Chapter 1171: Let's teach it a lesson

Li Yun's eyelids twitched, and he gave him a meaningful look: "Brother Zhang, it seems that your relationship with Feng Changhua is not very good. It's a pity that I am not interested in your Tiandan Sect, as long as it doesn't affect the spirit. Sin, I will not participate in your dispute."

"No, no, he is not my opponent."

Zhang Jinghui smiled and shook her head, "In the fight for the position of the head, only Junior Sister Lingxian can contend with me, but she is dedicated to researching medicine and has no interest in the position of the head."

After a pause, he sighed: "If it weren't for the Feng Changhua father and son, I wouldn't have wanted to fight for this head. After all, my father is the head. If I were to be the head, it would inevitably be criticized."

Li Yun was quite surprised, this person was quite frank, and said so amazing content as soon as they met.

"It seems that you have a big opinion of your younger brother?"

"I just believe in spirits."

Zhang Jinghui didn't answer the question, but Li Yun understood that he did know the ugly face of Feng Changhua, and because he believed in the spirit fairy, he indirectly believed in the man approved by the younger sister of the spirit fairy.

Li Yun nodded: "Okay, what do you want to ask? If you are asking about Feng Changhua, then I don't know anything. It didn't take long for me to get to know him, and he was hostile to me, so I taught him the lesson. Stop him, nothing more!"

"What a smooth lesson!"

Zhang Jinghui clapped his hands and gave Li Yun a thumbs up: "I wanted to teach him this way, but unfortunately, his father is the strongest person in Tiandanmen, and he is expected to break through the realm of masters. Brother Li made a decisive move. , I really admire Ling Zaixia!"

Once you break through the realm of masters, you don't need to be the master at all with vigor, and you will naturally become the most powerful and prestigious person in Tiandanmen!

Li Yun glanced at him. This Jinghui speech was so strange that it made people want to beat him up.

Fortunately, Zhang Jinghui then took the initiative to talk about something that has always been successful.

"... He covets the beauty of the sister Lingxian, and secretly forbids any junior brother or senior brother, or any unmarried man from approaching the junior sister."

"Song Yuan was beaten by his underlings."

Li Yun was speechless: "You brother, don't care?"

"I can't manage."

Zhang Jinghui spread both hands, "There is no evidence for this kind of thing, how to deal with it? Even if there is evidence, at most one will be punished and thought about it. Song Yuan will be in trouble when he comes out."

Li Yun shook his head, "Small mistakes lead to big mistakes, you and Lingxian, no, your entire Tiandanmen bears unshirkable responsibility for Song Yuan!"

"what?"

Zhang Jinghui was a little surprised, and Li Yun scolded him and Tiandanmen, but even Lingxian Junior Sister also scolded him? Isn't he and the younger sister a couple?

"wrong!"

Zhang Jinghui suddenly thought of another thing, her eyes widened and stared at him: "You mean... Is there really another inside story about Song Yuan?!"

If Song Yuan made a mistake for a while, then Li Yun would not say that the entire Tiandan Gate was responsible, the only possibility was that someone pushed it behind!

"really?"

Li Yun smiled: "It seems that Song Yuan was only imprisoned at the beginning, without asking the guilt immediately, and you also have your help. Brother Zhang, have you found something suspicious?"

"I really can't hide anything from you."

Zhang Jinghui smiled bitterly, recalling that he could not help but sighed and shook his head: "In fact, it is not evidence, but it is very strange. There are too many evidences pointing to Song Yuan, and those people are usually very close to Feng Changhua. ."

Chapter 1172: The sky has changed

"Secondly," Zhang Jinghui continued: "Song Yuan's usual character is not someone who can do such things."

"But the medicine on him is indeed his."

"Yes, so I can't figure out why!"

Zhang Jinghui was very puzzled, "Song Yuan, he once talked to me. He didn't break through his congenital in his twenties, and his background was not good. He was much worse than that of Shangguan. Therefore, he had almost no hope of being with Lingxian sisters in his life. I also said with relief that there would be no more hope. I don't think he looks like a person who will walk into a dead end... but he did such crazy things."

Li Yun smiled, "Nothing is impossible, this matter will have its result tomorrow, when all the parties involved-except for the few who died, will be gathered together to make the matter clear on that day."

"Huh?" Zhang Jinghui looked at him with profound meaning: "So, what special inside story do you have? Do you need me to cooperate with you?"

"You just have to look good at Tiandanmen." Li Yun said calmly, Zhang Jinghui is still reasonable and can speak well.

"whispering sound."

Seeing that he didn't want to say it, Zhang Jinghui cut, but didn't ask further, she asked, "What's the matter with the six magic gates? I heard that there has been a very lively incident in Zhonghai City recently?"

Li Yun was quite speechless. What he was talking about was that the lunatic Taoist "initiated" everyone at the auction. Li Yun used Nine Heavens Thunder to bombard him again, right?

Unexpectedly, it spread to the rivers and lakes, only to get a very lively word.

It seems that most people would not believe these weird things without seeing the power of magic with their own eyes.

"Since you want to know, let me talk about it. I happen to be one of the participants."

Li Yun took a drink to check Runrun's throat and began to repeat these things.

"..."

"In this Demon Sect, there are hundreds or even thousands of masters at the master level?!"

Zhang Jinghui's eyes almost fell out, and the corners of her mouth twitched. It is hard to imagine how powerful such a sect is.

Li Yun said lightly: "It's nothing to be comparable to the Grandmaster Realm. There are monks in the two cultivating sects who are much stronger than the Grandmaster Realm. I don't know exactly how they are. I only know that they are very strong and their spells are very strange. The sect, or even all of them, is not their opponent!"

Zhang Jinghui was speechless, and after asking something more, he left with a calm face.

Looking at his expression, he might go to discuss with his father how to deal with the evil raging evil.

At least let the Song and Yuan things go through tomorrow.

"Huh, eh, eh—?"

Before Zhang Jinghui had gone far, Li Yun heard a crisp and lively girl's surprised voice coming from outside the door.

"Big brother, why are you here too?"

"Ah! I know, did the big brother think that bad guy is a big **** ghost, so he came to teach him? Hehe, I know!"

"Xiangberry, don't say that to Li Yun."

"Huh? Isn't it? But master sister, you...well, senior sister let go, I won't say anything, okay?"

After bidding farewell to them, Zhang Jinghui watched the three beautiful girls walk into the house, and suddenly felt an unpleasant feeling. Although the person is trustworthy and reliable, the beautiful women around him are also famous.

"Probably not, Xiang Berry is pretty stupid, and Lingxian won't let her touch too much."

Zhang Jinghui shook her head, amused at her unprovoked worry. Even if there is something between Xiang Berry and Li Yun, that is their business, and it is not this that should be cared about now.

"At the age of eighteen, he was able to consummate innate consummation...this world is about to change."

Chapter 1173: White Face Demon

The second day.

Today is a lively day.

The people in the sanatorium were temporarily sent to a place yesterday. The boundaries around Tiandanmen were empty, almost invisible to ordinary people. They were all people with unique styles with swords and swords.

These warriors stood eagerly at the gate of Tiandan Gate, waiting for the enchanted Song Yuan to appear.

Li Yun did not deliberately understand, but he has also heard of many names.

Tieguai old woman, don't smile at Buddha Jin, don't smile, a little plum, a thousand-handed layman, Xue Wuhen Lu Qing, three axe cracking mountains and rivers...

Wait, a lot of weird names came to my ears, and his strengths ranged from the early days of the acquired to the mid-innate period. Li Yun was an eye-opener. He had no idea that there were so many warriors left after entering the new century, and perhaps only like this. I can only see the occasion.

"The White Faced Demon is here!!"

Li Yun and Xia Feiyao appeared at first sight, and there were shouts of exclamation all around. Li Yun was deeply surprised. Why were all these strangely dressed people looking at him?

Suspicion, anger, resentment, admiration, joking, all kinds of eyes are mixed.

"Wait, the white-faced demon is referring to me?"

Li Yun responded that this group of people from the rivers and lakes actually gave him a name, the white-faced demon?

"Tsk tusk, this is the white-faced demon, it really looks like a lady, not like Lao Tzu, my beard is full of beards, how handsome!"

"Fart, others just have white skin and a beard. Who likes a beard nowadays?!"

"That's right, hehehe, my old lady likes the little white face like the White Face Demon, she's white and pure, she's tall enough, and this skin is so good!"

"Hahaha, meat lady, are you looking at him? No, you are pressed up, doesn't the white-faced demon want all his intestines to be vomited?"

"You guys don't laugh, they are innate realm with the utmost integrity, and the powerful diamond finger is infinitely powerful!"

"King Kong finger? This... my old lady can't bear it."

Everyone joked and pointed at Li Yun. Except for a small number of people calling Li Yun a lackey in the government, many of the comments were extremely dirty and filthy. It's no wonder that in ancient times, they were called inferior figures, and they couldn't make it to the stage at all.

"Pooh."

Xia Feiyao took a sip, she heard a lot of obscene words about her figure, and noticed that many people had very lewd eyes, very lewd!

"Grandma White."

Xia Feiyao let go of Li Yun's hand, ran towards the old Tieguai woman to hold her, and said with a grin: "Today, my grandma looks pretty good, so I just said it, my husband's medicine is very effective!"

Yesterday, she took out a small recovery pill that Li Yun gave, and she gave it to Grandma White, which cured the old Tieguai woman's physical problems caused by aging.

Li Yun didn't blame her when she learned about it. Although this old Tieguai woman didn't deal with him, at least she had a good reputation. Yesterday, she persuaded everyone not to be impulsive.

"It's really good."

The old woman Tieguai had a good complexion, but her face was ugly. She stared at Li Yun for a long time before suffocating a word from her mouth: "The old man is here to thank Mr. Li."

Li Yun shrugged, "No thanks, senior."

The old face of the old woman Tieguai pulled down again. The day before yesterday, she was still glaring at Li Yun. Today, she had to thank him again. The speed of the change was embarrassing.

Xia Feiyao hurriedly finished the game and introduced a few familiar people to Li Yun, and the atmosphere improved a lot.

"Mr. Li." The old woman Tieguai looked around and seemed to be looking for something.

Chapter 1174: No time to point you

Li Yun asked, "What is Senior White looking for?"

"Why didn't you see the people from the government office showing up?"

The voice of the old woman Tieguai was flat. Li Yun couldn't figure out whether she was sarcasm or serious questioning. He could only reply: "I alone is enough. Besides, don't you have Senior Bai for your help? Believe Song Yuan. Even if it appears, it won't make any waves."

Everyone loves to listen to compliments, especially the compliments made by people like Li Yun. The old woman Tieguai's expression has become kinder, and her hand on the crutches loosened a little: "Don't get me wrong, I'm just listening. It seems to be true that there was a problem with an airplane recently, and your government was too busy to take care of it."

Li Yun was a little surprised. Has the matter of the disappearance of the plane spread so widely?

"I don't know what happened to the plane, it is probably related to the magic door, but the actual situation has not been investigated."

"The magic door..."

The old woman Tieguai fell silent, and Xia Feiyao quickly said, "Grandma White, let's go in and talk about it."

Li Yun nodded, Shangguan Lingxian was already waiting for Song Yuan to come inside Tiandan Gate. The people waiting in front of the gate were just watching the excitement, and they had no place to sit when they entered.

"Hey, kid!"

Li Yun was stepping up to walk in. A man in Tsing Yi blocked his way. This man was thin, but his hands were very thick, especially his fingers, which were twice the size of a normal person, and the color was red and clear. It shimmers like ten rubies with a hard color.

"Fairy hand, Zuo Hao!!"

The crowd of onlookers called out the name of this person. Zuo Hao seemed quite proud. He glanced at Li Yun with his nostrils up and down, and said contemptuously: "I don't look very good. I don't have a boy with the same hair. You dare to call yourself the White-faced Demon? A joke!"

Li Yun smiled slightly, "The White-faced Demon is not what I claim to be, but the name you gave me. This point must be clear."

He doesn't care about this name. Compared to the looks of Jianghu people, Li Yun's skin is indeed white enough, but this is a healthy and fair skin, not the paleness of a white face, nor is it the bronzed so-called man's skin that has been deliberately tanned in the sun. Li Yun's is just like a newborn, rosy and white, revealing a healthy complexion!

Zuo Hao's face sank, "Whether you call yourself or another name, I heard that you have a good vajra finger?"

Xia Feiyao blinked, and she finally saw what this person was coming from. It turned out that she was unhappy with her husband and wanted to find fault!

Really knowing how to live and die, is her husband so easy to make trouble?

"I do know what King Kong said."

Li Yun smiled slightly, "But I don't have time to point you now, let me go."

"you!"

Zuo Hao's expression froze, and everyone laughed.

"This kid is crazy enough!"

"I'm so ridiculous, the fairy hand Zuo Hao originally went to him to make gestures, but in the mouth of the Bailian Demon, it turned out to be for advice."

"Hehe, little girl, I like him~"

"Don't be silly, do you know how many women are around the White Faced Demon?"

"It doesn't matter, it's better to marry him than to marry you guys!"

Listening to the laughter of the people around, the blue veins on Zuo Hao's forehead burst into anger, "Boy, come, let me see if your diamond finger is better, or my fairy dragon finger is stronger!"

As he said, he flexed his fingers and flicked it with great strength. The red finger hair that was enlarged in a circle than ordinary people made a whistling sound like an air bomb!

Chapter 1175: Fairy Detective Dragon Finger

"Tsk tusk, the fairy finder's dragon finger meets the diamond finger, this time there is a good show!"

This group of people from the rivers and lakes who had come to watch the Song and Yuan dynasties became a sensation, surrounded Li Yun and Zuo Hao, and craned their necks to wait to see the result.

Li Yun was rather helpless. He now knows what the character of these lawless quacks are. Most of them are very conceited, thinking that even if they are slightly inferior in strength, their proud martial arts will never be bad.

In other words, if a person has a name for being outstanding in a certain aspect, such as flying on the grass with light gong, then when he encounters another warrior who is famous for light gong, he will inevitably dislike each other, and must be divided into the superior and the inferior!

"Ding, trigger the option event, please choose from the host:

Option 1: Give a severe lesson to the fairy hand Zuo Hao, reward experience value +300,000, all attributes +200, blue gift bag*2, extra reward: Jianghu reputation increased slightly (Note: Jianghu reputation increased, you can get some random benefits) .

Option 2: teach him cleanly, completely convince the opponent, reward experience value +500,000, all attributes +300, blue gift bag*5, extra reward: the reputation of the rivers and lakes is slightly increased.

Option 3: Take the opportunity to kill Zuo Hao, with the excuse that he missed his hand, rewards evil value +50,000, all attributes +1000, purple gift bag*1, and bonus martial arts skills. "

In the selection event given by the system, the evil choice was rewarded as generous as before, which was like tempting Li Yun to become a demon.

"I choose second!"

Li Yun said silently in his heart, the system did not directly give a reward, and he was not surprised. He glanced at Zuo Hao's hands and nodded: "Okay, let's go."

Zuo Hao, who was instantly irritated by his casual attitude, squeezed his fingers with a cold face, as if showing off, said: "My hands began to exercise when they were six years old. Initially they were soaked in boiling hot soup made from hundreds of herbs. Afterwards, it was tempered with iron sand, and after a small achievement, I used my fingers to poke hard objects, stones, iron blocks, red-burned steel plates, etc. every day.

After 30 years of cultivation, I now have the title of Immortal Dragon Detector! "

Everyone exclaimed again, praising Zuo Hao for his hard work in his cultivation, no wonder he could have his own name in the heavens, and the spread was not small.

"Hey-hey!"

Zuo Hao was proud, "Boy, it's too late for you to surrender now. Don't get hit by my finger and you won't have time to cry!"

Li Yun smiled faintly, "No need, come on, I'm in a hurry."

"you you you!"

Zuo Hao's indifferent attitude made his teeth tickled with hatred, and the people around him were speechless. Every word of this kid could arouse people's anger!

But Li Yun felt wronged. Every time he encountered these bad things, for example, now, these people from the rivers and lakes forcibly jumped out and wanted to make a comparison. He couldn't avoid it, and it was too annoying.

"correct!"

When Zuo Hao was about to start his shot, the old woman Tieguaai suddenly said: "The rules of the rivers and lakes, since it is a gesture, the strength of the two sides should be the same. Do not use force to overwhelm others."

"Okay, listen to you, Senior White!"

Li Yun nodded, and Zuo Hao was taken aback. This kid didn't know this rule!

If he just shot, but Li Yun used the true energy of the innate realm, wouldn't he be defeated on the spot?

"Good boy, almost caught your way!"

Zuo Hao was furious, and stretched out his fiery red index finger towards Li Yun. The strong wind blew his face and shouted sternly: "Pick me up, the gods will probe the dragon's fingers!!!"

Chapter 1176: Physically invincible

After one move.

"Concession."

Li Yun clapped his hands and smiled at Xia Feiyao who was startled: "Let's go."

The old woman Tieguaai had a solemn expression, took a deep look at Li Yun, and walked towards the Tiandanmen without saying a word. There was so much confusion in her heart, she was shocked that she didn't know what to do.

When Li Yun's backs were gone, the gangs and lakes left behind came back to their senses and looked at each other.

"Me! Hiss! My hands! Damn, what kind of monster is this!?"

The immortal hand, Zuo Hao, covered his hand and gasped, his face was full of horror. Everyone took a closer look, and there was a bruise on his fiery red fingers, which was actually bruised by Li Yun forcibly. !

Just now, the onlookers only saw Li Yun's finger lightly, Zuo Hao immediately retreated violently, and then it was over.

Incredibly fast!

It is completely different from the pictures of you coming and going with them as they imagined. The two-finger technique is flying, cutting vertically and horizontally, poking deep finger holes on the ground!

"This kid!" A gangster furiously drew out his weapon, machete, and pointed at Li Yun's back and shouted and cursed: "It's too unnatural, it's just a gesture, but he used Innate True Qi to deal with only the acquired realm. Brother Zuo! Hello everyone, let's teach this guy a lesson!"

"That's right, people in the government are shameless!"

"Despicable, too despicable! Obviously I promised the old Tieguaai not to use the innate innocence!"

"Everyone, don't be polite with such a villain, copy guys and go up together!"

Many people from the rivers and lakes were filled with righteous indignation, clamoring to teach Li Yun some lessons, but the fairy hand Zuo Hao stopped them in embarrassment.

"what happened?"

The big man who had pulled out the machete earlier asked uncomfortably: "Are you afraid of that kid, Brother Zuo? Don't worry, so many of us can drown him even if we throw a hidden weapon!"

"...No." Zuo Hao rubbed his hands awkwardly.

"What's that? Don't mother-in-law, hurry up, that kid is leaving soon!"

"Ahem, I mean... Li Yun didn't use Innate True Qi."

Everyone was instantly dumb.

Without using Innate True Qi, it means that Li Yun's Diamond Finger is far more powerful than Zuo Hao's ***** hand who has cultivated for 30 years, and that's why it will result in a spike.

The big man with the machete was also a little embarrassed, and mumbled withdrawing his weapon: "Unexpectedly, that kid is quite powerful, and you can defeat you, Brother Zuo, by the power of the acquired realm."

Zuo Hao was even more embarrassed, his face flushed, but he accepted the bet, he could only bite the bullet and said, "Neither."

"What's not? Brother Zuo, what do you want to say?"

"That..." Zuo Hao babbled for a long time before whispering, "He didn't use any infuriating energy."

"My Cao!?"

Everyone was shocked, and the big man was full of disbelief: "You mean... he defeated you by the power of his flesh?!"

".....Correct!"

Zuo Hao nodded hard, at this moment, he wanted to die.

Before, he boasted about how strong his Immortal Detecting Dragon Fingers were, but the real gestures meant that the opponent didn't use his true qi at all, and only used his own physical strength to forcibly break his Chi defense in the latter stage of the Acquired Realm. , And by the way pointed the fairy Tanlong back.

In the end, Li Yun didn't use any true energy, but Zuo Hao's index finger swelled up.

Comparing the two, the gap is too big, it's totally one heaven and one earth!

After the scene was quiet for a long time, one person sighed with emotion: "In the future arena, there will be a white-faced demon, no, there must be a place for him, Li Yun!"

Chapter 1177: fiancé

Tiandan Gate is located at the foot of the back mountain of the sanatorium. It is surrounded by mountains. A river follows along. It turns around in the middle, leaving behind a lake before flowing out.

The scenery here is beautiful, comparable to various places of interest in the scenic area, and symbolizes the long history of Tiandanmen.

But today, Tiandanmen is filled with a tense atmosphere.

Located on the square in front of the main hall, Tiandanmen, and many people from the rivers and lakes who were invited or who had come after hearing the news gathered together.

A total of more than two thousand people are here waiting for one to appear.

Song Yuan.

This demon who caused a huge turmoil, as long as he dares to appear here today, he will surely be captured by everyone and return justice to the world!

But the appearance of Li Yun also attracted the attention of many people.

"This is the person that Fairy Lingyi wants? I don't think much, he looks okay, but his character is too bad!"

"Hey, this person is not only afflicted with the spiritual doctor fairy, but the woman next to him is... the daughter of the head of Qinglei Valley!"

"To get so many beautiful women's attention, I thought I had three heads and six arms."

"I heard that this person is nicknamed the White Face Demon. The day before yesterday, he abolished the son of the main hall of the Tiandanmen Affairs Hall. He was so arrogant and arrogant!"

With the appearance of Li Yun, there was a sound of discussion in Tiandanmen. Many people looked at him with good eyes and waited for Shangguan's response.

Yes, the middle-aged beautiful woman sitting next to Shangguan Lingxian is the aunt of Shangguan Lingxian, Shangguan Xia!

She was originally persuading Shangguan Lingxian, but when she saw Li Yun, she immediately sank her face, her expression was so cold that she had a cold light in her eyes.

"You are Li Yun!?"

When Li Yun brought Xia Feiyao closer, Shangguan Xia asked with an angry voice.

Xia Feiyao couldn't help worrying about her husband. Although she didn't like having so many confidantes around her, Xia Feiyao would still feel uncomfortable if she really wanted to see her favorite husband being made things difficult. I would rather he hug him smoothly. Be beautiful.

"it's me."

Li Yun replied indifferently, turning his head to look at Shangguan Lingxian: "Lingxian, who is this?"

Shangguan Lingxian's expression was a bit awkward, and she introduced the two in a low voice. Before she could say anything further, Shangguanxia interrupted her: "Lingxian, needless to say, you should not interact with this kind of people anymore!"

Shangguan Lingxian was choked and speechless.

"That's right!" Shangguan Xia, the middle-aged beautiful woman, continued to say with her cold voice: "Your mother has found you a husband."

Shangguan Lingxian suddenly opened his eyes, "Why haven't I heard of this?"

Shangguanxia ignored her and continued: "The parents of the two parties have already met and are very satisfied. When the matter here is over, you will come home with me to meet you and formally be your in-laws!"

Not to mention that Li Yun and Shangguan Lingxian were very surprised, even Feng Changhua, who was glaring at Li Yun not far away, showed extremely shocked expressions.

The husband that Shangguan's family found for Shangguan Lingxian was not him? !

There is not even a word of wind, it is straightforward to confirm!

"asshole!"

"Shangguan's family is also a bunch of bastards!"

Feng Changhua clenched his fists, gritted his teeth and glared at Shangguan Xia. He, who was nearly twisted in his heart, regarded Shangguan Xia as the object of revenge.

It would be best if Song Yuan appeared and killed her!

Including the people around who heard about it, they couldn't help being shocked.

"Fairy Spirit Doctor has a fiance?"

"Isn't it? Which family's son is so lucky to marry a fairy doctor!"

"It must be a sect or family that can compete with Shangguan's family. I am so envious!"

Chapter 1178: Hairy boy

"Master Sister!!"

Sitting next to Shangguan Lingxian is a fourteen-five-year-old girl with two pigtails and wearing an emerald green costume. She opened her eyes wide and said eagerly: "How could this be... Do you like... yours?"

She is the little sister of Shangguan Lingxian, a cute girl known as Xiang Berry. Li Yun met her yesterday and was despised by this little girl, saying that he was a big bad guy, and injured the second brother, etc. .

Shangguan Lingxian took a deep breath, first glanced at Li Yun, and then said: "Auntie, I already have someone I like. Regarding my marriage, I don't have any plans for marriage at the moment!"

Shangguan Xia's face changed slightly. Her niece seemed to be serious, and she really cared about Li Yun.

But the more so, the more Shangguanxia resented Li Yun!

When she learned that she was afflicted with a man who was drunk with flowers and grass. When she was unclear, Shangguan Xia, who had always loved her very much since she was young, went crazy, and quickly found a man with a good character and appearance with her parents, and forced her to force her. Want to interrupt the feelings of Lingxian.

"Lingxian, listen to my aunt's persuasion!" Shangguan Xia persuaded her heartily, but Shangguan Lingxian was unmoved, causing her a burst of irritation and spreading her anger on Li Yun's head.

"You little boy!" Shangguan Xia scolded Li Yun with a cold face: "Since there are other women, why do you come to harm my spirit immortal? I really thought you were in the realm of a grandmaster and could marry several wives by yourself? A joke, me. How can the Shangguan family be climbed by ordinary children like you!"

The condescending attitude is very unpleasant.

Li Yun smiled indifferently: "So, as long as you have the strength of the Grandmaster level, you can marry a spirit immortal?"

Shangguan Lingxian's beautiful and gentle face couldn't help turning red, so he lightly sipped him, and said softly, "Li Yun, what are you talking about!"

Li Yun made an innocent expression, "I just repeat what she said, and didn't say that I want to marry you, don't you think Lingxian crooked?"

"you you you!"

After experiencing the conversation the night before, especially the Shangguan Lingxian who was arbitrarily squeezed by Li Yun's fingers, how could he fail to hear the drama in his words.

Immediately, the face of the holy and beautiful spiritual medicine fairy was completely red, and the charming attitude of the little woman made a group of people in the rivers and lakes completely dumbfounded.

It also includes the younger brothers and sisters of Shangguan Lingxian, they have never seen a master sister show such a shy expression! !

"Bastard!"

Shangguan Xia was about to furious, but Li Yun spoke first: "This auntie Shangguan,"

"You call me auntie?!" Shangguan Xia is anxious. She is less than forty years old this year. Although she is an aunt, she is well maintained, so she can't be regarded as an aunt!

"Oh, this auntie Shangguan."

Li Yun changed his mouth and continued: "I think Lingxian is already an independent adult. She has her own ideas and judgments. Arranged marriages have long been unworkable. In addition, Lingxian is not always possible now. If she wants to get married, her mind is more on studying medical skills, and will not consider getting married for the time being."

Shangguan Lingxian couldn't help nodding, and there was a hint of gratitude in Li Yun's eyes.

"Hmph, no matter how nice your words are, it has nothing to do with my Shangguan family!"

Shangguan Xia was completely cold, and Li Yun didn't entangle him anymore. He believed that Lingxian would handle this matter.

Sitting in the position that Lingxian had prepared for him, Li Yun slowly drank tea and waited for the appearance of Song Yuan.

Chapter 1179: A group of talented people

There were a lot of discussions around, mostly related to Shangguan Lingxian. After knowing that her family was going to be engaged to her, many people began to discuss who it would be.

"Is it one of the four gentlemen?"

"It is possible that he is also one of Shangguan Lingxian's suitors. Anyway, he won't be the killer!"

"Hehe, I think he is the leader of the Duan Gang. He is so heroic and dry, and he fits the soft beauty of the fairy doctor!"

"Bring the calf! How old is the Duan Gangmaster? He's almost the father of the fairy psychiatrist and his husband."

"What do you mean by how old? It's in the early thirties, or in the late congenital period, single-handedly transformed the Duan family into a second-rate sect, across the Yellow River water transport, the power is stronger than many first-class sects!"

"I think it's a wicked person... Those guys like to seduce Yinliang's women the most."

For a time, there was more gossip about Shangguan Lingxian than about Song Yuan. Li Yun heard that many elders of Tiandanmen couldn't help but look at Shangguan Lingxian, and seemed to care about her marriage.

It is best for her to stay in Tiandanmen as an elder or other position after she gets married. Not to mention, her superb medical skills and gentle personality can bring huge intangible wealth to Tiandanmen.

But Li Yun seemed to feel that Shangguan Lingxian's troubles were more of sadness.

As time passed, after the head of Tiandan Sect and various hall masters, including the master of the affairs hall Feng Li, the master of Hui ren hall Bei Changxing and others, as well as some invited heavyweights appeared, everyone's The discussion turned to them.

"Tsk tusk, Jun Zi, one of the four gentlemen of the previous generation, is also here, and Song Yuan is dead now!"

"Not only Zhu Junzi, Hua Lao, Song Lao, Ling Yun Shou, Xiaoyao Ke, Shaxu Dao, etc. are also present. They are all masters of the older generation. They are upright and upright. Song Yuan can attract so many seniors to come forward. It's also worthy of face!"

"Do you think Song Yuan, the devil dare to appear?"

"If I were Song Yuan, I would definitely not come, but Song Yuan had already become a demon. The demon was too arrogant and arrogant. In addition, the objects he wanted to slaughtered were all gathered here, and there was no reason why they wouldn't appear! "

With the emergence of these heavyweights, everyone clamored for Song Yuan to appear soon, and fight to the death!

As one of the initiators of this plan, Shangguan Lingxian was also the only core figure who attracted the appearance of Song Yuan. Naturally, he had to stand up and talk and discuss with these heavyweights, or at least say hello.

"Are you Li Yun?"

Li Yun, who was screamed by her, stood in front of this group of people, and Zhang Shou, the head of Tiandan Sect, asked, his tone was flat and his expression did not change at all.

"it's me."

Li Yun nodded, and then fell silent.

Many people from the rivers and lakes seem to have not seen him as calm and calm as the gentleman, Zhu Junzi, Hualao, Songlao, Xiaoyao Ke had no idea of approaching him, and deliberately ignored him, and the look in his eyes revealed a sense of indifference.

They had already seen that they rejected Li Yun, so naturally they wouldn't move forward with a warm face and a cold buttocks.

"Hehe, the young man is good, and the younger generation is terrible."

The head of the Tiandan Sect, the semi-sage doctor smiled meaningfully at him, and stopped talking to Li Yun, and the other seniors just sat down directly, so that Shangguan Lingxian didn't even have time to introduce him, and could only be embarrassed. Stand aside.

Li Yun shrugged indifferently and turned around to go back--in fact, if Shangguan Lingxian hadn't pulled him, Li Yun wouldn't bother to stand up.

at this time.

"and many more!"

Chapter 1180: Swearing (Part 1)

A gloomy and angry voice sounded, "You are Li Yun? The murderer who severely wounded my son Changhua and ruined his future?!"

The people around were suddenly shocked. Many of them didn't know what happened yesterday. Many senior heavyweights looked at Li Yun with hostile eyes, as if they were ready to take action at any time.

"Yes...huh?"

Li Yun was about to go back, but suddenly felt an inexplicable line of sight in the crowd watching him. Turning his head to look around, there were crowds of people, unable to find out who it was.

"Huh!" One of the four gentlemen of the previous generation, Junzi Zhu, who is now more than 40 years old, snorted coldly, put his hand on the saber on the table, and squinted at Li Yun: "It seems that you have acquiesced, so But he is so old that he can ruin people's future without authorization. What a vicious kid!"

Shangguan Lingxian's heart suddenly tightened, and Xia Feiyao was quite used to such a scene, and believed that her husband could solve the matter!

"Is it him?"

Li Yun was thoughtful, his spiritual thoughts did not extend so far, but he still had the keen intuition he should have.

"This kid!!"

The somewhat grumpy Poxu Dao snorted annoyedly: "Boy, what do you look at when the elders ask you? There is no tutoring etiquette at all!"

This shout attracted the attention of two thousand people present, and everyone whispered, making Junzi Zhu's face colder, and he was actually ignored by Li Yun!

"Huh? What did you ask me?" Li Yun smiled at the corner of his mouth and looked at Feng Changhua's father sharply: "Are you talking to me?"

"you!"

Feng Li, as the hall master of the Tiandanmen, was still agitated by Li Yun. If it weren't for being watched by many people, he would have to kill this kid with a single sword!

"The old man asks you!"

The voice gritted his teeth, revealing a fierce killing intent: "Did you beat my son Changhua into a serious murderer?!"

Before Li Yun could answer, he said harshly and coldly: "Don't even think about admitting it. The day before yesterday, dozens of people from all walks of life witnessed it with their own eyes, including my son Changhua——"

With that said, Feng Changhua walked out tremblingly with the help of others, and everyone looked at him with a shocked expression.

"This is the second senior brother of Tiandanmen?"

"It's miserable! It's so miserable, being beaten like this, but the murderer is still at ease!"

"Severe punishment, must be severely punished!"

"That's right, before the Demon Song Yuan appears, kill this little demon first!"

"Avenge for the second brother!"

Almost without agitation, when everyone saw Feng Changhua's miserable appearance, their anger soared, and they all gritted their teeth and looked at the little demon.

However, Li Yun had a calm smile on his face, the wind was light, and the anger of the people around him was not in his eyes.

This indifferent appearance made Shangguan Xia frown deeply.

How can such a bad person let him marry his niece? If there is such a son-in-law, it would be a shame to Shanguanjia!

"Since you asked first, then I will ask again."

Li Yun finally spoke, looking at Feng Li: "You are to indulge your son wanton killing, raise a stupid and impulsive son, who is bewitched by others to kill people without authorization--"

Everyone was shocked, how dare he say such a thing? !

Feng Li's face was dark, but he looked like he was holding the winning ticket and waiting, just waiting for him to finish speaking, to see how he died!

Li Yun changed his conversation and continued: "And! After that, he did not realize his mistake at all, and intended to condemn others in the name of his elders, thinking that he was clever, and delusional to put himself in a righteous position, by the way, bewitching a group of idiots To

squeeze me out, insult and slander my honour, and think that as the master of the Tiandanmen Affairs Hall, he is respectable and invincible, so he is complacent.

is that you? Vigorous! ! "
