

Goddess 401

Chapter 401: nervous

Tian Shu glanced at the half-covered door, and there was always a faint smile in his eyes.

If possible, I really hope that the emperor can stay in Xia Kingdom and never return to the emperor domain.

Unfortunately, they all have to go back.

The murderer who murdered the emperor must be found out.

There was constant laughter in the ward, and there was an anniversary year, and the topic would never be finished.

The laughter that coaxed Ye Mengwei into one day more than a year.

At six o'clock in the evening, An Xia received a text message from Mu Chenyuan.

"Have you had dinner?"

dinner?

After seeing the time, I realized that it was time for dinner.

Going back, "Not yet."

He sent a second message, "Where can I find delicious food in the capital? Send me a few, and I will invite someone to eat."

Ordinary inquiries made Mu Chenyuan panicked when he was preparing to accompany the old man and old lady to dinner.

Invite someone to eat?

who?

Are the four of them right?

After sending out several dining spots in a row, Mu Chenyuan pretended to inadvertently ask, "How many people are dining? How many restaurants need to be booked in advance."

"Three people." An Xia continued to send text messages quickly, "Is there any need to book in advance?"

No need to book in advance?

I really don't know this.

Mu Chenyuan's places to eat out need to be booked in advance, but he doesn't need it. Naturally, he has the best place in the past.

"You choose one and I will tell them to reserve the room."

Two minutes later, Mu Chenyuan received a text message, "No need, lead the way to eat delicious food in the anniversary year."

Anniversary?

That person met a sniper in Xuancheng.

The hand holding the phone instantly loosened a lot, "Okay, pay attention to safety, see you tomorrow."

There is tenderness in the words.

He has no way to go tonight, he has to accompany the old man and the old lady in the old house.

An Xia didn't reply to the text message again, she was driven away by Ye Mengwei again.

"Young people should play more, you are an adult, you can relax properly. Don't come to accompany me at night, accompany Xiaoye, Xiao Zhou has a better time."

Xiaoye and Xiaozhou are both from the city, one is a marine, the other is a city policeman, and they can go out to play with them.

I was afraid that An Xia would come back after dinner. Ye Meng smiled and said, "I will lock the door at night, you, don't want to come in and accompany me."

In order to allow An Xia Duo to contact the outside, Ye Mengwei was also broken.

Coming out of the hospital, I held An Xia's arm in the anniversary year and said with great envy: "It's so happy! Before I was 18, I only had to go home obediently every night!"

The Zhou family is in a special situation. The city police family has offended many gangsters. For the sake of safety, they are not allowed to play too late in the anniversary year, and they are not allowed to stay overnight.

Ye Jian smiled at her, "Hard mouth, I really want you not to go home, you have to be homesick again."

Only Anniversary is the only one who has a strong family complex.

Anniversary smiled, "Welcome to visit my house often, and I promise you will gain five pounds in less than a week."

Forget it.

The burden of happiness.

The two smiled at the same time and remained silent.

"Why, dislike it! Dislike it? Do you dislike it?" Anniversary, who didn't get an answer, tickles the two friends.

An Xia and Ye Jian are not afraid of itching, no matter how they scratch in the anniversary year, they can't hear them.

On the contrary, it was the anniversary year, and I couldn't control myself with a slight smile.

Soon, the three of them took a taxi and led the way to the delicious place.

Supper, food stalls a street.

After getting out of the car, An Xia didn't know how to walk.

Chapter 402: Beauty, don't accompany the wine

There are so many people and mixed, the air is filled with various fragrances, and the two of them will be drilled inside each year.

An Xia has never been to such a place.

Sitting on the side of the road to eat... It was the first time in my life.

Ye Jian smiled and passed the skewers bucket to An Xia, sat down together, and laughed while eating: "This is the first time? Just get used to it. She likes food stalls every year, saying that there is smoke from someone."

The fried skewers An Xia is also the first time I have eaten it.

Take out a bunch and taste it in your mouth. It's delicious!

After eating a bunch, he said, "There is indeed some smoke, and I will come more in the future."

"Next time I go back to the capital, let her take you to another place. It's almost the same as here." Ye Jian took the skewered cauliflower from the fried skewers and talked about his own affairs. "I am not familiar with the capital, where to go. Play and eat, they are all carried year after year."

Unfamiliar?

"Aren't you from the capital?"

"Not counting from the capital, I appeared in a small mountain village, far away from the capital. Later, a lot of things happened, and I realized that my father was from the capital, and for various reasons, my father didn't know about me. exist."

"My mother is also a fighter, and she often performs missions in Yun Province. It didn't take me long after giving birth to sacrifice. My dad kept looking for her and kept looking for it. He didn't know that my mother had already sacrificed until I showed up."

I didn't say it in detail, just listening to a few words from Liao Liao, An Xia could hear that what happened to Ye Jian was very complicated.

"I can still find my father, it's great." An Xia, who is not good at comforting, whispered: "Although heaven and man are forever separated, it is reunion after all."

Ye Jian smiled, her eyes seemed to fall out, "Later, I took my father to my mother's grave. At that moment, I seemed to hear my mother's laughter."

The green hills do not change, the face disappears, but the love lasts forever.

Anniversary came over with a handful of skewers again, "What are you talking about? Hurry up, take it, oil, oil, oil, oil is almost hot to me!"

The sitting two hurriedly got up, one after another, and the other took out a tissue to avoid being burned every year.

The three of them ate skewers and passed through the crowd to the food stall where they finally ate.

The food stalls run by a husband and wife, the business is very good, there is no space at all.

Leading the two people's anniversary year, smelling the fragrance, pretending to wipe the saliva, "...I have eaten so many grilled fish, but the grilled fish at Uncle Liu's is authentic and not greasy. Last time I brought Xiao Jian'er over to eat, they were all It happened two years ago."

It is rare for Ye Jian to go back to Beijing. It is extremely difficult for Ye Jian to make an appointment for dinner.

As soon as the three of them came in, stood under the lights, and yelled "Uncle Liu" in the anniversary year, and the crisp sound was like a breeze blowing into the hot food stalls, which instantly attracted the attention of most of the guests.

When his eyes fell, he didn't move away for a long time.

Beauty!

Three more!

Uncle Liu and Aunt Liu knew the anniversary year, so they left a vacancy early and waited for someone to come over.

At this moment, seeing the anniversary year, the two couples were so happy that they let go of their work and came to greet them in person.

The three of them settled down, eating skewers while waiting for the grilled fish to be served.

Ruoyouruowu's eyes fell from time to time, all of them thought it was good to hide, and they didn't know, all three of them knew, and they even knew who was looking at them.

They are all used to being watched, sitting indifferently, unaffected by any influence.

until.....

"Hey..."

A bottle of beer with the lid opened was replayed on the table, and the shadows enveloped the three of them, raising their heads, spraying them with the sound of alcohol, "Beauty, how many drinks with brother? This meal, brother invited me."

The three raised their heads at the same time, staring coldly at the fat man with bare arms and big belly.

Chapter 403: Clearance

The coldness in An Xia's eyes was not as good as Anniversary and Ye Jian.

each other

She hadn't realized that the fat man was molesting the three of them.

no way.

The overlord emperor, don't look at the four directions, but she really didn't pay for the bitterness of the bottom, she just watched it.

But there was no incident of a man molesting a woman.

Now when I first met, An Xia's reaction was: unhappy that their chat was interrupted.

Leng Ru Jian's gaze swept away, his red lips moved slightly, and he uttered a word coldly: "Get out!"

In the anniversary year, Ye Jian knew who he met.

Ye Jian picked up the disposable chopsticks on the table and knocked away the beer bottle under her eyelids.

"Wow..."

The beer bottle was shattered, ice-green glass **** splashed all over, and white sparkling wine spilled all over the floor.

This time, it was the fat man's turn to be upset, and Jie Jie laughed twice, "Little girls, don't **** shamelessly! I want you to accompany you, **** it, I look down on you!"

Turning his head, he shouted at a group of men sitting at the two tables next to him, "Come here, brothers all sit and watch. Today, I have to let three girls accompany him to drink!"

The sitting group of men all laughed "haha".

"Hahahaha, Brother Ba is mighty! Or, bring up a few more boxes?"

"A few boxes are enough! Beer is like drinking water, and you can't get drunk. If you want me to say, it's white! Brother Brother, why don't we have a few white bottles?"

"Right, right, white, white! You have to be drunk to make it, and you can do things when you are drunk!"

"Brother Ba, then you can't get drunk, a man can't do things when he's drunk! If you want to wake up, that's cool!"

"Hahaha, hahaha, then let's have **** with brother tonight! Three girls accompany you to bed!"

"Brother Ba doesn't need to be drunk, but our brothers are drunk, so we can't disturb Brother Ba! Give me a few bottles of white! Hurry!"

Laughing loudly, what was said to be nasty to ears.

Now An Xia knew.

She turned her head and asked Ye Jian, "So, he said that he would accompany the three of us to accompany us, is he molesting us?"

???

Anniversary twisted her neck and stared at her with wide eyes, "You just reacted?"

Is the reflection arc too long?

An Xia understood.

It turned out that she was molested.

Dare to molest her?

Killed!

He looked around, and fell to the empty beer bottle at the foot of the stool at the table.

He was probably a college student with a tender face. Seeing An Xia suddenly leaned towards him, his expression suddenly became a little nervous.

"Can you borrow this for me?" An Xia asked.

"Ah..." the boy asked, stunned, followed An Xia's line of sight and looked down, and immediately said: "It can be used, it can be used."

A few empty bottles, what can I borrow?

They are all things that are thrown away after drinking.

An Xia got up, held two in one hand, and said politely: "Thank you. You can eat at a different place, this table, I'll take it."

Fights must be cleared.

So as not to hurt the innocent.

The boy obviously didn't understand An Xia's meaning, but he also realized that something might happen next, so the classmates who stood up and don't sit at the same table whispered: "Walk away, stand up a little."

If something is going to happen, call the police.

For these social gangsters, some of their students dare not stand up for the three girls. The best way is to call the police.

A few boys got up and stood a little further away. They held their phones and watched the changes.

The husband and wife of Uncle Liu and Aunt Liu came over.

Chapter 404: Really fierce

Seeing this, the two couples changed their faces and immediately laughed at the troublemaker Ba Ge, "Ba Ge, the little girl is not sensible, don't worry about your adult's a lot. Ba Ge opened the food tonight, I'll treat you."

With that, he winked at the anniversary.

But you can't face these gangsters, the girl's family will suffer!

Every time they come here in the Anniversary Year, the two couples do not know that the identity of the Anniversary Year is the city special police.

It doesn't work to laugh with you.

The drunken tyrant has red eyes and cursed: "It's the fuck! How many broken fish still need you to please? Get out of here! Don't disturb Lao Tzu's happiness!"

Raising his hand, he tried to push away Uncle Liu, who was cautiously laughing with him.

Did not push.

Ye Jian grabbed his wrist, "This is a place to eat, not a place where you make trouble. If you want to make trouble, go out and make trouble."

Squeeze tightly, push and loosen it again, and the two hundred jin-heavy Ba Ge was pushed a few steps back by Ye Jian.

If it weren't for his brothers' eyesight and hands to hold them fast, everyone would be pushed to the ground by Ye Jian.

That's how it provokes everyone.

The table was slapped loudly, and everyone was surrounded by alcohol.

"Fuck! Who do you push, who do you push?"

"Fuck! Cocky girl! Don't give up your face, look for it!"

"Kang-bang-bang..."

The other gangsters took the beer on the table and slammed it on the table, the bottle broke, raised their hands, and pointed the sharp and uneven fractures at three, one more arrogant than the other.

"Damn! Brother Ba asked you to accompany the wine to give you face!"

"Come over and apologize to Brother Tyrant, otherwise, I will cut you off!"

"Stop the **** nonsense, just cut it!"

Then cut it!

An Xia stuffed an empty wine bottle for Anniversary, then stuffed another into Ye Jian's hand, one in his own hand.

Then...

The beer bottle "knocked" it directly on the head of the **** with the smelliest mouth.

This time, it hit hard enough.

The figure of the smashed **** shook a few times, and the whole person was stupefied.

The blood flowed slowly along the forehead.

The audience was silent for a while.

No one thought that the first thing to do was the girl who looked thin, small and weak.

The shot is just to whip the wine bottle and knock people fainted!

Suddenly, there was a scream.

"Ahhhhh..."

She was a timid girl who screamed when she saw the gangster pouring water on her forehead.

She screamed and the whole food stall was in a mess.

All the guests got up one after another, not daring to sit onlookers anymore, and stepped aside, most of their eyes turned to An Xia.

It's so fierce!

That girl is so fierce!

Just do it!

That's more than a dozen bastards, and the three of them will definitely suffer.

More than a dozen gangsters are so slow for a few seconds.

They didn't expect An Xia to do it at all.

A few seconds later, more than a dozen gangsters roared, raised their beer bottles and waved them over.

"Damn! Looking for death!"

"Grass! Dare to beat my brother? Damn! It won't kill you!"

"Brother Ba! Kill these stinky female cousins!"

Roaring fiercely, they all rushed over.

An Xia waited for them to come, and she slammed the beer bottle in her hand against the table with cold eyes, raised her foot amid the cracking of the glass, and kicked the **** in the front fiercely.

Molesting her?

It depends on whether they live to tease or not!

In the anniversary year, I still wanted to bring Ansy back. Seeing her smashed the bottle with one hand and kicked the person with her foot, the movement was smooth and smooth, without any sluggishness.

fierce!

That's fierce!

More fierce than little Jane!

Playing is to see blood!

Amazing!

Chapter 405: Three dozen sixteen, bull

That would not allow Xia Xia to fight alone, this matter must be done together!

She didn't hit someone with a beer bottle, and she couldn't hurt people too much. Before she shot her, she quickly reminded An Xia, "Xia Xia, be merciful!"

The subordinates are not merciful, and all three of them have to write reports when they look back, and they may even remember a big mistake!

An Xia, who had already turned the two gangsters, coldly said, "I have been molested, and still show mercy?"

Next to him, Ye Jian threw a **** over his shoulder, then swiftly removed the other's arm, and took the time to answer An Xia, "The shot is too heavy, and the follow-up is troublesome."

The status dictates, mainly in uniforms!

The **** who unloaded the tickle screamed.

It hurts.

it hurts!

His arm is broken!

The onlookers swallowed.

What? The three girls seem to be able to fight.

But in one minute, more than a dozen gangsters were instantly knocked down by four of them.

He got up, raised Brother Ba's hands upside down, two clear "clicks" came, and Brother Ba's scream penetrated the entire food stall.

When the onlookers listened to the scream, they couldn't bear to scream.

Seeing his unloaded arms with weirdly twisted angles, the goose bumps went wild.

These guys are accustomed to rampant domineering, and I didn't expect to kick the iron plate today!

Good beating!

Deserve it.

The siren sounded from far to near, and soon several city policemen rushed over.

I received an alarm saying that more than a dozen gangsters had molested and hurt three girls.

After arriving at the scene, the city police were stunned.

The situation at the scene is very different from what the policeman said.

The three girls were not bullied.

More than a dozen gangsters were wiped out.

"Shu Mi, they molested the three of them and threatened to smash the glass bottle."

"Shu Mi, you hurry up and take these people away, it's damned! The three of them sat down, it's this fat guy who insists that they drink with him!"

"These people are so disgusting! If it weren't for the three of them, they would have been bullied by a dozen of them!"

The city police came over, and the onlookers said one after another, they were all accusing the gangsters.

Who would favor the bullies!

Deserve to be beaten!

The city police leading the team are checking the documents of the three.

The three certificates were handed over, and they had not been opened yet. Just looking at the cover of the certificate made the city policeman look at him.

Good guys!

A newcomer to land warfare!

A special city police!

A high-level special warfare!

One is not simpler than one identity!

No wonder you can fight so much!

The certificate was handed over, and the city police sternly said: "Fortunately, I met you tonight. If I changed to another girl, I would be bullied by them."

"In this area, you should send more manpower." After receiving your own ID, Shen said: "There are many students and many people in the society. There are a lot of people, and you have to arrange patrols at night."

"The guy called Tyrant is obviously the old fritters in this section. He must have committed more than one thing today. Didn't you pay attention to it?"

Looking at An Xia again, An Xia's voice became stronger, "My friend, if it weren't for a bit of skill, when you rush over, I'm afraid that people will be dragged away by them!"

An Xia has already let go of Brother Ba, her face is cold, very upset!

Rubbing his wrists, he said coldly to Ye Jian: "These scums, you are not sorry to die,"

"Don't be angry, in a society under the rule of law, everyone must abide by it. They are guilty, and they have their own departments to deal with it." Ye Jian smiled and took An Xia's hand. No reaction."

Just do it without saying anything. There is no summary of the situation. Even if she reacted quickly, she was dazed for a few seconds at that time.

Chapter 407: Why exists

An Xia's fights have never been too much nonsense.

Fighting fighting is an activity that needs to be started, and it has nothing to do with the mouth.

The wrist was rubbed moderately by Ye Jian's strength, and he glanced at the gangsters who were being lifted into the car by the city police. An Xia Dan said, "Not fierce, really fierce, none of these people want to live. "

"..." Ye Jian burst into laughter after a long time, "Don't be so hostile at a young age. In a legal society, there are not so many fights. But..."

An Xia blinked coldly at the small face, "However, you can do it when it's time to do it. You can't get used to it."

Whether she has a good temper or not, she will do whatever she wants to do if she provokes her head.

It's just that he will be a little more restrained than An Xia, not so murderous.

Performing tasks is another matter.

An Xia squeezed the corners of her mouth, and her tone was slightly more ruthless than before, "He who knows and abides by the law will not break the law. And these scumbags are used to rampant dominance, and they don't have any awe of the law."

"Tonight, if you change to other girls, what do you say will be the consequences? Sixteen gangsters molested three girls at the same time. Will the guests onlookers take action?"

"Do they dare to come up with the law? Outnumbered, motivated but powerless."

"The reality is cruel, and those who really obey the law are sometimes at a disadvantage. When they encounter land ruffians, hooligans, and rascals, they are helpless, only to be bullied."

"Killing to death really can't solve the problem, but it can protect yourself at a critical time."

There is no reason to refute it.

Ye Jian didn't want to argue.

She has experienced too much unfair treatment, and she has seen too much darkness.

As Xiaoan said, sometimes those who obey the law are hurt. Such incidents have always existed and never disappeared.

But ah...

Ye Jian looked at the cold-blooded girl with undisguised hostility all over her body seriously, and whispered, "That's why we are here."

"Our existence is to protect the people who abide by laws and regulations, so that they will not be harmed, so that they can spend every day in peace."

"Xiao'an, do you know the meaning of our existence?"

What is the meaning of existence?

Asked An Xia.

There was no answer for a long time.

Because she has never understood what the meaning of her existence is.

Ye Jian, who hadn't waited to answer, had soft eyes in her eyes. She took An Xia's hand tightly and said in a clear voice softly, "There was, someone told me why we exist."

"He said that it is about protecting, protecting our country with our own lives, and defending the peace of our country with our own lives. We have seen the sacrifices of our teammates, but we must also remember why there are sacrifices! That is because of the existence of sin. ."

"There are too many crimes, too many wars, and too many hurts in this world, and our existence is to use our lives to obliterate the crimes that hurt our country!"

"Xiao'an, I also give you this paragraph today. I don't know if you can understand it now, but I believe you will understand it."

An Xia was silent.

The meaning of existence is to guard?

Who did she guard in her previous life?

Who will she protect in this world?

An Xia raised her eyes, and slowly swept over the customers who hadn't left the food stalls for a long time. The confusion flashed in her eyes, like a lost child, trying to find her own direction...

After a while, she said, "Then they, do you know who is guarding them?"

Chapter 408: Obscurity, worthy

The meaning of existence is to guard?

Is it to guard these strangers who pass by and pass by, and there is no possibility of intersection?

Ye Jian's smile came from her ears, "Do you think you need them to know? There are too many unknown guardians in our country. They live and die without name. They will not stir up the slightest in the long river of history. spray."

"But they have existed, they have existed, no matter how obscure they are, there are always people in this world who remember what they gave and who they died for."

An Xia turned her head, her thinking seemed to become a little sluggish, and her questioning became very dry, "Is it worth it?"

"Of course it's worth it. In our hearts, it's worth it." Ye Jian squeezed her hand. Back then, she was in the dark, it was Team Xia, Grandpa Gen, Uncle Chen...it was them who pulled themselves out little by little.

Now, she has grown up, replaced by her to pull the next generation out of the darkness, and go on bravely and fearlessly toward the light.

Applause broke out all around, and someone said loudly: "Shu, you should reward them three girls! This is to eliminate evil for the majority of female compatriots!"

"Send a pennant, if it weren't for them, those scumbags wouldn't know how many girls would be harmed."

"Three beautiful ladies, you are the best!"

"Little girl, you are so brave!"

"Compared with you, my big master is ashamed! I wanted to make a move just now, but I didn't have the guts to make a move. Little girls, you are great!"

...

Ye Jian leaned forward and reached An Xia's ear, "Look, they are our people who need to be guarded. Even if they are unknown, they are worth it."

Unfamiliar faces passed by, An Xia narrowed his eyes slightly.

She didn't know them, and they didn't know her either. Now, these people applaud because of her.

After the applause, it was you and me again, and I was me. Everyone knew no one, and continued to walk their own paths, without any intersection.

To guard a group of strangers who don't meet?

She really doesn't have that kind heart.

There is no need to applaud her.

The person being bullied was himself, and he took the initiative to clean up the gangsters, but it was just for himself.

Has nothing to do with these strangers.

Withdrawing his gaze, to avoid the confusion in his eyes, An Xia said indifferently, "Are we still eating grilled fish?"

"Eat, Uncle Liu and Aunt Liu are ready." Ye Jian pointed around, smiling like a breeze, "However, we have to clean up here first. The tables and chairs are all set."

The fight didn't choose the venue, and just started at the food stall. The tables and chairs were all swaying around, and they had to be cleaned up.

An Xia glanced, bent over, and began to clean up.

Several city policemen had already learned about it at the scene and smiled and said to the guests who had not left: "Come here, the boys clean up together. You can continue to eat after you have cleaned up."

When Uncle Liu and Aunt Liu heard this, they immediately said, "No, no, we will do it ourselves, and I will do it ourselves."

How can guests clean up, a little thing, you can clean up quickly.

"It's okay, boss, let's clean up together. We still want to continue eating grilled fish."

"Yeah, boss, but we ran for dozens of kilometers to eat your grilled fish, so we can't do it in vain."

"Come, come, together, lift the table, move the chair, it can be done in ten minutes."

With the call of the people, all the guests who did not leave acted together to help Uncle Liu and Aunt Liu tidy up.

The boys cleaned up before, and they gathered around An Xia and Ye Jian.

Chapter 409: Miss sister, can you add friends?

Beautiful and capable of playing, it has a fatal appeal to boys.

Ai Ai took a long time before finally plucking up the courage and taking the initiative to speak, "Lady sisters, which school do you belong to. Can you meet me?"

School?

An Xia glanced at the talking boy, the boy who borrowed the empty beer bottle at the foot of his chair.

Indifferently: "Not a student."

Not a student?

Lie to him.

Also wearing the school uniform.

The boy was a little embarrassed, but he didn't want to give up, his voice was even smaller than before, "No...can't you make friends? I'm a second-year Chinese university student, not a bad person."

"I know you are not bad guys, but I'm really not a student." An Xia lifted up a chair and said with a sense of distance: "I don't wear a high-level combat uniform that a student wears."

"This is the combat uniforms of the combatants, not the same as those worn by the students."

The lines and textures are different, but it needs professionals to see, and students have no way to identify them.

The combat uniforms?

That's a fighter?

The boy's eyes lit up, but instead of leaving, he wanted to know more.

"Warrior, then... Then can I add you as a friend? There are many students in our school who sign up for the war every day, and I want to try it next year."

An Xia didn't want to communicate too much, her expression was even more indifferent than before, "I don't want to add it, you can learn more if you want to try. Do you have anything else?"

She was so cold that she was not interested in chatting with people at first glance.

The boy noticed it too, and he shook his head in a hurry, so embarrassed, he returned to his classmate without daring to ask more.

The boy in the same bedroom winked at him, "How's it? Have you asked for contact information?"

"No." The boy sighed disappointedly: "She is a fighter, not a student."

"Warrior?!!!"

"Be quiet, don't let her hear." The boy was startled by his roommate's voice, and when he saw An Xia in a panic, he was relieved to see that she hadn't paid attention.

"Well, fighter, it is not convenient to leave contact information."

"It turns out to be a combatant, so it's no wonder that you can fight like this. Are the other two young ladies too? You, the other young lady has been talking to Shu, and it seems...that it doesn't look like a student."

"I didn't ask, I was rejected, where I dare to ask more. Forget it, forget it, hurry up and pack up and go back to school."

They had almost finished eating, if they hadn't met the punks, they would have paid the bill and returned to school early.

Here, the Anniversary has completed the communication with the city police, "If you have any questions in the follow-up, you can directly contact me. It is not convenient for the two of them."

The city police smiled and said: "Okay, there will be basically no major problems. I will contact you when the results are resolved."

"Well, you have worked hard tonight."

"We didn't work hard, it's your hard work. Thank you, thank you." The city police shook hands with Anniversary again with a smile, turned off the law enforcement recorder, and it was time to return to the team.

All three of them should have been brought back to the team for inquiries, but there is an anniversary year, and quite a video forensics. If you have any questions, please contact me again.

After shaking hands with An Xia and Ye Jian, the police sirens sounded and the sixteen gangsters left.

The bustle in the food stall has resumed.

This time, after the three were seated again, they received more attention.

Many people come to ask for contact information.

In addition to boys, there are girls who are blushing and want to add friends.

They were all rejected one by one by the three of them.

After refusing another girl, An Xia frowned and said, "I'll go to a place with better concealment to eat in the future."

It's good to have a box.

Chapter 410: Best friend

Hearing this in the anniversary year, he took a piece of barbecue and stuffed it into his mouth.

After eating, he sighed, "In the future, I really need to find a restaurant with private boxes to eat with you two."

Looking carefully from the faces of An Xia and Ye Jian, he said, "You two are too dangerous to show up."

What's the meaning?

An Xia looked at her, her eyebrows raised slightly, "Where are we in danger?"

"It's dangerous." Anniversary said seriously.

Ye Jian put down his chopsticks and smiled, "You mean, we look ugly?"

"The ability to understand is not good. Is it dangerous to be ugly? It is dangerous to be beautiful!" Anniversary smiled and looked at the two people.

An Xia chuckled, chilling suddenly, "Just give me practice."

Fiercely beautiful!

"I can't practice your hands anymore, I'm afraid that something will happen." In the anniversary year, I put the fish in the Anxia bowl with public chopsticks, coaxing like a child, "Come on, my little Xiaxia, eat more. Don't get angry."

"See you next time, I don't know when it will be."

The next meeting may be six months, one year, or three or five years, who knows.

After eating the barbecue, An Xia paid an extra 10,000 yuan when he paid the bill.

Aunt Liu who was receiving the payment was startled, "Oh, there are too many, too many. Little girl, you have to see the amount and enter the password next time you pay the bill. You can't give more."

"Isn't giving more to compensate for the loss." An Xia explained, and asked again, "Is it enough? I'll transfer it if it is not enough."

Aunt Liu didn't want her to pay, and she didn't agree.

In the anniversary year, Ye Jian didn't want An Xia to pay for it alone, and the three fight together. How could she be able to bear the loss alone.

As a result, Anxia replied at Versailles, "I have money and it's okay."

How rich is it.

The two of them read the account balance text messages received by An Xia, and when they glanced at it every year, their eyes almost fell out.

Oh shit!

A lot, a lot, a lot of money!

What is ten thousand!

One million is nothing!

So rich Xia Xia.

Ye Jian was also shocked, and hurriedly said to An Xia: "Delete the text message, don't show the balance easily."

Too rich!

Very scary rich.

With so much money, it was only in the anniversary year that Aunt Liu came forward to accept the money.

It's already nine o'clock in the evening

The three of them didn't have any other nightlife. They simply took a taxi to the Zhanbu Hospital. Knowing that Ye Mengwei had fallen asleep, the three of them simply found a hotel nearby and chatted all night.

At five o'clock in the morning, the three of them still in good spirits got up to wash after staying up all night.

It's time for parting.

An Xia did not let the two of them see each other off, "You will sleep again, I will go to the hospital for a visit."

At six o'clock, Mu Chenyuan came to pick her up and accompany Ye Mother while it was still early.

Ye Jian lightly hugged her, "Take care, take care of yourself when you arrive at the team, I am very bullied that one day we can meet in the joint performance."

I really want to know how dazzling Xiao'an would be at that time.

An Xia said: "Then I have to work harder to get there, otherwise, I won't be eligible to participate."

"Come on, I have a preview and we will definitely see you in the joint performance."

The eighteen-year-old Xiao An is even more dazzling than the eighteen-year-old herself, and maybe she is already a special agent when we meet next time.

In the anniversary year, I heard that, "Can you two consider me? I also want to perform with you. Can you give me a chance?"

"It is recommended to transfer players, maybe there is a chance." An Xia solemnly suggested, "You think about it, no matter how late, the age will be limited."
