Chapter 531: Can't keep it, my heart hurts

Chang Hu is not excited anymore.

"I can't wait to leave? You don't want to stay in the camp for a few more days?" Chang Hu hummed, not excited, "The other new recruits are crying at the party tonight."

"That's like you, but excited."

Tan Jing glanced at his old partner. Is this jealous too?

Really didn't look at it.

Smiled at An Xia and said, "You leave him alone."

He said, handing over his mobile phone, "Xia Hou Zhanjiang is also waiting for you to reply to him, I need to tell you something."

If An Xia does not find Xia Houyu, Xia Houyu will also find An Xia.

I just didn't expect that An Xia would call him tonight.

Hearing An Xia's voice, Xia Houyu, who was rarely off work early, smiled and said, "Xiao An, how is this time? Are you satisfied? Have you learned anything?"

Every mission, no matter how big or small, is a challenge to oneself.

Especially like Xiao An, who is a fledgling and needs to learn more.

In Xia Houyu's eyes, An Xia still needs more training.

"Not bad, I also learned something." An Xia said as he looked at Tan Jing, and pointed a short distance away.

Meaning, she went to the side to talk.

Tan Jing and Chang Hu nodded with a smile.

Go ahead.

Some words are really not what they can listen to.

An Xia walked away, and Tan Jing said: "Xiao An, I will write that I will go very far in the future. With Xia Hou's attention, I think that within three years, I will definitely become a special special fighter."

Can represent the country, the top one.

Chang Hu expressed his agreement.

"That's not it, the little girl is very strong, the more you embarrass her, the more difficult it is for her, the better she can accomplish it. Every time it surprises us."

"The potential in her is much more than what we see now. As long as she finds suitable training for her, she will definitely make better use of her strength."

"General Xia Hou specially sent instructor Mu over. It can be seen that he has already made arrangements to improve Xiao An's strength."

"Thanks to the instructor Mu, if it is replaced by our instructor, alas, in the end, we didn't teach her much, it became her to teach us."

Tan Jing laughed, "She still taught a lot of our sharp-sword squad. When Xiaoan leaves tomorrow, she is the most reluctant to go to the sharp-sword squad."

"When they disbanded at night, they asked me when Xiao An would be back, and they said they had prepared a gift for Xiao An and wanted to give it to her."

Living together day and night for three months, enduring hardship together, crawling and rolling, screaming together, and growing up together, this love has been burned in the bones.

Reluctant, it's normal.

"Farewell tomorrow, Xiao An will not leave with the new recruits, there is time for them to give gifts." Chang Huxin said, Jiandaoban reluctant to bear it, as he is reluctant.

Heart hurts!

Such a good seedling slipped away under his eyelids, and there was no way to keep it.

Can't think about it, it hurts when I think about it.

Tan Jing said again: "You said, General Xia Hou Zhan really intends to send Xiao An to participate in the selection of reserve special fighters?"

"It's not a plan, it's a long-standing arrangement." Chang Hu said: "Instructor Mu's coming is also the arrangement. Xia Hou Zhanjiang knows very well that putting Xiaoan in the team will delay her."

"From the very beginning, his arrangement was to make Xiao An a special fighter."

The two were chatting here, and over there, Xia Houyu also talked about the matter.

"Now that you are ready, Xiaoan, I am looking forward to your next performance. Are you confident that you will win the top score?"

Xia Houyu smiled and said: "In the team, if you want to fight, you will fight for the first place."

Chapter 532: Malicious

An Xia was very confident in herself. Hearing the words, raised her eyebrows, and said indifferently: "My goal has always been the first. Second, I can't look down on it."

Very arrogant.

Partially, she has such a strength.

Not an exaggeration.

Xia Houyu's laughter came from the phone, "Okay! I'm just waiting for you! There will be a car to take you to the airport at 2 o'clock tomorrow afternoon."

"Received." An Xia laughed, with a slight smile in her cold eyes.

The phone that hadn't ended the call returned to Tan Jing's hands, and Xia Houyu still had something to confess.

An Xia returned to the dormitory.

She opened the door and came in, but the new staff in the dormitory was still stunned.

Afterwards, Chen Daili jumped down on the bed, her voice raised, "An Xia, you are back!"

"Speak down! You want to be punished for the last night?" Yu Tong immediately reminded, for fear that all the new dormitories would be punished on the last night.

Cheng Yiluo was also there, his eyes flashed, went to bed, lay on his side, and refused to join the chat.

Liangzi settled early, and reconciliation is impossible.

Anyway, she will leave tomorrow, and she won't see each other again, so she doesn't bother to join in the fun.

During the three-month recruiting period, the proud Cheng Yiluo naturally changed.

At least she is not as self-righteous as before, nor is she as before, she needs everyone to let her be right.

After three months of bitterness, my temper has been more or less precipitated.

But the arrogance in the bones has long been qualitative and cannot be changed.

She has a normal relationship with the new recruits. She lay on her side and refused to join the chat, and no one called her.

Yu Tong thought, being pulled by Chen Dali, she whispered: "Farewell, her mouth can poke your lungs sore, why are you uncomfortable?"

"Don't talk about her, you are the same." Yu Tong glared at her with a smile, "The most noisy."

Chen Dali was unhappy, lifted her chin, and smiled: "It's different, me, how empathetic, generous, and..."

"Oh my God, don't brag, I hear ear pain."

"I have a stomachache."

"I want to vomit..."

The other new recruits all laughed, Chen Dali let them laugh, she was thick-skinned anyway.

He took An Xia's arm and asked with a smile, "Come here, An Xia, tell me, am I empathetic? Is it cute and generous? Is it lively and cheerful? Isn't it..."

Is it too much? An Xia replied in a unified way, "Yes, all you said."

Chen Daili is an outrageous temperament, and she is unequivocal, admits mistakes, and is absolutely unambiguous. An Xia likes this very much.

With An Xia's nod, her tail would be up to the sky.

Yu Tong said, "You, don't praise her, now you have to fly to the sky."

"Hey, maybe we will really fly to the sky tomorrow." Chen Daili, who was full of smiles, suddenly said this, and the dormitory was silent for a while.

Yes, tomorrow some of their new recruits might actually fly to the sky and leave for distant places.

Silence shrouded, and his eyes turned red unknowingly.

In this situation, to be honest, An Xia did not have empathy.

In her eyes, the separation is too normal.

It was Yu Tong who came forward to reactivate the atmosphere, "Okay, okay, why do you start dropping peas again? Just now you were still saying that when An Xia comes back, you must ask where she has gone."

"Hey, now that people are back, why don't you ask?"

Chen Daili wiped her eyes, raised her head, and asked An Xia with red eyes, "Yes, I almost forgot, An Xia, where did you go? Suddenly disappeared, we thought you were assigned in advance."

Cheng Yiluo, who was lying on his side, pricked his ears.

She also wanted to know where An Xia had gone.

Chapter 533: Disgusting person

She also wanted to know where An Xia had gone.

Now that they are all out, why are they back again?

Oh, wouldn't it be that after being assigned, it was returned by the team below!

Hahaha, I really want to be like this, it's a shame!

Unfortunately, Cheng Yiluo failed to achieve his wish.

An Xia said, "I went out to help solve some things."

Help solve things?

What can she do as a rookie?

Cheng Yiluo sneered, not daring to speak out, thinking of himself.

"What's the solution? Why do you want you to go out?" Chen Daili couldn't figure it out, "You are a new recruit, why are you still letting you out to help?"

Yu Tong was more thoughtful, and when he heard the words, he said softly: "Is it all going well? There is nothing wrong with people, right."

The squad leader once said that a camp is close to the border, and sometimes there are things that need to go out.

But generally they are male fighters, and female fighters like them basically leave the fighters and have no chance to go out.

I don't know if An Xia went out to complete the "something" mentioned by Wu Wu, the monitor.

An Xia couldn't elaborate on what he did when he went out. He just said: "Smooth, it's a trivial matter, let's go. I will have to do morning exercises tomorrow morning. Maybe there may be midnight tonight. Are you sure you want to continue chatting?"

That just can't ask in detail.

After three months of training, the girls are no longer as ignorant as they just came to the team.

Hearing what An Xia said, I knew in my heart that I couldn't keep asking.

No matter how careless Chen Daili was, she realized that it was not something she could ask again. She immediately cooperated with An Xia, "Really? No! Don't scare me!"

"Why not? I'll give you another unforgettable night before the assignment, and the general will also consider it." An Xia picked up her washbasin and said seriously: "So, let's go to bed early. Just in case."

"Too scary! Sleep to sleep!"

Chen Daiyu went to bed right away, let alone, it's really possible!

Yu Tong also smiled and said: "All sleep, all sleep, even if there is no emergency exercise tonight, we will show the best in tomorrow and end our new recruiting period!"

Without asking An Xia again, they went back to bed.

Cheng Yiluo got out of bed and went to the bathroom behind An Xia.

As soon as she left, Chen Daili on the bed gritted her teeth and said: "Is she going to trouble An Xia again? No, I have to go over and see."

After all, ready to get up.

"You sleep." Yu Tong stopped. "She wants to bully An Xia? Is there that ability? You go, but it affects An Xia's performance. In the end, maybe you have to become An Xia and persuade you not to make a noise."

If Cheng Yiluo really followed the past and targeted An Xia, then she would definitely be so stupid that she was hopelessly stupid.

On the last night, we have to go over and take our own humiliation!

It shouldn't be that stupid.

Yu Tong closed his eyes and thought to himself.

In the bathroom, Cheng Yiluo had blocked An Xia, hugging her chest, yin and yang ridiculed, "Going out to help? You can really put gold on your face."

"No matter how good you are, you are a new recruit, without a title. You will be let out of the camp? Do you really treat everyone as a fool?"

"I see, it is clearly assigned to the team in advance, but I did not expect to be returned by the team again! Knowing that it is a shame, I dare not say it, for fear that we will laugh, so I just made up a reason to deceive us."

"You are so hypocritical, and hypocrisy makes me sick."

After speaking, he also made a nausea and vomiting action.

An Xia is brushing her teeth, she has nothing to do.

It's never too late to finish brushing your teeth.

Because of this gap, Cheng Yiluo thought it was her own guess, and An Xia was too guilty to answer.

It's more exciting.

After eating the bear heart and leopard courage, she walked to An Xia and spoke even more presumptuously, "Oh, I was right? A guilty conscience? Who do you think you can get around in the first camp, but you can get around after going out?"

"Don't dream! Take a good look at yourself in the mirror, you are great here! Who knows you when you go out?"

"Thinking that I have some ability to understand, but also coaxed the people above to look at you with admiration. I see, you and those leaders privately are afraid that you have a shameful relationship!"

The last sentence is extremely vicious.

Chapter 534: Then shoot

An Xia bowed his head, spit out the water in his mouth, washed the toothbrush, and put the tooth cup.

Well, personal hygiene is solved, you can move your hands and feet.

Thought she didn't dare to clean up her last night?

That's really wrong.

On the last night, she was still able to use force, and she would never move her mouth!

Have a shady relationship in private?

So vicious, his heart can be punishable!

As soon as the water cup was placed, he raised his head, and his narrow and narrow eyes swept coldly. Cheng Yiluo, who was proud of the previous second, panicked this second.

"You, you, you, what do you want to do? Why, I have done shameful things, can't people tell me? You, you, you are guilty of conscience, just..."

Cheng Yiluo suddenly screamed, "Ah!!!"

An Xia, who was cold between her eyebrows, took a shot, grabbed Cheng Yiluo's hair, pressed it against the sink, and said: "Your brain is sick again, right? Wash it well!"

The water faucet was opened to the largest extent, and the water 'rushed' to flush Cheng Yiluo's head.

The amount of water was so great that Cheng Yiluo's ears, eyes, nose, and mouth were filled with water in an instant.

"Ah...uh...cough cough cough...put on...uh...cough cough cough..."

Let go?

Letting go is impossible to let go.

You have to clean your mind.

"On the last night, I have to send it to the door for me to clean up, how can I disappoint you!" The cold voice seemed to counteract the murderous intent that hadn't dissipated during the fight last night, the words melted in the water and hit hard. Process art inside the ear.

She fluttered and tried to escape, to no avail.

Wanting to scream for help, just opened his mouth, water choked into the trachea, and there was no way to speak except for coughing.

There was water in my eyes too, and I was so irritated that I couldn't open my eyes.

The ears were also filled with water, and she was like falling into a deep pool, drowning at any time.

"Save...uh..."

At this moment, Cheng Yiluo knew she was scared.

She really thought that on the last night, she was caught by herself again, and An Xia would definitely not dare to do anything to her.

Don't know...

An Xia is not afraid at all!

She wanted to kill herself again.

no no!

She doesn't want to die!

Help!

Help!

Who will save her!

Cheng Yiluo, who had no way of struggling to escape, paid the price for his swear words again.

Bullied to An Xia?

I really think my life is long enough!

The sound of the water was so loud that it covered the panic in her throat.

An Xia pressed her head to death, allowing the tap water to wash her head severely, and pretending to let go of her hand, giving Cheng Yiluo a chance to break free.

"Hey!"

Cheng Yiluo's head hit the faucet, and Cheng Yiluo was so painful that he screamed again.

She also only pierced the bathroom with a sharp scream at the first glance, and got into the ears of Chen Dali and Yu Tong.

"Damn, Cheng Yiluo is ill! It's a **** first!" Chen Daili couldn't lie down anymore, sat up, and leaned forward to ask Yu Tong who was downstairs, "Have you heard the sound? Isn't it going to pass?"

Yu Tong has always been calm in this regard. She didn't even open her eyes, and said indifferently: "No. An Xia will not make any shots at will, especially on the last night. Since he shoots, Cheng Yiluo must have said something. Something that shouldn't be said."

She couldn't beat An Xia, that is, her mouth was nasty, and she said something that An Xia couldn't listen to.

Originally, Yu Tong also thought that Cheng Yiluo was young, so he would teach and speak well, and he would correct him.

Later, forget it, give up.

Just like a dog can't change eating shit, it has been repeatedly taught and committed.

I was so stupid to provoke An Xia tonight. She really thought that An Xia was mild-tempered for the past three months. Would she let her go?

dream!

Take it well!

Chapter 535: Really bad

During the three-month recruiting period, every recruit has changed a lot.

The same is true for Yu Tong.

The good old people are not as casual as before and think that they are all trivial things.

Some things, some people, really can't bear her one step, take her one step back.

If you retreat, you endure, she can make an inch.

This is the case with Cheng Yiluo.

The newcomers in the dormitory, even Chen Dali, had been cried by Cheng Yiluo.

But the person involved feels wronged instead.

Sometimes even squad leader Wu Wu has a headache.

Fortunately, there is An Xia town. Except for being a demon in the previous week, after An Xia has been ruthlessly cleaned up, the back is much more honest.

The results of it.

On the last night, the old-fashioned reappearance!

Then let An Xia give her the last lesson.

The other newcomers in the dormitory were still a little worried, and whispered: "Yu Tong, or let's go and check it out. In case the squad leader is disturbed, we can't explain it."

"Yeah, Yu Tong, just go take a look. I'm very worried, An Xia makes a move, but you push me and I push you like us." It became a soldering iron, so that she could not lie down.

"Right, let's go take a look. Chen Dali, or, let's go take a look together?"

Chen Daili bit her lip and wanted to refuse.

The **** is owed to tidy up first, let An Xia tidy up and tidy up, see her dare to...

Later, alas, there is no future.

All of them will be separated tomorrow.

Chen Daili turned over and got out of bed, "Okay, let's go and see. Yu Tong, get up, who doesn't know that you feel the softest, lying down now, can you really sleep?"

They all get on and off the iron bed. They just came up and down on the bed ladder just like the school.

Now I don't need it anymore. I grabbed the bed rail with both hands, rolled over and landed easily.

When Yu Tong got up, she almost stepped on her face.

"I really want her to be taken care of by An Xia." While putting on her shoes, Yu Tong said, "Her bad mouth has not been corrected until now. When we are in the team, who will tolerate her like us??"

"If she continues to develop like this, I'm afraid that she will be removed. It's better to let An Xia give her class again, so that she will never forget it, and get rid of the broken mouth."

Chen Daili sneered coldly, "Do you still expect her to change? Don't count on it, you can't change it."

"I really want to be able to change it. I was cleaned up by An Xia a few times ago and was criticized by the team leader. However, anyone who can positively recognize his mistakes has already corrected the stinking problem."

After a few left the dormitory, Chen Daili speeded up her pace and walked towards the bathroom, "So, I hope that Cheng Yiluo can correct evil and return to righteousness. It is better to expect her not to cause us big trouble tonight."

Before Squad Leader Wu found out, they solved it internally.

Cheng Yiluo felt that he was going to be choked to death.

The tap water that kept pouring in from her mouth and nose choked her to vomit even at dinner.

I don't know how much tears and nasal water ran, and I don't need to wipe it off by myself. It was washed away by tap water long ago.

dying.

No one has been in this long time, she is really dying.

An Xia still had a cold face, holding her head firmly, and fixing it under a certain impact water current, her eyes were cold, letting Cheng Yiluo struggle.

Slightly impose a small punishment, can't die.

Outside the washroom, a few footsteps came.

An Xia did not look back or let go.

Listening to that bounce, very distinctive footsteps, Chen Daili is undoubtedly.

Chapter 536: Stand by

Yu Tong and the others came over, and they were taken aback when they saw this scene.

That's it?

Cheng Yiluo screamed so loudly just now that they scared them to think they were beaten up by An Xia!

Chen Daili saw Cheng Yiluo fluttering like a little bastard, and she couldn't help but let out a heartless laugh.

She smiled so much, Yu Tong stared helplessly.

It also made Cheng Yiluo see hope and struggled faster, "Uh...help...help...hmm...cough cough...cough...help..."

Chen Dailiquan didn't hear what she said, so she rolled her eyes by the way.

He deliberately raised her voice so that Cheng Yiluo could hear, "Don't you think she looks like a little **** now?"

"Look, hands fluttering, feet fluttering, and the neck is stretched old, just like the **** floating in the pool."

I also hope that someone will rescue Cheng Yiluo again in despair.

It's Dali Chen!

She would never save herself, and she might become An Xia's accomplice.

The clothes were all wet, and the embarrassed Cheng Yiluo made a painful and desperate sound in her throat, tears from her closed eyes and a choking snot flowed out.

Count on them to save yourself?

Woo woo

They will not save themselves, they will only watch the excitement.

Cheng Yiluo, who was washed to the pale by water, was struggling to grab the edge of the sink, still struggling, "You...bully...cough cough cough...!...!...ah...put...put...cough cough cough..."

An Xia didn't give her a chance to speak a complete sentence, as long as she spoke, she immediately pressed her neck and pressed her whole head into the "screaming" water.

And Yu Tong and others have said so by Chen Daili...

It's okay not to say it, but when I say it, um, it really looks like it.

He pursed his lips and smiled silently.

It's good to pull it away in no hurry, and be brainwashed by water.

Still asking for help?

Who will save.

Why would you be pushed into the sink by An Xia, didn't you have any points?

An Xia has great prestige in the hearts of the new recruits. Although they have not trained together, they all know that An Xia is not a troublemaker, but he is not afraid of being troubled by others.

Anyone who wants to mess with her will never be reluctant to tidy up.

Cheng Yiluo must provoke An Xia again tonight before he will be cleaned up.

Yu Tong and the others didn't pull people right away, so there really is no need to worry about something wrong with Cheng Yiluo.

"Look and see, I'm fine, let's go, go back to sleep." Chen Daili said loudly, her feet didn't move for half a step.

Looking at An Xia, her mouth moved silently, "How long are you going to teach her? Or, it's almost all right? It's the last night, let's live peacefully, we can't blame ourselves for this kind of popularity."

It's just like that, it can't be a big deal, but it can't be too much.

Yu Tong saw that Cheng Yiluo was indeed packing up quite miserably, and walked over and said softly: "Forget it, An Xia, who doesn't know what kind of person she is, just give her a little warning."

"Look, my clothes are all wet. Go back to the dorm and change clothes to sleep."

Only Yu Tong and Chen Daili dared to persuade An Xia, the others did not dare to speak, and only nodded, indicating that they were right.

No one asked the cause and effect, subconsciously, it was already believed that Cheng Yiluo had made a mistake, and An Xia took a lesson.

Cheng Yiluo felt angry and hated after listening.

Why do you say she has a problem!

The real problem is An Xia!

Are these people blind? Haven't seen An Xia have any problems?

Angry and hate, even more aggrieved.

Chapter 537: It's dirty

When An Xia let go and sat on the ground, Cheng Yiluo, who was soaked in body, cried "Wow", coughing and crying, watching, it was like a group of people bullying her alone.

"You...you...cough cough... bullying... cough cough... bullying me, I want to... I want to tell the class... the monitor..."

When she was out of breath, she cried and said, Chen Daili laughed directly when she heard it, "Go, go, do you want me to help you go now? Go, I don't dislike you, I will help you go!"

"I have to see what you have done, so that An Xia will take care of you!"

Really come over and drag people forcibly.

Cheng Yiluo persuaded instead, "Let go of me! Let go of me!"

Beat with both hands, Chen Daili is not allowed to touch herself, "Don't be pretending here, don't touch me!"

"Who would like to touch you! Touch you, I have to wash my hands for a long time!"

Arguing with Chen Dali, asking for trouble

An Xia wiped the water on her face and hair with a towel, packed her toiletries, stood in front of Cheng Yiluo, who was sitting paralyzed, and stared coldly, "You finally complain to Chang Zhanjiang Gao and Tan Zhi. Say the first word you said to both of them without missing a word."

"I want to see what they two will do with you!"

Dare you?

Naturally dare not!

"They should..." He wanted to accuse him angrily, and then swallowed it suddenly, and fear flashed in his eyes when he looked at An Xia.

An Xia...

Different from others.

She will not speak, she will only get started.

Just like just now, I didn't give myself a way to survive.

There was a chill, and I dared not say any more.

With just such a bit of courage, An Xia sneered and walked out of the wash door with the small yellow basin.

Behind her, Chen Dali followed closely, "What stupid she said just now?"

"It is said that I have a shameful relationship with the leader of the first camp." An Xia said lightly, and everyone behind him was directly stunned.

Peeping at each other, unable to speak.

There was only one thought in her mind: An Xia didn't even mutilate Cheng Yiluo!

After a while, Chen Daili murmured: "She really should have to wash her mind well. She is so stupid that she has never seen it before."

"I will suffer a big loss in the future." Yu Tong said in a low voice, then looked at An Xia, and said softly: "She is talking nonsense, don't let her influence you."

An Xia twitched her mouth slightly, "Just her, can she still affect me?"

A small person who is not a small stone, still want to influence her?

But the wind blew over, and a bit of dirty dust on her pants was stained. It took a few minutes to take a clean shot.

When Yu Tong heard this, seeing An Xia's expression indifferent, he did not even have disdain for Cheng Yiluo, and Quandang ignored this person, knowing that An Xia really did not take her nonsense at ease.

Too.

Who is An Xia, and how could he be influenced by Cheng Yiluo.

Several people returned to the dormitory, and no one took care of Cheng Yiluo in the bathroom.

Deserve it!

They all want to take a basin and pour water to wake her up.

In the water room, with wet hair and embarrassment, Cheng Yiluo stood up on the ground while crying.

An Xia, bitch!

Why can't I ever beat her!

why!

why!

Holding the sink with both hands, Cheng Yiluo was unwilling to stare at herself in the mirror, she was not bad, why couldn't she win An Xia!

why!

Unwilling to reconcile, the look of the person in the mirror is so hideous and unrecognizable.

Someone suddenly walked in, scared Cheng Yiluo and immediately covered her face with her hands, pretending to cry

"Cheng Yiluo."

A cold voice came from Wu Wu, the squad leader.

Chapter 538: Everyone knows you are bad

Cheng Yiluo put his hands down, his eyes were red, and after yelling "squad leader" aggrievedly, he cried loudly.

"Tonight is your last night as a rookie. I thought you had changed a little bit anyway. I didn't expect it to be my respect for you. You haven't changed anything. It's still the arrogant and arrogant person who cannot tolerate others better than yourself. Cheng Yiluo, who is narrow-minded and jealous."

Still wanting to pretend to be pitiful, Bo sympathetic Cheng Yiluo instantly widened her eyes, "Squad leader, I..."

She wanted to say, I didn't, it's not my fault...

Wu Wu didn't want to listen to her explanation. The teammates in the same dormitory heard all the unnecessary words she said to An Xia, and returned to the dormitory to tell all the teammates without missing a word.

She was so angry that she was shaking all over when she heard it.

He even framed An Xia as having a shameful relationship with the leader?

Can you say such a thing?

Once it spreads out, if someone believes it, doesn't she know what the consequences will be?

She is going to ruin Anxia and the leaders in the camp!

Its heart is so vicious.

Now standing in front of her, it took a lot of effort to restrain the urge to slap her.

With a cold face, she interrupted Cheng Yiluo directly, "Don't pretend to be pitiful in front of me. We all know what kind of person you are. People are hypocritical, selfish, arrogant, narrow-minded, jealous, small... Cheng Yiluo, this is us Everyone's impression of you."

The cold voice beat Cheng Yiluo fiercely like a whip, not on the body, but on the face.

Cheng Yiluo's face was even paler than before.

How can it be!

How can it be!

Talk about panic!

Talk about panic!

"No, no, squad leader, you lied, you...you are partial to Anxia, you...you are all partial to Anxia, you are all against me, you are all against me..."

She is Cheng Yiluo!

In the past, she was the enviable Cheng Yiluo wherever she went.

She is beautiful, good study, good sports, loved by her parents, held by her teacher, and envied by her classmates. Even neighbors in the community praised her for being smart and sensible.

How could she be the one the monitor said in her mouth!

Seeing this, Wu Wu didn't feel much anger in her heart.

He sneered and sneered, "For you? Who has time to target you? What do you have worthy of us against you? Not that we are aiming at you, who are trying to show off every day?"

"Cheng Yiluo, no matter how you pretend to be pitiful, you can't hide your ugliness. I don't want to listen to your grievances at all. Because you are all looking for it!"

"Although An Xia is deserted, she never has a bad relationship with others. How magnanimous she is, how hypocritical you are! How capable she is, how small you are!"

"You are not as good as An Xia, what everyone knows! Why not be unwilling to be here? Everyone knows that you are not as good as An Xia, an iron fact. An Xia, she is you who never want to outperform you in your life! "

"Your jealousy, your villain behavior, and your slander will not have any mission effect on An Xia!"

"Because, we trust Anxia, and you, the dirty villain, who believes!!"

"Fortunately, you will leave me tomorrow. I don't have to face you every day. I wish you a bright future here in advance."

After speaking, Wu Wu didn't stay anymore, turned around and left.

As soon as I walked to the door and turned around, Leng Sui couldn't accept it. Someone who was hit hard, "You can also go to the bosses to complain now, and An Xia and I are waiting for you to find!"

As long as she dares!

She must stay with her to the end.

See you for the first time since she has lived for more than twenty years for such a person!

The best and wonderful work!

Chapter 539: Confrontation

How dare Cheng Yiluo!

She was thinking of going to Wu Wu to file a complaint just now, so that Wu Wu would react to the matter and criticize An Xia severely.

As a result, she was severely criticized by Wu Wu.

Also said she...

Also said she...

It's not as good as An Xia!

She also said so many ugly things!

Seeing it clearly, these people are all partial to An Xia, and she hasn't looked for anyone!

No one is looking for!

unless

Unless one day, she completely beat An Xia!

Only then, these people will not be partial to An Xia, and will believe every word she says.

Dragging the wet steps, Cheng Yiluo thought of walking towards the dormitory with resentment.

She wants to win An Xia every day, thinking about it all the time, but how can she win An Xia?

It is impossible for the first camp to win. If all the new recruits leave tomorrow, there will be no chance to win Anxia again.

"If the **** and I go to the same team, then there is a chance." Standing at the door of the dormitory, Cheng Yiluo whispered lightly with a gloomy expression.

If you really get a team, that's good.

That's good.

After changing clothes, Cheng Yiluo lay down in the dark, staring at An Xia on the upper bunk on the side, praying in her heart that what she wanted could be realized.

God did not hear her prayer.

The next day, everyone except An Xia got home.

The new recruits were not given too many opportunities to say goodbye, and the vehicles that picked them up had been parked in turn, just waiting for them to get in.

Cheng Yiluo took the opportunity to rush to Chang Hu and said loudly: "Report!"

"Say!" Chang Hu stopped talking to An Xia, and the tiger looked at Cheng Yiluo with great power.

He already knew what happened last night.

I didn't look for Cheng Yiluo again, but because I was leaving, I was criticized and educated by An Xia and Wu Wu, the squad leader. As a three-star fighter, he really didn't need to go and talk to a new member in person.

Unexpectedly, she still had the guts to run to her.

Let's listen to what she has to say.

An Xia also looked at him coldly, but wanted to hear her give a short report.

"War commander, I want to know where An Xia is going? Does she have a place to go?"

This question is so clever.

Chang Hu saw through her cleverness and said indifferently, "What? Do you think Anxia has nowhere to go?"

"Yes! Because all of us have assigned vehicles, but Anxia doesn't!" The voice was louder, sharp and harsh, "So, I want to know if she has nowhere to go."

After Chang Hu listened, he didn't want to admit that this person was a new recruit from his first camp.

What a **** shame!

"You should take care of yourself, An Xia, you don't need to worry about it."

After speaking, Chang Hu told Cheng Yiluo to retreat.

I continued to An Xia: "...I will come to pick you up soon, do you want to talk to the soldiers of the sharp knife squad now?"

An Xia did not expect that the time she was leaving had changed, and a helicopter would fly over to pick her up.

Hearing this, he said: "Okay! I'll pass now."

The helicopter is about to arrive, and she only has three minutes to say goodbye to the sharp knife squad.

Unknowingly, Cheng Yiluo watched, believing that An Xia's anxious departure was actually evading her own question.

Sure enough, as she guessed, she had nowhere to go.

"Chang Ying, you don't want to say that you actually want to cover up for An Xia."

Stopping An Xia, she said with a certain face: "I have not guessed wrong. An Xia didn't have it a few days ago. She was assigned to the team. As a result, she was returned by the team. Now she has nowhere to go! wrong!"

Above, the sound of a helicopter came.

It's here to pick An Xia.

Chapter 540: Too failed

The "boom" of the helicopter hit Chang Hu's ears at this moment, like a thunderstorm after another, hitting him with a three-star warrior, and he didn't recover for a long time.

After a while, he took out his ears and asked An Xia unsurely, "Just now, did you hear what she said? There were too many noises from the helicopter, and I was not sure if I heard it wrong."

Cheng Yiluo needed An Xia's answer.

Jiao laughed, "Didn't Chang Ying hear clearly? Then I'll say it again. I now suspect that An Xia was actually assigned to the team a few days ago, and now she suddenly came back. It's not what she said to help out! "

"But the assigned team didn't want her at all and returned her again!"

This time, Chang Hu was sure he heard it right.

Clearly and clearly!

Having lived for decades, he has met such a stupid person for the first time, and he has gained a lot of knowledge!

Raised and shouted, "Who is the monitor of the new female recruit? Come to my side immediately!"

Wu Wu, who was talking to Yu Tong and Chen Daili, wanted to find a seam and got in!

Not far away, Cheng Yiluo deliberately made her voice sharp and sharp, for fear that others would not be able to hear it. Wu Wu listened while facing silently.

As the monitor, she really failed!

In the water room last night, she said and said, she didn't expect it!

Today, Cheng Yiluo went to his death to chew his tongue in front of Changying!

It was also said that An Xia was returned by the team!

It is her Cheng Yiluo who will be returned!

Trot over, stand and salute, "Wu Wu, the monitor of the new female class, report!"

There were only a few female fighters in the first camp, and Chang Hu knew them all. Wu Wu had a strong professional ability and often won prizes in some civilian analogies. Therefore, Chang Hu had a deep impression of Wu Wu.

At this moment, seeing her straightened and standing in front of him, Chang Hu slowed down his voice and said, "Squad leader Wu, you have worked hard."

Um?

Wu Wu was stunned.

Did not react.

Isn't it criticizing her? ?

"You were talking to a few female new recruits just now, right? Later, you will tell them a few words on my behalf." Chang Hu really feels that Wu Wu has worked hard. There is a new recruit like Cheng Yiluo who really needs it. A certain endurance can withstand it.

When Wu Wu heard that he was not criticized, he secretly breathed a sigh of relief, "Please tell me!"

"Tell them that after going to the team, Lao Kee needs to be a down-to-earth person and take every step steadily. Especially don't be smart, self-righteous, pretentious."

"One from the first camp is enough. Don't leave the second. Go ahead and talk to them."

Wu Wu shouted "received", turned back and left.

Cheng Yiluo, who had not left, heard his face turn blue and white.

Those words just said clearly... They clearly refer to Sang cursing Huai, talking about her!

Shame and annoyed, even more unwilling.

"Changying, did I make a mistake? Or did you mean to cover up?"

Not reconciled, how can I ask for a result.

What's the status of Chang Hu, the boss of the first camp, a three-star warrior!

Still need to explain clearly to a little newcomer?

No need at all!

However, he Xiang Zizhu, for this kind of self-inflicted humiliation at the door, Chang Hu felt that it was necessary for her to achieve her wish.

With deterrence between his brows, Chang Hu glanced at Cheng Yiluo with heavy eyes.

Coldly said: "Shield, you will deduct me for this crime. If you don't give you an answer today, it seems that you will not give up."
