Chapter 811: I'm upset, you coax me (18 more!)

An Xia did not give her another chance to attack herself.

He grabbed her and kicked her right leg with one hand and pulled it forward. He heard Ye Youyin's scream of "Ah", and An Xia pulled her legs out of a horizontal horse and pressed them **** the ground.

An Xia stepped on her thigh, and Ye Youyin let out another scream.

Immediately afterwards, An Xia's hands were cut back to his back, and An Xia was subdued in a weird posture.

The three city policemen saw their eyes dazzled.

Haven't recovered yet, the woman they are about to arrest has been subdued!

So fast!

One move, less than ten seconds!

This is too fast!

"Click..."

Handcuffed, Ye Youyin was escorted by the city police to catch up with the police car.

"Ah ah ah ah, let me go! Let me go!!"

"An Xia! Bitch! Bitch! I will definitely not let you go!"

"Let go of me!! Ah ah, let me go!!!"

"An Xia bitch! Bitch! You wait for me! Wait! I will definitely not let you go, ah ah ah ah!"

Ye Youyin, who was in the police car, screamed all the way and couldn't accept that he was treated like this.

Don't believe it, she just lost to An Xia.

How could she be defeated!

As the police car drove away, Ye Youyin in the car was still struggling.

An Xia patted the ashes on her body, and suddenly there was applause.

Looking up, he saw that under the Populus euphratica tree, there was a handsome, handsome man standing there like a jade.

His eyes are handsome and elegant, like the finest cold jade carvings, everything is perfect, and everything she likes.

"I'm here to pick you up."

The man under the poplar tree smiled and walked towards An Xia step by step.

Approaching, slender fingers stroked her forehead, smoothing the messy black hair on her forehead.

The cold eyes that have always been icy are like a spring sun.

"Do you want to go together?"

he asks.

An Xia raised her eyebrows, "Mu Chenyuan, you are a bit late."

"Sorry, the place is a little bit too late. It's too late." Taking her hand, Mu Chenyuan, as he said, he will definitely come to pick up the girl he loves.

An Xia put her hand in Mu Chenyuan's hands, smiling into her eyes, "A little later, I may be angry. If I am angry, how can you coax me?"

Unexpectedly, he actually ran over to pick himself up.

Well, speaking has always been his advantage.

Coax people, Mu Chenyuan can't, but he can learn.

"I don't know, but I will make you happy with my heart."

"I don't know how to coax people, how to make me happy?" An Xia deliberately embarrassed him.

Mu Chenyuan replied in cooperation, "You still need your guidance."

"Not sincere, I still need to teach."

"Then I will learn, okay?"

One was intentionally embarrassed, the other cooperated, and the two greeted the morning sun, holding hands and walking towards the distance that belonged to them.

capital

Old lady Ye learned that Ye Youyin had been expelled from the war, and was taken away by the city police again, and the angina that had finally eased was committed again.

"Doctor! Doctor!"

When Mrs. Ye Si, who was taking care of her, saw the old lady's face pale, she leaned back, and her face was completely scarred.

The doctor came in and hurried to rescue Mrs. Ye.

Mrs. Ye Si waited for the doctor to push the old lady into the rescue room. She stood in front of Mrs. Ye San and said harshly: "Sister-in-law, the old lady is going to be forced to work.

The family was originally good, but it was made like this by Ye Youyin!

What Miss Ye Family, Bah!

Obviously a spoiler!

Ye Zhuo learned that the old lady was ill again and contacted Ye Yan directly.

"Brother, if you don't come back, you won't see the old lady either."

Ye Yan originally planned to return to the capital city, and his work was almost done. He received a call from Ye Zhuo and rushed back to the capital city by plane overnight.

A lot of things are waiting for him to deal with.

And An Xia followed Mu Chenyuan to a dangerous place.

Her friend Ye Jian was already looking forward to it, waiting.

Chapter 812: Here comes the rescue

An Xia hasn't seen her friend Ye Jian yet, and Ye Yan has already seen her daughter Ye Youyin over there.

The meeting place was in the hospital, and Ye Youyin's mood was very wrong.

Under the double blow of psychology and spirit, the wind has always been smooth, and Ye Youyin lost normal cognition.

She used crazy screams and anger to activate the self-protection mechanism and vent the blows she couldn't bear.

Feeling out of control and tending to hurt people, the city police sent the people to the hospital overnight, and then slowly calmed down after injecting sedatives.

At this moment, the man is lying on the bed, his eyes are empty as if he is lost, and he is alive like a walking dead.

Ye Yan walked in, but Ye Youyin did not respond.

Until Ye Yan stood by the hospital bed, his eyes were cold and he looked at his impassive daughter, and he let out a cold "humph" in his mouth.

The sound alarmed Ye Youyin, she moved her eyes stiffly, her eyes disintegrating and turning to the person standing next to the bed.

After a while, Ye Youyin realized who was standing by the hospital bed.

"Dad! Dad!! Dad! Save me, save me, save me!" He got up from the bed and threw his hands at his father.

Ye Yan didn't move, and the anger in his cold eyes began to burn.

Crazy, without the elegance of a wealthy daughter, it's simply ---

"a shame!!!"

This was the first sentence Ye Yan said when he saw Ye Youyin, and said it in a roaring way.

Outside the ward, Mrs. Ye San became anxious when she heard it.

How to speak!

How does he talk!

The daughter was so wronged, the meeting as a father is not to comfort her, but to reprimand her?

Madam Ye San wanted to go in, but was blocked by two city policemen, "Madam, only one person is allowed to visit, please cooperate, thank you."

"Two, it is convenient. I am the child's mother, and the child's father can't speak. I'm afraid the child will be stimulated again. You let me go in and persuade the child..."

With that, Madam Ye San's tears came out.

Inside is the jewel in her palm, the jewel she held in her hand for 23 years, but she did not expect...Unexpectedly...

Encountering the evil star An Xia made her baby suffer.

Sobbing low, worry and sadness are all in the tears.

At this moment, Mrs. Ye San is just an ordinary mother who is worried about her children.

The city policeman was in charge and could not let him go, saying, "Sorry, ma'am."

"This...I...I'll just go in and take a look, take a look, is it OK?" After leaving the capital, to this small remote place far away from the big city, Mrs. Ye San's identity was not good.

No one sold it.

"Snapped!"

Suddenly, there was a fierce slap of applause from inside, and Madam Ye San's face changed drastically!

"Yin'er! Yin'er!! Ye Yan! Ye Yan, did you beat the sound? Did you beat her?"

A city policeman pushed open the door of the ajar ward and went in. Then, Mrs. Ye San heard her husband Ye Yan say: "Hit the mosquitoes."

It can't be mosquitoes!

She definitely slapped her daughter.

The city police looked at Ye Youyin, who was covering his face and crying, and then looked at the six-star warrior wearing a battle uniform. His tone was not as cold as before, and he said solemnly: "She is a patient now. If you have any questions, please come to us at any time."

"Thanks for your hard work." Ye Yan held his hand, "I have something to say with my daughter, please go out first, thank you."

The six-star warlord does not need to be too cautious when speaking.

The city police walked out of the ward and listened to the six-star general's instructions, "Please close the door and let my wife wait outside. If you don't cooperate with your work, you can exercise the right to enforce the law on the spot."

The words were so harsh that the city police couldn't help being stunned.

It was the first time that he heard a family member tell him this way.

Chapter 813: It hurts and was slapped again

What I see most is to make noise as much as you want, no matter what law enforcement officer you are, I am the biggest man!

The generals coming out of the team are really different.

Lead by example!

Ye Yan didn't have much time to grind.

What his daughter did, made him lose face.

Lu San District hasn't heard the wind yet, and when the rumor comes, he will still have any face in Lu San District.

Wherever you go, you will have to be pricked in your spine!

He said that Ye Yanzhen would teach his daughter, such an arrogant, bold, and ignorant thing!

I'm afraid there is one more thing to say, he is strict with others and treats himself leniently!

The door was closed again, Ye Yan, whose face was so gloomy that it was dripping water, stared at Ye Youyin whose face was covered, and said sternly: "Now that I know I'm ashamed, I don't dare to see people?"

"Why did you make your mind crazy when the trouble was? Ah?! What's wrong with you?"

"It made a big noise in the Security Department, and attacked the police, and said that you are my Ye Yan's daughter! I don't have a daughter who doesn't know the heights and respects of you, and loses face to the family!"

"Look at what you have done! Ah! You shameless, the family still needs shame, and my mother and I still want shame!"

"Expelled from the war? Do you know that you are going to be the laughing stock of the whole war!"

"I have to laugh all the time. Ye Yan can't teach his daughter. Even his daughter can't teach well. What qualifications do he have to teach other fighters!"

"You made yourself a joke, and you ruined all my hard work!"

As long as Ye Yan thinks that he knows that Ye Youyin will be expelled from the war, he will have no face to stay in Lu San District!

My daughter can't teach, how can I teach other fighters well?

"Tell me well, what happened on earth! You said clearly, dare to tell a lie, I shot you!"

Ye Youyin was first slapped and slapped by his father, and now, he was slapped and scolded again.

Why scold her?

What did she do wrong?

She wants to get rid of the obstacles blocking her. Is it wrong?

No!

She is not wrong!

It's not my fault!

If An Xia is acquainted and obediently gives way to her, stays in her own place, don't make trouble, nothing will happen in front of her.

It's Anxia!

The fault is that she is restless and guarding herself!

The fault was her wishful thinking!

The fault was that she didn't know how to advance or retreat!

Ye Youyin hated her with her hands tightly covering her face.

Hate to the teeth, "cackling" loudly.

"Are you deaf or dumb? Speak to Lao Tzu!" Seeing that his daughter hadn't spoken yet, Ye Yan was furious again.

He ran all the way over, not for a tour of the mountains and rivers, not to see her in such a dead state!

"Look at what the **** you look like now! Are you worthy of your grandma's meticulous upbringing? Are you worthy of the Ye Family's cultivation of you?"

"Crazy and crazy, there is no such thing as a wealthy daughter, roadside beggars are better than you!"

"Look up for me, look at me, and answer my questions well!"

Ye Yan, with a pale face, stretched out his hand and forcibly opened Ye Youyin's hands covering his face, staring at her with fierce eyes.

Ye Youyin also stared at her father.

And her face was still hot and painful right now.

It really hurts!

It hurts!

It's not the face that hurts.

It's the heart!

A slap on her face, and even more on her heart.

"Dad, am I your daughter? I'm still not your daughter! I'm still not your daughter!" Ye Youyin's eyes widened and asked:

"I must not be your daughter! No father can be as cruel as you!"

"I'm wronged. You don't just give your head for me. You don't even care about me. Apart from accusing me of embarrassing you, have you ever thought about my feelings?"

Chapter 814: No one else is useless

Ye Youyin couldn't accept it.

How could her father be like this!

"Dad, I'm your daughter! I'm your biological daughter, not your fighter. Can you treat me better?"

"Now, I was bullied! Your daughter, your Ye Yan's daughter, the eldest lady of the Ye family in the capital, was bullied by a lowly breed!"

"I was bullied, and your face is truly dull! It's not that I am embarrassed for you, but that you didn't protect me! Let me be bullied!"

Ye Youyin has always been good at finding wrong reasons and excuses.

Moreover, she can convince herself.

Thousands of mistakes cannot be her fault.

Anyone who didn't listen to her and didn't make way for her was all the fault of these people.

Ye Yan raised his hand high when he heard it.

"Snapped!"

He was so angry that his eyes glared like a King Kong, and Ye Youyin slapped Ye Youyin again.

"Ye Youyin! Give me more clarity!"

In the ward, Ye Yan shouted like thunder.

Even if the door of the ward was closed tightly, Mrs. Ye San, who was waiting anxiously outside, heard it clearly.

"City police, let me go in and have a look, let me go in and have a look! My daughter and his dad are rivals when they were young. If I don't go in, something will happen."

What happened to the husband tonight?

Isn't it the one who spoils your daughter the most at home?

Why is it so abnormal tonight.

With such a big fire, it seemed as if she was going to eat her daughter.

Knowing this, she would not agree to let him in if she said anything!

She should go in by herself.

The city police frowned at the movement inside.

It is not impossible for parents to go in and visit.

Still have to ask for instructions.

"Wait a minute, I'll ask for instructions from above."

"Okay, okay, thank you, thank you." Madam Ye San did not arrogantly in the capital either.

No way, it doesn't work!

No matter how uncomfortable my heart is, I can only be polite!

The sky is high and the emperor is far away, and the people here are sturdy and sturdy, as if two of them can't understand people's words, each of them has a tendon, and doesn't know how to adapt at all.

None of the cash cards she prepared were sent out.

Madam Ye San is ready to come over.

I brought twenty cash cards.

Each card has one hundred thousand, two hundred thousand, three hundred thousand, and five hundred thousand.

The biggest one is one million.

For Ye Youyin, Mrs. Ye San has always been willing to spend money.

Millions, tens of millions, don't worry at all.

As long as you can bring your daughter back to the capital and make her suffer less, it will be nothing to spend some money!

If the money is gone, just make more money.

The Ye family has a big business, and she has her own business, with a profit of several hundred million a year. This is not enough money to buy a good car!

When Mrs. Ye San saw the city police call, she immediately took out a card from her black hand-twisted bag, "A little bit, young man, you can buy water and drink."

But the city policeman was so scared that he backed away and shouted, "Madam, you put it away! Don't take your set out!"

He said to his colleague: "You stop her, don't let her play this one."

The first one was a bit blunt Putonghua, and the latter was their local dialect, which was swift and circumstantial, and didn't know what to say at all.

When Mrs. Ye San saw this, she wanted to scold them for all elm heads!

It's said that having money can make the ghosts grind, but the result?

She has money, but these little ghosts refuse!

become!

She just wanted to go in and see her daughter. They didn't want the money, she kept it for others!

In the ward

Faced with her daughter's accusation, Ye Yan was haggard.

Looking at Ye Youyin's eyes, it was like looking at a stranger.

How did his smart daughter become like this?

Being bullied, he naturally feels distressed.

Chapter 815: Raccoon dog

However, she was not being bullied in front of her.

Is being punished!

Punishment is not a random result. It is a matter of discussion, verification, and repeated confirmation before the document can be issued.

After the investigation by the Security Department, how could she be so naive that she thought that what she was doing was perfect?

"Ye Youyin, you disappointed me too much." Looking at her daughter who was even stranger than a stranger, Ye Yan was several years old in an instant.

"The Security Department, even if it is the Twelve Star Warlord, where you have to bow your head. You, you are still playing? The Ye family is not as lawless as you in the capital!"

"Do you think I can protect you as a little six-star warlord and justify your mistakes? Ye Youyin, the team is not our Ye family!"

"Are you still not sober? You still need me to scold you a few more words and slap you a few more times before you know the seriousness of the situation?"

"You are also a graduate of the war school, the inspector of your school, aren't you afraid?"

Inspector, every war academy student avoids the existence of fear.

How can you not be afraid?

Ye Youyin's hands shook slightly while gripping the quilt.

"Youyin, Dad came here to wake you up! You are too presumptuous! Until now, I still don't know how big a mistake I made!"

"I don't have to worry about the team's affairs anymore. It's useless to mention it at this point. In any case, it won't change the result of your delisting."

"Dad! I don't want to be expelled!" Ye Youyin raised his eyes in horror, and said in horror: "Dad, I can't be expelled! I have been working hard for so many years, why don't you know what I am doing?"

Ye Yan yelled coldly, "You ruined yourself! Deregistration is impossible to change, so don't think about it anymore!"

"dad!"

"You shut up!" Seeing that she hadn't figured out the point, Ye Yan's anger ignited again. "What is more serious than delisting now is that you attacked the police!"

Before Ye Yan's words were finished, the closed sick door opened, and Mrs. Ye San ran in crying.

"Youyin, mother's voice! Quickly, let mother see if there is any injury? Is there anything uncomfortable?"

He hugged and hugged Ye Youyin's shoulders, and looked anxiously.

I watched and touched again, even if I didn't see it.

Ye Youyin didn't even know that Mrs. Ye San was here. I saw it now, knowing that the person who was in charge of her was here, and the grievances in her heart broke out like a mountain torrent.

"Mom! Mom! Ooo... Mom!"

"Mom is here, mom is here, be good, mother's baby, don't cry, don't cry. If you have a mother, no one wants to bully you? Your father can't even think about it!"

Holding her daughter, Mrs. Ye San also cried along with her.

Ye Yan's forehead was big when she cried.

"You two, mother and daughter, stop crying, settle the matter and go home, close the door and cry again!"

"Ye Yan! Did you become a dad like this? You are still not a human! Do you still have a conscience! Haven't you seen how your daughter is bullied?"

Regarding her daughter, Mrs. Ye San is not afraid to confront her husband.

Daughters and sons are her heart, whoever wants to touch them, she will try her best to get them back!

Ye Yan's worries about his wife the most.

Shen said: "Don't stop, your daughter has more trouble waiting behind!"

What?

How can it be!

Madam Ye San sneered, "With me, who dares to bully my daughter, I want her to die!"

"You shut up! Why does my daughter have today? It has a lot to do with you!" Ye Yan was so angry that his eyes burst into flames, "Quickly let go of the young voice, I still have something to ask!"

Madam Ye San wanted to make trouble again, but she thought that this place was not a capital, and she didn't have much weight in her words, so she said to Ye Youyin:

"Yin'er, don't be afraid, there is a mother, just say whatever you want."

Chapter 816: The camp is empty

She is supporting her daughter, no one wants to bully her daughter half a point.

Nor is the husband!

The gaze fell on Ye Youyin's face, suddenly, Madam Ye San's pupils tightened.

After that, he yelled, jumped up and rushed towards Ye Yan.

"You hit the sound? You hit her? Ye Yan, I played with you!"

Her baby who couldn't bear to move even a cold hair was swollen when her husband was drawn to her face!

Ye Yan has no patience anymore.

Insufficient success, more than undefeated!

If I knew it, I shouldn't have brought her here.

"Lin Xian, stand up for me! We only have half an hour to visit. Are you sure you want to quarrel with me?"

With a roar, Mrs. Ye San shook.

Half an hour, they only have half an hour to talk to their daughter.

"Okay, okay, Ye Yan! I'll find you after I come back!"

Ye Yan glanced at his wife, his face even more cold, "Find me to settle the account? After returning to the capital, you still think about how to restore your daughter's reputation!"

"Ye Youyin, are you legally blind? Do you want me to talk about the consequences of your assault on the police?"

"The mistakes made here will be written into the file and will follow you forever!"

"Do you still want to marry Mu Sishao? Do you think the Mu family will let a woman with a record into the Mu family's gate?"

Noisy, noisy, don't know what the consequences are?

Yes, now you know it!

"You stayed in the team to get to Mu Sishao's side and fight side by side with him. You can get the moon first when you get close to the water tower. You've already gone this way."

"Leaving the team, you still have a way to go. After returning to the capital, you can manage your reputation and win the appreciation of the Mu family."

"This way is right, you still have a chance to marry into Mu's family."

"But now, Ye Youyin, Ye Youyin, you are noisy and noisy, and you have taken your second good way to death! Now, do you think you still have a chance to marry into Mu's family?"

All the words were like ten pots of cold water, one pot after the other poured on Ye Youyin and Mrs. Ye San.

Mrs. Ye San was stupid.

This this--

Why are there files left?

"How... how come, you, you, are you scaring us mother and daughter? Is this a trivial matter, as for?"

Mrs. Ye San didn't believe it yet.

In her eyes, what is this little thing?

It can be done in minutes.

"Impossible, how could it be..." Madam Ye San especially didn't believe it. As she spoke, Madam Ye San shut up as her husband's eyes swept across.

This this this-

How can this be done?

Could it be true, as the husband said?

Did You Yin walk all the way to marry into Mu's family?

That old lady...

Thinking of the old lady, Madam Ye San shivered severely.

Why did the old lady bring Youyin with her by herself? Isn't it to let Youyin marry into Mu's family!

If the old lady knew that there was no hope for You Yin to marry into the Mu family, wouldn't it, wouldn't it—

Madam Ye San didn't dare to think further.

However, Ye Youyin was finally said to be awake.

No matter how much emotion is out of control, no matter how madness, no matter how anger and unwillingness are, Ye Yan is pinched to death by a word.

right!

right!

Dad is right!

How could the Mu family let in a girl with a criminal record?

OMG!

What stupid things did she commit!

Why did she lose her mind all of a sudden and make a noise like a madman.

Recalling that I had made a lot of trouble in the Security Department before, and after seeing An Xia, I was greatly stimulated and did something that I would never have done before.

An Xia?

An Xia?

She was--

Why come here?

She can obviously ignore herself and just walk away.

Why is she coming over?

She obviously ignored herself so much, why did she come over at that time?

Chapter 817: An Xia said I also want a peach blossom debt

why?

An Xia was sitting by the fire, his mouth twitched slightly.

In his eyes, even if there is a firelight, it can't conceal the coldness in his eyes.

"She wants to retire all over? How can I give her a chance? If you can't solve the problem, then give her a little gift."

Ye Jian pursed his lips and smiled.

She found that Xia Xia was, um, very interesting.

The mind is big, it is quite big.

It can be big enough to give away the credit and relax all by yourself.

When I was young, it was quite small.

Javier must be reported.

"Then she has to thank you." Ye Jian smiled. In the flames, Yan Li's brows and eyes were deep with a smile, blooming like flowers, "Presumably, I will remember you for the rest of my life."

An Xia raised her eyebrows and said domineeringly: "No need to be thankful, I will also be credited for her ability to be a good individual in the future."

"It is estimated that this kind of person..." Ye Jian paused, the other person she thought of.

Someone who didn't know where he ended up and didn't know where he went--

That person is almost the same category as Ye Youyin.

Relying on the fact that his father and elder brother are both members of the team, he is a literary and artistic warrior, and he always stumbles people who are not pleasing to the eye.

In the end, the organs are all counted, and people don't know where they are going.

"This kind of people never know that they are wrong, and they will never think that they are wrong. They only think that all mistakes are the faults of others."

An Xia agrees very much!

That's too right.

Ye Youyin didn't think he was wrong when he got into the police car.

Turning his head again, he said coldly to Mu Chenyuan: "She came across, all because of you! You, this person, can cause peach blossom debts thousands of miles away!"

Mu Chenyuan: "..."

The fire hit him.

On that side, Xia Jinyuan seemed to think of something, and got up, "I'm sorry, I'm not company, I suddenly thought that there is something I need to find a soldier, you talk to me."

An Xia said something terrifying.

Don't put the fire on him.

I'm sorry, Team Mu, he takes one step first.

Ye Jian's eyes were quick, he pulled his trousers, raised his eyes, and said with a smile: "Team Xia, don't be busy, sit down and talk."

"Stop talking, stop talking, busy." It's too scary, let's go quickly.

Every time his little fox smiled this way, his heart was hairy, and his whole body shivered even more.

Seeing this, An Xia knew that she also had a peach blossom debt!

Then he said to Ye Jian: "Blue Bird, when shall we go out to provoke a few peach blossoms?"

The captain of the broken wolf and the captain of the snowy area, the two stood up to the top of the world, and they were not afraid of the man when they went up to the knife mountain and down the sea of fire. This time, they all shuddered.

Xia Jinyuan gave Mu Chenyuan a wink, which probably meant, "Dude, your girlfriend's firepower is too fierce, press down quickly, don't hurt me!"

Sacrificing one is enough, he should not sacrifice.

Mu Chenyuan replied with his eyes, "I'm sorry, share a little bit, just fell in love, don't understand, I need advice from seniors."

There is nothing to advise, please let it go.

Clearing his throat, Xia Jinyuan came to look up at the sky at a 45-degree angle, and said with a sad look: "Oh, your friend Ye Jian, her peach blossom debt, let me count how many..."

"One is in the Ministry of Foreign Affairs, one is in Lifa's palace, and one is in..."

An Xia didn't want to listen.

The clown was actually herself.

"Blue Bird, why do you have so many peach blossoms? I don't have any of them." As Youyou said, An Xia's heart was as sad as a dark cloud in the sky.

Sad!

Lived for two lifetimes, she only has this peach blossom, Mu Chenyuan

Depend on!

No, too bad!

She will also go out to find peach blossoms.

Mu Chenyuan coaxed, "There are too many peach blossom debts, and it is easy to bother. We still don't look for it, we are tired."

"No! I like peach blossoms blooming! Whichever blooms is more beautiful, I will pick which one." The sad An Xia refused.

Chapter 818: Ruzi can be taught

An Xia, who finally assembled with the special fighters of the Polang and Xueyu teams, did not have much relaxing leisure time.

Looking for peach blossoms?

No time to.

At three o'clock in the morning, An Xia, who fell asleep with a gun, opened his eyes quickly, rose into the air, and waved a dagger to stab the black shadow that crept close to her.

"it's me....."

It was Cheng Ming's voice.

The blood between the eyebrows was restrained, An Xia retracted the dagger, and said coldly: "What are you doing sneakily in the middle of the night."

"Assemble and set off." Cheng Ming smiled, not frightened by the coldness exuding from An Xia.

An Xia raised her eyebrows, "Did you deliberately test me again?"

...

"How about I ask Team Mu and Team Xia? I'm responsible for calling people." Cheng Ming's heart trembled, and he didn't answer An Xia's question directly.

Yes, deliberately probing.

I want to know if An Xia can wake up immediately from his deep sleep.

A little test, the captain of the snowy field proposed.

He doesn't know An Xia deeply, so he needs to find out.

This kind of small test Anxia can accept.

Can also understand.

The two teams were trained together, and they were all experienced special fighters. Only she was the only "rookie" who had been in the team for less than four months. Although Mu Chenyuan believed in himself, not necessarily other fighters believed in himself.

She can keep up with them as soon as possible, and An Xia can accept it.

Cheng Ming was still afraid of An Xia's anger.

After that, seeing An Xia accept it indifferently, he was still a little surprised.

"You are not angry."

An Xia was puzzled, "Why should I be angry."

"They tempted you, don't you hate others for distrusting you the most?" Cheng Ming stared, is it possible that Miss An has changed her sex?

That's too fast.

An Xia sullen, "You don't believe me now."

Uh.....

Cheng Ming hurriedly said, "No, no, I believe you 100%. There is absolutely no problem with you following our training."

How could he not trust Miss Ann!

100% letter!

"I'm not worried that they will test you, are you unhappy?"

An Xia wanted to laugh a little.

The young man was quite afraid of himself.

Be patient and explain, "You and your Mu team don't believe it, come to test me, I am definitely angry. Others arranged for you to test me, I have no reason to be angry."

"I'm not the unreasonable temperament, I can twist it clearly."

"The brothers on the broken wolf side should believe me, and the fighters on the snowy area suspect me. It's normal. Even the Blue Bird, I'm afraid I can go to the end."

Blue Bird is worried about her body, afraid that she will carry it hard.

Cheng Ming continued to stare, and then whispered, "You guessed it all right."

"Our Bro Wolf brothers still believe in you, just worrying that your body will not be able to bear it. There is a little suspicion over the snowy area."

"It turns out that they didn't particularly agree with you to join temporarily, for fear of accidents. There was someone, but he agreed. Can you guess who he is?"

An Xia didn't have to guess, and said indifferently: "Xia Jinyuan."

!!!

Guessed again!

Cheng Ming said in surprise: "Team Mu told you?"

An Xia felt that the young man was making a fuss, and his expression became richer.

"Do you still need to say? Xia Jinyuan wants to dig me into their team. Since I want to dig people, do I need to find out first?"

Cheng Ming smiled this time, and said confidently: "Then don't think about it, you won't go there."

"Why?" An Xia asked with interest.

"You promised us before that you will definitely break the wolf."

An Xia nodded in satisfaction, "Ru Ziniu can be taught."

"It's not that you can teach a cow, but you can teach a kid." Cheng Ming corrected him, and said with a smile: "Miss An, your Mandarin is not good enough, you need to strengthen it."

Chapter 819: Start to join forces

Cheng Ming found that An Xia liked to say these things, but, if there was one more word in the middle, or one less word.

At first glance, you can see that the national language and cultural skills are not solid!

An Xia smiled, and said blankly: "If you see it through, don't say it, thank you."

She speaks Xia Guo's Mandarin very easily.

At a deeper level of language, such as those ancient people have words, idioms, proverbs, and some quotations, she is not familiar with it.

Cheng Ming followed behind and smiled.

Miss Ann is cute sometimes.

Seeing Anxia coming, the blue bird Ye Jian said to Xia Jinyuan, "Have you seen? Xia Xia has always been alert."

"A little test, it's nothing." After Xia Jinyuan finished speaking, he received a provocative eye knife, which was An Xia's sight.

He turned sideways, avoided a little bit, and secretly told Ye Jian, "There are many tests below. Please pay attention to her score. I want to know if her overall level is acceptable."

"Okay." Ye Jian nodded, she also wanted to know.

Although I met Xia Xia as usual, but the time to get along was too short.

They are not particularly clear about each other's tactics and skills, so I can take advantage of this joint training to find out the bottom line.

An Xia walked to Mu Chenyuan's side, and Mu Chenyuan spoke with Wei Ji.

Obviously, he did not take this little temptation to heart.

Hearing the sound of footsteps, he raised his eyes and looked over. The sharp and handsome face passed by with a soft color, "Here."

"Yeah." An Xia approached and nodded slightly with Wei Ji before asking, "When will we leave?"

"In three minutes." Mu Chenyuan said, and handed the tablet electronic map to An Xia. "Next, I will be responsible for a 30-kilometer march and a 100-kilometer, high-intensity march, without stopping."

"Time, 20 hours."

He just told Anxia what to do next, and didn't ask if Anxia could make it.

There is no need to ask, but to ask is distrust of An Xia.

An Xia glanced at the route, her face calm, "Okay."

Wei Ji couldn't help but look too calm.

that's all?

No other indication?

Mu Chenyuan naturally stood on Anxia's side.

Seeing this, he said calmly to Wei Ji: "You tell her a hundred kilometers, 18 hours of forced march, she can do it."

"It didn't mean to offend, that was..." Wei Ji smiled, "It's just that An Xia is too indifferent. I'm afraid she has any opinions, so I won't say anything."

If you don't understand or get along, you will naturally have these thoughts and opinions.

Only when you are familiar and understand, you know me, and I know you, will such thoughts disappear.

An Xia said seriously: "I never hold my mind when I have an idea. I will put forward any comments and suggestions."

"That's good, that's good, don't hold back." Wei Ji has never been with An Xia, and now they are understanding each other, thus slowly establishing a trusting relationship.

Why did Mu Chenyuan have to arrange for An Xia to come over for training? This is also his goal.

"In the next period of time, the brothers in the team will have enough time to get to know Anxia. Tell them if you have any ideas, you can directly communicate with Anxia."

"Understood!" Wei Ji nodded. Seeing An Xia was taking the route of the forced march seriously, he said, "I will enter a high altitude in the evening. If it is not suitable, remember to take the medicine in advance."

Taking anti-altitude sickness will reduce the pain of altitude sickness.

During the training in the Imperial Domain, An Xia had been to the highest altitude of more than 7,000 meters, and she also carried it down.

But now I really haven't been there.

Will there be altitude sickness? Anxia didn't dare to pack a ticket.

With Wei Ji's reminder, she took the anti-altitude sickness medicine that should be prepared in advance.

Needless to say, just swallow a few small capsules.

Mu Chenyuan quietly put away the kettle, and finally, patted her back lightly.

Stop choking.

Chapter 820: I want to fix her, don't dream

In the end, he whispered, "There is still water for medicine, so don't save too much."

The most scarce thing in the Gobi Desert is water, but they always have a way to collect water.

For example, dig a small funnel-shaped pit in a humid place with the sun, and place a water container under the pit.

Then, spread a transparent plastic film on the top of the pit, and press the plastic film around.

Then put a small stone in the middle, so that the center of the plastic film is recessed to align with the water container.

Under the sunlight, the plastic film will condense into water droplets, and the water droplets will drip from the concave point in the middle into the water container and turn into water that can be directly purified.

The next day, the water container generally has a volume of about 5cm.

At this moment, Qi Xingsu and the others have collected all the water sources, enough for one day!

An Xia replied, "There is no saving, I am used to this kind of swallowing."

"Drink some water." Mu Chenyuan unscrewed the lid of the kettle and handed it to her. "It's not a particularly good habit. It will strain your throat."

An Xia laughed, "I don't swallow medicine every day, and there is no strained throat."

"..." Mu Chenyuan was speechless.

An Xia handed the kettle back to his hand with a smile, "Don't refute what I said, because what I said is true."

Gee.

The young man is still a little tender.

It's okay to be tender!

She just likes tender.

tasty!

Three minutes passed quickly.

The two teams assembled and started a 100-kilometer, 20-hour forced march.

This is much more difficult than taking part in the preparatory special fighter assessment before! !

This is a contest to challenge the limits of physical fitness. In addition to the necessary equipment, the backpack also contains stones and barbells.

In Xia Jinyuan's words, "Come here and decorate with more rocks. This is a specialty of the Gobi Desert. Don't lose it. You will keep it as a souvenir when you return."

On the way, he also deliberately picked some nice, patterned stones, and kept putting them on the soldiers.

An Xia also put a piece in his hand, and listened to him with a smile: "Hold it, and I will pick you up with the best look."

Whether it's the best-looking, she doesn't know.

The heaviest, she knows.

Mu Chenyuan also had it in his hands, and he and Xia Jinyuan exchanged each other.

It is estimated that the stones picked are very strict. When An Xia saw the two of them exchanged, his arm sank obviously.

Blue Bird whispered to her: "Leave them alone, they are fighting over and under the covers along the way. Our summer team, sometimes Yan'er is bad, and want to reorganize the Mu team."

The whole Mu Shen Yuan?

An Xia smiled coldly, "Then he is the wrong person."

It has been pushed to protect it.

"Yes, I didn't succeed once." Ye Jian was very happy to see Team Xia deflated, but unfortunately, there were not many opportunities to see.

I have to say that Xia Xia has a good eye for men.

Although the Mu team is young, it is particularly stable.

Team Xia always praised him every time he mentioned him.

There is a kind of gratification for successors.

Starting at three o'clock in the morning and walking until noon, the soldiers' feet began to slow down.

This is so, everyone has never thought about reducing the burden.

An Xia hugged the stone and stood against the sun, her eyes resolutely walking in the middle of the team.

She did not sprint to the front.

The opportunity to sprint is not yet in sight.

Although walking in the middle, it was enough to shock the Snow Territory and Wolverine fighters.

"The little girl is good enough!"

The members of the Snowy Brigade watched An Xia's footsteps were still light, and they didn't change their arms to rest.

They had some concerns before.

On the first day the little girl came, she went directly to the 100-kilometer forcible march within 20 hours, which was the physical limit of a special special fighter.

Unexpectedly, she didn't say a word, and now she can still walk to the middle of the team.

Really, cow!

Hearing this, Qi Xingsu raised his brows proudly, "Of course, I won't look at who An Xia is."
