

Godly Choice 1261

Chapter 1261: Gale

Speaking of it, when he gave a fake Pluto weapon to the royal princess Alice, she just retelled the 'Pluto Hades' weapon that Li Yun told her about? ? ', but did not appear to know Hades.

Moreover, the golden short spear in Alice's hand seems to be very similar to the short spear of the legendary Western goddess of wisdom Athena, but Alice only said that she was an antique bought, which caused her to be very interested in the ancient tomb, but she herself No mention of Athena.

At that time, Li Yun didn't look into the catacombs in the depths. Looking back now, Alice, the royal princess of Country Y, did not know Hades and Athena.

While Li Yun was pondering, Divine Mind noticed an abnormality.

"Is it finally here."

Li Yun stood up. Everyone didn't know why at first, but after seeing his gaze toward the economy class, everyone's expressions changed!

"Has it been discovered?"

"The plane is still in the sky!"

"Sit down!"

Shan Ruqing scolded Li Yun anxiously, now disguised as an ordinary hostage, he can still be fooled in front of him, waiting for a suitable time to take action.

But Li Yun did not listen to her, and took a step forward, blocking the door of economy class and first class.

"You bastard!"

Shan Ruqing gritted his teeth and glared at him, but from the corner of her eyes, she saw a burly tall, icy wind appearing in her field of vision.

"Lee, Master Gale!"

Everyone only felt that the atmosphere in the first-class cabin dropped to a freezing point in an instant. They would not use the name of Master Gale, who was originally a modern person, but his life was controlled by him, and other bandits also called him that way. With this humble title.

Shan Ruqing's breathing was short, and she could feel that the gale...had been found abnormal!

The air seemed to freeze at this moment, Shan Xiaoxiao blinked, and the hero's brother stood indifferently in front of the badass gangster, without the slightest panic or nervousness, as if the winner was in hand, everything was under his control.

"It turns out that the hero brother can really fight this big villain!"

Shan Xiaoxiao had a deep fear of the gale, but now, Li Yun has stood up and sheltered her from the wind and rain, and is about to fight this big villain!

"Your name is Gale?"

Li Yun leaned against the cabin door, like a solid door, blocking all fear outside the door.

Shan Ruqing's expression of anger, fear and panic disappeared slowly.

She found that this man seemed really useful at the critical moment.

"I'm curious."

Gale did not answer his question directly, and said in a cold tone: "How did you get in?"

"Oh?" Li Yun smiled, "It seems that you have already realized my existence, how did you discover it?"

Gale didn't answer. He looked over Li Yun and looked at the little girl hiding in Shan Ruqing's arms. The latter shrank in fright, but quickly tried to make an expression that I'm not afraid of you, childish and crisp. The voice shouted: "I am not afraid of death. With a heroic brother, I can beat you as a villain!"

Li Yun laughed loudly. Although this little girl, who is a little devilish girl, showed the appearance of a very mature little genius, she was still with an eight-year-old girl.

Suddenly, a fierce wind of fists hit his face, and almost in the blink of an eye, Gale's fists had already hit Li Yun!

"boom!"

Before everyone had time to exclaim, they heard a dull crash sound, strong wind swept past, and then saw Gale's body back more than three meters.

Chapter 1262: No chance of survival

Li Yun raised his fist and smiled slightly: "Sneak attack is not a good habit. Be careful next time."

"Okay, awesome!"

Everyone exclaimed at this moment. They were able to repel Gale, the leader of these cold-blooded bandits, Li Yun's strength gave them the hope of being rescued!

And it is an unprecedented, extremely strong hope!

Looking back at Shan Xiaoxiao, Li Yun smiled at her: "Little, you don't have to blame yourself, you have to do something if you want to create opportunities. In fact, it was the last guillotine you said to let this The gangster agreed to go out, right? Gale."

"Humph!"

Gale's face was still expressionless, and the five bandits behind him stood silently, as cold as five corpses.

After looking at Li Yun's face for a long time, Gale said, "I just want to know who this little girl has communicated with, so that she is so confident that she will be saved after going out!"

"In fact it is true, isn't it?"

Li Yun replied indifferently: "Presumably you know that the hostages in front of the cave have been saved, and your people have been killed, right?"

After hearing this, everyone's eyes widened. Those people on the ground have been saved? !

Some people are beginning to regret that if they hadn't gotten on the plane, they would have been able to contact their family members now!

"Do you want to change course?"

Gale's stiff face showed a shabby smile: "Unfortunately, you have no chance. The plane is about to reach the boundary of the Ten Thousand Fas Immortal, which is the only place with a runway nearby."

"The plane doesn't have enough fuel!" Li Yun quickly realized this problem, and the expressions of everyone in the first-class cabin instantly became extremely ugly.

This immortal of ten thousand faculties is not a good person to listen to!

"Good guess."

Gale sneered, "The time for your people to do it is probably the time when I let the puppet kill the remaining hostages? Unfortunately, this time is also my choice."

Shan Ruqing's face was pale, she wanted to understand what happened.

Before leaving the cave, Gale had already decided to kill the hostages, but was concerned that the outside world might die, so the time for killing the hostages was postponed to the time when the plane was about to land.

Puppets... Judging from this name, Gale cares about the lives of these cold-blooded killers. If they die, they will die. Just leave them as puppets and use them!

"Hahaha!" Gale said with a happy expression for the first time, and laughed: "How? Do you feel desperate now? In addition, I have to tell you one thing, after the plane landed, you have no chance of surviving!"

There are as many as five adults in the cave of Ten Thousand Ways to One Immortal in the late stage of God Refining Realm alone. As long as the plane lands, the formation is enough to easily kill you! "

He has been in the six magic gates for many years, struggling to survive in the magic gates, practicing special techniques, and has long been disinterested in beauty and appetite. Only at this time can he vent his inner perverted pleasure.

Everyone is desperate again, even if there are soldiers who can block the gale, he is not a real fairy, and it is impossible to fly with a plane!

"Ignorance is your biggest mistake, but." Li Yun paused and said with a smile: "I should actually thank you for your arrogance. If it wasn't for your self-confidence to control everything, that's why the hostages came out of the cave. We really have nothing to do. Ways to save more people."

"Sharp teeth."

Gale sneered again and again, but the next moment, he saw a scene that shocked him.

Chapter 1263: Air pressure

"Swish!"

As if by magic, a bunch of backpack-like objects appeared on the open space pointed by Li Yun, and Gale could guess it even if he hadn't seen it before.

"parachute!"

In an instant, everyone's expressions became very exciting, they came from a desperate situation, turned danger into a breeze, and the feeling of ups and downs made them almost fainted happily.

"Hero brother, brother, this one!!!"

Shan Xiaoxiao was so shocked that she couldn't even speak her words completely. She knew from the performance of the magic array that there are these magical powers in the world, but it was Li Yun's turn to show it, and suddenly she took out a bunch of parachutes, or let her So shocked that he couldn't speak.

"You all put it on," Li Yun said with a smile: "put the parachute on, you can all use it? Oh, yes, captain!" Li Yun shouted to the two people in the cockpit: "Lower the plane. When we descend below two kilometers, we change the course and head to the nearest town. We will parachute at any time."

The captain has been paying attention to the situation here, and he immediately followed the instructions, and everyone on the plane immediately felt the inertial pressure from the descent.

"Good good!"

Gale gritted his teeth and looked at Li Yun: "I really can't think that you have such an artifact as Sumeru mustard seed in your hand, but hehe!" Gale's eyes fiercely looked at the ring in Li Yun's hand, "I just need to knock down the plane, ten thousand Faxian will naturally send someone to catch you!"

With that said, he actually waved his hands fiercely and patted the hard windows of the plane, ignoring his own life in the slightest!

"boom!"

The plane shook violently, and the specially made windows used on the plane were so hard that they actually blocked the first blow from the gale, only cracking like a spider's web.

But the powerful force still made the plane sway, and everyone in the first class suddenly screamed.

"calm!!!"

Li Yun stopped the crowd and said quickly: "Put on the parachute immediately, Captain, you teach them how to open the parachute while waiting, Shan Ruqing, you hold Xiao Xiao tightly and wrap it with a rope, one parachute is enough for you to use!"

At the same time, Li Yun closed the door between the two cabins.

Shan Ruqing looked at his back in disbelief until he disappeared. She still couldn't imagine a man with such courage to face the coming disaster alone!

"Mom, hurry up!"

Shan Xiaoxiao urged: "After the plane is damaged, the internal and external pressures are different, which will cause...ah!"

boom!

The plane shook violently again, and at the same time, everyone felt the surrounding air pressure suddenly change. The surrounding air was cold and bitter, and the body seemed to have a strong pressure exploding outward, as if it was about to squeeze all the internal organs. pressure!

Everyone was in a panic. Shan Xiaoxiao had difficulty breathing. She looked at the door, "Fortunately, the hero brother closed the door and slowed down the change in air pressure, otherwise we would have passed out just now!"

Everyone looked shocked, enduring strong discomfort, and put their parachutes on them.

The surrounding air is still cold and chaotic, and the air current is cut like a knife, and there are constant noises of collision between two people and the screaming sound of the air rushing into the plane!

"It will be well soon. I will drop the plane below two kilometers and the air pressure will be much better then!"

The captain was in a hurry. He wanted to control the plane and put on a parachute. He also had to worry about whether Li Yun could beat the gale outside, otherwise they would have nowhere to jump even if they had a parachute!

Fortunately, the co-pilot helped explain how to use the parachute, otherwise he would be too busy!

Chapter 1264: Air crash

"boom!"

The door Li Yun closed was not sturdy. It was only a wooden doorway to prevent economy class passengers from disturbing the first-class function. It was not a tightly sealed door that broke open after being severely kicked by a gale. Come.

The violent wind poured in, and everyone was blown hard to open their eyes. Fortunately, the plane has dropped below three kilometers. After the previous buffering, the human body has adapted to the pressure difference, and it will not be due to the sudden pressure. Poor and cause fainting.

But the plane was still flying at high altitude, and the violent airflow was still far from coming in.

"what!"

Shan Ruqing didn't have enough to eat last night. In addition to holding her daughter tightly, she couldn't hold the seat under her tightly. Her body involuntarily rushed towards the economy class. The turbulent air flow was like an invisible hand pushing her outward. Walking, the body can't stop this force at all!

"Mom!" Shan Xiaoxiao exclaimed, and Shan Ruqing's mind was blank for an instant.

"Too bad!"

The next moment, when Shan Ruqing was panicked, she ran into the back of a warm and strong man, and then heard the gentle voice of the man with a chuckle: "Why are you so careless? Go back and grab it."

Shan Ruqing's heart trembled and she couldn't help but look up. This plain-looking man stood in front of her like an immovable mountain at the moment, giving her extremely strong support.

"You... be careful!" Suddenly, Shan Ruqing saw the gangster leader attacking here again. The strong wind blew his clothes close to his body, and his hair fluttered frantically, like a devil-like horror.

As for the other five gangsters, they had long since disappeared, and they seemed to have been picked up by Li Yun. The corpses were all swept out by the air current when the windows of the plane broke open.

"I said it once, don't sneak attack."

Li Yun took a calm punch. Suddenly, Shan Ruqing felt as if a fiery flame was burning on his fist, which melted the cold air in the sky. The raging heat wave broke out, and the gale opposite was completely blocked. Unable to hold his fist, he was hit and flew, and his body retreated straight to the hole of the damaged plane. If it hadn't been pulled at the edge in time, the gale might not have fallen straight out!

"Ah, what a pity!"

Shan Xiaoxiao squinted towards the gale, with a pity in her tone.

She is now like her mother, tightly hugging the heroic brother's calf, and the mother and daughter are leaning on him so as not to be blown away by the chaotic airflow.

"Is he... he didn't pursue it for us?"

Perceiving this incident, Shan Ruqing was immediately confused. This plain-looking man stood in front of the cabin door like a pin in the sea, saving her and Xiao Xiao from the danger of being swept away by the air current.

Even the hostages in the entire first-class cabin, including the captain and the co-pilot, saw Li Yun blocking the cabin door, as if they had taken a reassurance, and their hearts were settled!

"The plane has landed below a kilometer!" the co-pilot yelled. Everyone had already put on their parachutes, just waiting to jump off the plane!

"Where is fuel?"

"I'm Cao... there are only less than two minutes left!" The captain glanced at the fuel level that was prompted, and the cold sweat suddenly shed. He had been busy doing other things just now, and he hadn't noticed the fuel level problem!

"enough!"

A confident smile appeared at the corner of Li Yun's mouth, and his body shook. After shaking Shan Ruqing's mother and daughter flowers apart, he stretched out his hand and gently pushed, and the two of them involuntarily moved back and pushed straight to the cockpit door.

"pay close attention."

Hearing the man's words, Shan Ruqing subconsciously grabbed the door behind her, and at the same time hugged her daughter tightly. Then, she saw him rushing out like a god.

Chapter 1265: Air combat

The wind was fierce, and the fierce air current poured in from the hole in the fuselage that the two had destroyed during the previous fight. Shan Ruqing had never learned martial arts, and he didn't know how the battle would be under this situation.

But just to see the broken holes, there is a kilometer high in the sky under the bright light, and there is nothing blocking it. This kind of high-altitude fear is enough to destroy the line of defense of a normal person!

Even more frightening is that the sealed iron cans that were originally placed in the fuselage rolled around in a mess. After the lid was opened, the contents were exposed.

"It turned out to be blood!"

Shan Ruqing and the others were pale, and these gangsters even carried a can of bright red blood on the plane!

If you think about it for a moment, the blood is probably still human, otherwise it won't take such a lot of trouble.

The blood stained the economy class red. People who didn't understand thought there was something terrifying here... No, could it be said that Shan Ruqing thought of a possibility that the gangsters were the hostages who killed other places. , Just collected the blood, right? !

"Yiyang Fist!"

When she was thinking about it, Li Yun had already rushed to the gale, with both fists thrown out. Shan Ruqing did not feel how violent the fist wind was, but she knew it just by seeing his red and mighty fists Extremely overbearing, completely different from the innate realm masters she had previously met by chance!

"Good job!"

Gale laughed wildly, and a feminine force exploded from his body, and he also punched out a pair of fists, touching Li Yun without evasive.

boom!

The plane shook violently, and the force erupted from the collision of the fists of both sides swept the gust of wind into the plane. Everyone actually felt the silence for a moment, and then the gust of wind blew again.

The high-speed aircraft has reached its limit, and everyone heard the final roar of the engine, and it was about to stall and crash!

This is a voice that no one has ever heard before. The captain raised his throat with a heart. Even though he knew that Li Yun was fighting, he couldn't help shouting: "Li Yun, there is no time!!"

"almost done."

In front of Li Yunshan, his fists were punched out like a violent storm. The gale was forced to flee behind the fuselage. He exclaimed angrily: "Li Yun, if I hold on for another 30 seconds, everyone behind you will die. , Wait for Master Wanfaxian to come, you will also run away..."

"Sorry, I have no time."

"what!?"

boom!

A gunshot sounded, the gale frowned slightly, and a cold snort in his heart, even with a bullet, he wanted to penetrate his protective body. Gale joined the Six Demon Sects, and followed the path of martial arts. After years of cultivation and congenital Consummation, his true energy has already been half-magical, and it is no worse than the ordinary master state.

bullet? It was just a joke in front of him!

"drink!"

With a loud shout from the gale, half-mana infuriating energy spread all over the body, instantly like a demon descending into the world, the whole body was full of evil spirits, and it was indestructible!

Ding!

With a crisp sound, the bullet hit him with a sound of gold and iron, and everyone was shocked, but Gale's expression changed in the same way.

This bullet actually broke his infuriating protection, and blasted a breath on him, as if the golden bell had a fatal trick.

"No, this kid's bullet is wrong!"

Boom boom boom!

A series of bullets sounded, and Li Yun shot calmly as he walked. The gale had no resistance at all, and he could only scream again and again.

Chapter 1266: come down

"Brother Hero is so handsome!"

Shan Xiaoxiao was trembling with excitement. She held her mother with one hand and pointed at Li Yun and said: "Mom, look at it, the heroic brother has beaten the bad guys, it's great!"

".....Um."

It's hard to describe Shan Ruqing's mood at this moment with pen and ink. The mediocre man was shooting while advancing on the badly damaged aircraft fuselage. The violent high-altitude air currents blew his hair and clothes hunting noises. Doesn't affect the man's movements at all.

"Li Yun, you!"

Only then did Shan Ruqing discover in shock that the man hadn't put on the parachute yet.

But the plane is less than two hundred meters away from the ground, and you can almost see the tall trees in the forest on the ground. There is no time to put on a parachute backpack at all!

"Me? I don't need it, hurry up, go!"

Regardless of whether a gentleman or a gentleman, Li Yun directly reached out and grabbed the collar on Shan Ruqing's chest, and threw it out with the Shan Xiaoxiao bound to her body.

"Wow, brother hero!! I'm flying!!!"

Shan Xiaoxiao screamed, only to feel that she and her mother were flying out like clouds and fog. Shan Ruqing was so embarrassed that she couldn't open her eyes because of the strong wind. In addition to the panic caused by a strong fall, she actually felt her hands sore. Ma weak, unable to pull the bolt of the parachute at all!

In an instant, Shan Ruqing felt cold all over her body.

Chapter 1267: parachute

It's no wonder that ordinary civil airliners do not prepare parachutes, unless they are fully opened automatically, otherwise it is too difficult for ordinary people to stay calm in the air!

For a moment, Shan Ruqing even felt that she might fall to the ground with her daughter and become a big piece of meatloaf.

"It's stupid!"

Accompanied by this helpless scolding sound, Shan Ruqing felt a man hug her from behind, and the masculine breath made her turn around and excited, the next moment, the pull bolt was pulled away by the man.

"Wow, so handsome! The hero is so handsome~"

Shan Xiaoxiao screamed again. It's rare for her to stay calm. She clearly saw Li Yun kick the plane with her feet, and came to the side of their mother and daughter like the wind, and then she opened the parachute. .

"Yes, sorry."

Shan Ruqing was flustered like an underage girl, with blushing cheeks, but soon thought of another thing.

Can one parachute support the weight of three people? !

Moreover, the altitude of 300 meters is very close to the ground, and the buffer time is even less!

"Li Yun, you!"

Before Shan Ruqing could respond, Li Yun had already let go of them, and his body fell to the ground like a meteor.

"you!"

Shan Ruqing's mind became blank again, why is this man so stupid? Would you rather let it go by yourself than affect them?

"Brother Hero!!!"

Shan Xiaoxiao screamed and looked hard at the falling Li Yun, but his ears heard his clear and confident laugh.

"Little, look good, I will show you a trick!"

He was just called Xiaoxiao, but Shan Ruqing still opened her eyes involuntarily, like a beautiful girl sitting on the side of the track and field, watching the handsome high school boys swaying sweat on the sports field, her complex feelings made her heart pound. Jump.

"Longming Sword Art!"

A golden brilliance lit up, resembling a dragon from Qianyuan, rising up to the sky and humming, and then the dragon flew for nine days, setting off a stormy sea.

The dazzling golden dragon shook its tail, and countless trees in the forest collapsed, shocking birds and birds.

Shan Ruqing saw that Li Yun used the power of this counter-shock to fly straight for tens of meters, and unexpectedly came right in front of her again. She also supported her thigh to make them mother. The speed of the female and the female falling is even slower!

"This.....!"

Shan Ruqing was completely stunned, even forgot to be shy, watched as the man and his daughter smiled and patted their palms before falling to the ground again.

Only this time, Shan Ruqing no longer worried about him.

This man... is ridiculously strong!

"Mom, the heroic brother is amazing, right?!"

With the help of Li Yun, the descent speed of the mother and daughter slowed down to an appropriate level. Shan Xiaoxiao's face flushed with excitement, completely unlike the cute and cute appearance in Shan Ruqing's impression.

"Well, it's really amazing."

Shan Ruqing forcibly suppressed the excitement in his heart. No matter how powerful he was, he had several girlfriends. What's up with her?

Turning his head and looking at the sky, it seems that all the hostages have opened their parachutes safely, and because they opened up high in the sky, coupled with the fact that they cannot control the landing place of the parachutes, they drift farther and farther, and they are almost invisible to the naked eye. Where did it fly?

"Mom, we're going to find the hero brother!" Shan Xiaoxiao said spoiledly.

"Uh... Mom doesn't seem to control..."

Only then did Shan Ruqing woke up, with a trace of embarrassment on her beautiful cold face. She was not good at moving, lest she touched anything, and the parachute was suddenly stowed away.

In the end, the parachute was left to drift down the wind and landed to...

Chapter 1268: Hero saves beauty

On a big tree.

When Li Yun arrived, the mother and daughter were hanging on a tree more than ten meters high. What's more, there were a group of monkeys around them, screaming at them, frightening them. It's not light.

"Ah, Brother Hero, come and save Xiaoxiao!"

After turning his head down to see Li Yun, Shan Xiaoxiao yelled happily from the top of the tree. Shan Ruqing, who was holding her, was overjoyed at first, but she soon noticed that Li Yun's eyes were not right.

"You...don't look!"

Shan Ruqing's face blushed with shame. When she was flying on the plane, she was wearing a floral dress. Although she was wearing leggings to block the most important Chunguang, Li Yun raised her head under the tree. It seemed that she was still extremely ashamed.

Especially when she is still hung on a tree and surrounded by a group of monkeys, it is the most embarrassing moment.

In an instant, Shan Ruqing only felt that her thighs were chilly, and he was ashamed by his sight.

"Uh!"

Li Yun was about to speak when the system prompt sounded.

"Ding, trigger the option event, please choose from the host:

Option 1: I can see what I want, how about it! ? Reward: evil +100, Shan Ruqing's favorability -100.

Option 2: I not only want to watch, but also..., reward: evil value +10000, Shan Ruqing's favorability degree -10000, a small probability to receive special rewards.

Choice 3: I didn't mean it. Reward: Shan Ruqing's favorability is -50, white gift bag*2, justice value +50. "

Friendship is negative ten thousand!

Li Yun confided that Shan Ruqing's favorability was the most outrageous he had ever seen. Not only did none of them have a positive favorability rating, but there were also directly negative 10,000. This was the case when he saved their mother and daughter.

So he decided to ignore the system and choose for himself!

"Ahem, how can I save you if I don't look at it?"

"Besides, you also wear leggings, what can I see?"

While talking, Li Yun jumped to the top of the tree without talking too much nonsense. He directly waved his palm knife and cut off the parachute rope, then put his arm around one and rescued them from the top of the tree.

Being hugged by him, Shan Ruqing was ashamed and angry. Her beautiful face completely lost her usual glamorous expression. She couldn't help but twist her hand on Li Yun's shoulder with anger.

Unfortunately, with her strength, she couldn't twist it at all.

"Brother Hero." Shan Xiaoxiao said suddenly: "I didn't wear leggings."

Shan Ruqing was startled, and then realized that Xiao Xiao was wearing a small skirt, and it was still a fluffy princess dress.

This sentence in the short novel, is it because you realize that there is a difference between men and women?

Li Yun almost fell, stretched out his hand and patted the little girl's head in angrily, "What's so good about you!"

"Hehe~" Shan Xiaoxiao smirked, "Does that mother's look good? Well, hero brother, do you remember what I told you before?"

Shan Ruqing blushed directly again, and she vaguely realized that her daughter had become...seems different from her usual cute and cute appearance.

"Forget it. Also, don't call me the hero brother, it feels so strange, just call me brother!"

Li Yun really had nothing to do with the naughty little girl who was a big kid.

"Then I call you Li Yun heroic brother?"

"You have to add a hero?"

"Yes, isn't it?" Shan Xiaoxiao was righteous, holding Li Yun's hand in one hand and mother's hand in the other, and said solemnly: "Brother Li Yun saved me and my mother, you are ours. The big hero, the so-called hero saves the beauty, isn't it?"

Shan Ruqing... blushed again.

Chapter 1269: You decide for yourself

"Yes, yes, you are right." Li Yun couldn't laugh or cry, rubbed her little head, presumably she wanted to be a matchmaker for her mother again.

It seems that the eight-year-old girl lacks the love of her father, so she keeps pushing him to pursue her mother.

If there is a suitable time, Shan Ruqing should be reminded to find a good man as soon as possible, so as to avoid Shan Xiaoxiao's lack of education due to lack of paternal love.

Shan Xiaoxiao's talent is amazing, memory, decision-making ability, and hearing and vision, etc., are very prominent. If you train well, you will have unlimited future achievements.

"Ding, the host makes an independent choice, Shan Ruqing's favorability degree is -50, white gift bag*2, justice value +50, additional rewards: Shan Ruqing favorability degree -30, Shan Xiaoxiao favorability degree rises again, it is recommended that the host interact with She has a good relationship and will get a female president with amazing IQ to help manage the company in the future!

Li Yun's face was weird, Shan Xiaoxiao, a genius girl who even looked good at the system, was really not easy.

It's just that Shan Xiaoxiao is only so old now. It will take at least 15 years before she graduates from university if she wants to become a female president. God knows what will become in fifteen years, and the system prompts are useless.

After a while, the atmosphere suddenly cooled down.

"Li Yun, what should we do now? Wait?" Shan Ruqing recovered her calm, the blushing expression on her face faded, and she changed back to the glamorous female president.

Shan Xiaoxiao felt that it was a pity that her mother rarely showed her young daughter's attitude in front of a man. If Li Yun took the initiative, he might soon be able to embrace the beauty.

After all, although her mother said that she didn't want a man, she had been longing for someone to comfort her long-wounded heart.

"Let me see."

Li Yun took out his mobile phone and checked that there was no signal. After leaping to the top of the tree, he barely obtained a trace of the signal and obtained his position from the map.

"Dachuan Mountains, fifty kilometers away from the nearest village."

"Fifty kilometers!!!"

Shan Ruqing furrowed her eyebrows deeply. Even walking fifty kilometers on the road is not easy, let alone in such deep mountains and old forests.

She looked around. There were tall trees and fallen leaves under her feet. She was still wearing high heels and couldn't walk fifty kilometers anyway.

No, even with shoes, wanting to be fifty kilometers in the forest is wishful thinking.

In other words, the only thing I can rely on right now is the man in front of me!

"call."

Taking a deep breath, Shan Ruqing turned her head slightly and stopped looking at him, saying, "You decide for yourself."

She and Xiao Xiao An are tied to the hands of outsiders again, but this time she did not have much resistance, as if subconsciously thinking that as long as the ordinary man in front of them is there, she and Xiao Xiao will be able to safely return to human society. middle!

Inexplicably, Shan Ruqing had a complex emotion. She and Xiaoxiao, at least had to stay with this man in this virgin forest... for most of the day, they even had to spend the night here.

Despite the location information, it is not so simple for the search and rescue team to find the humble parachute in the vast forest. One day and one night can be regarded as a relatively fast speed.

"Why don't I feel painful, but..."

Shan Ruqing realized this in a daze, her heart tightened abruptly, and she quickly let go.

She will never make the same mistake again!

Men are untrustworthy guys, it is enough for her to have a daughter by her side now, no man is needed!

Chapter 1270: Very handsome

"I'll call you back, you are waiting on the ground."

Li Yun said, leaving them mother and daughter on the ground, again performing light work to the top of the tree.

After he left, Shan Xiaoxiao murmured a little, and got close to his mother, a little worried that something beast suddenly appeared around him.

Shan Ruqing also felt a little scared. Li Yun didn't even feel that when he was by his side, once he was gone, the surrounding dense forest suddenly became dangerous, always worried about some monsters rushing out.

But she had to comfort her daughter.

"Don't be afraid, my mother will protect you!"

"Hee hee~" Shan Xiaoxiao snickered, "I don't need her mother to protect him. Brother Li Yun is here. Mom, right?"

"Uh....."

Shan Ruqing feels like a failure!

"Mom." Shan Xiaoxiao started her efforts again, "Do you know? Brother Li Yun is actually very handsome and very handsome. Those uncles of rescue workers who were in front of the cave last night, do you remember my mother? Brother Li Yun is that The youngest and most handsome one!"

"It turned out to be him..." He was indeed handsome.

"Yeah, I have been talking with brother Li Yun for a long time~, brother Li Yun is a good man, he is handsome, he is not married yet!"

"Huh? Talking for a long time?"

"Hehe, I talked in a secret way, Morse Code~"

Shan Xiaoxiao decided to expose her talent in front of her mother. In fact, she prefers to be her mother's stupid daughter. She acts like a baby and makes her happy every day, so as not to make her feel so painful.

But she also knew that the best way to get her mother out of the shadows was to find a new relationship for her.

Shan Xiaoxiao used to think that men were unreliable, but after meeting Li Yun, she felt that Li Yun was the only person in the world who could make her mother and her happy.

Therefore, she must let her mother and brother Li Yun fall in love!

"Mom, Brother Li Yun knows a lot, he..."

"These... I'll talk about it later."

Guessing her daughter's feelings, Shan Ruqing couldn't answer, so she could only go over it vaguely.

If someone else said these things to her, she would never show her a good face, but Xiaoxiao was the most important daughter in her life, and Shan Ruqing couldn't be angry with her.

Li Yun...?

Although she refused to answer verbally, Shan Ruqing couldn't help but think about it seriously, but then she thought of her daughter saying that he already had a few confidantes around him, let her defeat those women?

Shan Ruqing immediately denied these thoughts.

How could her Shan Ruqing do such a low-level jealousy thing!

Even when she was in high school, she would not do this to the man back then!

"Xiao Ming, everything goes well with you guys?"

Li Yun called and asked about the situation in front of Shangguan Mingshan Cave.

"I was attacked by the gangsters dying, and a few died unexpectedly, everything else is fine!"

Shangguanming's tone was relaxed, and he didn't feel much guilt when he mentioned the hostage who died accidentally.

Li Yun thought to himself that this should be due to the fact that he has experienced too many deaths. In such a special crisis event, human lives can only be a cold number.

They have tried their best, that's enough.

"Where is your side?" Shangguan smiled: "I heard your tone relaxed, is it done?"

".....Hard to say."

Li Yun briefly talked about the situation, Shangguan Ming heard it yelling, "I*! You also played skydiving with the hostages, really awesome! Okay, I asked General Xia to send someone to find you, you stay here Don't move around the parachute, you can always find it for a day or two."
