Chapter 701: Take a high look

Ye Youyin memorized it to the end, almost howling.

But gradually calmed down in the process of howling.

If An Xia is really a deserter, with Fu Siling's method, it is impossible to just leave it alone.

But now, Fu Siling and several other instructors were standing around them, and no one was looking for An Xia.

Explain what?

What Fu Siling and their instructor team said, they all knew where An Xia had gone.

They did not look for Anxia because Anxia was not a deserter at all!

The face flushed from shame was gradually returning to normal, the cold wind was bitter, and a chill was struck, and Ye Youyin recovered a trace of clarity from his anger.

She almost made a big mistake!

I almost made a big mistake because of impulse.

Grandma clearly taught her that she must think twice before acting on everything, especially if she wants to do a big thing that will drive her opponent into the dust and never stand up, she needs to make decisions and then act.

You must master the handle that can kill your opponent in one fell swoop before you can make a move.

"You have to remember, you have to remember. Killing a person is a very simple matter, but **** a person, you must not dirty your hands, and let everyone stand by your side and target them with you. She, spit on her, accuse her, everything she did, and every word she said was not recognized by others, that's a means."

"And you, you need to add another straw at a critical time, all the dust settles, you, clean, still being chased by people."

After memorizing the last sentence of the personal resume, Ye Youyin was completely calm.

She must not ask Fu Siling why he didn't deal with An Xia who was a deserter.

But she can still ask, ask in another way.

"Report instructor, I'm finished!" In the cold wind, Ye Youyin, a desert combat uniform, stood upright, with a brave posture and strong bones of his own.

Fu Siling glanced at her and continued to roar out the next one.

"Report!" Ye Youyin's voice was still the same, she didn't return to the team immediately.

All the special fighters looked at her.

Miao Hai and the others even looked at them with bad eyes.

They no longer have a good impression of Ye Youyin.

Suddenly he made a report at this time, and I don't know if An Xia's small report was made again.

"Say!"

Fu Siling did not refuse and gave her a chance to speak.

Some people will not give up until the Yellow River.

Then let her hit it herself, until she hit her head and broke her blood.

Ye Youyin raised his voice and asked very solemnly, "Instructor, does the arrest tonight have anything to do with the assessment? It is about our results. I hope the instructor can answer me seriously, thank you!"

Grandma said, we must learn to win hearts.

Now, it's time for her to gather people's hearts. She must rush back to An Xia to ask all the questions in the hearts of the fighters.

Connecting people's hearts is not about how big things are. The small things show the truth, the smaller the things, the more important it is.

The fighters below confirmed that he admired Ye Youyin a little at this moment.

That is to say, she dared to tell her incomprehension time and time again, and every time she asked them the questions in their hearts.

When Fu Siling arrived, he took a really high look at Ye Youyin.

Just now, the resentment and anger in her eyes were so strong as ink, he thought, until now, he couldn't help it, and it was about to explode.

Never thought she could hold back.

Fu Siling has no prejudice against Ye Youyin. He is only the assessment instructor for the selection of preparatory special fighters. He will treat every combatant fairly and justly in every assessment.

Chapter 702: Outrageous

Fu Siling would not dig deep about who Ye Youyin was in the past.

As long as the current Ye Youyin conducts the assessment honestly and does not do anything to harm others and self-interest, he will treat her and An Xia equally.

"It has nothing to do with the assessment." Fu Siling answered her question, "it will not affect your results."

Speaking of Wan Me, Fu Siling obviously felt the tension of the lineup was relaxed.

The atmosphere of the whole queue instantly loosened.

All the combatants, including Miao Hai and the others, had loosened the tense strings in their hearts.

OMG!

Very good!

It has nothing to do with the assessment, and it will not affect the results!

Ye Youyin closed his eyes lightly after listening.

The goddess of luck stood beside her again.

How about An Xia getting out alone?

Ah.

It is a waste of effort to do the best for things that have nothing to do with the assessment.

She would rather save her energy and complete every assessment seriously.

Long, gently, spit out a muddy breath.

I am even more thankful that I did not question Fu Siling because of his impatience.

She really asked, Tao Tian was wrong!

Since it had nothing to do with the assessment, Ye Youyin completely relaxed, no longer jealous of An Xia's ability to get away, but secretly mocked An Xia for doing useless work.

Fu Siling gave the fighters some time to breathe, and then sneered lightly, an indescribable mockery.

With a sneer, the soldiers who had finally breathed a sigh of relief straightened their backs again.

Instructor Fu, what else do you want to say?

Every time I heard him sneer, I knew there was nothing good.

"Tonight, you really opened my eyes to me, and let me see that the top players recommended by each team are so good, so good..."

What is it?

It's definitely not a good thing.

It is definitely the opposite of being excellent.

"Outrageous!"

...

really!

The fighters who stood upright stood motionless, even if Fu Siling's words were unpleasant, they still had to bear it.

Ye Youyin is already very calm. Even in the face of Fu Siling's ridicule, he can calmly accept it, and said: "Instructor Fu, we know that we have many shortcomings, and we have been correcting it all the time."

"We lost tonight. While we were sad, we also learned a profound lesson. We also know that we still have a long way to go before we become a real special fighter."

"In the future, we will practice harder and harder, and we will never relax for a second."

Obviously lost, it became Ye Youyin's home court.

Fu Siling did not stop either. What she said was indeed more pleasant to the ears, and she also expressed the aspirations of most of the fighters.

Indifferent: "I hope you can remember what you said tonight."

Ye Youyin replied with a clear voice, "Yes! I will definitely remember and demand myself more strictly than before."

The eyes of the other fighters looking at Ye Youyin became more gentle.

Ye Youyin, who had not returned to the team, stood in front, raised his lips slightly, and a faint smug flashed in his eyes.

What about An Xia now?

where is she?

It's time to show that I care about the fighters.

"Instructor, where's An Xia? Where did she go? Can you let her come back?" said with a worried look, "She is a person now, walking too far, and there are no combatants by her side, in case she gets lost... .."

Ye Youyin didn't say the following words.

Miao Hai and the others of Team One were vomited by Ye Youyin's hypocritical concern.

After a 20-kilometer hike, the members of the No. 5 team who were brought out by An Xia finally frowned.

Chapter 703: Step on step

Ye Youyin's words, why do they sound weird?

Is she worried about An Xia?

Why doesn't it feel like?

The other teams, especially the No. 3 captain, had been instigated by Ye Youyin at first, and he had opinions on An Xia.

At this moment, when he heard the words, the face of the captain of the No. 3 team became a little cold. Standing in the queue, he murmured lightly, "Leaving everyone behind and running away alone is her own problem."

Next to him was the captain of team four, Yu Guang glanced at the captain of team three.

He seems to have an opinion on An Xia.

When did An Xia do something that made the captain of the third team dissatisfied?

In the impression of their No. 4 team, An Xia is a temperament who would rather endure hardships on her own, and will not easily let others suffer. Why does the captain of the third team have an opinion on An Xia?

"report!"

Miao Hai, the captain of Team One, raised his voice.

An Xia is a member of his No. 1 team. As the captain, how can he let his team members be so bullied!

Miao Hai's voice came, and Ye Youyin's eyes suddenly narrowed.

Miao Hai!

It's him again!

Wanting to take a step before speaking, and being bound by the team's discipline and regulations, Ye Youyin could only bear it for the time being. After Miao Hai finished speaking, she would speak again.

Fu Siling yelled full of anger, "Say!"

"Instructor Fu, An Xia has not gone far, she has always been by our side." Miao Hai roared every word clearly, "She has always been by our side!"

When Ye Youyin heard this, the cold eyes instantly turned into a smile.

stupid teammate.

Is this handed the knife to her hand, or is it a sharpened knife?

If you don't stab An Xia a few times at this time, when will you wait?

"Really, that's great. If you've been nearby, don't worry that An Xia will get lost." Ye Youyin finished with a smile, very briskly, "Fu Siling, let An Xia return to the team quickly. They are all here, An Xia hasn't come out yet, are you worried about being criticized by Fu Siling?"

Miao Hai couldn't bear it anymore, clenched his fists, opened his mouth to refute, "Ye..."

"report."

A cold, snow-like sound came from the darkness, just two words, penetrating the darkness and floating into everyone's ears. At that moment, many fighters had only one thought in their minds.

King's return.

Who is the king?

Naturally An Xia.

Ye Youyin suddenly raised her eyes, and not far in front of her, a dark shadow stood quietly.

Thin, slender, sideways stretched by the moonlight, like an ancient fierce sword, even if the years change, the sharp blade can still smell the smell of blood.

Strong suffocation, rolling in.

In an instant, it approached Ye Youyin's heart, stabbing her face to change drastically.

An Xia, she is back!

She still has the face to come back!

The coldness passed from the bottom of his eyes, and Ye Youyin said joyfully: "Instructor Fu, An Xia is back!"

Fu Siling turned around and looked at An Xia, "Done the chat?"

"Well, it's over." An Xia said lightly.

"Go back to the team."

"Yes."

After listening to the plain conversation, Ye Youyin clenched his nails into his palms.

He whispered, and whispered: "An Xia, you really have been nearby. I'm sorry, I misunderstood you before. I thought you were a deserter and ran away alone."

After speaking, he bent down deeply to An Xia, "I'm sorry, An Xia. I will pay attention to it in the future and stop talking nonsense."

The captain of Team Three spoke up, "Report."

"Say." Fu Siling raised her eyebrows. It was really lively tonight. There were so many people reporting.

Chapter 704: Disgusting

The captain of Team No. 3 already had some opinions on An Xia, and he didn't have the slightest affection when he spoke.

Coldly said: "Instructor Fu, I don't think Ye Youyin needs to apologize to An Xia."

"All of us were arrested. Only An Xia escaped. Before she fled, she said, 'If you can't win, let's run.' Ye Youyin didn't want to run. She said 'There are no deserters in the battlefield.' Instructor Fu, I think Ye Youyin didn't say anything wrong. ."

"An Xia did escape. She fled on the battlefield. She was a deserter."

Still make a fuss about An Xia's sentence "Run if you can't win".

Ye Youyin's eyes had a deeper smile.

What Grandma taught is the most correct.

Look, she doesn't need her now, naturally someone came forward to suppress An Xia for her, so that the soldiers began to isolate An Xia.

No matter how strong it is!

Without winning people's hearts and being isolated by the team, it is still impossible to pass the assessment!

As a SIT fighter, you are not only fighting alone, but more in team fighting.

How can a person who is not tolerated by the team become a special fighter?

All the frustrations tonight were wiped out at this moment. Through the darkness, Ye Youyin showed a tricky smile.

Fu Siling asked An Xia directly, "A few words?"

"Thanks for your hard work, instructor Fu." An Xia said, bringing a group of people who can't move, it's really hard.

She's okay, she doesn't need to lead the team.

Fu Siling was a bit bitter, he was the chief instructor.

"Since you know that the instructor has worked hard, An Xia, you will run away in the future, and honestly find a place to squat. By the way, let us not worry."

The captain of the No. 3 team continued to be yin and yang strange, Ye Jian just came over to hear it, and the clear black eyes were determined to be cold.

This male fighter, what face does he have to say about Xiao Xia'er!

Fu Siling still didn't look at the captain, smiled, and replied An Xia, "Fortunately, no matter how hard it is, it only has fifteen days."

Upon hearing this sentence, Ye Youyin finally understood the meaning of An Xia's phrase "Thanks for your hard work, instructor Fu".

Squeezing the corners of his mouth, he said in a deep voice: "An Xia, please say directly what you want to say. There is one thing to say, there is no need to connote us. I did say something that shouldn't be said, and I apologize."

"But please also respect the combatants, we are indeed inferior to you, but we are only inferior to you now!"

An Xia applauded her with awe-inspiring righteousness.

There were two rounds of applause.

One is from Anxia.

One naturally comes from Ye Jian.

How could Ye Jian endure his friend being stepped on, clapping his hands and walking to Fu Siling.

Ye Youyin was vigilant.

This female soldier is in the same group as the people who tied her up. Who are they?

Come to know which team.

"Instructor Fu, I regret letting them all out at the moment." Ye Jian said with a smile, and Leng Rui glanced over Ye Youyin, and there was a smile in his voice. "While the team is in charge of training the fighters, There is also a responsibility to teach them how to be human."

"Tonight, I just focused on training them, but forgot to teach them how to behave."

Compared with An Xia's connotative slap in the face, Ye Jian's slap in the face was dazzling.

Fu Siling said, "It is their honor to be able to help you, the marine ace special team, come forward and teach them how to be humans. People are here. Do you want to stop catching them again?"

As soon as this remark came out, Ye Youyin's face changed drastically again.

The captain of Team No. 3 who was left out in the cold guessed that he had taken the wrong medicine, and he didn't have the slightest eyesight, and said loudly: "Ours is indeed not as strong as you, but we also stand upright, unlike some people who are deserters!"

Chapter 705: What to wear

This time, An Xia didn't need Ye Jian to slap herself on her face.

He winked at Ye Jian, meaning: You have to do it yourself.

Ye Jian smiled after receiving the eyes of her friend.

Well, she wanted to see how her friend slapped her face.

An Xia's face slap has always been simple and rude, "Captain No. 3, listening to you say that, you are very proud of being weak. Weak, shouldn't you be ashamed? How come to you, it has become something worthy of publicity. , Let everyone know the good thing about your weakness?"

"You don't spit people here! I admit that I am inferior to you, but I did not become a deserter, nor abandon a team member!"

The first team member sipped back, "You can pull it down, our first team member thanks to An Xia for pulling. If you and Ye Youyin were stupid, maybe they wouldn't have been arrested at this moment!"

"If you can't win, run first, can you read and understand? Run first, not to let you run far! Run away first, and then think of a way to fight back! On the battlefield, knowing that you are not strong enough, you rushed up and died obediently, how much do you have to do? Silly!"

"Read more about the art of war, and learn more about how the ancients defeated by weakness! All the warriors must be like you, and all the great rivers and mountains will be defeated by you!"

Anyway, you already said yours, I said mine, there is no rule, so let's talk about it all together!

Need to punish together!

Captain No. 3 was annoyed and said, "Squishy! You are squishy! I ask you, why did your No. 1 team complete the 20-kilometer hike within the prescribed time? It's not because some of you saw that there was a problem with the map in advance. , There is no detour."

"Ten teams. In the end, only your first team is going to arrive. Oh, what are your plans? You know in your own mind."

The captain of Team No. 5 couldn't listen anymore, "Captain of Team No. 3, don't talk nonsense. At the same time, we arrived at the meeting point. In addition to Team No. 1, there is our No. 5 team."

"By the way, we also took a detour. Thanks to An Xia's appearance, we didn't continue to take the wrong path. Let me tell you one more thing, off the cliff. An Xia suggested that she was the last person to come down. She never thought of abandoning anyone. Since she got the parts of another gun, she has been doing things silently!"

"It's not like some people, that is, they speak nicely, and I haven't seen her do anything else."

Some people are naturally Ye Youyin.

Ye Youyin heard that the captain of Team No. 5 was talking about him, turned his head, and swept his eyes coldly.

The captain of team five, right? Very good!

Remember you!

Wait!

The next assessment will start with you!

She didn't expect An Xia to bring the No. 5 team out together!

Why didn't Fu Siling tell me when they gathered? !

"And now, An Xia is still carrying two rifles, what about you, a rifle. As the captain, I didn't see that there was a problem with the map. I also put the blame on An Xia. You want to be shameless!" This is what the captain of Team One said.

Too much deception!

The captain of the third team was said to be blue for a while and white for a while.

He really didn't know that Team No. 5 was also brought to the meeting point by An Xia.

You said one sentence, I said one sentence, and in the end, everyone said nothing.

Fu Siling looked at An Xia, this matter, you should end it yourself.

Naturally, An Xia is about to end. No, she saw all the combatants wanted to talk and interrupted her many times, so it's better to let them finish first, and then she finishes it all at once.

"It's all done, right, then I'll say it."

Walking to Ye Youyin, An Xia looked at her and said slowly: "Do you know why you are still standing here now? Because..."

Point to yourself, "I, because of me, you haven't thrown away like trash."

Chapter 706: Contempt

In Ye Youyin's eyes, a cold flash passed by.

What's the meaning?

Because of her?

Rubbish?

Oh, I can't speak!

"Anxia, please use civilized words." Ye Youyin said with a sullen face, "They are all combatants who participated in the selection together. Even if there is a bump, they should not be personally attacked."

An Xia, who has seen a lot of conspiracy in the wind and waves, did not at all worry about the dirty water in her language.

The red lips are pulled back slightly, and the smile is sharp and straight into the eyes, "I know the shame to be in a group with you. The Xia Guo team has a warrior like you, and it is the shame of the team."

"An Xia!!"

This time, Ye Youyin was angry, and sternly yelled, "Respecting others is also respecting yourself. Please keep your mouth clean."

The anger of the captain of the third team was also ignited, "An Xia, you are too presumptuous! No matter how strong you are, and your character is corrupt, you are the shame of the team."

"No. 15! While accusing others, please face up to whether there is a problem with your own character! Inexplicably directed at Anxia, why, because I took a 20-kilometer walk, I took a detour and blamed

Anxia? Oh, my strength is not good, and vice versa. Others did not provide help, you are weak and you are still on the sidelines?"

The captain of the No. 1 team is not a vegetarian. An Xia has helped them a lot. If they don't stand up to help An Xia at this time, they will look down upon themselves.

The members of the No. 5 team also received Anxia's help. Seeing that the captain of the No. 3 team attacked Anxia on the 15th, they also stood up.

"On the 15th, it's a contradiction between the two female fighters. As an outsider, please don't just interject. Also, what kind of character do you say is corrupt. In our eyes, An Xia is never stingy to help others, you Don't bully her for talking less, just talk nonsense here!"

"Although An Xia came late, she has helped us many times. On the other hand, Ye Youyin, besides saying some good things in her mouth, what has she helped you for?"

"You can have your eyes straighter and less mindful, but you can't lose your mind and be seen as an arrow!"

The members of Team No. 5 spoke, and it was also full of firepower.

For a time, the lineup was in chaos.

But fortunately, the noisy turned to noisy, everyone stood still in formation and did not move around randomly.

They are really leaving, Fu Siling has his own way to clean them up.

"Are we really watching this?" Jiang Wenbin whispered to Qiao Jiquan, "Really not showing up?"

Qiao Jiquan glanced at Fu Siling, who was temporarily acting as the hand-handling shopkeeper, and shook his head.

Anyway, based on his understanding of Lingshen, the loser Lingshen this time, the more hate he will have later.

Shake, the little fish caught tonight!

Fu Siling handed the home court to An Xia, in fact, he wanted to see how An Xia controlled the court.

At present, An Xia didn't care about the words of those fighters on the field, nor did he think of explaining to them.

The only target she strangled was Ye Youyin.

Ye Youyin is obviously lacking in confidence right now.

It is precisely because of lack of confidence that I need to say a lot of empathetic words to win points for myself.

As for An Xia, he despised Ye Youyin throughout the whole process.

With a long laugh, he said coolly: "Respect for others is also respect for yourself? Saying that I am a deserter, it is you, and that it is you who said that I left the soldiers and escaped by myself."

"You are the one I am afraid to come out from hiding now. Ye Youyin, did your elders teach you to respect others like this?"

I went directly to tutoring.

An Xia did this deliberately, and would vent her anger for Ye Mu when she had the opportunity.

Chapter 707: Hit the head

Ye Youyin is not a vegetarian either. She was born in a wealthy family, and she did too much to suppress other trivial things.

Even if An Xia was pierced in front of him, there was no panic.

Apologized: "I admit that I said the wrong thing, An Xia, I apologize to you. I'm sorry, An Xia, I said the wrong thing, I apologize to you again, I hope you can forgive me."

When An Xia heard it, she sneered directly, "Apologizing is worthless for you. Telling things is not reproducing rumors, ruining people tirelessly, causing others to become the same, being cast aside and wronged by everyone..."

He lifted his chin slightly, glanced coldly in the direction where the captain of the No. 3 team was, and chuckled again.

"Then, you stand up and say something to the victim who has caused harm. I'm sorry, I said the wrong thing. I hope you can forgive me. Ye Youyin, your green tea bitch's face, you should not show off in front of me."

These words finally made Ye Youyin's face a flash of panic.

It just so happened that some fighters in the line said coldly, "I just said, Ye Youyin always makes me feel uncomfortable when Ye Youyin mentions An Xia. It turns out that I was playing this foul-smelling trick."

"Ye Youyin, I thought you were so good as a female fighter before, and it is admirable! An Xia is right. It's a shame that the team has you!"

Such bad words came from others, and this was the first time Ye Youyin heard it.

It was also the first time that the little trick she used to use was seen through, and she went straight out to wear it!

If this is the case, Ye Youyin can still defend himself, "An Xia, I was really unintentional, so why bother to be aggressive."

It turned out that she was a victim.

An Xia laughed out loud, "After spreading rumors, slandering, hurting, and destroying people, she jumped out and said innocently, "I'm sorry, I was wrong, please forgive me." What's more ridiculous is that the victim stood up and defended. Yourself, do you accuse others of being aggressive?"

"The green flower **** and the white lotus tricks are just playing in front of others. You really can't afford to play in front of me. I want all the fighters to isolate me and let me score zero in the team combat assessment. By then, Even if the individual assessment is excellent, it will not be accepted in the end."

In the last sentence, all the fighters felt like a blow to the head, instantly clearing their eyes and ears.

this.....

What An Xia said, really!

Look, isn't the No. 3 team already very disagreeable with An Xia.

Except for the one and five teams, the players of the other 7 teams didn't say anything, but! When Ye Youyin said that An Xia ran away alone, they did feel a little uncomfortable.

Everyone was rebelling. An Xia Mingming was the most powerful, able to beat Instructor Fu. He even left all the combatants and ran away alone, and never thought of staying and fighting alongside the combatants.

They were really unhappy at that time.

Until just now, they didn't feel bad in their hearts.

But, there is no rule that An Xia can't run alone, so even if they are uncomfortable, they are not qualified to say An Xia.

Why did you not have the strength to escape?

While comforting myself, the unhappiness in my heart didn't go away, and naturally I didn't have a good impression of An Xia.

As for Ye Youyin, she has a very good feeling for Ye Youyin!

Of the five female combatants, only she dared to stand up and question the instructor.

If it is like what An Xia said, Ye Youyin does have some problems.

Everyone is very cautious. The instructor didn't speak, so they should talk less.

An Xia is so calm, I'm afraid there will be a reversal.

What's more, she just said that if it weren't for her, people like them would have been thrown away like garbage.

Chapter 708: Who dares to provoke

Ye Youyin was a little more panicked than before.

She was able to hide her deepest purpose, but An Xia was able to see it through!

"I..." I wanted to quibble, suddenly, the deserted Gobi desert, and the sound of "Ye Youyin" was like thunder.

Murderous, swept over with overwhelming deterrence like thunder.

Ye Youyin was shocked.

The fighters in the line were shocked.

Next to them, although Fu Siling and Ye Jian were not surprised, their expressions converged in an instant, and they subconsciously became a military posture.

"Look clearly who is standing in front of you! I, An Xia, you dare to provoke me a point, I will give it back! Rubbish, you shouldn't stay in the team!"

This was not a warning, but told Ye Youyin directly that she would never expect to pass the next assessment.

It has always been An Xia's style to provoke one point and return a point.

The lord of the emperor domain, who dares to provoke!

Ye Youyin was so horrified that his face paled, and the moment his eyes met An Xia's eyes, Ye Youyin almost didn't scream.

An Xia's eyes are terrifying!

It was a look she had never seen before, fierce and cruel, not like a human look at all.

Even Fu Siling didn't have such a shocking look in her eyes.

Not daring to look at each other, quickly moved away.

The regret in my heart began to permeate infinitely.

She didn't know that An Xia was so strong.

If she neglects the enemy carelessly, she is probably about to lose again in this round.

To lose is to lose beautifully!

Without hesitation, Ye Youyin bends down deeply towards An Xia, "I'm sorry, An Xia, it was me who said the wrong thing. Your sir does not care about the villain, please forgive me once."

"You said my words, which caused you harm and made others wronged you. I will explain to them now that it is my problem. It is that I don't know what to say and hurt people without knowing it."

Without waiting for An Xia to speak, Ye Youyin turned around and bent over to all the combatants in the line, "Everyone, I'm sorry. I am to blame for this. An Xia has no fault at all. Please don't just because of my brainless words. Misunderstanding An Xia."

"I brought An Xia's stubbornness and persistence, and it even delayed everyone's time. I'm sorry, I was wrong. I will learn from tonight's lesson, and I will be more cautious in my words and deeds in the future, and I will never do it again."

Tighten your head, bend down deeply, and express that you are sincerely admitting your mistakes, not fake.

At this point, An Xia refused to give up half a step, and let her continue. The image that she had managed to manage was completely destroyed.

In the time of complete destruction, it is better to lower your posture and try to save as much as possible.

You must know that the world has always been very generous to those who know what is wrong and what is wrong.

She bowed her head today, not for An Xia, she bowed her head for herself in the future!

An Xia sneered at her acting like this.

Closer to home, you have to let the garbage know how far she would be thrown if it weren't for her An Xia tonight.

She always doesn't care about getting feedback for doing good deeds, but she can't tolerate doing good deeds and being wronged.

After Ye Youyin finished the scene, An Xiashi raised his eyes, with sharp eyes, and scanned the soldiers in the line one by one, "On the battlefield, escape is also a tactic!"

"In my dictionary, fleeing is equivalent to waiting for an opportunity to counterattack. The strength is not good, you need to be outsmart, and you have the possibility of winning. And tonight, there is no deserter on the battlefield. Everyone is trapped to death, everyone is tied up."

"If this were on the real battlefield, you would be a corpse now!"

"Combatants really have to be bloody, facing a strong enemy, not afraid to sacrifice and bravely stand up to fight. If the enemy invades our country tonight, knowing that the opponent is coming, even if they die, they must defend national sovereignty and territorial integrity!"

Chapter 709: White-eyed wolf

The night wind was cold, and An Xia's voice was colder than that night.

It was icy, sentence after sentence slammed into the ears of the combatants.

The fighters were at a loss, and there were some unclear, unclear emotions, like a ball of unreasonable thread, which kept circling in their hearts.

The same fighters are still younger than them. Why is she not only stronger than them, but also more thoughtful than them?

"Sneak attack is another kind of battle. The opponent plays with Yin secretly. Similarly, we can also play with Yin, choose to protect our lives, and then strangulate, striving to win with the weak!"

"But as for you, you are brave and unprepared, the reaction on the spot is almost the same, you are still soft-headed, and you don't have your own judgment. This is a big taboo!"

"This sneak attack tonight has nothing to do with the assessment, but it can affect the assessment behind you! 77 combatants, if everyone is arrested, we will be divided into several batches and thrown around the Gobi Desert, relying on ourselves. Come back to participate in the next assessment!"

The faces of the combatants changed.

Throw away, and then walk back on your own legs to participate in the next assessment. What if you don't come back in time?

Isn't it true that the assessment result is directly 'zero'?

His face changed again and again, and his heart was not very good.

Ye Youyin had already clenched his hands to the knuckles of his fingers so hideously that he seemed to break his skin.

Inadvertently, she swept away from Ye Jian, but she was caught by Ye Jian in an instant.

The eyes that were tempered from the battlefield were cold, fierce, and bloody, how could someone like Ye Youyin be able to hold it?

She was so panicked that she took it back quickly and didn't dare to look again.

It's so scary!

Which team is this person from?

Why is a look so scary!

No, An Xia's eyes were also very scary. She was so scared that she wanted to run several times.

Just now, she was so scared that her soul was about to fly.

Why did An Xia and this person have that murderous look in their eyes?

Who is she?

Ye Youyin closed his eyes lightly, panicking and fulfilling, and tried his best to readjust his mentality.

In the ear, An Xia's voice made her unable to calm down.

An Xia didn't look at her again and told the final truth, "You caught, but I escaped. It's the deserter in Ye Youyin's mouth. I played against her in a tie and exchanged for your loosening!"

!!!

They were able to loosen the tie because An Xia drew with the strange female fighter?

The sights stayed back and forth on An Xia and Ye Jian. At this moment, the soldiers felt all kinds of feelings in their hearts.

Miao Hai and the others are very happy!

Did you hear that?

An Xia did not escape!

On the contrary, she saved everyone!

"I'm Anxia, acting upright, I don't need anyone to be grateful for what I want to do, but I can't tolerate slander by others!"

The last sentence is far less stern than the previous one, slow and light, but it is even harder to ignore.

After finishing speaking, An Xia saluted Fu Siling, "Report, I'm finished."

Fu Siling yawned, nodded, and didn't let An Xia return to the team. Instead, he looked at all the combatants and chuckled, "I really want to send you the three words 'white-eyed wolf'."

The scene was so quiet that only the sound of breathing was heard. When Fu Siling said this, the fighters felt as if they had been slapped in the face.

It hurts so hot.

Especially those fighters who were dissatisfied with An Xia in their hearts, wishing to let themselves disappear in place.

Ye Jian took two steps now and saluted the soldiers in the line, "How offended tonight, sorry."

Chapter 710: I'm just listening

Ye Jian didn't say the specific special forces team he belonged to. After stepping up, he calmly expressed his expression, like a clear spring flowing under the moon under the moon, clear and quiet, making all the noise around him gradually calm down.

An Xia's voice is awe-inspiring and a deterrent that dare not create a second time, while Ye Jian's voice will make people return to tranquility from the hustle and bustle.

"...The temporary surprise attack is to check your response to the emergency situation on the battlefield. The result is not satisfactory. I have not read your resumes. I am not sure if you have had similar drills. But through this sneak attack, it can be seen that you have zero experience in the face of sudden battles."

"An Xia, that is, the deserter that this female combatant said, she is the only female combatant among you who reacted immediately and made immediate countermeasures."

When Ye Jian said this, he glanced at Ye Youyin naturally, faintly, shallowly, without stopping, and with a glance, he withdrew.

The most gloomy people in the world, their bodies are bathed in sunlight, but their souls are hidden in the darkness, under the banner of justice, with a bitter face, telling the world to straighten their chests.

Such people are everywhere and can be seen everywhere.

Everyone will run into such a person.

Such people, there is only one way to make them honest, face them head-on, and use their strength to crush them in all aspects.

An Xia, this is the way to tell each other, play Yin? Just let go!

She dares to play, she must be broken to pieces.

Ye Youyin was flustered at first, and Ye Jian's light and fluttering glance, to her, was like a sharp dagger, against her neck, and her body was cold.

Clenching his fists, Ye Youyin encouraged herself in her heart, "It's okay, don't be afraid, Ye Youyin, don't be afraid, don't panic, stand upright, never bow your head easily."

You can deal with it calmly if you don't panic.

Ye Jian also looked at her for a second and then moved away. Such a person An Xia would clean up, and there was no need to worry about it.

She also didn't want to target this female fighter, she didn't have that energy.

The summer team asked her to come over and say a few words, focusing on reminding these fighters who want to become special fighters but are far from strong enough.

"I admire everyone's courage to resist us, but I am also disappointed. Hit the rocks with pebbles and kill themselves. This is to be placed in large-scale actual combat exercises. The mistakes you made are really big."

"I am a special special fighter. Standing here, I can tell you directly that if you can't win, run immediately. It's not a deserter, but a strategy."

Special special fighters!

There was a burst of air-conditioning in the line.

This female fighter turned out to be a special special fighter!

An Xia even drew with her!

That.....

The look in An Xia's eyes became even more murky.

Isn't Anxia's strength already reaching the strength of a special special fighter?

The mood is more complicated.

He is the youngest and the shortest to join the team, but his strength has reached the strength of a special special fighter.

Ye Youyin is already standing or sitting now.

She knew that the strange female special fighter in front of her was talking about herself, and her self-righteousness had affected all the fighters.

Fortunately, it is not an assessment. If it is an assessment, I will vomit blood.

No longer the indifferent just now, standing in front of the line, feeling that he is now a target, so the line of sight is an arrow, as a target, he has already shot all over.

She wants to return to the team, she just wants to return to the team immediately and immediately!

I don't want to stand in front of the line and be watched for a second.
