

Goddess 991

Chapter 991: Rich and rich

At this time, Tang Chu also greeted Lin Yinya.

"Uncle, aunt, hard work."

The two helped to carry the luggage together.

An Xia can't be as enthusiastic as they are, smiling and saying hello, "Hello."

But Assi pointed out that his parents couldn't understand what the girls were saying, and he became even more disturbed.

Fortunately, there is an interpreter from Asicuo.

Under Asicuo's translation, I met all the girls in the bedroom.

Asicuo's mother opened one of the woven bags, took out several bags of jerky from it, and stuffed them into the hands of the girls.

"You can try the dried beef jerky at home. If you like, I will ask Asicuo to bring more."

Asicuo stood beside his mother, smiling and translating, "It's the beef that my grandma and grandma are air-dried together. The cows are also raised at home. You can try it."

With each big bag, Tong Xiaoguan smiled until his eyes narrowed.

"I made it by myself. It must be handmade. Can I taste it now? I am a carnivorous animal. As long as I smell the meat, I am full of saliva, I just want to eat it."

Particularly cheer.

Asicuo was very happy, and she was very proud that the special capacity she brought to her hometown was recognized by her classmates.

"Okay, try it. If you like it, I'll bring it again next time."

Jerky, nutritional supplement during combat.

An Xia took a sip, her eyes lit up slightly.

It's really delicious!

Smiled and said, "Thank you, it's delicious."

An Xia still has this kind of etiquette.

Asicuo was happy, and translated it to Grandma, "Ama, An Xia said it was very delicious."

After hearing this, my grandmother's face that is often exposed to the sun is very similar. She said, "I don't know if you will like it this time. I didn't bring much, so I will bring more next time."

After finishing speaking, he looked at An Xia kindly, and then spoke a long series of words very tenderly. An Xia didn't understand a word.

But looking at my grandma's expression and tone, she must have said nice things.

The costumes of the Axicuo family resembled those worn by the herdsmen she met during her last trip to the plateau.

But what was said was not like it.

Axicuo translated for grandma, "My grandma said, you are the most beautiful girl she has ever seen."

"Ama has good eyesight, An Xia is the most beautiful, Asicuo, you didn't know when you came, An Xia is now the goddess of our Changhai University!"

"The school flower that the whole school knows!"

After attending high school, Axicuo has been studying in the city, so he naturally knows what "school flower" means.

Sincerely said, "Well deserved! It is the most beautiful girl I have ever seen."

Translate to grandma again.

The kindness in my grandmother's eyes is deeper, "In our hometown, you are the most beautiful Gesang flower."

She is so beautiful, even if she doesn't speak much, she can always be seen right away.

Axicuo's father is less talkative, and because he is all girls, he doesn't know what to say.

It wasn't until Grandma told him that An Xia was the most beautiful Gesang Flower, and A Ba didn't speak.

He didn't know what Abba said, which made Asituo Langlang laugh.

The grandmother also laughed, holding her daughter's hand with deep pride in her eyes.

Axicuo smiled and said to An Xia, "My father said, you are the most beautiful Gesang flower, and in his heart, I am his most beautiful Gesang flower."

"Uncle is right." An Xia smiled and looked at the family of three. On their faces, she could see the overflowing happiness.

Tong Xiaoguan and Tang Chu also laughed.

In the eyes of parents, of course, his daughter is the most beautiful and outstanding.

Tong Xiaoguan smiled and said, "In my third year of junior high, the fattest in my class was over one hundred and forty catties."

"My mom asked me to lose weight. My dad said, "What to lose?"

Chapter 992: People come and go

Speaking of something at home, Tong Xiaoguan might say that it took ten days and ten nights.

It's all funny.

As for her, she laughed again when she said it. Before she finished speaking, Axicuo was amused by her.

Tong Xiaoguan's eyebrows were excited, and he continued to say while smiling.

"Mom was so angry that she told my dad that when I am fifty years old, Zhuyuanurun will be rich, and now at fifteen or sixteen, that's called obesity! It's disease!"

"Finally, for me to lose weight, the two of them slept in separate rooms for a week."

"Next time I will take you to my house to play, hahaha, let you see what is called dragon and tiger fight."

"Pity my daughter, she is often the victim of their battles between tigers and dragons. Poor, pitiful, pitiful."

Shaking his head and saying pity, Asicuo gave the translation to her Abba and Ama, and both adults laughed.

Chu Tang also pursed his lips and smiled.

Although her parents love to grow up, their parents are restrained temperament, not as cheerful as Tong's family.

Listening to the funny stories of the virgin father and the virgin mother, I listened very carefully.

Lin Yinya didn't say a word.

She lowered her head as she chewed beef jerky, hiding the envy in her eyes.

Her home, huh.

If there is a stepmother, there will be a stepdad.

Now, in the eyes of her dad, there are only twins, so there is no such eldest daughter.

In his words, she is now a "why not a burden to die!"

die?

No, she won't die.

Not only will she not die, but she must live well enough to get back her property!

"An Xia..."

After chewing the beef jerky, Lin Yinya whispered to An Xia, "Can we go out?"

I don't want to stay anymore.

What does the happiness of others have to do with her?

She didn't want to stand here and look at others so happy.

Seeing the haze in her eyes, An Xia put the beef jerky that Grandma gave her in the bookcase, and said to Asicuo:

"We have something to go out, you guys should be busy first."

"Okay, okay, you guys are busy." Axicuo smiled and waved.

She was generous, her smiling eyes gleaming, which formed an extremely sharp contrast with Lin Yinya.

Behind him, Tong Xiaoguan asked, "Have you not eaten dinner yet? The school cafeteria is probably out of food, or should we go out to eat?"

"No, no, we brought pancakes." Asicuo didn't even want to go out to eat.

Then he said: "I will pack my luggage, and I will send my parents to the train station later."

An Xia walked to the door and stopped again.

"Go to the train station? Anxious to go home?"

As soon as the topic fell off, I saw Tong Xiaoguan winking to himself.

Did you say something wrong?

An Xia replied that she had just said that, and she didn't think she was wrong.

Axicuo smiled and said, "Abba and grandma are not used to the outside world, and want to go home early."

"It's better to go home early, it's much more comfortable at home than outside." Tong Xiaoguan winked at An Xia again.

Stop asking, talk about your business.

An Xia: "..."

She doesn't understand what she said wrong!

OK, then she goes first.

Early Tang also vaguely guessed.

Was it because Axicuo's family was reluctant to pay for the accommodation and went home overnight?

Thinking that there are still a lot of dinners packaged back from the hotel, Tang Chu also asked Asicuo, "We still have a lot of food here, why don't you try?"

I am a little embarrassed, "However, we have moved our chopsticks too fast just now, I don't know if you will dislike it."

How could it be disgusting.

As soon as Axicuo talked to Abba and Ama, the two adults expressed their gratitude.

Now their family can save a little is a little.

The money saved is treated for Abba.

Over there, An Xia and Lin Yinya went downstairs.

People coming and going from outside the corridor, Lin Yinya didn't want others to hear her, and asked if she could go downstairs.

An Xia doesn't care anymore.

It doesn't matter if you meet once, meet again, and chat.

Chapter 993: Meet old friends

It's already dark.

University campuses are not like junior high schools or high schools. At the end of the day, everyone will go to self-study.

The campus at this moment is the busiest time.

People come and go, laughter everywhere.

There are also many people in the playground, including football players, sports runners, dancing, singing, and reading poetry and prose.

There are also people like An Xia and Lin Yinya who sit and chat.

After the two sat down, Lin Yinya did not speak again.

An Xia didn't have so much patience to wait.

Fucked his brows and asked, "Don't you? Sit with me?"

"No, I want to say too much, I don't know where to start." Lin Yinya buzzed.

My throat seems to be blocked, and I don't know where to start with a thousand words.

An Xia said indifferently: "From what I said when I left the special education."

"good."

She was obedient. Lin Yinya really started talking about Anxia's departure from the special education.

"After you left, everyone in our class became uneasy and wanted to leave. Huang Yiqi was the most violent. She wanted to trouble you after she went out."

Speaking of Huang Yiqi, Lin Yinya's eyes flashed with hatred.

"Shang Yujia, Fang Siling, I, the three of us also want to leave, but it's impossible for the family to come and pick us up, we just wanted to escape."

"Unexpectedly, Huang Yiqi was very active in making plans when she first started."

"As a result, until the night to escape, she informs!"

"That Wu Wenyue, less than ten days after you left, she is back again."

Wu Wenyue, a fake instructor.

It was miserable by An Xia.

"How did you get back?" An Xia asked, "Didn't the Chief Instructor Zhang fire her personally?"

Lin Yinya sneered, "What was expelled, there was nothing at all, it lied to us."

...

An Xia laughed, "It seems that I have a lot of face, and let the surname Zhang lie to me."

"The surname Zhang itself is not a good thing. If it weren't for you to be great and shock him, I still don't know what to do with you." When it comes to Chief Zhang instructor, Lin Yinya doesn't have a good face.

"Huang Yiqi found him and told him that we were going to escape. The three of us are so stupid. There is no doubt that Huang Yiqi is a bastard."

"On the night of the escape, Huang Yiqi did not show up after eating."

"We didn't think too much. We waited until around one o'clock in the morning. She hadn't come back. We made an appointment to escape at one and a half. Without waiting for her, we left."

"Oh, we still blamed ourselves on the way, saying we didn't wait for her."

"The results of it."

Thinking of that night, Lin Yinya's eyes were bloodshot, and the hatred in her eyes was as thick as a haze.

"She took Zhang Zongjiao and Wu Wenyue and waited for us to join the snare."

An Xia's impression of Huang Yiqi is not particularly good.

Hearing this, he said indifferently: "She can do this kind of thing, and it's normal."

At that time, Lin Yinya and the three of them were afraid to fight her again.

Only Huang Yiqi, knowing that she can't beat herself, teamed up with the boys to try to fix her.

In the end, she was kicked down the ravine and spent the night in the ice and snow.

This kind of person is very vengeful, yet incapable, so he dared not make a move by himself, and tried his best to hold other companions.

So something happened, and he ran away quickly.

Lin Yinya and the others conspired to escape with her, and they really did not live or die.

"We were arrested, and she, based on this incident, Zhang Zongjiao Zong, Wu Wenyue remembered that she had a great success."

"Finally, based on this incident, Huang Yiqi was also picked up by her family one and a half months after you left."

"And the three of us were so painful to be taken care of by Wu Wenyue, we almost didn't even have the courage to live."

"My stepmother originally didn't want me to go home, so she used the topic to show that I must retaliate against the three of her mother and son when I ran home."

"As soon as my dad heard this, he immediately paid a sum of money to the special education office and asked to send someone to keep an eye on me 24 hours a day."

Chapter 994: The whole network was brutally human

Lin Yinya has always wanted to leave the special education center.

So, it was the ones who performed well in the end... No, it should be said that the one with the best disguise.

Unexpectedly, it was a good thing that Huang Yiqi was ruined.

It's no wonder that when Huang Yiqi is mentioned, the hatred is not hidden in his eyes.

An Xia listened quietly, without interrupting.

She is not an old-fashioned temperament, she can even be called cold.

Let her think for Lin Yinya, empathize with her, and hate and hate Huang Yiqi together, An Xia really can't.

This will listen, just like listening to a story.

A story that has nothing to do with yourself.

She listened and didn't leave, it was enough to give Lin Yinya face.

Lin Yinya said all the sins she suffered during this period of time.

"You know how abnormal Wu Wenyue is. The three of us fell into her hands. Shang Yujia swallowed a button and committed suicide in the middle of the night."

"Fang Siling tied his neck with his clothes. Once he became white, it was better than being tortured by Wu Wenyue."

"and I..."

With that, Lin Yinya raised her hand and stretched her wrist in front of An Xia.

"Cut the wrist."

"Fu and Da fate, none of the three died, and all of them were saved."

"After we were rescued, the three of us were locked up in a small dark room. We only ate one meal a day. We didn't have any personal freedom, and our lives were worse than beasts."

An Xia also closed the little black room.

She also solved a few guys who wanted to kill herself in there.

It was pitch black inside, and I couldn't see my fingers, eating and drinking Lazard.

Those who are weaker in spirit can turn madness.

"After being locked for a week, our tears were all crying dry, thinking we were going to be locked up to death, the turning point was coming!"

Speaking of this, Lin Yinya's eyes, which had been as gray as death, finally had a gleam of light.

"An Xia, did you know that the special education institute was offered by someone!" She laughed lowly.

The laughter was low, but full of hatred.

Even if he has been far away from that place like a magic cave, the hatred in his heart has not diminished at all.

It's like a fire that never extinguishes, in the heart, in the soul, burning day and night.

"What a kind person, who saved us all."

"Unfortunately, I don't know the names of well-wishers."

"Otherwise, I must set up a longevity tablet to bless good-hearted people to live a long life, and good people will get good rewards."

"That night, the closed iron door opened, and countless beams of lights came in, and the people who rescued us were shocked."

Turning his head, asked An Xia, "Did you read the news of the day? It's all on hot search."

The special education institute was given, and this Anxia was still a bit surprised.

It turned out to be the end.

However, thinking about it again, it's not surprising.

A place that abuses others, suppresses them, makes people nervous, or enslaves them completely, really shouldn't exist.

The reason she was surprised was that she thought Xia Country where the special education was located was a reasonable and legal existence.

It turns out that it's not.

"The three of us are also on the hot search. Torture, inhuman destruction, imprisonment... etc. are all reports about the three of us."

"Our family was also dug up, the personal information of our parents was exploded, and the entire network was brutally exposed to human flesh."

"Shang Yujia and Fang Siling's mother, hahaha, hahaha, they are all scared and sick."

"My stepmother was even more flogged by the entire network."

"It's all said that if there is a stepmother, there will be a stepdad. The stepmother was furious and said that it was because I was going to set her son on fire, and she couldn't bear it before sending me away."

"The result, hehe, she was miserable again."

"Because, netizens said if she didn't make a mistake first, would I retaliate like this?"

Speaking of happy things, Lin Yinya has a look on her face, "The netizens are too cute. They said that if I did this, obviously there was no way to avenge the adults, so I turned to the twins."

Chapter 995: 905 Why do you want to give birth to me

Lin Yinya not only has a look on her face, but also her eyes.

As long as the pair of dog men and women have a bad life, she is happy.

That month was the happiest day for her.

"My former classmates and teachers all stood up and said that I had good grades and obedient."

"The change started after the stepmother passed the door, and then suddenly disappeared one day, my dad ran to school and said, I ran, not going home."

"My stepmother is so scared, she doesn't even dare to come out again."

"My dad, take me home obediently, what I want, he dare not even fart."

"I only dare to say behind my back, I'm a burden who doesn't want to die!"

"An Xia, I used to laugh at you and nobody wanted it."

"Actually, I don't have anyone wanting it. My dad still hopes that I won't die."

The happiness gradually disappeared, Lin Yinya gritted her teeth, "How could I die!"

"My mother has a share in the founding of the company, so why should the junior sit back and enjoy it!"

"I must get the property that belongs to my mother, and I must never make the pair of dogs and men cheap!"

"You want me to die, no way!"

An Xia listened, thinking.

Asked her, "Where is your mother?"

"My mother..." Lin Yinya hugged her knees tightly, "My mother also has her own family, and I only met her once this time."

Only seen it once?

My daughter was almost gone, and only came to see her once.

"What did she say to you?"

"She said that when she divorced my dad, she didn't take a penny away."

"Let me study hard and take back the property that belongs to our mother and daughter."

Hearing this, An Xia sneered softly.

"Lin Yinya, you, sometimes smart, sometimes stupid."

Lin Yinya was stunned.

"What's the meaning?"

"Think about a lot of what your mother said for yourself."

Hearing the story, An Xia has not much interest anymore.

She is really not interested in listening to other people's stories.

Lin Yinya was anxious when she saw that she was leaving.

The words haven't clarified yet, what is she going to do.

Get up quickly and go to La Anxia's wrist.

An Xia took a cold look, and Lin Yinya was a little afraid of her and withdrew her hand.

In a low voice, he asked timidly, "Did you see that my mother has a problem?"

Lowered her head, her expression was more gloomy than before, "It turns out to be true, not that I think too much. My mother, doesn't love me at all, she doesn't love me at all!"

My father thought she was a burden for not going to die.

My mother doesn't love her, she is still using her.

"They don't love me. In their eyes, I am a burden who should die. I am a burden..."

The more he spoke, the lower his voice, and the whole person fell into a world with only darkness.

It is exactly the same, Lin Yinya's mental state is getting worse every day.

Hate supported her to live well.

However, the abandonment of her family left her heart ashamed, and she kept denying herself.

Constantly denying, and constantly facing, did not really cheer up, on the contrary, the more life is getting tired.

Kneeling down, she hugged her knees tightly.

"Don't love me, why do you want to give birth to me again?"

"I don't want to be born, I don't want to be their daughter at all."

"So tired, so tired, really tired, An Xia, do you think death is better?"

"Dead, turned to ashes, no longer have to face these painful things."

"My birth was a mistake. If you don't love me, why don't you choke me to death when you gave birth to me."

"An Xia, I'm so tired... I'm so tired. Why give birth to me, why, why..."

The voice was choked.

Lin Yinya cried.

An Xia didn't leave, and stood beside her without moving for a long time.

Chapter 996: Love yourself

Until Lin Yinya was crying low, she opened her mouth and slowly said: "Then, love yourself."

"Treat your parents as strangers and love yourself."

The real Xiao Anxia had similar experiences to Lin Yinya.

The only difference is that she is protected by her birth mother, Ye Mengwei.

And Lin Yinya.

Both parents want to abandon her.

"How do I love myself? I want to love myself too, but it's too difficult. I can't love myself, I will only despise myself for being incompetent."

"Perhaps, it was a better choice to die in a special education center at that time."

"Lin Yinya." An Xia called her name.

The girl with her knees raised her head and looked at An Xia who called herself.

"Don't care about those who don't love you, let alone deny your incompetence because of them."

"It's actually very simple to love yourself. You live for yourself every day you live."

"Don't think too much. Sleep well at night, wake up during the day, and run with the sun rising and sunset. It's that simple to live."

Lin Yinya stared at An Xia blankly, and muttered, "Every day I live is for myself... live?"

"Yeah." An Xia said indifferently, "I am almost like you, and I am also disgusted by my biological father. I am also sad and sad, but I will not lose myself for this."

"I just want to live well, the more he wants me to die, the more exciting I live."

"It's not me who is tortured in the end, but the people who want me to die like that, but they can't help me."

"It's fine for you to live, and to live is the greatest revenge against your stepdad and stepmother."

"I guess, your stepdad and stepmother are very upset when you are admitted to college."

Lin Yinya wiped away her tears, "Yes, very unhappy! My stepdad still called secretly and said I was cheating."

"The investigators checked the surveillance overnight and confirmed that I did not cheat."

"As a result, he still didn't give up, and called again to say that I must have a problem getting into college."

"The investigator called up my previous test scores again and found that my performance in the college entrance examination was worse than usual."

"Later, they warned my stepdad that he would report maliciously again and call the police to deal with it."

"Oh, he thought he was hiding it tightly, and he was dug up by netizens with magical powers. Some netizens sent him papers."

"You reminded me that I really want to live well, the better, the more uncomfortable they are."

"The more uncomfortable they are, the happier I am."

An Xia said: "Wait for you to live very well, these people are dispensable to you, and it is impossible to affect you anymore."

"No, I will have to go back and watch their jokes when the time comes!" Lin Yinya gritted her teeth, "I want them to regret and abandon me!"

After all, I still care about the views of my parents.

An Xia didn't have the thought of persuading anymore.

Live first, let's talk about other things.

It's been almost an hour since I came out, and I can almost go back to the bedroom.

"Anything else? Nothing to go back to the bedroom."

A story is a difficult situation in life for Lin Yinya.

For An Xia, it's nothing but the world.

There are people who live more bitterly than her.

Lin Yinya saw An Xia being so calm, but she was disappointed, "You... why aren't you surprised?"

"?" An Xia replied with a look of 'you have a problem' and walked away.

surprise?

She was a person who died once, what was she surprised?

Compared with her, Lin Yinya's experience is like a light rain hitting a torrential rain, which is not enough to see.

An Xia didn't want to talk to Lin Yinya anymore.

On the side, someone called her in surprise, "An Xia."

Chang Fan is wearing a basketball uniform.

Chapter 997: A good person is safe forever

An Xia, a freshman at Changhai University, was ranked first on the first day of admission.

Chang Fan, a junior at Changhai University, a celebrity on the old list, a representative of Gao, Fu, and handsome.

Moreover, he is unruly and rebellious, lingering in thousands of flowers, and he never needs to take the initiative to flick and pick flowers. There are countless beautiful girls thrown into his arms like moths into the fire.

As arrogant as he is, he is not the kind of tall, rich and handsome who never refuses to come, with a very picky and poisonous vision.

If a girl can be in his eyes, either she is pure and pleasant, she is **** and gorgeous, or she is a little girl, all beautiful.

There are more girls in their arms, and Changfan has become more critical and disdainful of actively interacting with girls, let alone talking to girls.

But now!

The sun comes out from the west!

The players on the basketball team were stunned.

Oh grass!

Big news!

Chang Gongzi took the initiative to talk to the girl.

Anxia, the new born of 50 million sports cars!

He took the initiative to speak to her!

"Master Chang, something is wrong with you."

"Chang Gongzi, do you want to introduce us to know each other?"

"Beauty, Chang Gongzi, you have taken the initiative to talk to beautiful women for an unprecedented time. There are many situations!"

...

A few people say you, I say, Chang Fan is not annoyed, and scolds them with a smile, "Go on, don't be an eyesore."

Lin Yinya stood beside An Xia, looking at the boys' eyes, very disgusted.

She hates men!

Old ones, little ones, little ones, all annoying!

"An Xia, let's go." She said coldly, thinking about An Xia's departure.

He stretched out his hand halfway and withdrew it quietly.

I almost forgot that An Xia didn't like physical contact with people.

An Xia didn't leave this time.

The fish in front of me, although small, is also a stepping stone.

Whether it's good or bad, she has to try it.

He asked him with a faint expression, "What's the matter."

"No... it's okay." In front of An Xia, the unbeatable Chang Gongzi looked very nervous.

I was so nervous that I was always stunned.

An Xia said, "Are you a little stuttering?"

As soon as the voice fell, everyone burst into laughter.

"Hahaha, Lord Chang, you are a little stuttered."

"Oh grass, I just learned that Lord Chang is stuttering today!"

"Today's joke, Lord Chang is a stammer."

...

The boys on the basketball team are very familiar with Chang Fan. They are not like others, and they don't dare to talk to Chang Fan.

Well, rich and handsome, rich, it doesn't matter if you go along.

You know, he raised his hand casually, a little leaked between his fingers, enough for them to eat for a year.

Chang Fan was embarrassed and annoyed by the boys talking, "Go on, let me go, the limited edition basketball shoes, no more!"

"Enough!"

"Get out now."

"School girl, Chang Gongzi is a good person, and a good person is safe in his life."

"Chang Gongzi, come on! I'm optimistic about you."

...

Go quickly.

Chang Gongzi took the initiative to hook up the elementary school girls, they didn't leave, they kept the quilt!

Well, there are also basketball shoes, which are very important and cannot be without.

Several people smiled and hugged and left, still a little reluctant to go, turning their heads one step at a time.

And discuss, "Sister An Xia, kill those girlfriends of Chang Gongzi in seconds."

"Cut, did those girlfriends count as girlfriends in the past? Just for fun. This one is different."

"It's really different. It's the first time I saw Chang Gong take the initiative to talk to the school girl."

"It can only be said that the family is right, the appearance is online, and the son of Chang is a mortal, how can he avoid the vulgarity?"

In terms of language, there is no more frivolous treatment of Chang Fan's girlfriends before.

Very serious, dare not talk nonsense.

Who dares to talk nonsense!

Secretly photographed her, was directly called to the police by her, and also found a gold medal lawyer to come over, this strength is awesome!

Never offend a student!

Respect, stay away!

Chapter 998: More haste less speed

When the boys walk away, Chang Fan is holding a basketball, just like a young boy with a hairy head.

Seeing the girl I like, I want to show my best side, but because of anxiety, my limbs are stiff and I don't know what to do.

After a few shots of the basketball on the ground, Chang Fancai whispered: "Don't pay attention to them, they are just like this, their mouths are broken."

He asked in a particularly anxious manner, "You, you are not angry. You have to be angry, I am now, I will ask them to vent your anger!"

Just as he spoke, Lin Yinya snorted coldly.

"hypocritical!"

All men are just as hypocritical!

What's nervous.

What to be afraid of.

What excuse me, they are all used to confuse girls!

Then he said to An Xia: "You care about him now, and you will definitely meet him every day."

Speaking of the depths of Chang Fan's eyes, the color passed by.

There is a little more irritation.

Oh shit!

The people around An Xia are so **** harder than the other!

As early as An Xia walked to the playground, someone on his side saw her and reminded himself.

Waiting for the two of them to finish talking before he appeared and greeted him by chance.

When he saw that it was not Tong Xiaoguan, he was still secretly happy.

I thought I could finally talk to An Xia alone tonight, and took her into the circle by the way.

The results of it.

Here comes a girl who is more difficult than Tong Xiaoguan!

Who the **** is this?

Chang Fan, with a calm face, retreated, pretending to be embarrassed, and apologized in a low voice, "I'm sorry, I'm bothering you."

"Knowing it's an interruption, why don't you leave without knowing it?"

Lin Yinya didn't have a good word, sarcastically, "I was embarrassed in my mouth, and people stayed still, which shows that you are duplicity!"

!!!

Hit the nail on the head.

An Xia felt that if Lin Yinya continued speaking, Chang Fan, the little fish who didn't know if it was a problem, had to run away.

Indifferently said: "Me and him, have met."

"I know you have seen it before, huh, if it weren't for him, would you still need to ask a lawyer to come over?" Lin Yinya became paranoid, and no one's words worked well.

She mentioned it, and Chang Fan took the opportunity to get involved again, "That incident is indeed my fault."

"I didn't expect that it was just carrying a piece of luggage and causing such a big trouble."

"I will definitely handle this matter properly."

Lin Yinya quickly went back, "Heh, wait until you handle it. I think that Xie Chiyan is not an easy character. I'm afraid you won't be able to handle it well at all."

An Xia rubbed her eyebrows.

Some regrets, after hearing about the establishment of Tianshu, I have more contact with my peers.

Contact with people of the same age will only affect her speed at pulling the sword.

Headache.

"So many words? Don't leave?" An Xia glanced at her, her voice was slightly cold.

Lin Yinya was still a lunatic, after hearing the words, she honestly said "Oh" and stopped talking.

Chang Fan narrowed his eyes slightly.

The tone is so familiar, the two have known each other before?

If you knew each other before...

I have already begun to have other plans in my heart.

Zheng Chou has no way to understand An Xia's family background, so let's start with her.

An Xia often said indifferently: "Let's go."

"Okay, see you next time."

Anxiously unable to eat hot tofu, Chang Fan didn't think about making an appointment now.

They are all in the same school, and An Xia is already a celebrity in Changhai University. He can keep track of her dynamics at any time.

As long as you know what's going on, don't be afraid when you don't meet.

Watching the two pass by, Chang Fan put out a certain sneer on his mouth.

"Chang Xuechang..."

There was the voice of a pretty girl coming from one side.

She is a girl dressed in British style, wearing a pleated check skirt and long hair cape. She looks at Chang Fan with a smile in her eyes.

Chang Fan glanced at her blankly and left.

Chapter 999: Vulgar

With An Xia, these girls are unbearable.

I thought I could catch him if I looked a bit handsome, but I didn't want to think, are they worthy?

Seeing money opened up, I wished that the sparrow would turn into a phoenix, pretending to be pure and in fact, it was more waves than anyone else!

Wanhua has always multiplied through it, and his vision is still very poisonous.

He only has to glance at what kind of girl, he basically knows what kind of girl it is.

Playing pure in front of him, playing tricks, and looking for death.

The girls are so embarrassed.

Anyhow, she appeared in his bureau several times with Xie Chiyan. Didn't she recognize herself with the expression just now?

He even blocked himself in the bathroom before, saying that she Xie Chiyan is sensible!

man!

There is not a good thing!

Meet a more beautiful girl, immediately turn your face and deny you!

The girl stared at Chang Fan's back, her eyes unwilling.

The girl he took the initiative to talk to just now was An Xia, a freshman who drove a sports car worth more than 50 million into the campus, so high-profile, there must be a problem!

Is it possible that the woman is a sea king?

Guys driving a sports car hook?

The girl thought to herself, and immediately informed Xie Chiyan.

Xie Chiyan is upset!

After reading the text message, his face was gloomy.

It's An Xia again!

Why is it her again?

Is it possible that Chang Fan really fell in love with her?

After the voice was connected, Xie Chiyan asked coldly, "Are you sure that Chang Fan took the initiative to speak to An Xia?"

"Can I lie to you?" The girl said in a tone of embarrassment for Xie Chi Yan, "This Chang Fan is too much! Chi Yan, you have to find a way to succeed."

"There are so many vixen, I don't know one day I will hook Changfan's soul away."

Xie Chiyan spoke for a while, "I see, I will take you out to play next time."

After speaking, I will end directly.

The girl's irritation that Chang Fan ignored was dissipated by Xie Chiyan's sentence "Take her out next time".

Xie Chiyan's friends are all rich masters. Since Chang Fan doesn't look down on herself, she doesn't run into a wall either.

With Xie Chiyan, she is not easy to shoot.

It is better to have another Pan Gaozhi.

And the other side

Lin Yin Yaweng said, brainwashing An Xia all the way, "You don't have much contact with Chang Fan, this **** is not a good person."

An Xia laughed.

Asked, "Do you and I look like good people?"

...

Asked Lin Yin Yaka shell.

She and An Xia, um, are really not good people!

wrong!

There is something in Anxia's words.

"What do you mean by asking that."

Lin Yinya asked.

"It's not interesting, it just feels that the days of the student party are too boring. Wouldn't it be fun if two people are not good people competing together?"

"You..." Lin Yinya instantly understood An Xia's meaning.

She, who was still very resistant, became very interested.

Nai couldn't help being excited, and asked in a low voice, "Do you want to play with him?"

"Any problem?" An Xia asked with a chuckle.

Lin Yinya quickly replied, "No problem! Of course there is no problem!"

"Aren't these guys very playful? Then we play with them, there is nothing wrong with them."

When it comes to playing with boys, Lin Yinya is very interested.

An Xia glanced at her with a smile, "I play it, not you."

"I know, I will cooperate with you." Lin Yinya finished speaking, pondered for a while, and then said: "He will definitely ask you."

"I will first inquire about you from the people around you, such as Tong Xiaoguan and Tang Chuye, then you have to tell them to do it, so as not to spoil your good deeds."

An Xia said, "If I said, would he ask you about me first?"

???

"Me?" Lin Yinya pointed at herself with a look of stunned expression, "Isn't it possible."

"How can it be impossible? I met you first. With Chang Fan's skill, I guess he will look for you as soon as possible."

That said, it seems that there is such a possibility.

Chapter 1000: Hateful and careful

Lin Yinya was stunned for a moment, and then said with a serious face:

"What you ask me to say, I'll just say it."

An Xia said, "It doesn't matter what you say."

Lin Yinya cautiously said: "Then I have to think about it. First of all, I definitely can't say that you are from Anyang."

Every sentence of her answer surprised An Xia.

Slowing down, An Xia asked her, "The relationship between you and me is not so good that you have too many common topics."

It means that the relationship between her and Lin Yinya is not so harmonious.

What they did to Xiao Anxia is really hard to forget.

Lin Yinya was silent for a long time before she whispered: "I thought, we barely count as friends."

"We have indeed done too much to you before, but isn't it all over?"

"You are the connotation, I am careful, and hold grudges." An Xia went back not very politely.

"No, no." Lin Yinya replied quickly, "You are an adult and don't care about a villain, otherwise, you would have been rude to us long ago."

Actually, I'm not polite to Huang Yiqi.

An Xia replied with a smile, "I, I'm really careful and grudges."

The mind of the Lord of the Emperor Territory can accommodate the world, but small, sesame-sized things can be remembered for a lifetime.

Lin Yinya was frightened and frustrated.

Panicked and asked, "Well, did you not forgive me yet?"

"What do you mean." An Xia dangled her, deliberately not giving a true answer.

Saying that you don't forgive, for her, it's just a small incident.

But as far as Xiao Anxia is concerned, it is indeed a nightmare existence.

She really couldn't forgive Lin Yinya and the others for Xiao Anxia.

Some injuries go deep into the bones and cannot be healed for life.

Xiao Anxia was lured to the rooftop by them and almost fell off, which must have left a great psychological shadow.

Therefore, she really has no way to forgive Xiao Anxia.

In Lin Yinya's eyes, the light that finally lit up, darkened again.

She thought that when everyone didn't want her, at least, An Xia would take care of herself.

Unexpectedly, even An Xia didn't want to care about her.

With a miserable smile, "I found myself really failing. I can't get anything, I can't have anything."

"It's really a bit of a failure." An Xia didn't want to coax her and comfort her.

Some people just need to give some color to float immediately.

Lin Yinya is such a person.

Faint, cool, and continued, "You want to get it, but you never pay. Then, on what basis can you get what you get."

"You don't have to say miserable in front of me, you really want to say miserable, they all came out of the special education institute, and everyone is just as miserable."

"But I am different from you now. I am not miserable anymore and get everything I want little by little."

"Take care of yourself, always think that you are more pitiful than others, but there are more poor people in this world than you."

"Lin Yinya, I and you are just a short intersection. You don't have to think of me as a light that can redeem you."

"I am not a light. On the contrary, if you do something that disgusts me, I will be your disaster instead."

The last sentence is advice and warning.

Lin Yinya is extremely unstable.

One second may be your friend, and the next second may be the enemy who stabbed you in the back.

Even if she said so much to An Xia just now, An Xia never regarded her as a friend.

Chang Fanzhen is looking for her, whatever she says.

Her so miserable family background made Chang Fan think that he had a chance to win.

Lin Yinya's face was as pale as paper.

Whispered, "Why don't you believe me?"

"What did you do to make me believe you?" An Xia asked back.
