Chapter 511: Love in love

There was only Wei Ji's voice beside the quiet flowerbed, fast and clear.

"Ying Que said, he thinks you didn't win Miss An at all in Team Mu. It's probably a friend relationship. Cheng Ming is uncomfortable, and Qi Xingsu said that he should take a gamble."

"I said I should hug, but I should not kiss. Ying Que also said that the maximum should be hugs, and kisses do not exist. In the end, we bet that you and Ms. An will come to which point, whether you kiss or hug."

After speaking in one breath, Cheng Ming, Qi Xingsu, and Ying Que were not given a chance to speak.

How can it be opened?

He must speak first!

Cheng Ming pointed to Wei Ji, "Deputy deputy team, you, you..."

"What are you? You always said that the captain was interesting to Miss An, and the photos you sent to Miss An at the special education center last time, who did not misunderstand?" It was Qi Xingsu's turn to take the call. He said in a tone: "Team Mu, Cheng Ming has the biggest problem!"

The problem that Mu Chenyuan didn't catch was the biggest.

He wants to know...

A cold gaze swept across four faces, "Finally, how to bet."

This time, Ying Que said, "I, the deputy team bet you will kiss Miss Ann. Cheng Ming and Qi Xingsu bet you will only hug."

That's right, Wei Ji and Ying Que, the vice teams who finally recognized that it was impossible to kiss, instead bet that their Mu team and An Xia would kiss.

It turned out to be very simple.

The gambling loss should be filled with puzzlement, "Team Mu, I lost a bit wrongly with the deputy team. You and Miss Ann are also adults anyhow, and have not seen each other for so long, why just hug? Hug?"

"Isn't there any other adult actions? No kisses? I really can't understand. The kids in kindergarten know kissing, but you two adults don't?"

It's a big loss!

He and Wei Ji are going to wash Cheng Ming and Qi Xingsu's clothes for half a month!

Wei Ji also had no way to understand, and made a very pertinent suggestion, "Team Mu, do you want to watch more romance movies? You can also talk about pure love, you can watch campus romance movies."

"Campus love is very pure, but they will also kiss, pure kissing. You and Miss Ann, should you start your campus romance?"

God knows how excited he was when he saw two people hugging each other!

Watching in his eyes, shouting in his mouth: Go up! Go up! Go up! French kiss and go!

The results of it.

After watching for a long time, they just didn't kiss each other!

What kind of French kiss!

There is no kiss.

It's so innocent, just holding, the one that still doesn't move.

They are actually cold.

Hold each other to keep warm!

After Mu Chenyuan listened, his handsome face was a little darker.

"You guys are too free." He said, very slowly, with cold words. "After you go back, please practice."

Practicing the four characters well, it is comparable to thundering.

It was exploded until the hair of all four of them stood up.

"No, Team Mu, I was wrong!" Cheng Ming just didn't hold Mu Chenyuan's waist and cried, and he finished training soon!

Come again!

Can't stand it.

Qi Xingsu's legs trembled and tremblingly asked, "How to practice?"

First understand, so you have a psychological preparation.

"Go back and talk about it." Mu Chenyuan glanced at him, but didn't give them time for mental preparation.

Say he didn't conquer Anxia?

ignorance!

He and An Xia are not who conquered each other, how ugly to conquer!

Doesn't it sound good to be happy?

Carrying on and saying he can't do it?

The penalty.

Things are a foregone conclusion, Wei Ji and Ying Que are very smart and don't do unnecessary struggles anymore.

Chapter 512: Young people's love

The two of them were like older brothers, patted the shoulders of the young people Cheng Ming and Qi Xingsu, comforting the young people.

"Accept it, young man, stop struggling." Wei Ji said, "Is it a better mood to be accompanied by my deputy team?"

It's not a loss!

Seeing the tenderness of Team Mu holding Miss Ann, oh oh oh, the first time I saw you, the goose bumps were all up!

Unexpectedly, cold, seemingly ignorant of what a woman is, the captain, who is absolutely loveless, has such a tender side!

Tsk tusk tusk, man, as long as you meet someone you like, the iceberg will become a volcano!

Ying Que said: "Don't you see our Mu team getting angry and angry? They are both men. Other men say that you can't conquer the girl you like. You say, don't you lose face?"

...

Depend on!

Can you shut up and stop talking?

Wei Ji said decisively: "The three of you go quickly, the captain and I have something to talk about! It's a business! It's not a private matter!"

Really business.

Could have asked later.

Ask now, can't let Ying Que continue to stand here.

A wink was given to Cheng Ming and Qi Xingsu, and the two of them stood on the left and the right, opening their mouths to offend people to death.

Let him stay, they will be unlucky again!

Mu Chen Yuanqi was not angry, just...

I'm sorry.

Thinking about it now, there is nothing to be embarrassed about.

Sooner or later I have to know.

It's okay to know in advance, everyone accepts in advance.

Maybe it can stop the careful thinking of some players.

No way, An Xia is too good.

As my father said, for such an excellent girl, his rivals may be in a row!

Let's kill Fang Yibo's potential rivals in advance!

After understanding love, Mu Chenyuan, whose emotional intelligence has soared in a straight line, is very good at deploying in advance.

When the three of them walked away, Wei Ji smiled and said: "Just now, I was offended, but everyone was very happy in their hearts. Our captain is out of order, which is a sign."

"Maybe there will be more singles out of the singles in the future. In our team, it is not the best singles in the Marines."

Bachelor's den

It sounds sad.

But from now on, not anymore!

The captain is all gone, are the players still far away?

Not far away!

The embarrassment in my heart passed, Mu Chenyuan became more calm, and said indifferently: "I haven't thought of concealing you, she and I are indeed understanding."

Um?

Understand?

"Meaning, haven't we really been together yet?" Wei Ji was shocked, "I saw you just now holding hands, hugging and hugging, still understanding?"

"Does 'understanding' now include holding hands and hugging?"

Mu Chenyuan flickered, "There are many different ways to understand, and there are many differences between the two. An Xia and I get along very special."

Anyway, Wei Ji was also a bachelor, so he fooled him as he pleased.

Wei Ji rubbed his face, "Am I old? Or have I been separated from the world for too long? Young people are so fierce now? Understanding includes Da holding hands and hugging?"

"How do I remember these things that have to be confirmed by two people and can only be done when they are really together? That can be done while still understanding?"

"You haven't had a holiday for too long. After you go back, find a time to rest for a few days, so that you can have a long experience outside." Mu Chenyuan continued to flicker solemnly.

He is an indifferent person, and he is especially reliable when he looks at it. Who would have thought that he would fool people?

Even Wei Ji didn't expect it.

Chapter 513: Mu Chenyuan, please climb a tree for me

Team Mu has always been sincere, how could it be fooled.

Then, Wei Ji carefully reviewed himself, "It may be true that I haven't had a rest for two years. I should take a vacation to learn about the latest mode of getting along with young people nowadays."

"Team Mu, you really didn't lie to me?"

Why, he always feels something wrong.

If it feels wrong to perform the task, there must be a problem.

But falling in love is too inexperienced!

It feels wrong and I don't know where to start. I don't even have a reference.

You can only believe in their team Mu.

With a sudden questioning, Mu Chenyuan's eyes flashed, and he said calmly: "This is how I get along with An Xia. If you don't know it, you can learn more."

It's just the way he and An Xia get along. It's not clear to others.

Wei Ji pressed his heart for what hadn't disappeared, and he was thoughtful.

"According to you, you and An Xia are special special lists, right."

Mu Chenyuan nodded, "Yes."

Nor can he completely bias his teammates.

In the event that Wei Ji meets a girl who wants to know more about, he will hold hands and hug him when he goes up, and he must not be beaten by the girl as a hooligan.

Usually pit them, that is to promote the feeling of teammates, to add fun to the boring training.

Life-long events still cannot be pitted.

Conscience is disturbed.

The point is to explain that he and An Xia get along very differently.

Wei Ji felt that he should understand, "I see, you are you, and others are others. The understanding of others may be the same as your understanding, but it may also be different."

Like tongue twisters, Mu Chenyuan didn't want to discuss him with his teammates for the time being.

His experience is like the air on the top of a mountain thousands of meters above sea level. It is so thin that there is not much experience taught.

"You can feel your way slowly, An Xia is here, take a step first."

An Xia, who handed in the rifle, walked over at a brisk pace and had already seen Mu Chenyuan standing by the flowerbed talking to others.

Wei Ji, deputy team of Powolf Brigade.

Looking at the two people's faces are very serious, is it possible that they are leaving?

An Xia's heart tightened slightly, and she quickened her pace.

A few meters away, Wei Ji strode away, and Mu Chenyuan greeted her.

"Are you leaving?" An Xia asked.

"No." Holding a hand, Mu Chenyuan walked side by side with her, "Say something trivial, it has been resolved."

Not to go, that's good.

The two walked along the path with green leaves, walking slowly and slowly.

The surroundings are extremely quiet, unlike camps and bases, where the shouts of training can shake the ground most of the night.

The cool evening breeze blew across, refreshing, and seemed to be able to sweep away the smoke of both of them.

Above his head, there was a foreign body slamming his head, and Mu Chenyuan with quick eyes and quick hands stretched out his hand to catch the falling foreign body steadily.

A big mango half eaten by a bird.

The mango was ripe, and he suddenly grabbed it with force, catching the flesh and squeezing it, and some golden mango flesh just splashed on Anxia's lips.

The fragrance came, and the lips were pursed, sweet!

Seeing the mango rotten by his hand again, An Xia looked regretful, "It's a pity that you rotten such a sweet mango."

Mu Chenyuan, who grabbed a hand of the pulp, wiped his hands, looked up at the mango tree full of fruits, and asked, "I'll go up, pick one for you?"

"Good idea." An Xia looked at the tree full of mangoes. She didn't like many fruits, and mangoes were one of them.

Sweeping his eyes around, confirming that there is no one, An Xia is like performing a certain task, pressing down on his throat and saying: "There is no one around, I'm alert, you act!"

Chapter 514: With someone you like

There is no need for An Xia to say clearly what he wants to do, Mu Chenyuan understands.

"OK." He cooperated with her, made a gesture, jumped a few long legs on the spot, bent his knees slightly, and launched an attack after a few seconds!

It's not hard for him to climb trees and other trivial things.

Those who live in the wild have not eaten or drink, and they have to climb the tree to pick the fruit when they see the fruit of the tree.

Hugging the mango tree with both hands, pedaling with both feet, hands and feet matched, but quietly climbed up the tree in a few seconds.

Two big bosses who can make the enemy feel scared, unexpectedly picked mangoes in the backyard of a police brigade on one side!

"Upper right, a little direction!"

"Lower right, four o'clock direction!"

"Go, thirty meters away!"

"It's done well, not bad! Beautiful!"

"Found a new target, left and positive nine directions. Two!"

"Left, two at seven o'clock!"

"Pretty! Climb up, don't panic, there is no one around, you can continue to move!"

...

One commanded from the bottom, one picked from the top, one picked and one was thrown down, and An Xia steadily took one.

Catch it immediately and put it in the grass, and continue to pick up the next one.

This separation, I'm afraid it's rare to see each other again, now that we have time for each other, let's have a short and happy relaxation.

Mu Chenyuan picked quickly, and even the leaves didn't make a sound when they picked it up.

After a while, dozens of mangoes lined up neatly in the grass, An Xia put the mangoes in his hand, took a look, and muttered, "It's a bit too much."

Confiscate and stop, pick more.

"The mission is over, withdraw!"

I can't pick it anymore, and I won't even be able to hold my clothes anymore.

Below An Xia sounded like a bell, and above, Mu Chenyuan quickly retreated.

"A bit too much, undress, undress."

It doesn't count An Xia's training uniform on her body, but she also took care of Mu Chenyuan's training uniform.

On the street light directly in front, a camera lens was silently aimed at two marines who had stolen mangoes for training clothes.

The middle-aged border police on duty joked to his younger colleagues, "Learn to learn, it's not mangoes that are stolen, but girls' hearts are stolen."

"Look, how happy the little girl is. You can do this in the future, and we will all pretend not to notice."

There was no one around, continue to act. One second after Mu Chenyuan climbed the tree, the border police saw their every move and every move.

Of course, An Xia and Mu Chenyuan also knew about it.

The camera is right in front of you, how can you not find it.

Not just for fun.

the other side

Team Sun who rushed back needs to talk to An Xia.

"No one is there?" In the office, Team Kong asked Lu Xinghe with a look of surprise, "Where did you see it? In the team? Or at the door?"

It won't be people leaving now!

Lu Xinghe said: "In the team, she knows that you still need to report."

Suddenly no one can be found.

"Out? Back to the first camp?" The Kong team hurried to the outside line, ready to ask if anyone had been seen at the sentry post. Lu Xinghe stopped him, "I didn't go out, I'm still in the team."

"Then what are you doing here? Go find it!"

The man disappeared in their border police brigade, and Changhu couldn't cut him off!

Lu Xinghe didn't move, "Then what... the team, Xiao An might..."

Without saying anything happy, the Kong team frowned, "What are you talking about? Just say it in one breath!"

"Xiao Ann happened to ran into her boyfriend in our team. I guess we are with her boyfriend at this moment. Should we find someone later? Let the two young people have more places?"

Finished in one mouthful, easy!

Chapter 515: She is more tired than Grandma Wolf

[« PrevNext »](#) [≡ Table of Contents](#)

The Kong team was stunned for a long time, and suddenly slapped the table, and Lu Xinghe's heart beat fiercely.

I thought the Kong team was angry.

Don't know...

The Kong team was very happy and said loudly: "Who? Who? Who is Xiao'an's boyfriend in our team! Oh, what a great kid! I even won a middle-level special fighter in Lu Er District! It must be praised, it must be praised! "

Too long face!

Such a good flower was actually picked by the border guards of their six border police brigade.

Hahaha

Hahaha

Long face!

You have to add a chicken leg to the long-faced border police! You can also ask him to send Xiao'an back to the first camp tonight!

Lu Xinghe couldn't bear to break the dream of Kong's team.

NS

Dreams are dreams after all, you have to wake up and face reality.

"Headquarters, Xiao An's boyfriend is not a border policeman in our team, he is also a special combatant. He just came back from a mission, and the two happened to run into each other."

The very happy team Kong: "..."

The smile froze on his face.

Sit back in the chair and sighed heavily, "I said, how come we have such a brave boy in our team. I am so happy."

Special fighters, who just returned from a mission, seem to be some special fighters who borrowed from them some time ago.

He went out temporarily during the day to help clean up the little things related to them.

"Okay, people are in the team, I'm not in a hurry to let her come over. Have you prepared dinner for you in the kitchen? Go, add some meat dishes, they are afraid they will be exhausted."

I haven't come back for dozens of days, and it is estimated that I haven't had a good meal.

"Cook more porridge and nourish their stomachs."

The careful Kong team couldn't bear to interrupt the brief meeting between the two young men.

It's too difficult to meet each other in their business.

Sometimes I often meet this side, and it is a matter of my next life to meet again.

The team is disciplined, but also warm.

Lu Xinghe responded with a "yes" and saluted and left.

He didn't go to An Xia, so naturally he wanted to keep the two who had finally met with each other longer.

At this moment, I still remember that the moment Xiao An saw her boyfriend, her cold eyes lit up, and the ice-like person came back to life in an instant, full of fireworks in the world.

And her boyfriend is the same.

I couldn't believe that I saw my girlfriend, and stopped sternly for at least three seconds. Leng Yu looked at his eyes for a few seconds, confirming that it was really his girlfriend, and strode forward without stopping.

How excited to meet by accident.

All of them looked excited.

Fang Yue, who took it away, warned them, "If the girl meets her boyfriend, you are going to disturb you. I will despise you."

Well, I won't bother.

Can't bear it and don't give up.

Let them stay for a while.

Two young men carrying mangoes returned to the room temporarily prepared for them, one upstairs and the other downstairs.

An Xia offered to invite, "Go upstairs? Together?"

"Waiting for the meeting." Mu Chenyuan smiled and refused, and said: "I will bring the box over and put it back in the camp for you."

Alas, what a wooden person who is incomprehensible!

An Xia, who failed in the temptation again, shook her head, sighed and went upstairs step by step, and walked to the middle. You didn't give up and asked the man standing below to watch her go upstairs, "Should I stop thinking about it?"

She is even more tired than the wolf grandma who seduced Little Red Riding Hood!

His position was firm and unsettled, and his state of mind remained unshakable. Mu Chenyuan still refused, "Waiting for the meeting."

Glancing at him, An Xia "dangdang" upstairs.

Back to the room, An Xia put the mango away, and went to the bathroom with her clean clothes. After taking off her clothes, she seemed to think of something, and stood in front of the mirror staring at her chest.

Is it because the chest is not **** enough?

Chapter 516: Half a catty to eight or two, a perfect match

Small chest is not **** enough, it belongs to the hardware failure.

then what should we do?

Standing in front of the mirror and making gestures, Anxia seriously thought about how to upgrade the hardware.

Naturally, I am afraid that it is too late to grow naturally, and I missed the best cultivation time!

Gee!

Knowing this, she started 'fertilizing' the first day she walked through it.

Now that it has basically been shaped, it is estimated that it is difficult to grow naturally.

I opened the shower head, rinsed with warm water, and a thin strip of water splashed on my face to wash away the stickiness of the night.

At the age of eighteen, there should be a chance to grow naturally.

Relying on medical aesthetics to upgrade the hardware, she really doesn't have time and no ideas.

You can only rely on nature!

Or, find a way to get bigger?

Xia Guo's Chinese medicine skills are mysterious and unpredictable. Is it possible to consult a Chinese doctor?

Maybe you can grow up a little bit?

Thinking about it, An Xia squinted her eyes.

wrong!

Why did she think about making her chest bigger, and then going to please Mu Chenyuan?

Even if you want to have a big chest, first of all it is to please yourself, to please yourself, not to be pleased for others!

Mu Chenyuan likes it or not, what does it have to do with her?

She is An Xia, a down-and-out lord of the emperor domain. How did she change herself for the likes and evils of others?

forget about it!

She has a small chest, what a!

Does Mu Chenyuan dare to like it?

snort!

It is estimated that Tianshu's medicine is also in hand, if he doesn't like it, once the medicine is put down, she wipes people out and leaves.

Annoy him!

The desolate lord of the emperor domain is unstoppable when he is sturdy.

No longer want to speed up the bathing speed of An Xia with a small chest.

I poured the shampoo on the hair, rubbed the bubbles into the hair, rubbed it, and the grey bubbles flowed down...

That dirty, well, neither she nor Mu Chenyuan should dislike anyone.

Half a catty to eight or two, a perfect match!

An Xia has no habit of cleanliness. She can do it for days and nights without washing, but it doesn't mean that in life, she can also endure without washing for days and nights.

Wash your hair five times, wash your hair until it can rub, then wave your hands.

The toiletries should be prepared by the female border police of the border police brigade, and the conditioner was put on very considerately.

Knead some more conditioner, the room is full of fragrance.

Five more baths, rubbing myself until it becomes a light, there is no dirt on the whole body, and An Xia, who washes for white and fragrant, finishes washing.

Time: ten minutes.

By the way, clean all the combat uniforms and boots worn on the mission.

Since the Kong team didn't send anyone to find her or urge her, it means that there is enough time, so you don't need to be so anxious.

Washing hair, bathing and washing clothes takes ten minutes, which is very fast.

Mu Chenyuan was faster.

For men, take a bath and wash your hair soon.

It took a long time to go out this time, and my body was really dirty.

Usually three minutes, this time the members of the Wolves team doubled their time, which took six minutes.

In six minutes, wash until the whole body is clean, and walk with your own soap and fragrance!

Now a few are sitting in Mu Chenyuan's room, waiting until their captain wears a light ink T and ground combat camouflage pants, coming out with wet hair dripping, and the four of them make a "yo yo" sound.

The figure of their Mu team is absolutely amazing!

Coupled with that extremely handsome face, tusk tusk, they all want to scream as men.

So here comes the problem.

Wei Ji handed the hair dryer over, and said by the way: "Captain, your body is greedy when you see it."

Aside from the line: Did you show it to Miss Ann?

Chapter 517: Good shape

As soon as Wei Ji thought of losing his gambling, he gave Cheng Ming and Qi Xingsu the dirty clothes that needed to be washed for so long, and his eyes were completely dark.

Just now, he and Ying Que have washed their clothes!

Do you know how difficult it is to wash clothes? !

Too dirty!

The washing powder was poured down, and it was not rubbed yet. It was only washed with water, and it was all black and fishy!

If it is stained with blood, there is no way to wash it by hand washing.

Have to add other lotion.

He washed it six times!

My hands are broken!

The unsatisfactory captain, let him, who occasionally participated in a bet with the players, lose completely tonight.

Mu Chenyuan glanced at the deputy team, then looked at Ying Que who was standing next to him elegantly eating mangoes, then glanced at Cheng Ming and Qi Xingsu, who only smiled without saying a word, and their thin lips made a cold smile.

Being able to move the vice team Wei Ji to come forward, it seemed that they had thrown out the bait that made Wei Ji's heart fascinating.

As for who put this bait out, it must be the answer.

The whole team should be the most daring and the most thoughtful.

Look at the gentle and elegant, but in fact, the methods are extremely dark.

Jing Jia Congwen, it is really a headache to be out of his kind.

He took the briefing and said indifferently: "I don't have your special hobbies."

Aside from the line: Who is there to show off their body?

At the same time, he also told the other three people who were staying in the room.

Wei Ji gritted his teeth for the sake of his lifelong affairs and persuaded him with all his heart, "Occasionally, come here to show masculine charm and attract girls' attention. Just like nature, when male animals court female animals, they will try their best to show their most beautiful and **** side. ."

"It's not a special hobby, but a way to hold a beautiful woman. It is recommended that the captain use it when appropriate."

Does he need to use it at the appropriate time? An Xia is greedy for him now.

There is no need to show it specially!

He also heard Wei Ji said, "Ms. An will definitely be popular in the future. There will be many suitors. Team Mu, if you don't cheer now, I am very worried that there will be newcomers in the future."

"Too many enemies in love is not a good thing. It's better to sit down and get a righteous identity early, and get rid of those potential rivals that are unruly."

Mu Chenyuan held a hair dryer to blow his hair 'huhu', and didn't move.

At the end, his hair was blown dry, and Wei Ji, who was always in his ears, asked, "Is there anything else?"

The phrase 'there is still something', completely defeated Wei Ji, who was biting his head.

He has nothing to say!

It was not what I was good at.

After talking for a long time, their saliva was dry, and their Captain Mu was not at all interested.

Winking a wink at Ying Que, he signaled that it was his turn.

Ying Que has always liked behind the scenes.

Let him come to the scene, sorry, he is a stupid man, and timid, not suitable to lead the battle.

After eating a mango, Ying Que raised his head and said gracefully: "The mango is good, very sweet, Team Mu, should we bring a few more boxes back to the team? Give it to the brothers."

There are no mangoes at Polang Base.

As soon as Wei Ji heard it, he knew that this dear man had begun to pretend to be crazy again.

Just about to speak, there was a knock on the door.

An Xia's voice followed, "Mu Chenyuan, can you come in?"

"Yes, Miss An, please come in." Cheng Ming said. He was a little away from the door and rushed to open the door with a bang.

And Mu Chenyuan picked up the camouflage jacket and put it on.

Ying Que: "..."

Is your old man a big lady?

Is it necessary to wrap it so tightly and airtightly?

Show off your thin, **** chest muscles, isn't it?

Chapter 518: The pressure mountain is so big

The door opened, and the members of the Wolves Team showed their 120 points of enthusiasm and invited An Xia in.

"Miss An is finished, come in and sit down quickly." Cheng Ming's dog-legged energy saw his teammates want to kick people.

Wei Ji, the deputy team, felt that he could not fall behind, and smiled: "Without a stool, I can only ask you to sit on the bed."

"Miss An is good, Miss An, please sit down." Qi Xingsu is still very restrained. It seems that the psychological shadow that An Xia gave him will not go for a while.

The most natural thing is Ying Que, just like the owner in the house, "Does Miss Ann like to eat mangoes too? Or, let's go pick some later together?"

Mu Chenyuan, who put on his coat, discovered new potential in his teammates at this moment: the tortoise who invited guests in the Qinlou Chu Pavilion.

And he is the floor card of the town building, waiting to be favored by An Xia.

An Xia did not expect that there was someone in Mu Chenyuan's room, and for a while, she felt unspeakable loss in her heart.

Ugh.

She also wants to have some intimate time between the two.

I don't know, the four lights are on, and nothing can be done if she shines on her.

Being too enthusiastic made her want to walk away after entering the door.

She had to go, just by leading Mu Chenyuan away.

So An Xia asked politely, "Can I take your captain away?"

When he arrived in Xia Guo, An Xia said that his unique character still changed a lot.

Before I changed it, I wouldn't ask at all, and I would lead someone to take it away.

I can ask one more question now, it's very polite.

"Yes, you can, just take it away." Wei Ji smiled and squinted, his eyes were like an old father sending his daughter to marry.

The daughter is naturally their captain Mu Chenyuan.

Cheng Ming wanted to go with him. Seeing that An Xia had only invited the captain, he could only give up.

never mind.

He didn't move forward.

In fact, he wanted to ask Miss Ann how is she doing, and if she is unaccustomed to joining the team.

The most important thing: When will you join the Wolves Breaking Team?

Among the few people, Qi Xingsu was the one who didn't want to get close.

When he heard that An Xia was about to take the captain away, he was so happy that he almost set off firecrackers.

no way.

Getting along with Miss Ann, he is very stressed!

Damn it.

Inexplicable, puzzled.

He was so afraid of a little girl!

The one who wanted to join in the fun the most was Ying Que. He wanted to see An Xia, who had the shining points on his body that could even move the heart of Mu Si Shao.

With a gentle gaze, An Xia, who stood in the pile of men, did not change his face, was generous, and calmly dealt with it. Ying Que smiled and said: "Miss An and our captain seem to have a lot of common topics to talk about, and we should have a deep understanding of each other."

Listen to this...

An Xia couldn't help but glance at him more.

Ying Que, a fighter who looks gentle and elegant.

He has the elegance and elegance that can only be raised by a family of generations. It can be seen that he is also a man with a good family background.

He stood beside Mu Chenyuan, different from the other players.

It was naturally close, but keeping a punch distance, slightly behind Mu Chenyuan, his family's noble aura was not suppressed by Mu Chenyuan's powerful aura, and he was still calm and not timid.

There are very few people who can talk to Mu Chenyuan and don't know how to do so.

unless.....

Ying Que's birth is no worse than Mu Chenyuan's. Only when he comes from an equivalent birth can he cultivate Ying Que's noble spirit.

The top giants in the capital do not have a "ying" surname.

So, where is Yingque from?

Thinking quickly, he answered indifferently, "I admire your Mu team very much. I hope to get along with each other and understand more."

Very strong answer, tell Ying Que clearly: I just fell in love with your Mu team.

Chapter 519: Feel free to fall in love

Ying Que wanted to say something more, Mu Chenyuan glanced at him coldly, "Talking a lot."

There is a hint of warning.

He knew very well why Ying Que said that suddenly, but he wanted to remind An Xia that it is best to learn more about him.

With the warning, Ying Que didn't say any more.

Mu Sishao's warning cannot be ignored.

An Xia did not pay attention to Ying Que any more, and asked Mu Chenyuan, "Walk with me?"

"Okay." Mu Chenyuan nodded, "Come here, and dry your hair first."

Then.....

In front of his teammates, Mu Chenyuan, the captain of the broken wolf brigade, picked up the hair dryer and personally waited for An Xia to blow her hair.

!!!!

The teammates stared so hard that they were about to leave their eyes!

"Captain, are you possessed?" Qi Xing, who was overly shocked, couldn't help but blurted out and asked.

The next second, Wei Ji covered his mouth.

Kid!

Don't speak, no one will treat you as dumb!

Also possessed.

That's an expression of love!

Understand?

Understand a fart.

If you really understand, you won't say that!

Although he was also shocked!

The cold Mu team would even wait on his girlfriend to blow his hair.

Will you wait for your girlfriend to dress next time?

"Team Mu, Miss An, you talk, we won't bother you." Wei Ji decided to go ahead.

Hurry up and make room.

It is them who really want to leave, not Team Mu and Miss Ann.

An Xia, who enjoys serving, nodded and smiled politely.

Yes, Wei Ji, the deputy team, has the most insight.

Know where to take off.

Cheng Ming smiled and waved at An Xia: "Miss An, let's go first. You can talk to the captain at ease. No one dares to come over and interrupt."

After speaking, he blinked his eyes, as if he knew everything.

An Xia raised her eyebrows and joked, "You will guard the gate for me?"

Is it more familiar after all, and there is no strangeness between languages.

Cheng Ming immediately said: "Yes, as long as you agree! I can stand guard."

Hey, I am not afraid that you do not agree.

"You are not standing guard, you are planning to listen to the corner." An Xia poked him through his careful thoughts, "After listening, go to your team and advertise."

They are all routines, she is too familiar with them.

Cheng Ming scratched his head and smiled.

No way, who told their team to have no good news for too long.

Qi Xingsu had already arrived at the door, and whispered, "You are leaving, what are you left for?"

He said to go, but his feet didn't move!

A group of disagreeable guys.

Before leaving, Ying Que said to An Xia, "Miss An, I'm from the capital. In the future, Miss An can come to me anytime."

If you want to get to know Mu Sishao, you can also contact me.

He did not say this.

I believe that Yi Anxia's smartness should be able to guess.

An Xia bent her lips, "Definitely."

Well, I understand.

Ying Que smiled gracefully, took a deep look at Mu Chenyuan, and gently closed the door.

He really didn't expect that after joining a monk's temple like the Wolf Brigade, Mu Si Shao could get away!

A miracle!

The capital city, the top class upper class society, who doesn't know that the Mu family's fourth young masters are cold-hearted and indifferent.

The sons and buddies are beginning to have a sense of love, which one is not staring at a few interested girls and launching an offensive.

No matter how strict the family is, there is no way to restrain the juveniles from thinking carefully.

The only one, Mu Sishao, has never heard of him in half of the peachy news.

Not a word!

The sons and buddies who played well were wondering in private whether Mu Sishao had a dark illness and had to suppress himself.

He was so skeptical at one time.

The Jing family has a breeze, and the juniors are not allowed to play outside.

Chapter 520: For a long time

In addition to this, the Jing family is very important.

Therefore, the juniors are strictly restrained, and they will not tolerate any filth that corrupts the Jing family's house.

But no matter how strict the family is, the one who should fall in love is still secretly dating.

Only fall in love, and won't do anything good.

He had two girlfriends when he was sneaky in high school and college.

And Mu Sishao hadn't heard that he had paid attention to that girl.

It wasn't until he entered the Powolf brigade and accidentally encountered Mu Sishao who had gone to college, and there was no news, that the prince became a special fighter just like himself.

The Mu family did not send Mu Sishao to the cadre organs, but instead cast them to a frontline combat team that was always shameful, which was a big surprise to him.

The reunion of the broken wolf team, on the contrary, let the two people who have known each other since they were young, but they did not have much overlap, and gradually got to know each other.

Mu Chenyuan was surprised that he was determined to join the team since he was young.

He was surprised that Mu Chenyuan, such a cold guy, was so excited after joining the team, he would rush to the forefront every time he fights, and he was not afraid of death at all.

He is very impressed by his great mindset, courage and strategy.

With such a person, he actually liked a girl who came out of Xuancheng.

An Xia is the eldest lady of Xuancheng Anjia, and it is no secret in the Powolf Brigade.

Ying Que, who had not returned to his room, went downstairs, planning to walk around the border police brigade.

The sound of footsteps came from behind, it was Wei Ji.

"That sentence you just said is very meaningful. What are you worried about?" Wei Ji came up without any nonsense, and directly asked Ying Que, "Why did you deliberately attract Miss An's attention?"

Could it be that you are also interested in Miss Ann?

The biggest question is held in my heart, I plan to ask again after the chat.

Ying Que stretched out and said calmly: "Don't be nervous, I'm not interested in Miss Ann. The two brothers are fighting for a girl's play, and it won't be staged in front of you."

It was also straightforward to talk about the worries in Wei Ji's heart.

When Wei Ji heard this, he smiled, "Then why do you say that?"

"Nothing, just want to tell." Ying Que still didn't want to tell the truth, he was afraid that Wei Ji didn't believe it.

What age are you talking about right now?

In the upper-class society of the capital, which one doesn't talk about the right person?

Even the Ye family, who has just entered the top giants for a few years, talks about being right.

The rules are the most, and the larger the family business, the more particular.

Their 'Jing' house is no exception.

"What? I can't even know?" Wei Ji raised his eyebrows, not believing it.

Ying Que is not a talkative. Since he said that, he finally emphasized that he is from the capital, and Miss An can find him at any time when he comes to the capital.

Can you find him?

He's all in the Wolves team, how to find it.

Obviously, it was reminding Miss Ann something.

Ying Que is a tight mouth, he doesn't want to say, no one can pry it.

"It's nothing, I also admire Miss Ann very much, and I hope she can be with the Mu team for a long time."

Even if it is true in the future, in the hope that she can continue to break the wolf.

He didn't say it, and Wei Ji didn't ask any more questions.

The two finally climbed the tree to pick the mangoes!

I also found two large boxes and picked two whole boxes!

Over there, An Xia and Mu Chenyuan were not in the room, and went to the office of Team Kong.

How can it be delayed because of personal feelings.

Team Kong didn't expect An Xia to come over, and was stunned, "My boyfriend is gone?"
