

## Goddess 971

### Chapter 971: All exposed

After Tong Xiaoguan finished speaking, he saw the appreciation in An Xia's eyes.

She was embarrassed, "Don't look at me like this, I just talk about it."

"Hahaha, what if I can't stand your temptation and fall? It's so slapped!"

"My dad said, "Humans, can't stand the temptation the most. With my concentration, I really doubt that I will fall one day."

"No, we will mix in the school in the future. I have to be separated from you when I get out of school."

In school, you are not afraid of attending the same class, sleeping in the same bed, and eating the same cafeteria anyway.

Out of the school gate, that life, that grade, one day, one place.

An Xia laughed completely when she said that, the sun fell in her bent eyes, shining brightly, "You won't."

With the education of her parents and her own sobriety, she will not degenerate.

He said: "Next, I will be the same as you."

"What's the same? What do you mean? Eat frugally? Hahaha, how is it possible."

An Xia raised her eyebrows. "It's not necessary to eat and frugally. Same as class, same as get out of class, queuing in the cafeteria, and walking on the campus, many of them are the same."

"Of course, you are still a student, and students don't have much special treatment in school." After Tong Xiaoguan said, he twisted his body and asked An Xia, "What club do you plan to apply for?"

"There are many clubs in the school. I took a glance in the morning. I have too much to report."

An Xia blinked.

Society?

What club.

An Xia, who had not been to school for a day, said that she did not understand.

Fortunately, Tong Xiaoguan didn't notice anything unusual. He broke his fingers and wanted to join a club. "The drama club, the Hanfu club, the reasoning club, the dance club... There are so many, I want to join."

Oh, I see.

An Xia hasn't thought about what to report for the time being.

She won't stay in school for long, it doesn't matter whether she reports or not.

After she finished speaking, An Xiaman asked casually, "I heard that I have a post that is very popular in the school forum?"

"Yeah! Super hot, you are now a celebrity from Changhai University! I'll take a look at how many floors are built. I looked at more than 2,700 buildings before."

Upon entering the forum, Tong Xiaoguan was dumbfounded by the three previous posts with the "big fire" icon added.

"Oh shit!"

She cursed and made the third post.

After entering, Tong Xiaoguan's brows were wrinkled to the point of knotting.

Looking up from the phone, he said to An Xia: "What should I do, the hotel photos I sent to Moments were transferred to the school forum."

"Really?" An Xia was calm, as if she had expected it, she was not surprised, "What then?"

"Then it became the third hot sticker. The first hot sticker is the sticker you drive, the second hot sticker is the red envelope, the third hot sticker is the hotel, and the top three hot stickers are all you."

Tong Xiaoguan regretted posting the photos of the hotel.

Her pig brain!

Why didn't I expect to be transferred to the forum by classmates in the circle of friends.

An Xia smiled, "Just follow them, there will be no material for them in the future."

Such a high profile, presumably, Big Fish has already focused on himself.

Waiting for the big fish to come up.

Seeing this, Tong Xiaoguan asked cautiously, "Are you angry."

"Why are you angry?" An Xia asked back.

"The private living space has been exposed." That's why she was very worried.

An Xia disagrees, "I don't want to live long, it doesn't matter."

"real?"

"real."

It wasn't until An Xia answered that she was really not at ease, that Tong Xiaoguan felt a little relieved.

Holding the phone and saying, "You can't post your updates casually in the future. It will be terrifying if you are caught up by perverts."

No, you can post more, she doesn't mind at all.

## Chapter 972: Beauty, don't follow me

At the red light, An Xia slowly stopped, "You are free to send Moments to your friends. You don't have to be restrained because of me."

Don't blame yourself, she also uses her circle of friends to spread her own dynamics.

This naturally cannot tell Tong Xiaoguan.

Tong Xiaoguan didn't know An Xia's intentions, and had decided not to publish any Moments about An Xia.

Seeing that there were a bunch of comments in the Moments of Friends, she poked in and answered the comments of some high school classmates.

In particular, a classmate who had a good time in high school left a message whether it was a micro-business posing for a photo.

snort!

How can it be.

"This is my classmate from Shenxian University, the real Bai Fumei, the car belongs to her, and the suite lives in her, I, take a break, thank you!"

No other comments were returned.

The flow of traffic has started to increase, and traffic jams have begun.

An Xia's car moved slowly and blew up from time to time, which was very eye-catching.

There were parallel cars passing by on both sides, and the people in the cars took out their phones and took pictures secretly.

Good cars, cool cars, beautiful cars, always attract people's attention.

Tong Xiaoguan's eyes were attracted by a dark blue sports car on the front left, "Huh? That car is like the senior car before."

An Xia couldn't see it, raised her eyes, and glanced in the direction of her finger, "Normal, go back to school like us."

Chang Hai's students are in the same direction again, so naturally they are back to school.

As the traffic slowly moved, the two sports cars gradually went in parallel, and the exhaust pipes of the two cars blew up from time to time, and I blew up again. There are two expensive supercars that provoke more passengers in other cars at a time. Photograph.

However, the driver who drove was very cautious and did not dare to get too close.

Damn it!

In case of a collision, I can't afford it!

For about ten minutes or so, the window glass of the blue sports car was lowered, and the man took out a piece of paper with a few words written on it.

"Beauty, I was wrong, can you stop following me, okay?"

...

Tong Xiaoguan stared.

What!

Follow him?

You made a mistake again.

"He said we should follow him! How was it?" Tong Xiaoguan finished speaking, and went to the car to find pens and paper. "Are there pens and paper? I'll write it back."

Really without pen and paper, Tong Xiaoguan prepared to put down the car window and shouted back.

I touched the car door for a long time. Well, I need to ask An Xia, "How do I put the glass down?"

Ugh.

Headache.

I don't know how to put the glass.

An Xia put the glass down on the control side.

It was late, and the blue supercar's lane was a little smoother, and it was already in front of them.

It was because the glass was lowered that the two girls were clearly seen by the driver in the right lane. After taking a look, they wanted to take a second look.

very beautiful!

Still very young.

There have been drivers who took advantage of their free time in a traffic jam to post to Moments.

"Feast my eyes. I ran into a super dazzling sports car in a traffic jam. I don't know the price, I only know that the car is beautiful. But goose, the owner is more beautiful than the car! Unfortunately, no frontal photos were taken."

At this point, many drivers and fellow passengers photographed sports cars, and they posted them to Moments at about the same time.

After finally moving over the block of roads, the car can finally speed up slightly.

Ahead, a dazzling blue sports car is also running happily.

An Xia asked Tong Xiaoguan, "Do you want to catch up and say?"

"Ah, no, no, no, no chasing, no chasing." Tong Xiaoguan shook his head, and said solemnly: "It's safe to drive. You can't fight."

Then stop chasing and drive all the way to school.

In the end, it almost stopped in the same parking area.

The blue sports car stopped first. The boy got out of the car and just locked the door. He turned his head and saw the matte black sports car that was reversing. He was silly.

He rubbed his brows helplessly and walked over.

### **Chapter 973: Passionate**

The boy walked straight up and stopped by the side.

When An Xia got off the car, he said: "Two beauties, I made a mistake when the hotel stopped. I apologize, and I sincerely apologize."

"Sorry, I will keep my eyes open in the future and never admit my mistakes."

Tong Xiaoguan is speechless!

He thought they followed him to school"

"Senior, can you make some sense? Why do you like to talk nonsense?"

"When the hotel saw the chef, it thought it was given to you by mistake."

"Seeing that we are also closing school now, I think we are following you."

"Please grin, senior, you really need to keep your eyes bright, no, it's just to keep your heart bright and to see the world with your heart."

"Don't be so pretentious, okay?"

She spoke very fast, crackled and said, saying that the boy couldn't put a word into her mouth.

An Xia.

She just chuckled.

What's the meaning in the laugh, I leave it to the boys to taste.

The man was said to be standing there, and there was no movement for a while.

Until An Xia took out the suitcase with the bedding from the car, the man suddenly realized.

Embarrassed on the handsome face.

"You...you, you are also students of the long school. Well, sorry, sorry, I'm making a joke again."

"Then you, you are right, I am... eh, my eyes are really blind."

"Is the suitcase going to school? I'll come, I'll come."

Watching the blushing boy apologize in a panic, he hurried over to help with the luggage.

Tong Xiaoguan stopped, "Don't don't, senior, don't move, don't move!"

...

The boy stretched out his hand, really motionless.

The posture is weird and very funny.

"Don't move, oh." He replied obediently.

Tong Xiaoguan was amused, "This box belongs to my classmate, senior, this time you can't read it wrong, right?"

Speaking of the boy's face blushed again.

"Well, it won't, really won't."

He retracted his hand and scratched the back of his head in embarrassment.

At this time, the hotel special car arrived.

The staff delivered An Xia's suitcase and packed dinner.

They can't enter the school, only An Xia pushes forward by himself.

Four suitcases and two relatively large packing bags are really hard for two of you to handle.

The boy offered to push two suitcases, "To show my apologies, let me be a porter again."

During the whole process, I was not too embarrassed to look directly at An Xia, take a look, and quickly move away.

The youthfulness of boys is all in one word and deed.

Tong Xiao looked at the boys and An Xia again, his dark eyes turning cleverly.

Ouch.

Something is not quite right.

"Senior, you didn't mean it on purpose," she said with a long voice on purpose.

The boy's eyes tightened.

I heard Tong Xiaoguan say, "You wouldn't fall in love with my classmate at first sight, right?"

"No! You have misunderstood!" The boy denied, and reached out to take the suitcase in the staff's hand, "Go back, give it to me."

There is no cover-up action of three hundred taels of silver.

Tong Xiaoguan smiled happily and winked at An Xia.

Great market!

It was only the first day that the handsome senior fell in love at first sight.

An Xia did not say "No", nor did he say "Yes",

Holding a bag of packed dinner in one hand and pushing the luggage in the other, she asked Tong Xiaoguan, "Aren't you hungry?"

hungry.

Of course hungry.

"Senior, hard work."

Blinking at the boy again, Tong Xiaoguan likewise pushed the luggage with one hand and twisted the packing bag with the other, catching up with An Xia.

The boy who followed narrowed his eyes slightly.

Very difficult to handle.

Don't answer him at all.

#### **Chapter 974: Difficult prey**

An Xia's indifference did not escape Tong Xiaoguan's eyes.

She approached An Xia and asked in a low voice, "You don't seem to have a cold with Senior."

Don't catch a cold?

Although she doesn't understand what it means, think about it, it should be an expression that she understands.

He said indifferently: "I don't know, I'm not familiar."

"Well...I'm unfamiliar, but it's interesting for me to look at seniors." That kind of bewildered youthfulness is quite attractive. Tong Xiaoguan prefers boys who are between mature and youthful.

An Xia paced calmly, dragging the suitcase and twisting the packing bag, without destroying her temperament at all.

Hearing this, he gave a cool smile, "Really? What's interesting."

In her eyes, it was all clumsy acting.

Seeing through at a glance, there is no challenge.

Tong Xiaoguan said, "There are so many interesting points, such as Han, Sand Sculpture, Funny Bi."

"There are so many dramas, and I always like to think about it."

Above, only "Xi Duo" Anxia recognized.

"It's just appearance."

"Do you prefer a mature model?" Tong Xiaoguan started gossiping, "It's the mature model with a sense of security."

"The kind of your friend?"

The friend she said was Tianshu.

And what flashed through An Xia's mind was Mu Chenyuan.

That one is the one she likes.

Abstinence is restrained, strong and mature.

There are towering mountains, as cold as snow, and more tolerant and deep like the sea.

In short, she likes everything!

These can't be said, let's say it, in case a big fish ran away.

An Xia pretended to think for a while, then said: "I don't know, let it happen."

"I think, the senior has something to you about you." Girls, more or less curious, Tong Xiaoguan is no exception.

An Xia squinted at her, "I think you have something to him."

"Oh, it's a pity, he doesn't have anything to do with me." Tong Xiaoguan sighed, "I shouldn't lick the dog or chase the boy."

This is her principle and will never change.

An Xia laughed.

This is too early to say.

I never thought that one day I would want to throw a man down.

I never thought that she would meet a man who made her feel good.

The appearance of Mu Chenyuan directly shattered all her thoughts.

Behind him, the boy pushed the box and followed silently.

Until I entered the campus, I met classmates I knew.

Three boys from the same department.

"Chang Fan? Didn't you arrive at school early? This is... which school girl is dragging luggage? Taiyang Da is out from the west, you also have a day of dragging luggage for school girl."

Younger brother, it's definitely impossible.

They know who Chang Fan is.

Little sisters and little sisters can hardly ask him to take action, and the younger brother wants to trouble him, and there is no window.

Chang Fan, a senior who drives a blue sports car.

Hearing this, he said impatiently: "Go go, don't be annoying, turn around and invite you to dinner."

"Don't look back, just wait, see you in Canteen 2!"

"See you in the boutique area on the second floor of Canteen 2, thank you."

"Hurry up, don't be an eyesore in front of him, and don't ask us to eat when you look back."

It can be seen that Chang Fan's popularity is also good.

He waved his hand and chased An Xia with his suitcase.

The boy who spoke first did not take two steps, so he stopped again.

Staring at An Xia's back, "Huh", "Have I met the school girl from the past?"

The school girl didn't pay much attention to Chang Fan's chat.

"Falling, I said I saw it when I saw a school girl."

"No kidding, I really feel like I've seen it somewhere before." The boy kept staring at An Xia's back, trying to remember.

Another boy looked at it for a while and said, "If you say that, I seem to have seen it somewhere."

## **Chapter 975: The fish is beautiful**

Some regret not going to see the school girl just now, just watching Chang Fan.

Another boy did not speak.

When the two of them finished talking, he said slowly, "I know where I saw the school girl."

"where?"

"Have you seen it too?"

The boy said, "I think, this school girl should have been seen by many, many people. The three of us have seen it together."

"Damn! Don't talk nonsense, just talk."

"Please end your nonsense literature, thank you."

"Forums, the three most popular posts." The boy said the keyword.

Soon, the two boys who always felt like they had seen a school girl suddenly realized!

"I lost it! I remembered, I remembered! Forum, more than 50 million sports car school girls!"

"Hi! I just missed the opportunity to meet the boss again! Why didn't I go to see the school girl just now!"

I remembered, and I remembered where I saw the school girl.

Forum!

They have seen it in the forum.

I also left a message, hoping to get the contact information of the school girl.

The results of it!

The opportunity to ask for contact information was right in front of them, but they didn't want to seize it.

"The school girl changed her clothes, alas, I didn't recognize it immediately."

"Yes, yes, it's not the same as the clothes you wear for taking pictures in the morning."

"I also dragged the suitcase. I came to report in the morning and didn't drag the suitcase."

Beat your chest!

I missed a good opportunity.

Who would have thought that more than 50 million super-running school girls would pass them by.

An Xia brushed shoulders with many senior sisters, seniors, and freshmen who had seen her photos on the forum all the way.

But none of them noticed her.

Occasionally, some students will pay attention.

But the attention was focused on a few boxes.

The box is the logo of a luxury brand, but anyone who has a slight relationship with these can recognize the brand at a glance.

Chang Fan kept his distance here, and did not approach An Xia.

When he reached the girls' bedroom, he saw that the two people in front had no intention to stop, and he quickened his pace to catch up.

"School girl, school girl..."

An Xia and Tong Xiaoguan stopped, and they turned around.

At this moment, Chang Fancai thoroughly saw how beautiful the fish he wanted to catch was!

The moment she looked at her, it was so scorching that he dazzled him.

Very beautiful!

It is the beauty that makes him afraid to see more.

The light in his eyes was as soft as snow, and as he looked back in the light and cool, he could see the snow scorching, and a silent aura followed. For a moment, he was shocked.

It seemed that all her careful thoughts were invisible in her snow-colored eyes.

The facial features are extremely beautiful, not the kind of beauty that you can pick, but the beauty that you can only look at from a distance and dare not offend.

At this second, Chang Fan was very thankful that he was wearing sunglasses.

Without the cover of sunglasses, he knew he would definitely lose his temper.

Steady his mind, he embarrassedly said, "Well, it's not convenient for me to send it up. Can you let other girls come down and pick it up?"

"Or, I'll wait here, and you will come down to get it after you go up?"

He has two boxes in his hand, and the two girls have something in both hands, which is definitely not easy to hold.

He hoped that he would stand there waiting for the two of them.

in this way...

The eyes hidden under the sunglasses swept away slightly.

As long as they are sophomores and juniors, there are always some who know themselves.

His purpose is simple.

Let them see An Xia taking the luggage from her.

Of course, if someone takes a photo and uploads it to the forum, that's even better.

Invisibly, many boys who are careful about Anxia will be extinguished.

Tong Xiaoguan didn't give him a chance.

She said: "I have worked hard for seniors, put your luggage, and we will wait for our roommate to come down and help take it."

**Chapter 976: Who are you scaring**

On the fifth floor, there is really no way to screw it up at once.

With that, she put her suitcase at An Xia's feet and trot over to take the two suitcases in Chang Fan's hands.

Without playing cards according to the routine, there was a cold flash in Chang Fan's eyes.

Along the way, the girl in front of you was speaking on behalf of An Xia.

Or, every time she rushed to answer An Xia.

So that he has no chance to approach An Xia at all.

Right now, he thought he could always talk to An Xia at close range, and was disturbed by her again.

Smiled and said: "It's okay, you guys put it up, I'll wait here too."

"No, no, I have worked hard for seniors, seniors, go and work, we will do it ourselves." Tong Xiaoguan said with a polite smile on his face.

And her heart--

Tucao happily: Special, who can give you the luggage without knowing who you are.

"That's it, that's okay." There is no point in insisting on it, but it makes people see through his intentions.

Then, Chang Fan handed the two suitcases to Tong Xiaoguan together, and the gentleman reminded him, "Be careful, it's a little heavy."

It was full of An Xia's clothes, and Shen was a little heavy.

However, Tong Xiaoguan is also a strong girl, holding both hands firmly and smiling brightly.

"Thank you, senior, go slowly."

"Goodbye." Chang Fan nodded slightly, nodded to An Xia, put his hands in his pants pockets, and left coolly.

Not far away, a girl has already taken a photo.

Without flashing the flash, only the moment when Tong Xiaoguan took the suitcase from Chang Fan's hand.

There were several consecutive "Kaka".

Even the last moment Tong Xiaoguan smiled brightly at Chang Fan was captured.

An Xia raised her eyes slightly, her gaze was like an eagle, and she fell precisely on the girl who was photographed.

Go.

Tong Xiaoguan dragged the suitcase and turned around. No An Xia was seen, but two suitcases and one packing bag lying quietly on the ground.

!!!

Brother!

Your heart is a little bigger too!

Valuables need to be taken care of!

Don't think this is a school, you can just throw it away.

It was reported that things were lost for a few days, but they could not be found. There are examples for each.

Tong Xiaoguan dragged two boxes and hurried over to guard his luggage.

Here

An Xia was already standing in front of the girl who was taking pictures, and said blankly: "Hello, delete the photo, thank you."

"Who are you, why do you ask me." The girl didn't get upset, but thought she was offended, "Photographing is my freedom. Can you control it."

"It is your freedom to take pictures, but it is not your freedom to take pictures of others. Delete."

An Xia is even more uncomfortable, there is no time when what she wants to do is not impossible.

Blocking the girl with a cold face, her aura is enough to shock.

The girl thinks she is a little stronger, and the girl who asks her right now will regress somewhat.

I didn't expect the other party to be stronger than myself.

Even the aura is stronger than her.

My heart became even more choked, "What are you talking about? Who did I shoot? Don't force it."

"Are you sure not to delete?" An Xia asked again.

The girl gave a cold face, and went back with a sigh of relief, "No! Delete!"

After speaking, she saw An Xia pull out her mobile phone, Didi three times to pull out a set of numbers.

The girl sneered, "Why? Still want to call someone to help? I tell you..."

"Hello, I want to report to the police. Someone took a sneak shot and violated my right of portrait and privacy. Yes, um, I am in the female dormitory building of Changhai University..."

girl:"???"

Call the police?

Hilarious!

Is she calling the police?

Who are you scaring?

"Damn, don't use the police to scare me, who believes you" The girl sneered, turned and left.

An Xia swept away, intercepting the girl's path, and continued: "She refused to cooperate and insisted on leaving. I have stopped her now."

## **Chapter 977: Restriction of personal freedom**

"Hey!" The girl still didn't believe it.

Until An Xia pressed the hands-free, the voice of the wiring officer came from inside, "Are there any physical conflicts?"

"No." An Xia replied.

"Okay, we will send someone over right away. In addition, if you have a teacher present, please feel free to contact the teacher to avoid conflict."

Wiring police officer reminded.

After the girl listened, she believed that An Xia really called the police.

Suddenly flustered.

She did sneak a photo.

And also sent it to others, and said something unpleasant!

What to do now!

Holding the phone tightly, the girl intends to destroy the evidence.

An Xia said indifferently: "Don't you know that any data on your phone can be restored? You delete it now, even if the phone is restored to factory , I will have someone restore all the data in your phone."

I have given you a chance and don't cherish it. Since it cannot be solved by force, it shall be solved by law.

"Tell you again, if you use the photos you just took to say something bad, or something bad, which will cause a certain impact, I will let you keep the case."

Not a threat.

Just tell her the truth.

The girl panicked completely, her mouth still hardened, "Damn, who are you scaring! Sister won't eat your set! Get out! If you don't get out, I'll call the police too! Sue you for an illegal detention!"

An Xia chuckled.

The look in the girl's eyes was slightly cool.

Coldly said: "Do you know the definition of illegal detention? Article 238 of the Criminal Law stipulates that the crime of illegal detention refers to the criminal act of illegally depriving others of their personal freedom by detention, confinement or other coercive methods. The crime of illegal detention violates. The object is the physical freedom of others."

"This is illegal detention, and you are now, are you?"

The girl panicked and sweated her back.

Then she, she... What did she sue?

Less use of books hate less!

Don't know the law!

"You restrict my personal freedom!" Temporarily came up with slyness, and tried to leave forcibly.

An Xia blocked it again, her eyes sneered, "You really don't know the law, you are free now, but you violated my power, and I have evidence to prove that you violated, I won't let you go, I am defending it. My power."

"Of course, if you didn't take the photo, it was my fault. I will bear all the consequences. You can ask a lawyer to sue me."

Even the lawyer said it.

The girl scowled her neck and said, "What kind of pretense, return the lawyer, you invite the lawyer over and let me see!"

"I do need a lawyer to be there, thank you for reminding me."

After speaking, An Xia really contacted Tianshu by voice.

Tianshu understands in seconds.

"Miss, hello."

"Contact the best lawyer in Changhai City."

Tianshu, who had not left Changhai, was shocked, "Miss, what happened?"

"Small things, contact a lawyer."

"Yes!"

Tianshu ended the call and immediately contacted the lawyer.

This wave of operations is really fierce. The girl heard that it was a lady and a lawyer again, and her arrogance was softened by naked eyes.

...

What are these people!

Why is she so unlucky.

I thought that the other party was pretending to frighten myself, but unexpectedly, the other party seemed to be not pretending to be coercion.

There are tears in the eyes.

She wants to contact the counselor.

The girls were scared and panicked.

But having a strong self-esteem doesn't allow her to show weakness.

She contacted the counselor.

Tong Xiaoguan has already handed all the luggage into Tang Chuye's hands, "Sister Meng, you look at the luggage, I'll go see An Xia."

"Something seems to have happened to her, I have to go and see it."

By the time Tang Chu went downstairs, Tong Xiaoguan had already found An Xia.

There are too many luggage to drag over, so I can only look anxiously.

#### **Chapter 978: Is she going to fight**

I didn't know that An Xia gave Tong Xiaoguan the illusion that she was easily bullied.

As a result, Tong Xiaoguan always thinks that An Xia is easy to be bullied.

People are stupid and have a lot of money, so they are easy to be bullied?

Chu Tang also guarded four boxes, twisted a packing bag, and asked in a low voice, "Should I go there too, how many people are powerful?"

It made Tong Xiaoguan laughed "haha".

"Sister Meng, it's not that I'm looking at you, look at how thin you are. You are as thin as a paper man, and your wrists are so thin that you can see blue blood vessels."

"It's powerful, I didn't see it, cute, so bully, I saw it."

No!

Early Tang also belonged to a thin and small girl, her skin glowing was not that normal white.

It's a bit sickly white without seeing the sun for many years.

She was the only one who went out to fight and fell down as soon as she was pushed.

The shy Tang Chu was also ridiculed by her blushing, "Three people are better than two. I think that senior sister is quite fierce."

"What are you afraid of, we can be more fierce! I'm going, you are guarding your luggage." After that, Tong Xiaoguan was about to run away.

Stopped abruptly, turned his head and whispered to Tang Chu, "Watch tight."

"These three suitcases are almost thirty thousand. This box that looks dark and not slack is the suitcase that came with that sports car from Anxia."

"I secretly checked on the Internet, this box is 680,000 yuan."

!!!

Chu Tang also originally planned to put the black box in the ground, and when he heard it, it was all right now, and he held it straight into his hand.

My mother!

A house in their small town is only 300,000 yuan, with decorations!

An Xia, this box is 680,000 yuan, woo woo woo...

She held two suites in her hands.

Good weight!

"It's okay, don't need to hold it. An Xia just dragged it away just now, you think it will be done." Tong Xiaoguan patted the scared sister Meng on the shoulder and left.

At the beginning of Tang Dynasty, he didn't dare to let go.

Six hundred thousand!

In case it was going to be broken, she couldn't afford it!

"This is An Xia's luggage?"

In a moment of anxiety, a girl came up to her and asked, "It's all hers?"

Chu Tang also hugged the box tightly, looking wary, "Who are you."

"Lin Yinya." The girl reported her name and said again, "I just saw you come down, so I followed it down and have a look."

I want to try my luck and see if she goes downstairs to find An Xia.

An Xia didn't see it, but saw a pile of luxury boxes.

It couldn't be Tang Chuye's box, it was An Xia's.

At the beginning of Tang Dynasty, when he heard the name, his tight little face relaxed and pointed in the direction An Xia was.

"Over there, it seems that a senior sister is making trouble for her."

Trouble with An Xia?

Lin Yinya raised her head with gloomy brows, her beautiful little face even more gloomy.

"You watch, watch her things, don't move."

After Lin Yinya finished speaking, she looked around.

A loose brick was dug out from the flower bed with a steep hand. In the shocked eyes of early Tang, the brick was hidden behind him and walked in the direction of An Xia.

At the beginning of Tang Dynasty: "!!!"

She she she--

Is she going to fight?

Is it so fierce?

Nothing will happen!

The timid Tang Chu was also a little frightened.

She has always been well-behaved and she was the first to think of looking for a counselor.

It is inconvenient to hold the box to take out the mobile phone. I gritted my teeth in a hurry, but put the box down and took out the mobile phone.

She has to contact a counselor.

On the other side, the girl's counselor rushed over.

I didn't want to come, but her students said that they also alarmed the city police, and the matter was serious, and they didn't eat dinner, so they rushed over from the cafeteria.

An Xia waited for the girl's counselor to come over.

At this time, the girl's mobile phone kept sending new information prompts.

### **Chapter 979: Grab your phone in broad daylight**

"Ding Dong...Ding Dong..."

With every sound, the expression on the girl's face becomes anxious.

An Xia looked at her all in her spare time.

It's no use deleting the information.

The girl squeezed her mobile phone, and finally decided to delete the message.

An Xia Liangliang chuckled, "All the information back-end terminals have records, and all you can delete is your mobile phone information."

"On my side, your information will be restored soon."

The girl was stunned, and the information was not deleted.

Tong Xiaoguan who ran over just heard these words.

Without adjusting his breath, he asked, "What information? What information."

An Xia said indifferently: "She, secretly took a picture of you."

"Huh?" Tong Xiaoguan was surprised, "Suddenly photographed me? What can I do for sneaky photographs? What can I do to sneak photographs, shouldn't it be sneaked photographs of you?"

shocked!

She is a small and ordinary girl who deserves to be secretly photographed.

"Why secretly photographed you, then you need to ask her." An Xia condensed her eyes and stared at the girl. "You should ask, ask why you want to secretly take a picture of you and that man."

"Who did you send the secret photos to?"

The girl was sweating profusely, "You, you...what nonsense are you talking about, I don't understand a word!"

Quickly with my finger, I want to delete the information in the group.

The girls are already a little panicked, and the more panicked they are, the more trouble they are.

I want to delete information, but I can't even find their group, all other groups are on it.

Tong Xiaoguan stopped, and stopped, and said Shen: "Sister, wait a minute!"

Depend on! There must be a problem in such a panic!

No, you can't let her delete the message!

The girl suddenly raised her voice, "What are you doing, what are you doing! Grab my phone?"

"Damn, whoever grabs your phone, don't move! Don't move!" Tong Xiaoguan is not a vegetarian.

In front of her?

Damn it! She will be more horizontal than her!

She was not as restrained as An Xia, and naturally wouldn't grab a mobile phone.

Interference throughout.

Girls are not allowed to use their phones anymore.

The girl was even more anxious, "Grab the phone? Come on! Come on! Someone is here to grab the phone! Someone is going to grab my phone!"

It was dinner time, the girl raised her voice and shouted, and someone came around.

Subsequently, more and more students gathered around.

When the girl saw this, her voice was even louder, "Did you make a mistake! This is the school, you still grab your phone!"

"No way, really grab the phone."

"Impossible, grab the phone in broad daylight?"

"It's possible to grab it, what if it's a brain disease?"

Depend on!

Your brain is sick!

Your whole family's brain is sick.

Tong Xiaoguan jumped, stopped, and loudly said: "This senior sister, without my permission, took pictures of me secretly."

"I don't admit it now, and I'm still trying to wrong me! Seniors and sisters, you judge, am I wrong, or is she wrong?"

"I don't know what kind of mentality she wanted to take a secret photo of me talking to a senior, and I don't know who she sent to after taking the photo."

"Oh, yes, that senior is Chang Fan, and I don't know which senior or senior sister knows."

Chang Fan!

Know!

The school's famous rich kid!

Driving a sports car, talking about a girlfriend, quite crazy!

It seems that everyone faintly understands why this girl was secretly photographed.

Chang Fan has many ex-girlfriends in school.

There are also frequent occurrences of ex-girlfriends and current girlfriends getting jealous and quarreling.

The girl was pierced by Tong Xiaoguan, even less emboldened.

Finally, her counselor arrived.

"What are you doing around! Spread out! What should you do?"

The counselor came over, and the girl seemed to have found the backbone.

## **Chapter 980: Is it a fuss?**

At this time, some students also recognized who An Xia was.

I heard a boy say, "Isn't this, An Xia, a 50 million super-running freshman? She also sent more than 20,000 red envelopes to the class group!"

The boy's voice is quite loud, and the surrounding students listened to An Xia.

There are also students who enter the mobile phone album and compare the saved photos to confirm whether they are the same.

"Really? Really? Hey, it seems to be true!"

"It's her, it's her, it's her! I changed my clothes and almost didn't recognize it."

"It's really her! Oh shit, it's amazing!"

"I have to let my friends come and take a look. He said that real people are definitely not good-looking. Damn, real people are ten thousand times better than photos!"

"Goddess school girl! Pretty!"

It was about to disperse, now it's all right, continue to surround.

Take out the phone and take a random photo.

An Xia raised her hand and slightly blocked her face.

It didn't make much sense to block her face. The students who had already photographed her.

But there are more people taking pictures of her like this.

Girls' counselors have also heard about it.

Hearing this, he took an extra look at An Xia.

Well, it seems to be the person.

And the girl who was taking pictures turned black from time to time.

Of course she also knew that a freshman who drove more than 50 million sports cars came to school!

But she didn't expect it to be the ugly girl in front of her.

So rich, it's definitely not easy to mess with.

How to do!

How to do!

The girl was so anxious to cry.

When Tong Xiaoguan saw her wicked person weep first, he was angry.

Boy, I haven't cried yet, you are crying!

With a sharp tongue, she immediately said: "Teacher, the senior sister secretly photographed me, and was discovered by my classmates, but she still slandered and refused to admit it."

"I just stopped her not to delete the evidence, and she wronged me for stealing the phone!"

Tong Xiaoguan didn't know what kind of process the whole thing was like.

But she will pick the point!

It is clear in a few words.

An Xia added faintly, "I suspect that her secretly taking photos and spreading false information has violated my classmate's right to portrait and privacy. If the spread of false information expands and affects my classmates, I will pursue her for defamation. "

"Teacher, I have called the police and contacted a lawyer."

Just finished speaking, the language of Tianshu came.

An Xia connected, hands-free directly, and heard Tian Shu say: "Miss, the lawyer has already contacted and is rushing to school. We will arrive in about 30 minutes."

"Lawyer He Muye from Zonghai Law Firm."

An Xia didn't know lawyer He Muye, but the law students onlookers knew him.

"Oh grass!"

"Lawyer He is here! It's awesome! Lawyer He has played at least 500,000!"

"Damn! This girl is going to be unlucky! It's annoying someone."

"Remember your longness, don't shoot anyone else! It's your responsibility!"

The girl who secretly photographed is completely less arrogant than just now.

As for the counselors, they did not arrive at Anxia so quickly.

One more thing...

Is it a fuss?

"Student Anxia, you don't have to trouble the lawyer for this little thing. Or, I will let her delete it and apologize to you? How do you think?"

When An Xia heard this, her eyes were cold, "It's not a trivial matter! The corner of her mouth was spreading rumors, and she ran and broke her leg."

"Why are there so many people who dare to spread rumors without evidence? It's because the cost of crime is too low to make them take it seriously."

"They would say afterwards when they were clearly wrong. She just said casually, why bother about it."

"It completely ignores the negative impact of the rumors, and this impact can even affect the life of the slander!"

"Let it go once, and commit it again a hundred times! To me, this is a big deal! It's not a trivial matter!"

"Just now she said that she also hired a lawyer. If she has any objections, she can immediately contact her lawyer to deal with it."

How can a girl hire a lawyer!
