

## Godly Choice 1051

Chapter 1051: Ding, Lingyi Fairy's Favorable Degree increases by 10

"I said." Li Yun said calmly: "The elixir is related to you, so it can be used. It happens to be two."

Song Xi nodded repeatedly, and Shangguan Lingxian understood that this was what Li Yun told her indirectly.

Nine-turn elixir cannot be used in an unlimited amount.

Master Song figured out what happened-mainly because he saw his rotting wife and was stunned. After learning that it was Li Yun who rescued him, he immediately fell to his knees and kowtow to Li Yun.

The same behavior as his daughter Song Xi.

"Okay, Song Xi has already thanked me."

Li Yun stopped talking nonsense and took out the second nine-turn elixir to revive Mrs. Song.

He once again saw the nine shadows digging into Mrs. Song's body, and Li Yun thoughtfully: "This may be the three souls and seven souls of a person. After a person died, all three souls and six souls flew away, leaving a remnant soul near. This remnant soul is the key to the memory of the zombie in the future."

The reason why the nine-turn elixir is more powerful than the recovery pill is that the elixir can pull back the three souls and six souls that fly away.

In other words, did the three souls and six souls fly to the underworld?

Does the underworld really exist?

Hades, Ksitigarbha Bodhisattva, Fudo Mingwang, these gods and bodhisattvas that only exist in legends?

Li Yun shook his head. I couldn't understand these things, and it was useless to think so much.

"Thank you, thank you Mr. Li!"

Master Song was so excited that he couldn't control himself. His memory was only when he returned to the room that night, and then he didn't know anything.

I learned from my daughter that after he killed his wife with a sword, Master Song was almost not scared to death.

After that, he and his wife turned into zombies and attacked the villagers, killing countless cows, sheep, chickens and ducks, making him even more stunned.

Including Mrs. Song, who was awakened from the resurrection, her face became extremely pale when she learned what had happened, but she was shocked by this incredible thing and could not speak for a long time.

"Ding, the host makes a choice, reward: Shangguan Lingxian favorability degree +10, Song Xi's favorability degree is full, justice value +5000, colorful gift bag\*1, additional reward: Spirit Turtle Breathing Technique."

Li Yun felt extremely comfortable.

Although there are no two elixir, but a colorful gift bag in exchange for it is also very good. It is equivalent to the colorful gift bag exchanged for two recovery pills and 20 million experience. This transaction is definitely a profit.

Spirit Turtle Breathing Technique: Elementary level, hides one's own breath to avoid being detected by divine consciousness, the current level can prevent divine consciousness search in the Void Return realm 100 meters away.

Li Yun was quite satisfied with his first spell. The Return to Void Realm was the strength level of the Sage Fanqing and the Concubine Wanqing. For the Divine Refining Realm, Li Yun could be close to within five meters, and he could hide himself.

"Ding, congratulations to the host for getting Song Xi's full favorability degree. Because the other party is not a white and rich beauty, the system rewards a small red envelope."

"Small red envelope: It contains 188888 money, and each small pill \*3."

Li Yun looked at Song Xi subconsciously. This weak girl who respected her parents was looking at her with admiration. When she saw Li Yun looking at her, the girl lowered her head shyly, and the youthful girl's cheeks were flushed. one slice.

This appearance made Shangguan Lingxian see the problem.

Obviously, Li Yun resurrected the girl's parents nearly a month after they had died, so that Song Xi could once again become a carefree girl who grew up under the wings of her parents without having to inherit the Song family's inheritance. Heavy burden.

Such kindness, coupled with Li Yun's handsome appearance, made Song Xi's love deeply rooted.

Chapter 1052: family reunion

Li Yun was very speechless. The cheating system really discriminated against ordinary beauties. Song Xi didn't look bad anymore, that is, he couldn't compare to Shangguan Lingxian and others, plus he came from a small family.

But Song Xi is absolutely white and rich in the eyes of ordinary people. The Song family spends millions on her a year, as well as all kinds of fashionable clothes and high-end cosmetics.

It is a pity that all the women around Li Yun are top wealthy daughters, not to mention the two saints of Fan Qing Sheng and Concubine Wan Qing, even Hu Xiaomeng, Su Muxin, Xia Feiyao and others are all from big families. Much better than Song Xiqiang.

The only thing Song Xi can match is Tang Anxi, Princess Anxi...

"Ahem, let's go back and talk about it."

Li Yun didn't know what to do with Song Xi for the time being. The full favorability meant that Song Xi would not like other people in the future, and would only fall in love with him in this life, and the girl could not tolerate a second person in her heart.

Song Xi nodded lightly and gave a hmm.

She quietly looked up at Li Yun's brother, and then at Shangguan Lingxian next to him.

The two of them are undoubtedly a perfect match for the gods and goddesses. Brother Li Yun has a mysterious background and possesses magical things that can resurrect people. She is just the daughter of a small family head, and she is not worthy of him at all.

But the thought of Li Yun's brother not only saving her, but also resurrecting her parents, and the scenes of constantly comforting her in the middle, Song Xi couldn't help but feel a warm current in his heart.

"Brother Li Yun... even if he can't be his wife, being a little wife, I..." Song Xi glanced at Li Yun shyly, and said silently in his heart, even if she was a child, she would still be willing, as long as Lingxian Sister agrees.

Thinking of this, Song Xi couldn't help thinking about this possibility.

Sister Lingxian was born in one of the four big families of the rivers and lakes, and she should have a high degree of acceptance for men who are small. Besides, brother Li Yun is very powerful, and the pill is even more powerful. Having a few ordinary girls is nothing.

"What good things are you girl thinking about?"

Mrs. Song, who was familiar with her daughter, immediately noticed it, her mouth was smiling, her cheeks were flushed, and her eyes were full of joy. This expression was when she fell into fantasy and couldn't help herself.

"No, nothing, Mom!"

Song Xi held Mrs. Song tightly, her eyes full of happiness, and looked at her: "Mom, it's nice to see you again! Don't you know, after I went to your grave and opened it, I almost didn't see it. Scared to death, hehe~"

"Ah, you unruly little girl, don't say so dejected, what a grave, how unlucky!"

"Hee hee, what I said is true, mom, your tomb is still mine by me~"

Song Xi's grinning words left everyone speechless for a while, and it was magical to be able to say this so easily, but the key point was that something was wrong.

Shangguan Lingxian took a deep look at Li Yun. The elixir was a real living dead, flesh and bones, and very strange, and it was enough to make a jaw drop.

If you don't see it with your own eyes, others will never believe it is true!

"Song Xi reminded me of what you said."

Li Yun said to their husband and wife: "Don't disclose the news of your resurrection for the time being, otherwise, there is no guarantee that people from the Six Demon Sects will attack again."

"Mr. Lee is thinking about it."

Master Song agreed and said: "Mr. Li and I can come back from the dead. It is a great opportunity given by Mr. Li. If others know that we are resurrected, I am afraid it will cause trouble for one."

Chapter 1053: Early Fairy

Li Yun smiled and said: "It's not that I can't say it, but it needs the right time."

No one objected, and what Li Yun said now was an order that the Song family must not defy.

Let Song Xi take her parents back first, and Li Yun and Shangguan Lingxian returned to Hexia Village to deal with the follow-up matters, telling the villagers that there are no zombies and there is no need to be afraid in the future.

After being busy until midnight, Li Yun and Shangguan Lingxian did their best to return to Song's house, and it was more comfortable to live here at night.

The next morning, Li Yun met the housekeeper of the Song family. The old man waited in front of his room. As soon as Li Yun opened the door, he bowed deeply to Li Yun without speaking, but Li Yun could feel him. Thank you very much.

"The butler doesn't have to be like that, take me to breakfast."

"Yes, Mr. Li!"

The old butler can't tell the story of the resurrection of the master and the wife, but can only express gratitude in this way.

Before going to eat breakfast, Li Yun planned to see Shangguan Lingxian, but found that she had already gotten up, and she was reading the book "The Poisonous Poison" in the small garden in front of Li Yun's door until Li Yun walked over. In front of her, Shangguan Lingxian woke up in shock.

"Ah!"

There was a blush on the delicate little face of Lingyi Fairy, "Li Yun, you are up, sorry, I was addicted to reading for a while..."

"fine."

Li Yun smiled, "It's surprising that you get up so fast."

"Actually it's not too early." Fairy Lingyi was still a little shy, and whispered: "When I was in Shimen and at home, I woke up in the morning and gave the flowers and plants first, um, that is, I went to the herbal garden to water and fertilize before I went to eat. Earlier, but now at the Song's house, it is naturally my turn to water the water."

With that said, she made a cute face, which made Li Yun a little surprised. She didn't expect the gentle and kind Shangguan Lingxian to have such a playful side.

But think about it, a tall, holy and white spiritual medicine fairy dressed in an underskirt, walking briskly back and forth in the herbal garden, taking care of the herbs that heal and save people, the beauty is bathed in the morning sun, and the fragrance of the herbal medicine is blowing. Then, with butterflies flying around, I think this picture will be beautiful and fascinating.

"What are you looking at?"

Being watched by Li Yun with a strange look, Shangguan Lingxian glared at him in an annoyed look, but she didn't have much lethality. After all, her character was very gentle, even if she was angry, she would be soft as water to advise you.

"Look at the flowers, the grass, the beauties."

Li Yun thought of the scene of Shangguan Lingxian in the herbal garden, and couldn't help saying this.

"...Hmph, I don't think you are a badass too, you will..." teased me.

Shangguan Lingxian was ashamed and hard to understand, and couldn't say anything that followed. He turned around and walked forward, and said in a flustered voice: "I won't tell you, I'll go eat breakfast."

Her heart was pounding, her pretty face was as hot and blushing as a fire, and she had only met Li Yun for less than half a month, and even only met the day before yesterday, but when we get along with him, the atmosphere is always ambiguous...

"Wait for me, Lingxian."

Li Yun chased after her and walked side by side with her, deliberately changing the subject, lest the saint-like spiritual medicine fairy be too shy.

Making Li Yun's face flushed with the gentle, kind and pure spiritual medicine fairy, makes Li Yun have a strong sense of pride and excitement, which makes him unable to extricate himself.

The ambiguity between the two continued until Song Xi appeared, during which time Li Yun didn't say anything else, but Shangguan Lingxian was always in a state of shame.

Chapter 1054: Song Yuan's problem

"Sister Lingxian?"

Song Xi saw the problem after entering the door.

Lingxian's sister has red cheeks, her eyes are circling mid-autumn, and she looks shy and shy. At first glance, she is a girl who is deeply in love. Because of her spring heart, she feels shy in her heart when she is with the person she likes.

Song Xi couldn't help feeling sad. She didn't know when she could do this with Brother Li Yun.

"Xiaoxi, you are here, sit down."

Li Yun greeted her and asked about her situation casually, only to learn that Song Xi is now studying abroad in a university, just like Su Muxin, both as a freshman.

"I am studying International Business." Song Xi looked at Li Yun expectantly: "After graduation in the future, I will go to my brother's company to work for you, okay?"

Li Yun smiled, "Of course I welcome you if you come."

"Okay! It's settled!"

Song Xi is very happy, as long as he can be with him, there will be a chance.

After the three of them had breakfast, Li Yun and Shangguan Lingxian went to see Master Song again to discuss the rest.

"The problem now is, my son Xiaoyuan..." Master Song sighed again and again, and after breaking away from the surprise of the resurrection, he couldn't help but feel sad for Song Yuan's experience.

Li Yun said bluntly: "Song Yuan took refuge in the Six Demon Sects and committed the crime of cruel killing. Although this was caused by various coincidences, I think whether it is a person from the rivers and lakes, or the country has a department. It is impossible to let him go, Song Yuan must accept trial!"

Several people were silent for a while.

Shangguan Lingxian secretly sighed for Senior Brother Song, Senior Brother Song walked into the magic way, killed at least dozens of people, and cruelly tortured Zhang Xing all night.

Although Li Yun said that his cruelty was due to the practice of sorcery, Shangguan Lingxian also knew that Song Yuan was already inexcusable.

Master Song was silent for a while, while his wife was wiping tears on the side, but could not say anything to plead.

Song Xi knew that even if Brother Li Yun had great magical powers and could resurrect the dead, he would not help her brother because Song Yuan had committed an unforgivable evil, and his sins could only be washed away by being judged!

"Oh, stop!" Master Song sighed helplessly, "Maybe this is the hurdle that my Song family can't get through. It's a great fluke for my wife and I to be resurrected. Xiao Yuan and he... let Mr. Li handle it.!"

Li Yun said: "It's not at my disposal, but the court will have to try it, maybe it will be shot directly, or it will be life imprisonment. You must be psychologically prepared."

"Brother can still be sentenced to life imprisonment?" Song Xi widened his eyes. Although he was in jail for a lifetime, at least it was better than death, at least there was still a thought.

Li Yun nodded, "Perhaps indefinitely, after all, the culprit is the six magic doors. If you surrender or report the plot, you can fight for it."

Mrs. Song hurriedly asked: "Mr. Li, what should we do? Did he come forward to let Xiaoyuan surrender? I believe that child will. As long as he knows that our couple is still alive, he will take the initiative to lay down his weapons. Leave it to Mr. Li!"

She knew that Li Yun had a close relationship with the government, and she could deal with it one or two times and strive for a lighter sentence.

"It's not that simple."

Li Yun analyzed and said: "The important thing is to see how the people of the Six Demon Sects use him. Moreover, Song Yuan now has the control of the Demon Sect in his body. Even if he surrenders, he is involuntarily involuntarily, and he has to do it at the right time."

Chapter 1055: The origin of Shangguan Lingxian's narration (Part 1)

"The right time... when do you have to wait?"

Several people looked at Li Yun, and Li Yun smiled and said, "Sometimes opportunities are not created by waiting, but created!"

"Created?"

Master Song and the others were even more puzzled. Li Yun didn't answer. He looked at the Shangguan Lingxian and asked with a serious tone: "Lingxian, I want to know what Song Yuan did at the Tiandanmen celebration, and what happened in the beginning. What happened!"

As soon as these words came out, Master Song, Mrs. Song and Song Xi all looked at Shangguan Lingxian.

Because of her, Song Yuan did something disdainful to the world, leading to a series of subsequent events.

These things can't blame Shangguan Lingxian's look, but the beauty of her beauty makes things uncontrollable indirectly because of her beauty.

Shangguan Lingxian showed a sad expression and apologized to the three Song family members.

"No, you can't blame you, Fairy Spirit Doctor."

Mrs. Song said helplessly: "Fairy, your beauty is so amazing. If Xiao Yuan went astray because he was greedy for your beauty, my husband and I would never favor him! But my two have regard for the character of our son. Still very confident, he...should not do anything like drugging."

Mrs. Song's tone hesitated and used the word'should'.

Before that, she was 10,000 who was sure that her son would not do that kind of dirty work.

But after seeing Shangguan Lingxian, Mrs. Song was shaken.

Such a beautiful and moving woman with gentle and holy temperament can indeed be called a fairy coming to the mortal world. No matter how good Song Yuan's character is, she is just a mortal. He may have evil thoughts towards the juniors who get along day and night, and want to force Shangguan Lingxian. Woolen cloth?

"Xiao Yuan, he..."

Master Song also had an idea with his wife. After seeing the beautiful Shangguan Lingxian, he thought that Song Yuan might really have done something like that, which caused the Six Demon Sects to stare at him.

If it is true, Master Song can only think behind closed doors in the second half of his life, compared to Song Yuan who taught him.

Li Yun said, "Lingxian, please tell me what happened that day. I want to hear the whole story."

He was still thinking about the golden equipment. Although Li Yun had a colorful gift bag that he hadn't opened yet, he didn't have much equipment.

"it is good."

Shangguan Lingxian nodded slightly and hesitated, as if thinking about how to tell it better. Several people stared at her for a long time before Shangguan Lingxian slowly said: "I have known Song Yuan for 10 years, he just When I walked into Tiandanmen, I was watching him on the spot..."

Mrs. Song nodded secretly. Her son had medical talents, so he had the honor to worship Tiandanmen.

Shangguan Lingxian came out of the official family and showed interest in medical skills when he was very young, so he worshipped Tiandanmen at the age of five or six.

From the time of entry, Shangguan Lingxian is Song Yuan's senior sister.

"... On the day of the celebration, many people from all walks of life came to visit, including Heavenly Sword Gate, Earth Sword Sect, Thousand Flower Parade, Qinglei Valley, Gong Family, Yuwen Family, etc., all of whom sent people to congratulate."

The strength of Tiandanmen is not particularly strong among the first-class sects, but their medical skills are so good that all the martial arts families are not willing to offend them, including some evil sects, and they are also willing to give Tiandanmen a face.

One can imagine how lively the Tiandanmen celebrations were. After the scandal broke out, it's no wonder that it spread immediately.

Li Yun heard a lot of familiar sects, Gongjia Yuwenjia, Qinglei Valley where Xia Feiyao is located, Jinsheng Pavilion of Jin Liuli and so on.

Chapter 1056: The cause of Shangguan Lingxian's narration (part 2)

Shangguan Lingxian said: "It was the evening, Zhiyin and Miss Tan Meng and I were chatting and drinking tea. The young masters and young ladies from all walks of life were also there. By ten o'clock, everyone was talking. With some distractions, this time..."

Everyone lifted their spirits, and it's time to get to the point!

"Song Yuan he..." Looking at Mrs. Song, Shangguan Lingxian said in a very complicated tone: "He stood up to persuade me to drink."

Both Mrs. Song and Master Song gave a wry smile. Why would Xiao Yuan persuade a girl to drink? Can't figure it out!

"I rarely drink alcohol on weekdays. Even if I drink it, it is just some fruit wine. I also used tea instead of wine that night to chat with everyone."

Shangguan Lingxian spoke about the incident very tactfully, and said: "Perhaps, Song Yuan came to persuade the bar because he saw the lady who was next to me drinking very happily."

Everyone didn't believe the excuse she gave.

Shangguan Lingxian paused and continued: "After that, my junior brother Shen Yuan suddenly stood up and pointed at Song Yuan, saying that he had been looking at me sneakily just now, and quietly took out a pack of white medicine from the bag and put it in. Into the wine, it is obviously unkind to pass this glass of wine to me."

Li Yun could imagine the situation at that time.

In the face of a large group of young masters and young ladies from the Jianghu school, Shen Yuan suddenly launched a trouble, such as causing a sensation. If this matter is not resolved, he will definitely not be able to get off the ground.

Sure enough, Shangguan Lingxian mentioned what happened afterwards: After some argument, Song Yuan was irrefutable and could only let everyone search their bodies to prove their innocence.

The final result was that a person named Zhou Minghui, another senior of Shangguan Lingxian, found a pack of strange medicine from Song Yuan.

Suddenly alarmed everyone present at the time.

Many people in the rivers and lakes have special skills. Some people just tasted it, and immediately judged that this is a kind of medicine that can make people tired, and the heart is surging.

Abbreviation: spring medicine.

In other words, Song Yuan's goal was to let Shangguan Lingxian drink the potion, and take it back to the room to do the grueling thing!

Coincidentally, Song Yuan's room was not far from the Sanwei Grass Garden of Shangguan Lingxian. Even if he didn't send someone back, he still had a chance to start!

"This....."

Master Song's face was extremely ugly. He had confidence in his son's character before, but now that Shangguan Lingxian said it himself, he couldn't help lie to himself again.

Song Yuan really did the kind of obscene activity that Wan Fu pointed out!

Regarding Shangguan Lingxian's words, Master Song had no doubt that the fame of Lingyi Fairy was too loud, and she was definitely not the kind of person who talked about it.

"Hey, Xiao Yuan..."

Mrs. Song also cried secretly, and Shangguan Lingxian had said these things in person, but she couldn't help but not believe it.

Li Yun asked, "Lingxian, what's next?"

"After—" Shangguan Lingxian grabbed the skirt on his knees with his fingers, and his voice trembled slightly: "Although Song Yuan loudly defended that he had not administered the medicine, the evidence was solid, and he was imprisoned by his teacher's father.

The three of the Song family's faces were gloomy, and they couldn't dispute this result.

"its not right."

Li Yun's words made Song Xi look up. Does Li Yun want to help her brother speak? Is it to make her happy?

"Song Yuan said he didn't prescribe medicine?"

"Correct."

Shangguan Lingxian looked at Li Yun unclearly, is there a problem with this sentence?

Master Song and Madam Song also looked at him suspiciously.

Chapter 1057: Suspect of Song Yuan

Li Yun frowned and said, "I'm very surprised, why didn't he say that the package of medicine is not his own?"

Shangguan Lingxian's expression became a little confused: "Is there a difference? Isn't it all the same?"

"How could it be the same, you little idiot!"

Li Yun gave her a funny look, making Shangguan Lingxian's goose egg face a touch of shame, his words were too...

Master Song and Mrs. Song looked at each other, and they could see that the relationship between Li Yun and the fairy doctor of the spirit doctor was extraordinary, rather ambiguous, but it did not reach the point of being a man and woman.

"Ahem."

Li Yun changed the subject and explained: "Song Yuan's words implied a meaning. The medicine on his body was indeed his, so he said he didn't take the medicine."

Shangguan Lingxian is still puzzled, isn't it all the same?

Li Yun looked at her with helpless eyes, just like looking at a fool with insufficient IQ.

"I mean," Li Yun explained patiently: "Song and Yuan Dynasties were carried on him for some reason-the reason may be that it was taken for you, or it could be used to treat illnesses and save people, as a strengthening and yang medicine. , In short, he just brought it.

But his younger brother Shen Yuan saw that he was taking medicine, so he stood up and said that Song Yuan had given you medicine. In fact, Song Yuan just carried the medicine, and didn't put it in the wine he gave you. "

Now Shangguan Lingxian understood, her beautiful big eyes stared up like a fool who finally understood the math teacher's lecture before reacting.

Very cute.

Li Yun's hands were itchy, and he wanted to squeeze Shangguan Lingxian's beautiful face that can be broken by a bomb, but there were still people around, so he had to give up.

"Yes, is that right?" Shangguan Lingxian asked, and the three Song family members also looked at Li Yun nervously.

"I don't know, I'm just making an assumption."

Li Yun shook his head and asked Shangguan Lingxian, "Did you check that glass of wine?"

"No." Shangguan Lingxian explained: "The effect of the drug will be diluted after it is dissolved in the water, and it will be easier to recognize by tasting the powder directly...Ah." She patted her forehead with chagrin, "I should check the glass of wine at the time. In this way, you can answer Li Yun's guess, what a pity!"

Li Yun was very curious: "Your junior brother Shen Yuan said that when he saw him prescribe medicine, why didn't you expect to check that glass of wine?"

Shangguan Lingxian blinked, "Because my second senior brother said that since Shen Yuan saw the medicine, he would just search his body directly. He believed that Junior Brother Song Yuan would not do anything like that."

Li Yun thoughtfully, "What was Song Yuan's reaction at that time?"

"Uh... it seems to be flushed with anger, and resolutely not to search for everyone. As a result, everyone's suspicion is deeper. Instead, they booed and said that they must search."

"That's right."

"?"

Shangguan Lingxian became puzzled again, and Li Yun smiled and said, "It seems that my guess is correct. The Chun medicine-or the aphrodisiac medicine on Song Yuan's body is indeed his, so he insisted not to let his body search. What was his expression after finding the Tsubaki medicine?"

"...The face is as gray as death, and I didn't speak."

"really."

Li Yun nodded, "If this packet of medicine is not his, then he should be shocked and unbelievable. His face is ashen and silent, indicating that he knows that he is now in yellow mud in his crotch, not shit... Cough cough cough!"

Li Yun hurriedly stopped, talking about \*\*\*\* and urine in front of a beautiful and gentle fairy, it was too vulgar!

"Huh~!"

Chapter 1058: The purpose is not simple

Shangguan Lingxian heard it and gave Li Yun a sullen look. No one had ever said these vulgar words in front of her, but when she thought of his inference, she couldn't help feeling anxious: "So, Song Yuan...Senior brother is indeed wronged. Is it?"

She is now very entangled. She doesn't know whether to call Song Yuan the senior, but it seems that she shouldn't call it anymore. After all, even if Song Yuan was wronged, he did torture Zhang Xing and kill Yongyitang all over his family. There are dozens of people.

"I don't know." Li Yun replied bluntly, "No matter what, he did bring the medicine, and the purpose is not simple."

Shangguan Lingxian, Master Song and others all fell silent.

Even according to Li Yun's new inference, Song Yuan's suspicion cannot be eliminated, and it can even be said that the evidence is conclusive.

Li Yun asked again: "Lingxian, besides this, are there other doubts or evidence?"

"Um..." Shangguan Lingxian hesitated, his face flushed, "A few days before this incident, Song Yuan's eyes were a little wrong when he saw me. It was different from the previous ones, and I don't know why."

As soon as Mrs. Song saw her expression, she guessed what her son's eyes were, and she couldn't help sighing again.

It seemed that her son really had a bad heart and wanted to do something to Shangguan Lingxian.

After listening to the party's Shangguan Lingxian personally uttering the scene that day, the three of the Song family remained silent for a long time.

Song Xi's mood is very complicated. Has his elder brother ever done anything to administer Lingxian's sister? Maybe it will never be found out, because the matter has become a conclusive, her brother has... unable to look back.

"Ugh."

Master Song shook his head, wiped away his tears, and said to Li Yun: "Mr. Li, what's going on in the future... it's better to come forward and ask him to stop immediately and stop killing people. What do you think?"

Mrs. Song also nodded again and again, anyway, let her son stop the murderous revenge.

"I'm afraid it's not that simple."

Li Yun looked solemn, "The Six Demon Sects have imposed control measures in the body of the second elder son. Even if he wants to stop, I am afraid the Demon Sect will not agree to it! Furthermore, Song Yuan practiced evil arts and his psychology was so distorted. If it weren't for you Appearing in front of him in person, I'm afraid it won't be effective."

The two looked at each other, what kind of horrible existence their son Song Yuan has become now?

"Let's do it." Li Yun said: "You have released the news that you have been resurrected, or if Song Xi is seriously ill, if Song Yuan still has feelings for his parents and sister, he will definitely come back. Of course, you two Still can't show up, otherwise it will attract people from the magic door."

Appearing will attract the ultimate move of the magic door.

Not showing up, and unable to quickly stop Song Yuan.

This was a very contradictory choice. In the end, Master Song agreed with Li Yun's decision.

Within two days after the news was released, Li Yun and Shangguan Lingxian lived in the Song family, waiting for Song Yuan to appear, but instead of waiting for Song Yuan, they waited for another person to come.

"Junior Sister."

"Second Brother?"

Shangguan Lingxian looked at the gentle and handsome young man in surprise, "Why are you here? Didn't you have something to go home?"

Li Yun has always looked at people. He is about twenty years old. He has a long stature and a magnificent face. His handsome demeanor makes it easy for women to have a good impression of him.

The visitor looked at Li Yun and smiled slightly: "Hello, my name is Feng Changhua."

Chapter 1059: Feng Changhua

Feng Changhua, the son of the great elder of Tiandanmen, is proficient in traditional Chinese medicine. He is very good at acupuncture and moxibustion, pulse diagnosis, and medicine grasping. He often exchanges medical skills with Shangguan Lingxian on weekdays.

"My name is Li Yun."

After listening to the other party's self-introduction and Shangguan Lingxian's supplementary introduction, Li Yun smiled faintly: "The birth is humble, and there is no school. Because of some chance coincidence, the cultivation base has just reached the initial stage of innate.

"Early birth?!"

Feng Changhua showed a very surprised look, and bowed his hand to Li Yun: "Brother Li is really talented. He didn't worship the sect of Jianghu, and he didn't have the guidance of a famous teacher, but he can have such a cultivation level. It is really embarrassing!

"Nothing." Li Yun answered casually, lightly.

This person seemed to say some compliments, but he was actually accusing him of lying.

Because Shangguan Lingxian and Feng Changhua were both from well-known and upright backgrounds, with amazing talents, and a well-known teacher who taught them from a young age, they reached the innate cultivation level after years of hard training.

But Li Yun had a humble background and no school, but he was also born!

Feng Changhua satirized him in a disguised form, either his congenital cultivation base was false, or he actually had a sect, but he refused to say it.

"Uh, that's all right, brother, hurry up and sit down!"

Shangguan Lingxian came forward to make the rounds, but Feng Changhua was reluctant and his tone became colder: "Junior Sister, I heard that you have been with Brother Li in Song's house recently, but I think it's better for you to be more careful. After all, there are very few people in this world who can break through to the innate realm by themselves!"

Li Yun shrugged and said with a smile: "I have a good talent, can't I?"

"hehe."

Feng Changhua sneered. As soon as he arrived at Song's house, he saw Li Yun and Shangguan Lingxian sitting intimately under the pavilion, drinking tea and reading, chatting and laughing in a harmonious atmosphere.

These things were originally only something he could possess. This kid had only known Lingxian for a few days, and he was able to sit and chat with Shangguan Lingxian!

"Okay!"

Shangguan Lingxian's voice was a little louder, and he glanced at Feng Changhua reproachfully: "Senior brother, sit down, Li Yun is not a mortal, he has magical powers, so don't be suspicious."

She has seen zombies, and saw Li Yun take out the elixir of the living dead, and now it is not surprising what magical things Li Yun can do.

"The magical power?"

"Sit down and talk."

Shangguan Lingxian used a commanding tone to prove that her relationship with Feng Changhua was actually quite good, otherwise she would not say that.

Strictly speaking, Shangguan Lingxian is a disciple of the head and a big sister of Tiandan Sect. Feng Changhua should call her senior sister.

Except for the son of the head, who is also the senior brother of Tiandanmen, the others are the juniors of Shangguan Lingxian.

Feng Changhua gave Li Yun a warning, and then sat down. The servants of the Song family soon came to have tea, but Song Xi did not show up because she was 'seriously ill'.

"Lingxian." Feng Changhua changed a more intimate name, "I heard that you encountered a lot of things in the Song family, did Junior Brother Lin offend you?"

Li Yun smiled slightly and took a leisurely sip of tea, as if he was not interested in the internal affairs of Tiandanmen.

After taking a look at him, Shangguan Lingxian said, "In fact, it's nothing. Junior Brother Lin just spoke too aggressively. I told him to go back and think behind closed doors for a few days."

As a big sister of Tiandanmen, she still has this right.

Shangguan Lingxian deliberately helped Lin Tianle conceal that he was beaten back by Li Yun. Li Yun couldn't help feeling, Lingxian, Lingxian, you are really a kind and beautiful girl.

But unfortunately, others will not appreciate your kindness, but will take advantage of you!

Chapter 1060: Tit for tat

Feng Changhua said strangely: "In the past, Junior Brother Lin respected you, Lingxian. Why did he come to the Song family with you once, but he spoke to you a little bit aggressively? Is it because of the Song family?"

"This." Shangguan Lingxian's expression was a little unnatural.

"hehe."

Li Yun smiled and interjected: "It's actually very simple, because Lin Tianle offended me, so I drove him away."

Shangguan Lingxian was shocked and looked at him in disbelief, but Li Yun shrugged indifferently, took another sip of tea and sat calmly!

Feng Changhua took a deep look at Li Yun, this kid is not good!

Originally, he wanted to remind Shangguan Lingxian with a side attack. It was Li Yun's appearance that Lin Tianle made Lin Tianle return to Tiandanmen alone. It was tantamount to squeezing Li Yun out and accusing him of destroying the relationship between Tiandanmen disciples.

But Li Yun told the truth directly, which gave Feng Changhua a feeling that he could not display it effectively. Shangguan Lingxian had already understood this matter. She is still with Li Yun. She must have forgiven him, or Lin Tianle. make a mistake.

"so it is."

Feng Changhua didn't want to admit his failure, his eyes flashed cold, his tone turned cold, and he said, "I don't know why Brother Lin offended you, Brother Li? You are not hesitating to bully the small with the big, and use his congenital cultivation base to make him an acquired state. Suppress and go back!"

"Uh."

Shangguan Lingxian's expression became more and more unnatural, Feng Changhua seemed to be talking about her?

She was also congenital, but she didn't help Lin Tianle deal with Li Yun at that time, but at that time, it was not a question of whether she could help or not!

Although Li Yun made some mistakes and forced Lin Tianle to kneel down, after all, he was still conceding his gambling, and Shangguan Lingxian couldn't bear it, and he couldn't take action just because of this.

"He didn't offend me." Li Yun said lightly: "Just like him, he doesn't deserve to say that he offends me. It's just that his mouth is too stinky, so I can't bear it, so I tried to teach him a lesson!"

"you!!"

Feng Changhua stood up abruptly, staring at Li Yun with a pair of eyes: "What a crazy kid! How can I look down on my Tiandanmen disciple so much?!"

"You're really right!" Li Yun snorted coldly, "If you and Lin Tianle were all cultivated in your Tiandanmen, I don't even bother to look at you guys!"

"Insult my teacher, look for death!!"

Feng Changhua was furious, and drew out the sword with a loud cry. The innate true energy gushed from the dantian, and the sword light was aroused.

"enough!!"

Shangguan Lingxian stopped Feng Changhua loudly, but after she stood up, she didn't know what to do next.

On one side is her brother, on the other side is her... good friend, neither can help, and I don't want them to be hurt by each other.

Li Yun smiled faintly, and warned her: "Lingxian, as a master of Tiandanmen, you should pay more attention to your younger brothers and sisters. Don't let your heart be softened and tolerate, just think that everyone is good, but this is impossible."

After a pause, Li Yun glanced at Feng Changhua: "Some people have bad personalities and tough methods. They won't stop because of your kindness!"

After speaking, Li Yun turned and left without hesitation.

At this time, it was the right thing to let Shangguan Lingxian think quietly, instead of pressing hard.

Looking at the back of him leaving, a killing intent flashed in Feng Changhua's eyes.

The man who appeared next to Lingxian this time was different from those before.
