

Godly Choice 1221

Chapter 1221: Shangguanming

Just now.

"Trigger option event, host select:

Option one: Answer: I am your father, reward evil value +100, obtain skill: Rage Pegasus (spitting fragrance, making people crazy).

Option 2: Laugh without speaking, reward skill: Ha ha (double the effect when taunting).

Option 3: Answer: It's me, the reward is to be determined. "

Li Yun: "..."

The selection event given by the cheating system is really cheating!

"If Brother Liao didn't invite anyone," Li Yun smiled calmly, "It should be me."

"Ding, the host makes a choice, reward: **** favorability rises, white gift bag*2."

What the hell? !

Li Yun was shocked, and looked up and down the Chinese character face young man a lot, is he Bai Fumei?

No, what is the **** given by the system! ?

Cheating! !

"That's it." The young man with the face of Guozi asked: "Are you one of those practitioners?"

"No." Li Yun shook his head.

He is indeed not a cultivator at the moment, although he already has such powerful methods as Divine Mind, he also has powerful moves such as Longming Sword Art, Qinglong Roar and Yiyang Fist.

"Or the master?"

"Neither."

"Or have rich combat experience?"

"The combat experience is average."

"Then what are you doing?"

The young man with a Chinese character smiled and said: "This action is very dangerous. I think you should go back and forth, so as not to save your life and worry your parents and family for nothing, are you right?"

"indeed."

Li Yun nodded, and walked inward: "People who are not strong should sit down, but my strength is enough to deal with this incident."

"I'm really confident, take me a trick!"

The young man with the Chinese character face flashed with curiosity, his right fist was clenched, and he punched Li Yun who came forward.

This punch seemed unremarkable, but the two fighters who knew that Ming was so powerful showed a hint of terror. Even if Ming was shot at will, even those notorious drug dealers, cruel mercenary leaders, and lawless lunatics were all Be more cautious.

But Li Yun slowly stretched out his palm and faced the punch.

"boom!"

"impossible!"

In the shocked eyes of the two fighters, Li Yun's palm steadily caught Brother Ming's punch. The control of the two human powers was extremely perfect. There was no strong wind blowing out, and all the power was unloaded by the two in an instant. , No trace of overflow!

"This punch is not bad."

"Humph!"

The young man with the national character face retracted his fist rather uncomfortably, seeming to be evenly divided, but in fact the outcome is divided.

Li Yun's ability to control the force with the same precision as him in a defensive state is enough to prove his strength.

"My name is Shangguan Ming."

The young man who had lost a small game took the initiative to report his name, with a battle spirit in his eyes, as if he wanted to fight another game!

"Li Yun."

"Li Yun? Good name, go, go in."

"...Your name is also good."

Shangguanming?

Li Yun's face is weird. Based on the spoof of **** favorability that the system prompts, Shangguan shouldn't have anything to do with Shangguan Lingxian, right?

If it is approved by the Shangguan family, it's okay.

But isn't the Shangguan family very closed, it's a family with a long heritage and few people come out to walk around?

Li Yun, who couldn't figure it out, shook his head and followed Liao Hua into this temporary meeting room.

The conference room is not big, and there are already several people sitting in the meeting nervously. Except for Shangguanming, the others are at least forty years old, and judging from the aura, their positions are not low.

Chapter 1222: People of unknown origin

"Leader Liao."

As soon as Liao Hua brought Li Yun in, an old man in his fifties asked: "At this time of emergency, you are also bringing some people with unknown origins. This is very detrimental to our work!"

Li Yun's expression was indifferent. He knew that these people were people in high positions and could not easily offend them. Once offended, they would feel uncomfortable all over unless someone above could contend with them.

"Director Zhang." Liao Hua said with a smile: "Li Yun is not a person of unknown origin. We confirmed the discovery of zombies in Donggou Village for the first time, as well as the insect swarm incident in the Zhonghai Mental Hospital. Li Yun was involved. No, he is the actual discoverer!"

Everyone was taken aback.

Liao Hua went on to introduce: "In fact, Mr. Li Yun is very powerful. He has a good relationship with the saint of the Hidden Sacred Valley of the cultivator, and he is also a vanguard role against the Six Demon Gates, so I specially invited 'He came to assist us!'"

Liao Hua emphasized the word "invitation", saying that Mr. Li Yun could not easily offend him.

"Oh?!"

Director Zhang was taken aback, looked up and down at Li Yun a few times, and said solemnly: "I wonder what magical magic Mr. Li Yun has that can help us save the hostages smoothly?"

Among these people, the head is a middle-aged man who looks younger than forty years old. He should be the so-called General Xia, Xia Ming.

Liao Hua told Li Yun that Xia Ming, his position is very high, he has a strong voice in the military, and his cultivation is congenital perfection. When he was young, he was also a warrior-level figure who fought all over the world. He was well-known at home and abroad. Some powerful fighters!

Li Yun shook his head, "I can't use spells."

"Can't spell?! What are you doing then!"

"But I have the confidence to rescue the hostages smoothly!"

Li Yun didn't say everything enough and was confident to rescue the hostages, but he could not guarantee that everyone would survive.

There are close to two hundred passengers on an airplane, and it is extremely difficult to rescue them all on time. They can only do their best to do it, depending on whether the enemy cooperates or not.

Director Zhang wanted to say something, but General Xia spoke at this moment: "Sit down first. Since it is the person brought by Team Leader Liao, he should have some abilities."

His voice is deep and magnetic, which is a typical middle-aged man's voice.

Li Yun smiled. The inner meaning of this sentence was that he didn't believe him, it was just to give Team Leader Liao a face.

"Li Yun," Liao Hua hesitated to speak.

"It's okay, sit down."

Li Yun calmly found a place to sit down, just sitting next to Shang Guanming.

This young man, who is suspected of being from the Shangguan Lingxian tribe, really valued Li Yun, and he leaned in close and said, "You look very young, what did you do before?"

"18 years old, a student."

"Student? Wait, 18 years old?!"

Shangguan Ming's eyes widened in surprise. He was 10 years older than Li Yun, but the two were about the same in strength.

"Xiao Ming, be quiet!"

General Xia stopped Shangguan Ming, and Li Yun heard it. This summer Ming and Shangguan Ming seemed to have a good relationship. "Xiao Ming?" Li Yun tried his best to hold back his smile.

"Laugh!"

Shangguanming whispered, Shangguan's surname cannot be called by his first name, and Xiaoming...Huang Xuan people all know the name of Xiaoming, and everyone is well-known!

"What do you think about the eighth search and rescue operation?"

General Xia asked everyone, his eyes tracing their faces one by one, and finally stopped on Li Yun, and then he moved away after a while.

Chapter 1223: professional

"I!"

Shangguanming raised his hand and his tone became serious: "I ask my old friend to bring back an advanced thermal imaging scanner from abroad. This operation will definitely find the enemy's location!"

Everyone in the conference room spoke one by one, and Li Yun heard the outline of the matter.

In three days, the official people organized several rescue operations, but they all returned to no avail. The enemy's cunning level was far beyond imagination. It can be concluded that the other party had premeditated and organized this terrorist activity of hijacking the plane.

This situation made Li Yun a little more suspicious, whether people from the Six Demon Sects, ordinary evil forces, or Jianghu sects dared to make such large-scale hijacking actions.

"Okay, that's it. Xiao Ming, you will lead the team to be responsible for this search and rescue activity. All work will be carried out around you. In addition, don't stop the negotiation work, try your best."

The meeting was held very quickly, and soon General Xia announced his decision to appoint Shangguan Ming as the team leader of the search and rescue operation, with full authority to enter the mountains and forests to search.

Li Yun heard a situation. Shangguan Ming had not been present for the past three days. He also came in the form of foreign aid, but he had a very good relationship with everyone present, especially General Xia.

"Wait!" Liao Hua finally got a chance to speak, General Xia frowned in discomfort, "Group Leader Liao, what else do you have to say? Time waits for no one, as soon as possible."

"What I want to say is!" Liao Hua pointed at Li Yun: "We should listen to the opinions of professionals."

As he said, Liao Hua gave Li Yun a look and motioned him to say a word.

Everyone looked in unison.

"Ding, trigger the option event, please choose from the host:

Option 1: I have nothing to say, reward: none.

Option 2: Are you all rubbish? No one was found for three days! Reward: evil value +100, domineering value +100000, a high probability of offending a small figure in the upper circle of Huang Xuan country, special treatment, experience value + 1 million.

Option 3: Participate in the search, reward experience value + 1 million, all attributes + 1000, purple gift bag * 1, justice value + 1000. "

Li Yun thought about it for a moment, and the system seemed to have limited choices, and were not rich enough to be diversified.

Can't we combine the two?

"I haven't found anyone for three days?" Li Yun curled a smile at the corner of his mouth, making everyone present extremely annoyed. Director Zhang even raised his eyebrows at him: "What do you young man know? The other party is hiding in the mountains, the terrain. It's complicated and changeable. We can't send out a helicopter to search. Do you know these things? You dare to say that you haven't found them for three days. It's really annoying!"

"Okay, Leader Liao, you can take someone away!" General Xia said, without even looking at Li Yun.

"Don't you think it's weird?"

Li Yun's tone was indifferent: "If an airplane flies into the mountains, it can be seen that there must be an airport runway in the mountains. A runway can be built in the deep mountains. Such a large project and such an eye-catching target can hardly be concealed by the satellites in the sky. Yes, let alone you have sent someone to search!"

Everyone's expressions stagnated.

They had thought about this doubt a long time ago, but because they couldn't find the runway, they had to put it on hold.

"What do you mean...?" Liao Hua began to tremble with fear.

"What I mean is very simple." Li Yun said lightly: "The other party is likely to have mastered a special hiding technique, for example, magic array!"

Chapter 1224: Living hostage

"Magic Array!"

The expressions of the people became very exciting. If it was the stuff of the practitioners in the novels and movies, it would make sense if they couldn't find it for three days.

General Xia's gaze at Li Yun became serious: "I wonder if you have a way to crack the magic array?"

"I dare not say yes, but I have a way to determine where the hostages are!"

"any solution?"

Everyone in the conference room looked at Li Yun again, but this time, their eyes were a little more confused and surprised.

"this."

Li Yun took out a jade pendant from his pocket and displayed it in front of everyone, and said: "I need exact information about a hostage, birthplace, name, relationship, family, etc., in short, it is the birth date. Note, this The hostages must be alive, not dead."

What? !

Everyone was surprised. They needed this information. Could it be... fortune telling?

Not to blame for their surprise, it is that this spell is so famous!

Not only practitioners can divination, even ordinary monks and Taoists can interpret hexagrams, tell fortunes, and ask fortunes, etc. Huang Xuan people have always been familiar with divination and questioning hexagrams.

But along with these, there are very vicious head drop, witchcraft, curse, etc., which will also use a person's birth date.

Liao Hua swallowed: "Li, Li Yun, didn't you say that you couldn't find the plane before?"

"I said I couldn't find the plane, but I didn't say that people could not be found." Li Yun explained: "In fact, if you can find the soul of the dead hostage, you can know what he saw before his death. It's just this door. Spells... should be more troublesome."

The trouble is because Li Yun can't.

He now only has the Three Treasure Jade Pendant in his hand, and the cooling time for one use is half a month.

When everyone heard that he was both a soul and a divination, his expressions became weird, and they were all muttering in their hearts. Didn't you say that you can't use spells before?

".....it is good!"

After a long silence, General Xia agreed to Li Yun's request: "I will immediately send someone to collect information about a passenger for you."

"Ding, the host makes his own choice, rewards experience value +2 million, all attributes +2000, purple gift bag*2, justice value +1000, extra reward: purple gift bag*1."

Li Yun was overjoyed, and the rewards were very generous. It seems that the system also encourages his own choice of paths!

"Remember to live, it may not work if you die."

Li Yun was a little worried that he would not be able to find a hostage that could be confirmed alive. After all, the entire plane was being held by the gangsters, and the outside world didn't know how they lived or died.

Unexpectedly, Director Zhang promised this: "Don't worry, she must be alive!"

Li Yun didn't know the reason for this, but after he got the information of the passenger, he knew the reason that Director Zhang dared to guarantee.

"Shan Ruqing, female, 26 years old, divorced (unregistered marriage), daughter Shan Xiaoxiao, 8 years old.

His parents were divorced and lived with his mother Shan Xiaoqing since childhood. At the age of 18, he and her boyfriend gave birth to a daughter, and they separated at the age of 20.

Shan Ruqing has an excellent talent since she was a child. At the age of 16, she was admitted to Dunlun Bridge College, a famous foreign university, to study business knowledge, and returned to China with a master's degree at the age of 22. Within 4 years, she created a small fashion company with a brand value of 50 billion+.

Three days ago, Shan Ruqing and her daughter returned to their home in Beijing by plane. Unfortunately, after being hijacked by the gangster, they showed a calm attitude and remained calm. She was appointed by the gangster Gale as a temporary messenger for communication. He has repeatedly conveyed the gangster's request to the outside world. The current situation Good and emotionally stable. "

Li Yun's face is weird. This Shan Ruqing's life experience is really ups and downs. From the 26-year-old but the 8-year-old daughter, and the divorce (unregistered marriage), we know her first 20 years. How...sorrowful life should be!

Chapter 1225: Shan Ruqing, Shan Xiaoxiao

Somewhere in the Hengtian Mountains.

"Mother."

Shan Xiaoxiao hugged her mother tightly, her small body trembling with fright, her face buried in her mother's shame, and her hands tightly hugged her, seeming to seek comfort.

"Don't be afraid, don't be afraid, Xiao Xiao will be fine with her mother!"

Xiao Xiao is Xiao Xiao's name. Although the pronunciation of the two is actually the same, Shan Ruqing cares about these differences.

She sat in a dark corner with her daughter in her arms, and looked at the 'hostages' gathered in the distance, without the slightest wave of expression on her face.

It has been three days, and the hostage team has also begun to show some changes.

From the initial nervousness, panic and crying, to the numbness and resentment in the middle, until now, some people have begun to despair, but some people have begun to seek a little bit of life.

More than a dozen young and strong men turned into accomplices of the gangsters, holding whips, yelling at them, and helping the gangsters to take care of the hostages with a stern attitude.

Other women have begun to use their physical advantages to please the gangsters in an attempt to make their lives more comfortable.

But Shan Ruqing knew that these women were working in the wrong direction at the beginning, and the gangsters had no humanity at all. They were cruel and would never be shaken by beauty!

In fact, Shan Ruqing did not find any gangsters showing other expression fluctuations. They seemed to be carved out of a mold. Each one was covered with face, indifferent and cruel, like cold blood tempered through a sea of corpses. Killer!

"Mom, will we be saved?" Shan Xiaoxiao buried her face in her mother's shame, and asked muffledly.

She has asked this sentence many times, but for the sake of her mother, she still has to ask it.

"You will, you will, you will definitely!" Shan Ruqing gently patted her daughter on the back, softly comforting.

In this world, apart from her daughter, she Shan Ruqing has nothing worthy of nostalgia.

If there is any accident to her daughter, she will definitely commit suicide because of despair.

"When will we be saved?"

"...hold on."

Shan Ruqing had a difficult tone, but in fact, deep down, she was deeply desperate.

This group of gangsters was terribly cold-blooded and terribly weird.

"When will you wait? Xiaoxiao wants to eat sweet cakes. The food here is not good."

Shan Xiaoxiao's tone is innocent and cute.

"wait until..."

Shan Ruqing looked at the dim place ahead with bewildered eyes, where more desperate people collapsed on the ground.

"wait until?"

"...A hero appears, and he will take us away."

Only heroes can rescue them in this desperate situation.

"Wow, hero~~~" Shan Xiaoxiao said admiringly: "Xiao Xiao thinks that the hero must be a tall and handsome brother. He will step on the colorful clouds, wear a golden armor, and hold a handsome weapon. , 咻咻咻 knock down all the bad guys~~! Mom, don't you think?"

"Yes, yes, there will definitely be a handsome heroic brother to rescue Xiaoxiao."

Shan Ruqing couldn't help but show a smile on her beautiful face. With such an innocent and cute daughter, she can keep on going no matter how hard and tired she is!

"Then mom, you must take Xiaoxiao out with Brother Hero~"

"Um!"

Shan Xiaoxiao finally said her purpose, and stretched out her hand to pull the hook with her mother like a spoiled child. When her face was buried in her mother's arms again, she showed an expression that was inconsistent with the little girl.

As if relieved, it was not her mother who comforted her, but she comforted her mother.

"Hero..."

Shan Ruqing's eyes were confused, and in the end, all his worries and sorrows turned into a sigh, and she hugged her daughter tightly.

Chapter 1226: World search

"Li Yun, are these materials enough?" Liao Hua looked at Li Yun, hoping that he could use some earth-shattering spell to directly find the location of the hostages.

For three whole days, this case of hijacking a fruit flight that alarmed both at home and abroad did not even know where the hostages were. The entire Huang Xuan country was facing tremendous international pressure.

The hostages must be found as soon as possible, to see people or corpses in life!

That's why Shangguan Ming was recruited from abroad. Originally, his identity was very special, and his activities abroad were the best, and it was not when it was public.

"Sure."

Under the gaze of several leaders, Li Yun placed the jade pendant in his palm and said silently: "Search for the world: Shan Ruqing!"

The jade pendant was golden. In General Xia's view, it was not so much a jade pendant as it was part of the Taoist jade ruyi. The texture and color were very similar.

This thing can find a hostage, which is very doubtful to him and everyone.

But the next moment, Xia Ming's pupils suddenly dilated.

"Om!"

The Three Treasure Jade Pendant made a light trembling sound, suspended out of thin air, and slowly turned in mid-air. The milky white brilliance radiated out, shining on the faces of everyone, and it looked extraordinary.

"This!?"

Everyone was stunned. This jade pendant really had a magical function. It was only seen in Liao Hua's report, and people who had never seen magical magic with their own eyes. At this moment, they also felt like opening the door to a new world.

"Is there really a spell in the world?!"

Shangguanming's words with surprise can speak out everyone's aspirations.

"It's true."

Li Yun shrugged and began to study how this thing guides the way.

He soon discovered that the way this thing works is also very simple, as long as it is pointed in a certain direction, the brilliance on the jade pendant will extend a short ray, which will disappear after another turn.

You don't need to guess, the direction the ray is pointing is the direction where Shan Ruqing and the hostages are!

"It seems that it can only indicate a general direction!"

Li Yun put away the jade pendant and smiled at them: "This spell can only last for half an hour. Next time you want to cast it again, you have to do it in half a month."

"So short...no, it takes so long to cool down!?"

Shangguan Ming was taken aback and hurried to greet his teammates. Liao Hua said with great pity: "You should enter the forest before using this spell."

Li Yun smiled, he deliberately showed his hand in front of this group of leaders.

He didn't know the effect of this thing. In fact, even if you entered the mountain and didn't know the location, it would be difficult to find the exact location within half an hour, so he simply knew a direction and then looked for it purposefully, which would be faster.

Shangguanming quickly got ready. He and a few comrades were fully armed, wearing camouflage suits suitable for hiding in the mountains, plus a bunch of equipment, including a marching backpack, a water bottle, and bullet supplies.

There are not many people involved in the search and rescue, mainly because they are worried that the enemy will find that the opponent is a warrior of the innate realm, and his intuition is too acute. Once someone is found searching for them, it is estimated that they will directly kill a few hostages as a threat.

"Uh... forget it, you guys give me things."

Seeing their bloated luggage, Li Yun thought for a while, the secret of the space ring doesn't need to be too secret, it will be known to them sooner or later, just as a kind of spell.

As a result, everyone saw the magic of 'spell' once again.

A few backpacks full of supplies disappeared out of thin air, really just a bit, something full of one cubic meter in volume just disappeared in front of my eyes!

Chapter 1227: The magic of space ring

"WTF!?"

Shangguan Ming was really stunned this time, with his mouth wide open, and he even unconsciously yelled out what foreigners often shouted-he was more familiar with WTF.

Several other teammates, as well as General Xia's Director Zhang and others, all showed shocked expressions at this moment.

Only Liao Hua, who is very knowledgeable and has dealt with matters related to the Six Demon Gates several times, makes him appear calm and composed.

"Li Yun!!!"

General Xia burst into light in his eyes, and he rushed to Li Yun and grabbed his shoulder, staring at him with fiery eyes, as if licking a dog and seeing the goddess, cough!

"Do you still have something like you?!"

Everyone can understand General Xia's gaffe. In fact, after they recovered, they immediately understood the value of this thing.

Being able to store objects in different spaces anytime and anywhere, and then take them out anytime, anywhere, this kind of magical ability is enough to change the course of a war!

Think about it. Sending a person to an important strategic location of the enemy, with empty hands, can take out explosives weighing a thousand catties in one second, and blow the target point away with a bang.

If there is more of this thing, it can store the materials of a room, this is a godlike existence for the logistics support during wartime!

"No!" Li Yun said very simply.

"Really not? No one? A smaller one is fine. Even if you can only fit a notebook size, it is enough!"

"Don't think about it." Li Yun shook his head, "The space ring is an extremely precious artifact even among immortal cultivators, and only a few people can have it."

Qingzhu, the little maid beside Van Qingsheng, was also well-informed, but when she saw that Li Yun also had a space ring, she showed a surprised expression.

You can see the preciousness of this thing.

Li Yun is sure that the equipment that can be rated as golden by the system is quite a magic weapon in the Six Demon Sects and the Hidden Sacred Valley, and the god-level equipment that has been

repeatedly observed by the Vatican—the Nine Heavens Thunder Talisman, It's even more of a few things.

"Ahem!" Liao Hua coughed and reminded: "General Xia, calm down, Li Yun still has a lot of magical things that you will see in the future."

General Xia loosened Li Yun's shoulders a little embarrassingly, "Sorry, I was excited."

"fine."

"By the way, Li Yun." Liao Hua said to him solemnly: "If you still have spare ring space, you can consider selling it to the country. I can assure you that the country will not treat you badly!"

General Xia nodded and said the same: "As long as you are willing to sell Li Yun to us, or transfer, we will consider any conditions!"

In an instant, Li Yun thought of several of his confidantes. If they can be confided at the same time...cough cough, thinking too much, it is absolutely impossible. This is already a requirement to challenge the social order and will cause violent turmoil.

"I will think about it."

Li Yun said calmly: "Now I only have one space ring. If you really have anything to use it, you can borrow it from me."

Upon hearing these words, General Xia, Director Zhang and other leaders showed a satisfied smile.

The space ring does not have to be in your hand, it is like a nuclear weapon, it may not be used, but it must be there!

Director Zhang seemed to be a different person, admiring Li Yun, and even patted his chest and said that if you have any requirements in the future, please call him to ensure that Li Yun will be handled properly.

Because the space ring is too important, they even suggested that Li Yun should not participate in the search team. Unfortunately, Li Yun has received the system's selection event reminder.

Chapter 1228: The Turtle Stealth

"Ding, trigger the option event, please choose from the host:

Option 1: Go to the Hengtian Mountains to search, reward experience value + 1 million, all attributes + 1000, purple gift bag*1, justice value + 1000, the skill Hide and Seek is upgraded to master level, and the skill Spirit Turtle's Hidden Technique is upgraded to intermediate level , The skill infiltration technique is promoted to **** level.

Option 2: Stay in place, reward experience value +100,000, white gift bag*1.

Option 3: Turn around and leave, no reward. "

When Li Yun saw Option 1, he was stunned. It was the first time he saw the system's generous rewards and three skills directly upgraded.

He has acquired this skill for a long time. He has used it to sneak into casinos and flying tiger gates without being discovered. After being promoted to the **** level, this skill will become even stronger!

In addition, Spirit Turtle's Hidden Breathing technique can evade divine mind searches. Among the many skills that Li Yun has acquired, this skill can rank in the top five!

But Li Yun felt that it was still not enough. In order to rescue the hostages under the eyes of the Demon Sect, he needed to upgrade the Spirit Turtle Breath Technique to a stronger level!

"System, use skill pill to raise the spirit turtle hiding technique to a high level!"

"Ding, the skill pill was used successfully, and the host spirit turtle invisibility technique has been upgraded to a high level."

"Come again!"

Li Yun is very decisive, he still has two skill pills, the purpose is to deal with various situations, now is the time!

"Ding, successfully used the skill pill, the host spirit turtle invisibility technique has been upgraded to a master level, and gained the passive: the turtle invisibility."

Li Yun's body was shocked, and a flash of excitement flashed in his eyes. Sure enough, these powerful skill upgrades would have various magical effects.

"The **** tortoise is invisible, imitating the posture of the hidden dragon tortoise when it is sleeping, using divine consciousness to cover itself, blending into nature, and isolating all the observation methods from the outside, including the five senses and divine consciousness, the effect is greatly enhanced when it is still.

The five senses, namely form, sound, smell, taste, and touch, the invisible turtle can isolate the observation of the five senses and spiritual thoughts, which means that even if Li Yun is standing in front of ordinary people, let him see with his eyes, smell with his nose, and use Hearing with his ears, even touching with his hands, he only thought he had touched the air, and he could not feel the existence of Li Yun at all!

"T'm Cao!" This skill is too strong!

Li Yun exploded with a foul language, which caused Shang Guan Ming and several teammates to look at him one after another.

"Ahem, it's okay, let's go."

With a bright smile on Li Yun's mouth, with this skill, the infiltration skills of God-level are instantly dwarfed, and the gap is the same as that of innate masters and ordinary people, completely incomparable.

The only pity is that his spiritual consciousness is only intermediate. If he also rises to the master level, Li Yun is sure that even if he swaggers into the enemy's nest, he will not be found in the Return to Void Realm.

"go!"

Shangguan Ming issued an order, and several heavily armed fighters responded, diving into the mountains and forests vigorously.

Li Yun followed them slowly, strolling leisurely, but he was not slow at all.

After he showed the space ring, General Xia temporarily decided to stuff a bunch of things that might be used into his ring. If it weren't for hiding the living people, it is estimated that General Xia wanted several medical staff to get in.

Li Yun didn't show the Lotus Immortal Mansion again. This thing was countless times rarer than the Space Ring. There were even very few in the Hidden Sacred Valley, so it is naturally impossible for people to know it casually.

If there are people who must be saved, a few small recovery pills are a big deal, which is enough.

Chapter 1229: Elite squad

The Hengtian Mountains, as the name suggests, are mountains that traverse the sky.

I didn't feel it outside the mountain, but when he really entered the mountain, Li Yun felt that the name was indeed very appropriate.

Surrounded by mountains, looking up, apart from the dense foliage and branches, it is like a mountain peak pressing on top of a person's head.

The strange peaks are listed, the strange rocks are rugged, and the topography of the Hengtian Mountains can drive people crazy.

Fortunately, none of the people who can participate in this search team are ordinary people.

Shangguanming, innately consummate, had five years of experience in dangerous overseas war zones, and he personally killed the most vicious people, if the value of justice is replaced, it is estimated that there will be as many as a million.

Zhang San, Li Si, the two who stopped Li Yun before, Shangguanming's teammates, were born in the early days.

Their real names are naturally not this, Zhang San Li Si is just their pseudonyms.

Gu Jian, 32 years old, is well acquired, proficient in all kinds of modern equipment, is not low in position, and has a bright future.

Wei Chao, Qian Shuxi, early innate, sharpshooter.

There is also an agent proficient in makeup, a female soldier and so on.

It can be said that each of the twelve members of this squad is an elite of the elite, enough to deal with any unexpected situation.

Everyone is running in the dense forest. Everyone is a powerful warrior. In addition, Li Yun's space ring stores supplies. They only carry necessary combat items, so they are extremely fast. They walked nearly three times in less than an hour. ten kilometers,

"Li Yun, your light work..."

Taking advantage of the short break, Gu Jian gave Li Yun a thumbs up, and his eyes were full of admiration and said with emotion: "Really strong!"

Everyone looked at Li Yun one after another, their movements were not too slow, and the captain Ming was born in a martial arts family, so he was light.

But compared with Li Yun, everyone can immediately see the gap.

Walking in the courtyard, silently landing, and a long breath, this mysterious young man's light work seems to have reached the state of transformation, and every move reveals an extraordinary beauty.

"It's okay, you guys are not bad."

Li Yun humbled, his ethereal footwork was one of the first techniques to rise to the ***** level.

"whispering sound!"

Shangguan was full of dissatisfaction. He actually lost to Li Yun in his light work. Is this guy really less than 20?

Li Yun laughed, Shangguan Ming was not like those arrogant quacks, but was very cheerful.

"team leader."

Wei Chao asked, "We have already walked nearly fifty kilometers, deep into the mountain range, do we have to move on?"

Yupei's reminder is over. Everyone can only scurry around in the mountains and forests like headless flies. If there is no exact direction, let alone find the hostages, it will be difficult to find a trace of human activity.

"Continue to search according to the previous prompts!" Shangguanming glanced at Li Yun and chose to believe his spells.

"Be patient." Li Yun looked in a certain direction through the dense forest, "As long as the satellite positioning is accurate, it is not difficult to find the location of the hostages. The key is how to rescue... somebody is here!"

"Um?!"

This group of elite fighters recovered from a relaxed state in an instant, and their weapons were all aimed forward.

Shangguanming was puzzled at first, but soon, he also heard the abnormal movement from the front, the voice was very messy, like a wild boar running around in the mountains and forests.

"I, Cao, was one step ahead of this guy again!"

Shangguanming was very depressed, but he still said unconvinced, "Li Yun, are you wrong? The thing that came is obviously not a person, but it looks like something like a wild boar mountain forest. It will never be a beast. When hunting, they are silent!"

Chapter 1230: Savage

After speaking, Shangguan Ming glanced at Li Yun triumphantly.

"My judgment is the same as the captain."

Qian Shuxi, the sharpshooter with a very sensitive hearing, also nodded in agreement, and relaxed a bit of his originally tense nerves. While listening carefully, he explained to everyone: "The thing that came is a four-legged animal, and the pace is very messy, as if suffering. He staggered away from the bushes with a wounded appearance, most likely it was not a human being!"

This time Shangguan Ming was even more proud, and finally defeated Li Yun a little!

Li Yun smiled slightly, and said three words in a flat and firm tone: "It's human."

Is it human?

Everyone's faces were weird, and their voices became louder and louder, but anyone who had experience walking in mountains and forests would not think that the opposite was a human being.

"Hahaha, Li Yun, you still insist that the other party is human." Shangguan Ming smirked, "In this way, why don't we come to bet, just bet... I'm Cao!!!"

Before he could finish his words, a dark thing sprang out from the bushes five meters away, looking at them with horror in his eyes.

This 'thing' touched the ground on all fours, it was dirty and smelled, and it was full of wounds and scars cut by vine spikes. It looked miserable.

Although this dark thing is very illegible, everyone can tell at a glance that he is indeed a human being!

Being beaten on the spot, Shangguan Ming only felt the burning pain on his face now.

"Really human?!"

Everyone was very surprised. After looking at him carefully, a doubt arose in their hearts, "Is this a savage?"

Although this man on all fours had a human appearance, his long hair was messy and long, as if he hadn't taken care of it for months, and his whole body was covered with black mud, without a trace of clothes.

"Wow!!!"

The savage screamed in horror, turned his head and fled in the opposite direction, his movements were very agile, and the sudden burst of power made everyone stunned.

Savage will also practice martial arts?

"Ding, trigger the option event, please choose from the host:

Option 1: Kill this savage, reward justice value +1000, experience value +500,000, free attribute points +500, blue gift bag*2.

Option 2: Ignore, no reward.

Option 3: Catch the savage, reward justice value +50, green gift bag*1, experience value +100,000.
"

"Xiaoming, go after it!" Li Yun pushed him calmly, Shangguanming rushed forward subconsciously, his movements were agile and sharp, and he pushed the savage to the ground and shouted: "Don't move, move carefully. Your head!"

From this neat movement, it can be seen that Shangguan Ming did have two shots.

"Ahhhhhhhh!"

The savage yelled, and while struggling with Shangguan Ming's capture, he let out a threatening low growl. He has completely lost the appearance of a human being, and is no different from a wild beast.

"I told you not to move, didn't you hear?" Shangguanming instinctively wanted to punch him, but after raising his hand, he stopped in mid-air and couldn't fight.

He looked at the savage he was holding, his whole body exuding the sour smell of not taking a bath for ten and a half months, and his body was covered with foul black mud, especially his **** was exposed, that was so black...it is hard to describe in words!

"I am Cao!"

Shangguanming's face was pale, his body jumped three meters high, and he yelled strangely: "It's so **** stinky!"

Everyone couldn't help laughing, and it made Shangguanming glared at Li Yun. This guy must have pushed him on purpose just now. Damn it!
