

Godly Choice 1251

Chapter 1251: Confused

And Li Yun was the person Shan Xiaoxiao was waiting for.

He can see through the illusion of the enemy, and has the same memory and understanding ability that surpasses ordinary people like her. If even he can't help it, then Shan Xiaoxiao can't deceive herself anymore.

"I don't know where else can hide in this ghost place!"

Li Yun didn't answer Shan Xiaoxiao's words. Now he is standing under the early morning sun. If the people in the cave observe, he may be exposed again by hooking his fingers.

"However, we will definitely find the hostages, Captain, I promise!"

This was not addressed to Shangguan Ming, but to Shan Xiaoxiao in the cave.

"Um."

Shan Xiaoxiao's uneasy heart slowly dissipated with an unchecked voice.

She chooses to believe Li Yun's words, he will definitely come back, no, he hasn't left, just waiting for the time to come!

As Li Yun and others left, there was no sound outside the cave.

The people who stayed in the cave became more desperate. Many people who woke up began to cry in a low voice, and the whining cry quickly infected everyone.

But some people are more irritable.

"Cry, cry, cry!"

"These idiots can't see us, expecting them to be a joke."

"We...probably can only wait to die in the cave..."

"I don't want to... at least let me die in the sun outside."

"Shut up! Brother Gale hasn't spoken yet, what are you arguing about?!"

The commotion brought chaos, and this sudden kidnapping accident exposed the gloomy, despicable, selfish, numb, and various human natures that were originally hidden in people's hearts.

"Little, don't look at them."

Shan Ruqing hugged her daughter with a warm hug, as if to keep all these dark things out.

But she didn't know, Shan Xiaoxiao got excited instead.

"Mom, I want to do something."

"what?"

"This matter is very important, very, very important. Don't ask why, just follow the small words, okay?"

"...Okay, mom promises you."

Although Shan Ruqing was puzzled, she still agreed. After all, the daughter in her arms is her only pillar in this world, and she will meet any requirements of her daughter!

"Well, Mom, you'll stand up later and say..."

After listening, Shan Ruqing frowned slightly, but when she figured it out, she smiled again and touched Xiaoxiao's face and smiled: "Okay, mom will do it. Xiaoxiao is really a good boy. Know how to consider the aunts and grandma."

Shan Xiaoxiao stuck out her tongue, she was not.

The cave is extremely repressed, and without anyone stopping, the riots and abuse will only increase.

But here is a strong man who is in charge.

"Quiet!"

The indifferent man sitting in the middle of the cave opened his mouth to drink, and there was no sound around him. They had seen the strength of the gale, and the cold-blooded killers around were even more brutal and bloodthirsty. The blood splattered on their bodies. They didn't even blink their eyes. They were so cold. To the extreme!

Shan Ruqing took a deep breath, stood up and bowed to Gale, and said with a trembling voice, "Master Gale, I have a suggestion."

The man did not speak, closed his eyes, as cold as a sculpture.

"Presumably you have seen it too." Shan Ruqing continued: "Everyone has been in the cave for a few days. They are very depressed and quarreled a lot with each other. I think it would be much better if they could go out to get some air."

Chapter 1252: anxious

Everyone in the cave looked at the gangster leader. Many of them couldn't understand Shan Ruqing's coquettish appearance, but now she took the initiative to stand up for the welfare of everyone, but she also won a lot of goodwill.

When they wanted to come, Shan Ruqing spoke very tactfully, coupled with her outstanding looks and beautiful voice, even the hard-hearted people would be moved.

But unfortunately, the only words that greet everyone are cold:

"sit down."

There was no ups and downs in the icy voice, making the atmosphere in the cave suddenly colder, as if someone poured a basin of cold water in the winter, cold from head to toe.

"Yes, yes!" Shan Ruqing sat down stiffly, and her daughter Shan Xiaoxiao hugged her, which gave Shan Ruqing some comfort.

"Sorry, little..."

"Mom!" Shan Xiaoxiao was anxious. Although she was exceptionally talented, she was still an eight-year-old child. Strictly speaking, this was the first time she faced such a major event.

"Mom, try again..."

"do not speak."

Shan Ruqing covered her daughter's mouth and shook her head. If she continued speaking, she would be heard by the bandit leader sitting in the middle of the cave.

Shan Ruqing can be sure that at this moment she will definitely be seriously monitored by the gangsters!

"Mother....."

Shan Xiaoxiao bit her lip, shouldn't that be the case? If there is no riot and the hostage stays in the cave, he can't get in, right?

Wait for these gangsters to discover their conscience and let them go?

No, it is impossible!

Although Shan Xiaoxiao is young, she also knows that hijacking a plane to kidnap hostages is a very shocking move, not to mention that this group of gangsters also built a runway deep in the mountains.

They have weird illusions, and they are all cold-blooded people!

One piece of evidence is that all the gangsters are indifferent to the beauties in the hostages, and it is clear that the hostages treat them as goods!

"The purpose of the bandits is achieved, they will definitely kill us!"

Shan Xiaoxiao became more sure of her inference, and she kept thinking about how to get a cold-blooded person to agree to them to go outside.

"Pretending to be sick? No, he will only kill someone with one sword."

"Selling cute and acting like a baby? He doesn't care about my mother's beauty, let alone me... But I still have to try."

"Encourage others to rush out? That's silly."

"An excuse to help carry supplies? It seems okay, but these gangsters are masters, and we don't need us. The excuse is too blunt."

Shan Xiaoxiao thought of many ways in the blink of an eye, but they all denied them one by one. The only thing that might work is to go out and help.

She was very sad. She used to think that she had a high IQ and could learn everything as soon as she learned. She could even pretend to be an adult to comfort her mother.

But now when she really encountered difficulties, she realized that only IQ was not enough.

Life and death are held in the hands of others, no matter how bright your tongue is, the other party will not move.

"Anyway, it's worth trying again!"

Shan Xiaoxiao looked out of the cave, where Li Yun still seemed to remain.

"Mom, we can't wait any longer."

Shan Xiaoxiao held her mother's hand and wrote something quietly on her palm, which shocked Shan Ruqing. Her daughter had already seen these things.

"Little..."

"Mom, just sit as I said, the hero brother will come to save us!"

Shan Xiaoxiao prepared for the worst, and if she did not succeed, she also believed that Li Yun could arrive in time.

Hopefully.

Chapter 1253: The plane is back

There was no breakfast in the morning, but Shan Ruqing took out a small piece of biscuits and gently stuffed it with her daughter Xiaoxiao, which she left at night.

"Mom..." Shan Xiaoxiao hugged her mother tightly, and Shan Ruqing rubbed her little head and said softly: "Xiao Xiao, eat quickly. You are now when you are growing up, so you can't help it in the morning. Have breakfast, be good, eat..."

Mom doesn't have so many things for you, it's because Mom is not good...

Seeing her daughter eating biscuits in small bites, Shan Ruqing felt like a knife. Her daughter was supposed to be sitting in the luxurious dining room, enjoying the exquisite breakfast prepared for her by the family chef, but now she can only sit in this dark day. In the cave, I can't even eat enough!

"Little, she is right, she can't wait any longer!"

A touch of decisiveness appeared in Shan Ruqing's eyes, silently waiting for the right time.

"Boom!"

At this moment, the roar of the plane came from outside. Everyone knew the sound and shadow of their flight coming back and landing on the runway outside.

Shan Xiaoxiao was a little surprised. The previous planes left in the morning and returned in the evening.

But yesterday afternoon's plane was postponed for a whole night, and it hasn't landed until now!

Soon, a few gangsters with cold weapons escorted seven or eight hostages and the captain and co-pilot came in. The captain and co-pilot looked very tired, as if they hadn't slept all night.

"grown ups."

A gangster handed a letter to Gale Feng, his voice was extremely cold, and after only two words, he quietly retreated.

Gale unfolded the letter silently, and after a glance, he squeezed the letter paper into powder.

Everyone shivered and shivered, this kind of power was terrible!

"Miss Shan, is there nothing to eat?"

The captain of the plane was a middle-aged man in his forties, named Xu Changdong. His eyes were black. After a glance at the food storage area, his face showed disappointment.

He flew all night, and he was able to come back this time because the gangster wanted to send a message to Gale, otherwise he didn't know when he was going to fly!

Shan Ruqing shook her head: "The food is only enough last night, and I have to wait..."

Before she finished speaking, the co-pilot interrupted her roughly, "But you can't finish it all!! What should we eat? Mud? Grass!" He was very irritable, and his voice became louder. It is particularly ear-piercing in the empty cave.

"You are paralyzed!" A fat man with a big belly also got angry, staring and cursing: "I only eat not enough food a day, you **** said we eat a lot?! Aren't you responsible for delivering food? Why not Send more?"

"I **** want...you know what a fart!"

The co-pilot was very hot, and the plane was able to transport a lot of food, but these gangsters threw away most of them, and only brought back enough for these people to survive.

"Grass! I don't understand? I earn hundreds of millions a year, what is your little pilot arrogant?!"

"Haha, are you still a prisoner now?"

"you wanna die!"

The two screamed and riots broke out in the cave again.

Shan Xiaoxiao's breathing became tense, her heart pounding, and she held her mother's hand tightly and squeezed it to remind her that this was a rare opportunity.

"Okay, little, I will try again."

Shan Ruqing responded in a low voice, and after the gale stopped everyone, she stood up again.

Chapter 1254: Decapitated rice

"Master Gale." Shan Ruqing lowered her head and said in a respectful tone: "We will help deliver the food back. By the way, let everyone breathe and relax. I dare to assure you, your lord, no one wants to escape. Here It's a virgin forest, and it's just waiting to die when running out, what do you think?"

"food?"

It was not the gangster Gale who answered her, but the co-pilot.

He looked at Shan Ruqing, in addition to a hint of surprise in his eyes, there was also a deep fear in his eyes: "There is no food...we..."

"what?!"

Everyone in the cave was stunned.

"No food? So what shall we eat for lunch?!"

"Grass, I didn't have enough to eat, now I don't want to eat it, so just kill me!"

"Damn, what are you doing? Didn't you fly to an airport to get food?"

"It's over... I don't have enough energy to run now."

Everyone complained, but Shan Xiaoxiao was taken aback. She thought of a very bad thing.

"Shut up!"

The cold sound of the gale wind drank everyone again, and his eyes glanced indifferently. The cave was suddenly silent, and the needle drop could be heard.

"Today is the last day, tomorrow I will let you go."

"in addition."

Before everyone could react, Gale pointed his finger at the captain and co-pilot, and continued:

"You can't rest right now. You can fly again and send me to another place. I will let you go when it's over."

The atmosphere in the cave has become weird. Will these cold-blooded bandits really let them go? !

Everyone had different thoughts, not only hoped to be true, but also felt unlikely, flustered, uneasy, and nervous emotions began to spread.

"We can leave tomorrow?"

"Oh, that's great."

"I don't think it's possible..."

"Shut up, Master Gale, as a strong man, is he a stubborn person?!"

The cave was noisy and chaotic, but this gale did not stop.

When she heard the release, Shan Xiaoxiao's mind went blank for an instant, and when she recovered and saw that the gale hadn't stopped everyone, she became more sure of her guess.

This big bad guy will never let them go!

"Brother Hero..." Shan Xiaoxiao thought of Li Yun at this time, and couldn't help but look out of the cave, as if he was still sitting there and hooking his fingers with her.

"We must let him know about this!"

As her mind gradually cleared, Shan Xiaoxiao's spirit was concentrated like never before.

She stood out, and ignoring her mother's prevention, stood in front of the cold-blooded gangster Gale, showing a smile with fear.

"Uncle Lie, Liefeng, can I go out to see the sun?"

The little girl's unique childish voice made everyone in the cave look at her.

After a long while, Shan Xiaoxiao lowered his head and said: "Little kid has watched an ancient TV series, saying that a prisoner will have a delicious meal before he is decapitated, and before he is released. I think we should and also....."

The air became extremely cold and silent.

Shan Ruqing realized that her daughter had lied.

Prisoners only have decapitation meal before being decapitated. It is also called Ciyang meal. There has never been a saying that there is a delicious dinner before release!

The reason the daughter said this was just to get Gale to allow her to go out.

"it is good."

After taking a deep look at Shan Xiaoxiao, Gale stepped out, leaving everyone looking at each other. After a long time, they carefully followed him and walked out of the cave.

Shan Xiaoxiao's thin body shook, and was hugged by her mother in time.

She was so nervous that she was about to faint.

This is her last chance. If the gangster does not even agree to this request, then the people here can only wait to die, there is no hope at all!

"Little, you did a great job."

Chapter 1255: opportunity

Suddenly, a small voice came into her ears, and Shan Xiaoxiao suddenly opened her eyes. This was the voice of the hero's brother! !

The hero's brother had always been by her side!

Is it invisibility?

Yes, it must be! It's invisibility!

In an instant, Shan Xiaoxiao seemed to have infinite courage and strength. She went back to the time when she quietly hooked fingers with Li Yun last night. As long as the heroic brother was there, she would not be afraid at all!

"Mom, let's go out!"

Shan Xiaoxiao showed her a big smile and happily took her mother's hand and walked out.

Outside the cave, the sun was just right.

The early morning sun gave out thousands of rays of light, illuminating the mountains and forests, everywhere with the fragrance of birds and flowers, the mountains are high and the forests are deep, creating a vibrant scene.

It's just the opposite of everyone's heart.

"I don't want to die!!!"

One person screamed, and desperately rushed out of the team and ran towards the distant mountains and forests, but before they ran a hundred meters away, a figure flashed past, white sword light flashed, blood spurted, and the escaped person changed. Cheng flew out in two quarters.

"what!"

Everyone exclaimed, Shan Ruqing quickly covered her daughter's eyes, and said with a trembling voice, "Little, don't look!"

Even if you die, don't bear the fear before you die.

What she didn't know was that Shan Xiaoxiao was full of confidence in her heart.

Although she felt sorry for the person who rushed out, he didn't know that someone had come to save him, and he lost his life in vain.

not far away.

"General Xia!"

In the temporary headquarters, the liaison officer immediately shouted out after receiving the information: "Li Yun sent a message saying that they have come out, and the gangster killed a person who wanted to escape!"

"These bastards!"

An irritation flashed in Xia Ming's eyes, but the current situation had changed suddenly and he had to act early.

"Let Shangguanming use the Breaking Talisman to monitor the situation in front of the cave at any time!"

Xia Ming became more and more powerless. The enemy had clearly begun to kill the hostages, but because of the existence of the illusion, they could not see it at all. It was like a cloud of fog covering the entire incident, repeatedly hitting him in the face, hitting him as a congenital. Consummation, it's the high-ranking general's shop that has lost its temper!

Only by relying on Li Yun's Deception Talisman, they got a glimmer of opportunity to observe the bandits and hostages in the illusion.

—After seeing the plane rumbling and landing at close range and then disappearing in the valley, Xia Ming and others no longer doubt what Li Yun said, that the gangsters and hostages are indeed lurking in the valley!

"Yes!"

After the news was delivered, the information in front of the cave came back continuously.

"A total of 26 bandits, all the hostages came out, the position of the bandits is as follows: the first one, near position 7, southeast..."

It was not without progress last night. Xia Ming sent some special points in the valley quietly to determine the location of various places in the valley, and to provide the snipers ambushing around the valley to determine the location.

Even if this kind of position is very vague, it is very likely to call the wrong person, but at this very moment, I can't care about so much!

"What about the position of the front eye? Is the rocket aimed?" Xia Ming asked again.

In addition to the unknown of the gangster, there are also seven phantom eyes!

This is the information Li Yun provided to them yesterday. As long as they destroy the things in these seven locations in the valley, all there is to be destroyed, or even only three or four, the phantom array will naturally collapse.

Chapter 1256: Ding, earth evil sun fire power

"Yes, it's already aligned!"

"Remember, if you can see the gangster immediately after destroying the array, just wait a while before firing. The enemy should be lost for a moment and give us a chance to re-target!"

"On the contrary, if the phantom array slowly dissipates, then don't hesitate and shoot immediately!"

In order to be foolproof, Xia Ming has taken all aspects into consideration. He does not seek to rescue everyone, but he must try to minimize the casualties of the hostages!

It would be nice if there were more Deception Talismans, but unfortunately Li Yun only had three, plus a piece of equipment with a similar effect.

"What's the current situation? Ask Shangguan Ming."

General Xia knew that Li Yun was lurking around the culprits at close range and it was difficult to send a message back, so he only asked Shangguanming.

"It seems... the gangster wants to board the plane."

"Boarding?"

"Yes! They were divided into two parts. Gale took five gangsters and seven or eight hostages to board the plane... Ah, the gangsters who boarded the plane included the mother and daughter of Shan Ruqing! General Xia, we...?"

Xia Ming thought quickly in his mind that the culprits had parted and the leader even left, so there is no doubt that it will be of great benefit to the next rescue operation.

It's just that if you don't shoot now, then Shan Ruqing's group of people will be greatly threatened when they get on the plane, and there is even less than a 1% chance of surviving.

Save all people, the probability is 30%.

The probability of saving a small number of people is 90%.

Xia Xia Ming was undecided and looked at the decision-makers with blinking eyes.

"I think we should trust Li Yun!"

It was Director Zhang. He hadn't waited to see Li Yun the last time before, but now after less than a day, his attitude towards Li Yun can be said to have undergone a 180-degree change.

"it is good!"

Xia Ming nodded hard, and the only hope for those who boarded the plane was Li Yun!

"General Xia, they are boarding."

"Let them go, after the plane takes off, we will find another time to move our hands!"

"Yes!"

...

"Ding, the host made a choice, mixed into the hostage team, waited for the opportunity, rewarded all attributes +4000, golden gift bag*2, purple gift bag*3, and the Nine Sun Heavenly Sutra evolved into the earth evil sun fire art."

"Ding, the host made a choice to enter the plane to protect Shan Ruqing mother and daughter, reward experience value +2 million, all attributes +3000, golden gift bag*1, extra reward: civilian parachute*10."

On the plane, Li Yun, who was sitting in the first-class cabin, checked the system's prompts and thought while waiting.

Lulushan is undoubtedly the timely rain given by the system, plus some things he drove last night, enough to cope with the immediate crisis!

"System, use skill pill to upgrade my earth evil sun fire power to intermediate level!"

A look of expectation flashed in Li Yun's eyes.

Last night, he opened all the previous gift bags. There were a total of 9 golden gift bags, and a total of three pieces of equipment, one for illusion-breaking and one for combat, were given to Shang Guanming for him to use.

There is also a golden ring.

"Soothe the nerves ring

Special effects: calm the mind and soul, make people feel peaceful.

Skill: Bodyguard Requiem (3/3)

Description: A must-have gift for your loved one. "

Just looking at the introduction, the magical artifact of this ring is very ordinary, and it is mostly enjoyable, far inferior to the golden magical artifact that Li Yun had obtained before.

But it was quite suitable for the current situation, Li Yun looked at Shan Ruqing.

Chapter 1257: Glamorous female president

snort!

Shan Ruqing snorted insignificantly, disgusting the man's eyes.

She was named by the gale and was forced to take her daughter and several other hostages on the plane. In the economy class of the plane, not only did she see the seats disassembled, but also the rows of sealed iron cans. I didn't know what they were inside. What is stored, but it must be very important.

Because Gale and other five culprits were watching in the economy class, the nine hostages were sitting in the first class instead.

At Shan Ruqing's cold eyes, Li Yun smiled indifferently. He hadn't seen Shan Ruqing's appearance until now.

Indeed, as the little devilish girl said, she was very beautiful.

170+ model body, delicate face with melon seeds, slender and long eyelashes, lips without lipstick, but a natural blush color.

More importantly, Shan Ruqing has a very cold and arrogant temperament, and a high-end professional skirt. Even after four days of imprisonment and some stains on her body, she still has not compromised her high-cold female president temperament!

Elegant, glamorous, and powerful, but with a trace of seductiveness.

Li Yun thought about where her seductiveness came from, and finally came to the conclusion that this is from her mother's identity. A royal sister president who has a daughter, even if he shows a strong feeling, he still can't get rid of the trace of naturalness. Motherhood.

It's just that the two are not in conflict, but are perfectly integrated.

Elegant and glamorous female president, she is also the mother of an eight-year-old girl.

"Brother Hero!"

Just as Shan Ruqing became more and more disgusted with this ordinary-looking man, and when the surrounding men looked at her, her daughter flew into the ordinary man's gaze, hugging him and began to act coquettishly and cutely.

"Hehehehe, the hero brother really came to save Xiaoxiao~~"

"Xiao Xiao is so touched now, thank you hero brother~!"

"Little!!!"

Shan Ruqing was shocked, and the surrounding hostages also showed strange expressions. What heroic brother?

"Little, come back quickly, don't stay with this kind of person!"

Shan Ruqing pulled and pulled, but still couldn't pull her daughter out of that ordinary man's humiliation, instead she hugged even tighter.

"Mom~, hee hee, this is the hero brother, we have seen it before!"

Shan Xiaoxiao showed an innocent and cute smile to her mother, and didn't worry about being deceived at all, which surprised Li Yun.

"Little." Li Yun pressed her little head with his big hands and rubbed it, and asked with a smile: "How did you recognize me?"

The more weird the crowd, who is this person?

Shan Ruqing was stunned, why is her daughter so close to this man? Under her influence, her daughter hardly played with boys in kindergarten or elementary school.

"Humph~"

Shan Xiaoxiao snorted very proudly, first took a peek at the direction of the economy class, and then showed a complacent smile: "It's very simple. I remembered more than two hundred uncles and aunts, as well as grandparents. So even if the heroic brother makes up well, I can recognize it at a glance!"

"This.....!"

"is that a lie?"

"impossible!"

The few hostages around were very surprised, let alone remember two hundred people, this number was ten times less, ordinary people would not be able to recognize them immediately.

To be precise, if there are more than 7-9 people, the brains of normal people will be messed up, and their names will not match the face shape. If more than 20 people can remember one or two, it is considered good.

Many teachers may not remember one after the whole semester. This is still the case of meeting every day!

But Shan Xiaoxiao can remember all the appearances of two hundred people. This powerful memory is far beyond the level of normal humans!

Chapter 1258: Key choice

After Li Yun explained his origins, the hostages on the plane were all excited. If it weren't for the gangsters in economy class, they would definitely cheer.

But then comes the question of how to get off the plane safely.

"how do you want to do it?"

Shan Ruqing hugged her daughter tightly and had a better attitude towards Li Yun, but her tone of voice was still cold. It is estimated that if it were not for Li Yun's identity, she would not bother to talk to him.

Inexplicably, she was a little jealous.

It turns out that what Xiao Xiao tried so hard to do before was all for this man to get in, and Xiao Xiao's relationship with him was still so close, it felt like her beloved thing was taken away.

"Wait."

"Wait? What are you waiting for? Do you want the captain to change course?"

Shan Ruqing asked a series of questions, but Li Yun did not answer, but stood up and walked towards the cockpit of the plane.

"Brother Hero, wait for me, I want to go too~" Shan Xiaoxiao jumped out of her mother's embrace, jumped to follow Li Yun, and happily grabbed the corner of his clothes, just like a coquettish elder brother Cute sister.

Shan Ruqing didn't worry about her daughter, so she followed.

The remaining hostages look at me and I look at you, all showing helpless expressions.

"Is it useful to be rescued alone? Let alone we are still ten thousand meters high in the sky!"

One person whispered helplessly, everyone looked out the window, white clouds fluttered underneath, and the plane was flying over the mountains to another province.

Wanting to get out of trouble is nowhere in sight.

But at least, there is hope.

"captain."

Li Yun walked into the cockpit and greeted them. The two pilots were startled and thought it was the gale to issue some new orders.

After learning of Li Yun's identity, the two pilots who had been flying for a day and night became excited.

"Mr. Li Yun, what are you going to do? Do you want me to change the flight route?" The captain had bloodshot eyes in his eyes. He flew the plane for a day and night under fear and he almost reached the limit!

In his opinion, being able to get on a plane to save people alone is enough to prove that Mr. Li Yun is quite capable.

Shan Ruqing's calm gaze also looked at Li Yun. Although she hated men very much, she knew that this was the only hope for their mother and daughter to go back safely.

"This man... I hope he is really useful." Shan Ruqing thought silently in her heart that neither she nor her daughter could stand any more toss.

This is the only time she has paid so much attention to men since she was eighteen.

"Ding, trigger the option event, please choose from the host:

Option 1: Let the captain find a suitable airport to land as soon as possible, solve the culprits before they find them, reward them with justice value +1000, purple gift bag*1, medium recovery Dan*3.

Option 2: Follow the route given by the gangster, reward justice value +10000, golden gift bag*1, four medium-sized medicines*3, and an additional bonus random martial arts to increase the level.

Choice 3: Ignore everyone, jump the mountain immediately, reward skill: Jin Chan escapes the shell. "

The sudden system prompt made Li Yun's expression stunned.

It's another critical moment of choice.

Choice one is to give up the hostages who stayed outside the cave and let Shangguan know that they acted by chance. If the gale changes the course by accident, he will immediately order the bandits on the ground to kill the hostages. There is no doubt that Li Yun will choose this one. It just added trouble to Shangguan Ming.

Chapter 1259: Tram problem

But this is not true, because the gangsters have decided to kill the hostages, it's just a matter of when to do it.

Option two is equivalent to Li Yun cooperating with Shangguanming's actions, allowing them to find the right time to start, shoot the gangsters to death in one fell swoop, and save two hundred hostages on the ground.

Choice three... Skip it, don't think about it.

Li Yun frowned. This is almost a replica of the tram problem.

Save ten people on the plane, or two hundred people on the ground?

Although every choice will not be 100% successful, nor will the opposite party fail 100%.

"You decide."

There is still some time to use, Li Yun threw the problem to the four people present.

"Look for the nearest airport to land!"

Shan Ruqing answered without hesitation, and looked firmly at Li Yun: "The people on the ground are saved by others. We take care of ourselves first!"

"Oh?" There was a faint smile at the corner of Li Yun's mouth, and he glanced at Xiaoxiao, who was hugged from behind by her, who was 1.2 meters tall.

This cold temperament female president is for her daughter.

"Mother....."

With Shan Xiaoxiao's IQ, she naturally knew her mother's true thoughts, her eyes flashed a few times, but she did not reject her mother's kindness.

"You guys think so too?"

Shan Ruqing looked at the two people driving the plane.

The view outside the window is extremely wide. The plane is flying at an altitude of 10,000 meters. Underneath are undulating mountains. A winding river flows through the forest. The scenery is beautiful.

It's just that above the sky, everyone's mood is completely opposite.

"No, no." The co-pilot struggled for a while, gritted his teeth and said: "Continue to fly according to the target point given by the gale!"

Shan Ruqing's pupils shrank suddenly, and her voice said coldly, "I want to know why?"

"My girlfriend... is a stewardess on this plane, who is still on the ground."

In other words, the co-pilot chose to sacrifice some chances of his own salvation for his girlfriend to have more hope of being saved.

"Oh."

Shan Ruqing was indifferent to this, her aversion to men had deepened into her bones and could not easily be changed.

"How about you, captain?" She looked at the other person present.

"I... I also choose to continue flying as planned!"

The captain took a deep breath and turned his eyes from the electronic screen of the plane. After taking a look at Li Yun, he said: "Mr. Li Yun, I believe in your skill, but Gale and a few criminals are definitely not easy to provoke. Flying to another airport, you will first see the city. The gale sitting in the economy class will immediately know our plan, because the landing place he gave me is also located in the mountains, and there is no city around!"

The captain paused and continued: "The fuselage of the plane is very strong, but it still cannot withstand the battle of two innate masters. It is very likely that the aircraft will be destroyed and killed. What's worse, we don't have so many parachutes!"

At this moment, Shan Ruqing also fell silent.

She quickly came to the conclusion and said calmly: "That is to say, only when we fly to the city airport for the next time, can we arrange special fighters to support, and the inside and outside should work together to defeat the gale, right? But if the bandits on the ground are killed, Gale knows soon again?"

Shan Ruqing looked at Li Yun, waiting for the man's answer.

Li Yun glanced at her with admiration. This cold woman is worthy of being the female president of a company with a market value of 50 billion, and she is very thoughtful in thinking about issues.

Although limited by the lack of information, there is no way to know Gale and his true strength of Li Yun.

Chapter 1260: Disorganized memory

"Continue flying towards the original target point!"

Li Yun gave instructions to the captain, who nodded and agreed to fly according to his instructions.

"Ding, the host makes a choice, rewards justice value +10000, golden gift bag*1, four medium-sized medicinal pills*3, extra reward: the ability to hide and seek is upgraded to intermediate level."

Li Yun was in a good mood. He only opened the golden gift bag last night, and today he got four more at once.

Shan Ruqing took a deep look at Li Yun, turned around and wanted to take her daughter back to the first class, but Xiao Xiao looked at Li Yun with her eyes wide open, and stopped talking.

"Let's go back."

Li Yun scratched the little girl's nose, Shan Xiaoxiao wrinkled her small nose, and asked gruffly: "Brother Hero, Mom actually wants to ask you, can you guarantee our safety?"

Shan Ruqing's expression froze, and her mood was completely broken by her daughter!

"Hahaha, don't worry, even if the Lord Yan is here, you have to respectfully ask my opinion in front of me if you want to seduce your life!"

Li Yun smiled brightly, and he didn't make much of it.

If the system is willing to reward a few more Nine Ranks Immortal Pills, even if the Lord Yan comes with the book of life and death, he will be helpless if he meets him!

The soul returns to its place, the body is recreated, and the elixir refined by the Supreme Lord, the Lord Yan dare not say anything?

Unexpectedly, the four people present showed a surprised expression.

"Brother Hero, who is Lord Yan?" Shan Xiaoxiao asked milkily, and Li Yun looked at her suspiciously. The little girl's eyes were full of doubt, not like a joke.

"Little, don't you know Lord Yan?"

"I don't know, whose name is it? It sounds amazing~"

Li Yun was surprised, then looked at Shan Ruqing, and asked, "Miss Shan, don't you know?"

"I don't know."

Shan Ruqing spit out two words coldly from her mouth.

Li Yun looked at the captain and co-pilot again, and found that they didn't know who Yan Wangye was.

"Strange, haven't they seen the fairy tale? It's impossible."

Li Yun shook his head, not considering these issues for the time being, now is not the time.

"I don't know. Forget it, it's not an important person. Keep flying."

Turning back to the first-class cabin, several hostages were very excited to see him, and whispered about the progress of the situation.

But Shan Xiaoxiao still pestered Li Yun about asking Yan Wangye.

"Huh? The Lord Yan is the greatest **** in the Yin Cao dynasty. It's so powerful. I haven't seen it before. Where did you know the hero brother?"

"None of you know?"

Seeing everyone around him shaking his head, Li Yun really felt something was wrong.

Illusion?

No, he didn't feel any traces of illusion in his spiritual mind. Besides, if the captain was affected by the use of illusion on the plane, it would not be a joke.

"Could it be that... I remembered it wrong?"

Taking a deep breath, Li Yun took out his mobile phone and searched the Internet for Lord Yan, but found nothing.

"Strange, how did the name Yan Wangye come to my mind?"

In a daze, Li Yun remembered many myths, including the Ten Temple Yama, Ksitigarbha, Jade Emperor, Thunder Father and Electric Mother, the Four Generals of the Demon Family, the God of Erlang and so on.

But when we look deeper, most of the people in these myths are missing on the Internet, as if they only exist in Li Yun's mind, and only he knows this in this world!

"Is it the knowledge the system brings me?"

Unexpectedly, Li Yun can only attribute it to the abnormality brought by the system.
