Chapter 641: He can cooperate

Fu Siling is in a good mood right now.

He also felt that the assessment was too calm!

Unexpectedly, there will be a different stimulation immediately.

Lei Lian also knows the others!

He smiled and asked, "Or, what can we do for them?"

There is so much that can be done!

Lei Hongtao hadn't spoken yet, Fu Siling had already thought of hundreds of things to do.

Why don't you have a door-to-door assessment?

want!

Everything!

He can cooperate!

Lei Hongtao had already heard the excitement that Fu Siling wanted to rush away immediately, as well as the schadenfreude hiding under the excitement.

There is a headache for such a troublemaker.

Rubbing his temples, Lei Hongtao said: "There will be a situation at three o'clock in the morning, you can arrange it yourself."

"Received." Taking it seriously, Fu Siling was even more serious in his voice.

At three o'clock in the morning, it happened to be the best time to sleep, and when his vigilance was weakest, he had to think about how to make arrangements.

It must be how to stimulate how to arrange.

"Lingshen, someone is coming."

Jiang Wenbin, who was observing the surroundings, whispered: "Not bad, I really arrived."

Not only has it arrived, but it has also arrived early.

Needless to say, it must be the No. 1 team that Anxia is in!

Anxia's No. 1 and No. 7 teams arrived at the meeting point three minutes earlier.

"Stand at attention! Look to the left! Look forward!"

The captain Miao Hai assembled the two teams. After finishing, he walked in front of Fu Siling, raised his hand, saluted, and said loudly: "Report instructor, Team No. 1 and Team No. 7, there are actually 17 people. There are 17 people. Please advise."

There were 8 people in the first team and 9 people in the 7th team.

To be precise, it is a twenty-four kilometers trek.

Fu Siling nodded and stood in the middle of the queue, his gaze swept across the faces of the soldiers, and asked directly, "Apart from An Xia, who else has found a problem with the map?"

Who else?

No one.

Only An Xia found a problem with the map.

The first question asked the fighters with shame.

No one spoke, and there was no other abnormal noise other than the "Woo" wind.

Fu Siling sneered. In the light of the moon, his smile was tinged with the coolness of the moon, and it was so chilling.

"Just one person found the problem, you ask yourself, are you worthy of the clothes you wear? Are you worthy of cultivating your team?"

"Don't you think you are great? You haven't noticed such a small problem. Do you still have the face to think that you are great? Look in the mirror and recognize the facts. Don't live in fantasy all the time!"

All the combatants were blushing and wishing to find a hole in the ground.

I'm really sorry to train my own team.

He really recognizes the gap between himself and the truly capable fighters.

In the past, I thought I was very good, but now I know that the really good fighters can kill all of them in seconds.

Shame and self-blame came one after another, and at the same time, there was a willingness to win without admitting defeat.

They are indeed worse than Anxia, but they believe that as long as they work hard, they can definitely become a special fighter!

"An Xia, get out!"

Fu Siling didn't train for too long, and his voice was raised again. This time, his voice was not as cold as before, and he was much clearer.

When An Xia came out, he listened to him: "An Xia rests on the spot, and the others stand for me! Stand until everyone is there!"

Arrived early, but still had to be punished.

An Xia glanced at the soldiers and said lightly: "Report."

"Say!"

"I'm with them."

"confirm?"

An Xia nodded, "Confirm!"

Chapter 642: Happy cooperation

Since he was willing, he had nothing to say.

"Return to the team!" Fu Siling nodded very quickly.

Changing to other fighters will also make the same choice as An Xia.

Being in the same group, sharing blessings and sharing difficulties.

An Xia turned around and returned to the team. The soldiers in the front row were still shaking their heads slightly, indicating that she didn't need to do this and quickly rest.

If An Xia hadn't found out, how could they have arrived early.

Now they are only fined for a stop, without saying that it will affect the assessment, they are already very satisfied.

An Xia smiled and stood back to her position.

It was dark night, under the sky, the wind was strong, the temperature dropped again and again, the chill came, and the coldness entered the bones.

The remains of the hills and gravel were all in the cold, and the soldiers standing in the Gobi Desert stood tall and straight. Although they were defeated, their bones were not broken.

An Xia stayed with him and didn't know that she would soon meet Mu Chenyuan, who hadn't seen him for a long time.

Mu Chenyuan already knew about it.

He was standing in the Gobi Desert with Xia Jinyuan, his combat boots of the same color stepped on the gravel, his eyes tightened, "Canglang? Sneak attack?"

On the satellite phone, Xia Houzhan smiled and said, "Well, in order to speed up the understanding of the two."

Not long ago, he discussed with Captain Snow Region how to speed up the understanding, but unexpectedly, the above arranged for them so quickly.

"There are 77 people in total, all of whom are the reserve special fighters sent by the Luer 2nd District this time. The two teams were mixed and all 77 people were captured alive before 4 o'clock in the morning."

Mixed formation means that two teams form a team and work together to complete the task.

Xia Jinyuan was in contact with General Yang. Hearing the words, he said casually: "Boss Yang, what is said is not nice? Is it to speed up our two teams to understand each other? Or treat us as a sharpening stone?"

Last time I went to the Gobi territory, I was also the Cang Wolves brigade. At any rate, I was confronted by junior special fighters who had just taken office.

Well done this time!

Become a reserve special fighter!

The difficulty is lower than once.

Do you look down on people?

Yang Zhanjiang has always had nothing to do with Xia Jinyuan, and he bluffed: "What? You still look down on people? Sooner or later, those prepared special fighters will become as powerful special fighters as you!"

"Capture 77 people alive, do you think it's as easy as last time? Just be honest, and arrest all of them before four o'clock!"

He even disliked it for training them!

Xia Jinyuan slowly ended the call, and walked gracefully to find Captain Mu Chenyuan of Powolf.

The two stood together for another pleasant chat.

"Capture 77 people before four o'clock. It doesn't feel challenging. Or, let's get some excitement?" Xia Jinyuan is also a person who has never been afraid of big things, and Lu Zi is a bit similar to Fu Siling.

However, he was much tougher than Fu Siling.

Mu Chenyuan asked: "What a stimulus?"

With An Xia, he felt that if it was not exciting, it would become very exciting.

For this training session, it is impossible to meet even in the same Gobi Desert. Unexpectedly, the opportunity to meet will come whenever it comes to it.

He also wants to make friends with An Xia and see if she makes any progress.

Xia Jinyuan suppressed his throat, "Tie them five and five together, and then throw them all away. Not only does the gray wolf lose, but it must be scattered around to find people."

"Is it exciting enough?"

Mu Chenyuan looked at the noble air in front of him, and the elegant Xia Jinyuan between his gestures and feet, the color in his cold eyes deepened a lot.

I didn't see it, it was so ruthless in front of me.

The thin lips lifted slowly and nodded, "Good idea."

So ruthless, so ruthless to a person's appetite.

He nodded, Xia Jinyuan smiled and stretched out his hand, "Happy cooperation."

"Happy cooperation." Mu Chenyuan responded calmly.

Chapter 643: People who eat melons, life is important

Seeing this, the soldiers of the Snowy Brigade of the Masses Eaters got a bite of blood stuck in their throats.

Is there a mistake!

Say good love rivals, say good things to add to the block?

How can we still have a good conversation?

Which ring is wrong?

"I said I want to add to the flames, look, look, I didn't push, where are the waves!" V8 gritted his teeth, and the combat boots crushed a small gravel, and there was a small pit on the sandy ground.

It's not going well for Team Xia, but the result is!

He had a good chat with the Mu team of the Wolves!

T6 thought for a while and whispered: "Is it that Captain Mu didn't mean that to Blue Bird? Did we misunderstand?"

I'm afraid it is!

Otherwise, with King Q's careful eye, how could it be so kind to Captain Mu.

He has not had a good face to diplomatic spokesman Qin Xiu, even if he has had a few life and death acquaintances.

She smiled on her face, but her eyes were cold.

Z7 Han Zheng thinks so too.

He squinted his eyes and started thinking about how to do damage.

These days are too boring, I really want to find some hard work, to vent the energy that there is nowhere to vent.

K7, who had just come up with a sabotage idea, hadn't said a word, interjected in a muted voice, "You don't want to die, just go."

As a result, K7 has always had no ups and downs, like a steel knife, which fell directly from the sky and pierced everyone's forehead.

A chill rose from the soles of the feet, and several people shuddered severely.

T6 was the first to give up, "Forget it, it's important to save your life!"

You can watch a good show, and you must not do anything to destroy it.

Soon, V8 also gave up, "I also give up, Z7, if you are not afraid of death, you go. Brothers wave the flag to you."

Only in the heart, you can't wave a cheer in your mouth.

Z7 gave a few people a white look, "Am I a fool?"

He didn't show up and instigated him to go on his own, a group of unscrupulous guys!

Forget it, forget it, it's still important to save your life.

Just thinking about saving his life, after a glance, Z7's eyes suddenly lit up.

Good guys!

The brothers of the broken wolf brigade surrounded the blue bird!

Clenched his fist, Z7 said excitedly: "No need to make a move, the brothers of the Broken Wolf team are awesome!"

Hahaha, hahaha, what a good brother!

Seeing that they were depressed, I immediately came forward for them

Hahaha, hahaha, so cool!

The relationship between Jade Bird and King Q is definitely not something ordinary people can destroy.
but!

They just want to see Q Wang Tiandu's expression.

There is no way, King Q is too strong and completely crushes the team in all aspects. A proper winner in life, it is difficult for them to see King Q add to the block.

Now that there is a chance that King Q can be blocked, I really don't want to let it go.

The members of the Snow Territory Brigade, their own internal gangsters, that one is called "Heartless" and is limited to their own internal gangsters.

But if the people outside are black teammates, ha ha!

Contacting the whole team will let that person know what a "beaten" is.

The T6, V8, Z7 and other snow brigade members will look at the captain Xia Jinyuan, who has not been noticed so far, for a while, and then look at the brothers of the Wolves brigade around the blue bird.

Inwardly, I'm so excited!

The small bench has been moved, waiting for King Q to be jealous!

The people around the blue bird were not others, but Cheng Ming, Qi Xingsu, deputy captain Wei Ji who believed that their captain was a scumbag, and Ying Que, who was forcibly dragged over.

Ying Que actually wants to get close to the love rival of a good brother.

"Don't move, stand still." Cheng Ming stared at him, not giving him a chance to leave, "You don't want to see An Xia and the Mu team fall out."

Chapter 644: Mutual exchange

Ying Que has a headache.

Chin sighed at the two teams who were talking about each other, "The two right angles are not doing well, what are you worrying about? Can you zoom in on the pattern? For example, do you have a boyfriend?"

On how painful it is to be a member of the steel straight man.

Obviously very simple things, either want to be complicated, or complicated and simplistic.

Cheng Ming was a little moved, and said, "That would be too rude."

"I'll ask, it's always done."

Ying Que, who just wanted to solve it quickly, took the initiative to take the matter to him, and Cheng Ming was a little surprised when he heard it.

I glanced at him, and asked unsurely, "Are you asking? Are you asking? Are you asking?"

Ying Que is a well-known cunning thing in their team, he can do it, but it is impossible for him to do it himself.

Too much trouble.

At this moment, he actually took the initiative to ask him to ask, which is not quite right.

Ying Que really asked.

It's not very straightforward.

When meeting for the first time, it was really rude to ask the female fighters if they had any boyfriends, so you can ask them in another way.

Ying Que smiled and said, "Are you the only female soldier in the Snow Brigade?"

Ye Jian, code-named "Blue Bird," has eyebrows bent, "Well, it's only me at the moment."

"There is still a female soldier in the Snowy Brigade anyway, and we have no one in the Broken Wolf Brigade!" Ying Que sighed, "I hope that in the near future, our Broken Wolf will also have a female fighter."

Ye Jian thought of An Xia, "There will be in the near future."

Their Mu team has already been eyeing An Xia.

She originally wanted to dig An Xia over, but in the end, she gave up.

"Then your Snow Territory Brigade didn't think about recruiting more female fighters?" Wei Ji also asked, telling him instinctively that Ying Que spoke up suddenly, there must be something wrong.

Years of getting along, tacit understanding has long existed, and cooperation is seamless.

Ye Jian did not seem to know what their real intentions were, and responded very cooperatively, "I have always had, but I have never met a very suitable female fighter."

"I met someone some time ago, but it's a pity..."

After a short pause, the appetite of the members of the wolf brigade was smashed. Then, he curled his lips and went on slowly, "Unfortunately, she is a female fighter from the second area of your land."

There is no mention of Mu Chenyuan. The members of the Wolves Breaking Team don't know An Xia. With their cleverness and politeness of advance and retreat, they probably won't break the casserole with her and ask them to the end. They will go to Captain Mu privately. Ask who it is.

The same with the ace combat team around them, they know that the female fighters that can be seen are absolutely extraordinary. Since they are from the second area of the land, and they want to have a female fighter in their team, they will definitely take action.

Ying Que and Wei Ji looked at each other without a trace.

Wei Ji thought that some time ago, Team Mu and An Xia had assisted a certain special fighter in Lu No. 1 area on a mission. The deputy team of the Snow Region mentioned the female fighter in Lu No. 2 area. He only thought of one. People: An Xia.

With a move in his heart, his brain kept spinning, and Wei Ji secretly breathed a sigh of relief.

He is 100% sure, Blue Bird knows An Xia!

Now that you know An Xia, you don't need to ask if Jade Bird has a boyfriend.

Ying Que shot, really powerful.

"Then I have to raise a tie with the Mu team. We cannot be snatched from the female fighters in the second district by the first district." Wei Ji smirked deceptively, "the female fighter who can make your team rob someone. , Must be very powerful, we have to start in advance."

"Maybe it's really possible to become a female fighter of our Wolverine Team."

Chapter 645: I've lost my studies

With a simple and honest smile, Ye Jian looked at it, very familiar.

The Snowy Brigade does not lack this seemingly honest smile!

"Then you can hold on tight, I haven't given up yet, I want to **** people over at any time." Ye Jian blinked, with a sly smile in his eyes.

After following the Xia team for a long time, Xiao Jian'er has also failed to learn.

The possibility of snatching Xia Xia over is zero, but it does not prevent her from scaring the wolf.

Wei Ji smiled even more silly, "Fair competition, very good, very good."

Hahaha, give up Lu Yiqu!

With the Mu team here, how could it be possible to steal An Xia.

Unless An Xia has no interest in the Mu team, the talents in Luyi District may be taken away.

No, he has to remind Team Mu at all times to catch An Xia!

With the appearance of Team Mu, I don't know if I can chase An Xia without seduction?

Sad, An Xia didn't look like a girl who could be easily seduced by sex.

do not care!

Let the Mu team try the seduction first!

Just as Wei Ji was thinking about how to coax their Mu team to lure An Xia, over there, Xia Jinyuan had already taken the shoulders of Mu Chenyuan, and taught the experience of chasing girls as a person over there.

"Brother, it's not easy for us to talk about a girlfriend in this industry. Since we have a goal, we have to attack quickly, accurately, and ruthlessly, step by step, and enter the girls' lives little by little."

"Don't be too anxious. You need to be patient. If you're too anxious, it looks pretty glamorous. First of all, you have to learn to think for her from a girl's point of view and think for her."

"It also depends on what her personality is, a strong girl, you can't do her things for her, secretly pay attention, first see whether the matter is big, and then see if she can solve it by herself. Remember not to be self-righteous and forcefully replace her. She works!"

"This is a big taboo, Fei Dan will not thank you, and will stay away from you."

"For a girl with a soft temper, I definitely hope that her boyfriend will stand up and stand up for her and support her. As long as she is responsible for beauty, the wind and rain outside will be carried by her boyfriend. Then you can do it. Solve all the troubles for her and spoil her as a little princess."

"There is also a kind of girl, they like gentleman's friend, hope you can show up when you are around, and don't want you to be around, you have to leave as soon as possible, don't bother her."

Thinking back then, Xia Jinyuan recalled that when he chased Ye Jian back then, there was a lot of resistance.

His little fox is too smart, and his young age is so keen and terribly powerful.

Just found out that he had such a little thought, and immediately fled, for fear of being entangled by him.

There is also an old uncle and uncle Chen. The little fox who taught him every day must be independent. Don't rely on anyone. It's better to rely on yourself. So that his little fox becomes independent until the sky falls, she can grit her teeth and carry it by herself. .

Strong enough to make him feel bad.

The stronger and more independent he is, the less he can let go of her.

Since Jingcheng was in Jinshi, he slowly walked into her world from the moment he handed out the confession letter, pulling her to run forward together.

When she is tired, he will stop and accompany her appropriately, and then tell her the thorny road ahead. If you want to walk out of a Zhuangkang Avenue, you must stand up and face it bravely.

He has done something even worse...

"At that time, she was not as strong as she is now. After a simulated actual combat training, I sent her to the hospital."

"The kind that really fights, I forgot that she is my favorite girl when I fight, but thinking, I must let her understand how cruel the battlefield is, and if you are careless, you will die."

Chapter 646: It's all about experience

These words in his heart, Xia Jinyuan really did not confess to others.

Even his teammates did not mention it.

What can I say.

Speak out, let those guys laugh for nothing!

He whispered, his voice was very low, but he was extremely heavy, "In our business, we sacrifice too much. If we want to come back alive, we have to train hard. Beat her, I feel uncomfortable. It is no exaggeration. Every time I beat her, I am here. ..."

Pointing to the heart, "It hurts, it hurts as if there is a knife cutting the meat. After the incident, I was scared again, and I was too cruel, would she ignore me? Don't want me? Would she understand my painstaking efforts? "

When Mu Chenyuan heard this, his heartstrings tightened.

When he was training An Xia, he was ruthless, and he didn't treat An Xia as the girl he liked, and treated him equally. He had never been merciful because she was a girl he liked.

It's not being good to her, it's hurting her.

After the ruthlessness, he did not worry as much as Captain Xia, taking for granted that An Xia would understand her.

He took it for granted!

I did not expect that Anxia might not understand it!

There was a cold sweat on his back.

Straining his throat, he asked senior, "What happened then? How did it solve it?"

"When she was bandaging, I thought, if she ignores me, I don't want me, and I won't give up, stalking and stalking her face."

"What happened later?" Mu Chenyuan was so nervous that his palms were also sweaty.

Later...

Xia Jinyuan smiled and looked for his little fox with gentle eyes, "Later, she didn't ignore me and didn't want me. I understand why I did this."

"Since then, I have even more determined that she is the wife I want in this life, and I will never let it go."

Mu Chenyuan closed the corners of his mouth.

My heart began to feel anxious.

I don't know if An Xia will understand him.

He wants to explain!

In the future, you can no longer think so for granted, you must think from her perspective, and you must know how to explain afterwards.

Thanks to Captain Xia's reminder today, otherwise, he will make a big mistake again.

Mu Chenyuan, dressed in a cold sweat, sincerely thanked his senior, "Thank you for reminding me that I knew I had made a big mistake unknowingly."

Um?

There are circumstances.

Withdrawing his sight, Xia Jinyuan raised an eyebrow, "Is also a female fighter?"

"It's the same as the blue bird." Mu Chenyuan smiled slightly, so he broke the relationship between the snow captain and the deputy captain.

Xia Jinyuan was silent before saying: "I can see it? I'm very obvious?"

"Fortunately, it's not specifically obvious." Mu Chenyuan glanced at a certain place, where his group of players who were not afraid of death surrounded Captain Xia's girl, still chatting not afraid of death.

Three seconds before Xia Jinyuan's line of sight arrived, the wolf-breaking fighters who were not afraid of death dispersed.

The members of the snowy brigade of the masses who eat melons: "!!!"

A convex face!

Is there a mistake!

Drop the chain at a critical time?

and also!

Why does King Q take the shoulders of the captain of the broken wolf, and the two brothers have a good chat?

Is the relationship between love and rivals so harmonious?

A slender black shadow stood in front of the people eating melons, smiling but not smiling: "I'm disappointed, isn't it?"

!!!

No, not disappointed.

V8 straightened his back and replied with a serious face, "Report to the deputy team, we are very anxious, and hope to leave soon. Or, the deputy team asks the captain, when will the pick-up car arrive?"

The two teams arrived, but the car that sent them into the Gobi Desert has not yet arrived.

Chapter 647: Better than relatives

They are all in the same team and have been with each other for many years. It is not an exaggeration to say that the blood relatives don't know them as well as the players.

How deep is it?

A look, an action, even a single cough, immediately knew what the teammates were thinking.

Ye Jian has joined the Snow Brigade for a few years. Before joining the Snow Brigade, there were always a few times throughout the year to perform missions with the Snow Brigade.

The understanding of each teammate is deeper than the understanding of relatives.

V8 turned away from the subject seriously, and she directly exposed the small movements they had just under the dark. The clear black eyes were smiling and gurgling, like a clear pool in the moonlight mountain stream, cold as a mirror, and she reflected everyone's small movements hidden in their hearts.

"I know Captain Mu, it's a friend of mine. And this friend of mine has an extraordinary relationship with Captain Mu. Similar to the relationship between me and Team Xia, you guys, do you want to see what rivals meet? , Tit for tat, punches and kicks and other scenes..."

"Don't think about it, it doesn't exist."

V8, T6, Z7 and other melon fighters: "!!!"

There was confusion on his face, a silly expression of "I don't know what you are talking about".

In fact, all kinds of complaints in my heart are crazy!

Is there a mistake!

After a long time, they made a mistake!

There is no such thing as a rival but not a rival!

The reason why Blue Bird smiled at Captain Powolf is because she knew Captain Powolf's girlfriend!

Depend on!

That's too much!

Is it easier for the captain to find a girlfriend?

Their captain has a girlfriend, and the captain of the broken wolf also has a girlfriend.

snort!

They want to usurp the throne!

Defeat the captain and become the captain by yourself!

Z7, who wanted to usurp the throne, smiled and said in favor: "Captain Powolf also has a girlfriend? He and King Q are both young and promising, winners in life."

"If you have the opportunity to ask him for advice, see if there is any good experience. Brothers will learn to chase their girlfriends later."

T6 Wu Xu quit the group chat, grinning, "I'm sorry, I'm married."

Yes, he and An Jiaxin are married, and the child is one and a half years old.

In a few years, children will be able to make soy sauce.

Why did you join the group chat just now? It's not because he and his wife and children haven't seen each other for another year and a half!

Ye Jian curled her lips, "You didn't make any less booing just now. I will contact Jiaxin and talk about you by the way."

"Deputy team, I was wrong!" T6 admitted the wrong thief quickly, and immediately betrayed his teammates for himself, "It's none of my business, it's the beginning of Z7! I was forced to join in order not to be excluded!"

Z7 lifted his foot and kicked straight to T6 calf, "Damn! You were the most excited on your side just now, now let me back the pot? No way?"

T6 rose up to resist, "It was you originally, it was you, it was you! Don't be sophistry, God is watching."

"Ah, don't fight, don't fight, what are you fighting?" V8 was anxious to join the fight.

"How can you be like a three-year-old kid, you can fight as soon as you say, and you are not afraid of being laughed at by the brothers of the broken wolf brigade."

"Quickly pull them away, one is more rude than the other, can you be a little more civilized!"

The two fighting each other fought farther and farther, the brothers who persuaded the fight were very worried about the two, and followed the more persuaded further and further, finally...

It's not the end!

All slipped.

Fighting is fake, slipping is real!

It's normal for the fighters to make a small mess, and no one can rest assured.

Ye Jian also knew that they had done it deliberately, standing in the same place smiling and watching the background of the players leaving, in his eyes, there was no loneliness in the past.

Chapter 648: People, have to look forward

She has walked out of the darkness and returned to the sun, and those past have faded with time.

As Grandpa Gen said, people have to look forward.

As if perceiving something, he raised his eyes and looked at the top of the small **** five meters away.

In an instant, Yan Li's face had a peach-like smile, and the Xia team standing above Xiaopo was looking at her.

The two looked at each other and smiled. V8 and the others, who did not go too far, felt that they were pierced by arrows.

The whole time was nearby, K7, who had no sense of existence like a transparent person, raised his eyes, his calm and stagnant eyes lightly moved, and he looked down again and continued to be his transparent person.

A group of fools, the blue bird shot, and cleaned them up in minutes.

Add another Q king, ah, after returning to the team, they are all waiting to peel off.

I'm being troubled by them again!

K7 was lying on the gravel ground with his chest hugged, and his thin, bloodless lips seemed to rise a little.

Mu Chenyuan also followed Xia Jinyuan's line of sight and glanced in the direction where the blue bird was standing, and then said: "Disaccompany."

He and the captain of the snowy area had a very happy conversation, and after the communication, he naturally had to leave the field with interest.

Can't be that light bulb anymore.

Light bulbs or something, very irritating!

Mu Chenyuan was going to talk to the fighters on his side for a few days.

"Don't worry, except for official business, I will never get in there." Cheng Ming patted his chest and assured that the blue bird is a special agent in Lu No.1 District, and not from them in Lu No.2 District. What is he all right to do?

Wei Jize explained, "Just now, we talked to Blue Bird for a reason."

Mu Chenyuan glanced at him lightly, and his cold expression had already expressed what he wanted to say.

Wei Ji, who knows in seconds, clenched his fist to his lips and coughed awkwardly, "You know Jade Bird and smile at her. We are worried."

Shaping his eyebrows, the aura on Mu Chenyuan's body instantly became much colder, "She knows An Xia."

"Cough cough cough, I see, a misunderstanding, a misunderstanding." When talking about An Xia, Wei Ji's face suddenly became serious. "Qingniao said, Lu Yi District still wants to dig An Xia past. Does Xia Hou know about it? "

"She can't dig away." Mu Chenyuan's face was as usual, and he said calmly: "Xia Hou Zhanjiang also knows."

Xia Hou Zhan will know?

That's good.

Wei Ji breathed a sigh of relief, and said in a lower voice, "Team Mu, we can't be too sure, we have to make two-handed preparations. It is necessary to make sure that Anxia cannot go to Luyi District."

Cheng Ming heard it and asked quickly, "What else should I prepare? I also think it's impossible for Miss An to go to Luyi District."

"How can't it be! As long as Miss An does not become a member of our Wolverine Team in one day, it is possible to go to Luyi District in one day! You still have to make all-out preparations!"

As he said, Wei Ji looked at Mu Chenyuan with scorching eyes, and made very limited and true suggestions from his heart, "Team Mu, why don't you think about seduction."

"I'm watching, Miss Ann seems to be treating you..."

Looking down from Mu Chenyuan's face, from head to toe, from toe to toe, Wei Ji ignored Mu Chenyuan's dark face and continued: "Miss An seems to be very interested in you, or you sacrifice Take a look? Coax Miss An?"

"Miss Ann is good-looking and capable, and you won't lose a sacrifice here. As long as Miss Ann can see you, Team Mu, you will go!"

...

The wind was a bit strong, until Cheng Ming was faltering. No, it was too big. Before he was blown away by the wind, he had to find a place to hide from the wind.

Chapter 649: Don't be too naive

Wei Ji completely bit the bullet and finished.

The matter started, half of the story was said, and I wanted to swallow it and pretend that nothing happened. How could it be possible.

It's already reached the point where the head is stretched out, and the head is shrunk. It's better to be happy and finish in one breath.

After speaking, Wei Ji escaped.

Luckily, they were sent to the Gobi truck.

It wasn't that the trucks were late, but that the two teams, Powolf and Snowland, were moving too fast. The team responsible for transporting was arranged immediately after receiving the notice. The speed was so fast that they had arrived half an hour earlier. I didn't expect that the two teams were already waiting.

The car lights are as white as snow, illuminating the surroundings.

Mu Chenyuan gave Wei Ji a cold look, turned around, and walked towards the parked truck.

That means, it will definitely settle accounts after autumn.

Wei Ji wiped the sweat coming out of his forehead, and then took a deep breath, grabbed his mind, and did his business!

"Assemble! Assemble!"

The voice is raised, the whole team assembles, let's go!

After getting in the car, Cheng Ming, uneasy, approached Wei Ji and asked, "Vice team, did you talk to Team Mu? What did Team Mu say? Lu Yi District wants to grab people, we can't be unresponsive."

You must be at ease with such major events.

What's more, An Xia and the Mu team are a bit interesting to each other.

Lu Yi District really wants to take An Xia away, so I am worried that the Mu team will not find a girlfriend in the future.

Cheng Ming broke his heart for the life-long event of the captain.

Wei Ji patted the dust on his body and replied slowly, "Team Mu said that he intends to seduce An Xia."

The sound is not loud, and it can be heard by the brothers of the surrounding wolf team.

All eyes stared straight.

What did they hear just now?

Seductive?

An Xia?

Oh rub!

Is it so amazing?

Wei Ji accepted the shock from the brothers, his face was calm and calm, "What is shocking, I have never seen each other. The seduction I said is not as yellow as you understand. Look at you two by one, thinking about it every day. what."

"Excuse me, the deputy team, can you explain what kind of seduction you are talking about, and how it is?" Some fighters were keen and studious, and asked very seriously.

After the question, with Cheng Ming as the leader, they all looked at the deputy team seriously, and they wanted to know too.

Wei Ji said, "Is it still necessary to explain? The team is long and beautiful, and it is pleasing to watch without talking. An Xia is a little girl, innocent. If the team leader says a few good things, isn't it?"

Obviously it is casually made up, and it can also be serious.

Fighters, the gossip that finally burned up was gone in an instant.

"Chee, deputy team, do you think we are three-year-olds?"

"Will we play, relax before training?"

"Sexual temptation can be explained so neatly by the deputy team, and the deputy team is also a talent."

...

No one believed Wei Ji's explanation. In the end, Cheng Ming faintly summed it up, "Vice team, you have become bad. You weren't the way you used to be."

The former deputy team, how good they were, always answered questions, and never fooled them.

Wei Ji looked at this group of unsatisfied fighters, silently sad.

Children, I am also thinking of you.

Enjoy the time before returning to the base. After returning to the base, the dark days will last for a long time.

Wei Ji, who had endured all the pain alone, closed his eyes and didn't join the group chat anymore.

Ying Que was sitting on the far end of the back of the car, looking at the dim night outside with a deep sense of light, and he didn't hear Wei Ji's words with much thought.

He was still thinking about Captain Snow.

Just now, I wanted to go to him for inquiries, but before he approached, he was shocked by his fierce beast-like eyes.

Chapter 650: Hidden Ruthless

Ying Que never knew that a person's eyes could be so fierce.

At that moment, he actually had a sense of horror that his soul had been torn apart by his eyes.

I remembered what my good brother Qin Xiu had said again in my mind, "A Que, never provoke him, it will be terrible to provoke him. Keep your distance and don't come close."

Will it be terrible to provoke him?

How miserable is it?

My self tonight knows a little bit.

The look in his eyes was so terrifying, the Xia family prince had hidden deeply enough for so many years.

In the capital, even people in the upper three families thought that the prince of the Xia family had done nothing for many years.

Qin Xiu mentioned in front of him many times that the prince of the Xia family was far less simple than the surface. Although he believed it, he didn't think too deeply.

Until today, I didn't know how powerful and terrifying the prince of the Xia family was.

The body is bumpy, Ying Que has thin lips, and the eyes that have been looking at the night, seem to be stained with the darkness of the night, and the color is getting more and more dull.

The stars in the sky flickered, and the wolf howling came from the depths of the Gobi Desert.

An Xia stood in the line without squinting, waiting for the soldiers of the second and fifth teams.

At this point, the members of the first team had stood for a full hour.

All of them were carrying their backpacks, letting the cold night wind blow, standing motionless, as if standing for a thousand years.

Seeing this, the members of the No. 2 and No. 5 teams were surprised.

Why are you still standing?

Was it the same as the two teams that did not arrive within the prescribed two hours, so they were fined to stand?

In my heart, quietly relieved.

Everyone was late, and the psychological pressure was relieved instantly.

I just don't know who is early and who is late for Team One and Team Seven.

Even though they were all punished for standing together, there is still a difference between sooner or later.

Ye Youyin's thoughts are more complicated.

Seeing the fighters of Team Seven, his eyes flashed with misfortune.

They were there!

Did you run into team No. 1 and arrived together?

Or did they not run into each other, but arrived one after another?

She prefers the latter!

Because, she also mentioned before, if the first team discovered that there was a problem with the map early, did they not tell the other teams that the entire team arrived at the assembly point on foot.

The seeds of suspicion have been planted in the hearts of the second and fifth teams. She didn't want An Xia to have a chance to pull it out.

It may be that the No. 1 and No. 7 teams have no female fighters. Ye Youyin, who walked in front, saw An Xia at a glance, and Qiu Shuiming's tired eyes passed by coldly.

Ye Youyin suddenly clenched his hands and walked to the painful legs like lead water, every step he took was extremely heavy.

Let An Xia beat herself again!

She won herself again.

Nemesis!

An Xia is his nemesis!

The female fighters of Team No. 5 didn't notice Ye Youyin's strangeness, so she leaned in and whispered, "An Xia is really strong. We are also female fighters. We are much weaker than her."

It's "you", not "us"!

Ye Youyin said coldly, "Is it weak? I never feel weak."

"Ah, oh, I am weak, I am weak." The female warrior reacted quickly, realizing that she had said something wrong, making Ye Youyin unhappy, and immediately changed her words, "You and An Xia are both weak, and I am weak. "

Here, she is indeed weak.

But in the old team, she didn't think she was weak.

Ye Youyin didn't want to talk to her, and said indifferently: "It's time to assemble, go back to your team."

After finishing speaking, no longer pay attention to the female fighter.

I touched the gray-nose female warrior for a moment, and didn't say anything more.
