Chapter 831: Long pain is worse than short pain

An Xia also noticed.

Doesn't feel nauseous.

On the contrary, I found it very interesting.

If this was trained in the imperial domain, someone would dare to throw it like this, and he would have been beaten on the ground a long time ago.

Although Mu Chenyuan didn't say that when An Xia passed between them, the fighting special fighters suddenly realized that they needed to pay attention to their image.

"Cough cough cough! Cough cough cough!"

The warriors who had noticed coughed to remind warriors who were still like elm bumps.

Damn it!

Pay attention to the image!

Don't lower your impression score!

Some fighters were also preparing to put their **** feet on the faces of the fighters who were sitting on the opposite side. A fighter next to him directly stretched out his hands and swept one by one.

"Which **** beats Dad! He's looking for death!"

"Your dad beat you!" The fighter who beat him stared, and motioned with his eyes.

Where is An Xia, where is An Xia, can you pay attention?

Hurry up and pay attention to Lao Tzu!

This time reflects the tacit understanding between teammates.

One look, understand in seconds.

Take your feet back and sit down obediently.

A few tears were silently shed in my heart.

Sorry, I'm dragging my brothers back again!

An Xia laughed, "Go on, don't care about me."

Everyone smiled awkwardly and politely.

"Okay, okay, I didn't care."

"Ha, haha, I didn't care, I was playing around."

...

Forced to explain that he didn't care, so embarrassed that Mu Chenyuan was embarrassed for them.

In this regard, they should really learn from the brothers of the Snowy Brigade.

Look at the brothers of the Snowy Brigade, how quiet!

He turned on the helmet light and glanced at the quiet snowy brigade, and the Bro Wolf brothers looked neatly.

Suddenly stunned.

Oh shit!

The rough guys of the Snowy Brigade, why are they so well-behaved, this will have a temperament!

Unlike them just now, one of them exudes a wild and wild temperament all over their bodies.

Comparing the two, you can see the high and low at first sight.

Tonight, the Powolf brothers did not pinch their temperament to death.

unwise!

Quiet like a chicken, the temperament, the brothers of the Snowy Brigade, gracefully received the attention from the members of the Broken Wolf Brigade.

Don't be envious, it's all **** experience!

They also came here like Polang brothers.

Gradually, I learned that you need to pay attention to your image, and you must pinch your temperament to death at any time!

Mu Chenyuan took An Xia out of the stone house, and sat on the left side of the door of the stone house without going too far.

Sit down and carefully take off Anxia's boots.

The feet were not only worn and bleeding, but also so swollen that it was difficult to take off the boots.

It's hard to take off the lacing when you loosen it.

When An Xia saw this, the long-term pain was not as good as the short-term pain.

His eyes sank, he quickly held Mu Chenyuan's hands, and took his hands off...

Get it done!

And said indifferently: "If you should come, you should have it. It's better to be happy and save time."

Mu Chenyuan pressed the corners of his mouth,

Under the helmet light, he saw An Xia's feet were very swollen.

The dark ink color of the socks can only see the original color at the top of the socks, and the other parts are stained dark with blood.

Socks can't be as neat as taking off boots.

Will tear off the belt meat together.

You can't take it off either, you can only cut it with small scissors.

Seeing Mu Chenyuan seemed unbearable, An Xia said helplessly: "I'll do it myself. It's not a punishment, what's wrong with it?"

Mu Chenyuan didn't speak, his eyes drooped, his slender fingers were placed gently and softly, and he held small scissors to cut it.

The socks were cut open and the wound was exposed.

Seeing this, Mu Chenyuan, who had anticipated the injury, couldn't hold back his heart and sank heavily.

Flesh and blood!

"The other foot," he said in a low voice, his voice tightening.

Xia Jinyuan and Ye Jian walked over from the side of the stone house. They had just gone to arrange a sentry post.

Chapter 832: One dare to speak, one dare to listen

Seeing the two sitting outside the stone house dealing with their wounds, the experienced Xia Jinyuan knew the cause at once.

Then, he smiled at Ye Jian and said, "We are also dealing with it outside."

The air inside is absolutely full of surprises.

He and Ye Jian stopped feeling it.

Ye Jian nodded her head like liu, and saw the injury on An Xia's foot. With her eyes tight, she patted An Xia's shoulder lightly.

Asked her during the day, she still said to herself with a relaxed face that it was okay.

This hurt...

Very heavy.

An Xia raised her eyebrows and smiled, "It's okay, it's a small injury, it will be fine in a few days."

It will not be better in a few days.

It is impossible for the wound to heal before the training is over.

Ye Jian replied softly, "Well, it's all small questions."

No need to make a fuss.

If you want to be an excellent special fighter, you naturally have to pay more blood and sweat.

Sometimes, meat also needs to be paid.

Inside the stone house, the two teams of brothers who were smiling, didn't even know that their captains were all sitting outside.

Z7 Han Zheng slowly passed on his experience to the brothers of Polang, "You guys, why can't you find a girlfriend?"

"Don't complain that you don't have time to find it, let's look for your own reasons."

As soon as he finished speaking, the long eagle from the snowy area dismantled the stage with a surprised look, "Do you have a girlfriend? When did it happen? Oh shit! Why don't I know."

"!!!" Han Zheng, who failed in Versailles, stared at the long eagle who had demolished the platform, gritted his teeth, "Are you a pig?"

Long eagle understood, grinned, and said nothing.

Bro Wolf's brothers have laughed into a ball.

Good guys!

The face slap came so unexpectedly.

G3 came forward to save Han Zheng, "This kid has the most experience in love. He had at least three girlfriends before joining the team."

Wow!

so many!

so envious.

From laughing seconds to worship.

How did you talk about it?

impressive.

"The main thing is to pay attention to the image, especially in front of girls, we must pay attention." G3 also taught his own experience, because his wife.

Wu Yue got married six months later.

Bro Wolf's brothers listened carefully while dealing with the wound.

Rare love lectures, if you don't need money, you have to listen carefully.

If you miss this village, there will be no such shop.

Listen, remember, remember, go back and think about it, and you will definitely be able to use it when you find a girlfriend in the future.

There are still a few brothers in the Snow Territory Brigade who have left the singles, but they are not particularly large.

Like them, finding a girlfriend has always been a big problem.

Every time Boss Yang, his immediate boss, thinks of it, he has a few hairs white.

However, in comparison it is much better than the Bro Wolf brothers.

At this moment, they passed on their experience as thin as porridge to the Bro Wolf brothers who were a little younger than themselves.

One dared to speak, the other dared to listen.

G3 even said, "An Xia is a fighter and a girl at the same time. No matter how bold you are, you may be able to dig into the corner of your Mu team."

Hearing this, Bro Wolf's brother almost wanted to grab the door.

Good guys!

Before, I wanted to be the captain of the land team to seek power to usurp the throne, but now, still want to dig a corner?

Forget the former.

Can they listen to the latter?

really!

Brothers in the snowy cow!

The guts are fatter than them.

Mu Chenyuan was sitting outside listening.

He and An Xia were sitting on the left side of the door, and Xia Jinyuan and Ye Jian were sitting on the right side of the door.

Two pairs of people were sitting on the left and the other on the right, listening clearly.

Xia Jinyuan sits on the left, Mu Chenyuan who treats An Xia's wounds.

Alas, poor.

He hadn't completely attacked the people, and the backyard was on fire.

Beware of digging the corner.

Ye Jianqing coughed and reminded him: King Q, don't add fuel to the fire.

Chapter 833: Wish you a good life

Ye Jian knows Xia Jinyuan too well.

When the bad taste comes up, it will make people dumbfounded.

With a cough, Xia Jinyuan withdrew his gaze, and said in a small voice, "It's the guy from our team to be honest, I... now..."

Taking a breath of air, he was leaned over by Ye Jian and severely pinched the meat on the inside of his arm.

With this pinch, the wound on the foot hurts even more.

"Does it hurt?" Ye Jianhao asked in his spare time.

Xia Jinyuan looked serious, "It doesn't hurt."

How can it be said that it hurts, it doesn't hurt.

"Here..."

I was pinched again, heavier than the previous one, and my elegant and handsome face was slightly distorted.

"Does it hurt?"

As smart as Xia Jinyuan, I don't know how to answer at this moment.

Before, he was pinched back by Ye Jian and asked if it hurt.

He wanted to sell it badly, saying "pain".

result!

Was severely pinched again.

This time, he learned from experience and answered "It doesn't hurt."

Unexpectedly, he was pinched again.

protest.

Why don't you follow the script! !

Girls' minds, guess less, no routines, no scripts.

Xia Jinyuan is honest and no longer be a demon.

Looking at Mu Chenyuan again, he looked indifferently like a mountain, down his eyes, his sharp profile face was very serious and tight.

Holding the anti-inflammatory spray in his hand, spray it carefully to the wound on An Xia's foot.

And asked, "Does it hurt?"

An Xia raised her eyebrows and asked interesting questions.

Very cooperative answer, "Pain."

Then, he saw Mu Chenyuan raising his eyes, judo: "I'll be lighter, tell me if the pain is too severe."

"Okay." An Xia nodded, with a deep smile in her eyes.

Xia Jinyuan on the right felt that he had been fed dog food.

Still deliberately forcibly fed.

Afterwards, a brother of Powolf came from the stone house, "Be quiet, be quiet, it's terrible to be heard by the captain."

Absolutely clean up until the next day you can't even get out of bed!

"It's okay, I can't hear, they must be far away from us." G3 said disapprovingly.

Afterwards, Han Zheng was even more disapproving and not afraid at all. I just wanted to say that the captain could not help his tone and boldly said: "I think back then, we also planned to dig our captain's corner."

!!!

Eating melon eats me, and it's still a giant melon.

I almost didn't breathe after taking a bite.

An Xia and Ye Jian laughed out at almost the same time.

Deserve it!

Let you dazzle!

Hyun broke right now!

Xia Jinyuan sneered, his voice raised lazily, "The people inside are listening..."

I only heard the sound of "啾啾咚咚" coming from the stone house.

Panic.

Messed up.

scared!

Oh shit!

Is there a mistake!

The two captains are outside!

Who said that the captains could not hear?

How can I not hear it?

So, isn't Team Mu out?

I should not be here.

It's okay here, the brothers of Powolf didn't say anything against it.

Those horrible things were all spoken from the brothers in the snowy area.

After a loud noise, inside, it was so quiet as if no one was there.

Dozens of big living people collectively shut themselves down and pretended to be dead.

Xia Jinyuan went on in a cool voice, "I and Team Mu have heard every word you say. Don't worry, we are not at ease."

"Don't worry about tidying up after you go back. It's better to train normally. At most, we will arrange some training that needs intensive training based on the situation of this joint training."

"You guys keep talking and talk more about things I don't know."

...

Still can't rest assured, listening to these words, how can you not be at ease.

Words are bolded, blacked, enlarged, and marked red. Don't worry!

Brother Polang cast a "seeking for more happiness" look at the brothers in the Snow Region.

Poor see.

After you go back, take care of yourself and contact us when you have time.

I wish you: live well!

Chapter 834: Don't be too proud

The special fighters of the Snowy Brigade are about to misfire.

Facing the eyes of Polang brothers, the bitterness in their hearts could not be said.

I'm afraid that I can't live well anymore.

Han Zheng whispered, "How about I commit suicide and apologize?"

"It's late!" Changying grinned his teeth.

"Come on! Come on if you have the ability." The pigeon said the most ruthless words in the softest voice.

Han Zheng cried, "I still want to accompany my brothers forward together!"

...

Bro Wolf's brothers patted their chests with lingering fears.

Good risk, good risk.

Fortunately, they didn't listen here.

Otherwise, they will be miserable after returning!

Outside the house, Mu Chenyuan said calmly: "Fortunately, our brother is honest. He knows something and can't even think about it."

Direct Xia Jinyuan into the army.

Xia Jinyuan has nothing to say.

After going back more determined, all the brothers must strengthen their training.

Ye Jian ignored him and smiled to An Xia quietly: "Being a man, don't be too proud, it's easy to get into trouble."

"Yeah." An Xia agreed, and, by the way, praised Mu Chenyuan, "He won't, he has always been very low-key."

The praised Mu Chenyuan smiled, "Thank you."

Happy to be praised by my girlfriend.

Xia Jinyuan also wants to be praised and speaks for himself, "I have always been low-key."

"Team Xia has always been high-profile." Ye Jian dismantled the stage.

Xia Jinyuan, who was demolished by his brothers and carried by his fiancée, wanted to see the old calendar.

Today, is it against him?

"However, the Xia team's high profile has always been measured and will not be high profile casually."

In the next second, he was praised by Ye Jian.

Xia Jinyuan smiled, "Thank you."

Starting from this second, it is beneficial to him.

After An Xia and Ye Jian had finished speaking, they glanced at each other again, both with smiles on their faces.

Soon, all the injuries on their legs were dealt with.

There is no way to put the boots in anymore.

The feet are severely swollen.

When I took off my boots just now, I was struggling.

"Don't wear it yet. Wrap it with a cold blanket tonight." Mu Chenyuan picked up An Xia's boots and sprayed them with a disinfectant spray.

Prevent fungal infections.

When it was Mu Chenyuan's turn, An Xia also prepared to deal with him, but he refused.

"You and Blue Bird take a rest, and I and the Xia team have something to say." After Mu Chenyuan finished speaking, he asked Xia Jinyuan, "Give them a tent?"

Xia Jinyuan nodded and did what he said.

The two reentered the stone house.

The stone house with a sound was finally quiet again.

All the fighters were as honest as elementary school students, greeted each and every one obediently.

"Team Mu..."

"Summer Team..."

Mu Chenyuan nodded, his expression as cold as usual.

Vice Captain Wei Ji breathed a sigh of relief.

It's okay, it's okay, at a glance, you know that their Mu team is not at ease.

Bro Wolf's brothers all relax.

On the other hand, the brothers of the Snowy Brigade had their skins tightened.

Because, when they greeted, their Xia team smiled and nodded.

Too abnormal!

Abnormality is a demon.

Something big now!

It's terrible.

King Q took their words to heart.

Then, the atmosphere in the stone house splits into two.

Break the wolf easily.

The snow is tense.

When the two go out, the special fighters in the snowy area, look at me, and I look at you, hug and need comfort.

The special fighters of Broken Wolf gave them a big hug and expressed their comfort.

"Take care of yourself."

"Alive."

"thanks."

"thanks."

Well, just stay alive!

Outside, Mu Chenyuan and Xia Jinyuan began to set up a simple tent, which was done quickly and in ten minutes.

An Xia and Ye Jian were holding the cold-proof blanket, leaning on their rucksacks, holding guns, and chatting with their eyes closed.

Very tired, I fell asleep without talking a few words.

On the other side, Xia Jinyuan and Mu Chenyuan talked about business matters, "Here tomorrow, arrange an armed and armed swimming."

Chapter 835: Same call

The captains of the two teams did not deal with their injuries and began to discuss the key points of tomorrow.

Armed swimming is the focus of tomorrow.

Mu Chenyuan pondered for a while, and said: "High altitude armed swimming, you can give it a try."

The special fighters of Broken Wolf, and I really haven't tried it!

Can be challenged.

Xia Jinyuan smiled and asked, "Aren't you afraid?"

You must know that walking at high altitude is very difficult, and another armed swimming is definitely a challenge to the limit of life.

"You can think about it clearly. The plateau above 4,500 meters above sea level is the restricted area of life, and our area of more than 4,300 meters is already close to the restricted area of life."

"This place..."

Xia Jinyuan clicked on the location of the lake on the electronic map, "And here is 5,500 meters above sea level, high and cold and lack of oxygen, and then armed swimming in the icy unknown lake. Team Mu, do you know what kind of danger we will face? "

Mu Chenyuan raised his eyes, and there was calm in his icy eyes, "Put life in the hands of Death."

"Yes!" Xia Jinyuan smiled, and his deep black eyes looked at him seriously, "Can you confirm it?"

Mu Chenyuan answered indifferently, "Since Team Xia proposed armed swimming across the ice lake, it has been calculated and I will agree. How, why bother to ask more?"

Speaking of Xia Jinyuan, he couldn't help laughing out loud.

This Mu team, young man, um, dare to speak!

It is a happy temper.

He said, "Then we still need to do something big tomorrow."

"Please say."

"Collect high-altitude armed swimming data and leave it for other troops as reference materials." Xia Jinyuan said with a stern expression and serious expression, "I have checked a lot of information. So far, I haven't passed the altitude of five thousand five hundred. Rice's armed swimming crossing."

"Team Mu, I hope we are the pioneers and lay the foundation for the latecomers."

Mu Chenyuan was also serious, "Understood!"

The Snow Brigade had an armed swimming crossing at an altitude of 4,000 meters, but there was no armed swimming crossing at an altitude of 5,500 meters.

Tomorrow will be their first time.

On the broken wolf side, it hasn't been once.

Xia Jinyuan called up the information in the portable notebook, "This is our four-kilometer swimming data, you can look at it."

"Look first, let me treat the wound."

Injuries still need to be dealt with and cannot be left alone.

At five o'clock in the morning the next day, the group got up and set off on time.

Before setting off, the stone house was cleaned up and strengthened by the way, and dried shrubs were found to be added.

Then he left.

An Xia looked very strange.

But staying for one night didn't break anything, and still need to clean up inside and out?

Mu Chenyuan explained with a smile, "The tradition in the team cannot take one stitch and one thread, let alone trouble the people."

"I didn't take anything, let alone trouble the people." An Xia was still puzzled.

Mainly, she didn't know much about Xia Guo's team history and couldn't understand it in the first time.

Mu Chenyuan thought for a while, and then talked about a few paragraphs of Xia Guo team's history.

After listening, An Xia suddenly realized.

"I understand. This is what you said to me before. You are willing to protect the people with your life. What do you mean by repaying your gratitude? Because you used to be helped by the people, and now, you are repaying your gratitude from generation to generation."

How to say it, it can't be said that it is repaying kindness, it is to serve the people.

"We are originally from the people's team." Mu Chenyuan said: "The people support us, and we serve the people wholeheartedly. We are the fish and water that breathes and shares fate with the people of Xia Guo."

Chapter 836: Surprised, An Xia is angry

It was this sentence that immediately made An Xia understand why every time Xia Guo had a natural disaster, the people of Xia Guo instantly felt safe when they saw Xia Guo's combatants coming.

This sense of security does not happen overnight.

It is built from the years of suffering, it is through the hardships together hand in hand, to embrace a happy future together, it is the sense of security that is established with the purest and most true feelings.

Unbreakable, indestructible.

After a long while, An Xia said softly, "Behind the powerful nation, there are a group of powerful people and powerful fighters working together, and they are inseparable."

She understood why Mu Chenyuan wanted to protect the people desperately.

Because, the people of Xia Kingdom can also desperately protect their fighters.

Mu Chenyuan didn't answer any more, and sometimes, he didn't need to say too much.

Leave a certain amount of space for the person who really speaks to experience it.

Turning to the topic of armed swimming.

"Are you sure?" he asked.

An Xia's emotions have always been stripped very quickly, no longer feeling emotional, and immediately said: "The problem is not big."

She was locked in an iron cage at an altitude of nearly 6,000 meters, sank into the ice lake about 5 meters deep, and unlocked and escaped before the oxygen ran out.

Also once in a glacial lake more than 5,000 meters away, his hands were tied and armed for a swim.

Therefore, she is not worried about the swimming crossing that will take place today.

How did Mu Chenyuan know about those things in her previous life.

Seeing that she was still calm and calm, and there was no fear on his face, he suppressed worry and whispered, "It is a good thing to have confidence in yourself, but if you have any problems, you should tell them in time."

"I know, don't worry." After An Xia finished speaking, she turned her head again, her eyes gradually turning cold when she looked at him.

After that, her voice became much colder, "Mu Chenyuan, didn't I say, don't question me casually? Why did you commit the crime again?"

A little angry.

The emperor was angry and went straight to his face.

Without giving Mu Chenyuan a chance to explain, An Xia said, "Since you don't believe me so much, why do you pull me here?"

After finishing speaking, speed up his pace and no longer be with Mu Chenyuan.

But Mu Chenyuan was anxious.

He hurried to catch up, "An Xia, I didn't believe you."

"Sorry, I don't want to listen to you explain it now." An Xia is very cold. "You should reflect on yourself. Don't bother me before you understand."

"Also, don't follow me, the more you follow me to explain, the less I don't want to listen."

Cut off Mu Chenyuan's idea of continuing to follow.

And he also knew that An Xia was just angry right now. She said that she didn't want him to follow, but she really didn't want him to follow.

I can only explain it after her anger disappears.

"Okay, I'll leave temporarily." He cooperated, trying not to offend her injustice.

It's not that I don't believe her.

On the contrary, he has never been armed for swimming at high altitude, he has no experience, and he doesn't know how to remind An Xia to pay attention.

Unfortunately, An Xia did not listen to his explanation.

Xia Jinyuan could see clearly from behind, and he felt like he wanted to laugh again.

An Xia, the little girl, she has the ability, but she also has the temper.

To be honest, he is quite individual.

And there is Nilin, if anyone touches it, even the person next to her will not give face.

Well, because of the tempers and personalities of the two of them, they are all about his appetite. He, take it easy and act as a peacemaker.

You have to pass on more experience to Mu Chenyuan.

With more love experience, you can reduce your girlfriend's anger.

I found Ye Jian, smiled, and said: "An Xia and Team Mu quarreled, you go and persuade An Xia, I'll talk to Team Mu."

"Quarrel? Why is it noisy?" Ye Jian was a little surprised.

Chapter 837: Misunderstanding is uncomfortable

How can two people who are so sane quarrel?

But Team Xia certainly wouldn't lie to her.

Seeing Xia Jinyuan still smiling, Ye Jian glared at him, "They quarreled, what are you laughing at."

"I laughed at them so naive." Since he was seen, he didn't pretend, Xia Jinyuan laughed directly, "Armed swimming, Team Mu is worried about An Xia, An Xia, he thinks Team Mu questioned her, and then became angry."

Ye Jian was expressionless, "I should be angry!"

"Yes, yes, how can I question my girlfriend. However, Team Mu really didn't question An Xia."

As a male compatriot, Xia Jinyuan spoke for Mu Chenyuan, "He was out of concern, but he didn't say anything, so An Xia thought it was questioning."

"Then he can explain." Ye Jian stood in line with An Xia.

Xia Jinyuan said quietly, "But, you don't give us a chance to explain. There is hard to say."

When was he also rejected by his girlfriend to explain.

At that time, he was so anxious that several fire bubbles grew in his mouth that night.

I didn't sleep all night, and I quickly found my girlfriend to apologize at dawn.

If it wasn't for the durian in the base, he would hold it and apologize.

With experience, he went to teach the Mu team.

Ye Jian didn't say anything, and looked at Xia Jinyuan deeply, then slowly curled the corners of his mouth, smiling.

Later, Ye Jian said, "It's been a long time since I contacted my dad, and I want to call home."

Xia Jinyuan said seriously: "I'm going to criticize the Mu team now, how can I make my girlfriend angry? Very wrong!"

Today's little fox is not as bullied as before.

He used to tease her deliberately, now, she teased him!

Ye Jian patted her shoulder, smiled and encouraged, "Come on."

He went to An Xia.

An Xia didn't hide it either, and said, "I don't believe it, I hate it."

"It's not that I don't believe you." An Xia told what he had just chatted with Xia Jinyuan, "Last night, the two of them decided to swim in arms today. In fact, there is no bottom in each other's hearts."

Um?

What's the meaning?

An Xia puzzled.

"None of us have ever had an armed swimming at an altitude of more than 5,000 meters."

An Xia was startled slightly, "No? Never?"

Soon, his brows frowned, "You haven't had this kind of life-limit challenge training?"

How could it not have been?

This kind of training in Emperor Domain is very common.

Ye Jian with a solemn expression nodded, "Yes, never. Our team had an armed swimming of more than 4,000 meters, but today it is 5,500 meters. It is training to put life in the hands of death."

"Zero experience, Team Mu is worried, not questioning."

Ye Jian didn't say such things as "An Xia, you misunderstood Mu Chenyuan." She didn't need to say such words, as she was as smart as An Xia and was naturally clear in her heart.

"I'm going to find Mu Chenyuan." An Xia finished speaking, looking for Mu Chenyuan's figure.

Since I misunderstood him, I must apologize.

Ye Jian was taken aback by her ability to act, this... so fast?

Don't you feel embarrassed?

She was going to misunderstand the Xia team, and she would definitely apologize, but she was very embarrassed.

Whispered: "Should be with Team Xia."

"I will go when they finish talking." An Xia didn't think it was embarrassing to apologize at all.

People who are misunderstood are truly sad.

Obviously it was kind, but was misunderstood, this kind of taste...

She once tasted it.

Her own father misunderstood. She was sad and wanted to explain, but was slapped in the face by his father.

Coldly reprimanded, "Explanation is just to conceal. If you talk nonsense with me here, it is better to learn how to become the next master of the imperial domain."

Chapter 838: If you are wrong, you should correct it

At that time, she was misunderstood because she was not trusted.

Therefore, she hates others not believing in herself.

But I forgot that one day I misunderstood that the person who really cared about me was hurt by the other person.

How can I make others feel uncomfortable if I have tasted it?

Ye Jian was also greatly inspired.

Afterwards, she whispered: "I need to learn from you. If I misunderstood, the closest person around me should apologize in time."

"You can't just take care of yourself just because you're embarrassed, and you can't just drag it around."

An Xia said, "It's my fault, and it's right to admit my mistake."

"The simple truth is that wrong is wrong, right is right. If you are wrong, you should correct it!"

"To correct a wrong thing and be fair and honest, why do you need to conceal it? Since it has lost its sincerity, it has also lost its uprightness."

A word made Ye Jiannei even more shocked.

Eighteenth An Xia is so clear!

And at the age of eighteen, he would occasionally get into horns.

Relive two lives before we can see it a little bit.

and many more!

and many more!

She suddenly remembered a big event.

Last time the Xia team mentioned An Xia, saying that the 18-year-old An Xia was even better than her 18 years old. She had a very bold but possible conjecture at that time.

An Xia, will it also be a new life?

Should I ask?

How can I ask?

Ask directly?

What if Xia Xia isn't it?

Doesn't it scare her to ask this question?

Ye Jian was hesitant.

It just so happened that the members of the Snowy Brigade were looking for her, and Ye Jian had to go and deal with it first.

Forget it, don't rush to ask for a while.

Ask when you have time.

Then, Ye Jian did not ask deeply, and returned to the snowy brigade soldiers.

Mu Chenyuan had already been taught here in Xia Jinyuan.

"Thank you Team Xia, I will pay more attention to it in the future, and I will never make the mistake of today."

Of course he doesn't want to annoy his girlfriend.

Girlfriends need to hold them in their palms to hurt and pet.

My father also taught that the person next to his pillow is absolutely not wrong.

Thousands of mistakes are the fault of men like them.

The unchanging truth, keep it well, and never go on business.

Xia Jinyuan solemnly said: "Study hard, we are men, we must be generous, we must remember that it is a blessing to suffer a loss! What's more, just bow your head in front of your girlfriends and suffer a loss. They are happy. These are all things!"

Practice gives experience, most people don't tell!

Don't know...

An Xia in turn took the initiative to apologize to Mu Shenyuan.

"Sorry, I misunderstood you." An Xia said seriously: "I don't know this is your first time, thinking you are questioning me."

Did not follow the script, so that Mu Chenyuan was still stunned.

This, shouldn't he apologize first?

Why did she apologize to herself.

I was stunned for a while, reacted quickly, and said in a low voice: "No, I have also made a mistake. I didn't say too clearly so that you could misunderstand."

"You are not wrong." An Xia shook her head.

"It's my problem. From now on, I will listen to your explanation first. After the explanation, I will decide whether to be angry or not."

It can be like this!

Mu Chenyuan didn't understand either.

However, what the girlfriend said was all right.

"I will pay attention to it in the future and I won't annoy you anymore." He self-examined and couldn't make any more mistakes.

An Xia laughed, why is he so honest?

He curled his mouth, smiled in his eyes, and said: "You don't have to be so cautious. I don't eat people, and I can't live the life of stepping on steel wires."

"What am I going to do wrong, you can also be angry with me, angry with me, it's all normal emotions."

"Just like when I was in the new recruiting period, where I need to improve, you will immediately put it forward, and I will be able to accept it within a limited period of time for improvement."

Chapter 839: Rare affectionate

An Xia has always been able to listen to opinions and will correct mistakes.

Even the emperor around her in the previous life, if the people below have correct suggestions, she will listen carefully, and then carefully the feasibility.

If someone said she was wrong and where she was wrong, she would take it seriously as long as it wasn't unreasonable to make trouble.

Never blindfolded, let alone acting arbitrarily.

In her understanding, mistakes are mistakes, and they cannot be avoided, and they must be faced face-to-face.

Only in this way can we grow faster.

But seeing Mu Chenyuan's cold eyes move slightly, an expression of surprise, An Xia suddenly laughed and asked him:

"Mu Chenyuan, you don't think that when I am with you, my personality will change and become savage, domineering, and unreasonable, do you?"

"Then you, look down on me a bit."

Absolutely not!

Mu Chenyuan, who is the best at grasping the key points, reacted faster than his brain this time, and immediately said:

"No, I'm just a little surprised. Just now..."

If it fails, you can't betray the summer team.

"I reviewed myself just now, and there is indeed something wrong, and I didn't make it too clear. Only when problems arise from the gap will make you angry."

The high EQ answer, without mentioning a word, was that An Xia had misunderstood him.

I just said that I didn't speak too clearly.

It was Xia Jinyuan who reminded him.

It is still necessary to keep in mind the reminders from people who have passed by, and learn to use them!

An Xia recognized it very much.

"Yes, you just told me for the first time that you have never taken a high-altitude armed swimming, and I will immediately understand why you said that."

"In the future, there will be quarrels between us. Let's make the important things clear first, and then we will care about each other. How do you think?"

She is not the kind of unreasonable temper, she speaks well and has a serious attitude, she will listen patiently.

Respect is given to each other, not to one party.

When the two get along, she is also crossing the river by feeling the stones? Cross the river? It was the first time, and it was necessary to learn how to get along with each other.

Mu Chenyuan nodded solemnly, "Okay, we must first talk about important things in the future."

"Yeah." An Xia curled her lips and smiled, her indifferent black eyes gleaming, and the world's stunning beauty should be like her.

She was quite curious and asked him, "I took the initiative to apologize, why are you surprised?"

How can you be surprised by normal operation?

Mu Chenyuan laughed in a low voice, "I am here to apologize to you. Before I come, I am prepared to be rejected by you."

"Unexpectedly, you suddenly turned around and apologized to me. You didn't mention it for a while and didn't react at all."

That is, in the face of his girlfriend, Mu Chenyuan will explain patiently and manage this hard-won relationship with heart.

He is also patient with his teammates, but usually let them figure it out first.

There is still a difference in treating a loved one.

"I just misunderstood you so rightly and confidently. Naturally, I must be timely when I apologize to you. I'm sorry, Mu Chenyuan, I was wrong."

"Forgive me?"

She blinked, her bright eyes were sly, as if there were waves of water, she glanced at the cold, silent loneliness in her eyes.

It seems that walking down from the sacred platform on the top of the mountain, the red dust with a sleeve is walking brilliantly in the world...

At that moment, Mu Chenyuan had a sense of reality that he kept her and kept her by his side.

Where is she wrong, it is him who is wrong.

"I was wrong too, can you forgive me?" Lowered his eyes, poured out all his warmth in them, and stared at her quietly with the warmest and softest light.

In my heart, she carved out her appearance, never forgetting.

"Then, forgive together?" An Xia looked at him with a smile.

Although the affection is slightly shallow, it is the only affection for her two lives.

Chapter 840: How fortunate to be loved by him.

The low male voice and the wind of the plateau fell into An Xia's ears.

He said, "Okay."

In this way, the misunderstanding of the two people is solved.

It brought the two people's hearts closer, and it also gave them a new understanding of each other.

However, Ye Jian looked at the two people's reconciliation as before, smiled and said to Xia Jinyuan: "Very right and sensible."

"When you are in a relationship, you don't have to deal with wisdom." Xia Jinyuan has his own opinions, "Sometimes a quarrel leads to a misunderstanding, but he understands what the other party wants in his heart."

Just like him and his little fox.

Having been in love for many years, they also have misunderstandings, quarrels, and disagreements.

Every reconciliation is a collision between two people's hearts.

Know the other party's difficulties better and understand what the other party thinks better.

Ye Jian thought for a while, and it was exactly what the Xia team said.

Dai's eyebrows raised lightly, and Ye Jian smiled and teased, "Today's Xia team knows a lot more than before. No wonder you can remind Team Mu as someone who came over."

"I have to thank my fiancée for her training, so I have my today." In the sunshine, the thin lips of an elegant man were slightly bent, and in his eyes, Ye Jian could see the affection.

How fortunate to be loved by him.

At noon, arrived at the lake located at five thousand five hundred meters.

The lake is clear, reflecting the blue sky and white clouds, the surface of the water is calm, and there is no bottom.

The special combatants of the two teams of Polang and Xueyu have called for a battle, vying to be the first batch of launches.

This kind of dangerous thing, come first by yourself!

An Xia wanted to stand up and say that she would go first, but after another thought, she didn't fight for it.

She has been in the water before, and the data she has collected is not suitable for first-time users.

It is more suitable for zero-experience launching.

Finally, there are still two captains taking turns to play first.

First, the two teams went into the water.

After the two came up, the deputy team went into the water.

Then, it was the team members entering the water.

Before Ye Jian went into the water, he approached An Xia and asked in a low voice, "Is it convenient for me?"

Um?

An Xia is unknown.

What's the meaning?

"I am not inconvenient." She shook her head and replied.

Ye Jianzhi knew that Anxia didn't understand what she meant.

He leaned in her ear again, and whispered again.

This time, An Xia understood.

Laughed, "No, everything is fine."

Jade Bird is also very interesting. The girl has a normal physiology, so she is embarrassed to say it.

Ye Jian was even more embarrassed by her smile.

Reached out and squeezed An Xia's little face, "You, you, I always feel that you know too much at this young age."

An Xia flashed over with a smile, "Knowing too much has nothing to do with age. Some people live a lifetime, but also live silly. Some people live a short life, but live clearly."

"Like us, you can live better if you know a little bit more."

They are all combatants walking on the tip of a knife. The more they know, the stronger their survivability.

Ye Jian sighed, "Yes, it's always good to know a little bit more. When I was as old as you, I just knew too little and I suffered a lot."

It is a loss at the cost of life.

But it's all gone.

Everything is fine now, she is very happy!

The whistle blew, and all the fighters gathered for the next armed swimming.

An Xiagang stood there, his eyes swiftly towards the front about two hundred meters away coldly.

Someone!

By her side, Ye Jian's gaze was also cast almost at the same time.

Her eyes were far less fierce than An Xia, she guessed it should be the herdsmen here.

"It should be a herder." She told An Xia, "I didn't see them just now. I guess there is a relatively hidden shelter nearby."

When field training encounters fellow villagers watching onlookers, they usually send soldiers who look kind-looking to communicate with each other.

Xueyu was Ye Jian, and Polang was formerly Wei Ji.

now what...
