

## Godly Choice 1241

Chapter 1241: aircraft runway

Li Yun, Shangguanming, and Feng Xuemei went down to the valley cautiously. When they were still at a loss, Li Yun nodded slightly and said softly, "I found the runway."

"found it?!"

Shangguanming looked suspicious and followed his gaze, but saw nothing.

In his vision, the valley ahead was nothing unusual. Trees were trees, grass was grass, and stones were rocks. There was no trace of human activity at all, let alone the straight and spacious airstrip!

"just in front."

Li Yun smiled and pointed with certainty to a place thirty meters away in front of him.

Shangguanming and Feng Xuemei opened their eyes and looked up and down, but they still didn't see them.

If it hadn't been for Li Yun to say about the fantasy formation in advance, the two would definitely think he was ignorant.

"I, Cao, it's a hell...then what should we do?" Shangguanming's original suspicious expression became depressed. He is now a blind man, even if the enemy is standing in front of him, he can't see it!

"Ding, trigger the option event, please choose from the host:

Option 1: rush out and kill all the enemies, rewarding justice value -10000, experience value +2 million, all attributes +1000, golden gift bag\*1, passive skill: reckless impulse.

Option 2: Find the hostage, make plans, reward justice value +1000, experience value +1 million, all attributes +500, purple gift bag\*1, blue item: Deception Talisman\*3.

Option 3: Retreat, no longer pay attention to this matter, reward: justice value +100. "

Li Yun was speechless. The system also gave the option to retreat. Now that he has come here, there is no such thing as retreating?

"I choose 2!"

"Ding, the host makes a choice and obtains a blue item: Desolate Talisman\*3."

"Broken False Talisman: Break open the illusion, clear the mind, duration: 1 hour."

Yes, the system actually gave rewards in advance, and the breaking talisman is something urgently needed at the moment, but Li Yun did not immediately use it for Shangguan and Ming as the system implies.

But choose...

"Cough cough." Li Yun coughed softly and said to them with a smile: "When you wait, you will follow the normal search. You can see what you see, don't worry about me, understand?"

Shangguanming raised his eyebrows, "Do you want to...?"

"Correct!"

"Okay, just do it!"

Shangguanming and Feng Xuemei quickly understood, and the two of them assumed that the front was the real mountain and forest terrain, and they no longer showed recklessness, and went out directly and generously.

Li Yun took out a submachine gun and followed closely, and the three of them were fully armed, like a small search team, and walked to the middle of the valley.

In the vision of Shangguanming and Feng Xuemei, they are standing among the bushes at the moment, surrounded by verdant green, high mountains and green waters, and grass and trees blooming.

But in Li Yun's field of vision, the three of them were standing on an airplane runway. The runway was two kilometers long, following the valley, like a dark green dragon lying in the valley, it was very eye-catching.

However, the two Shangguanming who were in it didn't see anything, they wandered around blindly - they were to allow Li Yun to observe the surroundings more.

"It's no wonder that the fairy trails are hard to find. For ordinary people who don't have spiritual consciousness, it's too difficult to find the trail of a practitioner!"

Li Yun sighed in his heart that if he had no divine consciousness, he would not be able to break the concealment of illusion like Shangguanming, and he would be blind.

Chapter 1242: Hero brother

"It seems that there is nothing here." Shangguanming'complained', "It seems that the damned band of gangsters is not hiding here!"

"When I find them, I have to kick their \*\*\*\* fiercely with high heels!" Feng Xuemei also said bitterly.

"Stop complaining, let's go ahead and look for it."

Li Yun motioned to the front with his eyes, Shangguanming and Feng Xuemei immediately understood what he meant and took the initiative to walk towards the front.

Li Yun is not blind after all. If he walks in front of him, he will inevitably expose his flaws. Only two blind men can make a way for him to stumble.

In order to act more realistically, the three of them searched separately and separated a short distance from each other.

"How is it, did you find it?"

"No, how about you?"

"Nothing, alas." Li Yun sighed, wiped the sweat that was squeezed out of his forehead, and rushed to Guanming and shouted: "Captain, shall we rest here today? I searched for two consecutive days and two nights. Iron men can't stand it anymore!"

"Fu\*k, you kid knows to rest! I want to rest without finding the fart. The hostages are still waiting for us to save!"

Shangguanming spoke in the same way that he used to laugh and curse with foreign teammates, looked at the time, and said: "It's okay, now it's past four in the afternoon. We will take a rest after looking for this valley."

Feng Xuemei naturally knew that the two of them were acting again, and because Li Yun found something worthy of attention, it might even be the location of the hostages, so he said he wanted to camp here!

Thinking of this, Feng Xuemei resisted the excitement in her heart and said in cooperation: "Then let's find a place to camp by the way, and let our teammates come here together later."

The underlying meaning is to let Li Yun find a place to camp—actually the location of the hostages.

Li Yun looked at his mobile phone and yelled, "I, Cao, Captain, the weather forecast tonight says that this area may rain. I think we should find a cave for one night? It's not on the battlefield anyway. We can live in a cave. It's not a problem, hehe!"

Generally speaking, the places where soldiers camp are seldom choose caves, because the entrance of the cave will be blocked by the enemy and be taken away in a pot.

But now, after a few "smiles and curses", Shangguan Ming naturally agreed to come down.

To find a cave is to find a hostage!

"Over there," Feng Xuemei pointed to the southeast of the valley, where there was a very steep low mountain less than 300 meters high, and there was a cave at the foot of the mountain.

Li Yun nodded slightly, indicating that it was there.

In Shangguanming's eyes, the cave was unremarkable, but in Li Yun's eyes, there were many traces of human activities.

Including messy footprints, fallen grass and trees, and countless domestic garbage piled aside, two hundred people ate and drank Lazard, but I don't know how much food was consumed.

But he didn't smell the smell of shit, urine and fart, so now Li Yun is not sure whether they are still there.

But when he reached the entrance of the cave, Li Yun looked inside, confirmed immediately, and saw the hostages!

"Ah! Brother Hero!"

Shan Xiaoxiao's eyes suddenly lit up, and she saw a very handsome, well-proportioned and slender young man appearing at the entrance of the cave.

As if God really responded to her request, he put a heroic brother in front of her!

At this moment, Shan Xiaoxiao, who was only eight years old, yelled out with unbearable excitement.

Chapter 1243: can not see

Accompanied by the crisp voice of the girl in the cave, the hostages imprisoned in this hollowed-out cave suddenly turned their heads to look at the entrance of the cave, shocked, ecstatic, unbelievable, but soon, these eyes changed. Become a deep despair.

"Woo, they can't see us either..."

"Why? OhmyGod!"

"That's it again, kill me..."

"Shhh, shut up, be careful, just like the day before yesterday, everyone who asked for help was killed!"

"Ding, the host makes a choice, finds the hostage, rewards justice value +1000, experience value +1 million, all attributes +500, purple gift bag\*1,"

After finding the hostages, Li Yun received a system reward.

Shangguanming and Feng Xuemei glanced around inside the cave. The cave they saw was not big, only three or four meters deep and less than two meters high, just enough to live in.

However, in Li Yun's eyes, this cave has obvious traces of artificial excavation, which is about the same size as a naturally formed cave. Almost the entire mountain has been dug across, and a glimmer of light is seen on the other end, and there is a faint smell inside. It should be caused by the hostages going to urinate internally.

More than ten meters away from the entrance of the cave, more than two hundred hostages sat down against the wall in fear, all of them haggard. That's it.

"Live here tonight?"

"Okay, after looking for two days and two nights, I will rest tonight."

The dialogue between Shangguanming and Feng Xuemei was like a giant hammer, slamming the hearts of the two hundred Chinese and foreign passengers in the cave. Even if the foreign hostages didn't understand them, they knew that the officials had sent them when they saw their expressions. The soldiers in the search and rescue did not see them!

For a while, the eyes of the people in the cave showed a look of despair.

"Quiet."

The gale sitting in the middle of the spacious cave opened his mouth indifferently, glanced at the three people standing outside the cave, and indifferently closed his eyes: "Whoever asks for help, who dies!"

Everyone trembled with fright, and quickly lowered their heads and dared not speak any more.

There was a smile on Li Yun's face after being allowed to rest, but he felt extremely weird in his heart.

Shangguanming and Feng Xuemei couldn't see or hear anything, and didn't notice the two hundred people in the cave.

The hostages in the cave clearly saw the people who came to search and rescue them, but they couldn't convey the message. They could only sit on the ground in despair, waiting for the culprits to release them with mercy.

However, to Li Yun's surprise, one of the hostages was rather optimistic, and his eyes kept shining brightly, unblinking.

This person is the first little girl to call out her heroic brother!

"Don't look, Xiao Xiao."

Shan Ruqing whispered, trying to turn her daughter's gaze back, but Shan Xiaoxiao insisted on looking at the heroic brother outside the door, which made her feel more painful.

Obviously there is no hope of being rescued, but my daughter...

"Mother."

Shan Xiaoxiao looked at the hero's brother who was standing outside the entrance of the cave tightly, and muttered, "I think..."

"What do you think?"

"...The hero is so handsome~."

After meeting the eyes of the hero's brother, Shan Xiaoxiao was sure that he must have seen himself, this heroic brother, is different from the previous one!

Therefore, Shan Xiaoxiao concealed it.

Chapter 1244: Camp at the entrance of the cave

"You kid..."

Shan Ruqing was in a complicated mood, but thought of something in her heart.

The search and rescue personnel came to the entrance of the cave twice, and it was her daughter Xiaoxiao who was the first to find out. Moreover, the day before yesterday, Shan Xiaoxiao not only saw the person outside the entrance of the cave, but also immediately prevented her from shouting. move.

After that, those who were excited about rushing out were all killed by the gangsters, but the people standing outside the door did not see at all.

After this incident, the hostages were hit hard, and many people began to abandon themselves and become accomplices of the bandits!

"Don't think too much, little, we...will be saved."

Shan Ruqing hugged her daughter tightly, and tears couldn't help but burst out.

If there are no disasters, how can you have such a strong intuition? It's all because of her being bad and failing to protect her daughter, making her so sensitive and sensible.

"Hee hee, of course, because a heroic brother is here~"

Shan Xiaoxiao hid in her mother's gaze, looked out from her arms, and once again met the eyes of the hero's brother.

Hero brother, must have found her! !

Into the night.

Twelve search and rescue team members gathered outside the cave and happily raised a bonfire, boiled some marching food, and ate them with some biscuits.

The firework rushed into the cave, causing a group of hostages who had eaten canned food for three days to show extremely complex expressions.

They were terrified in the cave, but the people who came to search and rescue them were eating spicy food at the entrance of the cave. This is simply...a wonder on earth!

"Oh, no hostages can be found, and I can't eat well!"

"Don't think too much, now it's a very moment, I can only say as much as possible."

"Where are those people hiding?"

The twelve team members were talking while eating and drinking. As for Wang Da, in order to prevent being recognized, he stayed alone and waited.

Li Yun was eating, drinking and chatting with Shangguan Ming and the others, while silently observing the internal situation.

In addition to the gale that has been sitting in the middle of the cave with eyes closed, there are also twenty-six bandits with their faces covered and indifferent eyes standing around watching with cold weapons, blocking the exits at both ends of the cave and wanting to enter. In the cave, you must pass by a few at least camera gangsters!

In addition, they never go out of the cave and want to rescue the hostages silently, which is too difficult!

"This fucking..."

Li Yun cursed secretly, feeling very depressed, and finding hostages would not be useful. This group of gangsters controlled by the magic door could not expect to be so cautious and hid in the cave after setting up a puzzle.

In this way, unless the Holy Spirit is found, she will also be able to subdue the 27 spells of at least the innate realm in an instant, otherwise it is absolutely impossible to rescue the hostages safely!

"what can we do about it.....?"

Li Yun frowned. He was not afraid of being discovered by the culprits. In fact, even if the culprits or hostages rushed out to meet them, the big deal would be to return to the normal hostage-taking process of confrontation and negotiation.

This group of people was hiding in the cave. When General Xia's command center learned of this situation, they looked at each other and couldn't help it.

Therefore, even if it is discovered by the gangster, it will only return to the negotiation stage.

General Xia and others, including fighting, negotiating, medical personnel, etc., have rushed to the nearby area to hide. To be cautious, they did not directly mix with Li Yun and his party, but continued to wait.

While he was thinking hard, the system prompt sounded.

"Ding, trigger the option event, please choose from the host:

Option 1: Actively show up, reward all attributes +3000, golden gift bag\*1, and the skill misty footwork has been evolved to become the misty body technique (intermediate).

Option 2: Keep silent, wait for the opportunity, reward all attributes +2500, golden gift bag\*1, get purple item: powerful hallucinogen (small probability to work on puppets).

Option 3: Find a way to mix into the hostage team, wait for an opportunity, and reward all attributes +4000, golden gift bag\*2, purple gift bag\*3, and the Nine Sun Heavenly Sutra evolves into the earth evil sun fire art. "

Chapter 1245: I want to eat cookies too

Li Yun's eyes lit up, the system's reward this time was really timely!

What's more, the rewards are extraordinary. The god-level misty footwork evolved into the misty virtual body technique, and the god-level Nine Suns Tianjing evolved into the earth evil sun fire technique, especially the inner strength mental technique is something that Li Yun is very greedy!

"From the perspective of attribute rewards, the system undoubtedly finds it more difficult to mix into the hostage team."

"It's just that I am in a hostage, what should I do to rescue the hostage?"

Li Yun looked at the campfire in front of him, thinking about what to do next.

"Xiao Ming." Li Yun sent a text message to Shangguan Ming and asked his opinion.

"Do you want to get in a hostage? Yes, you can, but can your invisibility show up without being noticed by others?"

Shangguan had clearly seen Li Yun's invisibility methods, but the moment he left the invisibility state, he couldn't hide the attention of others.

Unless you stay invisible all the time!

Even the people around you can become invisible, so faster, you can directly cooperate with the spiritual power spell to kill the gangster here!

"I'll ask your opinion first, if you have no other way, then I'll try to get in there before talking."

"Yes, just do it your way."

Shangguan Ming reluctantly sent a message to Li Yun, saying: "I have no clue right now. Just thinking about the more than twenty bandits is innate and feels a headache."

He has never encountered such a powerful kidnapper before, besides, as long as the force reaches the innate at home and abroad, he is the guest of all the rich and powerful. How can he still need to do such a kidnapping?

"Okay." Li Yun nodded slightly, Shangguan was curious, and asked him: "What are you going to do? Is there a spell to get in?"

"There is no such spell."

"Then your way?"

"I didn't expect it for the time being, I was thinking about it."

"..."

Ignoring Shangguanming's 'you grievance' eyes, Li Yun tore open a bag of biscuits and ate them one by one. It is not easy to get into the hostage team. If these people stay motionless in the cave, it is almost impossible to achieve. .

Only when they move around, for example, if it is convenient for many people in the morning, or to eat, or go out to carry things, it is easy to get things done if there is a commotion.

"Mom, I want to eat cookies too!!"

The crisp and tender girl's voice sounded again, and the people in the cave looked up and saw a little girl about eight years old pointing at the biscuit in Li Yun's hand with a tiny finger, acting coquettishly with her mother.

"Little..."

Shan Ruqing was deeply saddened. In the past, let alone biscuits, they were exquisite cakes worth hundreds of thousands and were made by top chefs. She did not hesitate to tailor them to her daughter.

But now...Where can I have biscuits? It's not good to have a dinner at 8 o'clock.

"Mom, I want to eat biscuits, I want to eat biscuits~~~~"

Shan Xiaoxiao hugged her like a coquettish and cute, and her voice was milky and very cute.

Normally, even on the plane, everyone will smile kindly when they hear this coquettish and cute voice, and some people may even bring out some biscuits and pastries to tease her.

But now, everyone is nervous, and Shan Xiaoxiao can't arouse their sympathy no matter how cute.

"This \*\*\*\* is troublesome, and so is my daughter!"

"Huh, isn't it? I think the daughter she taught will be the same ass!"

"It's also the age of elementary school, and there is still no tutoring. It is worthy of the background of Xiaomi who became a rich man!"

"It's so noisy, be quiet, there is still half an hour to eat!"

## Chapter 1246: Morse Code

After a commotion, the cave returned to calm.

Shangguanming and the others didn't know anything about it, the cave in their eyes was just a cave.

Li Yun was a little puzzled. He was not the first person to eat biscuits, but why did this little girl just yell when he tore open the biscuits bag?

"Wei Chao, I heard that you haven't married a wife yet?"

Li Yun sat on the side and looked at Wei Chao sitting inside.

Wei Chao didn't know, so: "I have... uh, I really haven't."

Wei Chao reacted after being thrown a bag of biscuits by someone next to him. Li Yun used the opportunity to chat with him to observe the situation in the cave!

"Hahaha, then you have to hurry up, I have several girlfriends, hehe!"

"I go!"

Wei Chao's sigh is from the sincerity!

"Is this human?" Shangguanming squinted at him, "My \*\*\*\* first love is still there."

"People are not in vain, captain, you have to hurry."

snort!

A look of disgust flashed in Shan Ruqing's eyes, she hated the man who is bothered the most, no, she hates all men!

When she was in high school, because she was a single-parent family with a lack of affection, when she met a man who was kind to her, she felt that he was her support in this life. Therefore, she had a big fight with her mother. She even bitten her because of her determination. Zheya gave birth to Shan Xiaoxiao.

As a result, the man coveted the tremor that her grandfather left her, and after deceiving him through rhetoric, he immediately flew away and disappeared without a trace.

Shan Ruqing doesn't want to recall these things anymore. It is enough for her to have a small child now, and men are no longer worthy of her love.

In this life, she will never fall in love with any man again.

Even her daughter Xiaoxiao, Shan Ruqing didn't want her to fall in love before she graduated from university.

Xiaoxiao only needs to graduate from a step-by-step university. Then Shan Ruqing will carefully select a husband-in-law with a good character and a good background, and he must be a patriarch, otherwise Xiaoxiao will never marry!

"Little, don't look at that smelly man!"

For the man who is bothered, Shan Ruqing has always put her arms around her daughter and turned around.

What she would never have thought was that her daughter was secretly communicating with the heroic brother at the entrance of the cave.

"You, know, Dao, this, a, do you."

Shan Xiaoxiao's slender index finger bends into a hook shape, fast or slow, or continuously bends and straightens, sending a piece of Morse code in this way.

Li Yun was shocked. After seeing the little girl's index finger continuously bend and straighten out, he also made the same movement.

Originally, Li Yun thought that he was thinking too much, because the eight-year-old girl was at least 20 meters away from him, and it was still at night—even if there was a campfire, the light was dim.

But unexpectedly, the little girl really saw his movements and bends five fingers one by one.

Li Yun understood and made similar moves!

Through the two confirmations, the two parties seem to have passed the "three-way handshake" of the IP network communication, and mutually confirmed that the other party can see the movement of their fingers.

Next, is the exchange time of Morse Code.

"knowledge."

Li Yun replied to her. Suddenly the little girl secretly gave him a big smiling face, and the little index finger began to twitch again, sending out a four-letter message: "xi, xi."

The so-called Morse code is an information transmission method composed of two basic signals and different intervals.

The short point signal reads Di, and the long signal reads Da for a certain period of time. There are five kinds of intervals in between, but if only letters are passed, only one is needed!

Chapter 1247: Little genius

In addition, the Morse code has prescribed representations for 26 letters and numbers 0-9.

For example, if a little girl wants to send a message like "xixi", the first letter x, which is expressed in the agreed comparison table: tick tick.

Switching to the way of hooking the fingers is to hook the fingers once slowly, then the quick ones twice, and the slow ones again.

Slow finger hook = drop.

Short = answer.

In the middle of the interval, use your finger to indicate the beginning of the next letter. There is no need to judge the interval time. After all, both parties can see each other!

"Brother Hero is so handsome~!"

"..."

Li Yun was speechless. Why did this genius little girl say this in the second sentence? She was a little silly little devil!

However, Li Yun was shocked.

This little girl is simply one of the most genius and IQ he has ever seen. A genius who belongs to two realms with the Sage of Fanqing, almost 100% sure to surpass Gong Qingyu in some respects!

First, the little girl's eyesight is very strong. Being able to see Li Yun's finger movements 20 meters away at night made him even wonder if the little girl is a cultivator. This kind of vision is rare in the world.

Second, the little girl has a very strong memory, can completely memorize the letter comparison table of the Morse code, and can communicate smoothly, very quickly understand the series of finger hook messages sent to her by Li Yun and convert the Morse code surface.

If you are an ordinary person with strong memory, even if you memorize the Morse code, you can't convert the Morse code information smoothly in your mind.

It's like a math problem, you can do it, but if you don't have a pen and just do it in your mind, most people can only stare at it, and there is no way to contact the context.

Third, her mobility is also quite outstanding, unlike an eight-year-old girl at all!

"You are also very cute."

Li Yun made a perfunctory sentence, wanting to ask some questions quickly, but the little girl reluctantly continued to hook her finger: "Brother hero is the most handsome person I have ever seen. Brother brother, can you be my father? Hee hee, my mother. Without a husband, she had a very hard life. I was so worried for her. My mother was cheated by her ex-husband. Now I hate men very much, but I think my mother still needs the company of a man.

The heroic brother is handsome and a super genius, strong and worthy of his mother!

And~, when Xiaoxiao grows up in the future, he can also marry the hero brother~"

Li Yun: "Cough cough!"

"what happened?"

Everyone looked at him in amazement, Li Yun was too choked, and embarrassed: "This biscuit is actually spicy!"

He was shocked now, this little girl had a lot of information, although it was enough to prove that her talent was amazing, but what the girl said was too amazing!

"What nonsense are you talking about? Don't talk nonsense!" If conditions didn't allow, Li Yun would definitely flick her forehead a few times!

"I'm not talking nonsense~"

The little girl turned around, "Hero brother, I just said a lot of things, do you remember it?"

"Um?"

"Hee hee, let me take a test of the hero brother, my mother, do you have a husband now?"

".....No."

Li Yun is about to vomit blood. This girl is using herself as an announcer, so she wants to test his Chinese pinyin listening ability?

"what is my name?"

"...Xiaoxiao."

"Small and small, baby's name is Xiaoxiao~, the real name is too troublesome, so I won't tell the hero brother first. Also, what will Xiaoxiao do in the future?"

"have no idea."

"Huh? No, no, no, heroic brother must know that Xiaoxiao will marry heroic brother in the future~!"

"no!"

Chapter 1248: Hook finger

After messing around with this little girl, Li Yun vaguely guessed her intention.

First, it is to confirm whether the communication between the two parties is smooth, and the second is the little girl to show off her talent and express that she can cooperate with him in doing something.

But Li Yun felt that she should still have a hint of venting.

If Xiaoxiao were an ordinary girl, she might just be frightened now, hiding in her mother's shame.

But the little talent is amazing. She is more awake than everyone present and can clearly know the current form. The better the brain, the more thinking, the greater the depression in her heart.

Therefore, she yelled out at the first sight after seeing Li Yun, and when she found out that she could communicate with the hero brother using the Morse code, she sent out a series of messages with excitement.

"Little, don't worry." Li Yun comforted her and encouraged her: "Your heroic brother, I have a stunt. I can promise to save you and your mother. Brother promise!"

It is difficult to rescue all hostages, but if only to ensure the safety of Xiaoxiao and her mother, Li Yun can pat his chest and say it is easy.

In today's situation, if there is any accident, Li Yun will of course give priority to protecting the mother and daughter. After all, they are close and distant, and other strangers are no more important than the new genius.

Moreover, one of them is a woman and the other is a child, and the disaster is also a priority group. Especially Xiaoxiao, who is only eight years old this year, belongs to the future of the motherland and belongs to the highest priority protection level.

"Hehe, thank you Brother Hero~, Brother Hero is the best, Xiaoxiao likes Brother Hero~!"

Li Yun was speechless, "Don't you know how to call it abbreviatedly?" The hero's brother had eight more letters, and his fingers were hooked to death.

"No, the hero brother must be called the hero brother, this is a complete title."

"Well, whatever you want, don't talk about this, let's talk about business."

"Um."

Li Yun breathed a sigh of relief when he got the answer from the two letters en.

Although this little girl is very genius, she is also very naughty. If it weren't for this critical moment, Li Yun couldn't help her.

"Brother Hero, ask, Xiaoxiao pretends to sleep now, but she is actually looking at Brother Hero~."

"Can you tell me what happened after you were kidnapped?"

"Yes! Little has no shadows in his heart, not as scared as my mother, hehe~"

Shan Xiaoxiao wanted to give the hero brother a sweet smile, but unfortunately the situation does not allow it, so he had to keep it for the future.

"On May 7, my mother and I were going back to Beijing for the weekend. Soon after we boarded the plane, a man stood up with bare hands and subdued everyone on the plane, and then ordered the captain to turn off the positioning system of the plane and leave the route. Fly here."

"After the plane landed in this mountain forest, we were driven out of the car, and more than 20 cold-blooded killers escorted us to this cave."

"At 7 o'clock that evening, the plane flew away with some hostages. It came back at 5 o'clock in the afternoon the next day, then flew away again on the third morning and returned at 2 o'clock in the afternoon on the fourth day."

From a small mouth, Li Yun learned part of what happened, and also clearly understood that apart from Gale and these 26 innate puppets, there were no other gangsters here.

It was learned from the hostages who followed the plane that before the plane flew everywhere, it also flew to another place to land, and brought some things from there and placed it in the cabin.

It's just that the hostages stayed in the headlight bay and didn't know what those things were.

Chapter 1249: Xiaogui Xiaoxiao

"Very good, little is awesome!"

Li Yun praised her, and in fact it was true.

Being able to report the time clearly and accurately, and still in the panic of being hijacked, is enough to prove that this little girl is different from ordinary people.

"Hehe, since Xiaoxiao is so good, can Hero Brother consider being Xiaoxiao's father?"

"...Let's talk about another topic."

"..."

"Brother Hero, okay? Come to be a little dad~, how great is Brother Hero becoming a hero dad."

"..."

"Brother Hero, look at how good my mother is! She is exquisite, slender and slender, and oh, mother is also very good. She graduated from a top foreign university. After returning to China, she started from nothing. With a scholarship and part of the internship salary, she created a market value of five. A tens of billions fashion company, how powerful!"

"..."

"Brother Hero, my mother has a good character, she cooks deliciously."

"..."

"Brother Hero, my mother and my lovely daughter are so beautiful, she has good ears and eyes, and she has the best talent in the world~!"

"..."

"Brother Hero, my mother..."

Li Yun took a deep breath. Was he communicating secretly with her to learn more about the culprit, or was he getting married by this girl and just dragging her to go on a blind date with her mother?

"Oh, I forgot to tell you, Xiaoxiao, in fact, I already have several confidantes!"

There was a smirk at the corner of Li Yun's mouth, waiting to see what expression she showed.

"I got it!"

Shan Xiaoxiao is very calmly hooking her fingers: "The hero is so good, there will definitely be girls chasing after him, but it's okay, with a little help, my mother will definitely be able to defeat those women and be a hero!"

Li Yun; "..."

What the \*\*\*\* is it to hold a hero!

"Hehe, after all, Xiaoxiao is a genius. My mother has a smart daughter like me, and she has a lot of wins~"

"Ding, trigger the option event, please choose from the host:

Option 1: Accept Shan Xiaoxiao's request, go chasing Shan Ruqing, reward justice value +10, blue gift bag\*1, Shan Xiaoxiao's favorability rises the most, after success, the host can get a market value of 50 billion Fashion company, and has a smart daughter of ice and snow.

Option 2: Reject, reward a white gift bag\*1, Shan Xiaoxiao's favorability rises the most.

Choice 3: Ignore, no reward, Shan Xiaoxiao's favorability rises the most. "

What, the system is also coming to join in the fun? ? ?

Moreover, there is justice value in pursuing Shan Ruqing? !

It turns out that the mother and daughter are called Shan Ruqing and Shan Xiaoxiao, which is equivalent to the system telling him in advance.

Li Yun couldn't laugh or cry. No matter which one he chose, Xiao Xiao's favorability for him had reached the maximum. Of course, this favorability was not between men and women, but pure favor, admiration, and admiration.

After all, Li Yun is now appearing as a hero, and it is normal for a little girl to have a adoration.

Option 1 is really tempting. There is a beautiful wife, Shan Ruqing, who can also get a cute and smart daughter, and a company with a market value of 50 billion as a bonus. If it is an ordinary man, it is estimated that he will be desperate for a long time. Going to pursue Shan Ruqing.

It is a pity that Li Yun has already agreed to Fang Xue and will never take the initiative to provoke girls, let alone pursue them.

—Although this kind of verbal promise has very low binding force, between Li Yun and Shangguan Lingxian, he can be regarded as actively pursuing them.

Chapter 1250: Leave

"Naughty."

Li Yun flicked his finger, as if volley hit Xiaoxiao on the forehead of this girl, "You can eat, wait until the time comes."

"Ding, the host makes a choice, ignores, rewards nothing, Shan Xiaoxiao's favorability rises the most."

"Oh, it hurts...Yes~~~"

Xiao Xiao could actually comprehend what he meant by flicking his fingers, and Li Yun felt that this girl's talent was amazing.

At eight o'clock in the evening, the gale sitting in the middle of the cave opened his eyes, and indifferently ordered: "You can eat, Shan Ruqing, you will arrange the food distribution."

The hostages sitting against the wall finally lifted their spirits. It is a rare activity time when eating. Although they can't go out, they can at least stand up and move their muscles. These more than 20 cold-blooded killers will only guard both sides of the cave entrance. , No longer deliberately suppressing the actions of this group of people.

Li Yun first wondered why the gale wind could still sit as steady as Mount Tai, and then he moved in his heart. This kind of chaotic crowd is the most suitable time to get in.

It's just a pity that he hasn't put on makeup yet. Even if he sneaks in with the tortoise invisibly, he will be recognized if he is forced to show up after two hours.

"Brother Hero, when are you going to accompany my mother and me?"

Shan Xiaoxiao used the words to accompany him, which seemed extremely ambiguous, making Li Yun dumbfounded. This little girl is a typical person and a big devil.

"I will leave tomorrow morning and come back after I am disguised, but I have to find a good time."

"Hehe, the timing is not for finding, but for creating it by myself~"

Shan Xiaoxiao said something that made Li Yun's heart tremble. He was really afraid that this girl would be noticed by the mess. Although Xiaoxiao was smart, she was a little girl. She was soft and weak, and there would still be danger if she was not careful. .

But Shan Xiaoxiao didn't do anything. She still whispered to others to be cute. In the hostage team, there were quite a few people who liked her, such as aunts and aunts.

Only Shan Ruqing saw the problem. Her daughter had been reluctant to talk to others a few days ago, but now she has become proactive.

No words for a night.

Li Yun was entangled in Morse code communication by Shan Xiaoxiao, and talked until 12 o'clock in the evening. If she hadn't been for an eight-year-old girl, she would be able to talk until two o'clock when she was sleeping go.

The two knew a lot about each other. Li Yun told her her origin and several confidantes around her, including some things about the magic door, and more Xiaoxiao talked about it unilaterally.

Her mother's body, her mother's hobbies, her mother's personality, relationships, books she loves to read, food she loves, companies she runs, and so on.

Li Yun didn't even look at it. This little girl seemed to be bored and suffocated. Whenever someone chatted, she kept on haunting him.

"Brother Hero, are you leaving?"

Shan Xiaoxiao woke up in the morning, watching Li Yun and others at the entrance of the cave begin to pack the surname Li, her small face immediately turned pale with fright, and there was a hint of panic in her eyes.

She has been comforting her mother for the past few days, someone will come to rescue her, because she knows that since the bad guys have such things as illusions, there must be good people who can crack them.

Not to mention that everything in the world appears in pairs, but at least a stable and sustainable social relationship must be justice overwhelming evil, otherwise the world will be chaotic and unable to survive.

Therefore, Shan Xiaoxiao firmly believes that the country will have capable people and strangers to rescue them.
