

## Godly Choice 1111

Chapter 1111: Kill me

The smoke dissipated, and Xia Lei fell to the ground unharmed and unharmed, only the true essence shield was broken, making him look a little embarrassed.

"You brat!"

Xia Lei suddenly yelled out loud, but was soon controlled by the Soul Calling Immortal again.

"Old guy still want to figure it out? Hehe, the weaker you are, the more I can control you. Old guy, you will die!"

Huanhunxian laughed triumphantly.

If it is forcibly occupying someone else's body, not to mention the Grandmaster Realm, even the Innate Realm is extremely suffering.

It's just that he caught Xia Lei's eagerness to break through the grandmaster realm, and tricked him into taking the corpse elixir, which is equivalent to putting a soul seed in his sea of knowledge, which can quickly take root and germinate, and control the soul consciousness of the grandmaster realm. Ocean!

"Too elder!"

"Father!"

The head and several elders were at a loss. They had no choice but to hope that Li Yun could do something.

"The Grand Master Realm is indeed quite strong."

Li Yun took a breath, took out a small recovery pill and ate it, "In that case, Grandpa Xia, offended! I'll let you lie down first!"

"Arrogant." Hunhunxian sneered. Although he despised the Grandmaster Realm, the warrior after the true essence had the power to threaten the cultivator, and those who had not practiced mana were even more unable to contend with him!

Although this kid's moves are indeed a bit weird.

Does he have other moves?

This thought was flashing in the mind of Soul Calling Immortal, and suddenly, he saw a rune emitting powerful fluctuations in Li Yun's hand.

"what is this?!"

Calling Soul Immortal screamed wildly in his heart, this rune exuded a powerful aura, just to feel it, Calling Soul Immortal couldn't help feeling a kind of trembling from the heart.

too strong!

This rune is too strong!

If he can get this thing in his hands, he can give up the body of a peerless powerhouse in the Grand Master Realm!

"This thing is mine!!"

The soul-evoked fairy yelled, "Old thing, kill this kid for me, hurry up!!"

"Kill your mother!"

There was a trace of struggle on Xia Lei's face, his eyes flashed fiercely, and he tried his best to resist the weird manipulating power in the sea, so angry that Soul Calling Immortal yelled.

"boom!"

During the silent fight between the two, Thunder fell and hit Xia Lei's shoulder.

Everyone was dumbfounded, Li Yun was really able to start.

The mighty power of lightning gave Xia Lei a chance to breathe. He clenched his fists and stood in place like a horse, with his waist straight, and shouted to Li Yun sternly: "Smelly boy, come on, kill me! !"

Everyone looked at him in shock, but immediately realized that Xia Lei wanted to sacrifice himself and let the soul-calling immortal's conspiracy go bankrupt.

"Old thing, you want to be beautiful!" The \*\*\*\* soul-catching orb of Soul Evocation Immortal Sojourn shined brightly, directly covering him.

"quick!"

Xia Lei showed a painful look on his face again, and roared at Li Yun: "If you are my grandson-in-law of Xia Lei, don't \*\*\*\* your mother-in-law. Lao Tzu is not your grandfather. He doesn't know how to thunder. I didn't see Lao Tzu. Didn't my son kill me?"

Xia Zhenghe wanted to cry without tears.

Should it be said that his father really wanted to be thoughtful and let his grandson-in-law do such a rebellious thing instead of him?

But at this moment, his mood is extremely painful, watching his son-in-law kill his father with his eyes, is there such a more \*\*\*\* thing in the world?

"I didn't say you were out of help, why are there so many scenes one by one?"

Chapter 1112: Ding, golden gift bag

Li Yun smiled helplessly, "Grandpa Xia, open your mouth, I'll give you something."

"What's the thing? It's useless, I don't have a physical problem... Uh, your father, what did your brat give me?!"

While Xia Lei was cursing, a detoxification pill had already flown into his mouth, turning into a strange force, flowing through the limbs and hundreds of skeletons, and finally rushed into the sea of his knowledge, unable to stop it.

"Do not!!!"

The Soul Calling Immortal let out a scream again, exactly the same as when Li Yun's one stroke and one Yang fist destroyed his spiritual consciousness at that time, the Bloodlight Soul Inducing Orb trembled, and the red light emitted was much weaker.

"I'm ready?!"

Xia Lei's eyes suddenly burst out with a solid light, and the thunder sword aura lingered all over his body for an instant, and the True Essence Shield appeared on him again.

The next moment, a huge sword aura uttered, with a puff, an arm flew up in the distance, and the five fingers of the broken arm were still holding the blood light bead firmly!

"Ah! My hand, my hand!"

The elder screamed, the blood raging at the broken arm, so painful that he hurriedly tapped the acupuncture point, so that he would not bleed to death.

"feels so good!"

Xia Lei stood up straight, and laughed vigorously: "What did you \*\*\*\* give me? It made me heal, hahaha!"

Many Qingleigu disciples were stunned. The one they were familiar with was extremely hot-tempered, and the swearing grand elder, came back?

"Ding, the host makes a choice, rewards experience value +2 million, all attributes +2000, justice value +1000, golden gift bag\*1, gains the respect of all members of Qinglei Valley, and gains the favor of a master of the realm. "

Li Yun was quite satisfied. The experience value finally paid off the debts of the previous nine-turn elixir, and still had a surplus of one million.

With a detoxification pill, you can get the favor of a peerless powerhouse of the Grandmaster Realm, plus the respect from all over the Qinglei Valley, so that Xia Feiyao and his relationship can be completely recognized and become the prospective son-in-law of Qinglei Valley!

In other words, after receiving recognition from the elders, Xia Feiyao, a young girl with a huge face, Li Yun can do something further with her!

"Father!"

The head Xia Zhenghe approached him cautiously, "Are you really all right?"

"Fuck you!"

Xia Lei slapped him and slapped the head of Qinglei Valley around three times. The poor congenital perfection stage son had little resistance in front of the grandmaster stage father.

Xia Hao stopped, and now he is going to be beaten unless it is his sister.

"Useless bastard, like a fool, not as effective as my grandson-in-law, you all stand aside for me, and see how I clean up this ghost!"

Xia Zhenghe cursed, and then became serious, looking at the \*\*\*\*\* bead that flew back to the body of the elder.

This thing was extremely weird, and he didn't expect that he had encountered a powerful enemy just after breaking through the Grandmaster Realm, which instead made the militant Xia Lei excited.

"Grandpa Xia."

Li Yun greeted him and looked at the blood light beads, and said: "This thing should be a magical instrument that can store the soul. His body should be broken. It is when I urgently need a new body. Drive out one of his souls from your body, he can only find the Great Elder now."

"You kid knows a lot?"

An inexplicable light flashed in Xia Zhenghe's eyes, and his grandson-in-law might not know the soul better than him.

Chapter 1113: Supreme elders are invincible

While talking, Xue Guangzhu had already fixed his eyes on Wei Yiwu. The latter didn't even run, but was pounced by Xue Guangzhu. After the beads were integrated into his body, Wei Yiwu trembled, and Wei Yiwu's whole person changed.

"Hehe!"

'Wei Yiwu' opened his mouth and made a gasping sound, his body twisted, as if he was getting acquainted with his new physical body.

But how could Li Yun give him a chance!

A sword light flashed across, and Wei Yiwu's only remaining arm fell down, and then a sword was hit in the knee, completely losing his mobility.

But the Soul Calling Immortal did not completely fall down. He stared at Li Yun viciously with a pair of scarlet eyes open. A red light was excited from his eyes and shot towards Li Yun like lightning.

Li Yun dodged lightly, and Xia Lei couldn't help shouting, "What is this thing?"

"The legendary cultivator."

Li Yun threw down the sword, took out the Silvin pistol, and said with a smile: "Master, now he is not a big threat. Would you like to try his strength?"

It just so happened that Li Yun also wanted to see the scene of the Grandmaster Realm against the practitioners, and what it was like to fight between the two!

"You kid... really understand what I want from my old man!"

Xia Lei glared at Li Yun, but laughed again. Without using any weapons, Xia Lei walked towards 'Wei Yiwu' without his hands and feet.

Although he has no weapons, the white-haired and white-bearded Xia Lei is enveloped in a layer of electric light and sword aura, his beard flutters, his aura and pressure are extremely strong.

"Well, the elder Taishang killed him!"

"The Supreme Elder is invincible!"

The onlookers Qingleigu disciples began to cheer. They don't care about the Great Elder, as long as the Supreme Elder is safe and sound.

A trace of panic flashed in the eyes of Soul Evocation Immortal, and several red lights were emitted in succession. However, facing a master-level expert, his current broken body could not stop him, and all the red light was emitted from Xia Lei's body. Overcome by Thunder and Jianqi.

In the end, Soul Evocation Fairy once again chose to escape from Wei Yiwu's body and turned into a ball of red light and flew away. Unfortunately, it was still completely defeated by the powerful sword aura Xia Lei emitted, and the glittering red bead also shattered to the ground.

Calling the soul fairy, he can't die anymore.

"Ding, the host made a choice, defeated the great elder Wei Yiwu and his accomplices, rewarded experience value +2 million, all attributes +1500, golden gift bag\*1, and thunder three swords were upgraded to high level."

Although it was not the upgrade of Longming Sword Art, Li Yun was still satisfied, and he had two golden gift bags in his account, and he also saw what the combat power of the highest level of martial arts was.

In general, the attacks of the Grandmaster Realm are open and closed, and their power is no worse than some God Refining Realms, but in terms of the mysterious and weird moves, the Grandmaster Realm is far inferior.

For example, the Soul Evoking Immortal is estimated to be a \*\*\*\* refining realm, but with all kinds of weird methods, he can make Xia Lei alive and dead, and the Soul Evoking Immortal in his heyday is estimated to be able to defeat Xia Lei.

In addition, although the Grand Master Realm can float in the sky, it flies too slowly and is very inflexible. Basically, it has to land if it can't fly a few kilometers.

"It's not addictive!"

Old man Xia smacked his lips. "The old man didn't use his strength yet, and the cultivator fell to the ground. Hey, brat, why don't you come and make gestures with me?"

Li Yun said helplessly: "I'll leave it alone, you will show up with these people when you have the chance to make sure you enjoy it."

"Hehe." Old man Xia smiled boldly: "The old man is worried that after breaking through the master realm, there will be no rivals in the world. I didn't expect that there are any practitioners in this world. It just so happens that the old man is very motivated now. Piece!"

Chapter 1114: Celebration carnival

Everyone couldn't laugh or cry. Others broke through the Grandmaster Realm for the invincible world, but the old man broke through the Grandmaster Realm but worried that he had no enemies...

"How is it?" Old man Xia showed off his muscles and laughed loudly: "What is the level of the old man's current strength among these immortal cultivators? If it wasn't for that guy who lied to me to take that medicine, how could I? It won't be so embarrassing!"

Everyone was very curious, how could the Supreme Elder easily eat that so-called corpse elixir.

As a result, Old Man Xia said that he didn't believe that anyone could poison him at all, so when he saw the other party's vows, he took the medicine and took it, but by chance, he broke through to the master realm.

It can be said that misfortune and good fortune depend on each other. If it were not for Li Yun's detoxification pill, he would have become a soul-evoking fairy now!

"Father-in-law, clean up the scene."

Li Yun looked around and found that the martial arts field was so badly damaged that it might not have been repaired for a month or two.

However, with the Grandmaster Realm, the atmosphere of Qing Lei Valley is completely different from before, and the atmosphere is filled with joy.

"Smelly boy, you haven't said what is the strength of the old man as a cultivator!" Xia Lei stopped Li Yun again, eager to try, with a hint of wanting to catch up with his grandson-in-law, which caused Xia Feiyao to be angry. Grandpa is too messy!

"How is your strength?"

Li Yun glanced at him and said leisurely: "Let's put it this way, I know a demon girl in her early twenties. She can perform imperial swordsmanship from a few kilometers away and kill people invisibly. How many swords do you think you can block? "

"hiss!"

The disciples of Qingleigu took a breath. They were indeed immortal cultivators, and they could kill people with swords. A few kilometers away, wouldn't they be able to kill them in people's sleep?

This method is really scary!

"Really?!" Old man Xia stared with a pair of bull's eyes.

"There are also practitioners who control insects. There are always more than 20 insects around. Each insect can easily kill an innate. The smallest insect is no more than the size of a fingernail, and the largest is the size of a millstone. They cooperate with each other to kill. Think about that picture."

"...My Cao!"

After staying for a long time, Mr. Xia finally popped a sentence from his teeth, "Cao". The things his grandson-in-law said were unbelievable, unheard of, and made him...

"Hahaha, the old man is looking forward to fighting these masters!"

Everyone & Li Yun: "..."

Okay, it seems that there is no word fear in Father Xia's dictionary, only awe-inspiring fighting spirit, not afraid of heaven and fear.

Regardless, the breakthrough of the Supreme Elder to the Grandmaster Realm is something to be celebrated. That night, there were lights and festoons inside and outside the Qinglei Valley to celebrate first.

A good day must be set for the formal celebration, and many colleagues in the community, as well as some big-minded people, will be invited to come and celebrate again when that time comes.

Li Yun won everyone's approval. Even if he still has a few girlfriends, everyone agreed that as long as Xia Feiyao is willing and as long as he always treats the younger sister, no one will stop them.

The only person who disagrees is estimated to be Wei Qianfan, who fell to the acquired realm, but now he and his father can't get over any waves, and no one will listen to them even if they have opinions.

"Smelly boy, come on, drink!" Old man Xia did not have the slightest pretentiousness of a grandmaster, and opened his belly to drink, and he kept persuading Li Yun to drink too.

Qingleigu was caught in a carnival up and down, and Li Yun barely managed to deal with it for a while, just pretending to stray quickly.

"Husband, come with me!"

Chapter 1115: Xia Feiyao's thoughts

Li Yun's excuse to leave the seat, did not expect Xia Feiyao to leave quietly, grabbing his hand, and leading him to the dark place.

On the night when only the moon is high, the two are walking through the blue thunder valley. Behind is the crowd celebrating with the bright lights. The front is silent and empty. Don't have the excitement of secretly talking about love.

"Xiao Yaoer, where are you taking me? Is it the place the night before yesterday?" Li Yun chuckled, holding her soft little hand, the tender palm of the girl, which was extremely comfortable on the palm of her hand. .

Judging from her direction, Li Yun was sure that she just wanted to go to the place where the two of them watched the sunset together the day before yesterday and embraced and kissed each other.

Xia Feiyao's face became more rosy, and she said shyly: "Bad, bad husband, don't think about being crooked, I just want to have a chat with you alone, no, you are not allowed to move!"

She was afraid that once Li Yun did something, the conversation between the two would not be able to continue.

"Haha, then we'll move on after we talk, how about?"

"Ignore you, my husband thinks about bad things all day long, huh!"

The two came to the hillside surrounded by vegetation on three sides. After sitting on the grass, Li Yun hugged Xia Feiyao in his arms and gently stroked her hair, making him a childlike little girl. The wife made a comfortable grunt.

Under the soft moonlight, looking condescendingly at the lighted and colorful Qinglei Valley underneath, with the little beauty in his arms, Li Yun felt very comfortable, and smiled and asked: "Little Yaoer, what do you want to chat with your husband?"

"Well, it's okay~"

Xia Feiyao's voice became very different from usual, the little milky voice, her voice was cute. Soft and waxy, just like her cute baby face.

This kind of coquettish little milk sound can only be heard when she is alone with Li Yun. Every time she hears it, Li Yun can't help but feel itchy in her heart, wanting to pinch her baby's fat face and knead as much as possible. Squeeze it to make her blush and make a small voice of protest.

"Say!"

Li Yun knew that she had something in her heart, so she used a strong means to pry open her small mouth and let her speak out.

"Woo, um, okay, okay, I just said it~"

The baby's fat face was pinched by her husband's fingers, Xia Feiyao surrendered quickly and grabbed Li Yun's hand to prevent him from pinching her face.

"What is it?"

"Well~~~ What I said, husband, you must not laugh at me!"

"Of course, who am I? I am your husband, of course I won't laugh at you, I will only hit your pp!"

"disgusting!"

Xia Feiyao's soft and wailing voice is particularly pleasant, if it weren't for her, Li Yun would definitely not be able to help her brutally bully her.

After a long time, Xia Feiyao whispered: "Husband, am I very useless?"

"Why do you say that?"

"Because... I am really useless."

Xia Feiyao lay down on Li Yun's shoulders in a discouraged manner and cried her hands to indicate: "First, I don't look good. Others say I'm a kid and I'm not mature at all. Second, I'm not good at strength. He is eighteen years old and has no congenital realm.

That Gong Qingyu, is the other...sister you mentioned. "

Speaking of this, Xia Feiyao's tone became sour, but she knew that Gong Qingyu was another fiancée of Li Yun, and the two had already established a relationship.

"How about Qingyu?" Li Yun smiled, "Don't worry about her. Although she doesn't talk much and has a proud personality, she is smart and won't hate you, let alone exclude you. Don't worry."

Chapter 1116: I will work hard

After a pause, Li Yun said softly: "Don't worry, Xiao Yaoer, the girls around me are very kind, they won't embarrass you. I told you, Fang Xue, my sister and two Sister, Qingyu, Xianxian, Princess Yongning, and the saint who was born in the Hidden Sacred Valley, they are all very good people."

Shangguan celestial Li Yun didn't count, after all, his favorability was not 100.

"Well, I believe that the eyes of the husband will not be with those badass women." Xia Feiyao bit her lip, "But, I don't want to lose to them!"

Although she knew that Li Yun would treat everyone equally, there would be no distinction between big and small wives, but Xia Feiyao was in a competitive relationship with them, of course she didn't want to just admit defeat!

"How can my little Yao'er lose?" Li Yun looked at her place with a smirk. The place where she has a very good education, "Little Yaoer, you also have your own advantages!"

Xia Feiyao's face flushed red, but instead of giving him a roll of eyes, she threw herself into Li Yun's sorrow and seemed to be holding her like a spoiled child.

"Husband, husband like me...here?"

"certainly!"

Li Yun hugged her tenderly, "Presumably no one doesn't like it, so don't worry, Xiao Yaoer."

Xia Feiyao felt a smirk in her heart, but quickly muttered: "I don't want to rely on this, huh~, I not only want to grow well, but also to be better!"

"Gong Qingyu is 16 years old. I can't be much worse than her. Husband, how long will it take for me to be born after taking medium-sized Zhuji Dan and Peiyuan Dan?"

"Don't worry, take your time, if you are anxious, the foundation will be unstable. Just follow the steps and you will definitely be able to break through to the innate before the age of 19!"

"Hee hee, good~~"

Xia Feiyao's little milk voice was so cute, Li Yun couldn't help it anymore, and kissed her Yan Hong's mouth.

He needs to check carefully, how did she make such a soft and sweet little milk voice, it sounds really nice.

for a long time.

Xia Feiyao leaned against her husband's shoulders panting, letting her brain empty, and muttered: "Husband, Yao'er likes you so much!"

"Well, my husband likes Yao'er too!"

It was another moment of intimacy. The two enjoyed the time spent alone between lovers. The faint cheers from the brightly lit Qinglei Valley in front of them became the best background music for the two.

In the intimate free time, while exhaling in a hurry, Xia Feiyao suddenly asked, "Husband, what kind of person is Sister Fang Xue?"

"she?"

"Well, and your sister Li Feng, two twin sisters, and husband, I want to hear you talk about your childhood~"

Seeing her expectant look, Li Yun smirked again: "Xiao Yaoer, do you think it's time to talk about this?"

Xia Feiyao blushed, knowing what the badass husband wanted to do.

"You, you can tell me what..."

Xia Feiyao said something that made her ashamed.

"What on the side?"

Li Yun asked, but he had already started to take action, telling her about her while doing something.

In fact, it was just chatting with each other, and it didn't take long for Xia Feiyao to listen, because she felt very uncomfortable, her mind was blank, her eyes were confused, and she couldn't hear anything at all.

Li Yun didn't let Xia Feiyao go until the disciples of Qingleigu in the distance became drunk and left.

The little beauty who had spoken in a cute little milk voice for three hours could finally stop.

"Let's go, let's go back."

Li Yun helped her tidy up her messy clothes, Xia Feiyao closed her eyes shyly and asked her husband to help with these things. She was so bullied that she was really exhausted.

After going back, she has to clean it up before going to bed.

Chapter 1117: Bastard kid

The next day, such rumors began to circulate in Qinglei Valley.

"I heard that Little Junior Sister disappeared all night!"

"Nonsense, it only took four hours. I saw her being carried back to the room by Li Yun!"

"My god, the little sister can't even walk?"

"Hey hey, that's not! Think about it, Li Yun is born, and he is also the strongest one in his innate. He is stronger than the head of the inborn consummation, and he can also use spells. How strong do you think he is? Junior sister can't bear his tossing alone!"

"...Envy! Really envy!"

"Woo, the little sister was brutally murdered!! Senior brother hurts in my heart!!"

"It's not surprising, how good-looking the little junior sister is, she is so hot...who can stand it?"

"Dare you say this in front of Junior Sister?"

"Hey, I really envy Li Yun. He is handsome, strong, with so many beauties around him, and durable. No wonder the younger sister likes him and is willing to stay by his side with other girls."

Li Yun got up in the morning and stretched his muscles and bones in the yard. Everyone who saw him showed a weird expression, especially those women in their 30s and 40s, who blushed and quickly walked away, walking out of the distance but turning their heads. Staring at him, looking very thinking.

"Inexplicably, isn't my reputation in Qinglei Valley full?"

It wasn't until Li Yun heard the discussion that he understood what they were strange about.

"These guys are completely slandering me!!!"

Li Yun couldn't laugh or cry. He didn't do anything with Xia Feiyao last night. At most, he talked, shook hands, held feet and added points to the cake. Li Yun didn't have time to pass on more knowledge to Xiao Yao'er.

Shaking his head, Li Yun calmly ate the breakfast delivered by the maid, and took out his phone to check the news.

Soon after, a maid came to report, and the head invited him to discuss matters.

"Okay, please lead the way."

Li Yun nodded, and followed the panicked little maid to the conference hall-this little maid probably also heard some rumors, thinking that my uncle couldn't wait to eat the daughter of the head last night, she must be the kind of anxious man!

When I came to the conference hall, there were already quite a few people sitting inside. In addition to the head Xia Zhenghe, Xia Lei, Xiao Yao'er, and several elders were also waiting for him, and their faces were also showing after seeing him. A meaningful expression.

"Bastard boy!"

The hot character Xia Lei took the lead and yelled: "You kid don't know how to be temperate, my granddaughter is the acquired state, how can I withstand your tossing all night? I heard that my good girl almost couldn't get up. You bastard..."

"grandfather!!!"

Xia Feiyao glared at her unobstructed grandfather with shame and annoyance, and forced the fiery Xia Lei to stop her words.

"Hehe." Xia Lei stroked his beard awkwardly, "Grandpa, I'm just worried about my good girl, by the way, warn this little bastard, don't make him too proud!"

Li Yun was speechless. It seemed that he was sitting on a few confidantes, making outsiders think that he was that kind of man.

"Last night, Yao'er and I didn't happen to anything, so we talked about love... Forget it, let's talk about business."

The explanation was unclear, so Li Yun simply changed the subject.

However, as long as everyone is not stupid, they can see that Xia Feiyao is still a virgin and has not been broken. Li Yun still loves her and has not done anything wrong.

"Business?"

Xia Zhenghe nodded, "It's true that we should be talking about business. It is about the life and death of Qinglei Valley, and it is also about the safety of the rivers and lakes. These things need to be carefully considered how to deal with them!"

Chapter 1118: Qingleigu's decision (part 1)

Li Yun knew what his father-in-law wanted to ask, and said, "Well, let me tell you again about the six magic gates I know, what kind of power these practitioners have!"

Everyone narrowed their smiles and looked at Li Yun with a serious attitude. Even the most unconscionable Grandmaster Realm peerless powerhouse Xia Lei, now frowned slightly.

Xia Feiyao was a little nervous and looked at her father and said, "Head, does it matter if I stay here?"

Although the Xia family is now in the most important position in the Blue Thunder Valley, the Blue Thunder Valley is still not owned by the Xia family, and sometimes they have to avoid suspicion.

Xiahao Hao didn't come to attend this meeting.

An elder smiled and said: "Wife is expensive by husband, Yaoer, you are not only the daughter of the head, but also the wife of my important benefactor of Qinglei Valley, so your status is naturally different."

"It's this, that's it."

Xia Feiyao's face blushed when she heard the words that a wife is expensive for her husband, and her husband's status is high, so she naturally felt sincerely happy.

Looking at his little wife, Li Yun smiled and said, "Actually, you already know most of the things. You may not have heard of it, old man, so I will repeat it once."

"It started three months ago, Zhonghai City Feihumen and Liemomen..."

Li Yun talked about the things that had happened, such as the Three Souls and Six Souls Gu, Suture Man, Venerable Black Eyebrow, Zombie, Yongning Princess City, etc., except for some things that should not be said, other information was told to them.

"Husband." Xia Feiyao opened her eyes wide and looked at him: "You mean, sister Yongning was a princess in the feudal period 400 years ago?!"

Li Yun said strangely: "You don't know? Didn't I tell you last night?"

"I, I forgot."

Xia Feiyao's cute face was dyed with a layer of red clouds. Li Yun had been acting indiscriminately last night, how could she remember, her mind was completely blank.

"Spells are amazing!"

Xia Zhenghe said with emotion, the other elders also nodded one after another, very interested in the various magical and powerful spells mentioned by Li Yun.

Li Yun smiled and said: "Father-in-law, don't take refuge in the Six Demon Sects to become stronger. You have also seen the soul-evoking fairy yesterday. His spells are weird and cruel. After practicing, the six relatives will not recognize them and kill people like numb. I suspect that he practiced. The technique is called soul-changing, which is an evil technique that changes the body to become stronger!"

Calling the soul immortal, it is likely to be another name for the soul immortal.

The exercises that take away the body of others and prolong one's life are too evil, and normal people will shun it.

Xia Lei slapped the table and glared at him: "We know if you don't tell these things, but isn't there a hidden sacred valley? Do they accept disciples?"

Everyone was shocked, wouldn't this foolish fellow want to join the Hidden Sacred Valley, right?

Li Yun shook his head, "Cultivating immortals...I'll talk about this later." He wanted to say that cultivating immortals is impossible, because even in the Hidden Sacred Valley, the resources for cultivation are limited, and it is impossible for anyone to join casually.

But now the Demon Sect is carrying out a plan to seize the soul, it is difficult to say what the future will be, but it is a bit likely to become a situation where everyone can cultivate immortals.

Everyone expressed their understanding, after all, even martial arts training that does not require aura, the innate masters that can be cultivated are extremely limited.

Xia Zhenghe asked tentatively: "Xian-in-law, what are you going to do next?"

It has to be said that the head of Qingleigu has nothing to do in the face of a huge force that transcends the ordinary sects of the Six Demon Sects, and even the entire rivers and lakes combined.

Chapter 1119: Qingleigu's decision (part 2)

"My son-in-law," Li Yun smiled: "I am upright and righteous. I can't understand their indiscriminate killing. In the future, I will inevitably fight the people of the Six Demon Sects, at least not let them live. Comfortable!"

"it is good!"

Xia Lei yelled, slapped the table excitedly, and gave Li Yun a thumbs up: "It's my grandson-in-law. Talking is domineering. What are the six magic gates? Even if they are cultivators, can they stop them? What a big cannonball... just the kind of cannonball that blows up a city!"

Li Yun was speechless, "You always talk about the original bullet, right?"

"Almost, that's the thing."

Everyone smiled bitterly. Originally, they were very disdainful of dealing with the government, but now the form is stronger than that of people. Without the guns and cannons of the government, they can't stop the six magic doors with these warriors.

Xia Zhenghe stroked his beard, his eyes flashed: "Although I am not a pioneer in slaying demons and defending the Dao, I have always been jealous and enmity. Now the six demon gates are raging, manipulating the Song and Yuan dynasties to harm the rivers and lakes. Such an evil school, we naturally Can't ignore it!"

Xia Feiyao felt baffled, why did her father suddenly say this?

"Li Yun!" Xia Zhenghe looked at him, "From now on, if you need it, just come to us for help, Qingleigu will not say anything else, at least in terms of not being afraid of death, it is definitely the best in the world!"

Li Yun: "...OK!"

Dare to love his old husband is to give him some support and help in exchange for more resources.

The resources are leisurely, and the number of people who can cultivate immortals is limited, but if there is a connection, those limited resources can also be enjoyed by Qing Lei Valley!

With Li Yun, an 'expert', they have no reason not to cling to some relationships.

But it's not enough if you have a relationship. Even if Li Yun is Qingleigu's uncle, people can't give you benefits for no reason. Only if you pay, you can return!

"Well, I have a thunder system. I can use my true energy to strike a spell-like attack, so I'll pass it on to you for cultivation."

Li Yun's assistance to Qingleigu is still very greedy, and may not be available now, but not necessarily afterwards.

"What is the exercise?"

Xia Zhenghe was overjoyed at once, what Qing Lei Valley cultivates is violent true energy, what transforms into the realm of the grandmaster is the true essence of the thunder element, which is very similar to Li Yun's Nine Dragons!

"Longming Sword Art." Li Yun smiled, "That means that the dragon is in nine days."

"what?"

Everyone was shocked, Xia Feiyao looked at her husband in surprise, "The dragon is in the nine days? Husband, you...!"

"It's okay, I don't care."

Li Yun shrugged, "This sword tactic is very difficult to practice. It requires an inner righteousness and a righteous spirit in order to exert the greatest power of the sword tactic. You should practice as appropriate and don't take it up."

Hearing that he was really willing to impart that stunt, even Xia Lei of the Grandmaster Realm was a little moved.

That powerful move of the dragon flying into the sky was somewhat difficult for him to resist even at the Grandmaster level. The true essence shield was broken by a single blow, and it was incredibly powerful.

But his grandson-in-law is willing to teach them publicly!

"My son-in-law! We really don't know how to thank you. If you have anything in the future, even if you come to us, Qingleigu will definitely go all out to support you in anything!"

Xia Zhenghe was very excited, and the elders couldn't sit still, and Qingleigu got the trick that the dragon took in nine days, it was like a real dragon soaring!

"You wait to see the sword art, don't be disappointed."

Li Yun reminded helplessly.

Chapter 1120: Leave

Longming Sword Art is powerful, but one of the prerequisites is that Li Yun's justice value is as high as 90,000 points, and he is righteous, so that the dragon's move in Nine Heavens can become infinite.

Even if the others succeeded in their cultivation, they would have to reluctantly summon a "Flood Dragon", which is still a few grades behind the Shenlong.

"It's okay, we know it naturally!"

An elder flattered and said: "Li Yun, you are extremely talented, and of course your power is much stronger than those of us stupid people!"

Li Yun laughed and didn't talk too much nonsense. He directly burned a copy of the Longming Sword Art to them, and by the way, he also announced some of his divine consciousness, which made Xia Lei who had first contact with the sea of consciousness and divine consciousness excited Endless.

Li Yun didn't have any idea of concealing these things. His strong point was not the cultivation technique, but the system.

As long as there is a system, he can easily cultivate the exercises to the \*\*\*\*\* level, and it will take at least several decades for ordinary people to reach his height.

Furthermore, in the future, Li Yun will obtain more advanced techniques, and there will definitely be those stronger than Longming Sword Art. He doesn't need to hide this stuff.

...

Li Yun stayed in Qinglei Valley for three days. During this period, he and Xia Feiyao visited Qinglei Valley. The two of them were together from morning to night, and they left intimate figures in many places, such as Xia Feiyao. The girl who first tasted love learned a lot of knowledge during this period, which made her happy and comfortable, but also very shy.

"Yao'er, are you ready?"

"Well, it's alright, let's go~"

Xia Feiyao walked out with a backpack on her back. She took off her ancient dress and put on a relatively modern outfit. She was wearing skinny jeans, a pair of beautiful long and straight legs, and her hair tied into a lively single ponytail. Standing in front of Li Yun, the girl's youthful vigor came to her face.

Just looking at her immature and cute face makes people very suspicious whether Xia Feiyao is a junior high school student, but as long as you look down a little and see her good bust, I believe everyone will no longer have any doubts.

"let's go!"

After packing and bidding farewell to her family, Li Yun took Xia Feiyao out of Qinglei Valley and headed to Wenshan City, Donglin Province, which is the province where Tiandanmen is located.

"Husband, when we go to Tiandanmen, will we meet Song Yuan?"

After leaving home, Xia Feiyao looked very excited, took Li Yun's arm and chatted, and didn't stop when she got in the car that took her to the city.

"It is very likely to encounter, there is news from Lingxian, she hasn't seen Song Yuan, and it should be three days before she will show up at Tiandanmen."

Li Yun explained to her that from the news that Shangguan Lingxian and Gong Lianyi had passed to him during this period, the rivers and lakes were fairly quiet, but there was also a vaguely invisible undercurrent surging.

Then there was another grandmaster in Qinglei Valley, and this grandmaster was only promoted because of the relationship between the six demon gates.

Secondly, things about Song Yuan became more and more wicked. There have been many rumors that Song Yuan has surpassed the Grand Master and can kill the Grand Master with a single punch!

Many people heard that the spiritual medicine fairy personally invited Song Yuan to meet, and after solving the original incident, they all went to Tiandanmen to watch and see how strong Song Yuan was!

"Spirit, fairy?"

Xia Feiyao leaned in front of Li Yun and asked word by word: "Ling, doctor, fairy, son...Is it a good relationship with you?"

Li Yun gave a dry smile, "It's okay, barely, a good friend."

"Huh~, don't believe it!"

"real!"

Li Yun did not lie. Although the two of them acted ambiguously with each other, they didn't make a relationship after all. Are they good friends?
