Chapter 1141: Tiandan Nursing Home

"Go to do some things, I have acquaintances there."

Li Yun asked calmly: "What's wrong? Is there any problem with Tiandan Sanatorium?"

"Hey, what can be wrong with that place!"

The driver laughed a few times, and said in a rather envious tone: "Those who can go to the Tiandan Sanatorium are rich people. The place is beautiful with beautiful scenery and good medical treatment. It is a place where rich people live. I heard that one day's medical expenses Tens of thousands, more powerful than grabbing money!"

Xia Feiyao whispered: "Tiandan Sanatorium? It sounds like the Tiandan Gate is open. No wonder it is said that Tiandan Gate is rich, it turned out to be a hospital."

From ancient times to the present, doctors have been very profitable. Although they are not as good as businessmen, their victory is steady and continuous, and they make money in a long and steady way.

"and then?"

Li Yun smiled, "Listening to the driver's tone, what happened to the nursing home recently?"

"Unexpectedly little brother, you can see it, there is indeed!"

The driver said mysteriously: "I heard, but I heard it, it may not be true—" He emphasized, "Something happened in the nursing home recently. One night more than a month ago, it was noisy. After a long time of ranting, many patients recuperating there were very dissatisfied, and the wind evaluation was very poor. In the end, their monthly expenses were reduced by the nursing home!"

"More than a month?" Xia Feiyao leaned on Li Yun's shoulder and said after hearing the words: "It seems to be Song Yuan?"

"I guess so."

Huh?

The driver looked back at the two in surprise, then quickly turned around and drove back. The little couple seemed to know something inside.

"What happened after that?" Li Yun asked him again: "What happened to the Tiandan Nursing Home?"

"Gone."

The driver shook his head, "How can accidents continue, but today is quite strange. Some of my driver friends took a lot of outsiders there, and they all went straight to Tiandanmen from the plane. It was really strange, I don't know. What happened."

As he said, he glanced at Li Yun from the rearview mirror again. This couple also went to the nursing home. Maybe they had the same purpose as those people!

Judging from the driver's vision of seeing countless people working out every day, this young man has an extraordinary temperament, and his appearance is in the wind, especially his calm and calm momentum, giving people a feeling of being in power for a long time.

"so it is."

Li Yun nodded, probably guessing what the so-called clue was.

"Ding, the host makes a choice, rewards the green gift bag*1, wisdom +100, extra bonus skill: strike up a conversation (beginner, easier to gain trust when communicating with others)."

The corner of Li Yun's mouth was hooked, and the skill of hitting up a conversation was actually pretty good.

Xia Feiyao didn't see any problem from the beginning to the end, she hugged her husband's arm honestly, and finally lay down in his arms to rest. The closeness of the two made the driver extremely envious. One of them had a very good figure. , Is still a cute baby-faced little girlfriend, is a man will be dark.

Without a word all the way, Li Yun took out his mobile phone and sent a message to Shangguan Lingxian, but did not get a reply.

After traveling through Wenshan City for more than an hour, the driver finally sent Li Yun and the two to the Tiandan Nursing Home, which is the location of Tiandanmen!

"Here, no need to look for it."

Li Yun took out two hundred yuan and handed it directly to the driver, waving his hand to indicate that 20 yuan was an extra tip.

The driver's eyes lit up and he quickly thanked him: "Thank you brother, hehe!"

Before, he deliberately told Li Yun the price, but he didn't know that the money was not bad at all.

It seems that those who can come to the nursing home are rich.

Chapter 1142: sneaking

Tiandan Nursing Home is located on the west side of Wenshan City, Donglin Province, surrounded by mountains on the east, Taiji Lake on the west, large orchards on the south, and Wenshan's top villa area in the north, where the rich live in groups.

The sanatorium covers an area of more than 20,000 square meters. In addition to the conventional top medical facilities, it is also equipped with luxury apartments, fitness centers, agricultural greenhouses, gardens, hotel health clubs, hot springs, etc., and functions such as enjoyment, recuperation, and relaxation. Complete.

Not to mention that there are three nature reserves in the nearby mountains and forests, as well as more than 30 scenic spots, making it luxurious and beautiful like a royal garden.

Thanks to these luxurious facilities, the Tiandan Nursing Home is several times more expensive than an ordinary bed by the hospital outside. If you want to live here for a long time, and have a special person to accompany you, it is not too much for four to five million a month!

It can be said that the people who can live in the nursing home are both rich and noble upper class, and ordinary people dare not even enter.

—In fact, many people in ordinary families are afraid of ordinary hospitals.

"Amazing."

After entering the sanatorium, Xia Feiyao looked at the exhibition wall introducing the sanatorium and exclaimed. In Qinglei Valley, usually few outsiders go, and they can't even enter Xiajia Village. However, Tiandan Gate opened its doors to ordinary people. All are welcome.

"Let's go, Tiandan Gate is not here."

Li Yun took her to the east side of the sanatorium, which is the mountainous area at the back door.

Shangguan Lingxian told him that Tiandan Gate is located in the forest and can be reached from the back door of the sanatorium.

The two shuttled in the sanatorium, which is very similar to a general Chinese medicine hospital, but the scenery is better and the people are not so crowded, and most of them are elderly people in their 50s and 60s who are walking slowly with the company of nurses.

"Husband!"

Xia Feiyao suddenly turned to look at him, staring at him, "What is the relationship between you and the fairy doctor?"

"It's okay." Li Yun was innocent, "At best, he is a good friend with a good relationship."

"real?"

"When did I lie to my Yaoer."

"Whee."

Xia Feiyao held her husband's arm with a happy face, and was about to speak, but Li Yun whispered: "Wait, be careful and follow me closely."

"what?"

"Tiandanmen seems very enthusiastic and wants to welcome us."

Li Yun smiled, glanced over a person who was sneaking over, and continued to move forward innocently.

"Master, brother!"

After Li Yun's eyes were swept away, the Tiandanmen disciple who was watching in the dark stood upright. There was nothing special about Li Yun's eyes, but he felt a chill on his back and felt that he had been exposed.

But there is no reason for this feeling. After all, the little beauty next to him has a hot body and a slender waist. It should be normal for a man to see her.

"Is there a situation?"

There was a low voice on the phone, and the Tiandanmen disciple hurriedly informed: "It is Li Yun here! He is walking towards the back door, walking past the nursing home!"

"Okay, got it, you can come back."

When the phone was hung up, the Tiandanmen disciple heaved a sigh of relief. He always felt weird. Why did the brother let him monitor Li Yun?

Li Yun and the two quickly passed through the nursing home and came to the back door, where there was a security booth. When Li Yun went further, he was stopped by the security guard.

"Wait, do you know where is ahead?"

"Tiandanmen, isn't it?"

"Well, it seems you know how to do it, go in, there will be someone entertain you!"

Chapter 1143: Welcome

Li Yun simply reported his origins, and the security guards let him go. It seems that this security booth is to screen ordinary people and people from the rivers and lakes, and prevent unrelated people from entering casually.

After leaving the nursing home, walking along a cobblestone path, the surrounding environment became more and more peaceful.

There are dense forests on both sides of the road, and you can hear the crisp chirping of various birds everywhere. Walking on the cobblestone pavement makes the noise, making the surroundings more quiet.

Li Yun was silent and did not speak, Xia Feiyao seemed to feel the tension and watched her surroundings vigilantly.

"he came!"

"That kid is here!"

"Come on, you guys will take down that kid with me!"

"Knife to kill the officers and soldiers!!"

There was a noise in the distance, and soon, a large group of men, women, old and young, dressed in weird shapes and ferocious, rushed in front of Li Yun and Xia Feiyao.

Xia Feiyao was surprised to see that these people were obviously dressed as people from the rivers and lakes. They were holding various weapons, axes, hooks, forks, swords and sticks, like a side door on the rivers and lakes, and the streets and alleys are all gathered together. dead!

Moreover, these people from the rivers and lakes all stared at Li Yun and her fiercely, looking like a deep hatred.

"Good afternoon everybody!"

Li Yun spoke first and said with a smile to the many people from the sidelines: "I don't think that everyone at Tiandanmen is so enthusiastic. This is the so-called welcome by the road? It really makes Li ashamed and moved!"

The flaming atmosphere was solidified for a moment, and everyone did not expect that this kid would dare to ridicule when surrounded by them. He simply regarded them as nothing, arrogant and arrogant!

"Boy, so courageous!" A strong man with a big waist, a big belly exposed, and a thick palm holding an iron chain hammer yelled, violently swinging the iron chain towards Li Yun's head. He shouted: "Master Eight Star Hammer I can't understand the officers and soldiers the most, let alone the scum that destroys the crowd, and I will die for Lao Tzu!"

The chain hammer, also known as the meteor hammer, is a soft weapon with a spiked metal hammer head attached to a chain. One of its characteristics is that it is powerful and sinks. It has a stronger attack power than the king of a hundred soldiers. Death is wounded, and all the internal organs are broken into pieces!

The spiked meteor hammer whizzed and fluttered in the air, and there was a long iron rope behind it, making a clanging impact. The ball at the end was as big as a human head, and it was covered with sharp metal thorns. It can definitely explode all the brains on a person's head.

"it is good!"

Many people from the rivers and lakes have already cheered, waiting for the strong man to blow Li Yun's head!

The next moment, a white man's palm stretched out, blocking the direction of the meteor hammer.

"boom!"

"impossible!"

Accompanied by the huge impact, this thought flashed in everyone's mind. They were shocked to see that the meteor hammer was actually blocked by the white palm, and nothing happened except for a sound wave.

No screams, no brain splashing.

The meteor hammer, which was the size of a head, was forcibly held in mid-air like this, making the group of people from the rivers and lakes holding strange weapons be stunned.

"Master Eight Star Hammer? This is a good name."

Li Yun pulled the meteor hammer slightly, and immediately, the iron cable connected to the meteor hammer became tight, and the two sides seemed to be in a tug-of-war, pulling the meteor hammer into a creak.

"But I think that after today, Master Eight-Star Hammer should be renamed as Brother Chuqiu."

Chapter 1144: Eight Star Hammer

The eight stars refer to the eight spikes on the meteor hammer.

Although the Eight-Star Hammer is only in the acquired realm, his weapon is too eye-catching, and everyone who has seen him wield the Meteor Hammer is shocked, so the name: Eight-Star Hammer.

This master hammer is also a good hand in the arena. Relying on the convenience of the weapon, he once forcibly hammered an innate hammer to his head, and the two sides drew a draw. This battle made the eight-star hammer's reputation even more spread. wide.

But now Li Yun actually ridiculed him as the ***** brother? younger brother? !

"you wanna die!"

The Eight-Star Hammer was furious, and gritted his teeth to resist the incomparable pull from the chain, his big dark face rose to red.

"Get up."

Li Yun lifted his hand, and everyone was surprised to see that the eight-star Hammer's sturdy body actually rose into the air.

"Boy, stop!!!"

An extremely angry voice came from a distance, and several figures rushed in.

But the Eight-Star Hammer had already smashed down, and with a bang, the huge body smashed the ground out of a huge pit. The ground was actually shaking. The meteor hammer that originally had spikes turned into a ball at this moment, and the iron rope was stretched. Suddenly, he perfectly responded to what Li Yun said just now.

Master Eight-Star Hammer, became the ***** brother.

When the people from a distance arrived, Brother Hammer was already angrily, and his huge body was lying in the pit unable to move.

"Who would dare to do it?"

Li Yun smiled slightly, his vigor went straight through the clouds, his eyes were proud, without the slightest fear.

"You, you, you murderous demon!!!"

An old man pointed at him tremblingly, his lips pale.

"Murdering demon?"

Li Yun's voice cooled down, "You are coming so aggressively, you will kill people without saying a word. If I were an ordinary person, I would have been lying on the ground! Who is the murderer? Huh?"

Everyone was frightened by his aura, and they were speechless for a while.

"I left a hand just now and didn't kill him directly, but." Li Yun looked around the group of people holding weapons indifferently: "If anyone dares to attack me again for no reason, then don't blame me for being polite. Those who want to kill me are now all in the underworld, you can try!"

The air seemed to freeze, and Li Yun's strength far exceeded their expectations!

After a long while, a man in his fifties with a majestic, but embarrassed look, said in a deep voice: "What a kid with a sharp tooth, no wonder he dared to lead someone to destroy my Feihumen!"

"hehe."

Li Yun sighed and laughed: "He Canghu, He Canghu, I really don't know what to say about you. You ran away if you escaped. As long as you hide well, you can still be a rat in a gutter for the rest of your life. "

Yes, this person is the head of Feihumen, the He Canghu who is known as the real person of Jiuhu!

"you!"

He Canghu was trembling with anger at Li Yun's words, and the hatred of Miemen made him almost mad, staring at Li Yun with eyes full of tears.

"Brother Li." A handsome and gentle man with a calm face, his eyes full of sympathy when he looked at Li Yun: "This is the last time I called you Brother Li. I really didn't think you were such a person. The officers and soldiers wiped out Feihumen all over the door!"

One sentence excited the people present at the scene, and they clamored to kill Li Yun on the spot!

"On wearing a mask and acting as a hypocrite, I really can't think of anyone better than you."

Li Yun clapped his hands in admiration, and there were quite a few acquaintances standing in front of him.

He Canghu, Feng Changhua, Elder Huang, the old man of Qingsang, and Yuwenji!

Chapter 1145: I, Li Yun, are both justice

Except for Shangguan Lingxian who didn't appear, all his acquaintances came.

The system prompt sounded just right.

"Ding, trigger the option event, please choose from the host:

Option 1: Take a brazen action and slaughter this group of people, reward evil value +100, experience value +3 million, all attributes +5000, golden gift bag*3, get a martial arts at random, extra reward: skill pill. Note: After selecting this option, the host has a high probability of becoming a demon that everyone shouts and beats in the arena.

Option 2: Come one to kill one, two to kill one pair, reward justice value +100, experience value +1.5 million, all attributes +2500, golden gift bag*1.

Choice 3: Don't kill anyone, stick to Shangguan Lingxian, reward justice value +3000, experience value +1 million, all attributes +1000, purple gift bag*1. "

Seeing the prompt from the system, Li Yun thought about it.

There is no doubt that killing all the people is the simplest and the reward is the most generous. The evil value is only increased by 100, but as a result of the blood flow, there is no doubt that his reputation will be ruined from now on.

His eyes flickered a few times, Li Yun had an idea, looked at Yuwenji, and smiled: "Unexpectedly, Yuwenji you also appeared. Back then, I ran a big truck and hit me. I didn't expect that I could kill you guys?"

Yuwenji was Yuwen's family, the elder of the outer door of one of the four top-notch families in Jianghu. He was invited by Yuwen, a young man who had forgotten what his name was, to assassinate him. The two sides fought on the highway. In the end, Li Yun In the future, the realm of great consummation, successfully defeated the innate of the two Yuwen family, resulting in one death and one injury.

In order to maintain its reputation, Yuwenji expelled Yuwenji from the family, and his whereabouts remain unknown to this day.

"Boy, you, find, die!"

Yu Wenji's face was resentful, his steel teeth clenched, and a grim expression that he could not wait to swallow Li Yun.

He had an extremely miserable time during this period. There was no scenery of being a Yuwen's elder, and no servants and maids shouting before and after. He was hiding in a small mountain village. It was really like Li Yun said, like a sewer. As pitiful as a mouse!

"Shut up, I'll take care of you later."

Li Yun stopped the other party indifferently. Without even thinking about it, he knew that Yu Wenji was entangled with He Canghu. The two of them didn't know how to say something to these idiots. Treat them as guns.

"Listen!"

Ignoring the murderous gazes of Yuwenji and He Canghu, Li Yun said loudly: "I don't care what you hear or see, but justice can never defeat evil. Black is black and white is white. If you are so stupid as a pig Almost, if someone is called as a monkey, then I don't mind killing all of you, because I, Li Yun, are justice!!!"

I am justice!

The loud and righteous voice came into everyone's ears clearly. At this moment, everyone was shocked by the sound of clank, and they were all thinking about whether what he said was right or wrong.

Li Yun, is it justice?

"This kid!!!"

There was a fierce look in Feng Changhua's eyes, but he had to admire Li Yun's decisiveness.

Surrounded by many people from the rivers and lakes holding knives, guns, swords, and halberds, they took the lead in showing their righteous position and preventing chaotic beatings. This step was quite delicate.

Chapter 1146: Poison King Swordsmanship

Otherwise, once everyone starts to use their swords and guns, there is nothing right or wrong, only killing!

When He Canghu and Yuwenji found out, Feng Changhua quickly came up with this poisonous trick. By inspiring the people from the rivers and lakes who came to watch the Song and Yuan incident, he quickly killed Li Yun before Shangguan Lingxian came out. .

Even if he is allowed to escape, as long as he kills people during the melee and turns into an evil existence, then, the gentle and kind-hearted Shangguan Lingxian, who takes healing and saving people as his duty, will definitely hate him!

But now, Li Yun has put himself in a righteous position through clever tongues and tricks-if these people from the rivers and lakes do not explain why he besieged and killed, then Li Yun's anti-killing is just!

"You are shut up!!"

As the head of a second-rate sect, how could He Canghu fail to understand what Li Yun did. He coldly shouted: "How dare you call all the heroes present as pigs? It shows that your personality is arrogant and arrogant, no wonder you have become a running dog of the government. !"

He Canghu's response is also very simple, one is to arouse the anger of everyone present, and the other is to call Li Yun a running dog of the government. The two-pronged approach is to make the scene out of control.

"You are the dog!!"

Xia Feiyao yelled and pointed at He Canghu's nose with a sword and cursed: "You are shameless and timid. You colluded with the magic door in front, and when you were caught by the official uniform behind, you threw down your disciples and subordinates. , I ran away, but now I'm conversely framing Li Yun to kill you, shamelessly! I have never seen a brazen person like you!"

When she angrily scolded He Canghu, her breathing was short, causing the mountains to undulate, which attracted the attention of many people, but it calmed the scene.

Very subtle.

"Little girl, who are you?" A 70-year-old, gray-haired, holding a heavy silver cane, but the energetic old woman looked at Xia Feiyao's face not so good.

"My name is Xia Feiyao!"

As if to prove her own words, Xia Feiyao did not report her origin, but emphasized: "Grandma, this is what I have seen with my own eyes. There is no trace of falsehood. It is absolutely true and reliable! I swear!"

Perhaps it was an old grandmother's heart in the heart of the old woman with a heavy crutches, her face improved a lot, and she asked: "The little girl, what's the so-called collusion with the Six Demon Gates? Is the Flying Tiger Gate destroyed?"

Li Yun saw that this old woman was very prestigious, and faintly heard everyone calling her Grandma White.

"That's it." Xia Feiyao was very nervous at the moment. She felt that she had a great responsibility and must restore her innocence for her husband.

"Grandma White!"

Feng Changhua forcibly interrupted Xia Feiyao's words, and if he didn't hurry up, his junior sister was about to arrive!

"Bullying the weak, killing and planting, destroying the crowd, colluding with the government!"

Feng Changhua showed off his sword and shouted coldly: "Li Yun, today I, Feng Changhua, must seek justice for the world, kill!!"

The sword was out of its sheath, and the silvery white sword light burst forth in an instant. Ling Li's sword intent made the skin of everyone present cold, and they all looked at Feng Changhua in surprise.

"This is the Poison King Sword Technique?!"

Everyone exclaimed.

Everyone in the world knows that Tiandanmen is a school of physicians. Most of the disciples in the school practice the gentle and true energy of healing and saving people, and most of them are martial arts.

The only two swordsmanship, one is called "Pill King Swordsmanship", this swordsmanship originated from the hand of a medical master a thousand years ago. At that time, in troubled times, he was forced to create this sword that does not kill. fencing.

Chapter 1147: Empty-handed

The so-called non-killing swordsmanship is about the kindness of swordsmanship, avoiding the vital points of people everywhere, only seeking to control the enemy, not to hurt people.

But afterwards, a cruel-hearted physician came out of Tiandanmen. His family was destroyed by the enemy, and the resentment was difficult to dispel. This physician completely transformed the Danwang swordsmanship into a fierce swordsmanship that attacked people everywhere.

King Dan swordsmanship avoids the key points. From another perspective, people who learn this swordsmanship also know all the key veins of the human body.

Therefore, the sword technique of the pill king and the sword technique of the poison king can be understood to a certain extent, and the mutual conversion is as smooth as silk, killing and conquering the enemy all within a single thought!

Feng Changhua's fierce sword light pointed directly at Li Yun's heart. There is no doubt that he is using the Poison King Sword Technique!

"die!"

The cold sword light swiftly resembled thunder and lightning, flashed in an instant, passed through the void, and appeared in front of Li Yun.

Before the cold light arrived, Xia Feiyao, who was standing next to Li Yun, already felt the cold killing intent of this sword light. Goose bumps appeared immediately, and her whole body trembled and she didn't know how to react.

"Husband..."

Xia Feiyao's eyes were dull, and she saw the hand that she had been familiar with was raised up, seemingly slow, but actually blocking the front like lightning, and **** were gently clamped.

collapse--

The sword light dissipated, the killing intent receded, the sharp and cold sword strokes vanished in an instant, and they were easily subdued by two fingers.

"This is impossible!"

The onlookers were horrified and inexplicably shocked, the pupils of the old woman Tieguai suddenly shrank, and ***** caught the Poison King's swordsmanship, which was more shocking than empty-handed.

"court death!!"

Feng Changhua was frightened and angry with the sword in his hand. Li Yun's power was far beyond his imagination, but at this moment, he couldn't think about it. Feng Changhua poured his body's true energy into the sword, and instantly aroused the brilliant sword light again, trying his best to think. To get rid of the shackles of Li Yun's fingers.

"Zhengzheng!"

The sword made a sharp clanging sound, the sword body trembled violently, and small waves of sword aura bounced out and fell on the surroundings, cutting the surroundings to pieces.

but!

Feng Changhua's sword was still unable to get rid of the shackles of those two white fingers, just like a delicate and weak little girl, forcibly held by a giant man, without the slightest resistance.

Everyone was stunned. This complete competition of strength, head-to-head but shockingly contested, frightened them all.

A minute ago, some people said that they could use two hands to designate the Poison King's swordsmanship of Young Master Hua who lived in the Innate Realm. They had to be scolded by them.

But now, this thing really happened!

"stop!!!"

A woman's tender voice came from a distance. Soon, a woman in a fluttering white skirt hurried over. Seeing the scene in front of her, her face turned pale, and she hurriedly shouted: "Second brother, Li Yun, what are you doing? Stop!!"

"Shangguan Lingxian is here!"

Everyone was secretly relieved.

Originally, they came to besiege Li Yun, deliberately avoiding the attention of the spiritual doctor fairy, because even if Li Yun is a bad guy who does no evil, the spiritual doctor fairy will definitely take action and prevent them from killing people directly.

But now after seeing Li Yun's astonishing strength, everyone felt that it would be good for the spiritual doctor fairy to come forward to mediate.

"Ding, trigger the option event, please choose from the host:

Option 1: Kill Feng Changhua in front of Shangguan Lingxian, reward experience value +1 million, all attributes +1000, justice value +3000, purple gift bag*2, extra reward: Shangguan Lingxian favorability degree -100. "

Chapter 1148: Capital offenses are forgiven, living offenses are inevitable

"Choice two: a meal for a long time to beat the wind, reward experience value +500,000, all attributes +500, blue gift bag*3, additional reward: Shangguan Lingxian favorability degree -50.

Option 3: Let Feng Changhua be forgotten, reward skill: Madonna's Heart (the enemy hits your left cheek, you greet your right cheek), extra reward: Shangguan Lingxian favorability degree -30. "

After reading the three options, Li Yun just wanted to say, why is Shangguan Lingxian's favorability lower? Because of the wind? It's unlikely... Is it because of Xia Feiyao?

"Li, Li Yun!" Shangguan Lingxian took a deep breath, and the mountains hidden under the holy white plain skirt were only a little smaller than Xia Feiyao.

"Let him go, there must be some misunderstanding in this matter!"

Shangguan Lingxian knew that the second brother was definitely not Li Yun's opponent, so he begged Li Yun to let go.

The sword light on Feng Changhua's sword slowly disappeared, and everyone didn't know how to evaluate this battle. Young Master Changhua from Tiandan Gate consumed the true energy in his body and couldn't pose the slightest threat to Li Yun.

The gap between the two is too big!

"Do not."

Li Yun lightly spit out a word, Junyi's face was full of indifferent expressions, "I said that anyone who wants to kill me will have to pay the price, Lingxian, your second brother wanted to kill me. To kill him on the spot."

When it comes to this, Feng Changhua's hair is standing upright, he can see that what Li Yun said is true, and the other party really wants to kill him! !

He vaguely felt bad, and when he was about to release his weapon, he suddenly discovered that the opponent's true energy had passed through the sword, like a turbulent flame poured into his body, wantonly destroying his internal organs.

"But for your face, I will spare your brother once."

Li Yun's fingers pressed hard, and the sword designated by the two of them made a piercing noise. The **** were like industrial iron tongs, firmly gripping the sword.

Everyone was horrified to see that Feng Changhua's face flushed, no, not only the exposed skin on her face, neck, hands, etc., all turned red, as if she was being framed on the fire to be roasted!

"But the death penalty is forgiven, and the living sin cannot escape. Those who want to kill me must pay the price!!"

"Click!"

As soon as Li Yun pressed his hand, Feng Changhua's sword broke. Before he could react, Li Yun's powerful and heavy kick hit his stomach.

"boom!"

The handsome, gentle and moist Lord Changhua turned into a shrimp and flew into the air. With his red body, it looked like a shrimp cooked in boiling hot water.

Feng Changhua flew seven or eight meters away and fell to the ground. His elegant gown became dirty, but compared to the embarrassment of his body, the hot qi raging in his body was what made him horrified.

"You, you!" Feng Changhua spit out blood, limp all over, let alone fighting, it is difficult to stand up.

"Ding, the host made a choice and insisted on arriving at Shangguan Lingxian, rewarding justice value +3000, experience value +1 million, all attributes +1000, purple gift bag*1."

"Ding, the host makes a choice, and the wind blows for a long time, rewards experience value +500,000, all attributes +500, blue gift bag*3, additional reward: Shangguan spirit fairy favorability degree -50."

Favorability dropped by 50, and ordinary friends who fell directly to 48 were not as good as ordinary friends. It can be seen that Shangguan Lingxian's dissatisfaction with Li Yun's behavior just now broke her heart.

Chapter 1149: so funny

Li Yun didn't regret it at all. It was impossible for him to violate his own heart in order to maintain his friendship with Shangguan Lingxian.

Feng Changhua wanted to kill him. Li Yun could have spared Shangguan Lingxian's face once, but he absolutely couldn't tolerate letting him go so easily!

"Wind is everlasting."

In Shangguan Lingxian's eyes widened, Li Yun said indifferently: "I didn't abolish your dantian, but cut off your hope of impacting the mid-innate in this life. A little punishment, I hope you can Keep it in your heart, don't trouble me in the future."

Feng Changhua was so angry that he spouted blood again, and fainted completely.

Being unable to make further progress in this life means that there is no hope in the second half of life, and can only live a lifetime in the congenital period, being mocked as Li Yun's defeated opponent!

"What a wicked kid!"

The old Tieguai woman shook the cane tightly, staring at him with cold eyes, as if she didn't agree with her, she would start her hand.

"That's right, the future of killing people is too poisonous!"

"This kid is cruel, and I want to say, everyone should go together and kill this demon!"

"Poor Young Master Changhua, suffered such a terrible blow!"

The verbal abuse from the people around made Shangguan Lingxian's delicate body tremble. She really couldn't figure out why things had developed like this.

On one side is her senior, and on the other side is Li Yun, who has a deep affection for her. No matter which one, she doesn't want to see injuries.

But reality is often so unsatisfactory.

"Ding, trigger the option event, please choose from the host:

Option 1: In front of Shangguan Lingxian, kill this group of people, reward experience value +2 million, all attributes +3000, golden gift bag*1, purple gift bag*5.

Option 2: After killing Yuwenji and He Canghu, turn around and leave, reward experience value +1 million, all attributes +1500, golden gift bag*1, justice value +2000, skill: kill one person in ten steps, do not stay for thousands of miles .

Choice 3: Try to be patient, persuade this group of fools, and use justice to capture Hecanghu and Yuwen, reward experience value +2 million, all attributes +2000, golden gift bag*1, extra reward: Shangguan Lingxian good Sensitivity +20. "

With three choices, the massacre line, the killing of a small part, and the justice line, Li Yun chose the third without much thinking.

For Shangguan Lingxian.

"so funny."

Li Yun's face was calm, and said: "Feng Changhua took the initiative to shoot me, the sword pointed at my heart, he was so cruel, but you didn't say he was vicious, but I spared him his life and only abolished the rest of his life. You guys just jumped out and blamed me one by one, it's really eye-opening for me."

Everyone was speechless, and they couldn't say anything to refute.

"Could it be." Li Yun smiled faintly and looked around the group of people with various weapons: "Could it be that you group of arrogant, arrogant, reckless, and stupid people are all hypocrites, really villains? You are allowed to kill, and others are not allowed to kill you?"

The expressions of all the people are extremely wonderful. The strong man holding the meteor hammer before was trembling with anger and yelled at me, but I don't know if he dare, or there is no reason to do it to Li Yun, he can only beat his hands in furious anger. chest.

"Junior, don't speak too badly!"

The old woman Tieguai's face was dark, "It is true that Feng Changhua took the initiative, but he did it for..."

"For a fart."

Chapter 1150: What do old things pretend to be

Li Yun interrupted her indifferently, and glanced at her squintingly: "Old man, you pretend to be a customer, but how much do you know? What inside story did you learn? Do you know the causes and consequences of Song Yuan's madness? Do you know Feihumen, Zhonghai City? Do you know what He Canghu is like, or do you know why Yu Wenji was expelled from the family?"

Repeatedly asking questions, it turned out to be speechless to the old Tieguai woman who had been scolded by the old guy.

Xia Feiyao's whole person is not good.

She has always known that her husband acts in an unconstrained manner, regardless of the respect of her elders, laughing and scolding as she pleases.

But I didn't expect that in front of the fairy doctor and the seniors, the husband would dare to call an old man who was seven and eighty years old as an old guy!

"you!"

The old Tieguai woman who came back to his senses was furious, and was about to swear, Li Yun took the lead and said: "Have you understood the details of the matter? Now He Canghu and Yuwenji are here, why don't you verify it with your own eyes? The brain is so old that there is only one rib left, so it won't turn a corner?"

I have to say that if there is time to stimulate the law is also a kind of scheming. Although the old woman Tieguai knew that Li Yun was arousing him, but in order to prove that she was not an idiot, she had to suppress her anger and shouted in a deep voice: "Okay! , And all the fellow comrades present here will share a testimony to see what happened between your Li Yun and Feihumen and Yuwen's family!"

The old woman Tieguai had great prestige among the many people from the sidelines. When she said to stop, many people who were filled with righteous indignation and wanted to fight Li Yun obediently stopped.

In addition, Shangguan Lingxian agreed that the few Tiandanmen elders who followed her could only go and show Feng Changhua the injury, and we will talk about it later.

Until then, Xia Feiyao slowly let go of her heart hanging in her throat. The series of things that happened just now were really...exciting.

She thought it would be terrible for her husband to be slandered, but she didn't expect that after he managed it, things would turn around again.

"Grandma!"

In order not to let her husband say anything offensive, Xia Feiyao robbed Li Yun this time and respectfully saluted the old woman Tieguai. The latter's expression improved a lot, and she glanced at Li Yun, as if Say you look at you and others, and then look at you!

"Little girl, what do you want to ask?"

"That's it." Xia Feiyao looked at He Canghu: "You said my husband killed Feihumen, what is going on?"

Hearing this girl with a baby face and her chest being bigger than her uttered the word 'husband' herself, Shangguan Lingxian's heart squeezed fiercely, and there was a buzzing in her mind, and she couldn't listen to Xia. What did Feiyao say afterwards?

She already knew that Li Yun had several confidantes, but seeing it with her own eyes still made her extremely disappointed and sad.

"...My husband indeed helped the officers and soldiers of Zhonghai City to control Feihumen, but didn't kill anyone!" Xia Feiyao said decisively, "There is nothing like the so-called Destruction of the Sect, He is in charge. Have you misunderstood something? That's right, you escaped before we broke into Feihumen. You don't know the cause and effect of the matter at all!"

Everyone looked at He Canghu and saw that his expression was very exciting, and they suddenly understood something in their hearts.

"I just said that it is a fake to destroy the whole family. There are so many things to destroy the family now...except for Song Yuan's servant!"

"It's really unexpected that the dignified real person Nine Tigers left the doorman and escaped."
