

## **Goddess 781**

### **Chapter 781: Happy, premature**

Captain No. 2 has not forgotten, and Captain No. 3 has also considered it. Only Ye Youyin No. 3 sounds like he has no sense of group.

But I can't listen to the words of the two of them.

Also listen to what Ye You said.

Ye Youyin was said by the No. 3 team that his knees were the softest.

Shaking calves, standing restlessly.

Look at the eyes of Captain No. 3, hate it!

He is still not a man! Is it a man?

Something went wrong, and you want to drag her into the water as a female soldier?

"Report!" Ye Youyin raised her voice, she wanted to stand up and explain for herself!

Never let Captain No. 3 frame yourself!

An Xia, who was standing in the front, raised the corners of her mouth coldly when she heard the sound coming from behind her.

Aloud.

Want to be cunning for yourself?

Just right.

She also needs to ask Ye Youyin about something.

Let Captain No. 3 finish, and it's not too late for her to speak again.

An Xia was not surprised when the No. 3 team leader mentioned Ye Youyin.

She had an ordinary impression of Captain No. 3, and she had a good impression for a long time, but she didn't have any dislikes.

He is more thoughtful than Captain No. 2 and knows to guard against Ye Youyin.

From what he said just now, it is not difficult to tell that he did not intend to let Ye Youyin stay out of the matter.

At this moment, Ye Youyin spoke, hitting his arms.

Fu Siling gave Ye Youyin a chance to speak, coldly, "Get out!"

"Good instructor, good Lei Lian, I'm No. 3 Ye Youyin. Just now Captain No. 3 said that I can't agree with it."

After stepping onto the court, Ye Youyin spoke immediately.

The fire burned on him, and he had to put out the fire immediately.

"I did propose, but, I also said, I only propose, but the final decision is still to the two captains. I also admit that since the second captain wants to stay, we don't need to organize Things like the team."

"But I'm angry!"

"Because, I'm very angry that as the captain, he flinched when he needed him the most!"

"The two armies are facing each other, and the coach retreats. This is a big taboo! I was so angry that I couldn't say anything. Unexpectedly, the two captains took it seriously."

"I really don't know what I said under my anger, it caused the two captains to misunderstand, and I am convinced. It surprised me very much. As the captains, how come they don't even have the most basic judgment?"

Fight with her?

dream!

Ye Youyin said with a cold face, solemn expression and solemn expression: "Besides, like Captain No. 3, I really want to win. Because I was afraid of losing before!"

A wry smile, and a deep disappointment, "I am not afraid of your jokes when I say it. I was a temperament who refused to admit defeat since I was a child. I just want to win and don't want to lose."

"I also know that if there is a win, there is a win, but I can't accept it. Before coming to participate in this assessment, I, Ye Youyin, had never lost."

"After I came here, I was ready to lose, but when I really lost, I was anxious. Especially the appearance of An Xia, her appearance made me even more anxious."

"Here, I say sorry to An Xia again. I'm sorry, An Xia, because I want to win so much, I have caused you so much trouble."

"I also said I'm sorry to the two captains. I'm sorry. I was anxious. I just wanted to win. I didn't expect such serious consequences."

"I was wrong, and I am willing to accept punishment. In the future, I will definitely learn from my lesson, and I will not make random suggestions anymore, let alone keep my breath away, so as not to cause unnecessary misunderstandings."

After some explanation, I picked myself clean.

The implication is clear.

She is a combatant, and the combatant puts forward when she has an opinion, and it is the captain's business whether to adopt it or not.

## Chapter 782: Don't want to move her

Since the captain has accepted her proposal, the captain is responsible for the consequences, and has nothing to do with her.

Because, she is a fighter and obeys any decisions and arrangements of the captain.

What she said was all angry, and she didn't expect anyone to take it seriously.

When something happened, the captain didn't want to be responsible, and she was even less likely to be responsible.

She also accepts the punishment, but she is only responsible for her own reluctance.

After speaking, Ye Youyin glanced at Captain No. 3, and deep in his eyes, cold and cold passed.

I can't play with you!

See who receives the punishment big enough!

Maybe you have to withdraw from the assessment!

Captain No. 3, who had been staring at her, understood what she meant, and clenched his fists.

An Xia did not team up with her, it was the most normal choice!

Everything is here, and she can still open her eyes and talk nonsense!

Captain No. 2 decided to shoulder all the responsibilities on his own. He was enough.

"Report! After Captain No. 3 joined our No. 2 team, he is no longer the captain. I am the captain of this team."

"He is the same as No. 3, both of our team. No. 3 took the lead in adventurous action. He also hesitated, but was finally convinced by No. 3 and agreed with what No. 3 said."

"And as the captain, I didn't fulfill my responsibilities, and finally let 5 fighters act, which almost caused a big mistake. Leaders and instructors, the responsibility lies with me, and I accept the punishment!"

Ye Youyin was so angry that his heart ached.

asshole!

I left when I left, and what kind of things would I say to others!

I'm so mad at her!

When he said that, the responsibility of Captain No. 3 suddenly became much less!

I hate Captain No. 2 too.

In fact, after learning about the incident, it is already very clear.

Lei Hongtao and Niu Qiyue looked at each other, and they already had a clear penalty for the second team.

But it still needs to report to Bo Tuan and Zhao Zheng.

At the latest, the result will be out this afternoon.

"Don't worry about being punished..." Fu Siling with cold eyes swept across the three and all the members of the second team, "How to punish you, none of you can escape."

No one can escape?

Ye Youyin suddenly raised her eyes, a little unbelievable.

Means, she will punish too?

How could she have to be punished too!

Want to win, do not want to lose, is there a mistake?

Captain No. 3 has prepared for the worst, and withdraws from the assessment in the worst case.

He really withdrew from the assessment, and he accepted it too.

A big mistake is to be made. This must be placed on the old team, who was beaten up by the squad leader early, and remembered once again!

But he still has accounts that have not been settled.

"Instructor Fu, I have one last thing to report to you. When the first sand wolf attacked, it was pushed out and hit the wolf's mouth."

"If An Xia hadn't appeared in time and kicked the flying sand wolf, I would not die and be seriously injured at this time."

!!!

Thinking that the matter was over, never thought that there would be more shocking things.

Pushed out?

Who pushed it out?

An Xia narrowed her black eyes slightly.

His gaze swept over Ye Youyin, who was suddenly stiff, and blood flicked through the depths of his cold black eyes.

Is Ye Youyin the one who pushed Captain No. 3?

Since there is another good show opening, it is better to count her.

"report."

An Xia raised her voice, Qing Lingling's voice was very nice, "I have something to report."

Captain No. 3 said that he was pushed out. At this time, An Xia suddenly reported something. I'm afraid it's not easy!

The expressions of Lei Hongtao and Niu Qiyue turned from anger to solemn.

Fu Siling also realized that what Anxia reported was not simple.

"Get out!"

Then make it clear once!

With An Xia's departure, Ye Youyin's heartbeat accelerated.

Panic, panic, panic.

She knew what An Xia was talking about.

### **Chapter 783: Mouthful of lies**

Don't panic.

Ye Youyin, you can't panic!

Don't panic!

"There is only one thing, not too big, not too small. I was shot at the back of the No. 3 team. Fortunately, I found it in time. I shot it as well. I missed the No. 3 bullet and aimed at my muzzle. The empty bullet in the muzzle hit. Partially."

"And I was lucky enough to escape this catastrophe. The report is complete."

The audience was deadly silent.

The internal opinions were disagreeable and the third team leader pushed forward. An Xia was sneered by Ye Youyin behind her back, which was nothing in comparison!

Everyone's eyes turned to Ye Youyin.

She sneered at the teammates fighting side by side! ! !

They give their backs to their teammates, which is equivalent to putting their lives in the hands of their teammates.

And I am convinced that the teammates standing behind him will desperately protect themselves.

Live and die together, trust is indestructible!

And today, someone broke the trust and murdered his teammates on the back!

Its sin, be punishable!

Fu Siling glanced at Ye Youyin with a harsh look.

Ye Youyin, who received the arrow-like gaze, clenched his fists, and used the calmest voice to defend herself:

"Instructor Fu, I don't have one!"

"As a combatant, how could I do such an inferior thing!"

"The first time I met when I was attacked by a pack of wolves, I was panicked and scared, and I didn't know what I did."

"I still don't know if I fired or not, An Xia raised the gun at me fiercely, and I realized that I also raised the gun."

"The look in her eyes at the time scared me too much!"

"When I saw that I raised my gun again, and her bullet was still hitting my muzzle, I panicked and thought that the gun in my hand had misfired. I explained the same to An Xia at the time."

"But now I still have no impression. I don't know if I fired or not."

Want to bring her down?

Don't even think about it!

It was her shot, the one she pushed, so what!

No one saw it!

She bit herself to death, panicked and confused, afraid to go too far, she didn't know if she shot, no one could do anything about her.

The chilly Fu Siling walked to her, "Gun, give it to me!"

"Yes!" Ye Youyin burst into tears the moment the gun was handed over.

He immediately raised his head and forced the tears to fall back.

Looks very strong.

Fu Siling didn't even look at her.

He lowered his head and unloaded the rifle magazine. There were only four bullets.

He didn't return the gun to Ye Youyin, but gave it to Qiao Jiquan for safekeeping.

Hearing Ye Youyin again: "I am absolutely harmless. When No. 49 was attacked by a sand wolf, I was the first to help."

The tone is a little higher, full of grievances. "An Xia said that I put a cold gun behind her, I will never admit it!"

"Then, how do you explain why you pushed me out?" Captain No. 3 asked in return, "Is it a panic? A mess? Afraid? Will I believe it?"

Ye Youyin cried in her voice, "I didn't push you, I have no reason to push you!"

"Why are you lying? Are you retaliating against me?"

Refusing to admit it, he falsely framed Captain No. 3 and lied.

Then, at this time, no one in Ye Youyin believed her anymore.

"Fu Siling, come here!" Lei Hongtao shouted, calling Fu Siling to his side.

He and Niu Qiyue said a few words in a low voice, and Fu Siling nodded, "Okay, understand, return to the base immediately."

This is the end of the seven-day Gobi Desert walking assessment.

The eliminated personnel will be announced separately after returning to the base.

In the car, Miao Hai had just sat down and immediately asked An Xia, "Ye Youyin may have only one reason for putting a cold gun on you! She wants to take the opportunity to eliminate you."

"It's impossible for this reason!" The former No. 7 captain retorted, "You think, you want to eliminate me, will you kill me?"

Miao Hai immediately shook his head, "Impossible!"

"That's it." Captain No. 7 analyzed, "So, there are other reasons."

#### **Chapter 784: Cleverness is mistaken by cleverness**

Captain No. 7's analysis was approved by the team members.

Miao Hai thought for a while and nodded, "If you say that, there are indeed other reasons for her to commit a crime."

"Her black hand is killing people. I really didn't see it, it was so bad. I used to think she was pretty good." As No. 39 said, she made a gesture of poking her eyes.

Angrily said: "My eyes are really blind!"

No. 95, holding a K-series gun, rebuked himself: "I've been on it all the time, and I haven't noticed it. I'm blind."

If he saw it and could stand up and testify, Ye Youyin would pay for what he did.

The 18th is also very self-blame.

He watched from a high place, An Xia trusted herself so much, in the end, he didn't help her.

"I'm blind too, sorry, An Xia."

On the 7th, "Don't blame yourself, you two, An Xia didn't blame you, she is under a lot of pressure like you."

"We'll talk about things in our team later." Turning his head, he asked An Xia, "An Xia, do you know her?"

"Have there been any conflicts? Otherwise, how could she target you again and again."

Three questions in a row, they all asked to the point.

At that time, Ye Youyin framed An Xia for escaping, and they almost believed it. Later, after she explained, and then sincerely apologized, they also believed.

Now turn back and take a closer look.

Oh grass!

It's a big deal!

She had been targeting An Xia from the very beginning.

An Xia raised her eyebrows and asked them with a smile, "Why don't you doubt me, it's because I deliberately framed Ye Youyin and told them to panic."

As soon as the voice fell, all retorted. exist

"How could it be that you are not such a person!"

"Are you going to frame her? Hahaha, it's impossible."

"Will you say panic? You don't bother to do something like panic."

"Ye Youyin can say panic, you, won't."

...

Each of the nine people told An Xia every sentence and every sentence that they believed everything she said.

Anyone can say panic, but An Xia is absolutely impossible.

An Xia slowly said with a deepening smile in her eyes: "You really trust me."

It's a bit unexpected.

They even believed that what she said was true.

Gee.

Personality charm, even if it is not the master of the imperial domain, is still convincing.

Yes, she likes to be trusted.

Naturally, this trust will not be disappointed.

The smile narrowed, and he said indifferently: "She and I did have a holiday. It's deeper, and it's about the elders. It's not easy to explain in a few words."

"Family hatred?" No.7 is more sensitive than Miao Hai.

An Xia nodded, "Yes, family feud. In addition, there are private affairs. Sorry, I can't tell them all."

"It's hard to tell. No wonder Ye Youyin defended at the time and you didn't speak anymore." No.7 frowned and asked, "Will you be held accountable?"

Just in time, Miao Hai also asked, "Do you plan to let her go like this?"

The words are different, the intention is similar.

An Xia said: "She killed herself and panicked. She didn't know if she shot, and there were only four empty rounds in the magazine, and there were no witnesses..."

Pause for a while, and then go on slowly, "So, she will be fine."

No. 62 gritted his teeth, "Damn it! Just let her go? Let her continue to participate in the assessment!?"

"Then it depends on how the above decision is made. I will tell the matter, and the above will not take it seriously." An Xia was calm, as if he had expected the result long ago.

"If you draw attention to it, she will be reviewed again. In addition, No. 3 said that Ye Youyin will definitely be smart this time instead of being mistaken by cleverness."

#### **Chapter 785: Tiger fell to Pingyang and was bullied by a dog**

Since Ye Youyin stepped up to explain to herself, she was determined to lose!

Because of panic, you don't even know that you shot yourself?

What a big joke.

With just such a little psychological quality, can you still participate in the assessment of special fighters?

It's better to come from and where to go back.

For the time being, she can only be taken away.

Killing people is still too late.

Why did Ye Youyin dare to stand up and explain?

It's very simple.

Who saw it?

Is there evidence?

nothing.

Seeing the unwilling faces of the combatants, An Xia stretched out in the morning breeze, and smiled, "Don't be discouraged, you have your own decision."

She still feels relieved about the management of Xia Guo's team.

Fighters from many countries outside the imperial realm have bad virtues, and wherever they go.

When retreating, there can be several illegitimate children.

She sees too much.

It was Xia Guo's fighters, and she hadn't heard any negative news in the world until she died.

Miao Hai's eyes were cold, and he said solemnly: "But she is like this, staying in the team is also a scourge. Only leaving is the best."

"I'm afraid it will be difficult." Captain No. 7 has a solemn face, his frowning brow has not been loosened, "Unless you find strong evidence, otherwise, it will be difficult."

The soldiers knew in their hearts that there was no evidence that it would be too difficult for Ye Youyin to leave.

"Is there really nothing to do with her?" Combatant No. 75 thumped the iron plate of the carriage heavily, venting his anger in the sound of "clanging".

In the carriage, all the staff were silent.

An Xia also reduced the randomness on her face.

After a while, he said: "There will be an accident as soon as possible, so wait patiently."

Irritable.

Before the change, she had already solved it with a single shot.

What evidence is not evidence, she is the evidence herself.

Today is not what it used to be, the tiger fell to Pingyang and was bullied by the dog!

bother! impatient!

nest! fire!

In front of him, let Ye Youyin get out of her nose before talking!

It dangled in front of her every day and was an eyesore.

Seeing that the combatants were more upset than her, An Xia looked at it and suddenly smiled.

Their empathy is too strong.

How can I be more angry than her.

"Don't worry, people, it is difficult to get a team, but there is no problem not letting her continue to harm us."

Um?

Can get people away?

"Really?" Number 18 was happy again.

An Xia nodded earnestly, "Really, not false."

"That's great!! To get people away, not to show up in front of us, perfect!" No.21 put his hands together, if this is the case, he is very satisfied.

The haze in Miao Hai's eyes also dispersed a lot.

So, it's really perfect.

As long as you don't spend time with people who want to murder your teammates, the air will be much fresher.

The truck carrying the soldiers drove back to the base against the morning sun.

Fu Siling did not return together.

He, Lei Hongtao, Niu Qiyue and several other special fighters returned to the spot besieged by wolves.

"The damage at the scene is very serious." The handsome and icy Fu Siling squatted at the position where Captain No. 3 was pushed out and watched carefully.

Lei Hongtao said: "Restore where they stood at the time."

The five people represented Captain No. 3, Ye Youyin, and the other three fighters.

After standing in sequence, Lei Hongtao pushed Fu Siling, who was standing in the position of Captain No. 3, from the side according to the description of Captain No. 3.

Soon, Fu Siling was pushed out.

And Lei Hongtao turned and ran behind the rock.

Afterwards, the other three special fighters turned their heads and saw that Lei Hongtao was already hiding by the rock.

It's exactly the same as Captain No. 3 said.

At that time, after he pushed out and was rescued by An Xia, he saw Ye Youyin already standing behind the rock.

"She wants to escape by herself." Lei Hongtao walked over with a sullen face, "Push people out and win time for himself to escape."

Niu Qiyue said: "There is a motive, but there is no evidence. Our current recovery cannot be used as evidence."

## Chapter 786: Thorough investigation

The scene is destroyed, there is no witness, and successful recovery is useless.

If you shot An Xia coldly, there was no evidence.

Although they all believe that Anxia is true, what use is it?

Even if he went to the team court, he couldn't show evidence.

The atmosphere was so cold that it weighed heavily on the chests of several people.

Fu Siling, with thin lips and sharp lips, said: "No. 3, must withdraw from the assessment. She doesn't deserve to stay in the team!"

"Naturally want to quit, but after quitting, she still stayed in the team." Niu Qiyue's expression has never improved. He has been in the team for so many years, and this is the first time he has encountered this kind of thing!

It horrified him!

Lei Hongtao said: "Clean up our side temporarily, and leave the rest to her original team."

Lu Yao's horsepower has been seen in people's hearts over time, and one day she will show her feet.

And the furious Bo Lirong over there slapped the table with a slap in the face, so powerful that he seemed to split the conference table in half.

"Outrageous! Lawless! This person, immediately expelled! Immediately expelled!"

If you continue to stay in the team, you will definitely develop a malignant tumor!

Zhao Zhengfei was furious, he liked to drink water when he was angry.

Drinking cup after cup of water, the anger will gradually calm down when you drink it to the end.

"Re-review her and investigate in depth what the Captain No. 3 and An Xia said." Zhao Zhengfei said coldly: "First recall Ye Youyin, and after An Xia and Captain No. 3 have completed the assessment, they will be recalled."

"Lei Hongtao and the others have conducted a detailed investigation of the scene and found no evidence that what the two said is true, but the matter is of great importance. After the three were recalled, they conducted a lie test."

Pushing teammates out at a critical moment, and putting cold guns behind the rescued teammates, this appearance in the team is a shame for the team!

Xia Houyu naturally also knew.

In the rage, he didn't make any big moves and directly issued the documents.

Red head document, black font, and official seal of the War Department of Lu Second District, in duplicate.

One copy to the Canglang base, one copy to Mu Changye's hand.

After seeing this, Mu Changye calmly said to the civil servants around him: "Take a thorough investigation, and rigorously examine it."

The bigger the matter, the shorter the word.

With only four characters, no matter how much Ye Youyin exonerated herself, it would be impossible to stay in the team.

At nine o'clock in the evening, five trucks drove into the base, crying silently until Ye Youyin with red eyes got out of the car, just in time to see An Xia jumping from the nearby vehicle.

A sneer flashed in her eyes, and she walked towards An Xia.

"An Xia." She yelled softly, her voice hoarse, "An Xia, I really didn't put a cold gun. I swear, I didn't put a cold gun at you."

"Can you believe me once?"

With tears in his flushing eyes, she looked at An Xia for a moment, but deep in her eyes, she was silently proud.

So happy.

Knowing that she fired a sneer, there was nothing to do with her.

Hahaha, hahaha

An Xia, An Xia, no matter how good you are, so what.

People, besides being great, they are also clever.

Compared to strength, I am inferior to you.

You are smarter than me, you are not as good as me!

An Xia is also well-informed, and she has met all kinds of people.

There are people like Ye Youyin around her.

The princess stepmother born in the royal family, the status of tea is definitely the ancestor of the "tea" class.

She didn't even look at the tea-class ancestors. Ye Youyin's small tea, huh, is it worthy to make her bother to fight?

Hearing this, An Xia's mouth twitched slightly, "Stupid, don't come out ashamed."

A catastrophe is imminent, especially without knowing it.

Gee.

Stupid, stupid, really stupid.

Turning their heads, the fellow fighters who were completely cold to the aura around them said, "I heard that stupidity is contagious. It's all gone. Don't be contagious."

I was so stupid that I didn't know how to constrain, and even ran to her and said a word with her, it was all disrespect for myself!

### **Chapter 787: Hurry up**

Hurry up!

Don't be irritating.

pain.

An Xia did not regard Ye Youyin as an opponent.

There are not enough coffee positions to be her opponent.

But for Ye Youyin, An Xia is the most difficult opponent she has encountered so far.

She has always won the battle all the way.

Easily clean up those obtrusive and obstructive guys one by one, and never lose.

After meeting An Xia, there were setbacks and never won.

I even have to worry about what I'm doing for myself, and bother to make up for it, so as to prevent it from being seen through.

She was trying her best, but An Xia still ignored her. For a while, Ye Youyin was so angry that her five senses were almost distorted.

Clenching her teeth, Ye Youyin squeezed out a stiff smile and said, "An Xia, you are so humorous. No wonder the male fighters like to team up with you."

"I just have a bad temper, and I don't like the male fighters. That's why I'm disgusted everywhere."

"The next five days of assessment, I have to take advantage of the time I'm still together, and ask you more about how to get along with the male fighters."

Tea language tea language is here again.

Connotation An Xia has problems with the male fighters.

Captain No. 7 pulled his face on the spot, without saving a bit of face, and said coldly: "Ye Youyin, you are really dirty inside. In our eyes, we are all fighters, and in your eyes we are divided into men and women."

"Hey, don't talk anymore, don't dirty our ears."

Miao Hai sneered, "People with dirty eyes and heart look at everything dirty."

"There is a saying, which means that how she sees others, she is actually like this." No.18 showed a disgusted expression, and said, taking a step back, "Stupid will be contagious, dirty, will also infect it."

Make a big mistake and refuse to admit your mistakes, and even run over to show off your power?

Can't spray her!

Several other fighters joined the battle.

"You reminded me, don't dirty us. Go back, go back."

"An Xia, you go back too."

"It feels like the air is smelly. I will go to the logistics department and ask if there is any fresh air agent."

"One is not enough, get a few more."

There was no need for An Xia to speak, the combatants concentrated their firepower, unanimously to the outside world.

Ye Youyin has never been treated like this before.

She was ashamed and angry, and she was angry with her tears.

The hypocritical expression almost didn't hang on, so he almost broke the score.

Wiping away the tears, Ye Youyin said in a crying voice: "An Xia, you wronged me, and you humiliated me together with them. You, you are too much!"

"Okay! Since you are so excessive, I am not so good to bully! I have been wronged, and I must hold you accountable!!"

damn it! !

The \*\*\*\* who emerged from the small place dared to humiliate her so much!

Wait!

Wait for her!

Today's shame must be recovered in the future.

No chance to find it.

At least, she has no way to find it at the moment.

Powerful footsteps came from behind Ye Youyin.

An Xia raised her eyes and looked up. Afterwards, she curled her lips towards Ye Youyin and said with a smile, "I will be held accountable? It's okay, the opportunity is here. Take it."

What's the meaning?

Ye Youyin stared blankly.

Looking at the expressions of the combatants who humiliated her, each of them became microseconds, and they looked good at the show, and Ye Youyin pulled the alarm bell in his heart.

Turning around, his gaze fell on the two of Chaolai, his gaze shifted to their armbands, and their pupils tightened fiercely!

"Who is Ye Youyin."

The cold, solemn voice was sonorous and powerful, but all the soldiers who heard it followed his voice, with serious and solemn expressions, and they did not dare to be presumptuous.

Ye Youyin's face turned pale.

They, they... why are they looking for her?

Are you going to investigate her thoroughly?

Or, what I did was discovered?

No, it's impossible.

### **Chapter 788: happy**

The scene was destroyed long ago, and there is no eyewitness, it is impossible to be discovered.

Is it possible that I have really found a clue?

No, it's impossible.

It is impossible to find evidence.

Don't panic.

Don't panic,

It must not be stable.

"Who is Ye Youyin."

Let me ask again, the voice is stronger than before, and even more dauntingly majestic.

Their appearance represents punishment, the invisibility of sin, and even the discipline and order of the Xia Guo team!

Even An Xia straightened his back and waited solemnly.

Ye Youyin murmured her lips, but did not speak for a long time.

She was so afraid that she lost her voice.

How to do!

How to do!

What should she do now?

This is completely different from what she expected!

The valley was obviously over. In the end, Fu Siling and Lei Hongtao didn't say much, and it was clearly over. Why did this happen again?

Ye Youyin, who was so panicked and lost his voice, turned black in front of her eyes, and cold sweat came out of her back one after another.

The execution of the two two-star warlords did not ask any more, and raised their hands to directly show the documents and put them in front of Ye Youyin's eyes.

It doesn't matter if you don't answer, they knew who Ye Youyin was from the beginning.

"Security Department."

Three words, no need to say anything, Ye Youyin knew that it was impossible to fool him, pulled out a stiff smile, and said politely: "I'm sorry, but I didn't react for a while."

"I'm Ye Youyin, may I have anything to do with me?"

"Please look over." The two-star warlord from the Security Department was expressionless and handed the document to Ye Youyin's hand.

That thin paper stamp, Ye Youyin seemed to have taken over not paper, but mountains.

A mountain that can crush itself.

Strengthen your mind and read every word.

Every time I read a sentence, my heart sinks a bit harder.

After reading it, my heart sank into darkness.

It was written as punishment for her.

If the psychological quality is not enough, the qualification for the assessment will be cancelled!

joke!

How could her psychological quality fail.

Before any major event, she can quickly calm down and come up with a countermeasure!

At this time, Ye Youyin had completely forgotten what he had said before.

She said that she was scared and panicked when she saw the wolves.

In order to exonerate herself, she always has countless reasons to speak out for herself.

Who don't know, contradictory cunning, more words are more wrong.

After reading it, Ye Youyin raised his eyes and said firmly every word: "I want to appeal!"

Struggling to death, never give up until the last moment.

Ye Youyin did his best to suppress the humility that was rolling in the floor. Even so, her voice still trembles obviously.

"I was wronged. Even if I was summoned, I should wait until my assessment is over. Instead of forcing me to withdraw from the assessment!"

"Also, it's impossible for my psychological quality to fail. I have been tested, and all of my tests are qualified."

Withdraw from the assessment?

impossible!

She finally got to this point, and finally had the opportunity to get close to Mu Sishao. It was her chance to marry into a top-notch family. She didn't allow anyone to sabotage.

When Captain No. 7 heard this, he couldn't help but was surprised:

"Psychological quality pass? Are you serious? You panicked and fired with a rifle in your hand. This is your mental quality pass?"

Ye Youyin, who defended herself, shouted angrily, "That was an accident! It was an accident that no one can avoid."

"Your accident is really terrifying. We had so many people at the time, why didn't you have such an accident." No. 95 immediately retorted.

People from the security department are here, she still has the courage to be cunning?

Grass!

Delusion!

Ye Youyin's psychological quality is indeed very good, and he can speak for himself immediately, "You are male fighters, naturally different!"

## **Chapter 789: Cheeky person**

At this moment, she again mentioned the difference between female fighters and male fighters.

However, when she introduced herself on the first day of the assessment, she stood in the sun, with good looks, smiling and said: "Although I am a female fighter, I hope you don't think of me as a female fighter."

"We have only one unified identity: combatants!"

What I said was still in my ears, and now I said that the male fighters were different, and the fighters wanted to laugh when they heard it.

Really ridiculous!

Miao Hai coldly scolded, "Can you not mention gender less? Why, you are a female, and everything is the most reasonable? Isn't An Xia also a female fighter?"

"At critical moments, she calmly saves people. What about you. At critical moments, she is so flustered that she doesn't know how to escape!"

"For a while, I say that I am flustered and afraid, and then I say that I have passed the psychological quality. If I am contradictory, say less!"

Miao Hai has never seen such a brazen person!

See you today, shit!

The three views are about to split.

Ye Youyin got stuck briefly.

Annoyance passed by in his eyes.

Why did she make such a low-level mistake!

I just cleaned myself up before and forgot about it!

Now she is canceling her assessment quota based on the excuse that her psychological quality is not good enough...

There was a gloom on his face.

They found the point of attacking themselves.

Seeing this, combatant 7 sneered, she really knows how to make up!

"Need a few of us to repeat what you said at the scene? Also, do you know what your expression was at that time? I have evidence in my hand!"

evidence?

The general of the Ministry of Security said: "What evidence?"

On the 7th battle, he took out the miniature dish camera and handed it to the second star warrior.

"Report, I took a few photos of Ye Youyin at the scene. I recorded Ye Youyin's expressions of panic and fear at the time."

Huh?

No. 7 remained silent and left such a trick? An Xia really didn't expect it.

Ye Youyin was also stupid.

She was photographed?

How come I don't know at all!

On the 7th, I saw An Xia looking sideways, and whispered: "It's the picture that Instructor Fu asked me to take. People from the Security Department, it's okay to hand it over."

In other words, Fu Siling was already collecting evidence at that time.

The security department needs to take the micro camera away, Miao Haidao: "If you want to take the property of the base, please declare it. In addition, we need to copy the photo."

"It should be." The security department returned the miniature camera to No. 7 again, and said something lowly to his colleague.

The colleague went to declare, and trot to the office on the 7th to copy the photos.

Ye Youyin couldn't calm down.

She really didn't know that she had been photographed.

At that time, I was really flustered and confused, and there was an element of acting.

damn it!

Fu Siling is also his nemesis!

Guard against her so early!

No, you can't wait and die!

Squeezing into a panic, he calmly said: "My father is Ye Yan, a six-star warrior in Lu San District, I need to notify him!"

She is not of random origin.

The capital is rich, and her father is a six-star warrior. Don't even think of destroying her dream so easily.

Speaking of Ye Yan's identity resulted in several sneers.

"No wonder it's so arrogant. It turns out that my father is a six-star general in Lu San District."

"Such a big backer, huh, if you commit a crime, my father is not easy to use!"

It is said that good men do not fight with women.

But Ye Youyin was really overwhelmed by men like them.

I want to fight her every minute!

The father of the six-star general, in front of the general of the security department, that was not easy.

"take away."

Without giving her a chance to speak, the soldier holding the document slightly raised his hand, and the two executive fighters stepped out and immediately led them forcibly.

## Chapter 790: Self-inflicted, can't live

Ye Youyin took a step back, refusing to cooperate.

how?

Do they still want to use the strong one?

Even if it is the Security Department, they are not qualified to enforce it on themselves!

Severely, "You can't do this! Stop it, you can't treat me like this! I was wronged! I was the victim!"

Don't let her be taken away!

Don't let her be taken away!

She has to continue the assessment!

"Let go of me! Let me go! I have the right to exercise the appeal! During the appeal, you cannot take me away."

No one listened to her explanation.

Ye Youyin, who was forcibly taken away, didn't really start to panic until then.

She even said who her father was, and the people in the security department were unmoved!

"I want to contact my father! I want to appeal! Let go of me! Let go of me!"

Resistance, struggle, and procrastination are all used.

It's all useless.

Ye Youyin, who has always been determined and confident that nothing will happen to him, has suffered a lot this time.

She was caught, what about An Xia?

Why can she continue the assessment!

No, I can't make An Xia proud!

Then don't test anyone!

"Anxia, Anxia!! You are shameless! You are shameless! Why did you wrong me, why did you harm me! Anxia! Anxia!!!"

"It's not fair, it's too unfair! The victim is summoned, but the rumors are free. I don't accept it! I want to denounce it!"

Doing the last useless work, still trying to pull Anxia down.

It's a pity that no one will listen no matter how much it is said.

Combatant No. 7 who had finished copying the photo ran over and handed the miniature camera to the security department.

The two-star combatants stood in front of An Xia, took a stern look at her, and finally saluted and left.

An Xia saluted back.

The ability of Xia Guo's team really surprised her.

So fast!

She was still thinking about it in the car, and it was estimated that it would take two or three days for the results to come.

Never thought, get off the bus and there will be results!

so surprised!

After they left, An Xia turned to ask Miao Hai and the others, "Are they all handled so quickly?"

"right."

Miao Hai and the others nodded, not surprised at what happened just now.

The team has always handled these major issues very quickly.

Captain No. 7 said regretfully, "It's just a summons."

"Summoning is not bad, and I have withdrawn from the assessment." No.21 is satisfied, "At least, she will not be able to appear in front of us again."

Well, this is true.

What they thought of before was to let her withdraw from the assessment.

It's a bit difficult to get rid of the war status.

However, with the security department, Ye Youyin's future in the team has come to an end.

Don't think about a good future.

"You have committed sins, you can't live." Miao Hai snorted heavily, "Deserve it!"

Yes, deserve it!

Next, I hope to hear her delisting!

Fu Siling and the others received a notice from Ye Youyin on their way back to the base. Qiao Jiquan said, "It's just a summons, it's too cheap for her!"

An Xia would definitely not wrong her, so Ye Youyin definitely put a sneer on An Xia's back.

Hate that they didn't find evidence on the scene!

In other words, it is difficult to give her the most powerful punishment.

Jiang Wenbin said: "Whether it is summoned, will she be free for a while."

"For this kind of person, it is best not to give her freedom for the rest of her life. Giving her freedom will only let her be free to harm others."

Qiao Ji gritted his teeth and finished speaking, paused for a while, and then said: "Grass! The jealousy is so terrible, An Xia met her, it's \*\*\*\* bad luck."

"Fortunately, send her away, otherwise, I don't know if there will be another monster moth next."

Fu Siling, who was sitting behind the car, did not speak.

He put his arms around his chest and closed his eyes in thought.

envy?

Just being jealous and want to kill An Xia, the motivation is not enough.
