

Godly Choice 1151

Chapter 1151: You are deserter

"Hehe, no wonder this He Canghu hurried to us for help, it turned out to be a deserter."

"Anyway, this kid brought officers and soldiers to trouble us quacks, I just can't bear it!"

There was a lot of discussion, and He Canghu was so confused, he had to look at Yu Wenji for help.

In their original plan, as long as they aroused the indignation of this group of people from the rivers and lakes, Li Yun would have died under the impulse, and he would not develop to the point of confrontation at all!

Yuwenji can still maintain his composure. He sneered: "Little girl film, you and him are all the same. You said you didn't die if you didn't die? We exaggerated the gate, but you stepped down on Feihumen, isn't it? Still want to deny?"

Everyone turned to He Canghu again and looked at him with sympathetic eyes.

"In any case, destroying the sect is a serious crime!" Tieguai also said, looking at Li Yun still coldly, "Especially in the case of colluding with officers and soldiers!"

Shangguan Lingxian forcibly suppressed the sourness in his heart and began to worry about Li Yun.

She was in the arena, and she grew up in Shangguan. How could she not know the hatred of the Jianghu people towards the government.

For martial artists who respect martial arts and are at ease, the government is synonymous with shameless and dirty. Even in the new century, they don't believe in modern government at all.

"This....."

Xia Feiyao had nothing to say, she really didn't know how to get rid of the crime for her husband, it was so difficult.

"Yao'er, let me do it."

In the hostile eyes of everyone, Li Yun said slowly: "I killed Feihumen because it deserved to die."

boom!

One stone caused a thousand waves of waves, and everyone took up their weapons and clamored, killing this kid, so arrogant.

So overbearing.

Shangguan Lingxian Petrochemical was on the spot. She knew that Li Yun had always been strong, but she didn't expect that he would actually say 'it damn'.

"Insult my sect, I will kill you!"

He Canghu screamed, the sword in his hand was glowing, but his feet were motionless.

Including everyone, they all stayed there, and didn't dare to step forward and be the first to do it.

"hehe."

Li Yun smiled mockingly, and said: "What I said is not wrong, because Feihumen is damned. Do you know that Feihumen did something maddening and let the armed policemen of Zhonghai City go and eradicate them? "

Everyone calmed down.

Indeed, there was a reason for the incident, and officers and soldiers couldn't just destroy the sect of people casually.

"I'll count the crimes of Feihumen." Li Yun stretched out a finger: "First, Feihumen colluded with the demon door and acted violently in Zhonghai City. Among them, in Longyang County, no fewer than five people died, dozens of them. People were destroyed as a result."

"You shut up! The old man has never done this before!!!"

"Secondly, Feihumen became a demon's minion, united with Song Yuan, committed evil deeds in Zhangjiacun, brutally murdered Zhang Xing, his mother, and many people, and turned the corpses into zombies, which is a heinous crime!"

Everyone was surprised that Song Yuan was also related to Feihumen?

The elders of Tiandanmen had even more ugly expressions, Zhang Xing actually died because of Feihumen! ?

"You are talking nonsense!" He Canghu's expression was violent, and the sword in his hand was trembling all the time.

"The third."

Li Yun continued: "After He Canghu fled, he colluded with Yuwenji--perhaps he also colluded with Feng Changhua, besieging you to come to besiege me, in order to cause killing and deceive the world. You He Canghu fled all of them for three counts. Do not take off, so Feihumen should be wiped out, and your Hecanghu should also be punishable!"

Chapter 1152: escape

The scene fell silent for a while.

After a while, Yuwenji was about to speak. Li Yun had already paid attention to him. He stretched out his finger to him and said in a cold voice: "This man Yuwenji had previously intended to kill a begging person with someone. He became a joke and was expelled by the Yuwen family. , Have you all forgotten?"

"Kill a beggar? Why? Isn't he Yuwenji the outer elder of the Yuwen family?"

"Hehe, I heard that the beggar offended him, and was chased home by Yu Wenji, and his face was gone!"

"There was indeed this incident, and it was quite widespread at the time!"

"But isn't Yuwenji saying that Yuwen's family has withdrawn the previous announcement?"

"Who knows, but this matter is guaranteed by the palace family, it should be credible."

Everyone talked about it. Yuwenji's face turned into a pig liver color. In fact, Yuwen's family didn't say anything, but asked him to find a way to kill Li Yun. As long as Li Yun dies, there will be no obstacle to his return to the family!

"Is there anything like Yuwen?!" The old woman Tieguaai looked at him coldly. Even if he was not a jealous person, she would despise him when she heard someone trying to kill a beggar.

Not to mention that such people are planning to commit fraud.

"No, no!"

When Wan Fu pointed out, Yu Wenji could only bite the bullet and return, but his eyes had begun to look around, looking for a way to escape.

They can't take advantage of the situation to encourage them to kill Li Yun, the plan has completely failed, as long as the other party compares it a little, the truth will be revealed immediately!

"no?"

Li Yun smiled, "The original thing was carried out under the witness of the palace family, and your Yuwenji was also expelled by the family personally. Now suddenly he appeared and said that the original thing was false. Could it be that the Yuwen family wanted to turn his face and deny it? Old things?"

Everyone clamored, and they just wanted to understand that Yuwenji's matter was jointly determined by the two families. Unless a joint statement is issued again, Yuwenji's reputation will definitely not be restored!

"escape!"

Knowing hopelessly, Yuwenji performed light work, his figure turned into a flash of lightning and rushed into the group of people. At the same time, his hands danced wildly, forcing everyone to flee, screaming and roaring everywhere, everyone scolded. Yu Wenji's despicable and shameless.

"good chance!"

Yu Wenji was delighted, his feet moved quickly like a wind, passed through the crowd in an instant, and swiftly fled outside.

Finally escaped!

Comptroller Yuwen heaved a sigh of relief, and turned around and planned to drop a ruthless sentence: "Boy, you wait, the old man is bound to... uh!?"

His voice stopped abruptly, because Yu Wenji was shocked to find that a figure followed behind him like a tarsal maggot, looking at him with a smile on his face.

"What is bound to be?"

Li Yun poked out his right hand leisurely, "I am bound to be broken into pieces? Unfortunately, you have no chance."

"I fought with you!!"

Yuwenji roared, both palms came out, the blue veins on the palms burst with rage, the strong wind roared, and the mass of innate mid-term innate qi was poured into this palm.

In an instant, a billowing heat wave came.

Quite a few well-informed people in the rivers and lakes immediately recognized that this is the Yuwen family's family heirloom palm technique, coupled with the second move of the Yandi palm from the "Yandi Heart Sutra", push the mountain!

"Can this kid stop it?"

They can't help but doubt that Yuwenji's mid-innate strength-this is why he can easily gain the trust of everyone. In addition to Yuwenjia's strong yangzhigang inner gong mental method, it is absolutely comparable to the power of the late-innate. !

Chapter 1153: Masculine vs. Masculinity

"Essentially Yang Zhigang? Ha ha, I also happen to have a yang-attribute boxing technique."

With an expression on Li Yun's face, Gu Jing was not waved, facing the hot palms, he clenched his right fist and punched out.

The unremarkable punch made everyone wonder if he had given up resistance.

But the next moment, after the fists touched, everyone's eyes widened.

"boom!!"

A heat wave exploded, and Li Yun's right fist seemed to turn into a small sun, dazzling, hot and red, and instantly broke Yuwenji's palms and blasted his chest.

Yu Wenji's expression froze, his movements stopped abruptly, and his body was enveloped by a zhenqi stronger than the Yandi scriptures, and the zhenqi in his body instantly collapsed.

"I!"

Yu Wenji opened his mouth and wanted to speak, but his body could no longer hold it. He knelt on the ground softly, his whole body hot and red, as if he was immersed in magma.

Everyone was shocked to see that Yuwenji's hair was roasted and curled, and even the clothes were twisted and deformed. If the temperature is higher, I am afraid that he has turned into coke!

Many people in the rivers and lakes fell silent.

Yuwen is despicable and shameless, but the Yandi Zhenjing he cultivates is rare in the world of masculinity, and it is as famous as Qingleigu's violent "Kuang Lei Jue".

But I didn't expect that in the face of Li Yun's equally masculine boxing technique, the Yandi Heart Sutra was defeated cleanly, and even Li Yun was only in his innate early stage!

"Abolish your martial arts and do it for yourself for the rest of your life."

Li Yun patted him on the shoulder, turned around and walked back indifferently, looking at another target, He Canghu.

There are two reasons for not killing Yuwenji. One is that he does not want to embarrass Shangguan Lingxian, and the other is to restore some of his own reputation. After all, Yuwenji has become disabled and his strength is not as good as ordinary people, and he offends this group of rivers and lakes. People, even if they are still alive, are in a state of inferiority to death.

"He Canghu, it's your turn."

Li Yun walked forward calmly, the former head of the group, the real Jiuhu, actually took a step backwards in fright, his face looked terrified and ugly, if he didn't know that he would never be able to get under Li Yun's ghostly light work. Escape, it is estimated that he had already run away like Yu Wenji!

"Li Yun!"

Shangguan Lingxian came over, biting his lips tightly, as if he wanted to talk but stopped.

She was very contradictory in her heart. The facts proved that Li Yun was right, but she felt uncomfortable when she saw him clean and abolish people's martial arts.

It seemed that her beloved thing was taken away and destroyed, which made her depressed.

"Lingxian."

Li Yun said calmly: "I know what you are thinking, but everything in the world has its own rules. The good should be rewarded, and the evil should be punished. Forgiving sins is tantamount to creating death."

Shangguan Lingxian's face was complicated. After looking at Li Yun's face for a long time, he nodded slightly, and stepped back a few steps, indicating that she would no longer bother about this matter.

"He Canghu, go ahead." Li Yun said again: "How do you want to defend? Just remind you that no one can protect you today!"

Shangguan Lingxian's face was a little sad.

Everyone clamored again, Yu Wenji was despicable and shameless, so He Canghu who was with him did not seem to be a good product!

"I don't need to excuse!"

After all, He Canghu was the head of the house, and soon calmed down, his voice firmly said: "I have never done what you said. Of course there are some people in Feihumen who do evil, but the crime is not dying, and should not be killed. Kill the door!"

Chapter 1154: My grandfather is in the realm of masters

"In that case, why did you run away without fighting?"

Xia Feiyao pointed at He Canghu's pain points and looked at him contemptuously and said: "You are really shameless. After knowing that my husband and the armed policemen attacked together, I was so afraid to run away immediately, and also deceived the elders. Protector disciples, let them go out and buy time for you to escape!"

You are really bad! "

The faces of everyone were weird, and they couldn't believe that the real Jiuhu was such a person.

He is also the head of a second-rate sect at any rate, but it is extremely despicable and shameless to do this kind of escape.

He Canghu's face was pale, and the shadows in his eyes were terrifying. He stared at Xia Feiyao and shouted coldly: "Little girl's film is full of nonsense, I think you are the same as the government!"

"you!"

Xia Feiyao was very angry, and the mountains on her chest were ups and downs, and she glared at him and said, "I am talking nonsense? Huh, how can I be as shameless as you, the daughter of the head of Qinglei Valley! Grandma, what I said? It's all true, I swear!"

Everyone was shocked, and their eyes changed when they looked at her.

The face of the old woman Tieguaai also changed a little, and she glanced at Xia Feiyao up and down: "Girl, you are the daughter of Xia Zhenghe, the head of Qinglei Valley? Xia Lei is your grandfather?"

"Correct!"

"Xia Lei is your grandfather?"

"Yes, Xia Lei is my grandfather's name taboo!"

The shocked look of everyone made Xia Feiyao realize the importance of her identity. She then broke the news: "My grandfather just broke into the Grandmaster Realm a few days ago. He met Li Yun and praised him very much. I believe Grandpa is also willing to guarantee Li Yun's character!"

—All admit that Li Yun is his grandson-in-law, and grandpa must be willing to guarantee.

Grandmaster Realm! !

These three words were no less than a thunderstorm, stunned the people in the arena, and each of them grew up and forgot to speak.

In the eyes of those who practice martial arts, the masters of the grandmaster realm are idol-like existences, powerful, respected, and immortal. They belong to the strong who can only look up to!

"Really? Is Qinglei Valley finally out of a Grandmaster Realm?"

"Grandmaster Realm... If you can see the strength of Grandmaster Realm with your own eyes, you will have no regrets in this life!"

"The granddaughter of a peerless expert in the Grand Master Realm, it seems that this girl...no, what this young lady said can't be faked!"

With this level of identity, Xia Feiyao, many people from the rivers and lakes immediately changed their positions and no longer doubted what she said, and they scolded He Canghu for her shamelessness and hypocrisy.

What Jiuhu real person, what second-rate sect leader, is a spicy chicken in front of the master!

Li Yun couldn't laugh or cry. He was already prepared to contact Director Wang and asked him to contact the detained Feihumen elders to testify on the spot. He didn't expect that Xia Lei alone would be enough to suppress the audience, and there was no need for other evidence at all.

"You! You guys!"

The situation was irretrievable, and He Canghu shed cold sweat, and everyone was convinced by this appearance.

"I'm the most uncomfortable coward who flees in my life! Pooh!"

A short and strong man holding a gold wire knife yelled, and when he kicked his feet, his sturdy body rose from the ground, and the gold wire machete in his hand was raised high and cut to He Canghu's abdomen.

"Kneel down to Lao Tzu *Lao Tzu's*, what a real Nine Tiger, I think you are a real Nine Insect!"

The short man's gold wire big ring knife urged a violent sword gas, and it swept across like a mountain and cracked stone, and He Canghu's face immediately darkened.

"The old man, being a congenital, can you insult an unknown person? Take me a black bone palm!!"

Chapter 1155: Black bone palm

He Canghu shot out angrily, a thick black evil spirit gushed out of his right hand, his palm was like a ghost hand, pitch black and cold, and his whole body was full of evil spirits. The short and strong man's hands holding the big ring knife actually had goose bumps.

"boom!"

The black bone palm and the big ring knife touched, the five fingers grabbed the hard ring knife immediately, and the evil spirit surging out again, covering the hands of the short and strong man, the strong corrosive effect instantly burned the skin and peeled off a layer of skin.

"what!"

The short and strong man screamed, He Canghu sneered again and again, just about to kill him in one breath, a hot breath rushed towards him.

"Yiyang Fist!"

boom!

Zhiyang Zhigang punched out, and the billowing heat was surging. While pushing He Canghu back, it also swept away the evil spirit in the short and strong man's hand!

"This this this!"

Many people in the rivers and lakes were horrified and inexplicably horrified. They looked at the hands of the short and stout man, and a layer of skin was actually rotted on them, and they could almost see the black bones inside, which was very miserable.

"This is evil! Don't move, I'll show you!"

Shangguan Lingxian suddenly became anxious, and hurriedly approached the short and sturdy man to see a doctor. Fortunately, she obtained a book from Li Yun that specializes in the treatment of such injuries. Although the two are slightly different, they still can play some role.

Li Yun glanced at her, Shangguan Lingxian was as kind as ever, and she remained the same.

"escape!"

Knowing that he could not stand alone against the thunderous He Canghu in Li Yun's hand, the wind was blowing under his feet, and a large amount of black evil spirit gushed out of his body, and he ran away frantically into the distance.

In the eyes of everyone, He Canghu had become a moving black shadow, and his whole body was enveloped in black energy. Yingyingzhuozhuo was extremely frightening.

Not to mention stepping forward to stop them, just seeing the appearance of He Canghu at the moment, they were frightened into two battles, and they only had one idea in their minds: monsters, this is a monster! !

"How many times have you said it, you can't escape."

Using the ethereal footwork, Li Yun galloped through the air, and his figure passed like a breeze. Everyone was shocked again when they saw it. However, compared with He Canghu's billowing black energy, Li Yun's light work, although very mysterious, made them better. Accepted too much.

Within three breaths, Li Yun caught up with He Canghu, without talking too much nonsense, and directly punched out. The true energy of the God-level Nine Suns Heavenly Scripture matched the God-level Yiyang Fist, making his punch like one. The dazzling sun blasted heavily at He Canghu.

"The kid is deceiving too much, black palm!"

He Canghu repeated the old technique, but this time, his black bone palm was crushed instantly, and with a creak, the palm of his hand that was tempered by the evil spirit was broken on the spot, and a fist hit his chest. The scorching qi gushes out, destroying all his resistance!

boom!

He Canghu's body was fragile and flew out like a kite. He flew straight for 20 to 30 meters before falling heavily to the ground. He vomited blood and rolled a few times before falling completely.

In the dead silence all around, the black bone palms used by He Canghu broke their understanding of martial arts, but Li Yun's move directly crushed He Canghu, once again shocking the surrounding rivers and lakes to numbness.

Everything that happened today is too ridiculous!

"Ding, the host made a choice, persuaded this group of fools, and captured He Canghu and Yuwen in a righteous manner, rewarding experience value +2 million, all attributes +2000, golden gift

bag*1, additional reward: Shangguanling Immortal favorability +20, additional bonus: Shangguan Lingxian favorability +10."

Chapter 1156: Lend me one more trick

The generous rewards made Li Yun very satisfied, that is, the ups and downs of Shangguan Lingxian's favorability, like a roller coaster, made him quite speechless.

Now there is only 78 points of favorability, not to mention the use of hands, a little closer, will arouse her inner disgust.

"Can I prove my innocence now?"

Li Yun's words made everyone ashamed. The old woman Tieguaai's complexion was particularly bad. She stood awkwardly and coughed before saying: "This is indeed our poor consideration. We were deceived by an adulterer. Fortunately, nothing happened. Blunder."

"hehe."

Li Yun smiled faintly, the old guy still refused to apologize, probably because his heart is still dissatisfied with him.

But Li Yun was too lazy to pursue them, glanced at them, and turned to Xia Feiyao.

The old woman Tieguaai became more and more embarrassed, but if she was asked to apologize to a younger generation like Li Yun, she would not have to be in the rivers and lakes in the future.

The atmosphere became a little more subtle. Everyone was angrily trying to trouble Li Yun, but now they were proved to be wrong, Li Yun was wronged, and two congenial masters were killed by him.

Even Feng Changhua, the second senior brother of Tiandanmen, passed out in a faint, Li Yun could be said to be a big killer, completely offending everyone present.

Originally Shangguan Lingxian was facing him, but due to various reasons, the two can now be said to be in a state of 'cold war'. Li Yun was embarrassed to talk to her directly.

For a while, no one spoke, and awkwardly stuck in place.

Fortunately, some people are still very dissatisfied with Li Yun.

"Humph!"

A man from Tiandanmen who came with Shangguan Lingxian. The hall master of Tiandanmen Huirentang, Bei Changxing snorted coldly, staring at Li Yun and said: "He Canghu and Yuwenji's matter is over, but you hurt my Tiandanmen disciple, and even made him unable to be strong for the rest of his life. How to defend one step forward?"

"What's the excuse?" Li Yun's tone was flat, "Feng Changhua was deceived and wanted to kill me violently. I didn't kill him for self-protection. It was purely because of Shangguan Lingxian's face. Otherwise, Feng Changhua will definitely die!"

"you!"

Bei Changxing was very annoyed, and said with a black face: "From the point of view of your defeat of He Canghu, your strength is far superior to my Tiandanmen disciple. Why can't you spare him once and subdue him? Why destroy him? future?!"

Shangguan Lingxian's expression froze, he took a peek at Li Yun, and his mood became very complicated again.

Li Yun knew this well, Shangguan Lingxian now has such a low degree of affection, and he suspects that he is normal.

At this time, the system prompt came.

"Ding, trigger the option event, please choose from the host:

Option 1: Refute Bei Changxing, the master of Tiandanmen Huirentang, reward justice value +100, green gift bag *2, and Shangguan spirit fairy favorability +5.

Option 2: Ignore, sneer and ridicule, reward no, Shangguan Lingxian Favorability -10.

Choice 3: Without a word, kill him with a sword, reward: evil value +5000, Shangguan spirit fairy favorability degree -100. "

Rebuttal still has justice value?

The corner of Li Yun's mouth clicked, and it seemed that the system couldn't stand this group of hypocrites.

"I suspect you did this on purpose!"

Bei Changxing sneered and pointed at Li Yun with a sword and said: "You salivate to my disciple, so you seize the opportunity to kill the killer and bring the wind to life..."

"Pick me up!"

Li Yun looked calm, stretched out his hand and took out a long sword from the space ring, and stabbed it out.

Chapter 1157: Scared to pee

The sword intent is condensed, the sword body emits a crimson sword light, the edge is uncertain, the sword edge has not arrived, but the sharp sword intent has made the skin of the people of the Tiandanmen such as Bei Changxing, Shangguan Lingxian and others cold, and their eyes suddenly Shrank, all of them never thought that Li Yun would make a sudden move.

"stop!"

"Dare you kid!"

"Killing in public, I think you are too arrogant!"

"Hall Master Bei, I'll help you!"

"Don't Li Yun!"

Everyone shouted in exclamation, and Shangguan Lingxian's breathing suddenly hurried, and several people standing next to Bei Changxing hurriedly shot, and joined him to fight against this fierce sword move.

But it's useless.

Li Yun's sword light was like a crimson dragon, shaking Shen Jun's long tail, spitting out a fiery red breath, and instantly destroying everyone's moves, reaching Bei Changxing's neck unstoppably.

Bark.

The sword's edge pressed against his neck, and the sharp sword light cut a hole in the skin, blood oozing out, and the feeling of facing death made Bei Changxing's mind go blank and his eyes were dull.

The deathly silence around, even Xia Feiyao couldn't guess why her husband did this.

"Haha, do you understand?"

Li Yun retracted the sword and said sarcastically, "I can spare Feng Changhua because my strength is stronger than him, but if the other way round, it is me who is lying on the ground now, understand? When your own life Threatened, now you tell me, how do you feel?"

feel?

Bei Changxing couldn't answer at this moment. After Li Yun's sword was removed, the weapon in his hand fell off and he made a ping-pong sound, and he fell softly to the ground.

The feeling of escaping from the dead scared him so that his legs became weak, and he couldn't even stand up, his face was pale and cold sweat was flowing.

"Hahaha."

Everyone laughed blankly, and Bei Changxing's face was blue and purple. He wanted to get angry, but he didn't have any reason. He didn't even dare to show his anger in front of Li Yun, so he could only hold back.

Shangguan Lingxian took a deep look at Li Yun, his face calmed down, and he said, "This matter... Li Yun, you did the right thing!"

She has approved his approach, but... the mood is still very complicated.

Li Yun smiled faintly, "Good is rewarded, and evil is rewarded. If others do evil, but they can't, and they are not punished, the only result is: the more rampant the wicked, the cooler the heart of the good."

Shangguan Lingxian fell silent completely.

She remembered an incident between Feng Changhua and Song Yuan. At that time, Feng Changhua led people to surround Song Yuan. There was a dispute between the two parties, but after her mediation, Song Yuan forgave The wind is everlasting.

But now looking at this incident, did she really do it right?

"Humph!"

Bei Changxing stood up and snorted, staring at Li Yun for a long time, and said in a cold voice: "Lingxian, let's go back. I will report this to the head and Feng Changhua's father, and wait until they discuss it. Do it!"

He didn't mention what he did to Li Yun, probably because he didn't dare to say it.

Li Yun smiled without saying a word, but Xia Feiyao couldn't help but cursed softly: "What a heavenly pill gate, my disciple has done something wrong, and he is always kidding, and now he still says to report to the head to be dealt with! What do you want to do? Do you want to turn your heads in denial under the eyes of so many comrades?"

Shangguan Lingxian's face was shocked, she only now wants to understand the meaning of Bei Changxing's words.

The expressions of the people in Tiandanmen were ugly, and they quickly left in the sight of many people from the rivers and lakes either jokingly or sympathizing.

Chapter 1158: Admitted to a nursing home

"Ding, the host makes a choice, rewards justice value +100, green gift bag*2, Shangguan spirit fairy favorability +5, additional rewards: Shangguan spirit fairy favorability +5, purple gift bag*1, experience value +500,000 ."

Li Yun was very satisfied. It is estimated that his clean and sharp use of the sword to "convince" Bei Changxing was too good, and the system rewards were directly doubled.

"Li Yun."

The only person left at the Tiandanmen was Shangguan Lingxian. Her expression calmed down, and she vaguely recovered a bit of tenderness: "Miss Xia, when you come with me, I will find a place for you outside, by the way. ...I will also live outside."

Outside, it refers to the Tiandan Sanatorium.

As the master sister of Tiandanmen, it is very simple for Shangguan Lingxian to find a place to live in a nursing home with a large area.

The old Tieguai woman who still hasn't left has a strange expression on the faces of the people waiting for the rivers and lakes. The meaning of seeing the fairy doctor is that he intends to face outsiders, not Tiandanmen?

"Hehe, I have a hunch, this time Tiandan Sect is going to be planted, and even my master sister can't stand it!"

"A beauty is a disaster, I've said it a long time ago."

"What the **** are you talking about? This is because of the beauty of beauty? Just now that Bei Changxing was so arrogant, he almost pointed at Li Yun's nose and cursed, and didn't look at what Feng Changhua was!"

"Bei Changxing said that Li Yun wanted to take the opportunity to kill Feng Changhua. I think it's the other way around. Li Yun and the fairy doctor fairy have such a good relationship, I guess...hehe!"

"Damn, I think it's weird, Feng Changhua is too active, and he keeps telling us to come to Li Yun for trouble."

Everyone talked a lot, their expressions were quite agitated-they were originally watching the excitement of Song Yuan, and now the bigger the noise, the better.

"Senior Zhou, please come with me."

Shangguan Lingxian recovered quickly, and said softly to the short man whose hands were corroded by evil spirits: "Come with me to the nursing home, I will bandage you."

"Okay, okay." Holding a gold wire big ring knife, a short and sturdy man with a fierce and grumpy face, he shot He Canghu in a violent rage before, but now he faces the fairy doctor fairy with a look. Shy, rather uncomfortable.

Everyone knew at a glance that this fellow was in love with the fairy medicine fairy, so he appeared embarrassed.

Master Eight Star Hammer, who was beaten by Li Yun before, was envious. He wished that Li Yun would be harder and let him enjoy the feeling of being carefully bandaged by the dexterous and soft hands of the fairy doctor fairy.

"Bah, Lao Tzu is not such a nasty person!"

Master Eight Star Hammer quickly felt ashamed of his filthy thoughts. The fairy doctor of other people was only treating people out of the doctor's vocation, and he was absolutely desecrating the fairy to her!

"Miss Xia, let's go together."

Shangguan Lingxian took a deep look at Xia Feiyao, as if he had made some decision, and greeted him in a tone of trying his best to establish a relationship.

"Oh, okay, I'll trouble you Fairy Spirit Doctor."

"It's not troublesome. The guests should be here. By the way, you can call me Lingxian, Miss Xia."

"Ah? Okay, I'll call you Sister Lingxian, you just call me Feiyao, or Yao'er~"

"Then I call you... Sister Yaoer?"

Shangguan Lingxian said, Xia Feiyao was very happy, but soon realized that Shangguan Lingxian was... to please her?

Hehe~.

Unexpectedly, Xia Feiyao will still become a "sister" one day~.

Chapter 1159: plot

Inside Tiandan Gate, at the home of the master of the Affairs Hall.

"Bastard stuff!!!"

Seeing Feng Changhua lying on the bed extremely weak, the head of the Tiandanmen Affairs Hall, who had reached the state of innate perfection when he was less than 50 years old, was fierce and angry. He cursed in a low voice and made the few standing aside. The servant couldn't help shaking.

This hall master's temper at home is no better than outside, irritable, and ruthless. It is said that there are rumors of killing a servant by mistake, making the servants who serve him terrified.

However, the Hall Master of Tiandanmen is noble, not to mention the style of the most important affairs hall. His power can definitely be ranked in the top five in the Tiandanmen, and there are only the head and a handful of respected elders. Can be compared with it.

"Father, I hate it!"

Lying on the bed, Feng Changhua's voice was hoarse, his face was pale, his teeth were biting tightly, and his eyes showed a monstrous hatred.

He was injured by Li Yun's masculine infuriating energy, and his dantian was damaged. Even after healed, he would inevitably leave hidden wounds. It is almost impossible for him to make further progress throughout his life, which is equivalent to semi-crippled.

For others, the initial stage of the Xiantian realm may have been looked up to, but for Feng Changhua, who is likely to become the son of the head of the Heavenly Pill Sect in the future, the life-long stage of the Xiantian stage is like a wasteful existence.

"Heng Heng Heng! Who told you to do things carelessly without investigating the strength of that kid in advance? Recklessly shot, was abolished by him, and let him seize the moral handle, you--!"

Feng Li's eyes flickered and wanted to scold him again, but seeing his son's desperate eyes, Feng Li was suddenly disappointed in him, and even thought of having another son.

In the early innate period, what can this strength do?

Nothing can be done.

"Tell me what happened."

Severely suppressed his anger, sitting aside and said in a deep voice: "What is the origin of that kid? Why did you suddenly attack him so that he was abandoned by him."

"Li Yun...Li Yun." Feng Changhua murmured, suddenly excited, and screamed: "Father, I want him to die, I must die! Help me, help me kill him!!!"

"enough!"

Feng Li stopped him and his eyes were cold, causing Feng Changhua who was lying on the bed to shiver, and he began to realize the changes in his father after he became a waste.

"Tell me what happened."

"Yes Yes."

This time Feng Changhua didn't go mad again, and honestly told all the story.

"Huh, it's really useless, even he can't deal with it!"

Feng Li no longer concealed his disappointment, and coldly shouted outside: "Uncle Zhou, come in."

An old man who looked like a housekeeper walked in and bowed to him respectfully, "Master."

"Go tell Shangguan's family and tell them about Li Yun and Shangguan Lingxian as they were. There is no need to do other things, and let them make their own decisions."

"Yes."

The housekeeper walked out and said indifferently: "Do you know where you failed? Shangguan Lingxian is soft-hearted. She will definitely listen to the words of the elders. However, Shangguan family is closed and conservative. They definitely cannot let their daughter marry him. People connected with the government, as long as you notify them, the relationship between the two will naturally be interrupted, but you are thinking **** him. It is really stupid, and you are typically thankless!"

Feng Changhua's face was blue and purple, and his father knew Li Yun better than him.

"Take a good rest, I will discuss with the boss, take down that kid, and give you revenge."

Chapter 1160: Tiandanmen meeting

Feng Li left without staying, killing Li Yun was not only for revenge, but also to restore his face.

As the hall master of Tiandan Sect, if his son is abolished and he doesn't take any action, he won't have to get involved in the future.

The remaining Feng Changhua became more resentful as he thought about it, clenched his fists, gritted his teeth and swore: "Li Yun, I will swear if I don't kill you!"

Several servants looked at each other. Although they would not inform, they already felt the wind and rain.

Tiandanmen Chamber.

"Head, I want to take someone to take down Li Yun and restore face for my Tiandanmen!"

Feng Li is straightforward, and said in front of the head of the Tiandan Sect and the elders, the hall master.

The elders of Tiandanmen do not have real power, but are places where some respectable people take care of their lives. The real power is the head of a few churches.

In addition to the Affairs Hall, there are Hui ren Hall, Acupuncture Hall, Medicine Hall, Jinluo Hall, etc., which are responsible for the management of various affairs of the martial arts. For example, the Medicine Hall is responsible for the management and refining of herbal medicines.

The head of Tiandan Sect, he is more than fifty years old, but he is not senile at all. He looks like a middle-aged man. Zhang Shou, who is known as the reincarnation of a sage of medicine, did not answer the conversation. .

Although he only had a late congenital cultivation base, his medical skills were superb, he lived in the world, and his behavior was all admirable. In the end, he overwhelmed many powerful competitors and sat on the throne of the Tiandan Sect.

Now it was the wind and rain, when Song Yuan was raging on the arena, he would not easily make a decision, waiting for everyone to finish speaking.

"I think so!"

Bei Changxing quickly agreed. He was pointed at his throat by Li Yun with a sword. He is still very annoyed and can't wait to take him down immediately!

A glimmer of excitement flashed in Feng Li's eyes, and Huirentang Hall Master Bei Changxing went forward and retreated with him, plus the two elders were his, it was not difficult to convince everyone.

"I feel wrong."

The hall master of Drug Hall spoke at this moment, and shook his head indifferently: "I roughly heard what happened. Hall Master Feng, your son heard the deceit of He Canghu and others, and killed Li Yun painfully, but he was killed by him. Injured, this is your own grievance and has nothing to do with Tiandan Sect."

"What did you say?!"

The sharp tone turned cold: "Feng Changhua is my son, but he is also the second senior brother of Tiandanmen. Do you just watch him be beaten by outsiders?!"

"Why Hall Master Feng said this?" Another acupuncture hall master who didn't deal with him usually said, "Feng Changhua has not been abolished by martial arts, let alone killed. He is just The injury is too serious and there is little hope of progress in the future.

Taking into account the situation at the time, Feng Changhua made an angry move with the intention of killing the other party. He did the wrong thing first. If we yelled and went to trouble Li Yun, wouldn't it make the world laugh? "

Many elders and hall masters nodded one after another, and even the head nodded slightly in agreement.

There was a flash of anger in the wind-stricken eyes, and he shouted in a deep voice: "Is my Tiandanmen disciple just injured in vain? How does this make the world look at us?! Humph!"

The scene was a bit miserable again, and Li Yun abandoned Feng Changhua's future, and it was indeed not good to face Tiandanmen.

"Head, you're up to the decision!" Feng Li arched his hands, as if I had finished speaking, forcing the head to agree with his decision.

"Then I will talk a little bit."

Zhang Shouyouyou said, "Li Yun has a very close relationship with the two golden flowers of the Gong family."

"what is this?"

Feng Li sneered, what golden flowers are not golden flowers, but so!

"And." Zhang Shou continued: "He is the grandson-in-law of the new master of Qinglei Valley."

Everyone's complexion changed, and their stern expressions froze immediately.

Grandmaster!
