

Godly Choice 1011

Chapter 1011: Dispose of

Li Yun is not very interested in Song Xi's favorability. After all, Song Xi's appearance can barely be regarded as a little beauty, much worse than Anxi Princess Tang Anxi.

Of course, Li Yun didn't care much about the degree of favorability of Lingyi Fairy...

There is no doubt that the spiritual medicine fairy is very beautiful and has a good temperament. Li Yun said that he was not tempted to be false.

But there are enough beauties around him now, and everything happens.

"Miss Song, now is not the time to be sad." Li Yun said to her: "The Song family needs you to stand up as the abbot, otherwise, the property left by your parents will be destroyed."

"I, I don't know how to do it."

Song Xi lowered his head and his eyes were red: "My father and mother are dead, and my brother has become...that, I, I am..."

Said that she cried again sadly, Shangguan Lingxian quickly comforted her.

Li Yun could see that Song Xi had a weak personality. No wonder the Song family dared to put him under house arrest. After the incident was revealed, no one wanted to kidnap Song Xi frantically.

"Xiaoxi!"

Song Changzhang squeezed a smile: "Uncle did this for the sake of the Song family. During this time, did he not abuse you? I asked you a doctor for fear that you will be overwhelmed by grief and your health will be bad. Uncle is also suffering..."

"you shut up."

Li Yun said faintly: "If you seek to seize family property and put your niece under house arrest, you have become a niece in your mouth, but you can't say it well."

"This is my family affair, why are you an outsider pointing at you?!"

Perhaps seeing Song Xi's weakness, Song Changzhang's confidence increased again, but the next moment, his stomach hurts suddenly, his internal organs convulsed with a punch by Li Yun, and he couldn't help but screamed. .

"Housework? You are a criminal offense, understand?"

Li Yun once again acted as a French popularizer and smiled lightly at Song Xi: "Miss Song, don't sympathize with her. If it is not your brother who is still alive, you may return to Song's house at any time. I am afraid that you will not be put under house arrest, but killed by your uncle. The family property is completely occupied, understand?"

Song Xi was so scared that he nodded again and again, "I, I won't forgive your uncle, I have asked to go out several times, but your people have forcibly pushed me back, me, me!"

She mustered up the courage to make a decision for the first time, but she couldn't say it to her lips.

Seeing all this, Li Qiaolan gradually understood that after today, the Song family will never have Song Changzhang again!

She knew that if Li Yun was there, he would definitely take Song Changzhang down, even if Song Xi begged for mercy!

"Song, Miss Song!"

Li Qiaolan took the initiative to stand up and pointed at Song Changzhang and cursed: "Don't believe him. This person spends a lot of money. Not only does he like to raise Xiaomi, but he also gambles. Most of his money has been thrown in the casino. Not a single shadow!"

"Bitch, you!"

Song Changzhang was extremely angry. Li Qiaolan had been with him for five years and knew a lot about him. She had known that she had dealt with this ***** secretly!

"I'm cheap? Yes, I'm cheap, but you are not a good bird!"

Li Qiaolan turned into a shrew, and counted out Song Changzhang's evil deeds one by one.

Gambling, robbing women, fighting against other rich second generations, smashing tens of millions of nights, it can be said that Song Changzhang has basically done all kinds of things that are worthwhile.

All these deeds stunned Shangguan Lingxian and Song Xi, and even the group of people who had taken refuge in Song Changzhang were eye-opening, and they looked at him like a scum.

Chapter 1012: Sent to jail

"Miss Song, do you understand your uncle's behavior now?" Li Yun looked at Song Xi with a slight smile, and said: "If you transfer the position of the Song Family Patriarch to him, I promise that it will be less than three years. Will perish, and several generations of family business will be destroyed!"

Song Xi's face turned white, and she still had feelings for the Song family.

"Well, let me make a few suggestions."

Li Yun scanned the crowd and said loudly: "Song Changzhang and a few evildoers will be arrested and sent to prison. In addition, Song Xi, you can tell the Song family up and down that you will have you in the Song family. Come to inherit, forbid Song Changzhang to have any other ideas!"

"you!"

Song Changzhang was trembling with anger, and Li Yun gave him another kick unceremoniously, kicking him three times on the spot, his head and face very embarrassed.

"Everyone who participated in the house arrest of Miss Song will stand up!"

Li Yun gave a cold cry, and suddenly more than twenty people walked out tremblingly, all of them were frightened by Li Yun's clean and neat methods.

After identifying the first evils, Li Yun unilaterally announced that the crimes of Song Xi under house arrest should be borne by these people. As long as the remaining people are wholeheartedly loyal to the Song family, nothing in the past will be investigated!

Many people breathed a sigh of relief and rushed to tie Song Changzhang and others together, waiting for Song Xi's death.

Song Changzhang rebelled against their relatives, and could no longer make any waves.

"Miss Song, what do you think of this treatment?"

Li Yun smiled slightly at the weak Miss Song, the latter's face flushed, and she said shyly: "Leave Li and Li Gongzi to deal with it."

Li Yun was speechless, "I'm not... forget it, you should say thank you."

"Thank you, son."

Under Li Yun's prompt, Song Xi recognized Shangguan Lingxian as the goddess. After seeing this scene, the Song family looked at the young lady with awe. Even Song Changzhang, who had not been crushed away, showed a bleak expression. His expression completely lost his illusion.

"so it is."

Shangguan Lingxian thought for a while before he realized Li Yun's purpose in doing this.

Song Xi has a weak personality and it is impossible to control the Song family. She can only find a backer for her to deter the Song family and let them dare not neglect themselves.

And Shangguan Lingxian herself is Song Xi's best reliance.

"Li Yun, he..."

Shangguan Lingxian figured it out. I really don't know whether to say that Li Yun is scheming or he is resourceful.

Surprisingly, she didn't really reject being used by Li Yun in her heart. After all, simply recognizing Song Xi as a god-sister can stabilize the turbulent situation in the Song family. This trick is really wonderful.

"Li Yun, thank you for everything you have done for my **** sister."

After Song Changzhang was detained, Shangguan Lingxian smiled at Li Yun Yingying, with a gentle smile, and her eyes seemed to contain autumn water, showing her pure white and holy temperament to the fullest, and she was inextricably beautiful.

Even Song Xi stayed for a while, only thinking that the **** sister was so beautiful, presumably Li Gongzi would like her.

"It's okay, let's go, let's talk."

Li Yun's goal was achieved, and his heart was happy, with Song Xi's favor, and the enquiry in the future is expected to go smoothly.

Lin Tianle looked at all of this, especially after seeing the way the senior sister smiled at Li Yun Qiao, he was even more hateful!

"This kid, got lucky!"

Lin Tianle cursed in his heart. Originally, the second brother came to Song's house with the senior sister, but the second brother had something to do, so in desperation, he could only entrust him to come with him.

Chapter 1014: Dog barking

"Ding, trigger the option event, please choose from the host:

Option 1: Step forward and give Lin Tianle a slap in the face, reward power +1000, green gift bag*3.

Option 2: Kick him over, reward power +2000, green gift bag*4.

Option 3: Let Lin Tianle lose face, the reward is to be determined. "

Li Yun smiled slightly, and said to Song Xi: "Do you know the characteristics of a housekeeping dog?"

"what?"

Song Xi, who has a weak personality, was a little flustered, and answered honestly: "The housekeeping dog... is characterized by loving barking?"

"Yes, exactly!"

Li Yun slapped his thigh, "Especially the dogs in the countryside or in the yards of the villages in the city. Once passers-by pass by, they will bark and bark. It's very stupid, just like the dog barking we heard just now."

"Uh....."

Song Xi knew who Li Yun was talking about, no matter how stupid it was. She subconsciously glanced at Lin Tianle, and then quickly lowered her head.

This means that Lin Tianle is a dog and can only bark.

"you wanna die!"

Lin Tianle slapped the table, the teacup slammed, and the hot tea splashed all over. Instead, Lin Tianle jumped up so hot. He just happened to get the teacup on his body again. Suddenly, his gown was covered with tea leaves and he was embarrassed. .

Li Yun smiled and didn't speak, but looked at Lin Tianle amused like a clown.

"I want you to die!" Lin Tianle became angry from embarrassment, his handsome face became distorted, and he was about to attack Li Yun with a roar.

"Junior Brother Lin!!!"

Shangguan Lingxian stopped him for the third time, and shouted with a frosty face, "What do you want to do? Young Master Li hasn't said a word yet, it was you who provoked him, and now I want to do it directly. When did the disciples of Tiandanmen be so rude!"

The reprimands of the master sister left Lin Tianle speechless, and his anger was forcibly extinguished.

And he had to apologize to Li Yun, Lin Tianle was going to explode!

"Well, all right, I accept your apology."

Li Yun's tone was plain, and he exposed the incident lightly.

It's okay for him to know that he was wrong. If he doesn't know what he was wrong, and wants to provoke him, Li Yun doesn't mind giving him some profound lessons!

"Ding, the host makes a choice, rewards experience value +500,000, all attributes +500, purple gift bag*1, extra reward: Shangguan Lingxian Favorability -2."

Um?

Li Yun took a weird look at the fairy doctor beside him. How did he reduce his favorability? He feels wronged, obviously he didn't do anything.

After thinking about it, Li Yun probably guessed the reason for the decrease in Faith of Lingyi Fairy.

"Junior Brother Lin, go and change your clothes." Shangguan Lingxian couldn't bear to watch him continue to be embarrassed, so he let him leave.

But Lin Tianle is now determined to compete with Li Yun, and he doesn't care about patting the gown, "Let's do it, it doesn't matter, I want to hear what Brother Li has in the end, it is worth flying to Song's house from Zhonghai City! "

Zhen Qi can clean itself, and the acquired martial artist will not get dirty without taking a bath for ten and a half days. Of course, drying clothes quickly is not a problem.

Song Xi also looked over, and she was also very curious about Li Yun who suddenly appeared.

"Actually, my purpose is very simple."

Li Yun said faintly: "I met Song Yuan last time in Zhangjiacun. I know some secrets, so I suspect that Song Xi, your brother, was not that simple at the beginning, so I want to investigate."

Speaking of her brother, Song Xi's eyes turned red again, and everything that happened in the past month made her unacceptable.

Chapter 1015: Discussion (Part 1)

"What happened back then?" Lin Tianle asked immediately: "Are you referring to the dirty things Song Yuan did at the Tiandanmen celebration, or did he later betrayed the sect and escaped privately?"

Song Xi's face paled.

These things are like a thorn, deeply pierced into her heart.

Shangguan Lingxian was kind and gentle, and immediately noticed the change in the dry sister's expression, and took the initiative to hold her hand and comforted her softly.

"It's okay, these things have passed. No matter what your brother did, he will still be your brother in front of you, but maybe... he has become a little evil."

No matter how much Shangguan Lingxian comforted, Song Yuan tried to **** her with medicine, betrayed the teacher, and slaughtered Zhangjiacun and Yongyitang.

Song Xi bit her lip, but heard Li Yun say a word.

"No, I'm not talking about these things. The purpose of my coming here is to suspect that Song Xi, your parents did not commit suicide!"

"what?"

Song Xi looked at him in surprise. What Li Yun said was so shocking that she had forgotten her sadness.

"Not suicide?"

"It's possible."

Li Yun looked at Shangguan Lingxian and asked, "Have you seen Zhangjiacun?"

"Yes." Shangguan Lingxian nodded slightly and said with a low expression: "I have been investigating there for a few days, and it is basically certain that Song Yuan is the one who killed Zhang Xing."

The descriptions of the villagers' appearances are basically the same, plus the follow-up news from Yongyitang that the murderer is Song Yuan, the former brother Song of Shangguan Lingxian!

Li Yun was a little surprised: "You haven't heard about bone ghosts and daoists?"

"Bone ghost Taoist? Who is that? Is the main messenger behind the scenes controlling Song Yuan?"

"It's a monk who can control the corpse and lift the sedan chair, and is the six magic doors!"

Everyone was shocked, and their gazes at Li Yun were a little wrong.

One is doubting his ears, and the other is doubting whether his brain is abnormal.

"Manipulate... the corpse, lift the sedan chair?"

Fairy Lingyi opened her clear spiritual eyes wide, her pretty Liu frowned, and the eyebrows were filled with confusion. How could he say such absurd things?

"Hahaha." Feng Shui took turns, this time it was Lin Tianle's turn to sneer.

"So, they didn't tell you."

Li Yun quickly figured it out. It is estimated that the village chief of Zhangjia Village was afraid of revenge by the bone ghosts and Taoists, so he deliberately concealed the matter. No matter who asked for follow-up matters, he would not disclose the original matter.

After all, whether it's a female corpse carrying a red bridge, or his grandson cheating a corpse, or smearing the whole room with blood, the corpse looks terrible, these things are too weird and strange, if it is spread out, how would the people in ten miles and eight villages treat Zhangjiacun ?

Therefore, Li Yun estimated that the village chief directly ordered the villagers not to disclose information. It was about their own interests. The villagers were also tight-lipped, so that Shangguan Lingxian inquired about another version of the matter.

"The cause and effect of the matter are like this, Song Yuan is practicing in an orchard..."

Li Yun briefly told them about Song Yuan, from his refuge in the Six Demon Sects to what he did in Zhangjiacun, as well as a sentence of crazy old things done at the Zhonghai City auction, all told them listen.

"After that, what do you want to ask?"

A series of things made Li Yun's mouth dry, and he picked up the teacup and took another sip of tea.

"Are you a lunatic?" Lin Tianle mocked unceremoniously.

Chapter 1016: Discussion (Part 1)

Li Yun shrugged and didn't want to answer him at all. Ignoring such a person is the greatest contempt.

Lin Tianle's stomach full of anger rose again.

"Six Demon Gates...Franken...Song Yuan...zombies."

Shangguan Lingxian murmured, although the expression in her eyes was unbelievable, but her reason told her that these things were true!

"No wonder Brother Song's skill has improved so quickly."

Shangguan Lingxian said bitterly, after knowing the cause and effect of the matter, she couldn't help calling him Brother Song again.

Li Yun somewhat doubted whether this pure white and holy spiritual medicine fairy had any ambiguous feelings for Song Yuan, but in relation to her previous performance of the Virgin, Li Yun guessed that she was just pure kindness.

Shangguan Lingxian's words left Lin Tianle speechless, and he couldn't explain why Song Yuan, who was only in the acquired realm, could actually kill five innate realms, and one of them was the top powerhouse in the innate consummation realm.

You must know that under the grandmaster, innate consummation is the strongest, and the grandmaster cannot come out, almost invincible!

"Then... Brother Li Yun, my parents, they..."

Song Xi bit her lip and asked, she is actually a bit older than Li Yun, but Li Yun is more mature than her in terms of character and life.

"I personally think that there will be no parents who commit suicide so easily." Li Yun analyzed: "In addition, when your parents committed suicide at the time, your brother was not convicted. He was just suspected, but he was a parent. They, why don't they take the initiative to help their son clear up the suspicion, but commit suicide directly?"

After contacting the Six Dao Demon Gates to manipulate Song Yuan, I suspect that this was what they did. The purpose was to force Song Yuan to desperate and fall into the devil's way! "

The so-called magical path does not refer to the six magical gates, but the Buddha's language to fall into the magical path, which generally refers to people becoming vicious and vicious, and the dark side of human nature is fully revealed.

Surprised by Li Yun's words, Song Xi's mind was messed up. He couldn't tell the truth from the fake for a while, but felt a dull pain in his heart.

"Sister Xiaoxi, it's okay, don't think too much, I believe my uncle and aunt will have a good time in heaven."

Shangguan Lingxian comforted her again, then turned to Li Yun and said, "Then how do you want to investigate?"

If Song Yuan's parents were really killed, then Shangguan Lingxian felt that it was necessary to return them to their innocence, and even to investigate whether the six magic gates did the things at the original celebration!

Li Yun asked, "Song Xi, can you tell me what it was like when your parents were killed?"

Describing the death of one's parents is undoubtedly a cruel thing.

But in order to make the investigation clear, it has to be done.

Song Xi tried to calm down, and said with a trembling voice: "I was still in school that day, and the housekeeper suddenly called me and asked me to come back immediately... After that, I fainted and only learned about the situation when I woke up. thing....."

When Song Xi returned home, the butler did not call the police and kept the scene.

After she entered the door of her parents' room, she found that everything in the house remained the same. Her parents' throat was cut and fell on the table, with a peaceful expression, blood shed all over the floor, and the body had been dead for the whole night, and the body was cold.

The deceased's expression was calm, and there were no signs of fighting in the house. The servants living nearby did not hear any unusual noises last night. There was Master Song's fingerprint on the sword on the table. Mrs. Song was killed by him, and then he Suicide again.

Chapter 1017: Your parents are not suicide

Coincidentally, Master Song and Mrs. Song went back to the room without dinner due to excessive sadness that night.

All the signs were added together, and the Song family did not suspect that this was a homicide. They all agreed that the old lady committed suicide because he was ashamed of what Song Yuan did.

Li Yun's face was weird: "You didn't want to call the police?"

Song Xi paled, shook his head, and whispered: "My uncle determined that he committed suicide and kept scolding my brother, and finally proposed to enter the soil as soon as possible for safety..."

Li Yun couldn't laugh or cry, "Your uncle is greedy for family property. He is anxious to frame your brother and prevent your brother from coming back to inherit the family property, so he arbitrarily concluded that he committed suicide."

Song Changzhang was really not a gadget. His brother and sister-in-law died, but he was worried about his property and even put his niece under house arrest. It is not an exaggeration to kill this person with a single knife. He was sentenced to no fixed term imprisonment, which would cost him a lifetime. Changed.

Shangguan Lingxian was also a little speechless, "At least I should invite a scorpion... it is a forensic doctor to see it. Now it is difficult to judge how the situation was at that time."

"Don't think about it, I think it's suicide!" Lin Tianle said arbitrarily.

"Suicide? I don't think it's suicide."

Li Yun shook his head, "Obviously, there is a doubt, why are they not struggling, and why are their expressions peaceful?"

"Nonsense!" Lin Tianle said mockingly: "Why is there a struggle for suicide? If it is suicide, can the expression still be painful? Li Yun, you are really stupid!"

Li Yun smiled and looked at the spiritual doctor fairy. The latter's face became solemn and said: "I am not a special artist. I don't know the difference between suicide and being killed. Generally speaking, when people commit suicide by singing, , Because the trachea is disconnected and cannot breathe, it will lead to hypoxia in the brain, unconscious struggle, expression...should also show a painful look due to hypoxia!"

Song Xi's breathing became short, and he said quickly and eagerly: "My parents' expressions were very quiet at the time. Really, if it weren't for a lot of blood, I thought they were asleep, they..."

Recalling the beginning, Song Xi was sad and speechless.

"Yes, is that right?"

Lin Tianle was slapped severely again, his expression was very embarrassed, and he concealed it by drinking tea.

"Don't talk nonsense if your brain is not good."

Li Yun said lightly, too lazy to pay attention to his annoyed expression, and said to Shangguan Lingxian: "Ms. Song was killed for the time being, but Master Song is an acquired martial artist, will there be any changes due to this?"

Shangguan Lingxian knew what he meant, frowned and thought about it, then slowly shook his head: "It shouldn't be true. True Qi is the vitality of human beings. If the throat is cut off, the body lacks the circulatory Qi. The zhenqi will also quickly dissipate to maintain the body's upgrade. After the zhenqi is consumed, the martial artist who is born and acquired will instinctively struggle like ordinary people."

Unless the person who committed suicide by cutting his throat is tied up, can the dying person stop struggling.

But even so, the expressions of suicides will still become painful and hideous.

"Senior Sister, I think this kid is misleading you!"

Lin Tianle's face was full of arrogance, and he glanced at Li Yun arrogantly, and said, "Master Song is a warrior in the later stage of the Hou Tian realm. Who can control him quietly? Even a top expert with congenital consummation is not necessarily said to be able to kill the acquired martial artist in the room without disturbing others."

Chapter 1018: Ding, teach him

This is true. Even Song Xi, who wants to find innocence for his parents and brother, shakes up, and once again doubts whether his parents really committed suicide.

Li Yun smiled slightly and said, "There is nothing impossible for a monk. Even the strong who is consummated by nature is nothing more than that in the eyes of a powerful monk."

Shangguan Lingxian fell silent, she didn't feel uncomfortable, but she was afraid of unknown power.

But Lin Tianle slammed the table and stood up and shouted sternly: "You always say monk monk, come, let me see what the so-called magic is like?! If you can't show evidence, shut up and don't be confused here. Human heart!"

Before Li Yun could answer, Lin Tianle persuaded: "Sister, don't listen to this kid, he doesn't know anything at all, and his vision is low, so he's just talking nonsense!"

A cold light flashed in Li Yun's eyes, and Lin Tianle repeatedly provoked him. By provoking him, he had already touched his limit!

"Ding, the option event is automatically triggered, the host has made a choice: teach Lin Tianle."

Lin Tianle couldn't even stand the system anymore, Li Yun stopped talking nonsense, and said coldly: "Lin Tianle, don't you want to see the evidence? Okay, let's try it!"

Looking at him with a sharp gaze, his eyes were indifferent. The powerful power on Li Yun's body made Lin Tianle's expression change.

"Try, what to try?"

Lin Tianle took a step backwards and let the congenital elder sister block Li Yun's aura like a mountain before he secretly breathed a sigh of relief.

At the same time, Lin Tianle was extremely shocked.

He is already consummated the day after tomorrow, and it stands to reason that even people in the middle congenital period will not be suppressed so much in aura!

But facing Li Yun, he actually had the feeling of facing the head of the Heavenly Pill Sect!

Like the majestic mountains and the boundless sea, Li Yun's powerful aura is just like the essence, suppressing Lin Tianle!

Li Yun said slowly: "Just try, can I cut your throat without you noticing it!"

"what?!"

Lin Tianle was so scared that he took a step back again, his face was extremely pale, Shangguan Lingxian hurriedly stepped forward to reconcile him.

Looking at him lightly, Li Yun took back his momentum, took a sip of tea, and said lightly: "Then try if I can leave a trace on your body without you noticing it, so that it can kill you in seconds. Effect."

Lin Tianle was frightened twice, and now aroused anger. Regardless of Shangguan Lingxian's obstruction, he took this special fight angrily!

"Hey." Shangguan Lingxian sighed in his heart, and could only let it go.

Furthermore, she was also a little curious, what exactly should Li Yun do to kill an acquired martial artist in a second silently!

"Are you ready?"

"bring it on!"

Li Yun smiled faintly, and said silently in his heart: "The system, using 10 million experience points, will raise my spirit skill level to intermediate!"

"Ding, experience value-10 million, the host's spiritual skill level has been upgraded to intermediate."

"With another 10 million, I will also raise my Human Emperor Heart Sutra to intermediate level!"

"Finally, use the skill pill to elevate the divine mind to a high level!"

The continuous improvement caused Li Yun's mental power to rise rapidly. He closed his eyes and started a spiritual search, and in an instant he had a panoramic view of the radius of 100 meters.

Insects, fish, birds and beasts, leaves whirling, and the noon sun outside the house is shining, Li Yun seems to smell the fragrance of flowers blooming in a small garden outside.

The whole world came alive, and within the range of Shennian's eyes, Li Yun was like a god!

Chapter 1019: Really good tea

"This feeling is really wonderful."

Li Yun slowly withdrew his spiritual thoughts, a smile appeared at the corner of his mouth, and he was very satisfied with the effect of the high-level spiritual thoughts and the middle-ranked Emperor's Heart Sutra.

In fact, he could already upgrade his spiritual mind long ago, but he was worried about his own strength to increase too quickly, so he pressed it down and made his foundation more stable.

This time, after his Spiritual Mind was upgraded to a high level, Li Yun didn't plan to upgrade again for a month to avoid making mistakes.

"Laugh!"

Lin Tianle waited for a long time without seeing Li Yun doing it. His anger became more and more. He sarcastically said: "Aren't you trying to do it suddenly when I am exhausted? Haha, this is a good way!"

"Need not."

Li Yun shook his head, sat on the chair, and said to him indifferently: "Sit down, look at me with wide eyes, concentrate, don't miss my movements."

"Hmph, even if you let the horse come here, I've said it for the second time!"

Lin Tianle didn't dare to be careless, staring at Li Yun unblinkingly, watching him slowly stretch out his finger to point at him, and then...

Hair strands fell one after another. Shangguan Lingxian and Song Xi were shocked to see a piece of Lin Tianle's head empty, like a bowl of scars, the remaining hair hanging behind his head, it was ridiculously funny!

"I!"

Lin Tianle reacted from the absent state, his pupils suddenly shrank, looking at Li Yun like a monster, his face extremely pale.

He only felt a buzz in his head just now, as if someone had smashed his head with a huge hammer, making him dizzy, unable to see, ears, and nose.

All five senses were closed, and his consciousness wandered in the boundless dark space. Just thinking about that feeling, Lin Tianle felt his scalp numb, and the chilly feeling made him touch his head.

"what?!"

Only then did he realize that his hair was missing? !

"Concession, concession."

Ignoring the horrified gazes of the three, Li Yun took another sip of tea leisurely, and exclaimed: "It's really good tea, good tea!"

The three of them were speechless and couldn't say a word for a long time.

Lin Tianle's performance was beyond the two women's expectations. In Shangguan Lingxian's eyes, Li Yun just stretched out his fingers and issued a sharp sword air to cut off her junior's hair, and did nothing else.

But Lin Tianle seemed to be trapped in a demon, and it was only a while after his hair fell on the ground that he suddenly stood up in shock.

There was a full five or six seconds in the middle, Lin Tianle remained motionless, his eyes were extremely dull, and he was slaughtered like a fool!

No, it's worse than a fool.

At least the fool would fight back when he was attacked, but Lin Tianle just now couldn't do anything!

"you you you you!"

Lin Tianle sat on the ground in fright and crawled to the door, "You are a devil, you are not a human, a monster, a monster!!"

The servants outside the door looked at him dumbfounded.

Shangguan Lingxian's breathing became a little quick, and the horror displayed by Li Yun made her wonder whether her innate mid-term strength could stop him from making a move?

"Ding, the host automatically makes a choice, teaches Lin Tianle, rewards experience value +500,000, all attributes +800, purple gift bag*1, extra reward: Shangguan Lingxian favorability degree -10.

Li Yun couldn't laugh or cry. Why did this fairy doctor's affection for her keep decreasing?

Chapter 1020: Favorability fluctuates up and down

Except for the moody enchantress of Concubine Wan Qing, Li Yun has never encountered a beauty whose favorability has been decreasing. After all, he is quite confident in his charm.

"Ding, trigger the option event, please choose from the host:

Option 1: Explain the mystery of spiritual thoughts to Shangguan Lingxian, reward white gift bag*2, and Shangguan Lingxian favorability +11.

Option 2: Ignore her, reward Shangguan Lingxian with a -10 favorability degree, and gradually reduce her favorability toward the host. "

Li Yun suddenly realized that Shangguan Lingxian is afraid of the unknown, so his favorability has been declining?

It doesn't seem right. She should be afraid of Li Yun's harsh behavior just now. To the kind and gentle Shangguan Lingxian, everyone is healthy, happy, and harmonious, so that she likes to see it. of.

So even though Li Yun was forced to shoot, Shangguan Lingxian still didn't like it.

——To put it simply, Shangguan Lingxian is a virgin, not to be ashamed of others, with a compassionate heart in his chest.

"That's probably it."

Li Yun glanced at Shangguan Lingxian. He has no good feelings for the Virgin, but Shangguan Lingxian is not the Virgin that people on the Internet despise. Those people only strictly demand others, but not themselves.

Shangguan Lingxian is different. She is kind and willing to help others.

It's just that she subconsciously asks others to be kind, which is... annoying.

"Do you know how I did it just now?"

Li Yun smiled slightly, Shangguan Lingxian blushed after being seen through his heart, and whispered: "No, sorry. I'm not asking you to tell your secrets. This is Mr. Li Yun's killer. Can't you reveal it? ...?"

"nothing."

Li Yun shrugged. He didn't mind telling the secret of Divine Mind. This thing will be known to the world sooner or later with the activities of the Six Demon Gates, and it's useless to hide it.

"You know that Sanhua gathers at the top, and the five spirits are in the prime of life, right?"

"Well, I have learned a little, but these are cultivators and have little to do with martial arts."

"There is a saying in the Taoist family that it is called primordial spirit out of the body. Similarly, Buddhism also has a similar description called Alaya consciousness."

Listening to Li Yun's narration, Shangguan Lingxian only felt shocked. It turned out that the ancients had already entered this state, but modern people didn't believe it anymore.

Li Yun finally said: "The method I used to freeze Lin Tianle just now was to use spiritual attacks to make him fall into a stun at the spiritual level, so as to achieve the effect of a second kill!"

Physical attacks may be possible for the acquired martial artist to escape, but on the spiritual level, as long as Li Yun approaches a certain acquired martial artist, it is completely the result of a spike. The opponent will definitely not unless he carries a magic weapon that specifically resists the attack of the gods. Maybe avoid it!

"Very--" Shangguan Lingxian thought about it for a moment, and said solemnly: "A magical method of cultivation, maybe divine mind can be used to treat mental trauma, such as vegetative people, lunatics with mental problems, etc.

Li Yun laughed, Shangguan Lingxian was slightly embarrassed, and said, "Why are you laughing? What I said is true!"

"Ahem, no, nothing."

Li Yun stopped smiling, gave the fairy doctor a thumbs up, and said with a smile: "I just want to say that you really deserve to be a gentleman in Xinglin, thinking about healing and saving people anytime, anywhere."
