Chapter 981: The rumors must be punished

Just now, I only saw An Xia saying that she would contact a lawyer, thinking that An Xia was pretending to scare herself, so she yelled that she should also look for a lawyer.

This time, the girl was really scared and crying.

"Counselor, woo...Counselor, can't I delete the photos? I'll delete them right away."

To be honest, I dare not say that taking pictures is her freedom, and no one has the right to interfere and other irresponsible words.

She really didn't know that the girl who stopped her was An Xia.

She wants to know, no need to say, delete it as soon as possible.

The students onlookers did not know whether to sympathize with this girl, or to scold her for deserved.

However, a few students are on Anxia's side.

And said loudly: "Teacher, I agree with An Xia! The rumor makers must be punished!"

Some students shouted out loud, and immediately more students joined.

"Teacher, your student just wronged this girl for grabbing her cell phone! We almost believed it."

"Teacher, it's really not a trivial matter, you must pay attention to it! Are there few people ruined by rumors?"

"Campus should be the simplest place, but because of jealousy, some people spread rumors and ruin another person!"

"Just now she yelled that someone was robbing her mobile phone, and we heard the movement before we came around. Teacher, just imagine, if the two girls were not brave enough to break the rumors in time, I dare say that there were long posts in the school forum at this time. It's rumored that there are girls robbing mobile phones in public on campus."

"There are photos, messages, and even witnesses who don't know the truth testify. Teacher, soon, this girl will be killed by the agency!"

"Teacher asks you to take it seriously, it's not a trivial matter."

Students, you and me, the counselor has no way to get out.

What's more, they make a lot of sense.

This matter can only be done by giving them an explanation.

The counselor said with a serious face, "I have heard all the students' demands. I just didn't think about it well."

"Please rest assured, the school will investigate this matter and give An Xia and her classmates an account."

"Teacher, you might as well go check the forum now."

"In the forum, someone is already discussing it, but it's not about robbing the phone, but a secret photo of her!"

"Teacher, you can't just leave it like that! Everyone will follow suit in the future, so don't mess around!"

"If it weren't for the two of them to be very vigilant, grabbing the candid camera, and waiting for the situation to expand and worsen, the reputation of the two girls would be damaged, and they would be pointed and pointed out when they walked there, social death, teacher, do you think the two girls Can you still live normally?"

"She is not a sneak shot, she is a perpetrator!"

Tong Xiaoguan himself hadn't realized how serious the matter was.

After all, it is a freshman who has just entered the freshman year. Many things have not been considered well, and they will not want to be too complicated.

What's more, how terrifying some people's jealousy is.

At first, An Xia only wanted the other party to delete the photos. At that time, she also thought that deleting the photos was enough.

until--

She heard the girl's mobile phone keep on prompting for new messages, "Ding Dong", and she aroused her alertness.

Seeing that the girl resisted so much and tried to delete the record, she knew that it was no longer as simple as stealing.

The emperor who has experienced countless storms, looking at the overall situation, is definitely better than Tong Xiaoguan, and thinks more deeply.

Hearing the students talking about the forum, but not knowing where the forum is, she said to Tong Xiaoguan, "Go to the forum."

"Good!" Tong Xiaoguan also faintly felt that this matter was not easy.

Oh shit!

She really thought she was just taking a secret photo, so she deleted it.

But it was too arrogant to take pictures of her senior sister secretly, so she was more real.

Unexpectedly, something went wrong!

Chapter 982: Worsen

Upon entering the forum, Tong Xiaoguan was furious.

There are two photos.

One, she is talking to Chang Fan's senior.

One is a snapshot of when she took the suitcase and said "thank you" with a smile.

However, when it comes to the poster, the obviously normal behavior has become different.

"There is another little girl who has taken a fancy to Lord Chang. Look at them, do they look like they just came out of the hotel?"

"Chang Gongzi is really amazing, and I found a new girl again, Chang Gongzi, when will you call your ex-girlfriend and current girlfriend together and have a meal?"

After watching the content of the post, Tong Xiao's eyes burst into flames.

He gritted his teeth and said to An Xia, "An Xia, I will ask for the lawyer, and I will pay for the lawyer's fee!"

An Xia asked her, "Is it convenient to see your phone?"

"show you."

Taking the phone that Tong Xiaoguan handed over angrily, An Xia zoomed in on the photo, standing in her current position, facing the framing position of the photo.

That's right.

It is a photo taken by the girl.

An Xia's face was cold, her eyebrows were sharp, her vigor was shocking, "Teacher, your student, I will let her pay for what she has done and done."

"Also, this poster, I will sue as well!"

As soon as I finished speaking, the post disappeared.

"The post is deleted!"

"Damn! A guilty conscience deleted it!"

"It's no use deleting it, I have taken a screenshot."

The counselor also used her mobile phone to read the forum. To be honest, she was surprised.

how so!

He asked his students sharply, "Who did you send the photo to? What did you say again!"

The girl cried until she burst into tears.

"I am, I..."

I don't particularly want to admit it.

The city police come.

Lin Yinya quietly threw aside the brick in her hand and ran to the city policeman, "Hello, the policeman from the same journal, please go this way."

As he walked, Lin Yinya quickly spoke about what happened.

The city police frowned upon hearing this.

The matter is really small.

But because of the improper handling of the students, the matter was magnified.

As the photos were uploaded to the school forum, the matter further deteriorated.

An Xia and their counselors also arrived.

Walking to An Xia, he asked in a deep voice, "How is it? How is the person?"

I just arrived, don't know what happened, thought it was a fight.

"No fight." An Xia said, "She was framed by rumors."

It's not a matter to stand here to deal with it. The city police will take it to the conference room to understand the situation.

The students also wanted to follow and were persuaded by the city police to leave, "After the matter is resolved, we will issue a notice, and the school will also issue a detailed notice."

"If you want to go, you can, how about sending two students as representatives?"

In this way, it is very transparent.

An Xia has no opinion.

She said: "My lawyer is still on the way, and arrived in about half an hour."

Even the lawyers are here.

This time, the nonsense girl kicked the iron plate and hurt herself!

A girl's bedroom

The three girls were a little disturbed standing at the desk, looking at the girl sitting at the desk, calmly chasing the drama.

The girl chasing the drama chuckled, "What are you panicking about, all the posts have been deleted, so they can look it up as they please."

"Even if she does the investigation, it has nothing to do with us, and the post is not made by us. Check it, check it, grandma is not afraid."

"But... but that girl is An Xia, her family... just in case we find us."

The standing girls are still a little flustered. Just now, all three of them were posting messages!

Also, although the post was not sent from the IP address in their dormitory, but... it was also Xie Chiyan who sent it outside.

Xie Chiyan, that is, the girl sitting and chasing drama.

Chang Fan's ex-girlfriend.

It is also the rich second generation.

Chapter 983: Make up big things

She didn't worry at all, and she was very upset to see the three people chatting around her.

"Do you stop the points? I said nothing will happen, nothing will happen, what else do you want to do! Play your game!"

A bunch of cowards!

The big fart thing is scared like that!

What if I really want to find out?

Catch her and go to jail?

Isn't it just an apology?

The fuss is boring.

She yelled at the three girls and dared not say anything.

Eating people with soft mouths, short hands, and usually holding too many things from her, it can only bear to get angry at them.

Miss temper, who dares to provoke her.

No longer around, you look at me, I look at you, uneasy sitting back to my desk.

They have to know that the super rich girl will come forward, she will definitely not dare to agree, and will persuade that it should be a misunderstanding.

That Chang Fan is really too!

Knowing that Miss Xie would not break up, he began to show mercy everywhere.

It's all right now, I have caused a big trouble, and I don't know how to end it yet.

In the conference room, the vice dean and dean of the school came.

The city police arrived, the lawyer was about to arrive, and the student asked for an explanation. The leader had to come forward.

It's true that it's big or small, and it's not small.

Throughout the process, the city police understood the question, and asked the girl very seriously, "You can believe that this girl is related to a boy based on just a few photos?"

When the girl was trembling all over, her teeth were shaking when she spoke, and she choked with sobs:

"Because...because Chang Fan is very diligent, often...changing girlfriends a lot, and he helped that girl to drag the suitcase, so I...just...recognize...think they...they have it.There are relationships."

There is no real evidence, just because the boy helped the girl carry the luggage, I personally believed that the two were friends with a boyfriend.

The city police scolded him coldly, "I can't study well, what I'm thinking about all day long! Isn't it okay for my classmates to help each other? Does it matter to you?"

"How many good things are that you are thinking about, guessing, and making up big things!"

"Shu, I was wrong, I was really wrong, I don't know... I don't know..."

An Xia was also in the meeting room, hearing the words, coldly said: "You know, you know very well, because you know it!"

"I didn't!" The girl denied again.

An Xia said: "Her mobile phone has a record of sending messages, and you can find out after checking it."

The girl's cell phone is already in the hands of the city police, and the city police have read all the information in it.

Including, she sends a small group of messages.

Hearing this, the city police yelled, "No? Why do you say that without you in the group!"

"As a girl, too, she is full of such great malice towards girls! Do you need me to read out the message you sent?"

The girl's face was so horrified that there was no trace of blood.

She can still hold her mouth hard in front of An Xia, and when she comes to the city police, she can only be honest.

Tong Xiaoguan listened, and whispered, "Can you read it out? As the person involved, do I have the right to know?"

She has to let her know what bad things the sick senior sister has said to her.

The city police even used the word "malicious", which is certainly not a good thing.

The door of the conference room knocks and Chang Fan comes in.

He already knew what had happened on the way here.

Coming in with a gloomy face, leaning toward everyone

This matter started because of him, and people naturally get the chance to succeed.

The deputy dean said coldly: "Chang Fan, sit here."

He didn't let him sit next to Tong Xiaoguan and An Xia, sitting down in two places.

"The city police need to know something, you answer truthfully."

Chapter 984: Bad and good

Before sitting down, Chang Fan glanced at An Xia and Tong Xiaoguan. The moment he sat down, his eyes flashed over the girl sitting next to him, her eyes hazy.

He is trying to find a way to have a relationship with An Xia, but no, right now this kind of relationship allows the city police to act!

Good things for him!

When Chang Fan sat down, the girl's shoulders tightened more than before.

Obviously, she is a little afraid of frequent occurrences.

Chang Fan's temper is notoriously bad.

Unfortunately, it is so bad that countless girls are eager for it!

Even girls like Xie Chiyan like it.

The city police asked questions and often answered.

During the whole answering process, Chang Fan didn't have a redundant burden.

"I don't even know their names. I was staying at the Raffles Hotel and accidentally ran into them. There were some misunderstandings at the school gate. I was accomplices, so I dragged their luggage for them."

"There is no contact anymore! There is no exchange of contact information."

"If you don't believe me, you can consult the staff of the Raffles Hotel, oh, the personal butler of her hotel knows best."

Lefka Hotel, the personal butler, the city police knew that An Xia was staying in the presidential suite.

The girl who took the photo secretly regretted it.

I don't even know each other!

He didn't know Chang Fan and returned the girls to carry luggage, which is nothing like his usual style of behavior!

This matter has nothing to do with Chang Fan.

It was Anxia who asked Chang Fan to be there.

She wanted to let the students who listened next to her know that they didn't know Chang Fan at all.

Find out the relationship from the root cause.

For the city police, even if boys and girls are serious, even if it is really a relationship between boy and girl friends, it has nothing to do with the girl who secretly filmed.

Then he asked Chang Fan, "Do you know her?"

Chang Fan glanced at the girl and said coldly, "I don't know."

Really don't know!

When the girl heard this, she was shocked, "How could you not know me? I am Xie Chiyan's friend. We have met several times!"

Why didn't you know her?

Talk about panic!

Chang Fan chuckles softly when he hears "chicks".

"Classmate, can I trouble you to be normal? Xie Chiyan, I'm not familiar with you. Where did you come from? My Chang Fan has many friends, what's the matter? I have to remember all of them?"

"I'm sorry, I really don't worry about people who eat and drink. Quan treats it as charity."

It's a bit ugly, but it's true.

The girl Chang Fan and the secretly photographed girl are basically two people in the world, and they are not in the same class, so how can they know each other.

The girl was embarrassed by Chang Fan.

She really followed Xie Chi Yan to eat and drink.

The city police scolded Chang Fan, "Speak politely!"

"City police officer, why am I impolite, I have to explain clearly. She, I really don't know. She said Xie Chiyan, I have met several times."

"It's also a mentally ill. I say that it's my girlfriend every day. I don't like her model at all! The rumors have happened, and it has caused me a lot of trouble."

"In addition, the city police officer, these two photos..."

As Chang Fan said, he showed his cell phone, shook it in front of the city police, and said:

"She posted these two photos to our school forum and maliciously fabricated my relationship with the girl. I suggest you, it is better to ask Xie Chiyan over to ask."

"Perhaps, she knows who posted the two photos to our school forum."

"The girl and I are both victims. It doesn't matter if I am a man. Anyway, I don't have a good image. Anyone who knows me knows that I often change girlfriends."

"That girl is different. She is a freshman. She has a bad reputation when she first arrives at school. She will be pointed out wherever she goes."

"Since we have checked it, we will do a thorough investigation and return the freshman student sister to be innocent."

Chapter 985: In vain

A new name appeared, and the city police re-entered the small group of secretly photographed girls and glanced at the chat log again.

Ask the girl, "Xie Chiyan is in your small group of six, right."

The girl bowed her head stiffly and did not dare to speak.

Yes, of course.

But she dared not reply.

Once Xie Chiyan knew that she had confessed her, she had no good life.

She didn't say that the city police also had a way to confirm.

Ask the girl's counselor, "Teacher, look at the six girls in the small group. Are they classmates in your class?"

The counselor got up, called out the large group of classes, and compared it with the portraits in the small group.

Sigh, "Yes, they are all girls in this class."

Then let them come together.

Soon, the counselor went to call six girls over.

On the other side, Tong Xiaoguan finished listening to Chang Fan's words, and moved to An Xia to whisper.

"Senior Chang Fan dares to act and behave. The Three Views are quite upright, and he knows to speak for us."

The voice was so soft that only An Xia could hear it.

An Xiaman said casually: "It starts with him, and naturally stops with him."

"As a man, I don't have any responsibility at all. I'm in vain as a man."

She didn't press her throat like Tong Xiaoguan did, speak with an agitated voice, and directly spoke out indifferently. Everyone in the conference room could hear her.

All eyes were also looked over.

Tong Xiaoguan froze.

Brother!

Can you cover your words?

The deputy dean and department heads are here.

You can be honest!

As for Chang Fan, he smiled and said, "The school girl said it well. As a man, she doesn't have any responsibility. She is indeed a man in vain."

"Although it was said that this happened because of a sneak shot, it is also because of me in the final analysis. I will cooperate with the city police to investigate and restore this school girl's innocence."

An Xia replied, "It's fine if you know."

There is no interest at all to say a word with Chang Fan.

The secretly photographed girl was again tearing up secretly.

Chang Fan said Xie Chiyan, but Xie Chiyan would definitely not admit it.

Anyway, the sneak shot was wrong with her, but she doesn't have a forum.

The vibration of Anxia's mobile phone is a message from Tianshu.

Lawyer He Muye has already arrived downstairs and is coming to the meeting room.

An Xia put down the phone and said indifferently: "My lawyer is here. If you have anything to do, please talk to my lawyer."

The man has also got up, "My luggage has not been taken back to the bedroom, and I have not eaten dinner. I am disaccompanied."

When things came to this, I was basically sober.

The subsequent secretly photographed girls and who spread rumors on the forum were handed over to the police for handling.

This is the first time that the city police have encountered such a real girl. It is not too troublesome. On the contrary, as law enforcement officers, they are quite willing to see students bravely stand up to protect their rights.

Then he smiled and said: "Okay, we will contact you if there is anything in the future."

"Thanks." An Xia nodded and glanced at Tong Xiaoguan, who was still sitting still, "Can't afford it?"

Tong Xiaoguan didn't dare to move, "The school leader is still there, we... let's go, okay."

Anxia twisted her eyebrows.

Yeah?

After thinking about it, An Xia also sat down again.

Tianshu said, to observe how peers get along in school.

The students are in awe of the leader, well, that's right.

Just like Tianshu they feared her.

The deputy dean coughed softly.

I sigh with emotion: Freshmen who just entered university, honestly!

He smiled: "Since the city police say you can leave, go, take your luggage and go back to the dormitory to rest."

The counselor said: "Go back to the dormitory and rest, don't forget, there will be a school opening ceremony tomorrow."

Only then did Tong Xiaoguan get up.

Without the leader to speak, she really didn't have the guts of An Xia, and she just left when she talked about it.

The door of the conference room knocked again.

Chapter 986: Sorry i was wrong

He Muye, who was dressed in a suit and leather shoes with a serious expression and exuding an elite temperament, walked in.

He locked An Xia at a glance.

The assistant closed the door, and he leaned slightly to An Xia, "Hello Miss An, I am He Muye."

"Thank you." An Xia walked towards him.

She approached, her eyes cold and she said solemnly: "I hope that Lawyer He will go all out to punish sneak shots and slanderers. It is a wake-up call for all the students of Changhai University and let all students know the consequences of their casual speeches, malicious speculations, rumors and slanders."
."

"Miss An, don't worry." Lawyer He nodded.

The girl who was taking pictures could no longer hold it, crying "Wow".

"An Xia, I'm sorry, I'm sorry, I was wrong, I was really wrong!"

"Will you let me go, I'm really wrong, ooh, I really didn't know it would be so serious, I was really wrong."

She doesn't want to be punished, she doesn't want to leave the case!

No matter how ignorant she is, as a college student, she knows how serious it is to keep the case.

It is so serious that it will affect her job search.

It's a pity that it's too late to know what's wrong now.

As early as at that time, An Xia asked her to delete the photos, and there was still room for reversal.

Now that the lawyers have come over, the girls can't help but choose.

An Xia didn't even look at her, and led Tong Xiaoguan away.

Chang Fan lowered his eyes slightly.

Cover the secretly rising in the eyes.

An Xia is definitely the most difficult fish he encountered.

But this is more challenging, isn't it.

She is still a freshman, and there are still four years left in college. After he graduates, she can leave school affairs to her.

With her ability, she can definitely do more perfect.

There is more.

It is really exciting to pull such a person down the mud from the end, and follow him to hell!

An Xia, you can't escape!

It will not let you escape.

The moment the meeting room door was about to close, Chang raised his eyes slightly and looked at An Xia's back.

At that glance, it was dark, sick, and **** madness.

He didn't know, An Xia, who closed the door and left, gave a light footstep, and the corner of his mouth raised a colder and darker smile than him.

Fish, here comes.

Chang Fan thought An Xia was the big fish in his net.

No one knows, he himself is the fish in Anxia's net.

Small fish, easy to salvage.

Walking to the corner of the corridor, six girls and the counselor who had just left came to face each other.

When the counselor saw An Xia, his mood was mixed.

Look, the end of the secret filming and talking nonsense, don't think it's okay, meet a girl like An Xia, see how they end up.

To the six girls, he said coldly: "An Xia has hired a lawyer. After you go in, you will tell the truth! Whatever the city police asks, you will give it to me! Don't lie to me, the consequences of lying are even more serious!"

Xie Chiyan had already seen An Xia and recognized it at a glance.

The hostility of girls to girls is sometimes so inexplicable.

In a word, a look, an action, or the appearance and clothing of the other party can evoke hostility.

Xie Chiyan saw An Xia for the first time, her eyes were full of hostility.

More than 50 million supercars, full-body famous brands, gold medal lawyers please ask, and there is a housekeeper at home...

On the first day I came here, the whole school knew it, and the boys even said that Anxia was the most beautiful school flower in Changhai University!

Such a girl—

It's strange that Chang Fan is not tempted!

Therefore, Zhu Zhidan's inadequate success, more than a failure, she even got the wrong subject!

Chang Fan is basically dedicated to An Xia!

Seeing a group of people passing by, Xie Chiyan whispered provocatively, "You are An Xia, right, school girl, don't be too arrogant, listen to the persuasion of senior sister, and accept it when you see it."

"otherwise..."

How else?

An Xia was not interested in listening to her and left.

Xie Chiyan: "!!!"

Chapter 987: Are you scaring people?

Xie Chiyan is also a domineering temperament, more arrogant before.

It's bigger now, not so arrogant anymore.

However, today is the first time someone has been scorned like this.

For a while, his face was a little uncontrollable.

Before I changed it, I rushed to grab An Xia's hair and started to color it directly.

She endured it before her eyes.

The waves of the eyes flowed, like a smile but not a smile.

To the counselor: "The new school girl has a very personal personality."

"I'm not angry with you yet!" The counselor said with a cold face, "After entering the conference room, speak well."

"I know, don't worry, we are not three-year-olds, we all understand, we all understand." Xie Chiyan also took the arm of the counselor, smiling, without a trace of panic.

The other girls were a little flustered.

They all know that Xie Chiyan asked someone to send that post.

It all depends on how Xie Chiyan lied.

Soon, Chang Fan also left the meeting room.

Long feet, walking a little faster.

I wonder if I can catch up with An Xia, and say a few words.

An Xia hasn't caught up yet, and ran into Xie Chiyan.

The two looked at each other, Xie Chiyan's eyes were cold, and he stared at Chang Fan with hatred.

Chang Fan's face was dark.

Depend on!

It's not easy to go out, so I ran into Xie Chiyan!

Oh shit!

"Chang Fan, you wait for me." Xie Chiyan opened her mouth and said silently.

Chang Fan pressed the corners of his mouth and passed by.

He did have the idea of hooking on Xie Chiyan before, but later discovered that Xie Chiyan's father was a gangster.

The means are also black.

In the end, he chose to give up.

It's not easy to mess with people on the road.

I was found to have a hard time.

It is easier to pick those with wealthy families, those who are easy to control, and who pay attention to reputation.

On the stairs, Tong Xiaoguan asked An Xia, "What should I do next? Do you really want them to look good?"

Tong Xiaoguan knew the seriousness of the matter, but didn't really want to punish it severely.

Some can't bear it.

"Relaxed?" An Xia asked her.

Tong Xiao said, "Well, that's right, since things haven't worsened, just teach them a lesson."

"Don't really go to the end of the case, it will affect them too much."

An Xia pondered for a few seconds, and then asked her, "Do you understand Xia Guo's laws?"

...

After a few seconds of silence, Tong Xiaoguan whispered, "Who is okay to understand? I don't plan to study law."

"I just scared the girl, her behavior is not serious enough to keep the case." An Xia said lightly, the ice between her eyebrows was like a blade of ice.

"You don't plan to study the law, but you can understand it properly and take a look. Many times the truth and force cannot be resolved. The law is the best solution."

Tong Xiaoguan was dumbfounded.

Co-authored a little bit, you are scaring people!

"Master, talent, you can still play like this if you know something!"

It seemed that she really wanted to take a look.

"It's not playing, it's knowing to use the law to handle things and protect one's rights. It can also act as a deterrent. To a large extent, it reduces unnecessary trouble."

Before the replacement, Anxia usually used force to solve the problem.

Not anymore now.

She is no longer the lord of the imperial realm, and she has no privileges at all.

Now she is just an ordinary citizen of the country of Xia, and even a fighter of the country of Xia, she has to abide by the laws of the country of Xia.

It was also for Mu Chenyuan to adapt to Xia Guo.

Tong Xiaoguan's mood suddenly became more cheerful.

"Okay, it's fun to play with you. For me, the money is not yours alone. The lawyer I call here, you don't know, and the cost is naturally paid by me."

"Don't mention five or five cents, not much money."

"Not much money is how much money." Tong Xiaoguan said, "You tell me a number and let me know how expensive the gold medal lawyer's fee is."

She can only score five or five by reporting a number.

Certainly not let An Xia come out alone.

If you have money, you can't let her go out alone.

Matter of principle.

An Xia reported a set of numbers.

In the next second, Tong Xiaoguan staggered.

really-

So expensive.

But it's still going to be out.

I called home tonight to find my father and mother to borrow money.

It's dark.

On the first day of college, I had hundreds of thousands of debts.

Chang Fan's voice came from behind, "Be careful, don't fall."

Tong Xiaoguan immediately stabilized.

In front of boys, attention should be paid to the image of girls.

The two stopped.

Tong Xiaoguan turned around and looked at Chang Fan, her eyes a little unfriendly.

snort!

It's all him!

If it weren't for him, there would be nothing like today.

"Senior Chang, please stay away from us in the future, I'm scared! Please let it go."

Chang Fan smiled bitterly, "I'm sorry, I didn't expect this to happen. I'm so sorry."

After speaking, he bends down deeply towards the two of them.

It's good to admit mistakes.

There was no silly talk with the city police in the conference room just now, very serious.

Instead, Tong Xiaoguan was embarrassed to talk more seriously.

"Forget it, forget it, it has nothing to do with you, I will be bitten by a mad dog."

Chang Fan said, "An Xia just said that the matter should start from me and I should stop it. Next, I will take care of it, and it won't cause you trouble."

"We'll trust you again." Tong Xiaoguan didn't want to talk more with each other.

Standing here, say one more thing, I feel that the risk factor will increase by 10%.

As soon as I was about to leave, I heard Chang Fan said: "You didn't have dinner, did you? Don't ask me tonight, and I have the right to accompany you."

Tong Xiaoguan was so scared that he almost hugged the tree.

what?

Let him invite dinner?

Pull it down!

Chapter 989: Slap your forehead

Tang Chu didn't understand until Lin Yinya pointed to the luggage.

"Crap, I forgot to say it." Quickly picked up the mobile phone to send a text message to Tong Xiaoguan, telling that the luggage had been brought up, and they just went back to the bedroom.

"...The luggage has been brought up, and Lin Yinya is here."

After reading the text message, Tong Xiao said to An Xia, "The boy with the luggage helped us carry it up, and the Lin Yinya you know is also there."

As if thinking of something, he smiled and said, "I saw Lin Yinya come to help with a brick in her hand before."

Help with a brick in your hand?

Thinking of what Lin Yinya had done before, well, it was something she could do.

The corners of her mouth curled up, "Well, I'm not surprised that she patted a brick on the forehead."

"So awesome? Fighting hard?"

Tong Xiaoguan was surprised, she was also naughty, but she still didn't have the courage to make a slap on the forehead with a brick.

An Xia said, "It's okay."

He is a cruel master.

When did she come out of special education?

Why did it come out?

Back in the bedroom, when An Xia saw Lin Yinya, her eyes narrowed a little.

Is this the Lin Yinya she knew?

Lin Yinya in the special education institute is petite and sweet. Although her eyes are fierce, she has a good look. When she smiles, she has a pair of dimples.

Lin Yinya in front of her was covered in haze, like a flower that had withered, without any bright colors.

"An Xia."

Lin Yinya was so excited that she rushed into An Xia's arms.

An Xia said coldly: "Don't rush, stand still, and speak straight."

After half a year of each other, An Xia's majesty was still there, and Lin Yinya braked in time.

Stand still, crying motionless.

Seeing Tong Xiaoguan, Tang Chu also stared.

So obedient!

Was An Xia pretty good in school before!

"You eat, you come out with me."

An Xia didn't want to be known about the things in the special education institute.

Then go outside and talk.

Lin Yinya is honestly ready to go out.

"Don't, An Xia, you didn't have dinner, so let's talk about it after eating." Tong Xiaoguan said, and then asked Lin Yinya, "Have you eaten?"

Lin Yinya didn't answer, but looked at An Xia.

An Xia asked her, "Eat or not?"

Shaking his head, he answered obediently, "I didn't eat it."

Tong Xiaoguan caress the forehead.

It's also discriminatory in reply, so let's not play like this.

"I'll talk about it after eating." An Xia was also a little hungry, didn't eat much at noon, and had more dinner.

Lin Yinya immediately took the packing bag and took out the packed dinner in the hotel.

That action was so fast that Tong Xiaoguan and early Tang had nothing to do.

Tong Xiaoguan stayed and stayed again. Finally, he whispered, "An Xia, were you very awkward in high school? Your classmates were too obedient, too."

"Eat your meal." An Xia glanced at her lightly, and Tong Xiaoguan shut up.

Well, it must be a big blow.

The look in An Xia's eyes made her look cold, and she was also scared.

There are many kinds of packed dinners, and there is more than enough for three people.

Lin Yinya ate her head all the way without saying a word.

The whole person is very bad.

Tong Xiaoguan looked at her countless eyes.

What's wrong?

The spirit is very bad.

An Xia naturally found out. Seeing Tong Xiaoguan, he looked at it from time to time, and said Shen: "What to watch, eat."

Speaking of Tong Xiaoguan, his heart flicked.

Brother speak, be honest.

The early Tang Dynasty was also the most honest, not looking at An Xia or Lin Yinya.

The hotel's food is really delicious, as An Xia said. Tong Xiaoguan ate himself, but there was still a lot left.

There is no refrigerator. It's a pity to lose it. I want to cry, "I don't want to lose the food in the presidential suite. I have to eat it if I die!"

Fight!

Keep eating.

An Xia wiped her mouth, Lin Yinya put the chopsticks and got up.

There was a sound of Lingbu footsteps at the door of the dormitory, and someone spoke in the native dialect, "Here, mom, it's here, it's here."

Another girl in the dormitory is here.

Chapter 990: Newcomer arrived

An Xia did not understand, but Lin Yinya did.

With a quick step, An Xia whispered to remind An Xia, "A new student in your dormitory is coming."

In the six-person dormitory, only four people came, and there were two girls behind.

"?" An Xia turned to look at her.

so what?

Lin Yinya understood An Xia's eyes and said, "You, don't wait for her to come in and then go out?"

Anyway, let's meet up and get acquainted.

The freshmen came in and they went out, which was not quite appropriate.

Tong Xiaoguan "coughed" and said, "Then meet up and go out to talk?"

"It's all in the same dormitory. It's good to get to know it." This was Tang Chuye's voice. She looked at An Xia, her voice was even lower than Tong Xiaoguan, and said,

"Just now, everyone is not used to..."

Stringing all the words of the three of them together, An Xia understood what it meant.

Did not move, waiting for the new students to come in.

The new girl didn't come in right away, and checked with the father who sent her over whether the bedroom was correct.

"What's wrong, what's wrong, Dad, Mom, it's here."

The girl smiled and said that the loud voice came into the bedroom, very penetrating.

Tong Xiaoguan leaned in Tang Chuye's ear and muttered, "Living capacity is quite good."

There is an echo of the foot.

Chu Tang also touched her, "Slowly say a few words."

"Okay, okay." Tong Xiaoguan was standing upright with a deep smile, "I am waiting for new friends to arrive."

The bedroom was ajar and not closed, the door was pushed open, and a girl with a blushing face, very sunny and simple, came in.

When she walked in, the girl was suddenly cramped.

this...

Why are you all looking at her.

"You... hello, I'm Asicuo, I'm glad to meet you guys."

It is not particularly fluent in general, and An Xia is a little struggling to listen to it for the first time.

The girl is carrying a big woven bag, wearing very distinctive clothing, decorated with patterns, very beautiful.

A turquoise stone fell in front of her forehead, a small one, shaking gently with her brilliant smile.

Is an ethnic girl.

Tong Xiao watched her clothes, his eyes gleaming.

She has no other hobbies, but the biggest hobby: collecting clothes of various nationalities.

Beautiful, so beautiful!

The patterns on the clothes are all embroidered by hand.

As a social expert, Tong Xiaoguan rushed to the girl before the others hadn't reacted.

"Hello, hello, I'm Tong Xiaoguan, I'm so glad to meet you! Are you tired out when you arrive so late? Hurry up, sit down for a while, rest and rest."

As he said, he stretched out his hand to help the girl take the big woven bag on her shoulder, "Will the bag be on the bed?"

It's a big bag, it looks heavy.

With such enthusiasm, although the girls are cramped, they are not stage fright.

In addition, Tong Xiaoguan has the kind of affinity that others don't have, and Axicuo is a refreshing person, and she quickly picked up the conversation.

Said: "Not tired, not tired. We are coming by train. We will sit and sit when we are tired. We will walk when we are tired. We are not tired at all."

The bag was indeed a bit heavy, and it came loose from her shoulders, and Tong Xiaoguan picked it up with both hands, almost smashing herself on the ground.

An Xia's eyesight is quick and she has a few steps together, holding a corner of the bag firmly with her hand.

"Haha, hahaha, mistakes, mistakes." Tong Xiaoguan was embarrassed and wanted to show it. Unexpectedly, the car overturned!

Axicuo said, "I'm sorry, I forgot to tell you that it's a bit heavy."

Mainly, it is not important to her.

For girls in the city, it's heavy.

It's a hundred catties.

Turning his head again, he said to the door: "Abba, grandma, come in quickly."

Asicuo's parents do not have a daughter who is good at talking.

He didn't know what Xia Guo said, and he didn't know how to put his hands and feet when he approached the dormitory.
