Chapter 801: Push if you can push, and escape if you can escape

Mrs. Ye San was still very polite to my uncle.

Don't look at her fighting fiercely with Madam Ye Si, but the feelings between their brothers are still OK.

Those who were born to the old man's original spouse, wanted to play to provoke a divorce, but were eventually smashed by the husband and their brothers.

Husband Ye Yan also told himself, the woman explained the matter between women, his brother must be respected.

It is exactly the same, Ye Zhuo also respects Madam Ye San.

Hearing this, Ye Zhuo waved his hand, "Don't misunderstand what the family said, Sister-in-law, it's better to just tell me something."

"Look, the old lady is so anxious to get angry right now, let's talk about the important things first."

"What happened to You Yin in the team?"

He winked at Madam Ye Si.

It's also making trouble, talking and talking, asking and asking, be quiet and don't make trouble again.

With the backbone, Mrs. Ye Si was completely honest.

She knows too well how much her husband does not want to care about his niece now.

If you can push, you can push, and if you can escape, you can escape.

If something like this happens in the team, the husband has even more reason to refuse.

He is a businessman, and he is not a member of the team, so how can he wait for Tongtian to go to the team to help.

The old lady said things one by one, her eyes gloomy, and she uttered word by word, and the words were filled with cold air.

"...I thought it was a little **** who couldn't get through the storm, but I didn't know that it would make it difficult for You Yin to move now!"

"I hate that I was so soft-hearted at first, and only let the Anjia family watch people closely, raise the waste, and didn't let Anjia drown her. So that it brought such a big disaster out."

"Youyin has been preparing for many years, in order to become a special fighter, so that he can walk to Mu's Fourth Young Master as soon as possible. Now, it's all gone!"

"That little **** has gotten along well and can bear the responsibility of the team leader!"

"Poor Young Yin is trapped now. Whether he can stay in the team is still unknown."

"You are the uncle of Youyin, and now it is you who rely on you. Hurry up and think of a way to get Youyin back to the assessment qualification. Spend money and effort, everything will work!"

As long as she can successfully send her granddaughter to Mu's family, how much she is willing to pay!

Yuyin is her hope!

It must not be shattered.

Ye Zhuo breathed a sigh of relief after listening.

He laughed, "Old lady, you really scared me just now, and thought that a life lawsuit was brought."

"You, care is chaotic, this is really not a big deal! If you can't stay in the team, then come back. When you get home, Youyin is still our Ye family's eldest lady, and there are people who are great everywhere."

"Let me talk about it, the team is really not a place for girls to go, it is bitter, tired and dangerous. Make a well-trained delicate girl into a female man."

"Men, it's a girl who likes to be tender and soft. Marry a female man, or a skilled female man, old lady, you said, our family is going to marry such a daughter-in-law, would you like it?"

Don't say, the old lady really doesn't like it.

The daughter-in-law she likes must be dignified, submissive, and obedient.

You can't disobey her, let alone have opinions, you have to rely on her for everything.

When asked by the younger son, the old lady couldn't speak for a while.

Mrs. Ye San also asked her doubts for a while.

Yes!

They wholeheartedly believe that Mu's family is the family of war honors, and it must be that the daughter-in-law who likes to marry is also involved in the war, and the young couple can work together.

On the contrary, I didn't expect that, what if the Mu's old lady didn't like it?

Is the mother of the fourth youngest of the Mu family unhappy?

What does the mother of the Fourth Young Master do?

The outside world really doesn't know.

Quite mysterious.

It is said to be engaged in scientific research.

It is not clear which aspect of scientific research is.

Chapter 802: The older you get, the more confused

Not all of the other Mu's daughter-in-laws were from fighters.

But the Mu family's grandchildren are all in the team.

Madam Ye Si glanced at her husband, lowered her head, and smirked.

She knew that her husband had other ideas.

The team can't stay any longer, so hurry home, and there is still a bite to eat when you go home!

Without that ability, he had to sharpen his head and squeeze in.

This is not

problem occurs.

What happened to the family?

There is no way for my own father, and I hope to be separated by my uncle's family?

Really think that you are the baby of the Ye family, everyone has to give up their lives to help her?
joke!

Madam Ye Si stood aside, waiting for Madam Ye San to be sad.

Madam Ye San thought for a while, and she really agreed with what the little uncle said.

"Naughty!" After the old lady was stunned, she scolded her little son with a stern face, "What kind of **** things are you talking about, how can you give up so easily?"

"It's not that she is not incapable, but she was blocked by the little bitch. If you find a way to get rid of that little bitch, Yuyin naturally goes smoothly."

Ye Zhuo stopped pinching the shoulders of the old lady. Sitting on the sofa, Ye Zhuo smiled and asked the old lady, "In your opinion, which ones are better?"

The old lady said: "Naturally, I look for those who have the ability to come forward for the young voice."

"Then who do you think are capable of showing up for your niece?" Ye Zhuo asked unhurriedly, asking that Mrs. Ye San couldn't help but grasp the embroidered veil in her hand.

Uncle...

What's the meaning?

He doesn't want to come forward?

The old lady was annoyed when asked, "If I knew, I would still look for you? Why, you don't want to be an uncle anymore."

"Mom, you are really giving me a problem. You can't find anyone who is capable. You said, can I find it? The only thing between our family and the team is Big Brother."

"At that time, you asked me to find someone to remove An Xia from the team. Mom, my real mother, big brother didn't have that ability, right."

"In addition, as you said just now, An Xia is very reused in the team, my mother, one is deeply reused, and the other is not even able to stay in the team, my mother, think about it for yourself, Can you do what you want to do?"

The old lady is really old.

The older you get, the more confused you are!

What can he do if the eldest brother in the team can't do it?

When Mrs. Ye San heard this, she knew that Ye Zhuo didn't want to help.

The eyes passed coldly, pressed the corners of the eyes with the veil, and cried in a dumb voice: "Uncle, your elder brother is weak."

"He has just ascended, and he thinks there are still a few wolves staring at our family business. Your elder brother dare not relax for a day."

"I'm afraid that I will fall, and those guys will use our three-room operation to take the family business."

"You have something wrong, he must be anxious, I'm afraid he will do bad things impulsively, he will have another accident, our three-bedroom heaven, really is going to collapse."

Why Dafang didn't dare to embarrass them in these years? It was not because her husband Ye Yan was holding him down.

You are in trouble now, don't want to worry about it, don't dream.

Must be managed.

Ye Zhuo was not the one who was threatened.

Talk to him well, and he can talk well.

Talking with a gun and a stick, don't blame him for being rude.

Sneered, "My sister-in-law's meaning is that you can't have an accident, and the Ye family will fall down. I have an accident, it doesn't matter, and your family is on it, right."

"Sister-in-law, I advise you to be kind, don't force people to desperate way!"

"Which one of the things my niece committed outside before was not solved by me? Which one requires my sister-in-law to beg me before I take action?"

"No! Because, I can solve those!"

Chapter 803: You ungrateful animal

Ye Zhuo is really tired now.

After doing so many things, you still have to be blamed by your eldest brother's family?

He is not cheap!

Why use your hot face to stick your cold ass.

Oh shit!

I don't care!

Angrily, Ye Zhuo stopped giving his sister-in-law Mrs. Ye San a face.

"Why this time I said to let my niece go home? That's because I don't have the ability to come forward! Does the sister-in-law know where the team is?"

"I **** want to have the ability to intervene in the team, do I need my eldest brother to shake the big room?"

Ye Zhuo is a mess at first, but he has converged a lot over the years.

Mixing up made Mrs. Ye San startled.

Not dare to say more, and kept crying.

The old lady didn't dare to press on anymore.

What the younger son said is not unreasonable.

But if the younger son doesn't want to think of a solution, then Yuyin really can only go home.

Mrs. Ye San was crying, and the old lady was cold, and the two mother-in-law and daughter-in-law were not recruited for the time being.

"Old lady, there is another way for the daughter-in-law, would you like to listen?" Madam Ye Si asked.

The two mother-in-law and daughter-in-law looked up.

Madam Ye Si didn't believe there was a way for wives.

With the idea in her stomach, what can be done.

The old lady was skeptical, "What are you still doing? Say it!"

Mrs. Ye Si whispered: "Why don't you look for Mrs. Mu? Mrs. Mu is kind-hearted, you may find her old man, maybe you can do it."

A dead horse is a live horse doctor.

"Idiot!" When the old lady heard it, she slapped the armrest heavily, "Shut up and stop making trouble."

Stupid thing!

It's too late for this kind of thing to hide from the Mu family, so where can I go to the Mu family!

Mrs. Ye San wiped her tears, "Brother sister, where are you the way, it's clear...clear...you voice, my daughter, you can be wronged..."

"There is no way for the family, old lady, let her come back, go back, go back, we won't let her be wronged."

The old lady sullen her face, her tight mouth pressed out a sharp mean.

"The third child, Youyin can't return. I don't care what method you use, you must find a way to keep Youyin in the team. As for the qualification to participate..."

After a while, the old lady closed her eyes and her face was disappointed. "Cancel and cancel it. She should have asked for it. If she didn't figure out the ability of the little bitch, she took the initiative and blamed her for being not cautious. ."

"I have suffered a loss, and I will know how to meet a little **** in the future."

Ye Zhuo said, "Old lady, it is indeed a way for you to find Mrs. Mu."

"I know your scruples, the ugliness is not public, you want to hide it."

"But think about it, what kind of person the Mu family is, can you keep these things secret? It's better to open it up and let the old lady Mu know that we are in the Ye family."

The old lady couldn't help but concentrate.

There is some truth.

It is also feasible to turn the situation that is not good for you into a situation that is good for you.

Seeing that the old lady listened, Ye Zhuo said in detail: "If there is a mistake, let's correct it. But we must also give the junior a chance to reform and rehabilitate, letting her know that she will not dare to commit it again in the future."

"You have to go to the Mu's house, and you have to do something. This matter really matters whether you can marry the Mu's or not."

Speaking of this, even Madam Ye San listened attentively.

"You have to let Mrs. Mu know that An Xia is not a good crop."

"It's best to let the old lady Mu misunderstand, An Xia is playing the Mu family in the team, doing whatever he wants."

Mrs. Ye San thoughtfully.

The old lady was also lost in thought.

Chapter 804: Come to look for a fight

Ye Zhuo secretly made a look at his wife. Madam Ye Si knew, bewildered: "Old lady, do you think, last time Mrs. Mu was in front of so many people and embarrassed his sister-in-law, it was not because she thought An Xia was a OK."

"Because of An Xia, our family has already suffered a lot, and you have suffered in front of Mrs. Mu..."

I wanted to finish talking, but Madam Ye Si hurriedly skipped vaguely after being scratched by the old lady's eye knife, and said:

"You have a reason to go this time, talk about it, so that Mrs. Mu can know what An Xia is."

"It doesn't matter if you don't go. You have also seen that Ye Zhuo really has no choice."

"You can't force him to force him into the team to save people."

Ye Zhuo interrupted her. "The old lady said you were stupid, she was right."

"Do I have my life to save my eldest niece? I've confessed my life to it."

"Don't talk about it, add chaos!"

Or his wife understands him and knows how to cooperate.

It doesn't matter if he is old or bad. He has young and beautiful girls out there, but when it comes to helping himself, he is still a good wife.

Ye Zhuo is like other men outside, rich and family, in his forties and not very old, and a lot of young girls are willing to follow him.

Madam Ye Si also knew that he had women outside.

I've made trouble, noisy, and found that I haven't used it, so I rested my mind and stopped tossing about it.

The only condition: It is not allowed to make illegitimate children and illegitimate daughters.

"I'm not worried about my eldest niece and come up with an idea." Madam Ye Si said aggrieved, "Chengchengcheng, I shut up, you can think of it yourself."

What can be done?

If there is a way, Ye Zhuo won't be forced to find a way.

Ye Zhuo still said that, elder brother couldn't help it, he really couldn't help it.

Madam Ye San was so anxious that her mouth grew soaked, and finally begged the old lady if she could go to Mu's house and find old lady Mu.

Mrs. Mu didn't know that the daughter-in-law her grandson looked at had met with Ye Youyin.

When she heard that Mrs. Ye was visiting, Mrs. Mu was taken aback and asked the eldest daughter-in-law, "The old lady of the Ye family? She..."

I want to say that her face is a bit thick.

Forget it, don't say it, it is also an elderly person, to save her some face.

"If you don't see me, I will refuse." Mrs. Mu's surname is Jiang and her boudoir name is "Qionghua".

He speaks slowly and coherently, and his voice is gentle and elegant, but he is magnificent. In a few words, he can say that others have nothing to say, and even have no self-confidence.

She didn't have a good impression of the Ye family either. Old lady Ye also relied on her own age and liked to carry Qiao.

I only ate the head of the old lady some time ago, and suddenly came to the door today, I'm afraid something will happen again.

The Ye family has always been unprofitable and can't afford to get early.

Mrs. Mu smiled and said: "I don't see you today, I will always see you later. I don't know why she came here, see, and listen to what she wants to say."

If she still makes irresponsible remarks about An Xia's life experience, she doesn't mind preaching and preaching.

She can carry the shelf in front of the younger generation, and when she comes to her old lady, it is best to keep a little away, so as not to let people tell the old things about the past, but to lose her old face.

The old lady is also a temperament that can be strong and strong, and can be soft and soft.

When he was young, he could still screw two pistols and chased Mr. Mu abruptly for several days.

Now that he is old, the kind eyebrows can't see how hot it was that year.

Mrs. Ye was born from a low birth. She didn't know what happened to Mrs. Mu when she was young. She also thought that she could still hold Mrs. Mu with her own abilities.

After sitting down, put the best tea on the coffee table, and smiled: "I got a few taels of good tea, thinking about your favorite tea, hurry up and ask you to taste it, and I hope you will not dislike it."

Chapter 805: People want faces, trees want bark

Tea is good tea, but Mu's family really doesn't lack these.

Old Mrs. Mu smiled and said: "You are too polite, didn't I have a good height some time ago, and now I am still taking medicine, and the doctor has told me that I can't let me drink tea anymore."

"No, my eldest daughter-in-law is now the monitor walking beside me, so I can't even touch half a drop of tea."

Mrs. Mu Jiang Qionghua smiled dignifiedly, "Mom, if you want tea, then I will drink."

"Oh, you threatened me. Don't drink, don't drink, I will never drink tea for your stomach." Mrs. Mu glared at her daughter-in-law with a kind smile.

Turn to the old lady Ye and said politely: "Hey, you are worried, this tea, I really don't have the blessing to drink it."

No matter how good the things the Ye family sent, the Mu family wouldn't ask for it.

Asking for their Ye Family's things, I'm afraid I won't be able to get rid of them in the future.

Seeing this, Mrs. Ye knew that the two mother-in-law and daughter-in-law were playing the show, and she couldn't see how to fold the stage.

I can only follow the pole, or accompany the crime, "Blam me, blame me, I just thought of having good tea, but I forgot that you recently took medicine to improve your health.

"Keep this tea first, and then take it out and drink it when you don't drink the medicine."

Has been sent out, she screwed it back?

What a shame.

Mrs. Mu didn't mention it altogether, and when she turned around to give her away, she also gave away the tea.

After drinking a sip of Hangbai Jushui, the old lady was too lazy to deal with the Ye family and asked directly, "Is there something you are coming home today?"

...

It was so straightforward that Mrs. Ye almost missed it.

The smile on his face was also a little stiff, and then he sighed, "It's really something, I don't know who to talk to, I want to think about it, and I'm nagging you again."

When Mrs. Mu heard it, she smiled and said nothing.

She wanted to see how the old lady from the Ye family would continue.

I also want to know how thick the Ye Family's face can be.

Old lady Ye went on by herself like chattering, "Ah, you know me, my granddaughter went to the team after graduating from the battle school."

"As for her, she is an opinionated person. She doesn't do a good job in the civil service. She has to become a special fighter."

"I'm persuading the left to persuade the right, thinking about the girl's family, don't make yourself too rough, and be careful that you won't be able to marry in the future."

"She's fine, and I said that if she can't marry, she won't be able to marry. Anyway, she must be a special fighter. Now she finally has the qualifications to become a special fighter. I didn't expect something went wrong."

Mrs. Mu held Hang Baiju and listened politely.

"For the first few days, it went well. The leader saw that she was good at her ability and able to endure hardships, and had a good impression of my granddaughter. But, self-play...self-play..."

Speaking of difficulties, Mrs. Mu knew the point was coming.

But the old lady still didn't answer.

Old lady Ye really couldn't say anything anymore, she also wanted a face!

When it comes to this, people have also entered the door of Mu's house.

There was another heavy sigh, "Since An Xia came here, my granddaughter knows how self-righteous she is. Her idea is not half as good as An Xia."

"Little girl, she's eager to win. Seeing that her peers are better than herself, I can't help but want to compete."

"Wait, I have to ask, An Xia is 18 this year, how old is your granddaughter? Is it 18 years old too?" Mrs. Mu asked seriously.

How does she remember that girl seems to be in her twenties?

"Twenty-three tonight, the boss is not young, it's time to find her husband's house." Old lady Ye stepped into the pit dug by Mrs. Mu, especially unknowingly, she immediately released the signal that she wanted to find her mother-in-law for her granddaughter.

Mrs. Mu smiled, "Bianxia is five years older. That's not the same age. If you want to compete with the 18-year-old girl, your granddaughter is quite innocent."

Chapter 806: Come, blast her out

An Xia has not yet married into Mu's family, and Mrs. Mu has already taken care of her.

What's the matter?

Can't you be better than you?

Better than you, do you want to go higher and lower?

Don't be too small!

Don't be too jealous!

These words, Mrs. Mu said in her own heart.

Mrs. Mu said gently: "It's not a good thing to be competitive and to win. If you can't tolerate someone better than yourself, you will be narrow-minded and behave badly."

Go to Mu's house and say An Xia?

Old lady Ye family, is your face too big?

Old Mrs. Mu looked at Mrs. Ye, whose expression had collapsed in a moment, and made up another stroke.

"Qionghua is right. He can't tolerate someone better than himself. It's really bad behavior. However, I've thought about the daughters raised by the Ye family, and they don't have those bad things."

Old lady Ye couldn't sit still.

How does this make her answer?

I can only follow it abruptly, and squeeze out a smile, "Although my granddaughter has a temperament, she is a girl, soft-hearted, like thinking of getting along with An Xia, so that An Xia can point her. "

"Hey, I don't know how the girl's family will come back. You can't tolerate me, I can't tolerate you. My granddaughter knows she is not as good as An Xia, so she can only work hard in secret and use her best ability to pass the assessment."

"The bad thing is that she was a bit radical when she worked hard, and she didn't know that she had offended others, the child of An Xia, alas, is also a young and energetic, and said that my granddaughter put a cold gun on her back."

"Old lady, you are also a soldier. How could my granddaughter do such a thing? She is a soldier graduated and knows the consequences of such a thing better than Anxia's child."

"Old lady, I really have no choice but to ask you to keep up. Can you help my granddaughter to solve An Xia's misunderstanding of her?"

The benevolent old lady Mu had already closed her smile, her old voice was tinged with chills, "Listening to you, Xia Xia's child is the only one who makes all the mistakes?"

"Did she lied and wronged your granddaughter?"

"Mrs. Ye, I have to thank you for telling me about Xia Xia's grievance. After such a big incident, my grandmother knows nothing!"

The non-smiling old lady Mu had a big aura, and she felt a chill in her heart.

Mu Family, don't even know about this?

Suppressing her trembling, Mrs. Ye explained, "You have misunderstood, I have no intention of wronging An Xia's child. I just think that there may be trips between girls and families, and there may be some misunderstandings."

"Let's act as an adult, and resolve the misunderstanding for the two little girls, and reconciliation is as good as ever."

How can this old lady of the Mu family be confused?

Didn't you hear her unexpected voice?

Your satisfied grandson-in-law, An Xia, is a powerful character who is reasonable and unforgiving.

Not a good match for Mu Sishao.

Not even worthy of marrying into Mu's family!

This is the point!

How could she not understand.

Old lady Ye was so frustrated that her liver hurts.

Mrs. Mu smiled, her eyes were cold and frosty, "Old lady, you have harmed the Mu family so much, we can't let you come over again in the future."

"Please."

What the team decided, she actually wanted to say that the old lady in the family came forward?

Really plan!

"Come, see off!"

With a cold voice, she got up and helped the old lady Mu get up, "Mom, the wife will help you to go back to the house to rest. Today it is the daughter-in-law's fault. People who shouldn't be let go in."

"There will be nothing wrong with Xia Xia, so don't worry."

Chapter 807: It's over, there is no way to go

Mrs. Mu didn't save face for Mrs. Ye anymore.

They bullied their Mu family's children, and still want her to save face?

Forget it.

I didn't scold her a few words, just to restrain myself and bear it.

"I know that Xia Xia will be fine. I feel sorry for the child. No one at home knows about such a big event."

Old lady Mu got up and went back to the room, thinking of something, coldly said: "Tea, remember Let her take it back."

The old lady Ye, who had lived all her life, was "invited" out of Mu's house in this way.

To say something nice is please, to say something bad is to "rush".

She really didn't expect that Mrs. Mu would change her face when she changed her face!

The first two times, although Mrs. Mu had squeezed her, she was still polite on the surface.

Today, I just didn't point her nose and yelled "get out".

What kind of luck did An Xia's little **** take so much for the old lady of the Mu family to protect him.

and also

The Mu's eldest daughter-in-law is not polite!

When the elders speak, she interjects from time to time, the Mu family is a family of the most powerful and powerful, and being so rude as a daughter-in-law, she really lost the reputation of the Mu family!

The old lady Ye who left angrily went home and suffered distressed old problems.

Now, she couldn't manage Ye Youyin's affairs.

When Mrs. Ye San saw that the old lady had gone to Mu's house, she fell ill and panicked when she came back.

"What can I do, old lady, you are down. You really have no backing. You must get better soon. You are still waiting for you to save her."

When he arrived at the hospital, Mrs. Ye San was still crying while holding Mrs. Ye's hand.

Don't think that Ye Zhuo would usually face old lady Ye with his back on his back, but there is filial piety.

Seeing this, he said, "Sister-in-law, if the old lady wants something, I will let you follow along! Get out! Don't bother the old lady anymore!"

"Ye Youyin is the one who deserves it! She has the ability to cause trouble, so why doesn't she have the ability to deal with the aftermath?"

"Since you don't have the ability, what a good job!"

"I'm telling you, she can't take care of her affairs at home! Don't **** stay in the team, let her go home quickly!"

The messy person has a temper, so fierce as to kill.

Mrs. Ye San was so horrified that she didn't dare to disturb the old lady for her daughter, and she cried silently, covering her mouth.

"unlucky."

Mrs. Ye Si who was passing by coldly scolded, serving the sick old lady.

On the other hand, Ye Youyin has been waiting for someone at home to rescue her, so that she can quickly resume her qualifications.

I didn't know that the time passed day by day, until all the assessments were over, and I didn't wait until the Ye family came to rescue her.

Grey Wolf Base

Bo Lirong announced the results of the last ten special fighters left.

At this point, the fifteen-day assessment is all over.

Anxia completed the assessment with the first overall result.

Miao Hai is second.

"Congratulations, An Xia." Miao Hai stretched out his hand, like Ji An Xia's first day when he arrived at the base, he took the initiative to greet him.

An Xia stretched out her hand and said with a smile: "Congratulations to you too, and you live up to expectations."

"I hope there is still a chance to meet." After releasing his hand, Miao Hai smiled reluctantly: "Cooperating with you has benefited a lot. Without your guidance, I think it would be difficult for me to pass."

An Xia raised her eyebrows, "Don't wear high hats to me. With your strength, there is nothing wrong with becoming a special fighter. Don't be too modest, I don't really like modesty."

"Hahahaha, hahahaha..." Miao Hailang laughed loudly, "I saw it a long time ago. It's not modest, I didn't really have much confidence in this assessment."

"I am surprised to be able to hold on till now."

Miao Hai is really grateful to An Xia, he has made great progress this time through An Xia's many pointers!

Chapter 808: Team Mu is angry

An Xia didn't think she helped them.

It's just communication.

Smiled and said, "Don't be surprised, what surprises you can do."

"No, no, no, thanks to you, I can score high in the first few assessments. Thank you, An Xia." After that, Miao Hai stood upright and saluted An Xia very solemnly.

He didn't know how to thank An Xia, the only salute was.

An Xia also gave this iron-clad man a salute, "I hope there will be opportunities for cooperation in the future."

"Same hope."

The two smiled at each other, smiled for acquaintance, smiled for getting along, smiled for cooperating happily, and smiled more for their dreams.

The other eight fighters also shook hands with An Xia one by one.

Although the individual assessments in the last few days were very intense, they went to ask An Xia when they were resting, and An Xia never refused.

I am very patient to guide them, correct some of their bad actions, and tell them some personal deeds. It can be said that even the fighters who left afterwards have benefited a lot.

"I hope I can be assigned a special fighter, so that I have the opportunity to continue to ask you."

"I also hope that it is a bit difficult."

"Then I still hope that I can meet again in the future, not to mention asking for advice every day, it will be fine if I have the opportunity to ask for advice for a few days."

The Luer District is so big, if you don't get a special fighter, you really need fate if you want to meet again.

An Xia knew where he was going, but couldn't tell.

"Then we hope to see each other next time together."

An Xia is very easy to get along with them.

She still felt the collective competition for the first time, and she was able to live in peace.

There is no need to calculate, no need to make false claims.

Everyone competes fairly, the weak ones are eliminated, the strong ones stay, and they will be reluctant to part with each other.

In the twilight sky, the stars flickered, and when An Xia and the soldiers parted, Mu Chenyuan and Xia Houyu were talking.

With a sharp face, he straightened his thin lips, and his whole body was chilly, causing Xia Jinyuan, the captain of the snowy brigade sitting not far away, to twist his eyebrows.

problem occurs.

"Team Mu's expression is not quite right." He lowered his head and leaned to the ear of Deputy Captain Ye Jian, and said in a deep voice, "An Xia, I'm afraid there will be changes."

Ye Jian looked up at this moment.

The black eyes suddenly darkened.

Team Mu's expression is indeed not very good.

Today is the day when Xiao Xia'er's assessment is over, and it is also the day that the Mu team has been looking forward to.

Calling with the seven-star warrior Xia Hou in the second area of Lu's second area was also to pick up An Xia over for training together.

The words are connected, but Team Mu's expression is not right.

"It's estimated to be." Ye Jian was also worried about his friends, "I don't know what happened. It shouldn't be the test."

Xia Jinyuan shook his head, "Impossible, it doesn't exist."

He hadn't met An Xia, and he thought it might be.

After seeing An Xia, it is certain that he has never passed the assessment.

"I will ask later." He said.

Ye Jian thought for a while, and said, "Let me ask, I'm more appropriate."

"Yes." Xia Jinyuan nodded.

The deputy captain came forward and was An Xia's friend again. She asked if it was more suitable than herself.

But it depends on whether the Mu team will say.

Mu Chenyuan ended the call and returned to the fire all over his body.

Without waiting for Ye Jian to ask, he said by himself, "Something happened to An Xia."

What?

The fighters who heard this were all startled.

"What's the matter? Are you all right!"

Team Mu's expression was too wrong. The fighters thought of almost all that happened during An Xia's assessment when an accident happened and someone was injured.

Ye Jian was not worried at all. Hearing this question from the fighters, he couldn't help holding the rifle in his hand.

"Don't think about it." Xia Jinyuan patted the back of her hand lightly. "I believe that An Xia can't hurt herself. You are her friend, so you should believe it."

Chapter 809: His house is full of rat shit

Ye Jian exhaled a foul breath, "Well, you are right, I believe Xiao Xia'er will not hurt herself."

He heard Mu Chenyuan say: "I'm fine, no injuries."

No injury, that's good.

Huh?

No injury, what's the matter with your expression on Team Mu?

It can never be--

Did you fail the assessment?

impossible!

It's impossible!

Cheng Ming twitched his own mouth secretly, taking away the conjecture.

It is impossible for Miss Ann to fail.

"She was shot in the back by a fighter!"

Mu Chenyuan told the reason. When he spoke, his eyes were cold, and there was a tendency for the earth to fall apart.

"Oh grass!"

"Fuck it! Who!"

"Put a cold gun? Who is it? Has the Security Department come forward? Is anyone in jail?"

"I XXXX, this kind of person can still live? Can't kill him!"

...

In a word, ignite the anger of all combatants.

Son of a bitch!

Beasts!

not human!

Go to jail!

Ye Jian's eyebrows were cold, and he said, "Women, right?"

"Yes." Mu Chenyuan's jaw line tightened, carving out a blade-like fortitude, "Ye Youyin, the Ye Family of Capital City."

Xia Jinyuanguo cursed, "His house is full of mouse shit, wherever he goes, it smells so bad!"

Capital Ye Family, he is too familiar!

His little fox was entangled by the Ye family until every time he returned to the capital, he had to secretly return it!

How come this family hasn't stopped!

Now comes the scourge of Anxia again.

"An Xia was fine, she responded in a timely manner, and shot her wide. She still needs to cooperate with the investigation, and there is no way to come to participate in the joint training for the time being."

Mu Chenyuan's voice was as sharp as a blade, and the blood in his cold eyes was surging, and he was already killing the Ye Family.

It was not a murderous killing, but to root the Ye Family, so that the Ye Family had no place in the capital.

The combatants were furious.

The first time I heard that there was such a thing!

Must be severely punished, and must not be tolerated!

Xia Jinyuan said coldly: "Ye Youyin can no longer stay in the team. It is a great disaster for this person to stay."

With such a person in the team, who would believe her?

"Guardian has performed three polygraph tests on Ye Youyin, and the results show that there is a problem. Besides, besides putting a cold gun on An Xia's back, she also pushed another fighter into the wolf's mouth in exchange for the chance to escape."

Mu Chenyuan said one by one what he had heard from Xia Houyu just now, calm as Ye Jian, and she who never scolded anyone, also whispered a national scolding.

Fortunately, everyone was furious and didn't hear it.

Xia Jinyuan didn't even hear it.

"This kind of person must never stay, they must be taken away." After Xia Jinyuan finished speaking, he raised his eyebrows again, "Arrange a polygraph? Didn't find enough evidence?"

Mu Chenyuan nodded, "Yes."

"She didn't think that there was no evidence, and the war department would have no choice but to use her." Xia Jinyuan curled her lips. "The Ye Family of the Capital City is really as stupid and disgusting as ever."

"It's normal for An Xia to be unable to come over for the time being. The Security Department still needs to ask her several times.

"This kind of thing must be handled cleanly. Also let the Ye family know that the team is not a place where they can mess around."

Ye Family already knew.

Ye Yan knew that his daughter Ye Youyin had come out, and he was so angry that he turned black on the spot.

But he did not contact Xia Houyu, nor did he contact Lu Er District.

One person may be a wronged daughter, but what about the two of them?

Could it be that Chengdu wronged her daughter together?

Obviously not.

In other words, his daughter did cause a catastrophe.

If he wants to appear, he must also be trained.

Fortunately, there were no witnesses, and the worst result was expelled from the war.

Then there is no need for him to come forward.

Chapter 810: Defeat

When Ye Youyin was arraigned, she still killed her. She didn't know if she shot, she forgot.

I don't dare to say contradictory words anymore.

She has already seen the capabilities of the Security Department.

What she said can always find her own loopholes, so that she dare not speak much now.

The assessment is over, she can't go back again, she still has to keep her status in battle.

At this time, Ye Youyin didn't know that her battle status could not be kept any longer.

The next day, after An Xia passed the polygraph test three times in a row, the data was consistent, and Ye Youyin soon learned of his results.

"Disqualification? No! It's impossible! How could I be expelled from the war! No, I don't accept it!"

"I want to appeal! I want to appeal! I don't accept it! I don't accept it!"

"They wronged me, I was wronged! I don't accept it!"

Upon receiving the punishment result, Ye Youyin collapsed.

Expelled from war?

No, no!

She hadn't walked to Mu Sishao's side, hadn't let Mu Sishao find her good, hadn't snatched Mu Sishao from An Xia's bitch, how could she leave Zhankai.

"I want to appeal! I want to find my dad, I want to appeal!"

Roaring, completely losing his mind, treating the security department as a place where he can run wild.

The result can be imagined.

No longer a combat status, yelling in the team, disturbing the order of the enemy team, directly to the public security opportunity to deal with.

The direction of the matter was completely out of Ye Youyin's control. When the police car arrived and the city police showed up, Ye Youyin who refused to cooperate was enforced.

"Let go of me! You let me go! Do you know who I am? I am the eldest lady of the Ye family in the capital city! Do you dare to detain me? Let me go! Let me go!"

The three city policemen shot at the same time, but they couldn't hold Ye Youyin.

"You are attacking the police now! Do you know the consequences of attacking the police? I now warn you to cooperate with our work immediately and refuse to execute it. We will take compulsory action!"

"Get out! Get out! Get out of me!"

Ye Youyin, who had never failed so much before, no longer had the patience he used to do.

She is Ye Youyin!

Ye family's best eldest lady!

Never failed!

This time is no exception!

Want to expel her from the war?

dream!

"First warning!"

"Second warning!"

"Second warning!"

"action!"

The three city police directly rushed forward.

They underestimated Ye Youyin's skill. A city policeman was kicked by Ye Youyin, and his chest suddenly felt painful.

An Xia, who finished the polygraph test, came out, just in time to see Ye Youyin fighting against the city police.

Asked the two-star warlord of the Security Department next to him, "Or, I'll do something for you?"

"Go." The Second Star Warlord nodded coldly.

It's unreasonable that you are still making a lot of noise here!

With An Xia's move, things are much simpler.

The three city police heard a clear and lingling girl's voice "I'm coming" behind them, and they saw a slender figure passing by...

Ye Youyin, who was only a little out of the way, was stopped by An Xia. She hadn't immediately recognized who was stopping her, cursing, "Get out of here!"

At the same time, he raised his foot and kicked towards An Xia.

"Get away?" An Xia repeated, avoiding her attack, smiling and saying: "You are really good enough. You made a big noise in the Security Department, and you attacked the police again. It seems that the Ye family is really not afraid to cause trouble."

A familiar voice came to Ye Youyin's ears. Ye Youyin could see clearly that An Xia was stopping him, and the old and new hatred came to his heart together. His expression was grim and angrily screamed, "An Xia, you bitch! You hurt me so bad!!"

"I'm having a hard time, and you can't even think about it!"

People have already rushed towards Anxia.
