

Goddess 391

Chapter 391: Disliked

The turmoil did not last long, and soon the hot searches were gone, the video was gone, and even the topic could not be brought up anymore, and a "ban" came directly.

After reading it, An Xia stretched her waist and said indifferently: "This little action can't move the Ye family. After five minutes, the public relations reversed."

"It's not possible for the building to fall overnight. Start with small things, and if there are too many things, you can always shake the root." Tianshu said, "Now start with word of mouth, bit by bit."

"You see this is our plan..."

Tianshu presented the plan they wrote within half an hour to An Xia.

An Xia swept across slowly, and the corners of her mouth gradually rose.

She knew that it was nothing to leave things to Tianshu and the others.

Little movements keep coming, a little here, a little there, the Ye Family will be busy next.

Ye Mengwei woke up, several people quickly finished, An Xia hurriedly entered the ward and accompany the bed peacefully.

She wanted to stay with her until tomorrow, but Ye Mengwei didn't want to.

"It's finally a holiday, how can I always stay in the hospital to accompany me and go out to play." Ye Mengwei didn't want to trap her daughter.

Her daughter Xia Xia has been trapped in Ancheng for her.

Now that I have finally come out, I should go for a walk and take a look.

Girls go out to see more, so they won't be easily coaxed away.

No matter what An Xia said, Ye Mengwei firmly refused to let An Xia accompany the bed and drove people directly.

An Xia: "..."

I really didn't expect that she would also be rejected one day.

"Well, I'm going out, I'm going out, don't put yourself in the quilt, I'll go out now." A headache, unfamiliar with life, where can she go shopping?

Ye Mengwei immediately got out of the quilt and said with a smile: "Then your friend will accompany you out to play."

!!!

In the ward, Tianshu, Tianji, Tianxuan, and Tianquan were shocked to sweat on their backs.

Madam, why are you a little bit wrong.

An Xia didn't notice, and shook her head, "No, the four of them have to stay."

"Xia Xia..."

"Then I won't go out." An Xia sat down again.

Ye Mengwei didn't dare to really insist, so he had to agree.

Could it be that she was thinking too much?

Xia Xia's friends have no other ideas about Xia Xia?

Not really!

Who dares to have ideas about the emperor!

An Xia, who was "ejected" from the hospital, had no other place.

She had to beware of the Ye Family staring at herself.

It's okay if you really want to keep an eye on yourself.

However, no one seemed to stare at her.

Looking around, Anxia took out the Tianshu plug and gave her mobile phone and logged in to her social account.

Or, where is Mu Chenyuan?

Thinking about whether to contact Mu Chenyuan, the anniversary text message popped out.

"Xiaxia, look where we are!"

And sent out a video with her voice in the video, "We are shooting, come here, let you see Xiao Jianer, shooting, handsome or not!"

very handsome!

An Xia saw the blue bird hit the frisbee, shot one frisbee, and made no mistake!

From shooting to closing, clean and handsome!

or.....

I took a video on the street, "I'm in the capital, where is your address, I'll come over."

Send and wait for the anniversary letter to reply.

About thirty seconds later, the anniversary year direct voice.

An Xia connected.

"Xia Xia! You came to the capital? Really? Didn't you lie to me? Did you really come to the capital?"

Ask a few more questions, without panting.

An Xia laughed, very shallow, very relaxed, "Well, here, how do you get there? I'll take a taxi."

Now, she is rich!

Chapter 392: Will she have friends

Tianshu bound her with a bank card. The exact amount is unknown. Anyway, he said that if he sees a house he likes when he goes out, he can buy one.

Yes, one building.

Not a set.

That is very rich.

In the anniversary year, I was so happy that there was another "Ahhhhhh" sound, and said to Ye Jian who was wearing silent earmuffs: "Jian'er, Jianer! Hurry up, let's pick up Xia Xia, Xia Xia is in the city!"

Afterwards, An Xia heard the blue bird's voice.

Clean, pure, and clear like water.

"Okay, you can ask Xia Xia where she is, and we will pick her up."

An Xia checked the time, three o'clock in the afternoon.

"No, I can come by myself." She said.

It's better to pass by yourself if you come to pick her up.

save time.

In the anniversary year, he smiled, "It's a little far away, come here...ah, it's three o'clock?"

Blue Bird reminded her of the time, and was shocked every year, "Xiaxia, we are in the suburbs, where are you?"

From the city to their side, it would take two hours for less to say.

They really have no way to pick it up.

After receiving it, I can't play shooting.

An Xia reported the address and heard the blue bird say: "Sister Nian Nian, give me your cell phone."

"Xiaxia, Xiao Jianer told you."

The mobile phone is passed over, and the anniversary year plans to plan the next time.

Ye Jian, with a beautiful face, wiped his sweat with a towel, and smiled and asked An Xia, "Xia Xia, where are you?"

"Near the War Department Hospital."

I don't know why, I've only met once, but I've known each other for many years.

Ye Jian wiped his sweaty hands, frowning a little, "Why did you come to the Zhanbu Hospital?"

The anniversary year next to it suddenly became anxious.

Why did you come to Zhanbu Hospital?

Is Xia Xia injured?

Ye Jian gave her Shao'an not restless eyes, and waited patiently for An Xia's return.

Don't look at the young girl, but her eyes always give her an illusion of...the same kind of people.

They are the same kind who have returned from rebirth.

But I think I think too much.

In this world, how can there be so many rebirths, shouldn't it be messy?

She should have been thinking too much.

Hearing An Xia smiled and said, "I'm fine. My mother has some minor health problems and was hospitalized in the War Department Hospital."

"Then let's come over." Ye Jian took off the sweat-proof gloves. Hearing this on the anniversary year, he had already started to pack things and prepare to leave.

Xia Xia's mother was hospitalized. As friends, they must visit the hospital.

An Xia didn't even have a chance to refuse, waiting for the arrival of two friends.

Because, in the anniversary year, he said fiercely, "Xia Xia, you are so cruel! I and Xiao Jian'er treat you as friends, but you see us outside. You make us so sad."

"Say, are we your friends? Are we?"

Oh my friend.....

Is this a friend?

Very strange, but inexplicably happy.

Friends, it turns out that she can also have friends.

Standing in the shade of the tree, An Xia held the phone, her eyes looking far away were filled with confusion.

Can she really have friends?

"Friends? What are friends? Friends are useful. What do you keep for the useless?"

"Anxia, we won't have friends, because we never need such things as friends."

"There is only one seat of emperor, so what if you helped me? I am asking you for help, but you can decide whether to help or not. It is you who decide to help me. What does it have to do with me?"

"I see, I said earlier, my daughter doesn't need a friend, don't be so naive. Emperor Realm, I don't need a naive emperor."

Chapter 393: She's a pretty lady

In my mind, a strange and familiar cold voice poured into my ears.

It was as if she saw her decisive father again, standing on a high place, looking at her indifferently and pitifully, and saying words that made her tremble all over.

"Anxia, remember, you are destined to stand in the most lonely position, where it is very high, so high that it can only accommodate you, and can no longer accommodate a second person!"

"If you have a plan, you will ask for something, my daughter, they will approach you only if they have a plan."

"Take a good look at how the people you helped give back to you! They just approached you so they could kill you!"

"I see, she wants to kill you. Did you see the poisonous needle in her ring? Here, there is the most powerful nerve paralysis potion. As long as you lightly **** you, you will never see the sun tomorrow. "

"You are the lord of the emperor domain and my only heir. You don't need to have friends, you just need to sit here, and everyone will surrender to you!"

"If you want to live, then live by yourself, and never think of others by your side!"

"You can only live alone!"

"Never think of others by your side!"

She really can only live alone?

Never think of others around?

is that true?

"Xiaxia, we are still not friends! You must not refuse."

"Xiaxia, I will be angry if you refuse it again!"

Anniversary said in a loud voice, clearly separated from the mobile phone, as if she was standing in front of her eyes, staring, wrinkling her nose, pouting... she could see clearly.

Blue Bird does not have the same emotional changes as hers. She is like water, inclusive of everything and meticulously moisturizing it into her heart.

"Don't you say that we see each other like before? An Xia, we who see each other like before, are we friends."

"Wait for me and Nian Nian, we will come over soon."

Standing startled under the shade of the tree, An Xia did not move for a long time.

"thump..."

The calf was hit by the soft and waxy thing and recovered. An Xia lowered her head, and a little guy wearing a one-piece animal clothes fell in front of her.

He didn't cry, raised his head, his small fleshy face was clean and clean, his dark eyes were bright and clear, and there was no trace of impurities. At this moment, he grinned at her with a grin.

"Oh, I'm sorry, I'm sorry... girl, have you hurt you?"

One holds one in his hand...huh? rope?

The young mother, who was holding a rope, was embarrassed to run over and apologized while holding up the smiling little guy.

The little guy is very small and wants to run as soon as he learns to walk.

He didn't hold it honestly in his arms, and he leaped on Xiao Tibo's short legs, giggling and drooling.

An Xia silently stepped back and refused the little guy's request.

Such a small guy, she was afraid that she would hug him hard and faint him.

"I'm fine, you take him well."

He glanced over the rope in the young mother's hand, frowning slightly.

Is the child led by a rope?

The young mother probably saw that she was a little 'scared' of the child, and after repeated apologies, she buckled the toddler rope again and coaxed her gently, "Goodbye baby, say goodbye to Miss Sister."

The little baby didn't say goodbye to An Xia, but drooled and pounced on An Xia again.

An Xia: "..."

His face was horrified, and he backed down every day.

She retreated, and the little guy cried out with a "wow".

The air was terribly quiet, and my mother couldn't coax it well. She was anxious and embarrassed, and her face was sweaty.

The child in her family has a problem and likes to hug the beautiful young lady.

The more beautiful, the more hugged...

At a young age, men have deep roots!

Chapter 394: Zhen Jun

An Xia never knew that a child could cry so much!

I cried to my back, and didn't mean to stop.

She had already walked away bitterly and walked back, pressing the corners of her mouth, with a guillotine-like expression, closing her eyes, and her heart, directly "lifting" the child out of his mother's arms.

Just mention.

Speaking of the child's back, he raised it in front of him like a human-shaped airplane.

It was also weird. When I mentioned it, the crying little guy smiled.

"Gluck...gluck..."

She smiled innocently, without any defense against her, let alone scared.

She, a guy who has been fighting for many years and crawled out of the dead, can even make a child laugh with a cold face.

Continue to carry the little guy's back clothes, gently poking his fingers at the fleshy face, and seriously educate, "Don't let people hug you, be careful to abduct you."

"Cuckl...Cuckl..." The child less than one and a half years old smiled happily, his calves and hands fluttering and he wanted An Xia to hold him.

Then she wouldn't hold it in her arms, and she wouldn't be able to get a big deal out of fainting.

The young mother watching by the side wanted to reach out and hug her son back several times, and finally, silently stood up from below, so that she could catch it in time to prevent accidental shedding.

The little girl never hugged a child at first glance.

After not teasing for too long, An Xia put the child back into her mother's arms again, and said indifferently: "Be careful, the worst in the world is the bad guy."

"I'm sorry, I'm sorry to trouble you. This stinky guy in my family just... just likes pretty lady."

Mom explained that she blushed.

Usually the coaxing is over, but today...

Hugging her kid tightly, her mother was too ashamed to look at people.

After listening to An Xia, he rubbed the little guy's head and said lightly: "Your son is very discerning, not bad."

She also thinks she is pretty.

When he rubbed it, the little guy started to flutter his little hands and calves again, and wanted to hug the pretty lady.

This time, An Xia didn't feel relieved.

No time.

Go find the next beautiful young lady to hug.

At the old house of Mu's house, we are also talking about pretty young lady.

The old lady stared at the little girl in the photo and said with a smile: "Shen Yuan has a good vision, the little girl is really good-looking. Especially these eyes, like glass beads, black and bright, are a child with an open mind."

Look at people first, this is a small decision to steal from the palm of the older generation.

The old lady is from everyone, and she has always looked at people accurately, and she has never lost her eyes.

She looked at the little girl her grandson liked, and she liked it very much.

"The face is so beautiful, Zhou Zheng! There is a clear and noble air between the eyebrows, no wonder your third sister took dozens of pictures in one shot. Really handsome, really handsome!" It was so good that I didn't look at it with a magnifying glass.

Mu Chenyuan was also looking at An Xia, his thin lips curled slightly, "Well, it looks pretty."

Asked the old lady again, "Do you like her?"

"Like, like, how can you not like such a beautiful girl!" The old lady laughed happily, and she didn't forget to pull her wife together, "Old man, do you like it?"

Mr. Mu has already seen the little girl in the photo, thought about it, and said seriously: "I like it, but it's a bit worse than you."

The two grandsons who accompanied him had a tacit understanding and exchanged glances.

The old man of his family has coaxed the old lady for a lifetime and has never been bored.

The parents watched the two old Enai grow up, and their grandchildren also watched the two old Enai grow up.

Alas, single grandchildren sometimes look jealous.

Mu Chenyuan is not jealous this year.

He has a girl he likes.

Chapter 395: Won't marry the wrong wife

The old lady was so happy. After she was happy, she bluffed her face again, "Nonsense! The girl the fourth is looking for is pretty. You are not allowed to speak ill of the little girl."

The old man laughed and didn't fight with his wife.

The little girl is the fourth child's little girl, and the fourth child just likes it herself.

They just send blessings for the rest of their lives.

No matter the son or grandson, there is no difference between the daughter-in-law who is found back. The negotiation is completed at a time, marriage and children will be loving and loving for a lifetime.

The son of the Mu family will not marry the wrong wife.

The old lady looked at the photo and liked it as she watched it. She turned the topic around and turned to the fifth old Mu Yuancang, "Fifth old, learn from your fourth brother, and find a handsome grandson-in-law for grandma to come back."

With a long and earnest tone, he said with a little joking: "You have to inherit our bachelor's title this year."

Mu Yuancang raised his eyes.

He was born with peachy eyes and was born with a smile, so he raised his eyes lightly, and the old lady Mu covered her heart and said: "Oh, the fifth child is discharged again, and grandma can't stand it anymore."

The old lady has a hobby that she doesn't know outside: acting.

All kinds of scenes love to have a stage.

She has acted in front of five grandchildren and three granddaughters in such scenes.

"Then you just wait for me to call you a grandson-in-law back." Mu Yuancang laughed, his affectionate peach eyes and red thin lips, just like the romantic noble son who travels to Huaifang at night in the painting, beautiful and sultry.

Among the five brothers, except for Mu Chenyuan, the other four brothers have their own merits. The first time they met, they were all kind of easy-going masters.

It's been a long time before I know how hard their hearts are.

If you don't like it, it's useless to post it upside down.

The old lady laughed so much that she couldn't close her mouth from ear to ear, "It's okay, grandma is waiting. I want to see which little girl it is, and you will be overwhelmed by it."

"It should be no worse than the girl that the fourth brother looked at." Mu Yuancang said, and received the wink from Mu Chenyuan, calmly attracting the attention of the two elders.

Mu Chenyuan got up and walked out of the flower hall.

A short message from Uncle Mu's family, three news links.

One exposed old lady Ye's grandson stealing food.

One is a statement from the Yip Group.

It probably means that it is not stealing food, but a little fun between unmarried young couples. I am very sorry for occupying public information.

The last link is a clarification from the fiancée, who took the initiative to stand up and tell him, and will be held accountable.

After the three pieces of news were linked, he echoed the text message of Uncle Mu's family, "The little girl you have a crush on, is there anyone by your side?"

Mu Chenyuan went back, "There are four friends who have investigated, and the background is clean."

"Tell the little girl you have a crush on, once the Ye Family goes crazy, they will bite even if they pass by."

Means, pay attention.

Regardless of whether the video has anything to do with An Xia, don't confront the Ye family in the near future.

Mu Chenyuan's eyes darkened, "The Ye Family is already investigating An Xia."

Just after the text message was sent, Uncle Mu's voice came over.

Connected, my uncle's cold voice came, "Why are you investigating Xiaoan suddenly?"

Mu Chenyuan told Mrs. Ye San this morning, "...suddenly hit, an accident."

"I'll take care of it." The young uncle said in a cold voice, "The Ye Family has been doing a lot of small movements in recent years, just to warn them."

"Thanks for your hard work."

"Catch the little girl early and don't let your uncle's hard work in vain."

"okay."

"Hang up, I'll talk to Mu's family."

I want to make his nephew look at the girl, and if I don't give the Ye family a bit of color, I really think I am a crab in the capital!

Chapter 396: Add fuel to the flames

Uncle Mu Ningmian didn't directly warn the Ye Family, but secretly made the Ye Family suffer, waiting for them to find out who should not be investigated, and offend them who the Ye Family can't offend.

The soft knife was sharpened, not in a hurry, but it hurts more.

Mrs. Ye is at least a little messed up here.

The sons and daughters of Mr. Ye's original son, apart from watching the fire from the other side, are ready to help when needed.

If the Ye family hates Mrs. Ye the most, they are the children born to Mrs. Ye's original wife.

Obviously they are the main house, they can inherit all the ancestral properties of the Ye family, including the treasures left behind by the old man, and they are all privately occupied by the stepmother!

The sons and daughters of the original partner and the step-children are already incompatible with each other, and the relationship is so close that they sometimes don't even like to talk about the scene.

This is true for the elders, and so are the younger generations.

Stole someone from your own company's employees, bah, shameless!

"The root is broken, do you still expect them to have a bottom line?" The eldest son Ye Xiao sneered, "What good things can an old bed-crawler teach?"

"The old are shameless, and the little ones have a way of learning. They will only be better than blue! The eldest grandson? Their three rooms are just what the next room said, and they are also equipped with long rooms to live by themselves?"

Ye Xiao hated her stepmother.

The second stepmother has a soft and kind-hearted nature, and it's fair to treat them.

The third stepmother who doesn't want to crawl on the bed, Buddha's mouth and snake heart, looks good on the surface, but actually does not use it!

Old man Ye was born with two sons and a daughter.

The eldest son Ye Xiao.

The second son Ye Xiao.

The little girl Ye Qiyao.

The three brothers and sisters have suffered in the hands of Mrs. Ye. Fortunately, Ye Xiao is better and can protect his younger brothers and sisters. Mrs. Ye also values the two sons and one daughter of his original partner. Even though Mrs. Ye wants to kill him, Don't dare to be too presumptuous.

Ye Xiao and the three brothers and sisters didn't suffer too much. They felt sorry for Ye Mengwei, and became the thorn in the eyes of old lady Ye unless then quickly.

In addition, Mr. Ye himself always forgets to have Ye Mengwei's daughter, and even though Mrs. Ye Mengwei's lawlessness, if it weren't for Ye Mengwei's cleverness, he would have never known how many times he had died.

Ye Xiao shook the expensive red wine in the tall wine glass, and the red liquor reflected the light of the bleeding gems in the light.

Instead, his focus is not on stealing and embarrassing the three rooms, but...

If he thought about it: "Brother, you said, why does the old thing have to get rid of Ye Mengwei? Don't you think it's weird?"

"Ye Mengwei is now helpless, only a daughter who can't touch the wall, she is already in such a state of despair, why is the old thing still biting?"

"Brother, why do I always think there is something we don't know about it?"

He has been thinking about why recently, but he still hasn't come up with a clue. .

Ye Xiao also thought about it, but also didn't think of a clue.

"Who knows? The older the old thing, the more he looks like a mad dog. Maybe I just wanted to kill Ye Mengwei." Ye Xiao said lightly, and when he mentioned his half sister, his eyes were cold and cold, "You look at it. That's it. When they close their hands, they will naturally know why the old thing wants to kill her."

"We will stay on hold, keep an eye on the third room, and give a boost at the right time. Maybe there will be gains."

Sanfang suddenly exposed the scandal this time, they don't believe it was just an accident.

It is clear that someone is secretly engaged in a three-room house.

Mrs. Ye also knew very well that the prayer beads did not move, and she snarled, "What a shame! You still have a tail after doing something! Don't have a brain? Is it all filled with water?"

She cursed loudly, until her son, daughter-in-law, and grandchildren could not even bow their heads.

the other side

An Xia is about to welcome her girlfriend: Anniversary, Ye Jian.

Chapter 397: Eye margin

The fate between people is indeed very subtle.

Sometimes, even relatives have to talk about fate.

The closest relatives, such as those in the An family, are clearly An Xia's important relatives, but they both look disgusted with each other.

With you without me, with me without you, you can do it all.

In the anniversary year, Ye Jian and An Xia have met only a handful of times, but at first sight, they seem to know each other well and have a closeness that cannot be described in words.

Looking at the two figures coming, An Xia's indifferent eyebrows already had a faint smile.

The smile from the heart is like a spring breeze, like a light rain, like a fragrance of flowers, and the eyes are full of joy.

An Xia has been seen in the anniversary year.

Her character is the most lively of the three, and the only girl among the three who is loved by her family.

Seeing An Xia, she jumped up and greeted, "Xia Xia, Xia Xia, I am here."

Don't forget to drag Ye Jian on, "Little Jian'er, let's go faster, Xia Xia is waiting for us in front."

Ye Jian naturally also saw An Xia, she was a calm and indifferent temperament, her inner feelings would not be easily exposed, even if she was happy, she smiled slightly.

But at this moment, seeing An Xia, there was light in his eyes, and the indifferent black eyes were instantly shining like stars, and the whole person became especially bright.

She didn't know why, she would be very happy with the little girl who had only one side.

Team Xia secretly talked about it, Team Xia smiled and said, "The eyeball is just like the first time I saw you back then. The small figure took us through the woods and helped us find those people. People at large."

Eye margin?

Ye Jian looked at the same joyful coming, and pulled away a cold-hearted figure, with a deep smile in her bright star-like eyes.

It is indeed an eye.

Watching An Xia come, she suddenly reunited with her life and death close friend whom she hadn't seen for many years.

An Xia has been embraced by the Anniversary Bear.

She rushed over in a daze. Fortunately, her next set is stable enough now, otherwise, with the impact just now, she would be thrown to the ground by the anniversary year.

"I see Xiao Xia Xia again, come on, let Sister Nian Nian take a good look at whether she has grown taller and gain weight." An Xia held tightly to An Xia and started her hands.

She is the only one who has the courage to not be afraid of death, dare to touch An Xia casually.

An Xia was hugged by her until she was out of breath, struggling hard.

I was hugged tighter by the anniversary "haha" again, and even played tricks, "Yo, chick, I'm all about you, so why are you hiding?"

"Come and come, give you a kiss, and he will buy you a three-thousand-square-meter villa! I will give you a 10-square-meter jacuzzi!"

"At that time, we can be free and unrestrained in the bathtub!"

In the anniversary year when I grew up with a group of men, I really wanted to start a little yellow voice, and even my colleagues in the team couldn't stand it.

Ye Jian heard the blue veins jump on her forehead.

Pulling on the back of her collar, he rescued An Xia, and said indifferently: "Xiao An has just turned eighteen years old, you are full of pornography, don't damage Xiao An."

...

Oops.

Forget that Xia Xia is still young!

In the anniversary year, I immediately stood up and adjusted my clothes by the way, with a serious education, "Xia Xia, that was not me just now, it was my deputy personality. I'm sorry, it's scary."

He was so serious that he thought he really had a double personality.

An Xia tossed about the training uniform she had thrown into confusion, and said with a smile: "Spring is over, you, think about spring for a long time."

In the anniversary year, Ye Jian's eyes widened, with a shocked expression of "I just heard something, did I misunderstood? I should have lost my ears and my ears are bad".

Chapter 398: Renmeiluziye

In the anniversary year, he took out his ears and pounded Ye Jian with his shoulders.

He whispered, "Little Jane, what did you hear just now? I don't know if I heard it wrong, because the world is not real."

Sichun or something, how could it be said from the cold Xia Xia?

Xia Xia's existence like a flower of high ridge, at first glance, is a little girl who doesn't know anything.

How could you say Sichun or something?

Ye Jian was very sure that she had not heard it wrong, "Well, she said Sichun."

"Ah ah ah, Xia Xia!" The confirmed anniversary year again rushed to An Xia, "You can't do this, come on, my sister has to wash your young heart!"

This time, An Xia flashed flexibly and didn't let her rush.

He flashed to the side and said indifferently: "Normal physiological needs are not shameful. I also had them some time ago, but I have only faded a bit recently. But the interest is still there, maybe I will think about it again someday."

!!!

Ye Jian had the illusion that she would live in vain for both lives.

Are all the children so wild now?

The legendary person is beautiful Lu Ziyi?

The physiological needs are indeed correct, but is it better not to say it?

Also, something has faded a little bit recently, but the interest is still there, maybe someday I will think about it again...

Suddenly, Ye Jian's mind flashed with an extremely handsome face with a sharp sword-like face.

It should be because of him.

It seems that there is something to be done, and it is not a loss.

Wasn't I also...

Cough

Was it flashed by the Yan of Team Xia?

In the anniversary year, I'm heartbroken, "Xia Xia, you can't do this, you are still young, we can't think about the ones that are not there. Ah, Chun's mind doesn't exist at all."

...

At this second, Ye Jian applauded for the realization of his friend's anniversary.

Self-examination for the thought of bending one's waist for beauty.

An Xia gave the anniversary a look of "you are not normal", and said a heart-wrenching sentence, "Are you cold? You...uh..."

This time, it was not the anniversary, but Ye Jian.

Ye Jian 'scraped' in front of An Xia's eyes like the wind, and covered An Xia's mouth at the speed of the wind, smiling, "Sister Xiao An, let's go see Auntie first."

The little girl is too wild!

An adult who has lived for two lives is a little bit overwhelmed by her.

In the anniversary year, clutching the position of his heart, he was injured.

Is she cold?

Frosty?

she! Have! NS? !

No! Have!

When they arrived at the inpatient department, An Xia took the two people around, both engaged in high-risk and sensitive occupations. In the anniversary year, Ye Jian and the two immediately saw the difference.

"Someone wants to be unfavorable to the aunt?" Ye Jian asked with cold eyes.

An Xia nodded, "Well, I need to guard a little."

"I told my brother that he is responsible for this domain." After the anniversary, he took out his mobile phone.

An Xia smiled and refused, "No, I have someone to protect me. A few of you, but I can't help it."

This is also true.

An Xia's skills have been experienced, one-to-five, no problem.

but.....

Ye Jian pondered for a few seconds before he said: "You are in the team, you really need to have a whip. I also have some contacts in the capital with Nian Nian. If you have problems, we can solve them."

"Thank you for your kind intentions, I will look for you again if I have difficulties. I really don't have it now." An Xia still smiled and refused, not wanting to trouble the two of them.

She only knew the names of the two of them, and she didn't know anything else.

Chapter 399: make friends

Before the change, An Xia would never meet him without knowing the details of a person, let alone getting along with each other, talking and laughing.

Ye Jian did not persuade.

She saw that An Xia really didn't need help for the time being, and there was no need to talk about it again and again.

I didn't say much in the anniversary year, and said with a smile: "Okay, when you need us, we will show up right away."

Walking in the middle, she went to Gou Ye Jian with her left hand, and Gou Anxia with her right hand, with a clear laugh, "It is difficult to find Xiao Jian'er. She is like you, and often has no way to contact."

"You find me, my phone is online 24 hours, unless I perform important tasks."

She is a city special police, and she doesn't need to run around, and mobile phone information can usually be checked in time.

An Xia and Ye Jian smiled at each other and replied, "Okay, I must find you if I have something to do."

It is estimated that the possibility of finding her is unlikely.

Without taking a few steps, the anniversary year found a reality that hit her hard.

Look left, look right

I cried out with a 'wow'.

"You two are actually taller than me! How did I become the shortest? I was obviously taller than Xia Xia before! Why suddenly I became the shortest!"

Life is too unfair!

An Xia hasn't found it yet. Hearing the words, he turned his first look, really!

Then she has grown taller again.

Ye Jian smiled and said, "Don't be sad, you are not short at 166cm."

She and Xia Xia should both be 168cm.

An Xia said: "It's only 2 centimeters. If you don't tell me, no one will pay attention."

"Thank you, you guys will really comfort me." Anniversary replied with a sullen face.

It was not comforting, but it was even more sad.

The three of them said or said that when they walked towards the ward, Tianxuan outside the promenade was shocked.

Is that their emperor?

When will their emperor laugh like this?

When will their emperor let people walk away with their shoulders?

Tianxuan, who didn't dare to stare, pretending to read the newspaper, suddenly had a cold neck, as if some cold and sharp weapon struck the skin, chilling to the bone.

This is the sight of the woman walking on the right, sharp, cold, and bloody.

She is a fighter, a very keen fighter.

The other line of sight is much gentler, and the aggressiveness is not so substantive, just observing in secret.

It's like observing whether he has committed a crime.

Those who can walk with the emperor are not the general ones.

The startled Tianxuan bowed his head and stopped observing.

Ye Jian faintly retracted his gaze, walked past Tian Xuan's eyes, and finally stood in front of the door of the ward.

An Xia said, "This room, please come in."

Someone opened the door of the ward from the inside, respectfully, and immediately retreated to the side after the door opened.

In the anniversary year, he took An Xia's arm and leaned over and smiled: "No wonder we don't need our help. The inside and the outside are very powerful."

"Well, it's really amazing." An Xia glanced at Tian Quan who opened the door, and said to the two of them: "All four of them are amazing."

In the anniversary year, the eyes of Ye and Jian slipped over Tian Quan's face, and then fell on the face of another person in the room, their eyes flickering slightly.

"Twins." Anniversary whispered, "This is too handsome, you can be a star."

The one outside is handsome too!

The person Xia Xia arranges, is it possible that Chengdu is the first to look at the value of the face?

The ward was just so big, even Xiao Anxia could hear the muttering.

Upon hearing this, she also deliberately glanced at the twins Tianquan and Tianji.

Handsome is handsome, but it's a bit worse than the bed partner she fancy.

Chapter 400: People, there will always be changes

An Xia had long been immune to the handsomeness of Tianshu and the others.

Four people have been around her since she was sensible, and they have lived for two lives. No matter how handsome they are, they are ordinary in her eyes.

"I appreciate their abilities more than Shuai." An Xia led the two towards the ward inside, and the guarding Tianshu had already opened the door.

The Anniversary next to him wanted to say "Good Versailles". He raised his eyes, saw Tianshu, and gasped.

This is more handsome!

The four handsome guys are too happy to be by your side!

"Xia Xia, does your family run a film and television company?" He whispered, a little envious.

The colleagues in her team are also good-looking, especially in uniforms. The handsome guy walks out the door and attracts countless eyes.

but!

Compared with the four people around Xia Xia, this person is handsome, so handsome that makes people look pitiful.

Ye Jian is relatively calm, mainly because there are many handsome men around her.

But I took a few more glances.

If you look at someone who is beautiful, your mood will improve.

At the same time, I gave Anxia a new label in my heart: I like good looks.

Withdrawing her gaze, she leaned to Anniversary's ears and reminded in a low voice, "Calm down, my brother is not bad, right."

cough.....

Devil, that's definitely not bad.

In the anniversary year, my mind was concentrated and calm as a monk.

Ye Meng, who had heard the movement, was so happy that he wanted to get out of the hospital bed.

An Xia quickly stopped, "You lie down."

It's still dripping and can't move.

Ten minutes ago, Tianshu told Ye Mengwei that An Xia had two friends who would visit the hospital. Ye Mengwei wanted to remove the needle and went to the hospital gate to greet him.

This is the first time that my daughter has brought a friend to see herself!

Ye Mengwei, who was so happy that tears flickered in his eyes, hurriedly said: "Xia'er, hurry, hello to your friend to sit down." Then he said: "Is it very hot outside? Go and pour water for your friend."

"Auntie, no, no, we are not thirsty." Anniversary is a sweet temper to please the elders, and smiled sweetly: "You, lie down and rest."

Ye Jian also smiled slightly and said: "You are welcome, we interrupted your rest."

"Don't disturb, don't disturb." Ye Mengwei looked at the two slim, flower-like girls in front of him, with a deep smile in his eyes.

Thanks to the friends around him who pulled her and led her, this made her daughter Xia Xia more and more energetic.

In the ward, smiles were sweet, and the atmosphere was harmonious and warm.

Outside, Tianquan said to Tianshu with emotion: "The emperor has really changed a lot. The former emperor was aloof, unkind, living like a machine, the current emperor..."

The laughter floated out, it was An Xia's laughter.

"The current emperor is becoming more and more real, and more and more human-like."

As soon as the voice fell, Tianji glared at him, "Can you speak?"

More and more like people, it sounds like a curse.

But my brother was right.

Their emperor is becoming more and more real.

The former emperor, cold all year round, ruthless and desireless, laugh? does not exist.

Now the emperor, not as cold as in the emperor domain, walked down from the sacred platform in the clouds, standing in front of them, full of sunshine-like vigor.

It can be seen that the emperor likes Xia country very much.

Tianshu also liked the change of the emperor, and the corners of his mouth raised slightly, "People, there must be changes. The current emperor is very good."

Before returning to the imperial realm, letting the emperor live happily in Xia country before he has caught the blood and blood.

Once back to the imperial domain, the emperor must put away all the happiness, smiles, emotions, and equip himself perfectly again, without leaving any flaws to the enemy.
