever wants to sleep will sleep!"
