

# GODLY CHOICE SYSTEM

## Chapter 11: Ding, the strength is 100 points

Zhou Xianming and Lu Shan have wonderful expressions on their faces. In the past, they looked down on others, but they did not expect to be looked down on by a poor ghost today, and they were also severely insulted by each other!

"you wanna die!"

Zhou Xianming furiously attacked Li Yun with a grim look on his face and threw a punch at Li Yun.

"Snapped!"

With Li Yun's flexible physical fitness now, how can he be beaten by this kind of rich second generation who emptied his body by eating, drinking, and having fun?

Immediately slapped an unceremonious slap and slapped Zhou Xianming's little white face fiercely, slapped him with gold stars in his eyes, and staggered back a few steps, if not for Lu Shan to pull him, Zhou Xianming is about to sit on the ground and make a big ugly.

"act recklessly."

Li Yun said coldly: "Zhou Xianming, this time I just teach you a little lesson. If you move your hands and feet again, be careful that you can't take care of yourself!"

"you!"

Zhou Xianming was trembling with anger, Lu Shan stopped him and said to Li Yun with a smile, "Are you Li Yun? Yes, very good, quite good! Dare to do something with Zhou Xianming, you are the number one in Zhicai High School. One, if I take back the words that I called you poor boy before, your boy is very bone... angry!"

He didn't finish a word, Li Yun already strode forward and punched him in the left cheek very stubbornly.

"Lu Shan, are you acting hard? What kind of stuff are you, pretend to me in front of Li Yun!"

Li Yun challenged the other party unceremoniously, and this punch was so vigorous that Zhou Xianming's expression on the side changed again.

"Humph!"

However, Lu Shan was not afraid of it, sneered, and forcibly blocked Li Yun's sudden attack with his sturdy wrist.

A joke, he is the son of the curator of Mingshan Martial Arts Center. He has been learning ancient martial arts since he was a child. If he is beaten by ordinary people like Li Yun, then he doesn't need to be confused!

With a "bang", the two touched each other, Lu Shan did not move, but Li Yun was counter-shocked by his own strength and went out several steps.

The crowd around the audience let out a cry of exclamation, this Lushan is worthy of being the overlord of Zhicai, with extremely strong fighting ability.

"Haha, yes, it's worth my hard fight!"

Li Yun was habitually taunting, and then he woke up, the system had already determined that he had made a choice.

"Ding, the host has made a choice, and the reward (8144 yuan, inch punch (primary), 100 bonus points) has been issued!"

Feeling the power gushing out of his body, coupled with the wonderful sound of the mobile phone's receipt of money, Li Yun was too cool.

In just half a day, he earned 10,000 yuan, and his physical fitness was greatly enhanced, which made Li Yun's self-confidence at this moment extremely powerful!

"Fight hard?"

Lu Shan's constant smile froze. Because of his bad temper, his father, who was the curator of the martial arts hall, warned him not to get angry at will, so as not to cause casualties on impulse.

But now, how can Lushan bear it?

"you wanna die!!"

With a loud shout on the road, his huge fists turned round and slapped Li Yun fiercely.

Everyone opened their mouths in shock, and from the cries of his fists breaking through the air, it could be seen how powerful this punch was!

"do not want!"

Standing at the corner of the stairs, Fang Xue, who hadn't left, let out an exclamation, her cold pretty face was full of worried expressions for Li Yun.

"Inch punch!"

Li Yun is now learning to use it now, only to use this method which is very famous and practical.

Elementary boxing is equivalent to the basic moves of swordsmanship, such as picking, stab, and hitting, while inch boxing is equivalent to advanced boxing, and its power is much stronger than that of elementary boxing.

"boom!"
