

Godly Choice 1211

1211: Who is your wife

At the insistence of Shangguan Lingxian, Shangguanxia could only agree with bitterness. Before leaving, she warned Li Yun with a stern look in her eyes, as if she was saying, "What do you dare to do to our Lingxian? Forgive you!"

Li Yun shrugged and ignored it.

"Let's go, Lingxian."

"Um."

Shangguan Lingxian lowered her head to follow Li Yun's pace. In fact, she was the master here, and Li Yun was here as a guest.

The two of them moved forward and backward, staggered slightly, and walked in the Tiandan Gate under the curtain of night.

Unlike the sanatorium, Tiandanmen has a milder climate. It is like spring in all seasons. Herbs can be smelled everywhere. Some are fragrant, but some are very irritating.

"Ha... hello!"

The atmosphere between the two is a little weird. Although they didn't quarrel, they looked like a couple who had some conflicts.

However, when Li Yun unknowingly brought Shangguan Lingxian to a grass garden, he sneeze and rubbed his nose after smelling the pungent smell inside, Shangguan Lingxian couldn't help laughing out loud. .

"Unexpectedly, the hero Li Yun, who is capable of the enemy master, would also sneeze because of herbs~" Shangguan Lingxian said softly, and Li Yun touched his nose with some embarrassment.

"Ahem, the grandmaster level is also human, you're afraid you haven't seen a grandmaster who is full of swear words?"

——He is sure that he is definitely the first person to see Fairy Lingyi joking.

"Really? It's the newly promoted grandmaster of Qinglei Valley, sister Feiyao's grandfather?"

"Correct!"

"Hehe, you speak ill of others behind your back, be careful he scolds you~"

"What are you afraid of, I dare to say it in person!"

"I don't believe it~"

Looking at each other, the two smiled at each other. Li Yun took the initiative to pull up a small hand of Shangguan Lingxian, holding it in his hand as if he were treating a rare treasure, feeling the softness and slenderness of her small hand, like a fine jade, beautiful jade The slightest flaw.

"Lingxian, I'm sorry."

The atmosphere became softer, and Shangguan Lingxian stood in front of Li Yun like a holy fairy, watching him with gentle and affectionate eyes, and a joyful smile appeared at the corner of his mouth: "I'm sorry for what?"

"I'm sorry for you..." Li Yun also looked at her. Suddenly, he stretched out his hand and pulled the beautiful and gentle fairy into his arms, hugged her tightly, and said in her ear: "I As a big man, you shouldn't be so stingy, just take the initiative to hug my wife!"

"you you you!"

Shangguan Lingxian's face was flushed with shame, his hands seemed to resist, and he was shyly blocking his chest, as far as possible from him.

"Who, who is your wife, don't be ashamed!"

"Not now, it will be soon."

Li Yun reached out and pinched her smooth and pretty chin, gently lifted the beauty's face, teasing her heartily.

If the people of the rivers and lakes knew that the Lingyi fairy was pinched by his chin and face, he would definitely kill him with a weapon.

"Bad guy, don't do it."

Shangguan Lingxian blushed and pushed Li Yun away, glanced at him with a shy smile, turned around and walked forward quickly, carrying the skirt, like a beautiful butterfly.

Li Yun did his part and chased after him, Shangguan Lingxian leaped up lightly, with a light effort, and pointed his toes on the flowers and plants. Li Yun also caught up. The two figures passed the herbal garden like a breeze, and came in front of a secluded garden.

Chapter 1212: Lingxian Herbal Garden

The garden was surrounded by a wooden fence, and it was covered with vines. Under the moonlight, it looked very quiet, as if it had come to an inaccessible paradise.

Although it is very beautiful, it is also cold and quiet.

"This is a garden I cultivated by myself."

Shangguan Lingxian smiled. After pushing open the unlocked door, he found the switch on the pillar of the wooden door. With a click, the whole herbal garden suddenly lit up, sweeping away the original cold atmosphere.

Sure enough, the place to live should still be a bit popular, and living out of the crowd like the Sage Fanqing is not something everyone can tolerate.

In many videos, the rooms far away from the people are taken very beautifully, but when you actually live in, you will feel how lonely it is to have no neighbors around.

"You cultivated it?"

The two stepped in, Li Yun took a deep breath and smiled: "It's really different, there is a smell of spirits here."

"...Bah, poor mouth."

Shangguan Lingxian took a sip, his face flushed again, turned around and took the kettle on the ground, deliberately ignoring him.

Li Yun smiled, but did not get angry, followed behind her to help, and worked on this herbal garden together under her guidance.

After nearly an hour, the two talented people finished their work, stood up and looked at each other with a smile again, the eyes of the fairy psychic doctor were full of happiness.

"Li Yun."

After washing their hands, the two sat in a pavilion in front of a wooden house in the courtyard. After Shangguan Lingxian made a cup of hot tea and handed it to him, he folded his hands on his chin and pressed his lips, looking at him all the time.

"what?"

Li Yun took a sip of warm hot tea. I don't know what kind of tea it is. It seems to be made by Lingxian. In addition to the tea, there are some herbs and petals mixed in it. After the entrance, there is a fragrance of grass and flowers. Entering the stomach is warm and comfortable, much more comfortable than Biluochun Tieganyin.

Well, wait for a few kilograms from Lingxian to go back and drink slowly.

"I actually... occasionally fantasize..."

"Fantasy?"

"That's~~"

Shangguan Lingxian hesitated, lowered his eyes shyly, and whispered: "I dream of taking care of this herbal garden with someone who will accompany my whole life in the future, just like just now and now."

The two took care of the pharmacy together, eliminating demons, fertilizing, planting, and nurturing. When they were tired, they would sit down and rest, drink tea and chat leisurely, discuss medical techniques together, and discuss late at night for the development of new prescriptions.

Days like this appeared in her mind more than once, but she tried to substitute the people around her, and felt that they were all inappropriate, so she suppressed the idea.

However, she did these things with Li Yun just now, and it felt so natural, as if he was the one who could accompany him for a long time.

"Lingxian~!"

Li Yun was moved in his heart, but did not step forward to hug her. Instead, he said helplessly and apologetically: "I'm sorry, I am not the person you imagined."

This sentence is very profound, but Shangguan Lingxian understands it inexplicably.

"Do not."

Shangguan Lingxian shook his head and looked at Li Yun with a fascinating gaze for a long time. His crossed hands slowly dropped and turned into a cross on the stone table, as if a student was sleeping on the desk, looking at Li. Yun's eyes were a little confused.

"I actually... I'm not used to having so many girls around you."

"but....."

"Life is not as good as dreams."

"There is loss, and there will be gain."

Chapter 1213: Decide

Li Yun's hand touched her smooth and beautiful cheeks, and Shangguan Lingxian's eyes softened a bit: "It's like Brother Song, I'm actually thinking, does he like me like I like you? , Tossing and turning, that's why we have the ending now?"

Li Yun's heart trembled, and these words were actually confessing to him.

"The second brother is the same. He not only has ideas for me, but also has a lot of desires for other things, whether he has rights or status."

"But he can't control himself, which leads to self-destruction now."

"Feel sorry."

"It's not that you did something wrong."

Shangguan Lingxian rubbed Li Yun's palm lightly, "I know I am stupid and naive. I always think that others can do the same as I think, even if it is occasional quarrels, I can quickly let go, but in fact -"

"They are very persistent, and their pursuit is completely different from mine... Li Yun, what are you pursuing?"

"I...I don't pursue anything. I just want people around me to be safe and happy. I don't have to be busy with three meals a day. I can do whatever I want to achieve my dream."

"so complicated....."

Shangguan Lingxian spit out her little pink tongue, Li Yun pinched her pretty nose and smiled: "In summary, I want to be rich and have the strength to protect the people around me."

Shangguan Lingxian frowned and thought for a while, "This wish is neither complicated nor simple, but it is much purer."

"How about you? Oh, Lingxian, you just said it."

"Whee."

"Lingxian."

"what?"

"What is your decision?"

"With your IQ, can't you guess it? Big villain~"

"I want to hear you say it with my own ears."

Li Yun smiled, Shangguan Lingxian pouted a little, and overjoyed and said, "Then what I said?"

"Well, I'm waiting to hear your decision."

The atmosphere tonight is suitable for talking about these things.

Li Yun knew that after Shangguan Lingxian witnessed the tragic situation of Song Yuan during the day and Feng Changhua's death, she must have been confused and hesitated just now, so she only talked to Li Yun.

Fortunately, after a period of enlightenment, her mood recovered a little, and she began to solemnly think about Li Yun's future.

"There is something to do with it."

Shangguan Lingxian's tone was a bit playful, "But before I say it, I want to hear what you think about my future and the 'confidante' around me!"

She especially emphasized her tone on the confidante, and the meaning is self-evident.

Li Yun removed his hand from her face and said seriously: "I respect the wishes of each of you, of course, not including you leaving me! If you want to leave, I will try my best to stay, of course, I believe in my own Charm, this kind of thing can't happen!"

There is a systematic reminder that Li Yun will fill up his favorability, which means that they are unable to extricate themselves in love with him, and of course there is no possibility of leaving.

It's just some people who are not satisfied, such as the current Shangguan Lingxian may lower their favorability.

"...Really domineering." Shangguan Lingxian muttered, but he was not too angry.

She admitted that Li Yun is indeed very attractive, with a very comfortable and sweet sense of happiness-although sometimes he is too domineering.

Li Yun laughed and continued: "In the future, I will go to university and start a company that is strong enough and rich enough to provide for the people I value to spend at will."

Shangguan Lingxian gave Li Yun a very cute eye, and said, "Isn't this just Jinwu Cangjiao?"

Chapter 1214: Rich and capable

She said that Li Yun really has Jinwu Cangjiao.

Princess Yongning, Zhu Shue.

This sleepy little princess now talks with Li Yun every day besides eating and sleeping. The scope of her activities is near the community, which is no different from Jinwu Cangjiao.

"Rich is not everything, no money is absolutely impossible."

Li Yun smiled and said: "It's like doing charity. If our company sells a game casually, it will be enough for you to treat patients for a hundred years. Do you think I'm good?"

Shangguan Lingxian's eyes widened, as if... Does this big villain make some sense?

"So, money is necessary."

Li Yun expressed his pursuit very frankly.

Although he has great strength and can get money at any time, it is much easier to make money legally than forcibly plundering or forcing others to pay protection fees.

Even if he is the world's number one powerhouse, beats the six masters of the six magic gates, making Concubine Wan Qing kneel and sing to conquer, even if the future becomes immortal and asks, he does not need to eat or sleep, but as long as he lives on this earth, he needs money!

Where there are people, there are rivers and lakes.

Where there are rivers and lakes, there are conflicts of interests.

Li Yun continued: "Whether you want to follow me to Zhonghai City in the future, whether you want to stay in Tiandanmen, or open a chain hospital or a modern medical research company, I will support you!"

Shangguan Lingxian looked at him in surprise. She had thought about the hospital, but a modern pharmaceutical company?

"As for the confidante by my side." Li Yun smiled: "Don't you believe my gaze? Don't worry, they are all easy to get along with. Even if you are jealous occasionally, they won't fight for life and death. , It's just that I can't be divided into several people to accompany you at the same time. I'm sorry for that."

"Huh~"

Shangguan Lingxian snorted slightly, his face was a little hot, and then quickly said, "It's okay, it's also good, I don't need a husband or a son in the future."

"Really good?" Li Yun made the same movement as last time, pinching the fairy's cheek with her thumb and middle finger, so that she could only stare in anger.

Then he went crazy.

"...I am so a little bit lost, I blame you!"

"Hmph, you have to buy more time to see me in the future! Did you hear that?"

"Opening a hospital... it sounds pretty good. I want to open a hospital in Zhonghai City in the future. You are responsible for finding someone to manage it for me."

"Well, to put it simply, I want to spend your money!"

After being pinched by Li Yun's cheek, Shangguan Lingxian angered like a silly little girl, and made many rude requests that would never be said.

"Well, I promise you all." Li Yun quickly agreed, "It's a matter of course that my wife spends her husband's money, and I make money for your wife!"

"What about the rest?"

"Uh....."

"Puff chuff~"

Shangguan Lingxian laughed, slowly approached Li Yun, and took the initiative to hug him for the first time.

"Forgive you."

"Lingxian..."

"Actually, although I am a little jealous, if they are all the same as Yao'er sister, it would be nice to be sisters. I heard that the eldest lady of the Gong family is very arrogant and went to Zhonghai City to study alone. I want to know what she is. A person with such a personality."

"She...cough cough, maybe you will be disappointed."

"what?"

Li Yun didn't answer her. He looked in the direction of the door, and his voice suddenly became louder: "A ghost has come out!"

"Wh, what!?! Ah? There is a ghost?!"

Chapter 1215: Little Junior Sister Fragrant Berry

A fourteen or five-year-old girl with two pigtails tied and a round cheek ran out of the darkness so scared that she threw herself on Shangguan Lingxian, shivering with fright.

Shangguan Lingxian: "..."

What a shame!

It's actually fragrant berries!

"Hahaha!"

Li Yun burst into laughter, Lingxian and Xiangberry glared at him, both very cute.

"Really, you are a big bad guy, you actually use such words to scare me!"

Xiang Berry, who was still a little Lolita, pouted her mouth, but didn't get up from her senior sister. She hugged her waist like this, and said coquettishly: "Sister, you see how bad he is, he is actually scared. People~!"

Shangguan Lingxian's face was slightly red, and he reached out to pinch Fragrantberry's face, and said annoyedly: "When did you come, Xiaoxiangberry?!"

She has been hiding there, not knowing what she has heard.

"From... From Senior Sister..." Xiang Berry froze, and Shangguan Lingxian asked again before she whispered, "Domineering."

"?"

"From the time Sister Sister you said he was domineering..."

"..."

For a long while, Shangguan Lingxian, who had recovered from the shock, held her ears solemnly, and said frankly: "You are not allowed to talk about this, otherwise the senior sister will spank you!"

"what!"

Xiang Berry became frightened and quickly nodded in agreement. Observing her expression, Li Yun seemed to have been beaten up by Shangguan Lingxian. It seemed that this lively and reckless little girl didn't irritate Lingxian less often.

After a while, the three chatted together. With the addition of Fragrant Berry, the atmosphere became a lot less ambiguous, but it became a lot more active. Fragrant Berry is a little pistachio, similar to Qingzhu's personality.

"Sister, the second brother told me yesterday..."

Fragrant Berry was quick to mouth, and suddenly mentioned the dead Feng Changhua, and the atmosphere suddenly fell into a trough.

For a long while.

"Sorry, senior sister, I shouldn't..." Xiang Berry blamed herself, she shouldn't mention the second senior brother.

"fool."

Shangguan Lingxian gently touched her little head, "Senior Sister should be said to be sorry, her boyfriend did a bad thing--" Then, she glanced at Li Yun, but there was nothing in her eyes. Blame, just to comfort what the little junior sister said.

Li Yun shrugged and said he didn't mind.

Shangguan Lingxian then continued: "Sister, I should say I'm sorry, Xiang Berry, are you sad now?"

Generally speaking, Xiang Berry and Feng Changhua have a good relationship, and both of them often come here to find her.

"Nah!"

Xiang Berry looked at her senior sister very seriously: "Fragrant Berry me, I was a bit sad just now, but when I saw the happy senior sister, I felt nothing."

She looked at Li Yun with complicated eyes, "Second Brother and Uncle Hall Master did something wrong, they should be punished, Senior Sister, don't worry about me, I don't actually blame you...anyone."

What she said was a little messy, Shangguan Lingxian didn't know what to say, so she could only hug her tightly and comfort her like a sister comforting her younger sister.

"Ding, trigger the option event, please choose from the host:

Option 1: Be indifferent to the scene in front of you, no reward.

Option 2: Use a righteous standpoint to defend yourself, reprimand Feng Changhua's crimes, reward experience value +100,000, justice value -1000, blue gift bag*2.

Option 3: Other options, rewards to be determined. "

Li Yun was a little surprised, what is the justice value -1000? Isn't the evil value +1000?

Chapter 1216: I also need to go

After thinking about it, if you follow the description of Option 2 and reprimand Feng Changhua for his crimes, his behavior is tantamount to sprinkling a handful of salt on someone else's wound. Although he did nothing wrong, he still hurt Fragrantberry.

That's why there is a reduction in justice value!

Of course, Li Yun couldn't do anything that lacks EQ.

"Fragrantberry, sorry."

Li Yun said softly, no matter whether she heard it or not, after saying this, he closed his mouth and said nothing more.

"Um....."

Little Lori, who was lying in Shangguan Lingxian's arms, snorted and turned to look at him. There seemed to be tears in her big eyes: "You will be with Senior Sister in the future, won't you?"

"Correct!"

Li Yun took the initiative to hold Shangguan Lingxian's small hand, the latter did not break free, his face blushed.

Seeing the intimate movements of the two at close range made little Lori's eyes widened.

She accidentally encountered a lot of times when the Second Senior Brother and Shangguan Lingxian were chatting together, but the two of them always sat upright, not to mention touching their hands, but they didn't sit close. The senior sister paid attention to the distance. Never get close to men.

As a result... Now the senior sister's little hand is held by this man. Not only is the senior sister not angry, but blushing, she acquiesces in Li Yun's intimate actions towards her.

"This... that!" Xiang Berry's mind was messed up, and it took a long time for a sentence to pop out of her mouth: "Senior Sister, what about the marriage contract that your family found for you?"

Shangguan Lingxian was stunned for a moment, and looked at Li Yun unconsciously.

"I believe in you."

Li Yun smiled, "You will definitely take care of this, right? Or, I'll go to the betrothal gift tomorrow, and I will make your appointment first!"

The corner of Shangguan Lingxian's mouth bends, and he sighs: "What do you offer, you didn't propose to me... marry... Let things go for now!"

When she mentioned her marriage in front of the person she liked, Shangguan Lingxian was so shy that her whole face was blushing.

Xiang Berry looked dazed.

It was the first time that she saw the appearance of Sister Sister.

The gentle and kind-hearted senior sister has always had a faint smile on her face, which is as gentle as a spring breeze, but now...

His cheeks are blushing, his eyes are full of tenderness and honey, and his eyes are ashamed and angry, so beautiful that Xiang Berry feels heart, let alone a man.

"It turns out that Senior Sister really likes him!"

Xiang Berry was in a complicated mood. She really didn't care about the second brother. When she learned that he died, she was only in a sad mood. After seeing the senior sister, she recovered.

As long as the senior sister is there, the second senior brother or something is not needed.

Besides, the second brother... Feng Changhua is so bad, it's a good thing for the senior sister not to like him~.

"Sister, I will also go to Zhonghai City in the future!"

"what?"

"Open a hospital, a hospital!" Xiang Berry thought seriously: "Senior Sister, if you open a hospital, I will be a doctor. Anyway, I like Sister Sister, and I will always follow Sister Sister in the future, okay?"

"Uh... let's talk about this later."

Shangguan Lingxian glanced at Li Yun very strangely. Could it be that Xiang Berry is...

"Ding, the host makes his own choice, rewards Shangguan spirit fairy favorability degree +2, experience value +200,000, white gift bag*3, extra reward: Hao Xiangberry favorability degree +81."

Li Yun: "Cough cough cough!"

The system's reward reminder made him almost spit out a sip of tea. This little loli is also Bai Fumei, and has a good feeling?

forgive me!

Li Yun couldn't laugh or cry. If he shot Xiang Berry, it wouldn't be a Luo|Likong? Wait, it seems that Princess Yongning is about the same age, even though she has grown up in ancient times.

Fortunately, there is only 81 points of favorability, so don't increase it any more, just treat it as a girl's spring heart.

Chapter 1217: Liao Hua calls

the next day.

When Li Yun woke up, he smelled a faint milky aroma in his nose, and there was a similar touch on his left arm.

"Yao'er little wife? Are you awake?"

Li Yun pulled out his arm, shook his head helplessly, and covered her exposed fragrant shoulders with the quilt.

His young wife, Yao'er, was sleeping well, and the tender and cute baby's face was contented, like a hamster after eating and drinking, she shrank into a quilt, and Li Yun just groaned when she quarreled. Continue to sleep soundly.

"Forget it, let me get up first."

Li Yun was afraid that the morning fire unique to a man would burn up, so he didn't dare to stay longer, so he quickly got up and got dressed.

What is the morning fire?

This matter starts with the evolution and reproduction of human beings in ancient times...

Last night, I chatted with Shangguan Lingxian and Xiangberry until nearly eleven o'clock. After returning, Xia Feiyao pestered him for the same amount of time.

Of course, compared to Shangguan Lingxian, who had a good impression of only 98 points, and Fragrantberry chatting at 81 points, Li Yun and Xia Feiyao, who had a good impression of 100 points, were naturally different.

The two said few words. When Yao'er's little wife became jealous, Li Yun directly and rudely terminated the chat, and blocked all her jealousy in her mouth.

Talking and chatting, only fell asleep at 3 o'clock in the middle of the night, Xia Feiyao consumed too much, and now she is still a little tired.

"I want to have, a pair of angel wings, take me across thousands of mountains and rivers, and see the mountains, the sun and the moon..."

Li Yun's cell phone rang.

The song reminded by the call has a lot of origin, and it is a song sung by his girlfriend.

Liu Xianxian!

Yes, this "Angel Wings" is a song sung by the international star Liu Xianxian when she was a child. When Li Yun was with her last time, she forcibly replaced it.

"Obviously your girlfriend is a singer, but you keep singing her songs, it's true!"

This was Liu Xianxian's original words, Li Yun couldn't laugh or cry, so she could only change her ringtone and screen saver-with a super beautiful selfie.

Of course, Gong Qingyu secretly replaced it later and replaced it with a self-portrait painted by herself—a very beautiful antiquity beauty.

"Brother Liao?"

Seeing the call reminder, Li Yun had a bad feeling in his heart.

Sure enough, Liao Hua's voice revealed deep exhaustion and helplessness.

"Li Yun, are you free now? Come and help me, there is really nothing we can do!"

"What's the matter? The plane?"

Li Yun's expression became serious, so that Liao Hua, a high-ranking person, could do nothing, and only the recent plane crash that had a bad impact!

"Yes, we found the plane three days ago, but... the situation is very complicated, it's hard to tell."

As soon as Liao Hua's voice fell, the system prompt came.

"Ding, trigger the option event, please choose from the host:

Option 1: Promise to go, reward justice value +100, experience value +300,000, free attribute points +800, purple gift bag*1.

Option 2: Reject, no reward. "

Simple and clear, Li Yun chose the first item without much thought, and successfully harvested a purple gift bag.

"Okay, I will be there soon!"

"Don't be so hurry."

Liao Hua smiled bitterly, "Now the plane has taken off, at least it has to land at night, it's useless if you come."

The plane is still flying in the sky?

Li Yun frowned, this matter seemed to be quite troublesome.

After learning of Liao Hua's current location, Li Yun hung up and looked back at Xia Feiyao. She was already awake.

Chapter 1218: Parting is for reunion

"Husband."

Xia Feiyao held the quilt with her hand to block her delicate body, revealing a touch of white fragrant shoulders, especially seductive and charming, but her eyes were a little disturbed: "I, I am still with my husband...?"

Li Yun didn't answer right away. Xia Feiyao quickly realized the answer, her little mouth slumped. It was clear that she had been together for so long last night, and she had served her husband for a long time. She felt tired when she spoke and raised her hand. Now she is so cold-blooded, huh. !

"Yao'er."

Li Yun smiled bitterly, "This matter is very dangerous. Your husband may not be able to protect you."

"Hmm~!"

Xia Feiyao puffed up her mouth, but couldn't help worrying about him, "You must be careful, Nahuo!"

Li Yun nodded, Xia Feiyao clenched her small pink fist tightly, and said firmly, "Husband, you go, I decided to go back to Qinglei Valley, and I am going to break through the innate. When I reach the innate, I will go to my husband!"

He is not innate, and his strength is too far apart, and it is not convenient to do anything.

Li Yun smiled and held her small fist, and kissed her small mouth, "This is my good wife, okay, you can go to sleep, wait a few days and go back again, and stay with you. Sister Lingxian."

"So anxious... okay."

Xia Feiyao agreed with a small mouth, and couldn't even get up, so she could only watch Li Yun leave-she was now without clothes, although her husband had seen it last night, she was still very embarrassed in broad daylight.

"good."

Li Yun kissed her again, pressed her down, covered her with a quilt, and then turned and walked out the door.

"Husband..."

Shouting softly in her mouth, Xia Feiyao's eyes were full of dismay, after watching him close the door, she closed her eyes sadly, as if she could still smell the residual smell of Li Yun.

"My Xia Feiyao, I must break through the innate!"

"I swear!"

In order to be able to stay with him more, Xia Feiyao decided to go back to retreat and not go out until he was born.

Fortunately, there are Pei Yuan Dan and Zhu Ji Dan sent by Li Yun, and she has a great chance of reaching the innate.

...

"Lingxian."

When saying goodbye to Shangguan Lingxian, Shangguanxia was always watching, but Li Yun was not afraid, and walked up to hug her and kissed her!

"I'm leaving."

"what?"

Shangguan Lingxian was very surprised. Shangguanxia was itching with hatred from the side, and said: "It just so happens that Lingxian and I will return to Shangguan's house for a blind date. Your relationship ends here, there is no more!"

"hehe."

Li Yun smiled without saying a word, let go of the spirit fairy, stretched out a few pills and stuffed them into her hand, "Take these, remember the bead I gave you, and take it with you, yes, If you encounter difficulties and cannot contact me, you can go to Zhonghai City to find a person named Fanqing Sheng. She is the saint of the Hidden Sacred Valley and has a good relationship with me."

Not afraid of 10,000, just in case, Li Yun arranged for her properly.

In addition, only the two of them knew about the relationship between him and Fan Qingsheng now, not even the little maid, and Li Yun didn't plan to tell it, the time has not yet arrived.

".....it is good."

Realizing that Li Yun was going to do something important again, Shangguan Lingxian quickly suppressed the sadness in his heart about separation, and was as worried about his safety as Xia Feiyao.

"Don't worry, I'm fine."

"Um."

Shangguan Lingxian bit her lip and looked at him. Suddenly, she made a move that surprised Shangguan Xia again.

"I'm waiting for you to come and find me."

Standing on tiptoe and kissing him on his lips, Shangguan Lingxian blushed so badly that he quickly turned and returned to the house.

She will also go back to Shangguan's house.

At least, if the marriage contract that her parents forcibly stuffed her was turned off, she already had a "fiance".

"Okay! Wait for me, Lingxian!"

Chapter 1219: Set off again (on)

Qingxi Province, which is an inland province in the west of Huangxuan State, has many mountains, forests, complex and diverse landforms, with an average elevation of 2,000 meters, with mountains, plateaus, deserts, and Gobi.

The complex and rugged terrain and the deep inland have caused the development of Qingxi Province to be relatively backward. Li Yun realized this when after getting off the plane.

Shanhua City is a relatively developed city in Qingxi Province, but the urban area that is visible to the naked eye has almost few high-rise buildings. The development of the entire city and even the entire province can be seen.

In such an extremely underdeveloped area, it is very convenient to hide something.

For example, a base that can accommodate one aircraft.

"Brother Liao."

Li Yun greeted him with Liao Hua who came to meet him at the airport, and asked quite unexpectedly: "Why did you come to pick him up by Brother Liao? Are you busy?"

"I?"

Liao Hua smiled helplessly in the sedan, "I have been busy, and now I can't do anything. Forget it, get in the car first."

Liao Hua brought a driver. After Li Yun got in the car, the driver's eldest brother drove the car and drove out of the city.

"What's the situation now?" Li Yun knew that the driver was also a professional confidential person, so he asked him directly.

"It's hard!"

Liao Hua's face was solemn, and his words were shocking.

"Three days ago, shortly after you called me, the missing plane appeared again."

"It's just that it didn't fly according to the scheduled route. Instead, it flew directly to Qingxi Province and landed in the Hengtian Mountains a hundred kilometers away from the city."

"We rushed here immediately. During the call from the passengers, we learned that a weird middle-aged man hijacked the plane, but soon, the middle-aged man put away all his mobile phones."

"After that, he contacted us, calling himself Gale, and asked us to provide the aviation gasoline for the plane to fly 10,000 kilometers every day, otherwise he would start killing the passengers on the plane."

Liao Hua took a deep breath: "The opponent's strength is unfathomable. At least it is a master of the late Innate Realm. We couldn't find a way to save it for a while. We could only provide fuel and food and medicine for nearly two hundred passengers on the plane as required."

Li Yun frowned. A person from the late congenital period was taking hostages. This was indeed a headache.

As a congenital master, his movements are extremely quick, his eyes, ears, and nose are much sharper than ordinary people, and there is almost no way to rescue a hostage without disturbing a congenital.

"In the next three days, will the other party keep flying in a plane?" Li Yun guessed from the jet fuel demanded by the culprit Gale.

"Correct!"

"What's the purpose?"

"have no idea."

Liao Hua smiled bitterly, "The other party seems to have no purpose, just threatening the captain to fly the plane around the world... Uh, I don't mean the whole world, only in the territory of Huang Xuan."

"I didn't find any landmark buildings to hit it?"

"no."

Li Yun's face is weird, what exactly does the other party want to do?

When he first learned about it, he wondered if the other party wanted to take hostages to threaten the authorities in order to achieve certain goals.

For example, just like a certain terrorist force, hijacked an airplane and hit a certain building, causing international panic.

But now the other party is just flying the plane, is it looking for something?

Chapter 1220: Set off again (below)

The car left the city, drove in a certain direction all the way, and stopped outside a small town near the rolling hills.

The town here is different from the towns Li Yun has seen, and the architectural styles are very different, but the appearance of pedestrians is not similar to the mainstream yellow skin and black hair of Huang Xuanguo, and is more similar to the people from the Asan country.

"Arrived."

The car stopped at a temporary camp outside the town. Liao Hua watched Li Yun hesitate to say something, and finally said vaguely: "After you get in, you may be questioned, but it's okay, I will support you! "

Li Yun frowned slightly. It seemed that Liao Hua was not completely in charge here, but it is no wonder that he was only contacted three days later. It seemed that the people inside did not believe him.

There was no difference outside the camp, but after Li Yun and Liao Hua walked in, two men with strong builds glanced over with their eyes. After Liao Hua took the initiative to show his identity, they were able to enter.

"We are afraid that the enemy will have eyeliner in the small town."

Liao Hua explained with a wry smile that he had been coordinating outside before and had not personally come to the front line, so that the people here didn't know him well.

Li Yun nodded and didn't say much. He swept away his spiritual thoughts and knew that this seemingly ordinary camp had no less than three-digit numbers of personnel hidden.

Moreover, the position is particular, and if the enemy breaks in forcefully, the surrounding fire can sift people into a sieve in an instant.

But that is for ordinary people, with Li Yun's current strength... it will be done in minutes.

"I want to see General Xia!"

When he came to a bungalow, Liao Hua said to the two guard soldiers standing in front of the door.

Li Yun is no stranger to generals. If nothing else, Hu Xiaomeng's grandfather is a retired general. In addition, he also knows several generals in the army in Zhonghai City, and his position is not low.

But it seems that there is no other way to make a leader of Liao Hua's level. I really haven't seen it. It can be seen that the other party is even above him.

"Sorry." A soldier politely stretched out his palm and made a gesture of prohibition: "General Xia is in a meeting, please stay away to avoid misunderstanding."

It is not surprising that some people with good hearing can hear the conversation in the room.

Liao Hua suddenly became embarrassed, neither walking nor standing.

Li Yun shrugged and said, "Brother Liao, let's find a place to sit and drink tea. Since the plane is going to fly for a day, we can't be in a hurry."

"This... alright."

Liao Hua is very apologetic. Li Yun is strictly speaking the foreign aid he invited, but now he has a closed door. If he is a bit irritable, he may leave directly.

For example, for those people in the Hidden Sacred Valley, Liao Hua didn't need to think too much, knowing that if the maid named Qingzhu was present, he would definitely turn his face immediately, scowling and cursing with anger.

Li Yun and Liao Hua just turned around and walked out a few steps, but Li Yun stopped again and turned to look at the door guarded by the two soldiers.

"What else do you have?"

The soldier on the left immediately asked questions, but the next moment, the closed door opened, and a young man with a tall stature, thick eyebrows, big eyes and a Chinese character came out.

"Brother Ming!"

The two soldiers nodded and saluted him. Li Yun was quite surprised. It stands to reason that people in the team are called surname + position, such as General Xia, Staff Officer Zhou, Captain Wang and so on.

It feels strange to call me directly.

"Um."

The young man with the national character face responded casually and glanced at Li Yun squintingly: "Are you the foreign aid team leader Liao invited?"

"Ding."
