

## **Goddess 881**

### **Chapter 881: She doesn't deserve to answer this question**

Ye Jian almost laughed out loud.

Xia Xia is really interesting!

Tiger's mouth flicked a wire, um, she was the only one who dared.

Look at the complexion of Team Xia, it changed again and again, I'm afraid he didn't even think about it, Xia Xia just said "change the fiancé", so many brothers in the team responded.

It's also fun to tease the summer team.

Ugh.

no way.

The brothers in the team are usually the only ones who are severely disciplined, scolded, and cleaned up by the Xia team.

Today, there is such an opportunity to fight back, how can you let it go?

She knows too well what little nine-nine brothers are in their hearts.

Have thoughts about her?

That is absolutely impossible.

This is the bottom line, everyone knows it.

Besides, she doesn't have such a big charm, which can be liked by everyone.

What about the brothers in the team, don't watch all day wailing that you are a single dog, but so!

Who doesn't have a crush in his heart?

Like K7, he exists as a transparent person, and he also has a girl he likes.

Not to mention ZZ Han Zheng!

Two years ago, she fell in love at first sight with a nurse from the Capital General War Hospital.

Every year on vacation, he would find an excuse to visit the young lady in the hospital, take a doctor by the way, and lose a glucose or something.

Long eagle and dove, that is true.

Their stories, looking back on Xia Xia's gossip, she must be interested.

With a smile on An Xia's shoulders, he joked: "Then what about you? Why don't you change it too?"  
she?

Change?

What is she changing?

To change means to have one, and then change to the next one.

Where's her?

Ah!

Not yet qualified to say change!

Because!

She is not worthy!

An Xiamu, with sweat on her face, said, "Change? How to change? I haven't tasted this taste yet!"

This time, Ye Jian really laughed.

Putting his hands on An Xia's shoulders, and putting his head on An Xia's shoulders, she couldn't hold her back with a smile.

Her friend, what is the resentment on your face.

Wake up, you are only eighteen years old.

Hahahaha, hahaha, why did she think of a mistake.

"It's miserable to stay alone." She laughed out loud.

An Xia grinds her teeth, "The description is very appropriate."

She really kept the vacant room alone.

At this moment, the emperor's reading and comprehension ability of Xia Guo's characters instantly improved by 100%.

Understand in seconds.

Ye Jian was amused by her again.

"You didn't think of a way?"

The chat was getting better so that Ye Jian had forgotten that the girl who was alone in front of her room was only eighteen years old.

Being too mature can always make it easy for people to forget their actual age.

An Xia sneered, "I just didn't push anyone under her body, so she got stronger."

!!!

Ye Jian paused for a few seconds and laughed deeply, and her bright eyes blinked. They were dark and bright, so beautiful.

Afterwards, she slowly bent over.

I have laughed so much that every cell in my body is laughing wildly.

No, no, she needs to slow down, to slow down alone.

No wonder it will look resentful!

Hahaha

Hahaha

It turned out that even Qiang had used it, but the result was still not successful.

The young Mu team is too strong!

admire.

admire.

In fact, the concentration of Xia Jinyuan back then was quite impressive.

A few times I saw it was almost done, either with shaking hands or trembling legs, and the excitement on the head led to failure.

He didn't tell Ye Jian, afterwards, he secretly ran back to the andrology department and visited the doctor.

Check to see if there is any problem.

This kind of thing, until death is a secret, he will never tell anyone, including the lover who has been hand in hand for a lifetime!

"Come on, Xia Xia." Ye Jian, who laughed until tears came out, straightened up with difficulty, patted his friend on the shoulder, "I wish you every success."

"I'll go see the summer team's injury and leave for now."

Talking to Xia Xia again, she must laugh until her stomach cramps.

## **Chapter 882: Tonight, fight inwardly**

Tired An Xia waved.

go Go.

She also wanted to be alone.

It's obviously a fight, so why did you talk about sleeping all of a sudden?

Really going to bed, how can she still sleep a few words afterwards.

By the way, I didn't sleep again.

What to talk about.

She was depressed when she talked about it.

Ye Jian left with a smile, and the brothers of the Powolf brigade swarmed An Xia.

The special combatant of the Snowfield Brigade waved to An Xia, and Han Zheng said, "An Xia, come back to talk to you."

"Don't talk to him, he is a playboy." Xia Jinyuan happened to hear the black man in front of him.

It's meaningless in front of it, it's a villain's behavior.

If you want to be black, you have to be black!

The black must be so dignified!

Z7 Han Zheng jumped, "Who did I spend? Special, the team is full of guys, who do I want to spend?"

"Then who knows? What if your taste is special?"

It was not Xia Jinyuan who spoke, but Changying.

I was so angry that Z7's mouth was crooked, "I have a male gender and a female orientation! No special hobbies!"

Damn it!

A group of guys with no conscience have fallen into trouble!

"Special hobbies are not known. How can we know if you have any special hobbies."

Brothers continue to fall into trouble.

"It's just Sa, this kind of personal privacy, you can't disclose it to us."

"How could it be revealed to us? It must be guarded."

All joined.

Brother, wronged you!

Take it for all the brothers.

They said something that shouldn't have been said just now. King Q has written it on his notebook.

There are also light and heavy demerits.

Not as good as you are heavy, but brethren are light.

I have suffered for the whole team with my own strength, glorious and great!

Z7 Han Zheng knew that he was pushed out as a target by his brothers.

Tired.

Said to An Xia: "These are not good people, they are too dangerous outside, An Xia, you are still young, go back to the Wolf Breaking Team."

"Don't deal with these bad guys, lest you get hurt by them."

ungrateful!

What a conscience!

Seeing that the wind was not in the right direction, he immediately pushed him out alone.

no way!

Tonight, he will start an internal fight.

It's really hard to live alone.

It's better to have a hard time together as a group, and there is no one person doing special things, everyone is the same!

After he finished speaking, he said again: "You guys, it's too bad! It's really bothersome!"

"Just now I challenged King Q and wanted to replace King Q! Only in the blink of an eye, you have begun to seduce An Xia again. I really can't see it."

"Tonight, I must talk to you, you must realize that you have made a mistake!"

...

The special fighters of the Snowy Brigade went into internal fighting.

An Xia took the water bottle that Mu Chenyuan handed over, took a few big sips, returned the water bottle to him, wiped the water from his mouth, and said:

"What did you talk to Xia Jinyuan just now? It seems to be full of gunpowder."

It doesn't matter if men hurt each other inferiorly.

There is no face in speaking out.

Then, Mu Chenyuan said calmly: "When will I talk about making gestures with him."

"Is the time set?" An Xia's face was still flushing and her breathing hadn't been adjusted. Her eyes were bright, and she looked straight at Mu Chenyuan, "It should be early rather than late."

Wait until the training is almost over before making gestures, the time is a little tight.

She still wants four people to sign together.

Mu Chenyuan said, "Not yet, when do you want to?"

"Tomorrow night?"

Let Anxia set the time, naturally, the sooner the better.

Mu Chenyuan laughed, "I'm afraid it won't happen tomorrow night, and there is another task."

"The night after tomorrow?"

"Um..." Mu Chenyuan lowered his head and thought, the day after tomorrow's training content is also rich, "If it is early, it can be ranked in the night after tomorrow."

### **Chapter 883: The emperor who doesn't follow the routine**

It was what she thought, and he tried to do what she wanted.

An Xia said: "As long as it doesn't end before twelve o'clock in the evening, there is time to sign."

The gesture will not take too long.

Just half an hour.

The other Bro Wolf brothers were also very interested. "The captains of the two teams are making gestures. I can't wait to see them."

"I would rather watch Team Mu and Anxia play against King Q and Jade Bird."

The brothers of Broken Wolf are used to calling the code name of Snow Region.

They are also used to calling code names among themselves.

"Me too!"

"plus 1."

"Add 10086."

"Add my ID number."

"Go away, you don't have an ID number."

"Then add my combat status."

The duel between the strong and the strong, the peak battle, stimulated the whole body's senses, and the kind of excitement that can make the scalp numb.

Just like just now, An Xia and King Q's exchanges were called "exciting"!

It's so enjoyable!

Both tense and exciting.

Cheng Ming asked cautiously, "Miss An, I am very interested in your fighting skills, can you... teach me?"

"Please add 'us', thank you."

"We want to learn too."

"I really want to learn."

Wei Jisheng, the deputy team, was afraid that An Xia would think that she was forcing her to teach. When the soldiers finished speaking, he asked, "Will you be embarrassed?"

Everyone is particularly interested.

Because, I saw that this set of fighting skills is of great use to individual combat.

They need this kind of fierce fighting skills that do not follow their routines.

An Xia was ready to teach them.

Hearing this, he said generously: "What's the problem? If you want to learn, I can teach it at any time."

"The previous tricks of Xia Jinyuan just now were all the tricks I used when I played against the blue bird that night. He has done some research on my fighting skills. Haven't you been together all the time? Don't you know?"

cough...

Know, all know.

They still learnt it.

Mu Chenyuan said: "I know, we have researched the space together."

"In other words, you will also do the tricks he learned?" An Xia asked with a smile.

Seeing that her face remained as usual, everyone was relieved secretly, not being angry for stealing school.

Not angry, not angry.

not worried.

"Yes, we will analyze and learn together."

"Those tricks are just a prelude. The tricks I used to fight against Xia Jinyuan just now are the complete set of my fighting skills."

After An Xia finished speaking, he snapped his shot and attacked Cheng Ming, who was closest to him among the combatants.

Target: neck.

Cheng Ming didn't watch out at all.

By the time he reacted, it was too late.

An Xia's hand was lowered under his eyelids, and she firmly pinched her neck.

Here...

At the scene, there was a burst of air-conditioning.

So fast!

How can there be time to react.

"This set of fighting takes the most ferocious essence of fighting in various countries, and then mobilizes it slightly..." An Xia strangled Cheng Ming's neck, "What does an idiom say?"

"What can't be done?"

It's stuck again.

"Unexpectedly." Mu Chenyuan made up for her.

"Yes, by surprise, what's wrong with that." An Xia skipped vaguely.

I believe that with their ability to understand, they must know what she wants to say.

It was a serious matter. As a result, everyone laughed when An Xia made such a deal.

"Hahaha, An Xia, you must let the Mu team fill you up with a supplementary language when you look back."

"Being unpredictable, attacking the unprepared."

"I found that I like to use idioms in Anxia, but there is always no way to get it done. I can tell at a glance that the Chinese class is not serious."

"All the energy is gone for physical fitness."

Everyone said with a smile, and there was no malice.

#### **Chapter 884: Good thing or bad thing?**

An Xia didn't feel embarrassed.

She was really close to Xia Guoyu.

It is already very good to be able to pronounce Xia Guo's lingua franca with accurate tones and be able to read and comprehend normally.

"You will do it, I can say, you can understand, and communication is barrier-free." An Xia has not thought about going deeper. At this level, daily life is definitely enough!

Cheng Ming, who was breathing hard, flushed, and tried to make a sound, "Miss An, can you... first... let go of me first?"

I almost forgot that there was another person in his hand.

An Xia let go and returned to the topic.

"Other than that, every move is a direct life-saving move, and there is no way for the opponent to retreat. Sneak attack, direct attack, and break are the core of this fighting technique."

Cheng Ming clutched his red neck, suffocated his cough, and suffocated himself until he was about to carry his breath.

Wei Ji looked at him pitifully.

Young people, if you want to make a good impression in front of An Xia, you don't have to be so tolerant.

A slap shot over, and Cheng Ming burst into coughing in an instant.

"Cough cough cough... cough cough cough... I, I... I cough... and then after coughing... cough cough cough... come again."

I am embarrassed to cough in front of An Xia.

An Xia didn't understand his embarrassment, and then continued: "There are a total of twenty-four tricks, there are six tricks for the dagger, and four tricks for the spear. The others are all bare-handed."

With that, she suddenly moved her right hand, and the standard pistol appeared in her hand and pointed at Wei Ji.

A flower was almost in front of her, and she couldn't figure out what she would do next.

Seeing that it was early now, An Xia simply taught on-site.

The special fighters of the Snow Territory Brigade had seen the injuries on their Xia team's arm. It was okay, with minor injuries. When everyone was about to leave, a guard whistle blew the whistle.

It was not the whistle that was found in the enemy's situation, but the whistle that broke the Wolves team.

Everyone rushed over, and didn't dare to delay a second at a glance, and quickly started learning.

Ye Jian was bandaging Xia Jinyuan.

Disinfecting, applying medicine, and bandaging, the movements are extremely skilled, and one can tell at a glance that he does not do less on weekdays.

Xia Jinyuan's face was as usual, with a slight injury, he did not feel relieved.

At this time, he was far less relaxed than when he chatted with Mu Chenyuan just now.

His thin lips tightened slightly, and afterwards, he solemnly said: "An Xia's trick reminds me of an incident outside the territory."

"What's the matter?" Ye Jian asked.

She heard the dignity in Xia Jinyuan's tone, raised her eyes and fixed her eyes on him, "Good or bad?"

"It can't be called a bad thing, but it's not a good thing." Xia Jinyuan narrowed his black eyes, "Emperor Territory, do you remember?"

"Remember, a mysterious and special pyramid recognized by the European countries."

"I've seen Emperor Yulaiji briefly fight with special fighters from a certain European country. His tricks are very similar to Anxia."

"Impossible!" Ye Jian's eyes were sharp, and his voice was much colder. "An Xia can't have any contact with the Emperor Territory."

"Don't get excited." Xia Jin hurriedly comforted, "I didn't say that she had contact with the emperor domain."

Ye Jian pursed his lips.

"I'm just saying like, not exactly the same."

Ye Jian said: "Her tactics are based on the fierce fighting skills of various countries, using their strengths and avoiding weaknesses, and adding a little change. Naturally, this is also the same, that is also the same."

"Team Xia, you need to be cautious about this kind of words. Xia Guo's fighters, except for special reasons, it is strictly forbidden to have any contact with the emperor domain!"

"Once discovered, a heavy sentence!"

A heavy sentence is likely to be life imprisonment.

Or the death penalty!

Therefore, Ye Jian would have such a big reaction.

The crime is too great, no one can bear.

### **Chapter 885: Identity crisis**

Xia Jinyuan gently rubbed the top of her head, "You, you have always treated friends with such sincerity."

"I know to be careful, except for you, I haven't even spoken about the Mu team."

"only....."

He whispered, then fell silent.

Ye Jian was also silent.

Since it is like this, in order to ensure that there is nothing wrong, King Q, as a member of the Xia country, will definitely report this to the above.

This is his duty.

Ye Jian knew it in her heart, so she was silent.

Silently wrapped the straps, and quietly packed the sanitary bag by himself.

A pair of slender and powerful hands held her wrists, and a low male voice came slowly in his ears.

Sharp as a knife, without any emotion.

"Blue Bird, what is your identity."

"Xia Guo Special Combatant."

"What is your duty!"

"Guard the home and defend the country."

"Very good, I haven't forgotten." Xia Jinyuan clenched her hands and said sharply, "What does your silence represent."

Ye Jian closed his eyes lightly.

Afterwards, he opened slowly, "King Q, I understand and understand it, but...just..."

The eye sockets are already slightly red.

That lonely little girl who always had sadness in her eyes inadvertently, years later, let Xia Jinyuan see the sadness in her eyes again.

Heart, violently pumped.

pain.

Pain must be endured.

The black eyes are cold, and there is no temperature, "There is no only!"

"This matter must be reported, and I will tell Mu Chenyuan, I and him will report together."

Ye Jian's pupils trembled slightly.

And let Mu Chenyuan report with him...

"He must know that An Xia is from the Second Lu District, and he is about to become a wolf-breaking special fighter. As the captain, he has the responsibility to investigate, investigate, and confirm clearly."

Intellectually, Ye Jian could understand.

But emotionally, it is more or less impossible to approach immediately.

But she knew that it was right to do so.

There is no second way to choose.

"I will tell Mu Chenyuan in the past, you will calm down by yourself." After Xia Jinyuan finished speaking, he gently embraced his lover in his arms.

With tenderness in the cold voice, "Don't think too much, it's just like."

"I know." Ye Jian didn't let his emotions affect him for long.

Afterwards, she asked again, "You have seen the imperial domain come to fight, why didn't you listen to you?"

"Because, I was warned by this person not to go outside." Thinking of the past, Xia Jinyuan raised his eyebrows slightly, and his eyes were cold.

The imperial domain is very mysterious.

Each country in Europe recognizes that it exists as a courtroom.

However, Xia Kingdom did not have much contact with the imperial domain.

The emperor domain is also very clear about Xia Guo's attitude towards them, keeping friendly, not disturbing or interfering with each other.

His impression of the imperial domain is not bad.

Can only be limited to the imperial domain five years ago.

Today's imperial domain is full of smoke and mist, jumping up and down like a clown all day long, which is very disgusting.

Two years ago, Emperor Yu even sent someone to Xia Country, but Xia Country rejected it.

Since then, the emperor domain no longer maintains friendship with Xia Guo, secretly targeted, and always made some connotations of Xia Guo's remarks.

If he can't come to Xia, he feels disgusted with Xia outside the territory.

I don't know, because of this disgust, the emperor domain fell from the high altar.

Many smaller foreign countries no longer believe that the imperial domain is a fair and just existence.

Because Emperor Yu has always been targeting Xia Guo in the past two years, Xia Jinyuan naturally has to be more cautious.

"I'll be back as soon as I go, and you have a good rest."

Released his embrace, Xia Jinyuan got up and went to find Mu Chenyuan.

Ye Jian turned and returned to the tent, sitting quietly by herself.

Then, his eyes fell to the inflatable pillow next to him.

This is the pillow of my friend Xia Xia.

## **Chapter 886: Decision**

In this joint training, the two of them shared a tent every night.

Lie down together, close your eyes, and talk softly, talking many things.

She told Xia Xia everything except she was born again and didn't tell Xia Xia.

After hearing this, Xia Xia gritted her teeth and said, "Ye Ying, this kind of stuff, fell into my hands. I will let her survive that night."

She also criticized her heartbroken and hated iron and steel: "How can you be so tolerant? Back then, she wronged you to write a love letter to the teacher, so she should be cleaned up!"

"No, I cleaned up their whole family in the end! Old lady Ye, bandit Sun...all at once."

She was so angry that she was obviously being bullied, but she was even more angry than herself.

And he also knew the story of Xia Xia.

Xia Xia's story is worse than her.

Except Aunt Ye, everyone in the family calculated her, and even gave her as a gift to Miss Song Jia to abuse her.

correct!

Xia Xia said that she never left Anyang!

How could she, who had never left Anyang before, know someone from the Emperor Domain?

Sweeping away the heavy heart, Ye Jian got up and walked outside.

An Xia had already taught the whole set one by one, and the wolf and the special fighters in the snowy area were still gesturing, but she closed her hand and looked at the two not far away.

Just now, Xia Jinyuan came over and called for the Mu team, and deliberately walked away to speak.

I don't know what he said, but I faintly feel that Mu Chenyuan's breath is getting colder and colder, and there is a very strong hostility in the cold.

"Okay, I understand." Mu Chenyuan nodded and said: "The War Department has investigated Anxia ten times, and no problems have been found."

Xia Jinyuan smiled and said, "Wouldn't it be better, we will report this matter, so you don't have to worry about it."

"Report up tonight." Mu Chenyuan did not delay, the sooner the matter is resolved, the easier it will be.

"Okay, it's up to you to arrange."

Mu Chenyuan opened his mouth and wanted to say more, suddenly raised his eyes, as if consciously looking to the right.

He saw An Xia standing alone in the moonlight, looking at him.

Raised his hand, waved to her, motioned her to go back to the tent to rest.

An Xia didn't actually look at Mu Chenyuan.

She is looking at Xia Jinyuan.

Just now, Xia Jinyuan was standing on her side and talking, and a picture suddenly flashed through her mind!

Dark and dark eyes flashed across the moist, shining black eyes that looked like cold stars.

She remembered where she had seen Xia Jinyuan!

It is a certain international competition.

It was he who led the Xia Guo special fighters on the expedition.

That time, Xia Guo's special fighters once again won the individual and team championships.

She also awarded him a personal gold medal.

But she didn't pay much attention at the time, and Xia Jinyuan's face was full of oil, her facial features were completely blurred, she did not fully remember.

When I saw Xia Jinyuan again, it felt like I had seen it somewhere.

it's him!

Afterwards, he was remembered by several warlords of the European powers and feared.

Xia Jinyuan, Snowy Brigade!

It's definitely him, can't be wrong.

An Xia with dark eyes slowly clenched her fists, then opened it lightly.

Fortunately, she is no longer An Xia of the Imperial Realm, but An Xia of Xia Guo, her appearance and voice are also different from before, Xia Jinyuan shouldn't recognize herself.

She is not afraid of being recognized.

Who can prove that she is An Xia of the Emperor Realm?

An Xia of the Emperor Realm is dead!

Nodded towards Mu Chenyuan, An Xia's chin was slightly weakened, and he left calmly.

Facing him, I ran into Ye Jian.

When the two returned to the tent, Ye Jian asked her, "Xia Xia, have you really never left Xia country?"

Why is there such a question?

An Xia said indifferently: "Yes, not once."

"Oh, then it will be more difficult for you to go abroad in the future." Ye Jian sighed, "Warrior Xia, you can't go abroad without special missions."

**Chapter 887: Choose to be the best self**

Ye Jian was reminding An Xia, not testing.

An Xia chuckled, "It doesn't matter, I don't have the thought of going abroad now."

In my heart, there are already suspicions.

It seemed that something happened that she didn't know, and they couldn't tell herself.

What's the matter?

Still closing his eyes, An Xia then said quietly: "Are you okay? It's just not convenient to tell me?"

Very keen.

The topic didn't go deep, I already guessed it.

Ye Jian naturally believes in An Xia, but sometimes there are many things that are not on her own.

I don't want to hide it, but I have to choose to hide it.

"Well, there is something, it's not a big problem." She smiled, and gently held An Xia's hand.

An Xia likes Ye Jian's frankness.

Hearing this, he said disapprovingly: "If it is related to me, don't worry, I never care about what happens to me."

"As for you, you don't have to be guilty for not being able to tell me. Since it is involuntary, I can understand."

Ye Jian opened his eyes and looked sideways at An Xia who was sleeping next to him, "It's just a small thing, but because you are very good, you need to be cautious even if it's a small thing."

"Are you complimenting me? Thank you." An Xia was very calm, without any psychological pressure.

Then Ye Jian said: "Xiaxia, you are excellent. Excellent people will always experience more wind and rain than others."

"Because your excellence is destined to bear heavier responsibilities."

"Unless you can let go of your talents and excellence and choose to do nothing."

An Xia quite agreed with this.

Raised lips, "I have never thought of doing nothing in my life."

The previous life was very awkward, and in this life, she had never thought about choosing to let go of the past.

If someone was killed and had a chance to come back to life again, it would naturally be better to grasp it and find out the truth.

"Our road is not easy to follow. Many common people can do things, but we can't do them."

"These, we all need to accept and change ourselves."

An Xia thought about what she had done.

After thinking about it one by one, what happened, nothing ordinary people would do.

"I don't think I am changing myself, but I choose to be the most suitable person." She said slowly, with a touch of joy in her tone.

"At least, so far I haven't forced myself to change anything."

"On the contrary, many things common people don't dare and are not interested in doing are what I like and want to do."

"There are still many things that common people want to do, but they just can't do it,"

"Such as cleaning up the wicked. But we can."

"Choose what kind of self you want to be, and you will naturally do what you should do. If you think this way, it is not called changing yourself, but being the most true yourself."

Ye Jian originally persuaded An Xia to want to drive a little bit, but unexpectedly, he was enlightened by An Xia.

Choose to be the most suitable self——

That's so right!

Aren't they just choosing to be the most suitable selves!

Holding her hand tightly, Ye Jian swept away the anxiety deep in her heart, and said with a smile:  
"Teached!"

"I originally wanted to enlighten you, but I didn't think about it, but I was enlightened by you."

An Xia bent her lips, did not speak any more, and her breathing gradually became longer.

Sleep, sleep, talk to the end.

She doesn't need to be enlightened, and she can't help it.

People who have died once are not so easy to bind themselves.

She slept soundly, Mu Chenyuan hadn't slept yet, he was talking with Xia Houyu.

"Are you sure?" Xia Houyu said with a solemn expression, "Shen Yuan, this is not a trivial matter!"

### **Chapter 888: More coaxing, more accompany**

Not a trivial matter!

Xia Houyu was shocked to sweat immediately on his back.

Too shocked, it needs Mu Chenyuan's confirmation.

Mu Chenyuan said calmly: "The Captain of the Snow Territory, King Q, once saw the Emperor Territory come to fight with fighters from other countries."

"He confirmed that what he saw at the time was really from the Emperor Territory?" Xia Hou Yulian's voice became very sharp.

"Emperor Territory has come to warn him personally."

After Mu Chenyuan finished speaking, Xia Houyu didn't speak for a long time.

Emperor domain?

The existence at the top of that mysterious pyramid is the link between the European and Western countries. In many cases, the emperor domain has come forward to resolve and mediate many things.

Sometimes, the emperor domain can even come forward to clean up those officials who colluded with the terrorists.

It can be said that the imperial domain has a lot of power.

However, Xia Kingdom and Imperial Domain, since the Emperor Domain wanted to send an envoy to enter Xia Kingdom two years ago, after being rejected by Xia Kingdom, they always acted a little towards Xia Kingdom.

And five years ago, the imperial domain and Xia Guo have always maintained a friendly relationship between the well water and the river water.

even.....

The lord of the emperor domain also helped risk his death to \*\*\*\* the ashes of Brother Shen Yuan, and handed them over to Shen Yuan.

That was the only connection with the emperor domain.

There will be no intersection from now on.

Today, Shen Yuan actually said that the fighting technique An Xia learned is similar to the fighting technique on the Imperial Domain.

After a while, Xia Houyu said: "Okay, I will investigate right away. Before the investigation has no results, please hold An Xia steady and don't let her find out."

"Understand." Mu Chenyuan paused for a while, then said in a deep voice, "She won't have any problems."

Xia Houyu smiled and said, "Of course, she has conducted countless in-depth investigations in the War Department. People, there must be no problem."

only.....

He thought of the four young people who had been taking care of Ye Mengwei in the hospital.

Although these four have also investigated, there is no flaw in how to know An Xia, and there is no doubt, but now the Emperor Domain is involved...

The four have to re-investigate.

"Okay, leave it to me to deal with this matter, you take her to train together." Xia Houyu is no longer nervous, and asked about An Xia's situation, "It took so long to reply to the results of the rope improvement. , Not angry."

The little girl's temper, hahaha, is really not very good.

Big things and small things can be clarified.

There is only one point, no one can touch.

Whoever doesn't trust her, his face immediately sinks, and this person is immediately on her blacklist.

It will be difficult to release it in the future.

A smile flashed in Mu Chenyuan's eyes, "It's okay."

"Fortunately, that is a bit angry." Xia Houyu smiled loudly, "You coax her, tell her to be less angry, the high-altitude ultraviolet rays are strong, and the anger keeps the mood unchanged, and it will be easy to get old."

"Girls are afraid of getting old, so please coax a few words and say something nice."

It was only An Xia who made Xia Houyu bother.

After chatting with Mu Chenyuan for a few more words, Xia Houyu ended the call.

After finishing the call, he sat quietly for at least 20 minutes before he picked up the landline microphone and contacted Mu Changye.

Mu Changye was also silent for a while, and after that, he said: "An Xia's personal whereabouts and warhead have been fully grasped, and the possibility of being sent by the emperor domain is not high."

"Furthermore, even Huidiyu's fighting skills can't explain much. At most, it means that someone has taught her."

"Check the people around her, and then check them carefully."

Is the future daughter-in-law sent by the emperor domain?

Mu Changye really didn't believe it.

In the style of the imperial domain today, huh!

It's not that he underestimated the imperial domain, the imperial domain today is not the imperial domain five years ago.

There is a stalemate in doing things that I can't get on the table.

**Chapter 889: Is there any tension?**

Mu Changye had two phone calls with Emperor Yu because of the sacrifice of his eldest son.

Add up to no more than five minutes.

If it weren't for the incumbent emperor to risk his rescue, the eldest...

Of course, five years ago, the former emperor went to the war zone to mediate, and the special plane on account was shot down by a missile for some reason.

However, at a press conference later, it was said that the special plane was malfunctioning, and unfortunately the plane was crashed and killed.

The photo at the scene of the incident was full of people, and the wreckage of the plane was covered with scorched black all around.

One year later, the new emperor came to power.

after that.....

The imperial domain will not go back to the past, there are no rules and no rules, and the handling of things is extremely arrogant and rude.

Such an emperor can awaken Anxia?

An Xia asked her to be pretty much the same.

Both father and son of the Mu family were calm, and there was no shock.

"I and the War Department will give feedback. I will notify you as soon as I have any news."

"Yes!" Xia Houyu replied, and thoughtfully said: "Look, do you want to contact Lu Yi District?"

Mu Changye said: "I'll deal with it, you continue to watch their training together."

"Yes!"

The highest warrior of the Lu Er District came forward, and Xia Houyu only needed to wait for the news to complete the matter.

Amoi naturally also received the news.

He is waiting for a call from Luer District.

The fighters who even praised his daughter-in-law would be upright and upright, he believed.

Besides, for the soldier surnamed An, Lu Er District arranged for her to come over to train with the ace of Lu Yi and Lu Er, so there must have been very detailed personal investigations before.

I really wanted to have a relationship with the emperor domain, I found it out a long time ago.

There is no need to wait for his brat to find out.

Later, after receiving a call from Mu Changye, Xia Xinhui's first sentence was a smile, "Old Mu, do you feel a little nervous?"

On the phone, there was a loud laugh from Mu Nagano.

"I let you down, really not."

"Then look at this, how to deal with it?" Xia Xin will ask.

Mu Changye smiled and said: "Before An Xia joined the team, the war department had conducted in-depth investigations on her ten times. The background was very clean and she had no contact with the emperor domain."

"I contacted you just to make you feel at ease. People in Luer District will never hold back."

"People, for the time being, I will train with them together. One is to keep steady, and the other is to believe."

There have been ten in-depth investigations and there is no problem, it is really no problem.

Amoi smiled and said, "There is no problem ten times, is there still a need to check?"

"Check, if you find a new problem, you have to check it." Mu Changye didn't worry about the future daughter-in-law being checked. "Her fighting skills are the same as the Emperor's domain. The War Department did not find out about this matter. Omission."

Xia Xinhui thought for a while and said, "Is there a possibility that she taught herself after joining the team?"

"There is also this possibility. I will check all the computers she used tonight, including her friends." Mu Changye also thought of this possibility.

"The former imperial realm was so mysterious as another small world, there is no way for any wind to leak."

"In the current imperial domain, even videos of them secretly disposing of prisoners are circulated, and videos of fighting may also circulate."

This speculation was told by relevant information personnel when Mu Changye contacted the National Security Council just now.

In other words, Anxia is likely to learn secretly through video.

With her cleverness and savvy, learning is too simple.

Amoi was completely relieved after hearing that the War Department conducted an in-depth investigation of Anxia ten times.

Ten times there is no problem, and the background is 100% clean.

"Sure, then I will wait for your news." Xia Xinhui did not intervene in this matter, and did not propose to call An Xia back.

## Chapter 890: Innocent

For this, Mu Changye is very grateful.

"Old Xia, thank you for your trust."

"Hahaha, too polite. I believe in ten investigations. Special fighters of our team reported to me that An Xia is a rare comprehensive all-around talent, Lao Mu..."

After talking, the voice stretched, especially the "Lao Mu", which lasted the longest.

When Mu Changye heard it, he knew what he wanted to say.

"Stop, stop, although I am very grateful for your trust, it is impossible for this person to let her go to your Luyi District."

When I heard that tone, I knew something was wrong.

Amoi said straight: "It's a pity."

Unfortunately, the people below him did not meet An Xia early.

A little sad.

Mu Changye smiled and said, "It's not a pity, it's not a pity, it's not a pity at all."

"Although An Xia didn't go to your Lu No.1 area, she is still Xia Guo's fighter in our Lu No.2 area. As long as she is Xia Guo's marine, it's a pity."

At the beginning, naval battles and air battles wanted to \*\*\*\* Anxia over.

Fortunately, Xia Houyu started quickly and rushed to the special instructor to pick up An Xia in person.

As soon as the front foot walked, people came in air and sea battles on the hind legs.

Amoi joked, "An Xia is now a fighter in your Lu Second District. You naturally say it's not a pity. You can ask about naval battles and air battles. They will definitely be the same as me."

Especially the old Dong of the naval battle.

I really can't talk to him on the phone.

Every time he talked on the phone, he turned over the new and old accounts.

The old account is Ye Jian, and the new account is An Xia.

Who is to blame?

To blame, blame him for leaning on the sea day by day and not taking a walk on land.

Mu Changye wouldn't ask.

This kind of thing can be done by hiding in your own happiness.

External music is too high-profile.

Too high-profile, it will be offensive.

He won't make trouble.

After finishing the call with Xia Xinhui, Mu Changye waited for the investigation by the War Department and the National Security Bureau.

And this time...

Tianshu, Tianquan, Tianji, and Tianxuan are four of them, please take turns to leave.

Faced with Xia Guo's national security, Tianshu calmly said: "I am going through the discharge procedures for Aunt Ye, please wait a moment."

"Good." The national security staff did not urge, but waited politely.

They investigated An Xia, and naturally they knew what was going on at the hospital.

An Xia's mother, Ye Mengwei, has a mental illness and has been treating her for more than half a year.

Moreover, the transfer to the War Department Hospital is still handled by the seven-star warlord Xia Houyu of Luer 2 District.

It was indeed Ye Mengwei who was discharged from the hospital today, and the man in front of him did not say panic.

Tianshu said again: "The four of us can only leave one by one. Please forgive me."

The emperor said, their Xia country's territory, the scenery is not the same as before, and it is still a little low-key.

Be polite to Xia Guo's people.

Don't draw your gun at all times, Xia Guo doesn't allow private guns.

As a result, the only weapon they can use is a thin blade-a blade for shaving.

Faced with these few people who looked unremarkable and ordinary dressed, Tian Shu thought of a recent Xinshen idiom.

"People shouldn't look good"

The national security personnel were also polite and agreed one by one, "This is natural. We can accompany you to complete the discharge procedures first. After the patient is settled, you will go with us again."

It was so polite, and Tianshu was even more unlikely to refuse.

There is no need to refuse.

The emperor ordered to cooperate in all investigations of Xia Guo.

There is nothing to be afraid of investigating.

I just don't know, after so long, I was suddenly investigated, I don't know if something happened to the emperor's side.

Tianshu is worried about An Xia.

Besides, he has nothing to worry about.

I don't need to worry about it.

Innocent, no matter how much Xia Guo investigates, he can't find the problem.
