

## Godly Choice 1071

Chapter 1071: Song family won't fall

As a result, Li Yun is really a saint.

"Ok."

Song Xi blushed and lowered his head and smiled shyly, "Brother Li Yun turned out to be somewhere, everywhere...Me too, it was my first kiss just now, then after Brother Li Yun and your girlfriend, come and Xiaoxi and I... Um."

After being accepted by Li Yun, Song Xi suddenly became courageous. Her conditions were not good. If she wanted to get close to Li Yun, she could only be more proactive, and could not wait passively like Sister Lingxian.

"Ahem!"

"Then... Brother Li Yun, how about I go to play with you in summer vacation?" Song Xi made a careful suggestion: "I only want Brother Li Yun to accompany me for a few days during the summer vacation. I will not ask too much. Yes, I usually stay with my parents."

Really humble to the extreme.

Li Yun rubbed her little head, Song Xi's face blushed again, and he offered his own sweet kiss.

From morning to noon, Li Yun stayed in Song Xi's boudoir, until the servant delivered the food to the door, and heard the tender voice of the young lady across the wooden door, which made the mother who was over forty years old hear it. The old face blushed.

"Miss and Uncle... They were too involved in playing!"

The servant didn't dare to disturb the two of them, and waited patiently for more than ten minutes, until the young lady screamed in surprise and calmed down before knocking on the door.

"The Song family will not fall down in the future!"

The servant respectfully bowed to Li Yun, and couldn't help being happy. Even if the lady could not marry Li Yun, but climbed to an innate master, the Song family could sit back and relax and continue to be a rich man.

...

After lunch, Li Yun bid farewell to Song Xi and set off to the hometown of Zhou Minghui, a disciple of Tiandanmen.

When he left, Song Xi, who had just tasted strange things, fell asleep deeply. For her too well, one morning was still too long, and she had to rest for several days at a time.

Facts have proved that even if you don't do the last step, there are many tricks you can play.

Based on Li Yun and Li Feng's years of training, Song Xi's experience is no less than that of the last one. In short, he is very happy and happy.

"Song Xi, Tang Anxi, Su Muxin...and Hu Xiaomeng."

Li Yun got into the taxi to the airport, thinking of the names of his confidantes next to him.

These girls are all people who don't appear often, but they have a good affection for him, or even a good affection for him.

Fortunately, Su Muxin would chat with him in the evening, and relying on the wealth of the family, a set of clothes a day, when I video chat with Li Yun at night, she would quietly put on all kinds of good-looking clothes and show them to Li Yun alone.

Li Yun has collected 23 sets of pictures of Xiaojiao's shame heart. There are all kinds of small peppers, which are hundreds of times stronger than those online celebrity pictures on the small website!

"Ahem, can't think about it anymore!"

Li Yun held his distracting thoughts, and he had just played with Song Xi all morning, but he still felt a little unsatisfactory!

When I arrived at the airport, Li Yun didn't have any other problems like the previous two times. Li Yun bought a plane ticket. After waiting for a while, he flew directly to Zhenguan Province and Xingning City.

After getting off the plane, Li Yun called Xia Feiyao.

As soon as he was connected, he heard a grumpy woman's voice from the microphone of the phone:

"You are Li Yun!"

"Yes, it's me, are you?"

"Hmph, don't contact her in the future, I will blacklist your mobile phone number and see you..."

"Senior Sister!!!"

After a lot of noise on the other end of the phone, Li Yun finally heard the crisp and sweet voice of his young wife Xia Feiyao, "Husband, husband!"

Chapter 1072: Natsuya Village

A word of husband made the senior sister next to Xia Feiyao furious again.

"Okay, where did the little Mao boy cheat me out of Qinglei Valley's little junior sister Pistachio!"

"If it weren't for my mind, I wouldn't be able to find out about the junior sister and you... Wait and see if Yao Shuangxiang won't clean up your meal!"

"Junior sister, don't call him husband, this kind of man who dare not even show his face is not worthy of your marriage!"

"Hmph, I think this heart-thief is a shameless villain, who will deceive Yaoyao, a little girl like you who hasn't done anything!"

When Li Yun heard these turbulent words, he couldn't laugh or cry, so he hired a taxi to tell the destination.

After getting in the car, Li Yun said to the senior sister: "Who said I dare not show up? I will be in Qinglei Valley soon!"

"what?"

Xia Feiyao was taken aback, "Husband, ah no, Li Yun, you are coming to Qinglei Valley!?"

It seemed that even her senior sister was surprised, Li Yun didn't hear her voice again.

"Yes, now I have arrived in Xingning City."

Li Yun's words made another noise on the other side. The senior sister named Yao Shuangxiang took the phone and said in a vicious tone: "Okay, I'm waiting for you in Qing Lei Valley, see if you dare to come, huh! "

Li Yun shrugged, "I'll be there soon, tonight... If there is no accident, I will disturb you."

"Humph!"

After leaving him with a proud cold snort, the phone was hung up.

Li Yun was not surprised either. This time he came to Qinglei Valley to meet with Xia Feiyao's family and Shimen in order to win their approval.

There is no doubt that the only way to gain recognition is to fight!

Qinglei Valley is not far from Xingning City, Zhenguan Province is located in the mainland of Huangxuan, where there are many mountains and forests, and Xingning City is the same. After leaving the city, there are full of verdant and tall mountains, which are quite rough. A sense of majestic atmosphere.

There is no direct bus from the city to Qinglei Valley, and ordinary taxis are reluctant to go to that place.

However, after Li Yun offered a price of five thousand yuan, plus his youthful and handsome appearance, which looked not like a bad guy, some drivers gritted his teeth and drove him to the suburbs.

"Brother, aren't you from the village over there?" The driver asked him, and Li Yun shook his head, "No, I went there to find someone. Is there a village nearby?"

"Yes, Xiajia Village is there. They usually drive back to the village." The driver's tone was envious. "The village is famously rich. Every household is a small villa, and the thieves are rich!"

Li Yun thought for a while, wouldn't Xiajiacun be related to Xia Feiyao's family?

The car quickly came to Xiajia Village. Li Yun looked out the window a few times. Sure enough, every household is a small villa with unique decoration. Every household basically has a small car parked in front of the door. The villagers inside have an extraordinary temperament. It feels like Zhangjiacun—everyone is a practicing family, men are capable and strong, and women are vigorous and slender, with explosive beauty.

"It seems that the relationship between Xiajiacun and Qinglei Valley is not shallow."

Qinglei Valley is a first-rate martial art in the rivers and lakes. There is not only the Xia family in the door. In addition to the current Patriarch, Xia Feiyao's father, there are also several elders who are not small forces in Qinglei Valley, which is equivalent to saying that several families are in charge of jointly. Qinglei Valley, this situation lasted for hundreds of years.

"stop!!"

The car passed through the beautiful Xiajia Village all the way, and wanted to keep going. When entering the distant valley, a railing blocked the way.

Chapter 1073: Into the Qinglei Valley (Part 1)

"Ricky car?"

There was a small house similar to a security room by the railing, and a young man came out from it. He glanced up and down at the car, his eyes flashing with contempt.

But just in case, the young man asked slowly: "Who are you? Do you know where is ahead?"

The driver looked back at Li Yun and shrugged that he could do nothing. He had never entered Xiajia Village. This village was very famous and the villagers in it were also very arrogant. When they entered, they would have a lot of strange eyes watching. It is purely for sin to enter this village.

After rolling down the car window, Li Yun smiled slightly: "Is Qing Lei Valley ahead?"

When the three words Qingleigu were reported, the young man's expression immediately changed, and his attitude became a lot more serious: "Dare to ask if you are...?"

"Li Yun."

After a pause, Li Yun directly reported his origins, saving much trouble: "The congenital cultivation base is a patron of the palace family."

"innate!"

At this time, the young man had no thoughts of contempt, hurriedly trot out of the security booth, nodded and bowed to Li Yun with a smile: "My lord, I'll take you to Yanai. I was so sloppy just now. I also ask the lord Haihan."

"It's okay, lead the way."

"Yes, my lord, please come with me, uh, I will lead the way on an electric bike!"

The driver looked dumbfounded. He didn't understand what Li Yun said about the congenital period and Gongjia.

Diners? Are there diners in modern times?

Seeing this young man in Xiajiacun bend his knees to Li Yun, the driver suddenly realized that he seemed to be carrying an incredible guest this time!

The Ricky car entered the valley under the guidance of an electric car. Li Yun took a look at the environment here. It was about a kilometer away from the village, surrounded by mountains, and a large valley in the middle. Many ancient buildings with carved beams and painted buildings were seen from a distance. Standing upright.

This should be the first-class school of Jianghu, Qinglei Valley with double-digit innate masters and disciples all over the rivers and lakes!

Before entering the valley formally, Li Yun saw a huge stone with three people in front of him, writing three ancient seal characters: Qingleigu.

The font is dragon flying and phoenix dancing, extremely bold and unrestrained. In line with the momentum of the boulder suppressing the earth, when the driver drove under the boulder, his hands trembled slightly, and he almost ran into a group of practitioners holding swords and knives gathered in front of him.

"who?"

"Where did the car dare to drive to the gate of my Qinglei Valley!"

"Bold, don't you get off the car soon?!"

"Wait, wait, everyone!"

The young man in Xiajia Village who was riding a small electric car in front quickly jumped out of the car and shouted, "Brothers, there are noble guests in the car, don't offend!"

"Guest?!"

A tall and mighty man wearing a white gown like a gentleman sneered and took a big step forward: "I think it's a villain! Say! Are you Li Yun?!"

Everyone looked at this Ricky car with their gazes. Where did the driver ever see such a fierce fighting scene with a knife and a sword? His face was pale with fear immediately, and his hands kept shaking.

"Ding, trigger the option event, please choose from the host:

Option 1: Enter the Green Thunder Valley, reward experience value + 1 million, all attributes + 1000, blue gift bag\*5, extra reward: lofty feeling (effect: people can feel your domineering, a certain chance of shock people).

Option 2: Let the driver go quickly, reward skill: useless.

Option 3: Get off the car and apologize, reward: white gift bag\*2, intelligence value +1500, skill: sleek and sophisticated. "

Chapter 1074: Into the Qinglei Valley (Part 2)

Without hesitation, Li Yun opened the car door and walked out calmly.

Looking around everyone, he said lightly: "It's me."

At this moment, the disciples of Qinglei Valley seemed to be shocked by Li Yun's aura, and they were all dumbfounded. They didn't expect anyone to dare to be so arrogant!

"Okay, so courageous!"

"Take me a trick: spring thunder!"

A rough-faced disciple of Qingleigu immediately couldn't bear the fire, and raised the sword that had been drawn out long ago. With a loud sound, the sword was vigorously sent out. The sword was like a dragon and snake, with a strong momentum and a white sword aura. It burst out from the sword and rushed in front of Li Yun in an instant.

"Good swordsmanship, you deserve to be Senior Brother Lu, this trick "Thunder in Spring" is deep in the essence, fast and ruthless, and the momentum is thundering!"

"Senior Brother Lu is the only one who can practice "Seven Swords of Heavenly Thunder" to Xiaocheng in the Houtian Realm!"

"This kid is afraid that he won't be able to catch it with a single move, hahaha!"

The Qingleigu disciple had all kinds of thoughts in his mind, waiting with his happy eyes to see that Li Yun was defeated by Senior Brother Lu with one move!

For this man who suddenly emerged from nowhere and took away the cute and lively little junior sister, Qingleigu went up and down all in anger. Once he knew this, he was filled with indignation and rushed out of the valley to find Li Yun's trouble!

The sword light was as fast as lightning, but a finger abruptly blocked the way of the sword.

"Ding."

The crisp sound of the collision of gold and iron made everyone unbelievable.

"what?!"

"impossible!!"

Many disciples in Qinglei Valley were surprised to see that Li Yun had blocked Senior Brother Lu Xiaocheng's spring thunder thunder sword technique with a single thumb. His leisurely manner was in stark contrast with the shocked look on Senior Brother Lu's face.

"King, Gang, point."

Senior Brother Lu gritted his teeth and looked at Li Yun stubbornly, with an unconcealed surprise in his eyes: "Moreover, it is Dacheng's Diamond Finger, you are born!?"

Dacheng Jingang pointed out, congenital!

The surrounding atmosphere became extremely quiet, and the Qingleigu disciples all held knives and swords, but their auras were too short out of thin air.

"Correct."

Li Yun casually flicked, a strong force came, causing Senior Brother Lu, who was holding the sword, to retreat, and the sword in his hand trembled, almost unable to hold it away and flew out!

"My name is Li Yun, I came to visit Qinglei Valley, and I want to see Miss Xia Feiyao."

Li Yun simply reported his name and origin, and walked towards the valley, but thought of something, turned around and smiled at the driver: "Oh, by the way, driver brother, you can go, don't wait for me. ,Thanks."

The driver was completely stupid, and it took a long time to suffocate two words: "I'm Cao!"

Just now, he thought he was blind, and actually saw Li Yun use his fingers to fight the sharp edge.

The driver is not an ignorant person. When he looked at the people in the Blue Thunder Valley, he knew that the swords in their hands were shining, and they must have been opened. If they cut a person, they can definitely make a big hole!

"Brother be careful, I won't accompany my brother!"

After shouting, the driver drove away in a hurry, and staying there was afraid that it might arouse the anger of the group of people with the murder weapon, and their wheels would all be chopped off.

Senior Brother Lu, who was awakened by the driver's shout, hurriedly stepped forward and stood in front of Li Yun: "Stop! Even if you are born, you must follow the rules when you come to my Qinglei Valley!"

"What's the rule?"

Li Yun stopped.

"Huh, it is forbidden to enter the valley without notification, just wait here!"

"Yes, waiting for us to report!"

"What's so great about Innate, our big brother is also innate!"

Chapter 1075: Let's go together

Li Yun smiled faintly, "Let's do this, I won't hide and tuck, you just go up, who can block me from a step, I will turn around and leave immediately, there is no difference!"

I'm Cao!

All Qingleigu disciples were shocked.

They have seen many arrogant people, but they have never seen such an arrogant one.

One wants to challenge all the young disciples of a first-class school? !

how is this possible!

"Look for a fight!!!"

Senior Brother Lu was trembling with anger. He didn't talk nonsense, and he stabbed with his sword. This time he almost exhausted his whole body's qi. The sword light on the sword soared, like a white horse training, and he came to Li Yun in an instant.

"Prajna palm."

Li Yun slapped it casually, and slapped it flying with a pounding sound. I don't know how many meters away, the sword flew into the air and rotated for a long time before it crashed to the ground.

The innate true qi is opposite to the acquired true qi, and when Li Yun breaks through to the innate at the Great Perfection realm in the future, his true qi is even more pure and pure, and it is completely a spike effect on the acquired realm!

The Qingleigu disciple was shocked, thinking that the handsome young man in front of him was a master of the late congenital period.

"Everyone go together!"

Someone gritted his teeth and yelled: "Second brother has already learned about this and has already brought someone here, as long as we block him..."

Snapped!

Li Yun took a step forward and came right in front of him, and patted him casually, not knowing how many meters he was flying.

"superior!"

"Chong, \*\*\*\* him!"

"Chunlei is rolling!"

"Look at my folding wave knife method!!!"

A group of people ranging from the Body Tempering Realm to the Acquired Realm rushed up, none of them could hold up the two moves in front of Li Yun, all of them were flying with one move.

Either fist or foot, every blow of Li Yun can make a person fly out, roll down to the ground, moaning, groaning, flying, a group of Qingleigu disciples can't even support for a minute, they are all beaten up. Down!

"It seems that you don't need to report it."

Li Yun patted his hands and smiled.

"Bold! Who would dare to break into my Qinglei Valley!"

A vigorous figure swiftly flew from a distance, and in the blink of an eye, it had leaped several tens of meters and rushed in front of Li Yun.

"Thief, eat me!"

Like a Dapeng spreading its wings, the visitor leaped high and swung his sword downward.

"Thunder on a sunny day!"

In an instant, it was like a bluish-white thunder bursting, the wind and thunder were masterful, the violent wind and lightning flashed, and the sword aura of the people who came was like a violent thunder, possessing the aura of destroying the world.

"Nice move."

A sharp light flashed in Li Yun's eyes, and he raised a hundred forging knives he had just snatched and waved upward.

Thunder three swords, one style: beheading!

"boom!"

Hundred forging knives accurately blocked the falling thunderous sword energy, and a billowing wave of air surged out. Cracks appeared on Li Yun's hard stone road. The disciples of Qingleigu who fell to the ground all around were blown to the ground and fluttered violently. The sound of metal collision resounded throughout Qinglei Valley!

"what?!"

"What happened?!"

"There are innate masters rushing!"

"who is it?"

"Quickly, someone is fighting at the exit of the valley, Lao Tzu's, it turns out that an enemy has broken in!"

The confrontation of the moves of the two innate masters instantly shocked everyone who came to Qinglei Valley. An old man with white hair and white beard who had been in retreat opened his eyes: "I have always been the only person in Xia who dared to go to other people's mountain gates. Today, someone dared to take the initiative to provoke? How courageous!"

But then he shook his head, "Unfortunately, old man, I have already entered this supreme state. It's boring to bully the junior, and I can't make a move no matter how itchy hands."

Chapter 1076: Elders also hit

After the blow, the attacker who jumped into the sky was shocked by the force of the counter-shock and flew upside down seven or eight meters, and landed firmly on the ground.

"Who are you?"

When the attacker saw Li Yun's appearance, his eyes were full of shock, and he was so young that he possessed no less than mid-innate strength. I am afraid it was not a genius who came from a first-class power and possessed extraordinary talents!

"Li Yun."

After reporting his name, Li Yun heard the chilling voices around him.

"It's not the second senior brother, but Elder Zhou!"

"My God! Elder Zhou has entered the mid-innate stage for more than ten years, and he is so full of true energy that this kid actually blocked it!"

"Impossible, Elder Zhou must have kept his hands!"

The fallen disciples of Qingleigu doubted their eyes again. They thought that as long as the second brother appeared on the scene, they would be able to hold this kid down. Poor, it is Qingleigu, even in the whole arena, they are famous young masters.

Unexpectedly, the second brother has not yet appeared, and the more powerful elder Zhou, who is more powerful than the second brother, will actually only tie up with Li Yun? !

"Why are you here?" Elder Zhou glanced around and saw that no one had broken limbs or legs. He secretly breathed a sigh of relief, and his tone improved a lot: "Why trespass into my Qing Lei Valley? Hurt my disciple?"

"I'm here to find Yao'er."

Li Yun shrugged, "But some can't wait to see her again, so I plan to go in by myself, and you don't need to inform me."

Speaking of this, basically not a fool can understand the meaning of Li Yun's words.

First, I call Xia Feiyao Yao'er, which means I am Xia Feiyao's boyfriend.

Second, there is no need to notify, the meaning is obvious, you do not notify.

Elder Zhou frowned deeply, there were too many things involved, and he couldn't explain it for a while.

"In any case, you hurt my disciple, and you can't tolerate you to go in easily!"

Elder Zhou raised the sword very simply: "If you want to enter, you have to defeat me, come, let me try your strength!"

The people of Qingleigu practice "Kuang Lei Jue", and they are mostly irritable and irritable.

"Crazy Thunder!"

Elder Zhou's figure moved, swiftly like thunder, and the electric light revived, and the sword light of the sword in his hand turned into a thunderous dance in the sky, densely packed and overwhelming.

Under the shroud of the thunder sword light, Li Yun did not take the slightest contempt. He used the hundred forging knives in his hand as a sword. At the right time, he cut the wind and broke the moon with one move, hitting the weak point of the thunder sword light. Place.

"Peng..."

The thunder light collapsed, the sword energy fell on the ground like thunder, and the electric snakes scattered all around, and traces of pitch-black scorched cracks appeared on the hard stone road!

"Spring thunder!"

Elder Zhou changed his move again, but Li Yun seized the flaw in the sword move and broke it again.

"Come again!"

Elder Zhou didn't believe in evil, and the third trick Chun Lei used in bursts, but Li Yun still grasped the flaw and easily took it over.

At this moment, even the onlookers were shocked. They could see that Li Yun's moves were extremely precise. If it were not head-on, he must have found a flaw and easily blocked the moves of Elder Zhou.

This kind of sophisticated method of receiving moves makes people wonder if Li Yun has also practiced the Seven Thunder Seven Swords, otherwise, how could he be so aware of the flaws in the swordsmanship?

"Yao'er taught you the Seven Swords of Heavenly Thunder!?"

A ray of light broke out in Elder Zhou's eyes. If it was, then Li Yun had only one choice other than worshipping into the Blue Thunder Valley: death!

"how is this possible!!!"

Chapter 1077: Goodbye Xia Feiyao

It was not Li Yun who answered him, but a clear, sweet, and annoyed girl voice.

"Husband...Li Yun!"

A familiar figure rushed from a distance. Li Yun vaguely saw the ups and downs of the mountains and was ready to hug her, but the other party stopped abruptly, his face flushed, and he whispered shyly: " Li Yun, you, you are here."

"Well, here I am, Yaoer."

The visitor was Li Yun's confidante, who was born in Qinglei Valley, who had gone out to practice, and was rescued by Li Yun once: Xia Feiyao.

She was wearing a very beautiful light blue skirt with lotus embroidery, her black hair was carefully tied with a delicate hairpin, and her whole dress was fluttering, revealing only the delicate white neck of a cygnet.

Xia Feiyao is petite, with a little baby fat on her cute face, looks tender, and her skin is white and red, tender enough to pinch water.

But what doesn't match her cute face is that Xia Feiyao's development is extremely amazing.

Fang Xue, Li Feng, Concubine Wan Qing, Saint Fan Qing, and other women, all couldn't be bigger than her.

Even Shanguan Lingxian and Gong Lian Yi can compare slightly, but Xia Feiyao has huge potential, and it is definitely not a problem to beat them in the future.

"Yao'er, do you miss me?"

Ignoring the murderous gazes of the people around, Li Yun petted her little head, Xia Feiyao's cheeks became even redder, her head down, her shy appearance made a group of Qingleigu disciples stunned.

In their minds, although the little junior sister may look immature, but her personality is really popular, she is the one and only master.

Usually in the valley, what Xia Feiyao likes to do most is to find someone to practice the sword, so that a group of senior brothers and sisters complained constantly, and she was afraid of it.

"Uh-huh."

Xia Feiyao gave a shy grunt, and when she was about to say something, the people behind her pulled her away.

"Junior sister, don't be with this kind of person!"

Yao Shuangxiang stood in front of Li Yun and glared at him, as if you abducted our cute little sister.

Li Yun smiled and glanced at the senior sister of Xia Feiyao. She was only half-length, slightly worse than Song Xi, but her brows were full of heroism, not comparable to a weak woman like Song Xi. .

Yao Shuangxiang was surrounded by a man with a smiling face, who kept observing him. Li Yun estimated that he was the so-called second senior and had a close relationship with Yao Shuangxiang.

"Everyone, meet for the first time and introduce myself. My name is Li Yun. I have no school and no school. I am not from a river or lake."

Li Yun's words caused a commotion around them, and they were all surprised that a person with no discipline and no school can actually break through to the innate?

And if he is still less than twenty, he is already an innate master!

"Brother Li has amazing talent, Xia admires and admires it!"

The man standing next to Yao Shuangxiang and Xia Feiyao arched his hands at him, and Li Yun was a little surprised: "Your surname is Xia, so what are you?"

"Xia Xiahao, Feiyao's brother, Qingleigu's big brother."

Summer is good?

Li Yun's face was weird, and this person's name was really distinctive.

But this is Senior Brother, how about Second Senior Brother?

"Junior Sister!!"

There was another man's voice in the distance. Soon, a few people flew over. The headed one was extraordinary looking and energetic, holding a sword in his hand, and looking at Li Yun with a vaguely hostile look.

"Second brother."

Xia Feiyao called him, and introduced Li Yun by the way.

Xia Xiahao is her own brother, and the second brother is the son of the elder, Wei Qianfan.

Chapter 1078: Is my fiance

"Uh, the introduction is over, why don't we go in and talk about it?"

Xia Feiyao quickly suggested that she was afraid that her brother and senior brother would not even let Li Yunjin in. That would be too embarrassing.

She knew that Li Yun's cultivation was only in the latter stage of Body Tempering Realm, which was worse than some of her junior brothers.

"Huh! Junior sister, don't worry."

Wei Qianfan looked at Li Yun with an indifferent gaze: "Who was the one who broke into my Qinglei Valley just now? The origin of this person is unknown, so you can't let him in easily!"

"how do I....."

"It's not that the origin is unknown!!"

Li Yun's words were interrupted by Xia Feiyao. The violent heroine flushed her immature face, and retorted her second senior brother and said: "Li Yun is my..."

"What's yours?" Her brother, Xia Tian asked her calmly.

"be mine....."

Everyone looked at her, Xia Feiyao took a deep breath, her chest was up and down, many Qingleigu disciples had seen this wonderful scenery many times, but at this moment, she still felt angry when she saw it, Junior Sister The figure is too hot.

"It's my fiance!"

Xia Feiyao finally spoke plainly, leaving a group of people dumbfounded.

A flash of hatred flashed in Wei Qianfan's eyes.

He can't say much to this little junior sister, but Xia Feiyao is definitely one of his best mates.

The daughter-in-chief, and grandfather is the Supreme Elder. What is certain is that in the next few decades, the Xia family will be very powerful in the Blue Thunder Valley. If they can unite with her, they will overpower Xiahao and win the next term. It's not impossible to be in charge.

Unexpectedly, Xia Feiyao only went out for a trip. After returning, she seemed to have changed herself, consciously avoiding all those who pursued her in the school, and no longer looked like she was before.

Taking advantage of her stunner, Li Yun grabbed Xia Feiyao's soft little hand and smiled: "Yao'er is also my fiancée. Although we haven't known each other for long, because of the fate set in our previous lives, we two see each other as we saw each other. , So we made a marriage contract!"

Xia Feiyao blushed hot.

Whatever fate set in the previous life, what hits it right away, are all deceived by the husband!

The truth is that she recklessly took the medicine by mistake, which caused her body to be burned. Before losing her mind, she regarded Li Yun who had rescued her as her husband, so that she would not be happy with a strange man. , But with her husband.

"you!"

Wei Qianfan was so annoyed that he couldn't say a word. Elder Zhou said indifferently: "Without the order of his parents and the words of the matchmaker, where is the relationship between unmarried couples? At best, it is just a private life!"

Xia Feiyao's expression was stagnant, and Elder Zhou quickly cut through the mess: "Since you are here, let's go into the valley together, let the headman take a look at himself, who is the one who dares to be his son-in-law! The ugly words come first, if you If you can't pass the test of the head, then your private engagement with Yaoer will be cancelled immediately!"

All the disciples breathed a sigh of relief at this time.

The little junior sister was innocent and lively, and she was unreasonable, so she was deceived by this kid to set herself for life.

Fortunately, the little junior sister was not broken, she was still finished.

"You don't need a head, I can see your strength!"

Wei Qianfan couldn't bear it for a long time, and he drew out his sword with a loud sound. The blue and white light of the sword bloomed in an instant, sweeping down towards Li Yun.

"do not want!!!"

Xia Feiyao was so shocked that her cheeks turned pale. The second senior brother was already in the innate realm, and the true energy in his body was extremely powerful and could easily cut steel. However, Li Yun had just stepped into the martial arts realm, how could he... resist ?

Chapter 1079: Punch and fly

Before Xia Feiyao's thoughts of worrying about Li Yun were finished, she saw Li Yun aiming at the second senior brother's sword, blasting against the blue and white sword light!

"what!"

Xia Feiyao and everyone was horrified, and this thought flashed in their hearts: This kid is dead!

Wei Qianfan is the son of the great elder Qingleigu, the first-class martial art of the rivers and lakes. He practiced martial arts since he was a child, and after he entered the acquired realm to practice "Kuang Lei Jue", he was full of violent and mighty, more than twice the attack power of the ordinary innate realm !

But now, someone dares to physically resist Wei Qianfan's sword light? !

"court death!"Nôv(el)B\jnn

Wei Qianfan's face was savage, his strength was a little stronger, the sword light was dazzling, and he wanted to take off Li Yun's entire arm with a single sword.

Everyone couldn't help closing their eyes, and couldn't bear to see this \*\*\*\*\* scene.

"Yiyang fist."

"Boom!!!"

The fist collided with the sword, and the two innate true auras fought together fiercely. Everyone seemed to see a dazzling sun, and the hot breath burst out instantly.

"Damn!"

The disciples in Qingleigu scattered all around, especially those disciples who hadn't reached the Hou Tian realm and didn't have the True Qi body in their bodies, and felt that their hair and clothes were going to burn.

"puff!"

After the two forces collided, Li Yunwen did not move, and there was a faint flash of fire in his fist, which was mighty and powerful.

However, Wei Qianfan opened his mouth and spit out a mouthful of blood, the sword flew out, and the person also stepped back seven or eight steps, stepping on the ground.

"you!"

Wei Qianfan's face was pale, and his expression was horrified: "What kind of boxing are you?!"

Not to mention that the ordinary disciple of Qinglei Valley was shocked, even the elder Zhou who had confronted Li Yun with two tricks was deeply shocked at this moment.

"Yiyang fist."

Li Yun retracted his fist, stood with his hand held, and said indifferently: "I wonder if my great fist technique is enough to meet Yao'er's father?"

Everyone was completely dumbfounded. With this fist technique, not to mention seeing the head, it was more than enough to marry Xia Feiyao.

This fist technique can hardly beat Qing Leigu's "Seven Swords of Heavenly Thunder", which shows that the power is definitely not low, and Li Yun must have specially tempered his body, so that a pair of fists are as hard as steel.

The innate realm genius who is dissatisfied with the double ten has another master fist technique, plus physical horizontal training, and the combat power is definitely not as simple as one plus one!

It can be said that Li Yun now has the qualifications to be the son-in-law of Qing Leigu, in addition to his unidentified birthplace and being too arrogant.

"Li, Li Yun, you!"

Xia Feiyao's big round eyes widened, she was so surprised, she still looked confused until now and couldn't believe it was true.

Last time I saw him, my husband was weaker than her, just a body tempering state.

But now only less than three months have passed, how come your husband...?

"Haha, how is it?"

Li Yun showed a brilliant smile: "Your husband, I said, I will definitely come to look for you in the future. Now that I am here, why is my Yao'er so dumb?"

Xia Feiyao's face was flushed, and she was very embarrassed by Li Yun's words.

When Elder Zhou saw that Wei Qianfan was only slightly injured, he was relieved. The trick just now can only say that Wei Qianfan's skills are not as good as others. After all, he took the initiative to attack Li Yun.

"Li Xiaoyou, let's go first to see the head!"

Elder Zhou has a somewhat respectful tone, and Li Yun can achieve such an achievement at his current age, and he may be another master-level figure in the future!

No master can offend, this is recognized by martial arts.

Chapter 1080: Into the valley

Under the personal leadership of Elder Zhou, Li Yun and Xia Feiyao walked into the valley.

"Ding, the host makes a choice, enters the Blue Thunder Valley, rewards experience value + 1 million, all attributes + 1000, blue gift bag\*5, extra reward: lofty love, additional reward: skill pill\*1.

Li Yun was surprised and delighted, and even added a reward. It seems that tying the elder Zhou and defeating Wei Qianfan made the evaluation much higher.

"Husband, you seem to be very happy?"

Xia Feiyao asked in a low voice, her willow eyebrows were like talking about meniscus, and two dimples appeared at the corners of her mouth, which showed that she was also very happy now.

"It's nice to meet my little Yaoer face to face."

"what."

Xia Feiyao spent only one night with Li Yun last time. When did she ever hear such love words, she was amused.

Wei Qianfan's face was taut behind him, occasionally looking at Li Yun with indifferent eyes.

The group of people walked into the valley. The atmosphere of the team was not very good. Except for Li Yun and Xia Feiyao, the others felt that their faces were dull. It seems that no one in the martial arts can stop him from doing whatever he wants!

"The view in the valley is really good!"

Entering the valley, Li Yun said in admiration.

There are birds and flowers, shaded by green trees, pavilions and water pavilions are scattered, there is a big martial arts field in the middle of the valley, and there are many towering ancient houses around it. There is a four-story pavilion in the distance, and the book is written on the plaque. The three-character Ge, with extraordinary momentum.

"It's okay." Xia Feiyao's face blushed, "It's actually the same if I watch too much. I want to go out and have a look, but my mother always refuses, saying it's too messy outside!"

She pouted a little mouth, and Li Yun smiled and said, "Do you want to be a heroine and wander the rivers and lakes again?" He thought of Jin Liuli inexplicably.

"What's wrong?" Husband did not agree, Xia Feiyao was a little discouraged.

"It's not impossible, but at least you have to wait for your innate state to talk about it."

"Ah... it will take at least two years to try to break through."

Xia Feiyao spoke more and more quietly, and she had no confidence in whether she could break through within two years.

"Fool, it doesn't take two years."

Squeezing her silly little face, Li Yun pointed at himself, with a smile on the corners of his mouth: "Your husband, I am a pedantic man. I am only rich in five cars. I am brave and brave. I will let you break through all the inherent problems within half a year. no!"

".....Do not believe."

Xia Feiyao let out a chuckle, "Also, husband, what are these adjectives, you will put gold on your face, don't be ashamed!"

"What I said is true."

Li Yun was about to go down, and there was a figure of a dragon walking in front of him, walking straight towards Li Yun.

His speed was very fast, and he came to Li Yun almost in the blink of an eye, staring at him with sharp sword-like eyes, and said in a cold voice: "Elder Zhou, who is this? Why are you so important? At any moment, bring in an outsider?!"

Many Qingleigu disciples were very afraid of this person's might, and they took a few steps back in fright and gave up a place.

"Uncle Wu, he is..."

"My name is Li Yun."

Li Yun waved his hand to signal Xia Feiyao not to speak, "Come to meet the head of Qinglei Valley."

Standing in front of him was a fifty-year-old old man with vulture eyes. His hands were as black as iron sand, as if he had been immersed in some kind of potion for many years.

Judging from Xia Feiyao's name, this person should be the five elders of Qinglei Valley, one of the seven innate late elders, and it can be described as a high-ranking elder!
