

## Godly Choice 1121

Chapter 1121: News, Li Yun is here

He Canghu, who is a second-rate sect in the arena, the head of the Feihumen, and the nickname Jiuhu, has not had a good time recently.

No, it should be said to be restless!

On the one hand, he fled immediately, and fled in embarrassment when he was in Zhangjiacun, leaving the bone ghost Taoist and Shi Taining to be killed by Li Yun on the spot.

After the bone ghost Taoist died, his connection with the Six Demon Sects was also broken, and he couldn't get anything to practice, but always beware of Shi Taining's grandfather or friends of the bone ghost Taoist coming to avenge him. He Canghu always does it every day. Fearful.

On the other hand, the government has officially listed Feihumen as an illegal department and ordered the head and all the elders and deacons to surrender immediately and go to the Yamen to surrender, otherwise they will be enforced, and the soldiers with guns have already arrived at the scene and have surrounded them. Live, just wait for an order to break through the gate of Feihumen!

Don't look at the people of the rivers and lakes who are very disdainful of the government and the country, but if you really want to fight the army, the warriors of the entire rivers and lakes are not enough, let alone just a sect of Feihumen.

"Head!"

Elder Zhou from Feihumen had a dark expression on his face, and said, "This government is asking us to go out and surrender before 10 o'clock today. We..."

He didn't dare to fight against the government.

From the perspective of the four elders, the reason why the government is fighting this time is simply because Feihumen did something not very authentic, but each of them is congenital, even if the government arrests them, they can get away easily. Don't worry at all.

It's just abandoning Feihumen's industry, which is very sad.

"Huh, what are you afraid of!"

The third elder Mo Hu sneered, "This time they are determined to make us die, but we are not cowards waiting to die. We want to be hard? Humph, killing a hundred officers and soldiers is not a big deal, so we will hide in the rivers and lakes when the time comes. , Can they find me?"

Mo Hu's words made everyone present agree with him.

In addition to the people from Feihumen, there were also many invited comrades from the rivers and lakes. They were very hostile to the government's yamen. When they heard that there were officers and soldiers besieging Feihumen, they immediately rushed to help.

Iron Hand Ren Dachang, Golden Abacus Ye Min, Cangyue Island Master, Wumei Sanren, etc.!

They all sat together to condemn the crimes committed by the government.

For these people in the rivers and lakes who are accustomed to idle clouds and wild cranes and act with no scruples, any offense by the government against them is a provocative act, let alone this kind of attack by driving the army to the door, aiming at guns, and killing it. The look is even more disgusting to them!

"I think the big guys will kill them together!" The iron hand Ren Dachang yelled with a pair of \*\*\*\* and yellow hands, "Kill one is enough, kill two to earn one!"

"Brother Ren is right!" The island owner of Cangyue Island near Zhonghai City stroked his beard, his eyes flashed, "The old man is fed up with the government's bird air on weekdays, and this time I can finally get a good shot. This bad breath!"

Everyone was filled with righteous indignation, yelling and rushing out to teach the soldiers with guns a lesson!

None of them noticed that the expression on the face of Nine Tigers real person He Canghu was as dark as a pot.

"Report! Palm, head!"

At this moment, a young man came in panting and told: "Head, a person who claims to be Li Yun appeared at the gate!"

"what!?"

With a bang, the tea cup in He Canghu's hand fell to the ground, with a shocked expression on his face.

Chapter 1122: Return to Feihumen

"Li Yun! Hahaha, meet again!"

"General Qi, Director Wang, good two."

In an armored command vehicle, Li Yun took Xia Feiyao and greeted the two leaders.

He originally wanted to go to Tiandan Gate, but Liao Hua called and said that he was going to deal with Feihumen today. After hearing He Canghu's still stubborn resistance, Li Yun felt it necessary to come.

Moreover, there are systematic selection tasks.

"Ding, trigger the option event, please choose from the host:

Option 1: Return to Zhonghai City and catch the Feihumen all at once. Reward experience value +2 million, all attributes +2000, golden gift bag\*1, extra reward: random upgrade of a martial arts skill level.

Option 2: Ignore, continue to Tiandanmen, no reward. "

A golden gift bag, plus Li Yun felt that everything should have a beginning and an end. He Canghu escaped from him. He should have been taken down in Zhangjiacun. He didn't expect the bone

ghost and Taoist to be too difficult to deal with, and He Canghu She was also very shameless and ran away.

So Li Yun took Xia Feiyao back to Zhonghai City by plane, and went straight to Feihumen.

"Who is this.....?"

Liao Hualue took a weird look at Xia Feiyao. There was another woman next to Li Yun, who was still a little beauty with a baby face. If it weren't for her majestic chest, Liao Hua would have thought which junior high school Li Yun would go to. A little girl was kidnapped out.

"She's Xia Feiyao, she is the daughter of Qinglei Valley." Li Yun didn't blush or breathe, "At the same time, she is my girlfriend."

The leaders are all human beings, so how can you not know what his words mean?

But even if Li Yun messes up the relationship between men and women, they can't object. After all, Li Yun is not an official. As long as it is not bigamy, the few confidantes he has are his own business, and others can't control it.

"Everyone, seniors...no, good leaders."

Xia Feiyao was accustomed to calling seniors, and she has been dealing with people from the rivers and lakes, but now it is a bit uncomfortable to meet people from the government.

"The little girl is so pretty. Blessed is Li Yun, this kid!"

Several leaders made a small joke, and Xia Feiyao didn't know whether they were referring to some aspect of her that made Li Yun very blessed, or something else, but still blushed.

"Talk to business."

Li Yun changed the subject, "Are all the people in Feihumen staying inside?"

"Correct!"

When it comes to business affairs, Director Wang has a serious face. His real name is Wang Anji. He is the director of the General Administration of China Shipping and is in charge of all public security work.

Now that there is a sect in Zhonghai City who is uneasy flying like Feihumen, he naturally has to find a way to eradicate this evil force and return it to Zhonghai City.

By the way, I can also warn other Jianghu sect forces, let those warriors be honest!

"Including He Canghu, the head of the late innate period, seven elders from the early to mid-innate period, plus some scattered people, a total of 12 innate masters, plus more than 30 acquired, all hiding in the sect!" Director Wang solemnly introduced road.

General Qi added: "In addition to these, there are many warriors in the Body Tempering Realm, but most of the outer disciples and handymen have escaped, and only the core disciples and the elder deacons are left in Feihumen!"

Xia Feiyao's mood is very complicated.

With her eyes dazzled by her ears from a young age, her impression of returning to the government is indeed not good, but now that her husband is chasing with the government, she can't say anything.

After all, there is a saying, marry a chicken with a chicken, marry a dog with a dog, she will certainly support what the husband does.

Chapter 1123: Directly on

"it is good!"

Li Yun nodded to express his understanding, and then stood up and walked towards the car door, "Go!"

"Where are you going?" Liao Hua and the others were quite strange.

"Of course to Feihumen!"

"Flying Tiger Gate? Wait a minute!"

The head of Liao Hua Wang, General Qi and others were shocked, "We haven't told you how to attack in the future. We haven't agreed on the plan, so why are we so reckless!"

Li Yun shrugged, greeted Xia Feiyao to get off the car, and smiled calmly: "What's the matter? Feihumen, I can overturn them by myself, no plan is needed!"

One person overturned a second-rate genre?

Liao Hua was stunned, and General Qi stared at Li Yun: "Little Li Yun, Feihumen has twelve congenitals. These guys are all martial arts, capable of one enemy and one hundred, even with machine guns. You have to shoot dozens of shots to break their infuriating body!"

"Twelve congenitals, I can handle it with one hand!"

Li Yun's domineering words made them completely lose the thought of rebutting. They watched him take his little girlfriend a long way. The few people reacted and hurriedly called the special fighters, followed Li Yun's pace, and attacked and flew together. Inside Humen!

"What? Just walk in like this? Don't you need fire cover?"

"I thought I was surrounded and bombed with artillery shells. The dozen or so innate masters are not kidding..."

"The other party still has dozens of acquired realms, wait, really just attacked directly?"

Many fighters were stunned. They were already prepared for a desperate fight. There are many martial arts and powerful people in the Feihumen who are ambushing. If you really want to attack, you must pay a certain price.

But now General Qi several people say, want them to cooperate with a young man to attack?

"Whee."

Xia Feiyao covered her mouth and snickered, and shouted to everyone with a smug little face: "Just wait and see, and see what my husband beats the Flying Tiger Gate!"

She hadn't heard of Feihumen, but her husband was incredibly strong, and Feihumen was just a handful.

Everyone looked suspicious, but the arrow had to be sent on the string. General Qi's order had been issued, and they had to carefully cover Li Yun's advance.

However, Li Yun's actions still surprised everyone.

"boom!"

With one kick out, the front door of Feihumen, two round stone pillars hugged by one person burst apart. The Feihumen plaque hung on it fell down, the plaque split directly, and the facade of Feihumen was completely crushed by one foot!

"He Canghu!"

Li Yun's infuriating movement, loud and powerful, as if covering the entire Flying Tiger Gate, majestic and majestic, "The end of your Flying Tiger Gate is here, and the point of consciousness immediately rolls out and surrenders. You can still retain a few basic points. Otherwise, after today, Feihumen will be completely eradicated!"

The soldiers behind him opened their mouths wide, and Li Yun's power shocked them, and his domineering shouts made them excited!

This kind of head-to-head battle can strongly stimulate people's brains and cause a flame to be ignited in one's chest. You can never stop without venting!

"The husband is so handsome, but... hehe, he seems to be a villain~, um, I am a heroine, and my husband is a villain~!"

Xia Feiyao was holding a sword with an expression of excitement in her eyes, but she had heard that Feihumen took refuge in the Demon Sect, and the whole door was full of bad guys. It would be good to get rid of it!

Today, her Xia Feiyao is going to be a chivalry and righteousness, and her husband will deal with these evil villains together!

Chapter 1124: Ren Dachang

"The government deceived people too much, I will fight you today!!"

With a violent shout, a billowing black wind struck from a distance, and the momentum of only one person was like a galloping army, and the expressions of the many warriors were dreadful. They must not relax their vigilance in the face of the innate warriors.

"Who came from?"

Li Yun asked faintly, the visitor was a strong man like an iron tower, his hands were black and yellow, and his clenched fists were as big as a casserole. It is estimated that a single punch can blow the head of an ordinary person like a watermelon. .

"Iron hand Ren Dachang!"

The brawny man of the iron tower stood proudly and looked up and down at Li Yun a few times: "Boy, you are the little white face invited by the government to take the lead? I don't know how high the sky is, I will teach you a lesson, and take care of you for your parents!"

A trace of anger flashed in Li Yun's eyes, and he said in a deep voice, "Come on! Let you see what you call an iron hand!"

"Arrogant junior! Eat me a trick"

The iron hand Ren Dachang yelled, and in the huge black and yellow palm of his innate true energy, his five fingers suddenly clenched, his muscles and bones rattled, and then he fisted out!

"Iron Sha Fist!!"

With a punch, the surrounding energy moved, and the suffocation rolled like a giant net, covering the vitals of Li Yun's body.

The faces of everyone behind Li Yun were pale, and the punch was not aimed at them, but the punch was fierce and powerful, making them feel that this punch seemed to be able to knock the mountains down, and it was estimated that they could only be shot by ordinary pistol bullets. Leave a faint white mark.

Li Yun, this young man who arrogantly provokes Feihumen, can he block this punch?

"The boxing technique is good, but unfortunately, the gap is too big to be worth seeing."

Li Yun smiled faintly, "I'll use my fist to make a gesture with you."

As he said, he greeted him with a fist lightly and skillfully, and resisted the iron fist directly!

The palms of the fists collided with a dull sound. Li Yun stood still, but the iron hand Ren Dachang's complexion changed drastically. He stepped back and stomped a big hole on the ground, but he still couldn't remove it from Li Yun's fist. the power of.

One step, two steps, three steps!

In the surprised eyes of the Feihumen elders who came behind him, and a few comrades who came to help the fist, Ren Dachang stepped back more than ten steps, and sat on the ground with his \*\*\*\* rolling, and stopped his retreat. momentum.

Everyone was shocked!

Everyone could hardly believe their eyes. Ren Dachang, known as the iron hand, was so embarrassed by Li Yunping's Bai Wuqi punch.

In the early innate period, he was proficient in palm, but he was overthrown by a junior. It was really... ashamed!

"you!!"

The iron hand Ren Dachang sitting on the ground flushed, his right hand trembled, and his more than a dozen footprints on the ground seemed to mock his overweight.

"What kind of boxing is this?!" Ren Dachang asked in a cold voice. Although his Iron Shark Fist is not a sophisticated boxing technique, he has been immersed in this way for decades and has already practiced Iron Shark to a superb state. The well-known Zhenpai school has poor boxing skills.

Now that Li Yun was hit by a punch, don't mention the aggrieved feeling in his heart!

"Inch punch."

"Inch punch?"

"Yes, it's Cunquan." Li Yun smiled slightly, "Elementary Cunquan."

Everyone looked at each other, a basic boxing technique, no, inch boxing is something that ordinary people can learn from, and they can't make it to the table at all.

But Li Yun just used an inch boxing to defeat the iron fist of the iron hand Ren Dachang. There is only one possibility:

Li Yun's strength is much stronger than Ren Dachang!

Chapter 1125: All parties

"Who else wants to teach me?"

Li Yun smiled and scanned the opposite side with his eyes. All the people who met his gaze felt a pressure that seemed to be condensed into substance. For a while, no one dared to stand up and speak.

They were originally aggressive and wanted to fight to the death with the officials, but they didn't expect that just Li Yun alone would crush more than a dozen of them to the point that they dare not even speak!

"Dare to ask you what is sacred?"

Holding a gilded abacus as a weapon, the dark-faced middle-aged man asked coldly.

"Li Yun."

"Li Yun?"

Seeing that he didn't mean to report his origin at all, people gave the nickname Golden Abacus, which made Ye Min annoyed by his unique cold weapon, which often made his opponents difficult to fight against. Come on, it seems that he is also a constricted villain!"

Li Yun smiled and said, "You still didn't report your name, so why did I take the initiative to say your name, but you slandered me for not daring to report your name? I think you want to fish in troubled waters, so you don't dare to report your name one by one. ?"

"Who said that? The old man's golden abacus Ye Min!"

"The owner of Cangyue Island, I live on an island near Zhonghai City!"

"Xia Juechen sword Ye Fanxiu!"

"There is also me! Liu Qingmei, a native of Wumei, in the middle stage of the Innate Realm, is here to help Feihumen!"

Several people from the rivers and lakes reported their names one after another, and it was the first time that Xia Feiyao saw such a scene and found it unusually novel.

In the circle of martial arts, there are not many people who can have a name, at least it must be a natural master to have their own name, otherwise even if you report it, others will only laugh at you.

"I really want to hear about Liu Qingmei."

Xia Feiyao looked at the forty-something-year-old man with a slender figure and a mustache.

She seemed to have heard of this person, and it seemed that she was not a good person.

"Juechen Sword, Cangyue Island Island Master, Wumei Sanren? Yes, they are all very resounding names."

"but!"

Li Yun's smile turned into an indifferent look: "You shouldn't come to the muddy waters of Feihumen. He Canghu, the head of Feihumen, colluded with the demon door and placed evil spirits to harm innocent people!"

"what?"

"This is real?"

The expressions of these people in the rivers and lakes were different, but the elders of Feihumen showed an uneasy expression and quickly retorted.

"The people in the government are all rats who slapped their beards and slapped their horses!"

Wumei Sanren sneered at Li Yun, "Do you think you can touch the black flying tiger door with just one mouth? The Jiuhu true person is generous and righteous, and he is also famous in the world. You brat boy who is scornful, really \*\*\*\* it!"

"ignorance."

Li Yun sighed, shook his head and said: "Now General King Qi and others are leading the soldiers to eradicate Feihumen, but you people want to fight back. It seems that you want to fight with violence.

Forget it, let's go together and see if you can stop me. "

As soon as this sentence came out, not to mention that the Feihumen on the opposite side was so popular that even Xia Feiyao felt that her husband was really...speaking without mercy.

"Boy, pick me up, make a brilliant pen!"

The golden abacus Ye Min couldn't help being the first one. He didn't know where he took out a judge's pen. It turned into a gesture of holding a golden abacus in one hand and a judge's pen in the other. He screamed and killed Li Yun.

The judge pen and the golden abacus are one of the miscellaneous weapons, and the judge pen belongs to the hidden weapon category. Also known as the champion pen.

The shape of this thing is similar to a writing brush, it is cylindrical, the tip of the pen is thin, and there is a small red thing like a sword spike at the end, which makes a sharp breaking sound when it is waved.

Chapter 1126: God-level Vajra Finger

write like an angel!

This trick went straight forward, and the tip of the judge's pen was like a cold glow to Li Yun's eyes. The sharp murderous aura often hit the enemy in an instant, causing the opponent to shrink his pupils. At the moment of loss of consciousness, he was stabbed by the judge's pen. , Direct spike!

Generally speaking, when facing the judge's pen, they always pull a distance, use a long sword or a sword to pull back and forth, and win by relying on the long-distance advantage of the weapon.

But Li Yun did the opposite.

"Ding."

With one finger stretched out, Li Yun's index finger was in the center of the sharp tip of the judge's pen. After the two collided, they made a sound like the humming of gold and iron, which was crisp and sweet.

Everyone was shocked that the judge's pen was made of metal, but Li Yun's fingers were indeed mortal, so it could actually block the sharp judge's pen? !

"What? This is impossible!"

Ye Min looked shocked. He entered the congenital at the age of 30 and had played against many congenital masters, but it was the first time he encountered someone who dared to block his judge's pen with his finger. It was almost unheard of!

"Get down."

With a flick of his finger, when Ye Min lost his mind on the golden abacus, Li Yun easily slapped the judge's pen on his finger, and then slapped it randomly, hitting his shoulder, and blasting it away directly. Mi Yuan away, before he could even use another weapon golden abacus, he was directly defeated.

The scene calmed down.

Li Yun defeated the two innates with two moves, completely shocking this group of buns who had never seen a real master.

"This is... the Dacheng King Kong finger!"

Juechen Sword tightly grasped the sword in his hand and stared at Li Yun. This man is so young, but his stunts can't be faked. This is definitely Dacheng's diamond finger, and it may even have reached a supernatural level. The realm of a master!

A martial arts can be regarded as a great master of the contemporary era, which is completely different from the realm of masters, but it is also worthy of respect from the people of the world.

Juechen Sword never expected to see such a mysterious diamond finger in such a place, it was incredible!

"Dacheng's King Kong finger..."

Jin Abacan was silent, and the iron hand Ren Dachang, who was killed by Li Yun's fist, was also silent. Although this martial arts is the unique martial arts of those monks, it is also widely spread, and it is a move that everyone can do with both hands.

It's just that most people contact the Diamond Finger only to deal with people who are weaker than themselves. After all, except for those iron men who polish their bodies so that the Diamond is not bad, few people use their bodies to confront the enemy.

The iron hand Ren Dachang gave a wry smile. His so-called iron hands are just like \*\*\*\* in front of this Dacheng Diamond Finger. The two are not in the same realm at all!

"Do you still doubt my strength now?"

Li Yun smiled again, and while looking at them, he secretly used his divine sense to oppress, let his divine sense come out, and directly pressed the twelve congenital masters on the opposite side.

With the momentum of one person, against the twelve congenitals, speaking out will definitely scare a large group of people to death!

But Li Yun lost the two in a row, and there was a group of gunmen behind him. His spiritual mind, momentum, and righteousness were awe-inspiring, which invisibly improved his spiritual mind.

"What is this?"

There seemed to be a big mountain in front of him, towering and tall, and like a vast ocean, without bottom, Juechenjian and others breathed quickly. They had seen many powerful people, but no one had ever used their aura. This point!

Chapter 1127: Suppress the twelve innate

The substantive aura was like Mount Tai pressing the top. The twelve congenital masters had pale faces and their bodies were shaky. The longer they stayed under the powerful and convincing aura of the opponent, the deeper the sense of oppression they felt.

The iron hand Ren Dachang and the golden abacus Ye Min, who were defeated by Li Yun, had already dropped their weapons, their heads drooping deeply, their hearts trembled with fear, and they did not dare to have the slightest idea of disobedience.

"Surrender."

Li Yun slowly regained his momentum. Qi Qi breathed a sigh of relief for the twelve people. Ye Min was sweating like rain, his legs trembling, and he almost fell to his knees-it was precisely because he could not hold it that Li Yun took the initiative. Withdraw his momentum, lest he knelt down and turn into anger, desperately trying to save face.

Suppressing people with momentum can make people surrender, but it is only temporary. Unless they are really subdued and make them completely unable to resist the mentality, it is useless.

"surrender?"

The elders of Feihumen subconsciously repeated his words, Li Yun said lightly: "Yes, surrender, you Feihumen combined are not my opponents, let alone deal with the soldiers behind me, you have no chance!"

At this moment, the gunmen standing behind Li Yun all straightened their waists. With him, such an invincible, powerful and mighty general, took the lead in the charge, and it was easy to win Feihumen!

"Surrender? A joke!"

The three elders of Feihumen sneered, drew out the sword arrogantly, and shouted in agitation, "Don't be polite with the officials. Let's go together. He is just innate. How can he be powerful? Live the twelve of us?!"

The other six elders are also a little moved. They have been operating in Feihumen for many years and have obtained too much oil and water.

Li Yun smiled slightly and looked at the three elders and said, "What is your name?"

"Old man Mohu!"

"Mo Hu? Who is Mo Liang from you?"

"My nephew...you killed him!"

Mo Hu realized that his nephew had disappeared inexplicably, it turned out that Li Yun had killed him!

"Yes, it's me."

Li Yun admitted frankly, which made Xia Feiyao feel a little curious, "What did Mo Liang do? You provoked your husband to commit suicide."

Although she has always said that she should be a heroine, she has never killed anyone so far.

"Mo Liang?"

Li Yun said lightly: "He pretended to be a doctor and went to the Zhonghai City Palace to cheat. In fact, he was instructed by the Six Demon Sects. He wanted to subdue the palace's power in Zhonghai City. After the conspiracy was exposed by me, he went to find the demon. The people at the door asked for help. They were used as the nourishment for the gu worms and bitten them alive. When I found him, Mo Liang had been bitten so that his bones were exposed, and there was no intact skin on his body, so I gave him relief."

The expressions of the people were wonderful, as if they were listening to the heavenly book.

"Nonsense!"

Mo Hu opened his mouth and said nonsense. He had been involved in the collusion between the head of the six magic gates a long time ago, and how could he not know these things, but he didn't ask clearly what Mo Liang did in the last few days.

"Nonsense."

Li Yun smiled: "Do you still want to say this word? Forget it, I don't bother to talk nonsense with you, now I give you two choices: die or surrender, it's that simple!"

"Huh, just a little...!"

Mo Hu was about to encourage everyone to go up together. The next moment, a figure suddenly appeared in front of him, and then he was kicked severely in his stomach.

Chapter 1128: Female ghost kills

This kick was so strong that Mo Hu's body instantly bowed into a shrimp, flying upside down seven or eight meters away, falling to the ground so that his internal organs seemed to have moved.

"you!"

More than a dozen innate faces such as Juechen Sword were extremely ugly. Li Yun's speed was too fast. I don't know the number of this light work, but at least it is at the realm of Dacheng. It is better than many flower-picking thieves who are famous for their light work!

Hard work, light work, plus he can release a terrifying aura of oppression, Juechenjian and others secretly calculated that they had no chance of victory, and they could not beat each other completely!

"I don't show my true strength, do you think this world is controlled by you warriors?"

Li Yun said indifferently: "The Six Demon Sects and the Hidden Sacred Valley are sent to the world. All kinds of monsters and ghosts will appear on the stage. The innate realm is just the weakest bottom. If you are not afraid of death, please feel free to blend in this muddy water. ."

Everyone fell silent. It was the first time they heard of such a thing, but Li Yun's strength was real!

"Xiao Qian, come out!"

Li Yun suddenly called a person's name, and when everyone felt very confused, the air around him suddenly became cold.

"Woohoo!"

As if the wailing sound of a ghost sounded in the ear, a tall red figure suddenly appeared in everyone's field of vision.

She is dressed in red, her skin is pale, her fingers are sharp scarlet, and her eyes are also weird blood red. The whole "person" reveals an extremely strange and gloomy breath. When everyone looked at her, they felt a faint tingling in her eyes. , The heart thumps and thumps wildly.

It's as if the woman in red in front of you is a natural enemy of mankind, and she is going to kill in the next moment!

"The son."

After she appeared, she first bowed to Li Yunying, holding a red oil-paper umbrella in her hand, and her gestures were elegant and dignified, giving people the feeling of being a lady.

But the next moment, she seemed to feel something, her head turned 180 degrees out of thin air, and her blood-red eyes looked straight at the elders of Feihumen and Wumei scattered people.

"Ha ha, ha ha ha ha!"

The red-clothed woman let out a weird laugh, her eyes became terrifying, and a strong \*\*\*\* scent radiated from her whole body, instantly enveloping more than a dozen congenitals on the opposite side.

"Damn it, you wicked people \*\*\*\* it!!!"

"I'm going to kill you all to death!!!"

The terrible screams of the female ghost sounded, and more than a dozen of them were born with scared scalp numb. Even Xia Feiyao and a group of armed soldiers standing behind Li Yun were stunned at this moment, and were stunned by the horror of the female ghost in red. Shocked!

"Enough, Xiaoqian!!!"

Li Yun yelled at Nie Xiaoqian. She still couldn't control herself. When she saw the wicked, she remembered that when she was murdered in her lifetime, she was controlled by her own grievances.

Fortunately, now that Nie Xiaoqian has become Li Yun's Lotus Immortal Mansion, he can effectively control Nie Xiaoqian's desire to kill.

"The son, the son."

The suffocation of the whole body slowly dissipated, Nie Xiaoqian's eyes returned to calm, and she lowered her head to Li Yun in shame, "Sorry, son, I did something wrong again..."

"It's okay, I know you can't help it." Li Yun smiled, "And this time I want you to help out. I should thank you."

"No, I don't dare." Nie Xiaoqian shook her hand quickly, "Everything in the slave family belongs to the son. I will do whatever the son wants me to do. You don't have to be polite."

Chapter 1129: Ran away, the head ran away

Li Yun asked Nie Xiaoqian to return to the Lotus Immortal Mansion. Although she could move in the sun with her strong strength, she was a ghost after all, and she was still a little uncomfortable with the sun.

It's like walking alone into a desert under the scorching sun. Although you won't die suddenly, you still feel uncomfortable and will cause problems after a long time.

In the eyes of everyone, this red-robed ghost Nie Xiaoqian disappeared in no time, coming and going without a trace, killing people invisible.

"This this this!"

An elder from Feihumen had weak legs, and after Nie Xiaoqian disappeared, he was so scared that he sat on the ground.

The others didn't have the intention to laugh at him, because they themselves were pale and shocked by the weirdness of the ghost in red.

Except for Liao Hua, General Qi, Director Wang, and a group of gunmen all looked at Li Yun with complicated gazes.

"Husband,"

A soft girl leaned in softly. Li Yun reached out and put his arms around her waist, touched her little head, and said softly, "Don't be afraid, she is just a ghost raised by her husband. It hurt Yao'er."

"...Well, husband."

Xia Feiyao just came back, and Nie Xiaoqian's screaming scream really scared her just now.

Li Yun turned to look at these innate masters: "Are you willing to surrender now?"

The elders of Feihumen, as well as the deacons, thugs, law protectors and others who had been eyeing in the distance, all dropped their weapons and stood aside with their hands tied, expressing surrender.

Juechen Sword, Wumei Sanren, Cangyue Island Master and others looked at each other, and finally threw down their weapons.

"Li Yun, this... take them all back for interrogation?"

Director Wang's attitude towards Li Yun has changed a bit. Before, he treated Li Yun with an attitude towards talents and regarded him as a top hacker technical talent.

But now, Director Wang's tone is a little awed, and he deeply admires Li Yun's methods and power, and he has a trace of fear.

The strength of a person who can control ghosts is absolutely amazing!

Li Yun thought for a while, and said: "The elders of Feihumen have all brought them back. They know He Canghu...no!"

Until then, Li Yun suddenly woke up, flashed before him, grabbed Mo Hu's clothes and asked, "Where is your head? Why hasn't he appeared yet? Where did he go?!"

"Head?"

Not to mention that Li Yun didn't realize until then that the people of Feihumen didn't wake up until this moment, and the head of the house has not appeared yet.

"The head said he was going to get a big killer, let's stop it first, and he will be there soon..." Mo Hu didn't dare to offend Li Yun at all, for fear that he would call a female ghost to kill him.

But when Mo Hu said this, he also reacted. The head was not going to get some big killer at all, but...

"Go away!! The head is gone!!!"

Mo Hu's yelling stunned the people in Feihumen.

The head ran away, and they were so stupid that they wanted to fight Li Yun.

"I'm Cao! The head ran away? Really?"

"It seems to be true. I saw the boss walking towards the back door with a baggage in my hand. I thought it was something..."

"Why the \*\*\*\* didn't you say it earlier!?"

"We were deceived, head, no, He Canghu's servant was ready to escape long ago, I'm afraid it's not the gold and silver jewels that have been swept away!"

"Grass!"

The elders, disciples, and law protectors of Feihumen wanted to cry without tears, and the heads ran away, so what strength did they resist?

Feihumen, completely finished.

Chapter 1130: Ding, get rid of Feihumen

The head is the face of a sect, even if someone breaks through the gate, he should be killed in the sect.

Even if you want to leave a fire seed, it shouldn't be the leader to take the lead to escape, otherwise, this school can basically conclude that there is no backbone, and it is a waste of inflow.

He Canghu ran away without even daring to see Li Yun's face, which was tantamount to drawing the backbone of Feihumen and sentenced Feihumen to death!

"Ping-pong-pong."

The sound of the weapon fell into one, and everyone in Feihumen no longer had the thought of resisting.

"Ding, the host makes a choice to eradicate Feihumen, rewards experience value +2 million, all attributes +2000, golden gift bag\*1, additional rewards: Slashing the wind sword technique is upgraded to master level, Nie Xiaoqian favorability degree +3, additional rewards : Justice value + 30,000."

The prompt of the system made Li Yun stunned. Nie Xiaoqian's favorability has not been changed for a long time. Even the last time she was put into the Lotus Immortal Mansion, she did not increase her favorability, but now she has suddenly increased by 3 points, reaching 92. Much.

However, the system is still cheating, and Nie Xiaoqian is still a ghost, even if the affection is full, Li Yun can't have anything to do with her.

Could it be said that the system will reward Nie Xiaoqian as a human pill?

In addition, the additional rewards also made Li Yun feel a little strange. The justice value rewards of up to 30,000 points were unprecedented.

"My husband is really nice."

Xia Feiyao smiled and took Li Yun's arm with a happy smile on her face.

"What's so good?" Li Yun asked her with a smile, and Xia Feiyao blushed in a playful tone.

"I didn't mean that, the badass husband always thinks wildly!" Xia Feiyao bit her thin lips, "I mean, the husband is a good man and causes fewer casualties, so he uses an arrogant tone and incomparable strength. Forcing them to give up resistance!"

Li Yun laughed loudly, rubbed her little head, and said with a smile: "I didn't think so much. I just want to solve this matter as soon as possible. Yao'er, don't be afraid of my arrogance at that time."

"No, because," Xia Feiyao blushed, "husband is my husband, how can I be afraid of him."

The cute little beauty of Tong Yan Ju 0 is really tempting, which makes Li Yun's heart itchy. If it weren't for an outsider, he would have to kiss her hard and feel Yao'er's wife.' How big is the human heart.

After confiscating the weapons and controlling them, Li Yun led everyone into Feihumen and searched, but he did not find He Canghu.

"Really ran away?"

Xia Feiyao still felt a little unbelievable. As the head of a second-rate sect, a master of the late Innate Realm, she didn't even dare to see her husband, so she ran away!

Li Yun shrugged, "He Canghu knows that I'm great, and it's normal to run away. Forget it, don't care about him for the time being. I will arrest him when I have time. Yaoer, let's go, we don't need us here."

"Where are we going? Tiandanmen?"

"No hurry to go to Tiandanmen, I'll take you to Zhonghai City for a tour, stay overnight before leaving!" A smile appeared on the corner of Li Yun's mouth, "By the way, introduce Qingyu, Lianyi, and the saintess. Give you."

Xia Feiyao widened her eyes and suddenly felt nervous. Will the woman next to her husband accept her?

...

He Canghu, who had changed his outfit, drove a car out of Feihumen in embarrassment.

His face was extremely dark and his stomach was full of aggrieved!
