Chapter 951: A group of high-value friends

It is a counselor.

Seeing a strange man in the bedroom, she smiled and asked, "An Xia, this is you...brother?"

Hesitated.

Not quite like brother.

Mixed race.

An Xia is a native of Xia.

I don't know, Tianshu's knees were soft because of the counselor's "brother".

Even if he was given a hundred courage, he did not dare to claim to be the "brother" of the emperor.

Also, the "brothers" of the emperor are basically gone.

In the training for the master of the imperial domain, the whole army was basically destroyed.

It is concluded that the emperor's brother is a high-risk occupation.

An Xia said: "Friends."

Tianshu is his brother, and he dare not nod his head.

Externally, Tianshu and the others are her friends.

The war department investigated the relationship between the four of them and her: the relationship between friends.

The counselor smiled and said, "It turned out to be a friend, and I will try my best to choose the campus when my friends visit in the future. For female dorms, male friends need to pay attention to it, which will cause inconvenience to other girls."

It's a reminder, it's also a constraint, and it's also responsible for the girls.

An Xia nodded, "Okay, I will pay attention."

Then, he said to Tianshu: "Then you should be busy first, and then contact me if you have anything to do."

In the presence of outsiders, Tianshu needs to behave like a friend.

But when he walked to the door of the dormitory, while the counselor was not paying attention, he bent over slightly and retired from it.

The emperor must be respected at any time. Since they became a member of the "Tianwei", they have been carved into their souls and cannot be erased until death.

Unexpectedly, he was seen by the two girls who returned.

"you....."

The girl who rolled her eyes earlier thought that Tianshu was about to enter the dormitory. She just wanted to ask, "Who are you looking for?" Tianshu just turned around. The mixed-race handsome facial features were caught off guard from breaking into the girl's eyes. The girl said directly, "Handsome guy!"

Next to her, the girl with a rag in her hand blushed suddenly.

I'm sorry.

"Tong Xiaoguan, pay attention." Secretly tossing the hem of the courageous girl, holding the rag in his hand, embarrassedly raised his head to look at Tianshu.

Tian Shu didn't feel offended, on the contrary, these girls' thoughts were written on their faces and they were easy to get along with.

Polite and very gentleman, whispered: "Excuse me, goodbye."

"Goodbye, goodbye." Tong Xiaoguan smiled and waved, watching Tianshu leave.

Returned: "Handsome! Handsome and tall. Broad shoulders, narrow waist, big legs, golden ratio figure! Walking clothes hangers."

I appreciate it by myself, and I also dragged the girls in the same group to appreciate it together, "What are you doing lying down? Don't look at it or look at it, it's not that he doesn't wear clothes."

"Tsk, I wish he didn't wear any clothes, it would make me feast my eyes."

The girl was so shy that even her neck was red, and she screamed: "Tong Xiaoguan, you, you...you take your time to watch."

Hurry to the bedroom.

Tong Xiaoguan chased in, and said carelessly, "I want to watch it slowly, he walks with long legs... well... good counselor."

I was laughing and yelling one second before, and the next second, I became a bird, dare not move or say, honestly.

The counselor is also young, twenty-seven or eighteen years old, smiling and joking after hearing this,

"An Xia's friends are really handsome, and it turns out that the beautiful girls are surrounded by beautiful and handsome friends."

This is indeed very true.

An Xia is really a group of high-value friends.

Needless to say, Tianshu and the four of them are all mixed, and they are conspicuous wherever they go.

Ye Jian and Anniversary were also born very beautiful, each with its own beauty.

Mu Chenyuan is her boyfriend, she always thinks about her boyfriend, whose appearance ranks first.

Xia Jinyuan, the captain of the Snow Territory, was very handsome and beautiful, and matched Ye Jian extremely well.

Other teammates I know are also good.

If you add the Earl of Winsell, it will be a feast for the face of the world.

Tong Xiaoguan smiled "hehe", blinked at An Xia, and expressed his thoughts generously in front of the counselor.

"An Xia, come and introduce me next time if it is convenient. I have two favorites in my life, beauty and food."

"What about this beauty, both boys and girls are good!"

The counselor laughed when she heard it. She was an interesting girl.

Compliment her, "It's not bad to have a pursuit and a goal."

"Thank you for the compliment." Tong Xiaoguan, a native of Tianjin, has a natural talent for talking about cross talk.

Funny and humorous, social ceiling, awesome!

How awesome is it that she can chat with others in an elevator, and exchange contact information by the way.

Another girl, whose surname was Tang, was also in the beginning of Tang, and she was much shy. She was of Xiaojiabiyu style, soft and cute. She has been called "Meng Sister" by Tong Xiaoguan.

An Xia answered Tong Xiaoguan earnestly, "I have the opportunity to introduce you to you."

In Xia Guo, communication is indispensable.

She didn't mind Tianshu and they met a few new friends.

She was the center of the four of them in the Imperial Realm before, and everything revolved around her.

Now that she is far away from the imperial domain, she is enjoying a rare relaxing time, and hopes that Tianshu and the four of them can have their own relaxing time.

Today's emperor is more and more humane.

Tong Xiaoguan pulled Tang Chu and jumped to An Xia with a smile, "I hope I will introduce more handsome men and beautiful women to me in the future, and the little woman will thank you for your respect."

Chu Tang didn't speak either, pursing his mouth and smiling shyly.

That...cough...

Who doesn't like handsome guys and beautiful women?

She likes it too.

I dare not say it.

An Xia's always indifferent expression also had a slight smile and nodded, "Okay."

Student life does not seem to be that difficult to mix up.

The Tong Xiaoguan from Tianjin in front of him is a man of pleasure.

The counselor is still on business, so quickly get back to business.

"An Xia, what happened between you and Tian Xinyuan just now?" asked very seriously.

Tong Xiaoguan's eyes widened when she heard, "What! That hypocritical girl still has trouble with you? Can she still make trouble with you? Damn! Her house is a shit-cutter!"

"Tong Xiaoguan!" the counselor said coldly, "Speak well."

"I really want to talk, but when it comes to her home, it doesn't make me happy." Tong Xiaoguan tugged at the corner of his mouth, and said again, "Counselor, let me say a few words first, An Xia and Tang Chu also took a look. It's a nerdy temperament, for me."

With her as a representative, she spoke fast, spoke clearly and clearly, and quickly explained all the best behaviors of Tian Xiaoyuan's family in the dormitory.

"The walls are dirty, let us give her dirty? The spider webs also instructed us to get dirty. He also said that his nanny's skin is allergic, and it will cause serious problems if it is stained with spider silk."

"Damn! Do you want to point your face! I can't do it myself!"

"I'm at home, I'm also used to my parents, and the broom falls by my feet, I won't be able to hold it up!"

"That is to say, Tang Chu also has a soft temper, and was called upon by that grandma."

"Counselor, you know how superb that grandma is, she still dislikes Tang Chu and didn't wipe it clean!"

"Also, she also asked Tang Chu to fetch hot water and wipe the wall with toilet water."

"No matter how good Tang Chu is, she won't do it anymore and left."

"Unexpectedly, their family can still enter the bedroom with An Xia who only said five sentences!"

"Awesome! This family is so awesome!"

Tong Xiaoguan made the move of rolling up his sleeves when he spoke. In that position, someone will be asked to do it in the next second.

Chapter 953: Car, i can't touch it

When the counselor was downstairs, he had also seen Tian Xiaoyuan's family, and there was a little unusual behavior.

As a counselor, she can't say that the student's family is all top-notch.

Conveniently said: "You two are doing the right thing. The best way to resolve the conflict is to walk away."

Then he asked An Xia, "What's the matter with you and her family."

This, Tong Xiaoguan had no way to answer An Xia.

She is not there.

"It must be her family's fingertips to An Xia."

snort!

Even if she was not there, she knew that Tian Xinyuan's family was definitely the first to pick the matter.

An Xia said indifferently: "Tian Xinyuan said that her bed is not well lit, which affects her studies. Her grandmother walked up to me, moved me books, and exchanged beds with her."

"I don't agree. Her grandmother said that I don't know how to respect the old and love the young, and don't know how to help each other. There is no family education, no education. Three big and one small, all together to bully me."

"Tian Xinyuan came up, pointed at me and swore, I took the book and waved it away, and then you received her dad's call."

Tong Xiaoguan was mad when he listened!

"Oh damn! Oh damn! Who is she! How come there is such a superb family! I'm angry just listening!"

Chu Tang also saw this and whispered to An Xia: "Don't be angry, we will let her as much as possible in the future."

"I'm pooh! Why do you want it! I'm at home, and the whole family let me." Tong Xiaoguan didn't do it anymore. She is strong when strong, and weak when weak, showing her weakness, she can still retreat.

Dare to use the strong, day, no way!

An Xia said indifferently, "No."

With the alliance, Tong Xiaoguan is more confident, and he also told Tang Chu's face, earnestly: "If we hear if we can, we will let us make unreasonable troubles, and we can't get used to it."

The counselor has a headache.

Tian Xinyuan's family looked at the connotative appearance, what to do, one thing is more unreliable than the other.

To change the bed, you must first obtain An Xia's consent.

How could they have to change if they want.

Disagrees with the change, and the family has risen to the problems of Anxia's parents and family education.

If it didn't fight, An Xia could bear it.

An Xia was not forbearance, but it was because Tian Jia scolded her for having no education, she didn't care at all.

It was her good father who was scolding, so let someone scold him.

"I will communicate well with Tian Xinyuan. You get along with her and get along with her normally. Especially your Tong Xiaoguan, you can learn from the beginning of Tang, don't just stay a little bit."

An Xia didn't tell him.

She was a little afraid.

Just imagine, the principal stands in front of you, do you dare to educate the principal?

As soon as the counselor left, Tong Xiaoguan was so angry that he stared at Tian Xinyuan's bed and gritted his teeth to An Xia: "Don't change with her! With so many requests, why don't you live outside and come to the dormitory to harm us!"

An Sha sat back at the desk again, hearing the words, said calmly: "I will live outside occasionally."

"You have a house in Changhai, and you can live outside every day. Damn, Tang Chu and I are really miserable, we don't have a house!"

Tong Xiaoguan knew who An Xia was.

The beauties who drove more than 50 million sports cars reported that the school posts were bursting!

She also read the post and realized that her bedroom is so rich!

More than 50 million sports cars, I really want to touch them.

Leaning to An Xia, Tong Xiaoguan put his hands together and said in a low voice, "An Xia, can I touch that sports car?"

Just ask.

Straighten your tongue, and quickly said, "An Xia, brother, you sit down quickly. I just said to touch it as I thought, but I didn't mean to touch it now."

"You have time when you have time. I'll follow you behind and just touch it. Don't let me touch it."

Are the older brothers so easy to get along with?

Shouldn't the eldest brothers be sluggish and cool, high above, ungrounded, and disdain to be with civilians such as You.

Isn't that the case for the rich in TV dramas?

How come real life is different?!

An Xia said, "I have time now, and I just need to go out. Do you want to be together?"

Her bedding, there is no...

If you don't buy it today, she will have to stay in the hotel again tonight.

And tomorrow--

She just glanced at tomorrow's class, the opening ceremony at 8 am on the first day of school.

It must be very important to use the word "ceremony".

She had already made a high-profile appearance, and then proceeded step by step, waiting for Da Yu to find herself.

Then stay at school and stay at the hotel less.

I have to go to the hotel. The clothes I bought yesterday are still there.

I was going to ask Tianshu to help her deliver it. Just now, the counselor reminded her that boys should avoid entering and leaving the dormitory so as not to affect roommates.

Think about it, too.

Tianshu is male, and the dormitory is full of girls. He came to confirm that it would cause problems for girls.

Go get it yourself.

An Xia decided to do two things this afternoon.

First: buy bedding.

Second: Go back to the hotel to get clothes.

Tong Xiaoguan and Tang Chuya, the two of them came to the report the day before yesterday, and they had already cleaned their bed early, and they had officially moved into the dormitory.

Tian Xinyuan's bed was half cleaned, and she left.

An Xia, the bed is selected, but the bed is not made.

"Now I need to go out to buy things for sleeping, and go back to the hotel to get clothes. There may be a lot of things, and you can help me carry things with me."

After listening to the explanation, Tong Xiaoguan breathed a sigh of relief.

"It turns out that I was supposed to be a free laborer. It's no problem. I have strength and strength!"

He also showed off his muscles, "I, Taekwondo, I will leave the safety of my sisters to me in the future!"

Throughout the whole process, Tong Xiaoguan took the initiative to speak with An Xia.

The shy Tang Chu also looked at him shyly, not daring to talk to An Xia.

When the two of them went out, she didn't interrupt.

Don't talk to her, it's best not to ask her if she wants to go out together.

She just wants to stay in the bedroom.

An Xia, after talking with Tong Xiaoguan, she remembered that there was another girl.

Chapter 955: An Xia's pride

But the car only has two seats.

Then An Xia asked her, "What do you want to eat? We will bring it back later."

"Ah..." Tang Chu didn't expect An Xia to ask her on the initiative. She was taken aback for a few seconds and waved her hand hurriedly, "No, no, no, no. I just eat it in the cafeteria."

Tong Xiaoguan said, "Don't, we will bring you delicious food, I will please, I will please."

Originally I wanted to say that I would take An Xia's supercar together, but I almost said it. Seeing An Xia said that he would bring something to Tang Chu to eat at night, she was as smart as Tong Xiaoguan and immediately stopped talking.

If she didn't guess wrong, the expensive supercar seemed to have only two seats!

Good risk, but fortunately, I didn't say what it was.

Otherwise, the three of them would be embarrassed together.

Tang Chu also pursed her lips and smiled. She was originally a resident, and she was afraid of socializing. Just now, she was worried that the two of them would invite herself out.

It's great not to go out.

"No, no, I just eat it in the cafeteria, I can't make you spend money."

"The hotel has free meals, it's not a cost." It was An Xia who said, "The taste is not bad, the authentic Changhai taste, I will come back soon with her, you wait for us."

After speaking, An Xia glanced at the half-paved bed again, and a chill flashed in his eyes.

"When she comes back, she also directs you to work, so you go out directly and don't care about it."

There are six people in the dormitory. There are four people in the bedroom. It is impossible for Tong Xiaoguan and her to be directed by the Tian family, that is, the soft-tempered early Tang Dynasty.

Tang Chu also smiled embarrassedly, and whispered, "No, I won't be bullied so much. Don't worry."

"That's good, the rabbit bites in a hurry."

Tong Xiaoguan said again: "It really doesn't work, you call us! Hey, or let's add friends now."

"Come here, add friends." He is an activist, before he finished speaking, he took out his phone and opened the QR code.

Drink in one go.

An Xia picked up the phone and scanned her.

Tang Chu also followed closely to sweep her.

The trio became friends, and Tong Xiaoguan created a trio and sent a meme package of "please hello to the boss".

An Xia didn't know what to do back, she was not as familiar with Tong Xiaoguan.

After thinking about it, send a red envelope.

Tianshu had just transferred her one hundred thousand in the purse, and it was not a problem to send a few red envelopes.

Anxia has not sent red envelopes. After taking a look, she enters the red envelope interface, enters the amount, number of people, and is ready to send...

Prompt, the amount is over.

Asked Tong Xiaoguan, "Is there a limit on the amount of red envelopes?"

Tong Xiaoguan took a glance at her mobile phone, and then was shocked to the point that her mouth was open enough to stuff an egg.

"Big brother, boss, you...you send 10,000 red envelopes! I haven't sent red envelopes before."

Yes, Anxia lost 10,000 in the amount.

Shattered Tong Xiaoguan directly.

"Red envelopes can only be 200 at a time, and there is no limit to the number of times. Transfers can be such a large amount." After Tong Xiaoguan finished speaking, he seemed to think of something, and immediately said, "Big brother, don't you transfer to us."

"Little brother can't afford it! I can't afford it! I have a car ride today, I have enjoyed my ass, and can no longer be corrupted by money."

"It's easy to be extravagant, but it's hard to be frugal. I want to stabilize Dao Xin!"

If she didn't say anything, An Xia would really transfer money.

Ten thousand per person.

At the beginning of Tang Dynasty, the family of three people was in relatively poor condition. The simple girl came out of the small town, and when she heard An Xia's red envelope was about to send 10,000 yuan, she was directly confused.

After that, she hurriedly said: "No, no, I will withdraw from the group, I will withdraw from the group."

Scared to leave the group.

Tong Xiaoguan laughed, "Don't be afraid, don't be afraid, red envelopes can still be received."

An Xia didn't want to send the 200 red envelope.

Finally, ten of them were sent in one breath.

Chapter 956: Incorporate into the student collective, red envelopes open the way

Early Tang also didn't dare to open it.

Still An Xia said indifferently: "I rarely get along with people my age, and I don't know how to get along with you."

"Next, we need your help and reminders. Red envelopes are not big money. Let's be the first step in our understanding."

Tong Xiaoguan was shocked time and time again by An Xia's pride.

To be honest, she was too embarrassed to accept it.

It looked like she had the same money as Tuanxia.

In fact, her living expenses are not low, four thousand yuan a month, which is pretty good.

Of course it can't be compared with Ansha.

Just before the two of them received the red envelope, Tong Xiaoguan received a message from the counselor.

"Xiaoguan, are you and An Xia together? Let her apply through my friend."

The counselor wants to build a large group of classes, and An Xia has never passed her application.

This, An Xia really couldn't refuse, and passed.

Enter the group in the next second.

The social ceiling Tong Xiaoguan expresses love packets in a large group.

An Xia is much rude, red envelopes!

When the first red envelope was issued, the response was not so great.

The students who grabbed the red envelope thought it was a small red envelope.

As a result...

Oh grass!

She grabbed a hundred by herself!

"Thank you for such a big red envelope!"

King of luck!

happy!

Tong Xiaoguan said to An Xia: "Send less and take a longer time. You can't do this with more money!"

"It's okay." An Xia continued to give out red envelopes, which was the only way she thought of integrating into the collective life of the students as soon as possible.

The red envelope is close to the relationship.

200 red envelopes, twenty at a time.

This time, Anxia issued a total of 20,000 yuan.

Counselors have joined in grabbing red envelopes.

If you don't grab it, you can't help yourself!

Lots of red envelopes.

There is a crowd of freshmen in the foreign language department.

A red envelope post appeared in the school forum.

"Such a class boss, please give me a few more, from the happiness of the freshman class of the German Department of Foreign Languages."

Then, the post is a red envelope.

There are countless posts after coming out.

"Quickly, I order you to quickly pull me into the group."

"Newborn? That's so awesome! I don't know, I spent about 20,000 red envelopes!"

"Who, who is so generous, may I ask who is so generous!"

"Hahaha, the freshman who drives 50 million supercars, do you want to learn something?"

"Are all the freshmen so rich now? Just get red envelopes when you enter the group? Classmates in a certain class of Aite, can you learn a little! I want to grab red envelopes too."

"Woo, what kind of fairy classmate is this, I want to have it!"

"Plus one, I want to have a fairy classmate."

Later, someone specially replied to one of the messages, "Tell you, it is the 50 million supercar boss who issued the red envelope, thank you."

!!!

This message is directly on top.

"I'm changing the department now, is it too late?"

"I am re-reading my freshman year, is it too late?"

"Pick me into the group, please, pull me into the group, let me enjoy the crit from the boss!"

"Why are our group a group of poor people! I want to change the department, right away!"

"Thank you for giving me a transfer."

The forum can be lively.

And after An Xia gave out the red envelopes, she led Tong Xiaoguan, who had stiff limbs, out of the bedroom.

Chu Tang was also holding his mobile phone, his palms still sweating.

She just...

Grabbed a lot of An Xia's red envelopes!

Clicking into the wallet, Tang Chu was also shocked, she grabbed almost a thousand yuan!

Tong Xiaoguan walked downstairs to retrieve the language system, and said to An Xia: "Big brother, you are too dangerous to be like this, show off your wealth! If you are targeted by a gangster and kidnap you, you will be miserable!"

"It can't be done again in the future, this time alone, there can be no second time."

"The red envelopes of our three groups are no longer accepted, and we will return it to you in 24 hours."

She was a little bit imaginary for grabbing so much.

Reactive merits are not rewarded!

Chapter 957: Spread too much money, will be targeted

Tong Xiaoguan received the red envelope for the first time, and he felt the pressure.

The wealthy boss has made the whole class kneel.

Seeing that Anxia didn't take his words to heart, Tong Xiaoguan thought it was necessary to persuade him again.

How can a rich boss not eat the fireworks and understand the sinister world.

"Don't believe it, really! The kidnapers are all for money, if one day they spot you, something will happen."

"I didn't scare you. There are real incidents. The son of the richest man in Changgang City was kidnapped by a few kidnapers and paid a ransom of 100 million before he was rescued."

"More..."

Internet surfing master Tong Xiaoguan gave some examples of kidnapping news that he has seen in the past few years, trying to be more convincing, so that An Xia will not lose money like this in the future.

At this moment, An Xia took out her phone again and said to Tong Xiaoguan, "Come on, continue."

What!

Tong Xiaoguan staggered.

"Continue what? Continue grabbing red envelopes? Wait, wait!" She grasped An Xia's hand and stopped her from giving out red envelopes.

At the same time, Tong Xiaoguan's eyes became a little subtle.

Look up and down An Xia.

Big brother, big brother, you are not "ill", right?

Some people are "poor" sick and stingy.

Some people are "rich" and sick.

If there is a "disease", we have to treat it!

"Can you stop posting? With what I just said, you treat me as bullshit."

An Xia drew out her hand and said indifferently, "No, you reminded me."

Kidnapping?

It is also a good shortcut.

Perhaps, there is someone the national police is looking for.

So come on, please kidnap her!

Tong Xiaoguan was horrified, "I, I, I... What did I remind you? I didn't say anything wrong just now, would you be wrong?"

"Kidnapping, kidnapping, do you know what it means? It's not the kidnapping that is fun in the script killing, it's the kidnapping that kills people, Areyou understand?"

An Xia nodded with a "hmm", "Although come, I'll wait."

Tong Xiaoguan was shocked by such a beautiful and refined answer.

Is the brain structure of rich people different from mortals like Er?

She heard for the first time that there were still people waiting for the kidnappers to come over.

With just such a dazed effort, An Xia's "shoo hoo hoo" was sent out several red envelopes.

It's still two hundred yuan each, for a total of thirty.

Except for a few unreported classes, there are already more than 60 students in the class.

Thirty red envelopes, if you send it once, someone will not grab it, but if you send it a few more times, everyone can grab it.

The mobile phone in his hand vibrated, and Tong Xiaoguan recovered his senses.

The big guy in front of me sent out six more red envelopes!

commit a sin!

I really can't post it anymore.

"An Xia, showing off your wealth too much is offensive, really. You post too much now. Some people will feel sour while receiving."

"They will tell you secretly, it's great to have money. It's not about spending your parents' money, and having the ability to earn it yourself."

"It's a good thing to benefit the students, but it's too late!"

"Enough wealth has been dissipated, so far. I really can't make any more. We are here to study, not to come to enmity."

However, An Xia was persuaded.

Yes, listen to her, stop posting.

Tong Xiaoguan breathed a sigh of relief when she saw her put the phone away.

At this moment, the phone vibrated continuously.

The counselor speaks with her.

"Xiaoguan, are you with An Xia now?"

"Yes, right by my side."

An Xia leaned closer, "Hello."

Finally found someone, the counselor asked, "Anxia, where's your phone? Are you there?"

"exist."

She just finished sending out the red envelopes, how could she not be there.

Chapter 958: Return of the old man

"Are you just giving out the red envelope?"

The counselors all wondered if someone had stolen An Xia's phone and was giving out red envelopes.

An Xia replied, "It's me."

The counselor and the counselors of several other classes around her looked relaxed.

It's her, it's just me.

"An Xia, I still save a little money, the class is already lively, don't give out red envelopes anymore. I...cough, I also robbed a lot."

There are more than 20,000 red envelopes a day, and they are all catching up with her salary.

"Okay." After An Xia finished speaking, he returned the phone to Tong Xiaoguan.

Tong Xiaoguan said to the counselor: "Teacher, don't worry, I must pay close attention to her!"

"Okay, where are you going now?"

"An Xia needs to buy bedding and go to the hotel where she was staying before to get clothes."

"Hotel? Is it the Viyes Hotel near the school?"

Tong Xiao watched An Xia and asked in a low voice, "Is it right?"

"Lefka." An Xia replied.

There was a few seconds of silence in the phone, and for a while, the counselor said, "Then you pay attention to safety, and report to the group to be safe after you return to school."

I'm sorry to disturb you.

For Lefka, the cheapest night is more than 3,000.

As a counselor, I can't afford to live.

At the end of the call, the counselors in other classes sighed with a smile, "Students are rich, we are so stressed."

"What pressure do you have, I will be good or not." The counselor shook his cell phone, "She gave out red envelopes, giving me one month's salary."

Who is not one month's salary?

Then you at least grabbed the student's red envelope.

In the class group, there are hundreds of messages.

It's all kowtow to the fairy classmates.

"Thank you An Xia, I can Xiaolang for a week!"

"Thank God for giving me a fairy classmate, the believer decided to eat fast for a week!"

"Add me, the believer decided to eat fast for three days."

"Then I will eat for one day, I am a carnivore, and one day is my limit."

Most of the girls are German girls, and they have hundreds of letters when they talk about it.

There are also a few boys, and the boys thank you very seriously after grabbing the red envelopes.

"Thank you An Xia, I can buy a lipstick for my girlfriend."

"I don't have a girlfriend, but I can buy myself a few more cups of milk tea, thank you An Xia."

Chat in the group will be Ai Te Ansha.

However, An Xia did not reply.

She didn't watch it either.

In the 509 bedroom, there was a girl staring at her mobile phone. She didn't grab the red envelope, just looking at the chat history.

An Xia?

An Xia?

She knew a girl named An Xia.

Later, she left the special education institute and never saw her again.

So, is the Anxia in the class group the Anxia you know?

Is it really you, An Xia.

Lin Yinya whispered, "An Xia, is that you?"

Is it her? You know at first sight.

An Xia still didn't know that she was about to meet her deceased. At this time, she had led Tong Xiaoguan to her car.

Tong Xiaoguan trembling his hands, touched the 50 million sports car, always excited, "More than 50 million, money! I never dreamed that I could sit on the 50 million car."

"drop."

The door is unlocked, and the full-body moving door slowly rises upwards, like spreading wings, with a sense of technology.

August is still hot in Changhai City, and no matter how expensive the car is, it can't stop the sun.

The car was hot, An Xia turned on the air conditioner first, and did not immediately sit in.

Go to the shade of the trees to hide from the sun.

Hexun has sunburned himself. It doesn't matter if he stays in the team all the time. To become a student and still have a task, he has to cultivate.

So as not to be suspected.

The two had just walked to stand under the shade of a tree, and someone was speaking not far away.

Chapter 959: Restless girl

"It's good, grandma, I'm good, and it makes me dizzy."

"Oh, hurry up and get in the car, the sun is too big, and it's easy to get heatstroke, Xiao Liu, hurry up and fan the girl."

...

Tong Xiaoguan rolled his eyes unsightly.

"How come I bumped into her again, it's annoying."

Tian Xinyuan's family did not expect to meet the two girls in the bedroom in the parking lot.

When several people met each other, they all disliked each other a little.

Tong Xiaoguan's disgust, it was all on his face, bright, and he was not afraid of Tian Xinyuan's family seeing it.

She is just unhappy with this one!

Grandma Tian saw the two girls and there were no other people around. She used to blurt out her acrimonious words, "It's a hot day, don't just stay in the dormitory well and run out."

"Girls at home, don't go out and stay quiet and keep their duties, so that they are pleasing."

She took Tian Xinyuan's hand and praised her with pride, "It's better for our family, we won't be alone anywhere, so follow the adults obediently and never run around."

"Unlike some girls, they only think about freedom all day long, escape from their parents, there is really no filial piety!"

"I don't want to think about who raised them, and whose money they spent."

"Nin and nun, you must not learn badly, the kind of girl who is restless and guarding oneself is absolutely not allowed to come and go."

Tong Xiaoguan listened and quit!

What is the meaning of her and An Xia!

"Labor and management can't bear it." She grinned her teeth and rushed out to fight.

An Xia said indifferently: "She said you? Hurry to claim it?"

Tong Xiaoguan: "..."

Slowly raised her head to look at An Xia, "Can't I say it yet?"

"Say what?" An Xia asked.

Tong Xiaoguan made a fist, "Say they say us!"

"Is it pointed at you?" An Xia asked again.

Tong Xiaoguan: "... slowly spit out the words, "Nima!"

Not really!

Tian Xinyuan didn't have Tong Xiaoguan in her eyes, she glanced at An Xia, hugged her grandma's arm, and replied sweetly and obediently.

"I know, grandma, the nanny will be obedient and don't worry about grandma."

I'm so mad at her!

There is even more money than her family.

That house, the father who has always been responsive to himself, said this time he didn't nod his head to buy it for her!

So angry!

It was the first time that she was compared by her classmates.

Grandma Tian smiled until the pleats on her face bloomed like flowers.

Tian Mu didn't speak, and she deliberately turned sideways, pretending that she didn't hear her, raising her hand to press her hair.

Only Father Tian's wink was not so good.

His old mother winked so that her eyes were about to convulse, and his old mother didn't realize it.

"Mom, don't say a few words."

Don't look at where they live!

Some people can't afford to offend them.

Grandma Tian was unwilling to talk less, and snorted coldly, "What's the matter, what's the matter, I have no more freedom to speak?"

"Who doesn't like to listen, who leaves, I said mine, what does it have to do with others."

"They want to be seated in pairs, that's their business, and I didn't name them by name, no."

When Tong Xiaoguan heard it, he was about to vomit blood.

I was hit by An Xia!

She really wanted to rush out just now, and this unreasonable old man will make trouble!

Tian Xinyuan knew that grandma was referring to the two girls in the dormitory, she knew in her heart, but she didn't know in her mouth.

To agree with grandma, "Yes, yes, grandma can say whatever she wants. Besides, grandma is teaching our girls to be obedient and not swearing."

"Dad, you are too authoritarian, you are not allowed to treat grandma like this."

It's absolutely not wrong to stand in the same camp as Grandma.

Every time Dad is under the same caliber of her and grandma, he will definitely lose.

When grandma saw her granddaughter supporting her, the smile on her face deepened.

Chapter 960: We are ladies

Tong Xiaoguan endured that he was about to burst his liver!

Te Mo has been connoting her and An Xia.

She is so angry that she can't bear it!

Whether she is an old man or not, she is going to scold her today!

"you..."

"Tong Xiaoguan." An Xia called her quietly, and said: "The dog is barking, so let it bark."

In a word, I stabbed a hornet's nest.

Grandma Tian was furious on the spot.

Tian Ma, who pretended not to hear, took the lead to scold, "Little girl, who are you talking about? How dirty is your mouth!"

"I'll go!" Tong Xiaoguan jumped out, "Who am I talking about, aunt, did you hear me? Did I name it?"

"Why are you so anxious to jump out to claim it?"

shameless!

When my family members talk about others, they don't hear me and pretend not to hear them.

When someone said something, she had a sharp ear and heard it all.

"You two are too bad! No quality at all!" Tian Xinyuan naturally wanted to protect her grandma. Seeing her grandma was so short of breath, "You guys apologize to my grandma!"

Apologize?

An Xia glanced at her with a smile, "Say you? Claim yourself a dog?"

Compared to Tong Xiaoguan's anger, An Xia seemed much more indifferent.

Then he asked Tong Xiaoguan, "Did I talk about them just now?"

Tong Xiaoguan went on the road, holding back his laugh, and testified very seriously, "Who did you say? Who did we say? We didn't mention other people's names!"

"Oh, who just said that we didn't name others by name, we are the same as them, we didn't name them by name."

"We have to rush to claim it, and we can't help it."

I understand why An Xia dragged herself not to rush out just now.

It turned out to be waiting for the Tian family to hit him.

An Xia looked at Tian Xinyuan, "Human words, can you understand?"

Why bother to be angry with the dog.

Not right.

The dog is still very cute.

Forget it, don't insult the dog.

Seeing that her daughter was at a loss, Tian's mother rushed over to teach An Xia, "Is there anything you are facing our adults, what are you cruel to the child! Where are your parents! I want them to reason!"

This time, they scolded people first!

Ouch, my heart hurts!

No one in my family dared to say a word about them. When they came to Changhai City, they were scolded by a few outsiders.

Tian's mother and Tian's grandmother were so angry that their faces were blue, and they were about to faint at any time.

An Xia chuckled softly when he heard the words, "You are really not qualified to see them."

Tian Ma's face looked timid.

Thinking of Anxia's multi-billion-dollar mansion.

Seeing this, Father Tian finally spoke, "Okay, just say a few words, get in the car, get in the car."

He also supported the angry grandma Tian, "Mom, don't be angry on a hot day, get in the car and go back to the hotel to rest."

Grandma Tian didn't want to leave. "You can't go. For a little girl with such a dirty mouth, I'll see you for the first time. I want to be reasonable with them."

"Dad!" Tian Xinyuan didn't want to leave either, she was wronged.

Being scolded as dogs, she wants them to apologize!

An Xia didn't have time to argue with the Tian family, and the car's heat was almost gone, and said to Tong Xiaoguan: "Get in the car."

Over there, Father Tian didn't rely on his grandmother and grandson to force Grandma Tian into the car.

"What are you talking about? They are not afraid. It's no use you say more."

"Get in the car first, look at her little face, it's all red."

Grandma was worried when she heard it, "Really? Grandma, take a look? Oh, sunburn, sunburn."

"Get in the car first, 囡囡, get in the car quickly, girls can't get sunburned, they will have spots."

"We are pretty ladies, not like them. Get in the car as soon as possible."

Grandma persuaded to get in the car.

Tong Xiaoguan, who took a breath of malice, felt more comfortable, made a grimace at Tian Mu, and followed An Xia.

Tian Mu, who was a step slower, was so angry that he also covered his chest.

Today's little girl is too rude!
